This Lease is subject to all liens, encumbrances, parking and access easements, restrictions, covenants, and all other matters of record, the Rules and Regulations described in Article 14 and the Parking Rules and Regulations described in Article 6 . Tenant and Tenant's agents, contractors, customers, directors, employees, invitees, and officers (collectively, the " Tenant's Permittees "1 have a non-exclusive privilege and license, during the Lease Term, to use the non-restricted Common Areas in common with all other authorized users thereof.

2.2 For purposes of this Lease, the following terms have the definitions set forth below:

(a) " Automobile Parking Areas " means all areas designated for automobile parking upon the Land. Automobile Parking Areas are Common Areas, but certain parking areas are restricted. (See Parking Rules & Regulations).

(b) " Common Areas " means those areas within the Building and Land not leased to any tenant and which are intended by Landlord to be available for the use, benefit, and enjoyment of all occupants of the Building.

(c) " Interior Common Facilities " means lobbies, corridors, hallways, elevator foyers, restrooms, mail rooms, mechanical and electrical rooms, janitor closets, and other similar facilities used by tenants or for the benefit of tenants on a non-exclusive basis. Access to certain Interior Common Facilities is restricted.

(d) " Project " means the building located at 8501 North Scottsdale Road, Scottsdale, Arizona 85258 and the parcel(s) of land containing said buildings, all known collectively as Gainey Center II.

(e) " Load Factor " means the quotient of the Rentable Square Footage of the Building divided by the aggregate Usable Square Footage of all premises and occupiable space in the Building, and is subject to change from time to time, provided that such change shall be in accordance with BOMA standards (Z65.1 (1996)).

(f) " Rentable Square Footage " means (1) with respect to the Building, the sum of the total area of all floors in the Building (including Interior Common Facilities but excluding stairs, elevator shafts, vertical shafts, parking areas and exterior balconies), computed by measuring to the exterior surface of permanent outside walls; and (2) with respect to the Premises, the Usable Square Footage of the Premises multiplied by the Load Factor, in accordance with BOMA standards (Z65.1 (1996)).

(g) " Usable Square Footage " means the area of the Premises (or other space occupiable by tenants as the case may be) computed by measuring to the exterior surface of permanent outside walls, to the midpoint of corridor and demising walls and to the Tenant side of permanent interior walls and Interior Common Facilities walls (other than corridor walls), in accordance with BOMA standards (Z65.1 (1996)).

ARTICLE 3. TERM

The term of this Lease and the Commencement Date shall be as specified in Section 1.1 . If there are delays in Landlord's delivery of the Premises to Tenant, which delays are not caused solely by Tenant, and/or if Landlord has not achieved Substantial Completion of the Work on or before the scheduled Commencement Date, Landlord shall not be deemed in default of the Lease, and the parties agree to amend the Commencement Date and Rent (as defined herein) schedule, accordingly. If Landlord has not achieved Substantial Completion of the Work within 60 days after the scheduled Commencement Date, Tenant's sole remedies shall be to either enter into a mutually acceptable revision of the appropriate terms of this Lease with Landlord, or to cancel this Lease with ten (10) days written notice to Landlord, in which event Landlord and Tenant shall have no further rights or obligations under this Lease, except for any duties and obligations that survive a termination of this Lease and except that Landlord shall promptly return any security deposit and pre-paid, unearned rent to Tenant. Notwithstanding the foregoing, if said delays are caused solely by Tenant, then this Lease, and all of the obligations therein, shall commence on the scheduled Commencement Date. By occupying the Premises, Tenant shall be deemed to have accepted the Premises in their condition as of the date of such occupancy, subject to the performance of punch-list items that remain to be performed by Landlord, if any. Prior to occupying the Premises, Tenant shall execute and deliver to Landlord a letter substantially in the form of Exhibit E hereto confirming: (1) the Commencement Date (as defined in the Basic Lease Information) and the expiration date of the initial Term (as defined in the Basic Lease Information); (2) that Tenant has accepted the Premises; and (3) that Landlord has performed all of its obligations with respect to the Premises (except for punch-list items specified in such letter); however, the failure of the parties to execute such letter shall not defer the Commencement Date or otherwise invalidate this Lease. Tenant's failure to execute such document within ten (10) days of receipt thereof from Landlord shall be a default by Tenant under this Lease and shall be deemed Tenant's agreement to the contents of such document.

Tenant shall have the right to enter the Premises (only after Landlord confirms to Tenant in writing that the Work has progressed to the point of allowing Tenant to enter the Premises) prior to the Commencement Date (" Early Occupancy ") to take reasonable preparatory measures for its occupancy of the Premises, including, without limitation, the installation of its trade fixtures, furnishings, and telephone and computer equipment, so long as Tenant's preparatory measures do not interfere with the Work. Such Early Occupancy shall be subject to all of the provisions of this Lease, except for the payment of Minimum Monthly Rent and other Rent.

Tenant shall have the right to extend the Lease Term in accordance with the terms and conditions set forth on Exhibit G attached hereto and by this reference made a part hereof.

ARTICLE 4. MINIMUM MONTHLY RENT

Tenant shall pay to Landlord, without deduction, setoff, prior notice, or demand, the Minimum Monthly Rent, payable in advance on the first day of each calendar month during the Lease Term. If the Lease Term commences on a date other than the first day of a calendar month, the Minimum Monthly Rent for that month shall be prorated on a per diem basis and be paid to Landlord on or before the Commencement Date.

ARTICLE 5. ADDITIONAL RENT/EXPENSE STOP

Tenant shall pay as additional rent each year the amount, if any, by which the Tenant's Share of Operating Costs during each Operating Year of the Lease Term exceeds the Base Share. For purposes of this lease, " Base Share " means an amount equal to the product of the Rentable Square Footage of the Premises multiplied by the Expense Stop, and " Tenant Share " means an amount equal to the product of the Rentable Square Footage of the Premises multiplied by the actual per square foot Operations Costs during the applicable Operating Year of the Lease Term. If the Lease Term begins or ends anytime other than the first or last day of an Operating Year, Operating Costs and the Tenant's Share thereof shall be prorated. Prior to the end of each Operating Year, Landlord shall provide Tenant with a written statement of Landlord's estimate of Operating Costs and Tenant's Estimated Share for the next succeeding Operating Year. If the Estimated Share exceeds the Tenant's Base Share, Tenant shall pay Landlord, concurrently with each payment of the Minimum Monthly Rent for the next Operating Year, an amount equal to one-twelfth (1/12) of the amount by which the Estimated Share exceeds the Base Share. Landlord may, at any time, reasonably revise the Estimated Share and adjust the required monthly payment accordingly. Within ninety (90) days after the end of each Operating Year, or as soon thereafter as reasonably possible, Landlord shall provide Tenant with a statement (the "Statement") showing Tenant's Share of the actual Operating Costs for the preceding Operating Year (the " Actual Share "). If the Actual Share exceeds the Estimated Share paid by Tenant during that Operating Year, Tenant shall pay the excess at the time the next succeeding payment of Minimum Monthly Rent is payable (or within ten (10) days if the lease term has expired or been terminated). If the Actual Share is less than the Estimated Share paid by Tenant, Landlord shall apply such excess to payments next falling due under this Article (or refund the same to Tenant or credit amounts due from Tenant if the Lease Term has expired or been terminated). In the event the Building is not fully occupied during any Operating Year, an adjustment shall be made by Landlord in calculating the Operating Costs for such Operating Year so that the Operating Costs shall be adjusted to the amount that would have been incurred had the Building been fully occupied during such Operating Year. For purposes of this Lease (a) subject to the limitations set forth below, " Operating Costs " means and includes all costs of management, maintenance, and operation of the Project, including but not limited to the costs of cleaning, repairs, utilities, air conditioning, heating, plumbing, elevator, parking, landscaping, insurance, property taxes and special assessments, and all other costs which can properly be considered operating expenses but excluding costs of property additions, alterations for tenants, leasing commissions, advertising, depreciation, interest, income taxes and administrative costs not specifically incurred in the management, maintenance and operation of the Project; and (b) " Operating Year " means a year beginning January 1 and ending December 31. Tenants with leases expiring or terminating prior to the end of the Operating Year shall be responsible for their portion of Operating Costs above Tenant's Base Share based on Landlord's estimate of Operating Costs.

Notwithstanding anything to the contrary contained in this Lease, the following shall not be included within Operating Costs:

Leasing commissions, attorneys' fees, costs, disbursements, and other expenses incurred in connection with negotiations or disputes with tenants, or in connection with leasing, renovating, or improving space for tenants or other occupants or prospective tenants or other occupants of the Building.

Expenses relating to services or other benefits of a type that are not provided to Tenant, but which are provided to another tenant or occupant of the Building.

The cost of any service sold to any tenant (including Tenant) or other occupant for which Landlord is entitled to be reimbursed as an additional charge or rental over and above the basic rent and escalations payable under the lease with that tenant.

Costs of a capital nature, including but not limited to capital improvements and alterations, capital repairs, capital equipment, and capital tools as determined in accordance with generally accepted accounting principles, beyond the amortized portion thereof for the then current period.

Costs incurred due to Landlord's violation of any terms or conditions of this Lease or any other lease relating to the Building.

Overhead profit increments paid to Landlord's subsidiaries or affiliates for management or other services on or to the building or for supplies or other materials to the extent that the cost of the services, supplies, or materials exceeds the cost that would have been paid had the services, supplies, or materials been provided by unaffiliated parties on a competitive basis.

All interest, loan fees, and other carrying costs related to any mortgage or deed of trust, and all rental and other payable due under any ground or underlying lease.

Any compensation paid to clerks, attendants, or other persons in commercial concessions operated by Landlord.

Any costs, fines, or penalties incurred due to violations by Landlord of any governmental rule or authority, this Lease or any other lease in the Building, or due to Landlord's gross negligence or willful misconduct.

Extraordinary costs for sculpture, paintings, or other objects of art (nor insurance thereon or extraordinary security in connection therewith).

Any other expense that under generally accepted accounting principles and practice consistently applied would not be considered a normal maintenance or operating expense.

Within ninety (90) days after receipt of the Statement, Tenant shall have the right to audit at Landlord's office, at Tenant's expense, Landlord's accounts and records relating to Operating Costs. Such audit shall be conducted by a certified public accountant approved by Landlord, which approval shall not be unreasonably withheld. If such audit reveals that Landlord has overcharged Tenant, the amount overcharged shall be paid to Tenant within thirty (30) days after the audit is concluded. In addition, if the Statement exceeds the actual Operating Costs which should have been charged to Tenant by more than five percent (5%), the reasonable cost of the audit shall be paid by Landlord.

ARTICLE 6. PARKING

Nothing contained herein shall be deemed to create liability upon Landlord for any damage to motor vehicles of Tenant's Permittees, or from loss of property from within such motor vehicles while parked in the Automobile Parking Areas. Subject to Section 14.2 hereof, Landlord has the right to establish and to enforce against all users of the Automobile Parking Areas, reasonable rules and regulations (the " Parking Rules and Regulations "). Landlord shall assign and identify Reserved Parking Spaces. Landlord will not police nor be responsible for any vehicle parked in Tenant's reserved parking space.

ARTICLE 7. RENT TAX AND PERSONAL PROPERTY TAXES

Tenant shall pay to Landlord, in addition to, and simultaneously with, any other amounts payable to Landlord under this Lease, a sum equal to the aggregate of any municipal, county, state, or federal excise, sales, use, or transaction privilege taxes now or hereafter legally levied or imposed against, or on account of, any amounts payable under this Lease by Tenant or the receipt thereof by Landlord (collectively, " Rent Tax "). Tenant shall pay, prior to delinquency, all taxes levied upon fixtures, furnishings, equipment, and personal property placed on the Premises by Tenant.

ARTICLE 8. PAYMENT OF RENT/LATE CHARGES/INTEREST ON PAST-DUE OBLIGATIONS

Tenant shall pay the rent and all other charges specified in this Lease to Landlord at the address set forth on Section 1.1 of this Lease, or to another person and at another address as Landlord from time to time designates in writing. All monetary obligations of Tenant, including Minimum Monthly Rent, additional rent, or other charges payable by Tenant to Landlord under the terms of this Lease shall be deemed " Rent ", and any Rent not received within ten (10) days after the due date (the " Delinquency Date ") thereof shall automatically (and without notice) incur a late charge of five percent (5%) of the delinquent amount. Except as otherwise provided herein, any Rent due to Landlord not paid when due shall bear interest, from the date due, at the maximum rate then allowable by law or judgments. Payment of such interest shall in no way excuse or cure any default by Tenant under this Lease; provided, however, that interest shall not be payable on late charges incurred by Tenant nor on any amounts upon which late charges are paid by Tenant.

ARTICLE 9. SECURITY DEPOSIT

Tenant shall, upon execution of this Lease, deposit with Landlord such Security Deposit, as security for the performance of terms and provisions of this Lease by Tenant, which shall be returned to Tenant within 10 days after the termination of the Lease if it has discharged its obligations to Landlord in full. The Security Deposit shall not be used to pay the last month's lease payment.

ARTICLE 10. CONSTRUCTION OF THE PREMISES

Except as otherwise set forth on Exhibit D , if any, attached hereto, Landlord shall have no obligations to construct Tenant's leasehold improvements or make any alterations to the Premises. Prior to the Commencement Date, any work performed by Tenant or any fixtures or personal property moved onto the Premises shall be at Tenant's own risk, Tenant's entry onto the Premises shall be subject to all provisions of the Lease (other than payment of Rent) and neither Landlord nor Landlord's agents or contractors shall be responsible to Tenant for damage or destruction of Tenant's property. TENANT ACKNOWLEDGES THAT NEITHER LANDLORD NOR ANY MEMBER, MANAGER, AGENT, OFFICER, DIRECTOR, EMPLOYEE OR REPRESENTATIVE OF LANDLORD HAS MADE ANY STATEMENT, PROMISE, WARRANTY OR REPRESENTATION, AND LANDLORD HEREBY DISCLAIMS ANY SUCH STATEMENT, PROMISE, WARRANTY OR REPRESENTATION REGARDING THE PREMISES, INCLUDING WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, ANY STATEMENT OR REPRESENTATION AS TO THE EXISTENCE OR AVAILABILITY OF PERMITS OR APPROVALS, THE PHYSICAL NATURE OR CONDITION OF THE PREMISES, SOIL AND SUBSOIL CONDITIONS, SURFACE WATER, UNDERGROUND WATER, THE PREMISES' FEASIBILITY FOR ANY PARTICULAR PURPOSE, DEVELOPMENT, USE, IMPROVEMENT OR OPERATION, THE VALUE, CONDITION OF OR COMPLIANCE BY THE PREMISES WITH APPLICABLE LAWS, OR ANY OTHER MATTER OR THING AFFECTING OR RELATED TO THE PREMISES OR ANY FUTURE USE, IMPLEMENTATION, DEVELOPMENT, ENJOYMENT OR OPERATION THEREOF. TENANT AGREES THAT TENANT, IN EXECUTING, DELIVERING AND/OR PERFORMING THIS LEASE, HAS INSPECTED THE PREMISES, THE CONDITION OF THE PREMISES AND THE PROJECT AND HAS NOT AND DOES NOT RELY UPON, AND THAT LANDLORD DISCLAIMS AND IS NOT LIABLE OR BOUND IN ANY MANNER BY, ANY EXPRESS OR IMPLIED WARRANTY (INCLUDING ANY WARRANTY AS TO THE PREMISES' FITNESS FOR A PARTICULAR USE OR PURPOSE), GUARANTY, PROMISE, STATEMENT, REPRESENTATION, ASSURANCE, PROPOSAL OR INFORMATION PERTAINING TO THE PREMISES OR THE PREMISES' ZONING, POTENTIAL USE OR DEVELOPMENT, MADE OR FURNISHED BY LANDLORD OR ANY MEMBER, MANAGER, AGENT, EMPLOYEE OR OTHER PERSON REPRESENTING OR PURPORTING TO REPRESENT LANDLORD, WHETHER MADE OR GIVEN DIRECTLY OR INDIRECTLY, VERBALLY OR IN WRITING. TENANT ACCEPTS THE PREMISES IN ITS "AS IS" CONDITION "WITH ALL DEFECTS AND FAULTS" EXCEPT AS OTHERWISE SPECIFICALLY PROVIDED IN THIS LEASE.

ARTICLE 11. ALTERATIONS

After completion of Landlord's construction obligations under Article 10 , Tenant shall not make or cause to be made any further additions, alterations, improvements, Utility Installations or repairs in, on or about the Premises, the Building or the Project without the prior written reasonable consent of Landlord. As used in this Article, the term " Utility Installation " shall mean power panels, electrical distribution systems, lighting fixtures, air conditioning, plumbing, and telephone and telecommunication wiring and equipment. At the expiration of the term, Landlord may require the removal of any and all of said additions, alterations, improvements or Utility Installations, and the restoration of the Premises, Building and Project to their prior condition, at Tenant's expense. Should Landlord permit Tenant to make its own additions, alterations, improvements or Utility Installations, Tenant may only use such contractor as has been expressly reasonably approved by Landlord, and Landlord may require Tenant to provide Landlord, at Tenant's sole cost and expense, a lien and completion bond in an amount equal to one and one-half times the estimated cost of such improvements, to insure Landlord against any liability for mechanic's and materialmen's liens and to insure completion of the work. Should Tenant make any additions, alterations, improvements or Utility Installations without the prior approval of Landlord, or use a contractor not expressly approved by Landlord, Landlord may, at any time during the Lease Term, require that Tenant remove any part or all of the same. All additions, alterations, improvements and Utility Installations (whether or not such Utility Installations constitute trade fixtures of Tenant), which may be made to the Premises by Tenant, including but not limited to, floor coverings, panelings, doors, drapes, built-ins, moldings, sound attenuation, and lighting and telephone or communication systems, conduit, wiring and outlets, shall be made and done in a good and workmanlike manner and of good and sufficient quality and materials and shall be the property of Landlord and remain upon and be surrendered with the Premises at the expiration of the Lease Term, unless Landlord requires their removal as described above. Notwithstanding the provisions of this Article, Tenant's personal property and equipment, other than that which is affixed to the Premises so that it cannot be removed without material damage to the Premises or Building or Project, and other than Utility Installations, shall remain the property of Tenant and may be removed by Tenant as provided herein. Tenant shall provide Landlord with as-built plans and specifications for any additions, alterations, improvements or Utility Installations.

ARTICLE 12. PERSONAL PROPERTY/SURRENDER OF PREMISES

All personal property located in the Premises shall remain the property of Tenant and may be removed by Tenant not later than the Expiration Date or the earlier termination of the Lease Term. Tenant shall promptly repair, at its own expense, any damage resulting from such removal. All cabinetry, built-in appliances, wall coverings, floor coverings, window coverings, electrical fixtures, plumbing fixtures, conduits, lighting, and other special fixtures that may be placed upon, installed in, or attached to the Premises by Tenant shall, at the termination of this Lease be the property of Landlord unless Landlord requires its removal as set forth in Article 11. At the Expiration Date or upon the earlier termination of the Lease Term, Tenant shall surrender the Premises in good condition, reasonable wear and tear excepted, and shall deliver all keys to Landlord. Tenant shall not be required to remove any of the initial tenant improvements constructed by Landlord.

ARTICLE 13. LIENS

Tenant shall keep the Premises, Building, and the Project free from any liens arising out of work performed, material furnished, or obligations incurred due to the actions of Tenant or Tenant's Permittees or the failure of Tenant to comply with any law. In the event any such lien does attach against the Premises, Building, or Project, and Tenant does not discharge the lien or post bond (which under law would prevent foreclosure or execution under the lien) within ten (10) days after demand by Landlord, such event shall be a default by Tenant under this Lease and, in addition to Landlord's other rights and remedies, Landlord may take any action necessary to discharge the lien at Tenant's expense.

ARTICLE 14. USE OF PREMISES/RULES AND REGULATIONS

14.1 Without the prior approval of Landlord, Tenant shall not use the Premises for any use other than for general business office purposes (the " Permitted Use ") and Tenant agrees that it will use the Premises in such manner as to not interfere with or infringe on the rights of other tenants in the Building or Project. Tenant agrees to comply with all applicable laws, ordinances and regulations in connection with its use of the Premises, agrees to keep the Premises in a clean and sanitary condition, and agrees not to perform any act in the Building which would increase any insurance premiums related to the Building or Project or would cause the cancellation of any insurance policies related to the Building or Project. Tenant shall not use, generate, manufacture, store, or dispose of, in, under, or about the Premises, the Building, the or the Project or transport to or from the Premises, the Building, the or the Project, any Hazardous Materials. For purposes of this Lease, " Hazardous Materials " includes, but is not limited to: (i) flammable, explosive, or radioactive materials, hazardous wastes, toxic substances, or related materials; (ii) all substances defined as "hazardous substances," "hazardous materials," "toxic substances," or "hazardous chemical substances or mixtures" in the Comprehensive Environmental Response Compensation and Liability Act of 1980, as amended, 42 U.S.C. § 9601, et seq., as amended by Superfund Amendments and Re-authorization Act of 1986; the Hazardous Materials Transportation Act, 49 U.S.C. § 1901, et seq.; the Resource Conservation and Recovery Act, 42 U.S.C. § 6901, et seq.; the Toxic Substances Control Act, 15 U.S.C. § 2601, et seq.; (iii) those substances listed in the United States Department of Transportation Table (49 CFR 172.10 and amendments thereto) or by the Environmental Protection Agency (or any successor agent) as hazardous substances (40 CFR Part 302 and amendments thereto); (iv) any material, waste, or substance which is (A) petroleum, (B) asbestos, (C) polychlorinated biphenyl's, (D) designated as a "hazardous substance" pursuant to § 311 of the Clean Water Act, 33 U.S.C. S 1251 et seq. (33 U.S.C. § 1321) or listed pursuant to the Clean Water Act (33 U.S.C. § 1317); (E) flammable explosives; or (F) radioactive materials; and (v) all substances defined as "hazardous wastes" in Arizona Revised Statutes § 36-3501 (16).

14.2 Tenant shall comply with the rules and regulations of the Building which are attached hereto as Exhibit B . Landlord may, from time to time, change such rules and regulations for the safety, care, or cleanliness of the Building and related facilities, provided that such changes are applicable to all tenants of the Building, will not unreasonably interfere with Tenant's use of the Premises and are enforced by Landlord in a non-discriminatory manner. Tenant shall be responsible for the compliance with such rules and regulations by any assignees claiming by, through, or under Tenant; any subtenants claiming by, through, or under Tenant; and any of their respective agents, contractors, employees, and invitees. Notwithstanding anything contained in this Lease, if any rule or regulation is in conflict with any term, covenant or condition of this Lease, this Lease shall prevail. In addition, no such rule or regulation, or any subsequent amendment thereto adopted by Landlord, shall in any way alter, reduce or adversely affect any of Tenant's rights or enlarge Tenant's obligations in any material respect under this Lease, unless the same is required by applicable law. Following a written request from Tenant, Landlord shall use commercially reasonable efforts to enforce the rules and regulations against other tenants of the Building who are in violation of such rules and regulations.

ARTICLE 15. RIGHTS RESERVED BY LANDLORD

In addition to all other rights, Landlord has the following rights, exercisable without notice to Tenant and without effecting an eviction, constructive or actual, and without giving right to any claim for set off or abatement of rent: (a) to decorate and to make repairs, alterations, additions, changes, or improvements in and about the Building during Building Hours (b) to approve the weight, size, and location of heavy objects in and about the Premises and the Building, and to require all such items to be moved into and out of the Building and Premises in such manner as Landlord shall direct in writing; (c) to prohibit the placing of vending machines in or about the Premises without the prior written consent of Landlord; (d) to take all such reasonable measures for the security of the Building and its occupants (provided that Landlord shall have no obligation to provide any such security unless required by law); and (e) to temporarily block off parking spaces for maintenance or construction purposes.

ARTICLE 16. QUIET ENJOYMENT

Landlord agrees that, provided no uncured default by Tenant has occurred, Landlord will do nothing that will prevent Tenant from quietly enjoying and occupying the Premises during the Lease Term.

ARTICLE 17. MAINTENANCE AND REPAIR

17.1 Landlord shall, subject to reimbursement for Operating Costs by Tenant, keep and maintain in good repair and working order, subject to reasonable wear and tear: (1) structural elements of the Building; (2) standard mechanical (including HVAC), electrical, plumbing and fire/life safety systems serving the Building generally, together with air filters provided by Landlord for the HVAC serving the Premises, if any and standard light fixtures provided by Landlord to the Premises, if any; (3) Common Areas; (4) the roof (structure and membrane) of the Building; (5) exterior windows of the Building; and (6) elevators serving the Building, reasonable wear and tear excepted. Tenant waives all rights to make repairs at the expense of Landlord. If Landlord would be required to perform any maintenance or make any repairs because of: (a) modifications to the roof, walls, foundation, and floor of the Building from that set forth in Landlord's plans and specifications which are required by Tenant's design for improvements, alterations and additions; (b) installation of Tenant's improvements, fixtures, or equipment; (c) a negligent or wrongful act of Tenant or Tenant's Permittees; or, (d) Tenant's failure to perform any of Tenant's obligations under this Lease, Landlord may perform the maintenance or repairs and Tenant shall pay Landlord the cost thereof.

17.2 Tenant agrees to: (a) repair or replace all ceiling and wall finishes (including painting) and floor or window coverings which require repair or replacement during the Lease Term beyond ordinary wear and tear, at Tenant's sole cost; and (b), at Tenant's sole cost, maintain and repair interior partitions; doors; electronic, phone and data cabling and related equipment that is installed by or for the benefit of Tenant and located in the Premises or other portions of the Building or Project; supplemental air conditioning units, private showers and kitchens, including hot water heaters, plumbing, dishwashers, ice machines and similar facilities serving Tenant exclusively; phone rooms used exclusively by Tenant; alterations performed by contractors retained by or on behalf of Tenant; and all of Tenant's furnishings, trade fixtures, equipment and inventory. Notwithstanding anything to the contrary in this Lease, Tenant's obligation to repair or maintain the Premises shall not include the making of any capital repairs or improvements unless, and to the extent, required due to Tenant's negligence or willful misconduct.

17.3 Notwithstanding anything in this Lease to the contrary, to the extent the terms and provisions of Article 22 conflict with, or are inconsistent with, the terms and provisions of this Article 17 , the terms and provisions of Article 22 shall control. Tenant shall take all reasonable precautions to insure that the Premises are not subjected to excessive wear and tear, i.e. chair pads should be utilized by Tenant to protect carpeting. Tenant shall be responsible for touch-up painting in the Premises throughout the Lease Term.

ARTICLE 18. UTILITIES AND JANITORIAL SERVICES

Landlord agrees to furnish to the Premises during normal Building Hours as defined in Section 1.1 (the " Building Hours "), and subject to the Rules and Regulations, electricity suitable for general use of the Premises, heat and air conditioning required in Landlord's judgment for normal use and occupation of the Premises, and during such hours as determined by Landlord, janitorial services for the Premises and Common Areas. Landlord further agrees to furnish hot and cold water to those areas provided for general use of all tenants in the Building. Landlord will use diligent efforts to provide continuous elevator service for the Building. If Tenant shall require electric current, water, heating, cooling, or air which will result in excess consumption of such utilities or services, Tenant shall first obtain the written consent of Landlord to the use thereof. If, in Landlord's reasonable discretion, Tenant consumes any utilities or services in excess of the normal consumption of such utilities and services for general office use, Tenant agrees to pay Landlord for the cost of such excess consumption of utilities or services, upon receipt of a statement of such costs from Landlord, at the same time as payment of the Minimum Monthly Rent is made. Landlord shall have the right to install separate electrical meters, at Landlord's expense, to measure excess consumption or establish another basis for determining the amount of excess consumption of electrical current. Further, Landlord shall have the right to install electronic HVAC over-time hour meters for Tenant's convenience. These meters shall be used, in part, by Landlord to determine Tenant's excess HVAC consumption for purposes of billing Tenant for such excess charges. If Tenant desires HVAC at a time other than Building Hours: (i) Landlord shall supply such after-hours HVAC to Tenant at such hourly costs to Tenant as Landlord shall from time to time reasonably establish (and the current rate, as of the date of this Lease, is $8.00 per hour per zone of after-hours' usage, subject to reasonable adjustments established by Landlord from time to time); and (ii) Tenant shall pay such cost within ten (10) days after billing. Landlord shall not be liable for damages nor shall rent or other charges abate in the event of any failure or interruption of any utility or service supplied to the Premises, Building or Project by a regulated utility or municipality, or any failure of a Building system supplying any such service to the Premises (provided Landlord uses diligent efforts to repair or restore the same) and no such failure or interruption shall entitle Tenant to abate rent or terminate this Lease. Notwithstanding the foregoing, if (x) any interruption or cessation of utilities results from Landlord's breach of this Lease or the gross negligence or willful misconduct of Landlord, or its employees, agents and contractors, or (y) any such interruption is covered by any rent loss insurance maintained by Landlord, then if the Premises are not usable by Tenant for the conduct of Tenant's business as a result such interruption, and Tenant does not use the Premises, Minimum Monthly Rent and applicable Operating Costs not actually incurred up to that point by Tenant shall be abated for the period that commences three (3) business days after the date Tenant gives to Landlord notice of such interruption until such utilities are restored.

ARTICLE 19. ENTRY AND INSPECTION

Upon 24 hours prior notice to Tenant (except in emergencies and except during the last 6 months of the Lease Term), Landlord shall have the right to enter into the Premises at reasonable times for the purpose of inspecting the Premises and reserves the right, during the last three months of the term of the Lease, to show the Premises at reasonable times to prospective tenants. Landlord shall be permitted to take any action under this Article without causing any abatement of rent or liability to Tenant for any loss of occupation or quiet enjoyment of the Premises, nor shall such action by Landlord be deemed an actual or constructive eviction.

ARTICLE 20. ACCEPTANCE OF THE PREMISES/LIABILITY INSURANCE

20.1 All personal property and fixtures belonging to Tenant shall be placed and remain on the Premises at Tenant's sole risk. Upon taking possession of the Premises and thereafter during the Lease Term, the Tenant shall, at Tenant's sole cost and expense, maintain insurance coverage with limits not less than the following: (a) Worker's Compensation Insurance, minimum limit as defined by applicable laws; (b) Employer's Liability Insurance, minimum limit $1,000,000; (c) Commercial General Liability Insurance, Bodily Injury/Property, Damage Insurance (including the following coverages: Premises/Operations, Independent Contractors, Broad Form Contractual in support of the indemnification obligations of Tenant under this Lease, and Bodily and Personal Injury Liability), minimum combined single limit $1,000,000; (d) Automobile Liability Insurance, minimum limit $1,000,000. All such policies shall include a waiver of subrogation in favor of Landlord and shall name Landlord and such other party or parties as Landlord may require as additional insureds. Tenant's insurance shall be primary, with any insurance maintained by Landlord to be considered excess. Tenant's insurance shall be maintained with an insurance company qualified to do business in the State of Arizona and having a current A.M. Best manual rating of at least A-X or better. Before entry into the Premises and before expiration of any policy, evidence of these coverages represented by Certificates of Insurance issued by the insurance carrier must be furnished to Landlord. Certificates of Insurance should specify the additional insured status, the waiver of subrogation, and that such insurance is primary, and any insurance by Landlord is excess. The Certificate of Insurance shall state that Landlord will be notified in writing thirty (30) days before cancellation, material change, or non-renewal of insurance.

20.2 During the entire Lease Term, Landlord agrees to maintain public liability insurance in such forms and amounts as Landlord shall determine.

ARTICLE 21. CASUALTY INSURANCE

21.1 Tenant shall maintain fire and extended coverage insurance (full replacement value) with a business interruption and extra expense endorsements, on personal property and trade fixtures owned or used by Tenant.

21.2 Landlord shall maintain property insurance for the Building's replacement value, less a commercially reasonable deductible if Landlord so chooses, including endorsements as determined by Landlord throughout the Lease Term on the Building (excluding Tenant's trade fixtures and personal property). At Landlord's option, the policy of insurance may include a business interruption insurance endorsement for loss of rents. The cost of the insurance obtained under this Section 21.2 shall be an Operating Cost under Article 5 of this Lease.

ARTICLE 22. DAMAGE AND DESTRUCTION OF PREMISES

22.1 If the Premises or the Building are damaged by fire or other casualty (a " Casualty "), Landlord shall use good faith efforts to deliver to Tenant within thirty (30) days after such Casualty a good faith estimate (the " Damage Notice ") of the time needed to repair the damage caused by such Casualty.

22.2 If a material portion of the Premises is damaged by Casualty such that Tenant is prevented from conducting its business in the Premises in a manner reasonably comparable to that conducted immediately before such Casualty and Landlord estimates that the damage caused thereby cannot be repaired within one hundred eighty (180) days after the commencement of repairs (the " Repair Period "), then Tenant may terminate this Lease by delivering written notice to Landlord of its election to terminate within thirty (30) days after the Damage Notice has been delivered to Tenant.

22.3 If a Casualty damages the Premises or a material portion of the Building and: (1) Landlord estimates that the damage to the Premises cannot be repaired within the Repair Period; (2) the damage to the Premises exceeds fifty percent (50%) of the replacement cost thereof (excluding foundations and footings), as estimated by Landlord, and such damage occurs during the last two (2) years of the Term; (3) regardless of the extent of damage to the Premises, Landlord makes a good faith determination that restoring the Building would be uneconomical; or (4) Landlord is required to pay any insurance proceeds arising out of the Casualty to a Landlord's Mortgagee, then Landlord may terminate this Lease by giving written notice of its election to terminate within thirty (30) days after the Damage Notice has been delivered to Tenant.

22.4 If neither party elects to terminate this Lease following a Casualty, then Landlord shall, within a reasonable time after such Casualty, begin to repair the Premises and shall proceed with reasonable diligence to restore the Premises to substantially the same condition as they existed immediately before such Casualty; however, other than building standard leasehold improvements Landlord shall not be required to repair or replace any Alterations within the Premises (which shall be promptly and with due diligence repaired and restored by Tenant at Tenant's sole cost and expense) or any furniture, equipment, trade fixtures or personal property of Tenant or others in the Premises or the Building, and Landlord's obligation to repair or restore the Premises shall be limited to the extent of the insurance proceeds actually received by Landlord for the Casualty in question. If this Lease is terminated under the provisions of this Article 22, Landlord shall be entitled to the full proceeds of the insurance policies providing coverage for all alterations, improvements and betterments in the Premises (and, if Tenant has failed to maintain insurance on such items as required by this Lease, Tenant shall pay Landlord an amount equal to the proceeds Landlord would have received had Tenant maintained insurance on such items as required by this Lease).

22.5 If the Premises are damaged by Casualty, Rent for the portion of the Premises rendered untenantable by the damage shall be abated on a reasonable basis from the date of damage until the completion of Landlord's repairs (or until the date of termination of this Lease by Landlord or Tenant as provided above, as the case may be), unless Tenant or a Tenant Permitee caused such damage, in which case, Tenant shall continue to pay Minimum Monthly Rent and all other rent without abatement and Tenant shall be liable to Landlord for the cost and expense of the repair and restoration of the Premises or the Building caused thereby to the extent that costs and expense is not covered by insurance proceeds.

22.6 Notwithstanding anything contained in this Lease: (a) if Tenant's use of the Premises is substantially impaired for a period of more than 120 consecutive days after the date of a casualty, and provided that neither Tenant nor its employees, customers, agents, contractors or representatives has caused or contributed to such casualty, then Tenant shall have the right to terminate this Lease by written notice to Landlord at any time thereafter until Tenant's use of the Premises is substantially restored, and (b) if this Lease is terminated by either Landlord or Tenant due to a casualty, then Tenant shall not be required to pay for any insurance deductibles as part of Landlord's insurance cost or otherwise.

ARTICLE 23. EMINENT DOMAIN

23.1 If the entire Building or Premises are taken by right of eminent domain or conveyed in lieu thereof (a " Taking "), this Lease shall terminate as of the date of the Taking.

23.2 If any part of the Building becomes subject to a Taking and such Taking will prevent Tenant from conducting its business in the Premises in a manner reasonably comparable to that conducted immediately before such Taking for a period of more than 120 days, then Tenant may terminate this Lease as of the date of such Taking by giving written notice to Landlord within thirty (30) days after the Taking, and Rent shall be apportioned as of the date of such Taking. If Tenant does not terminate this Lease, then Rent shall be abated on a reasonable basis as to that portion of the Premises rendered untenantable by the Taking.

23.3 If any material portion, but less than all, of the Building becomes subject to a Taking, or if Landlord is required to pay any of the proceeds arising from a Taking to a Landlord's Mortgagee, then Landlord may terminate this Lease by delivering written notice thereof to Tenant within thirty (30) days after such Taking, and Rent shall be apportioned as of the date of such Taking. If Landlord does not so terminate this Lease, then this Lease will continue, but if any portion of the Premises has been taken, Rent shall abate as provided in Section 22.5.

23.4 If any Taking occurs, then Landlord shall receive the entire award or other compensation for the Land, the Building, and other improvements taken; however, Tenant may separately pursue a claim (to the extent it will not reduce Landlord's award) against the condemnor for the value of Tenant's personal property which Tenant is entitled to remove under this Lease, moving costs, loss of business, and other claims it may have.

ARTICLE 24. ASSIGNMENT AND SUBLETTING

Tenant agrees not to assign, mortgage or pledge this Lease, and shall not sublet the Premises without Landlord's prior written consent, which shall not be unreasonably withheld. Without limitation, it is agreed that Landlord's consent shall not be considered unreasonably withheld if: (1) the proposed transferee's financial condition does not meet the criteria Landlord uses to select Building tenants having similar leasehold obligations; (2) the proposed transferee's use is not suitable for the Building considering the business of the other tenants and the Building's prestige, or would result in a violation of another tenant's rights; (3) the proposed transferee is a governmental agency or occupant of the Project; (4) Tenant is in default after the expiration of the notice and cure periods in this Lease; or (5) any portion of the Premises or Building would likely become subject to additional or different laws as a consequence of the proposed assignment or subletting. Tenant shall not be entitled to receive any monetary damages based upon a claim that Landlord unreasonably withheld its consent to a proposed sublease or assignment and Tenant's sole remedy shall be an action to enforce any provision through specific performance or declaratory judgment. Any attempted sublease or assignment in violation of this Article shall, at Landlord's option, be void. Consent by Landlord to one or more subleases or assignments shall not operate as a waiver of Landlord's rights to approve any subsequent subleases or assignments. Any assignment or subletting hereunder shall not release or discharge Tenant of or from any liability under this Lease, and Tenant shall continue to be fully liable thereunder. As part of its request for

Landlord's consent to a sublease or assignment, Tenant shall provide Landlord with financial statements for the proposed transferee, a complete copy of the proposed sublease, assignment and other contractual documents and such other information as Landlord may reasonably request. Landlord shall, by written notice to Tenant within fifteen (15) days of its receipt of the required information and documentation, consent to the sublease or assignment by the execution of a consent agreement in a form reasonably designated by Landlord or reasonably refuse to consent to the sublease or assignment in writing. If Tenant shall assign or sublet the Lease or request the consent of Landlord to any assignment or subletting or if Tenant shall request the consent of Landlord for any act Tenant proposes to do, then Tenant shall pay Landlord's reasonable costs and expenses incurred in connection therewith, including reasonable attorneys', architects', engineers' or other consultants' fees. Consent by Landlord to one assignment, subletting, occupation, or use by another person shall not be deemed to be consent to any subsequent assignment, subletting, occupation, or use by another person. Tenant shall pay fifty percent (50%) of all rent and other consideration which Tenant receives as a result of a sublease or assignment that is excess of the Rent payable to Landlord for the portion of the Premises and Lease Term covered by the sublease or assignment. Tenant shall pay Landlord for Landlord's share of any excess within thirty (30) days after Tenant's receipt of such excess consideration. Tenant may deduct from the excess all reasonable and customary expenses directly incurred by Tenant attributable to the sublease or assignment (other than Landlord's costs and expenses), including brokerage fees, reasonable concessions, legal fees and construction costs. If Tenant is a corporation, an unincorporated association or a partnership, unless listed on a national stock exchange, the transfer, assignment or hypothecation of any stock or interest in such corporation, association or partnership in the aggregate in excess of fifty percent (50%) shall be deemed an assignment of this Lease. Tenant agrees to immediately notify Landlord of any 10% or more change in its ownership.

Notwithstanding anything contained in this Lease, Landlord and Tenant agree as follows: Tenant may assign this Lease or sublet the Premises, or any portion thereof, upon prior written notice to Landlord, but without Landlord's consent, to any entity which controls, is controlled by, or is under common control with Tenant; to any entity which results from a merger of, reorganization of, or consolidation with Tenant; or to any entity which acquires substantially all of the stock or assets of Tenant, as a going concern, with respect to the business that is being conducted in the Premises (hereinafter each such transfer, a "Permitted Transfer" and each transferee a "Permitted Transferee"), provided that Tenant and its assignee or subtenant, as the case may be, shall execute and deliver to Landlord such documents as Landlord may reasonably require, including, without limitation, a lease assignment and assumption agreement, pursuant to which such assignee/subtenant shall assume all of the duties and obligations of Tenant under this Lease, and further provided that Tenant shall not be released from any of its duties, obligations and liabilities under this Lease. In addition, a sale or transfer of all of the capital stock of Tenant shall be deemed a Permitted Transfer if (1) such sale or transfer occurs in connection with any bona fide financing or capitalization for the benefit of Tenant, or (2) Tenant is or becomes a publicly traded corporation. Landlord shall have no right to terminate the Lease in connection with, and shall have no right to any sums or other economic consideration resulting from any Permitted Transfer, so long as no default shall have occurred (after the giving of any required notice of default and the expiration of any applicable cure period). Additionally, any rights that are personal to Tenant shall also accrue to any Permitted Transferee, subject to the terms and conditions of this Lease.

ARTICLE 25. SALE OF PREMISES BY LANDLORD

In the event of any sale of the Building or the property upon which the Building is located or any assignment of this Lease by Landlord (or a successor in title), the assignee or purchaser shall be deemed, without any further agreement between the parties, to have assumed and agreed to carry out any and all of the covenants and obligations of Landlord under this Lease, and shall be substituted as Landlord for all purposes from and after the sale or assignment: and upon delivery of Tenant's security deposit to the transferee, Landlord (or such successor) shall automatically be entirely freed and relieved of all liability under any and all of Landlord's covenants and obligations contained in this Lease or arising out of any act, occurrence, or omission occurring after such sale or assignment.

ARTICLE 26. SUBORDINATION/ATTORNMENT/MODIFICATION/ASSIGNMENT

Tenant's interest under this Lease is subordinate to all terms of and all liens and interests arising under any ground lease, deed of trust, or mortgage now or hereafter placed on the Landlord's interest in the Premises, the Building, or the Project. Tenant consents to an assignment of Landlord's interest in this Lease to Landlord's lender as required under such financing. If the Premises or the Building is sold as a result of a default under the mortgage, or pursuant to a transfer in lieu of foreclosure, Tenant shall, at the mortgagee's, purchaser's or ground lessor's sole election, attorn to the mortgagee or purchaser. This Article is self-operative. However, Tenant agrees to execute and deliver, if Landlord, any deed of trust holder, mortgagee, or purchaser should so request, such further instruments necessary to subordinate this Lease to a lien of any mortgage or deed of trust, to acknowledge the consent to assignment and to affirm the attornment provisions set forth herein.

ARTICLE 27. LANDLORD'S DEFAULT AND RIGHT TO CURE

Landlord shall not be in default unless Landlord fails to perform obligations required of Landlord within a reasonable time, but in no event later than thirty (30) days after written notice by Tenant to Landlord and to the holder of any first mortgage or deed of trust covering the Premises whose name and address shall have theretofore been furnished to Tenant in writing, specifying wherein Landlord has failed to perform such obligation; provided, however, that if the nature of Landlord's obligation is such that more than thirty (30) days are required for performance then Landlord shall not be in default if Landlord commences performance within such thirty (30) day period and thereafter diligently pursues the same to completion.

ARTICLE 28. ESTOPPEL CERTIFICATES

Landlord and Tenant each agree at any time and from time to time upon written request by the other, to execute, acknowledge, and deliver to the requesting party, within twenty (20) calendar days after demand, a statement in writing certifying (a) that this Lease is unmodified and in full force and effect (or if there have been modifications, that the same is in full force and effect as modified and stating such modifications), (b) the dates to which the Minimum Monthly Rent and other rent and charges have been paid in advance, if any, (c) Tenant's acceptance and possession of the Premises, (d) the commencement of the Lease Term, (e) the rent provided under the Lease, (f) that to the knowledge of the certifying party, the other party is not in default under this Lease (or if the other party is in default, the nature thereof), (g) that the certifying party claims no offsets against the rent, and (h) such other information as may be reasonably requested with respect to the provisions of this Lease or the tenancy created by this Lease. The failure to deliver such statement within such time shall be conclusive (i) that this Lease is in full force and effect, without modification except as may be represented by the requesting party, (ii) that there are no uncured defaults in the requesting party's performance, and (iii) that not more than one month's rent has been paid in advance.

ARTICLE 29. TENANT'S DEFAULT AND LANDLORD'S REMEDIES

29.1 Tenant will be in default under the Lease if any of the following occurs, and same shall be deemed an "Event of Default":

(a) If Tenant fails to pay the Minimum Monthly Rent or make any other payment required by the Lease within three (3) working days after Landlord sends Tenant a written notice or demand for payment.

(b) If on two or more occasions in any twelve month period Landlord does not receive either Tenant's regular monthly payment of Minimum Monthly Rent and other regularly recurring charges on or before the first Business Day of the month or any other payment on or before the date it is due. "Business Day" shall mean Monday through Friday of each week, exclusive of holidays.

(c) If Tenant assigns this Lease or mortgages its interest in this Lease or sublets any part of the Premises without first obtaining Landlord's written consent, as required by Article 24 .

(d) If Tenant abandons the Premises, or becomes bankrupt or insolvent, or makes any general assignment of all or a substantial part of its property for the benefit of creditors, or if a receiver is appointed to operate Tenant's business or to take possession of all or a substantial part of Tenant's property.

(e) If a lien attaches to the Lease or to Tenant's interest in the Premises, and Tenant fails to post a bond or other security or to have the lien released within ten (10) days of its notification thereof, or if a mortgagee institutes proceedings to foreclose its mortgage against Tenant's leasehold interest or other property and Tenant fails to have the foreclosure proceedings dismissed within ten (10) calendar days after the entry of any judgment or order declaring the mortgage to be valid and Tenant to be in default on the obligation secured thereby, or directing enforcement of the mortgage.

(f) If Tenant fails to maintain any of the insurance as required by this Lease.

(g) If Tenant breaches any other provision of this Lease and fails to cure the breach within thirty (30) days after Landlord sends it written notice of the breach, or if the breach cannot be cured within thirty (30) days, then if Tenant does not proceed with reasonable diligence to cure the breach within such additional time as may be reasonably necessary under the circumstances, not to exceed sixty (60) days.

29.2 If Tenant is in default, then Landlord may take any one or more of the following actions:

(a) Landlord may re-enter and take possession of all or any part of the Premises and remove Tenant and any person claiming under Tenant from the Premises, using reasonable force, if necessary, and without committing a trespass or becoming liable for any loss or damage that may be occasioned thereby. Landlord may also change the locks to the Premises without notice at Tenant's expense. Re-entry and possession of the Premises will not by themselves terminate the Lease.

(b) Landlord may remove any property, including fixtures, from the Premises and store the same at Tenant's expense in a warehouse or any other location, or Landlord may lease the property on the Premises pending sale or other disposition. If Landlord leaves the property on the Premises or stores it at another location owned or controlled by Landlord, then Landlord may charge Tenant a reasonable fee for storing and handling the property comparable to what Landlord would have had to pay to a third party for such services. Landlord will not be liable under any circumstance to Tenant or to anyone else for any damage to the property. Landlord may proceed to sell Tenant's property in accordance with Arizona law.

(c) Landlord may collect any rents or other payments that become due from any subtenant, concessionaire or licensee, and may in its own name or in Tenant's name bring suit for such amounts, and settle any claims therefore, without approving the terms of the sublease or Tenant's agreement with the concessionaire or licensee and without prejudice to Landlord's right to terminate the sublease or agreement without cause and remove the subtenant, concessionaire or licensee from the Premises.

(d) Landlord may appoint, or have appointed through appropriate court proceedings, a receiver to take possession of the Premises and operate Tenant's business in accordance with the terms of the Lease, with full power to exercise all rights and privileges Tenant has under the Lease, including the power to collect the income and pay the expenses of the business, or with such limited powers as Landlord or the court appointing the receiver may deem advisable. The receiver will not be required to post any bond, and will be entitled to obtain insurance to protect itself against any liability from his errors and omissions or otherwise arising in the course of performing his duties. The fees and expenses of the receiver, including the cost of any errors and omissions or liability insurance, will be charged to Tenant.

(e) Subject to Landlord's legal duty, if any, to mitigate its damages, Landlord may relet the Premises at whatever rent and on whatever terms and conditions it deems advisable. The term of any new lease may be shorter or longer than the remaining term of this Lease. In reletting the Premises, Landlord may make any alterations or repairs to the Premises it feels necessary or desirable; may subdivide the Premises into more than one unit and lease each portion separately; may sell Tenant's improvements, fixtures and other property located on the Premises to the new tenant, or include such improvements, fixtures and property as part of the Premises without additional cost; may advertise the Premises for sale or lease; may hire brokers or other agents; and, may do anything else it deems necessary or helpful in reletting the Premises. Tenant will be liable to Landlord for all costs and expenses of the reletting including but not limited to rental concessions to the new tenant, broker's commissions and tenant improvements, and will remain liable for the Minimum Monthly Rent and all other charges arising under the Lease, less any income received from the new tenant, unless the Lease is terminated as set forth below.

(f) Landlord may terminate the Lease at any time after Tenant defaults by sending a written notice to Tenant expressly stating that the Lease is being terminated. Termination will be effective on the date of the notice or on any other date set forth in the notice. Until Landlord sends Tenant such a notice, the Lease will remain in full force and effect, and Tenant will remain liable for paying the Minimum Monthly Rent and other charges that come due under the Lease and for performing all other terms and conditions of the Lease. No other action by Landlord, including repossession of the Premises, removing or selling Tenant's separate property, reletting the Premises, or filing suit for possession or for damages, will terminate the Lease or release Tenant from its continuing liability for complying with the terms and conditions.

(g) Landlord may recover from Tenant all costs and expenses Landlord incurs as a direct or indirect consequence of Tenant's breach, including the cost of storing and selling Tenant's property, reletting the Premises, and bringing suit against Tenant for possession or

damages. If Landlord made or paid for any improvements to the Premises, or granted Tenant any improvement allowance or credit against the Minimum Monthly Rent or other charges due hereunder for Tenant's improvements, then Landlord shall also be entitled to recover the unamortized portion of the cost of such improvements or the amount of such allowance or credit, determined by multiplying the total amount of such cost or allowance or credit by a fraction, the denominator of which is the total number of months of the initial Lease Term and the numerator of which is the number of months of the Lease Term remaining at the time of Tenant's default. Also, if the Lease provides for any months for which no Minimum Monthly Rent or a reduced Minimum Monthly Rent is payable, or for any other rent concession to Tenant, then, upon default, Tenant shall become liable for the full amount of the Minimum Monthly Rent (or other rent concession), plus applicable taxes, for such months, and Landlord shall be entitled to recover as additional rent the amount that would have been payable by Tenant for such months if the Minimum Monthly Rent provided for herein had been payable by Tenant throughout the entire Lease Term. Unless Landlord terminates the Lease, Tenant will also remain liable for any difference between the Minimum Monthly Rent and other charges called for by the Lease and the rent and other charges collected by Landlord from any new tenant. For any month in which Landlord collects less from a successor tenant than is payable under this Lease, Landlord may demand that Tenant immediately make up the difference, and Landlord may bring suit against Tenant if Tenant fails to do so. If Landlord does terminate the Lease, then Tenant will no longer be liable on a continuing monthly basis for the Minimum Monthly Rent and other charges that would have become due under the Lease thereafter, but Tenant will remain liable for all sums accrued under the Lease to the date of termination, as well as for all costs and expenses incurred by Landlord, and any other damages sustained by Landlord, as a consequence of Tenant's breach. Also Landlord may recover from Tenant the difference between the present value at the date of termination to the end of the Lease Term and the present value of the Minimum Monthly Rent and other charges Landlord could have obtained if Landlord had rented the Premises for the same period at its fair rental value at the end of termination. The present value of the amounts referred to in the preceding sentence shall be computed using a discount rate equal to the prime rate charged by Wells Fargo Bank, Arizona (or its successor) at the date of termination.

(h) Landlord may sue Tenant for possession of the Premises, for damages for breach of the Lease, and for other appropriate relief, either in the same or in separate actions. Landlord may recover all costs and expenses it incurs in any such suit, including reasonable attorneys' fees.

(i) Landlord may exercise any other right or remedy available at law or in equity for breach of contract, damages or other appropriate relief. The rights and remedies described herein are cumulative, and Landlord's exercise of any one right will not preclude the simultaneous exercise of any other right or remedy.

29.3 In addition to any statutory landlord's lien now in effect or hereafter enacted, Tenant grants to Landlord, to secure performance of Tenant's obligations hereunder, a security interest in all of Tenant's property situated in or upon, or used in connection with, the Premises or the Project, and all proceeds thereof (except merchandise sold in the ordinary course of business) (collectively, the " Collateral "), and the Collateral shall not be removed from the Premises or the Project (unless promptly replaced by Collateral of the same or greater value) without the prior written consent of Landlord until all obligations of Tenant have been fully performed. Such personalty thus encumbered includes specifically all trade and other fixtures for the purpose of this Section 29.3 and inventory, equipment, contract rights, accounts receivable and the proceeds thereof. Upon the occurrence of an Event of Default, Landlord may, in addition to all other remedies, without notice or demand except as provided below, exercise the rights afforded to a secured party under the Uniform Commercial Code of the state in which the Premises are located (the " UCC "). To the extent the UCC requires Landlord to give to Tenant notice of any act or event and such notice cannot be validly waived before a default occurs, then five (5) days' prior written notice thereof shall be reasonable notice of the act or event. In order to perfect such security interest, Landlord may file any financing statement or other instrument necessary at Tenant's expense at the state and county Uniform Commercial Code filing offices. Tenant grants to Landlord a power of attorney to execute and file any financing statement or other instrument necessary to perfect Landlord's security interest under this Section 29.3, which power is coupled with an interest and is irrevocable during the Term. Landlord may also file a copy of this Lease as a financing statement to perfect its security interest in the Collateral. Within ten (10) days following written request therefor, Tenant shall execute financing statements to be filed of record to perfect Landlord's security interest in the Collateral. The landlord's lien shall survive the expiration or earlier termination of the Lease, until all obligations of Tenant have been fully performed.

ARTICLE 30. TENANT'S RECOURSE

Anything in this Lease to the contrary notwithstanding, Tenant agrees to look solely to the estate and property of Landlord in the Building and the Project, subject to prior rights of any ground lessor, mortgagee, or deed of trust of the Building and the Project or any part thereof, for the collection of any judgment requiring the payment of money by Landlord in the event of any default by Landlord under this Lease. Tenant agrees that it is prohibited from using any other procedures for the satisfaction of Tenants' remedies. Neither Landlord nor any of its respective officers, directors, employees, heirs, successors, or assigns, shall have any personal liability of any kind or nature, directly or indirectly, under or in connection with this Lease.

ARTICLE 31. HOLDING OVER

Subject to prior written consent by Landlord, if Tenant holds over after the Expiration Date, or any extension thereof, Tenant shall be a tenant at sufferance, the Minimum Monthly Rent shall be increased to 125% of the then current lease rate at the Building or the Tenant's lease rate at the time the Lease expired, whichever is higher, plus any amounts due under Article 5 , which shall be payable in advance on the first day of such holdover period and on the first day of each month thereafter. Tenant will be considered to be on a month-to-month basis during any holdover period.

ARTICLE 32. GENERAL PROVISIONS

32.1 This Lease is construed in accordance with the laws of the State of Arizona.

32.2 If Tenant consists of more than one person or entity, then the obligations of such entities or parties are joint and several.

32.3 If any term, condition, covenant, or provision of this Lease is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the terms, conditions, covenants, and provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated.

32.7 In the event either party initiates legal proceedings or retains an attorney to enforce any right or obligation under this Lease or to obtain relief for the breach of any covenant hereof, the party ultimately prevailing in such proceedings or the non-defaulting party shall be entitled to recover all costs and reasonable attorneys' fees.

32.8 This Lease, and any Exhibit or Addendum attached hereto, sets forth all the terms, conditions, covenants, provisions, promises, agreements, and undertakings, either oral or written, between the Landlord and Tenant. 32.10 No term, condition, covenant, or provision of this Lease shall be waived except by written waiver of Landlord, and the forbearance or indulgence by Landlord in any regard whatsoever shall not constitute a waiver of the term, condition, covenant, or provision to be performed by Tenant to which the same shall apply, and until complete performance by Tenant of such term, condition, covenant, or provision, Landlord shall be entitled to invoke any remedy available under this Lease or by law despite such forbearance or indulgence. The waiver by Landlord of any breach or term, condition, covenant, or provision hereof shall apply to and be limited to the specific instance involved and shall not be deemed to apply to any other instance or to any subsequent breach of the same or any other term, condition, covenant, or provision hereof. 32.12 Landlord's submission of a copy of this Lease form to any person, including Tenant, shall not be deemed to be an offer to lease or the creation of a lease unless and until this Lease has been fully signed and delivered by Landlord.

32.13 Every term, condition, covenant, and provision of this Lease, having been negotiated in detail and at arm's length by both parties, shall be construed simply according to its fair meaning and not strictly for or against Landlord or Tenant.

32.14 If the time for the performance of any obligation under this Lease expires on a Saturday, Sunday, or legal holiday, the time for performance shall be extended to the next succeeding day which is not a Saturday, Sunday, or legal holiday.

32.15 If requested by Landlord, Tenant shall execute written documentation with signatures acknowledged by a notary public, to evidence when and if Landlord or Tenant has met certain obligations under this Lease.

Tenant shall indemnify, defend and hold Landlord harmless for, from and against all costs, expenses, attorneys' fees, liens and other liability for commissions or other compensation claimed by any broker or agent claiming the same by, through or under Tenant. The foregoing indemnity shall survive the expiration or earlier termination of this Lease.

ARTICLE 35. INDEMNIFICATION/WAIVER OF SUBROGATION

35.1 Except for claims arising solely from the Landlord's gross negligence or willful misconduct or material breach of this Lease by Landlord, Tenant shall indemnify, defend, and hold Landlord and any lender of Landlord harmless against all Claims (as defined below) and costs incurred by Landlord to the extent arising from: (a) any act or omission of Tenant or Tenant's Permittees which results in personal injury, loss of life, or property damage sustained in and about the Premises, the Building, or the Project; (b) attachment or discharge of a lien upon the Premises, the Building, or the Project; (c) Tenant's and Tenant's Permittees' use, generation, storage, release, threatened release, discharge, disposal, or presence of Hazardous Materials on, under, or about the Premises, the Building, or the Project; (d) any default of Tenant under this Lease; and (e) any claims for brokerage commissions or finder's fees in connection with this Lease (excepting commissions or fees authorized in writing by Landlord). As used in this Lease, " Claims " means any claim, suit, proceeding, action, cause of action, responsibility, demand, judgment and execution, and attorneys' fees and costs related thereto or arising therefrom. The foregoing indemnity shall survive the expiration or earlier termination of this Lease.

Landlord and Tenant shall give their respective insurance carriers notice of these waivers and shall secure an endorsement from each carrier to the effect that the waivers given in this Article 35 shall not adversely affect or impair the policies of insurance or prejudice the right of the named insured on the policy to recover thereunder. These waivers apply only to the extent such Claims, liabilities, losses, damages, expenses, or attorneys' fees are covered by insurance required pursuant to this Lease.

35.3 Notwithstanding anything in this Lease to the contrary, but subject to Landlord's reasonable duty to attempt to enforce the rules and regulations, Landlord shall not be responsible or liable to Tenant for any Claims for loss or damage caused by the acts or omissions of any persons occupying any space elsewhere in the Building.

ARTICLE 36. WAIVER OF TRIAL BY JURY

Landlord and Tenant waive any right to a trial by jury in any action or proceeding based upon, or related to, the subject matter of this Lease or the use and occupancy of the Premises. This Waiver is knowingly, intentionally and voluntarily made by Tenant, and Tenant acknowledges that neither Landlord or any person acting on behalf of Landlord has made any representations of fact to induce this Waiver of Trial by Jury or in any way to modify or nullify its effect. Tenant further acknowledges that it has been represented (or has had the opportunity to be represented) in the signing of this Lease and in the making of this Waiver by independent legal counsel, selected of its own free will, and that Tenant has had the opportunity to discuss this Waiver with counsel. Tenant further acknowledges that it has read and understands the meaning and ramifications of this Waiver provision, as evidenced by its signature below.

RENEWAL TERM PROVISIONS

If Tenant is not in default of the terms and conditions of the Lease at the exercise of an option and at the commencement of any renewal term, and so long as Tenant has not been in default more than two (2) times during the Lease Term, and Tenant is occupying the entire Premises at the time of such election, Tenant may extend the Lease Term for one (1) additional period of five (5) years, by delivering written notice of the exercise thereof to Landlord at least six (6) months before the expiration of the Lease Term.

The Annual Minimum Rent and the Minimum Monthly Rent payable for each month during such extended term shall be the prevailing rental rate (the " Prevailing Rental Rate ") at the commencement of such extended term, for the leasing of space in the Project, of equivalent quality, size, utility and location, with the length of the extended term and the credit standing of Tenant to be taken into account. Furthermore, the Expense Stop applicable during such extension shall be determined by Landlord in its reasonable discretion based upon Landlord's then current leasing practices. Within thirty (30) days after receipt of Tenant's written notice to extend, Landlord shall deliver to Tenant written notice of the Prevailing Rental Rate and shall advise Tenant of the required adjustment to Annual Minimum Rent and Minimum Monthly Rent, and the other terms and conditions offered. Tenant shall, within ten (10) days after receipt of Landlord's notice, notify Landlord in writing whether Tenant accepts or rejects Landlord's determination of the Prevailing Rental Rate. If Tenant timely notifies Landlord that Tenant accepts Landlord's determination of the Prevailing Rental Rate, then, on or before the commencement date of the extended term, Landlord and Tenant shall execute an amendment to the Lease extending the term on the same terms provided in the Lease, except as follows:

(a) Annual Minimum Rent and Minimum Monthly Rent shall be adjusted to the Prevailing Rental Rate;

(b) Tenant shall have no further renewal option, unless expressly granted by Landlord in writing; and

(c) Landlord shall lease to Tenant the Premises in their then-current condition, and Landlord shall not provide to Tenant any allowances (e.g., moving allowance, construction allowance, improvements allowance and the like) or other tenant inducements.

If Tenant rejects Landlord's determination of the Prevailing Rental Rate, or fails to timely notify Landlord in writing that Tenant accepts or rejects Landlord's determination of the Prevailing Rental Rate, time being of the essence with respect thereto, Tenant's rights to renew the Lease Term of this Lease shall terminate and Tenant shall have no right to renew or extend the Lease.

Tenant's rights under the Lease to which this Exhibit is attached to extend the Lease Term shall terminate if (1) the Lease or Tenant's right to possession of the Premises is terminated, (2) Tenant assigns any of its interest in the Lease or sublets any portion of the Premises (other than in connection with a Permitted Transfer), (3) Tenant fails to timely exercise its renewal option under this Lease, time being of the essence with respect to Tenant's exercise thereof, or (4) Landlord determines, in its sole but reasonable discretion, that Tenant's financial condition or creditworthiness has materially deteriorated since the date of the Lease.

FIRST AMENDMENT TO LEASE

THIS FIRST AMENDMENT TO LEASE (this " **Amendment** ") is made as of April 14, 2008, by and between **GAINEY CENTER II, LLC** , a Delaware limited liability company (" **Landlord** "), and **LCSI HOLDING, INC.** , a Delaware corporation (" **Tenant**).

RECITALS:

A. Landlord and Tenant entered into that Office Lease Agreement dated June 12, 2007 (the " **Lease** "), relating to Suite 280 containing approximately 4,012 rentable square feet (the " **Original Premises** "), in the building located at 8501 North Scottsdale Road, Scottsdale, Arizona 85253 (the " **Building** ") and commonly known as Gainey Center II (the " **Project** ").

B. Tenant desires to lease additional space in the Project and to renew and extend the Lease, and Landlord has agreed to such expansion and renewal and extension, upon the terms and conditions hereinafter described.

C. All capitalized terms used in this Amendment shall have the meanings given to them in the Lease, as amended hereby, unless otherwise defined herein.

AGREEMENT :

NOW, THEREFORE, for and in consideration of the foregoing recitals, Ten and No/100 Dollars ($10.00) in hand paid and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Landlord and Tenant hereby acknowledge and agree to the following:

1. The Term of the Lease is hereby extended for a period of one (1) year beginning August 1, 2012, and terminating on July 31, 2013, unless sooner terminated pursuant to the provisions of the Lease (the " **Renewal Term** ").

2. In addition to the Original Premises, Landlord shall lease to Tenant, and Tenant shall lease from Landlord, the space designated as Suite 270 on the second floor of the Building as shown on Exhibit A attached hereto and made a part hereof, which for all purposes under this Lease, Landlord and Tenant agree contains 2,938 rentable square feet (the " **Expansion Space** "). From and after the Expansion Space Commencement Date (hereinafter defined), the term "Premises," as used in the Lease, shall be and include the Original Premises and the Expansion Space, which shall collectively consist of 6,950 rentable square feet. " **Expansion Space Commencement Date** " shall mean the date of substantial completion of the leasehold improvements in the Expansion Space to be constructed by Landlord, which date the parties estimate to be May 1, 2008; provided, however, that the foregoing is an estimate only, and if Landlord is unable to tender possession of the Expansion Space in such condition by the estimated Expansion Space Commencement Date, then: (a) the validity of this Amendment and the Lease shall not be affected or impaired thereby; (b) Landlord shall not be in default hereunder or under the Lease or be liable for damages therefor; and (c) Tenant shall accept possession of the Expansion Space when Landlord tenders possession thereof to Tenant. The

lease of the Expansion Space shall be for the same Term and other terms and conditions as the Lease, as modified by this Amendment.

3. The Minimum Monthly Rent for the Premises shall be as follows:

Months	Annual Minimum Rent Rate PSF (not including rent tax)	Monthly Minimum Rent Original Premises (not including rent tax)	Monthly Minimum Rent Expansion Space (not including rent tax)
08/01/07 – 07/31/08	$ 33.00	$ 11,033.00	**
08/01/08 – 07/31/09	$ 34.00	$ 11,367.33	**$ 8,324.33
08/01/09 – 07/31/10	$ 35.00	$ 11,701.67	$ 8,569.17
08/01/10 – 07/31/11	$ 36.00	$ 12,036.00	$ 8,814.00
08/01/11 – 07/31/12	$ 37.00	$ 12,370.33	$ 9,058.83
08/01/12 – 07/31/13	$ 38.00	$ 12,704.67	$ 9,303.67

** For the six (6) month period following the Expansion Space Commencement Date, Tenant shall pay as Minimum Monthly Rent for the Expansion Space, the amount of $1,683.00. Following the expiration of such six-month period, Tenant shall pay the amounts set forth in the chart above.

Tenant agrees to pay the Minimum Monthly Rent in equal monthly installments at the place provided in the Lease on the first (1st) day of each month, in advance (subject to adjustment in accordance with the other provisions of the Lease), plus all applicable taxes thereon (excluding Landlord's income taxes), together with all other amounts due under the terms of the Lease.

4. The Expense Stop for the Expansion Space shall be the actual per square foot (based on Rentable Square Footage) Operating Costs during the 2008 Operating Year, provided, however, that for purposes of establishing the Expense Stop for the Expansion Space, the Operating Costs shall be calculated as if the Building were 95% occupied and 100% assessed for taxes.

5. Landlord shall at Landlord's cost, provide the Expansion Space with Building standard directory, directional and suite signage. Effective as of the date of full execution of this Amendment by Landlord and Tenant, Tenant shall have the non-exclusive right to place its name on the existing monument sign in front of the Building (the " **Signage** "). The Signage shall be installed and maintained at Tenant's sole cost and expense throughout the Term. The rights of Tenant under this paragraph: (i) are personal to Tenant and may not be assigned to any other

party, including without limitation any assignee or subtenant; (ii) are terminable by Landlord following any default not cured within applicable cure periods; and (iii) are terminable by Landlord if Tenant reduces the size of the Premises, notwithstanding the consent of Landlord thereto. The location, size, material and design of the Signage shall be subject to the prior written approval of Landlord, and Tenant shall be responsible for compliance with applicable laws. Upon the expiration or earlier termination of this Lease or the termination of Tenant's sign rights as set forth herein, Tenant shall remove the Signage, at Tenant's sole cost and expense, and restore the monument sign to its condition immediately prior to the installation of the Signage. If Tenant fails to timely remove the Signage, then the Signage shall conclusively be deemed to have been abandoned by Tenant and may be appropriated, sold, stored, destroyed, or otherwise disposed of by Landlord without further notice to Tenant or any other person and without obligation to account therefor. Tenant shall reimburse Landlord for all reasonable costs incurred by Landlord in connection therewith within thirty (30) days of Landlord's invoice. The provisions of this paragraph shall survive the expiration or earlier termination of the Lease.

6. Tenant hereby acknowledges that except for the Leasehold Improvements (as defined below): (a) Tenant accepts the Original Premises, Expansion Space and the Project as suitable for the purposes for which the same are leased; (b) that the renewal of the Lease is on an "As-Is" basis and Landlord has made no representations or warranties concerning the Original Premises, the Expansion Space or the Project; and (c) Landlord has fully complied with Landlord's obligations contained in the Lease.

7. Landlord shall at Landlord's cost provide building standard turnkey improvements to the Expansion Space (the " **Leasehold Improvements** "), based upon a space plan mutually acceptable to Landlord and Tenant, at a cost not to exceed $4.00 per rentable square foot contained in the Expansion Space ($11,752.00) (the " **Allowance** "). If Tenant desires additional improvements in the Expansion Space which exceed the Allowance, Tenant shall submit to Landlord for approval full definitive plans and specifications for such leasehold improvements to be constructed or installed in the Expansion Space, the cost of which shall be payable by Tenant prior to construction of such additional improvements.

8. Upon execution of this Amendment, Tenant shall deposit $9,000.00 with Landlord to be held as an additional Security Deposit upon the terms and conditions of the Lease. Following such deposit, the total Security Deposit held by Landlord shall be $21,000.00.

9. Tenant shall have the right to use seven (7) additional parking spaces at the Building, as follows: (i) three (3) reserved parking spaces in the garage serving the Building, at a rate of $65.00 per space per month (plus applicable rent tax); (ii) two (2) unreserved parking spaces in the garage serving the Building, at a rate of $45.00 per space per month (plus applicable rent tax); and (iii) two (2) uncovered, unreserved parking spaces in the parking lot serving the Building, at a rate of $25.00 per space per month (plus applicable rent tax).

10. Tenant warrants that it has had no dealing with any broker or agent in connection with the negotiation or execution of this Amendment other than Grubb & Ellis/BRE (representing Landlord) and Hackett Real Estate Solutions (representing Tenant), and Tenant agrees to indemnify, defend and hold Landlord harmless from and against any claims by any

other broker, agent or other person claiming a commission or other form of compensation by virtue of having dealt with Tenant with regard to this leasing transaction.

11. Except as modified by this Amendment, the Lease and all the terms, covenants, conditions and agreements thereof are hereby in all respects ratified, confirmed and approved. Tenant hereby affirms that on the date hereof no breach or default by either party has occurred and that the Lease, and all of its terms, conditions, covenants, agreements and provisions, except as hereby modified, are in full force and effect with no defenses or offsets thereto.

12. This Amendment contains the entire understanding between the parties with respect to the matters contained herein. Except as modified by this Amendment, the Lease shall remain unchanged and shall continue in full force and effect. No representations, warranties, covenants or agreements have been made concerning or affecting the subject matter of this Amendment, except as are contained herein and in the Lease. This Amendment may not be changed orally, but only by an agreement in writing signed by the party against whom enforcement of any waiver, change or modification or discharge is sought.

13. This Amendment may be executed in any number of identical counterparts each of which shall be deemed to be an original and all, when taken together, shall constitute one and the same instrument. A facsimile or similar transmission of a counterpart signed by a party hereto shall be regarded as signed by such party for purposes hereof.

14. Submission of this instrument for examination and signature by Tenant does not constitute an offer to lease or a reservation of or option for lease, and this instrument is not effective as a lease amendment or otherwise until executed and delivered by both Landlord and Tenant.

C. All capitalized terms used in this Amendment shall have the meanings given to them in the Lease, as amended hereby, unless otherwise defined herein.

AGREEMENT :

NOW, THEREFORE, for and in consideration of the foregoing recitals, Ten and No/100 Dollars ($10.00) in hand paid and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Landlord and Tenant hereby acknowledge and agree to the following:

1. The Term of the Lease is hereby extended to expire on July 31, 2017 (the " **Extended Term** "). There are no further renewal options under the Lease except as set forth in Section 7 below.

2. Commencing on February 1, 2012, the Minimum Rent payable for the Premises shall be as set forth in the chart below. Tenant agrees to pay the Minimum Rent and all other amounts due under the terms of the Lease, in the manner set forth in the Lease.

08/01/15 – 07/31/16	$ 27.75	$ 192,862.50	$ 16,071.88
08/01/16 – 07/31/17	$ 28.25	$ 196,337.50	$ 16,361.46

* Plus applicable rental taxes

** Landlord agrees to abate: (i) Minimum Monthly Rent for the months of February through July, 2012 (the " **Abatement Months** "), in the aggregate amount of $91,218.78; and (ii) Parking Charges (as defined below) during the Abatement Months, in the aggregate amount of $3,840.00 (such abatement being $95,058.78 in the aggregate and hereinafter collectively referred to as the " **Abatement** "). The abatement of Minimum Monthly Rent and Parking Charges is conditioned upon Tenant's full and timely performance of all of its obligations under the Lease. If at any time after the Effective Date a default by Tenant occurs which is not cured within applicable notice and cure periods, then the Abatement shall automatically be deemed void effective as of the Effective Date, and Tenant shall promptly pay to Landlord, in addition to all other amounts due to Landlord under the Lease (and without waiver of Landlord's other rights and remedies for a monetary default under the Lease), the full amount of the Abatement received by Tenant (plus applicable Rent Tax) plus interest at the rate of ten percent (10%) per annum (or if less, the highest rate permitted by applicable law). The Abatement shall automatically be deemed as terminated one (1) day prior to the filing of a petition by or against Tenant: (1) in any bankruptcy or other insolvency proceeding; (2) seeking any relief under any state or federal debtor relief law; or (3) for the appointment of a liquidator or receiver for all or substantially all of Tenant's property or for Tenant's interest in the Lease.

3. Tenant hereby acknowledges that: (a) Tenant accepts the Premises on an "As-Is" basis and Landlord shall not be obligated to perform any tenant improvements or provide any allowances with respect to the Premises; and (b) Landlord has made no representations or warranties concerning the Premises or the Building.

4. Effective as of February 1, 2012, the Expense Stop shall be based upon a 2012 Base Year, and accordingly Section 1.1 (j) of the Lease shall be modified to delete the phrase "2007 Operating Year'' and replace it with "2012 Operating Year". Operating Costs shall be calculated as if the Building were 95% occupied and 100% assessed for Taxes.

5. During the Extended Term, the parking spaces available to Tenant and the parking charges for same (the " **Parking Charges** '") shall be the same as set forth in Section 1.1(1) of the Lease, provided that the Parking Charges shall be abated during the Abatement Months.

6. Tenant shall have a one-time option to terminate this Lease effective as of April 30, 2015 (the " **Early Termination Date** "), provided Tenant gives notice thereof to Landlord not less than one hundred eighty (180) days prior to the Early Termination Date and provided Tenant is not in default under the Lease at the time of the giving of such notice nor on the Early Termination Date Additionally, Tenant's right to terminate hereunder is conditioned upon: (a) the payment in full by Tenant of all Rent through and including the Early Termination Date; and (b) at the time Tenant delivers notice to Landlord that it is exercising its termination right hereunder, Tenant shall pay Landlord the cash sum of Two Hundred and Five Thousand Dollars ($205,000.00) (the " **Termination Payment** "). If Tenant has timely exercised its early termination right, then after Landlord's receipt of the Termination Payment, and so long as Tenant has surrendered the Premises in the condition required under the Lease, neither party shall have any rights, liabilities or obligations under the Lease for the period accruing after the Early Termination Date, except those which, by the provisions of the Lease, expressly survive the termination of the Lease. If Tenant fails to timely notify Landlord of Tenant's exercise of its early termination right or fails to timely pay the Termination Payment, time being of the essence, then Tenant's early termination rights shall be null and void.

7. Provided Tenant is not then in default under the Lease, Tenant may renew the Lease for one (1) additional period of five (5) years, by delivering written notice of the exercise thereof (the " **Renewal Notice** ") to Landlord not earlier than May 1, 2016, and not later than August 1, 2016. The Rent payable for each month during such extended term shall be the prevailing rental rate at the commencement of such extended Term for renewals of space in the Building of equivalent quality, size, utility and location, with the length of the extended term and the credit standing of Tenant to be taken into account (the " **Prevailing Rental Rate** "). Within thirty (30) days after receipt of Tenant's Renewal Notice, Landlord shall deliver to Tenant written notice of the Prevailing Rental Rate and shall advise Tenant of the required adjustment to Rent, if any, and the other terms and conditions offered. Tenant shall, within ten (10) days after receipt of Landlord's notice, notify Landlord in writing whether Tenant accepts or rejects Landlord's determination of the Prevailing Rental Rate. If Tenant rejects Landlord's determination of the Prevailing Rental Rate, or fails to timely notify Landlord in writing that Tenant accepts or rejects Landlord's determination of the Prevailing Rental Rate, time being of the essence with respect thereto, Tenant's renewal rights shall terminate and Tenant shall have no right to renew the Lease. If Tenant timely notifies Landlord that Tenant accepts Landlord's determination of the Prevailing Rental Rate, then, on or before the commencement date of the extended term, Landlord and Tenant shall execute an amendment to the Lease evidencing such renewal.

8. Tenant warrants that it has had no dealing with any broker or agent in connection with the this Amendment other than CBRE, Inc. (representing Landlord) and CresaPartners (representing Tenant), and Tenant agrees to indemnify, defend and hold Landlord harmless from and against any claims by any other broker, agent or other person claiming a commission or other form of compensation by virtue of having dealt with Tenant with regard to this leasing transaction.

9. Except as modified by this Amendment, the Lease and all the terms, covenants, conditions and agreements thereof are hereby in all respects ratified, confirmed and approved. Tenant hereby affirms that on the date hereof no breach or default by either party has occurred and that the Lease, and all of its terms, conditions, covenants, agreements and provisions, except as hereby modified, are in full force and effect with no defenses or offsets thereto.

10. This Amendment contains the entire understanding between the parties with respect to the matters contained herein. Except as modified by this Amendment, the Lease shall remain unchanged and shall continue in full force and effect. No representations, warranties, covenants or agreements have been made concerning or affecting the subject matter of this Amendment, except as are contained herein and in the Lease. This Amendment may not be changed orally, but only by an agreement in writing signed by the party against whom enforcement of any waiver, change or modification or discharge is sought.

11. Tenant hereby represents and warrants to Landlord that: (a) Tenant is in good standing under the laws of the State of its organization; (b) Tenant has full corporate power and authority to enter into this Amendment and to perform all of Tenant's obligations under the Lease, as amended by this Amendment; and (c) each person (and all of the persons if more than one signs) signing this Amendment on behalf of Tenant is duly and validly authorized to do so.

12. This Amendment may be executed in any number of identical counterparts each of which shall be deemed to be an original and ail, when taken together, shall constitute one and the same

instrument. A facsimile or similar transmission of a counterpart signed by a party hereto shall be regarded as signed by such party for purposes hereof.

THIRD AMENDMENT TO LEASE

THIS THIRD AMENDMENT TO LEASE (this " **Amendment** ") is made as of August 24, 2015 (the " **Effective Date** "), by and between **GAINEY CENTER II, LLC** , a Delaware limited liability company (" **Landlord** "), and **TPI COMPOSITES, INC.** , a Delaware corporation formerly known as LCSI Holding, Inc. (" **Tenant** ").

RECITALS:

A. Landlord and Tenant entered into that Office Lease Agreement dated as of June 12, 2007, as amended by First Amendment to Lease dated as of April 14, 2008 (the " **First Amendment** "), and that Second Amendment to Lease dated as of January 31, 2012 (the " **Second Amendment** ") (collectively, the " **Lease** "), relating to approximately 6,950 rentable square feet designated as Suite 270 and Suite 280 (collectively, the " **Original Premises** "), in the building located at 8501 North Scottsdale Road, Scottsdale, Arizona 85253 (the " **Building** "), commonly known as Gainey Center II.

B. Tenant desires to vacate the Original Premises and relocate to other premises in the Building and to renew and extend the Lease, and Landlord has agreed to such relocation and renewal and extension, upon the terms and conditions hereinafter described.

C. All capitalized terms used in this Amendment shall have the meanings given to them in the Lease, as amended hereby, unless otherwise defined herein.

AGREEMENT :

NOW, THEREFORE, for and in consideration of the foregoing recitals, Ten and No/100 Dollars ($10.00) in hand paid and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Landlord and Tenant hereby acknowledge and agree to the following:

1. New Space . From and after the New Space Commencement Date (as hereinafter defined): (a) the Premises leased by Tenant under the Lease shall be Suite 100, shown on Exhibit A attached hereto and made a part hereof, which for all purposes under the Lease, Landlord and Tenant agree contains 13,285 rentable square feet (the " **New Space** "), and the attached Exhibit A shall supersede Exhibit A to the Lease and Exhibit A to the First Amendment; (b) the defined term "Premises" in the Lease shall refer to the New Space; and (c) Landlord hereby leases to Tenant, and Tenant hereby leases from Landlord, the New Space, and no further action or instrument shall be required by the parties hereto to so lease the New Space to Tenant. " **New Space Commencement Date** " or " **NSCD** " shall mean the date of Substantial Completion (as defined in the Work Letter attached hereto as Exhibit B) of the Work (as defined in Exhibit B) in the New Space to be constructed by Tenant, but in no event shall the New Space Commencement Date be later than January 15, 2016. Upon the New Space Commencement Date, the New Space shall be deemed to be the Premises under the Lease for all purposes thereof and the Original Premises shall be deemed deleted from the Lease. Within fifteen (15) days following the New Space Commencement Date (the " **Surrender Period** "). Tenant shall deliver the Original Premises to Landlord in accordance with Article 12 of the Lease. Tenant shall not be obligated to pay Rent on the Original Premises during the 15-day Surrender Period. Tenant shall remain liable for: (i) all of Tenant's obligations under the

Lease relating to the Original Premises (other than Rent) until such time as Tenant actually vacates and surrenders the Original Premises to Landlord in accordance with Article 12 of the Lease (the " **Surrender Date** "); and (ii) Rent on the Original Premises from and after the expiration of the Surrender Period through the Surrender Date (at the rental rate that would otherwise be payable under the Lease if this Amendment had not been executed (i.e., not at holdover rates)), if Tenant fails to vacate the Original Premises prior to the expiration of the Surrender Period. Notwithstanding the foregoing, any and all obligations of Tenant under the Lease that survive the expiration and termination of the Lease shall survive the deletion of the Original Premises from the Lease with respect to such obligations accruing prior to the Surrender Date.

2. Term . The Term of the Lease is hereby extended to expire on the last day of the ninetieth (90 th) full calendar month following the New Space Commencement Date (the period from the NSCD through the expiration of the 90 th full calendar month being hereinafter referred to as the " **New Space Term** "). There are no further renewal options under the Lease except as set forth in Exhibit C attached hereto.

3. Minimum Rent . Commencing on the New Space Commencement Date, the Minimum Rent payable for the Premises shall be as set forth in the chart below. Tenant agrees to pay the Minimum Rent and all other amounts due under the terms of the Lease, in the manner set forth in the Lease.

Months	Rental Rate PSF*	Annual Minimum Rent*	Monthly Minimum Rent*
1 - 6	$ 0.00**	$ 0.00**	$ 0.00**
7 - 54	$ 27.00	$ 358,695.00	$ 29,891.25
55 - 90	$ 28.00	$ 371,980.00	$ 30,998.33

* Plus applicable rental taxes

** Landlord agrees to abate: (i) Minimum Monthly Rent for the first six (6) months following the New Space Commencement Date (the " **Abatement Months** "), in the aggregate amount of $179,347.50; and (ii) Parking Charges (as defined below) during the first twelve (12) months following the New Space Commencement Date, in the aggregate amount of $14,160.00, for an aggregate abatement of $193,507.50 (collectively, the " **Abatement** "). The abatement of Minimum Monthly Rent and Parking Charges is conditioned upon Tenant's full and timely performance of all of its obligations under the Lease. If at any time after the Effective Date a monetary default by Tenant occurs which is not cured within applicable notice and cure periods, and such default continues for thirty (30) days following the expiration of the applicable cure period, then the Abatement shall automatically be deemed void effective as of the Effective Date, and Tenant shall promptly pay to Landlord, in addition to all other amounts due to Landlord under the Lease (and without waiver of Landlord's other rights and remedies for a monetary default under the Lease), the unamortized amount of the Abatement received by Tenant (plus applicable Rent Tax) plus interest at the rate of ten percent (10%) per annum (or if less, the highest rate permitted by applicable law) (using a ninety (90) month amortization period on a straight-line basis). The Abatement shall automatically be deemed as terminated one (1) day prior to the filing of a petition by or against Tenant: (1) in any bankruptcy or other insolvency proceeding; (2) seeking any relief under any state

or federal debtor relief law; or (3) for the appointment of a liquidator or receiver for all or substantially all of Tenant's property or for Tenant's interest in the Lease.

4. "As-Is". Tenant hereby acknowledges that except for Landlord's payment of the Construction Allowance and Additional Allowance if applicable (each as defined in Exhibit B): (a) Tenant accepts the New Space and the Building as suitable for the purposes for which the same are leased; (b) that the lease of the New Space is on an "As-Is" basis and Landlord has made no representations or warranties concerning the New Space or the Building; and (c) Landlord has fully complied with Landlord's obligations contained in the Lease.

5. Expense Stop. Effective as of the New Space Commencement Date, the Expense Stop shall be based upon a 2016 Base Year, and accordingly Section 1.1(j) of the Lease (and Section 4 of the Second Amendment) shall be modified to delete the phrase "2007 Operating Year" (and "2012 Operating Year") and replace it with "2016 Operating Year". Operating Costs shall be calculated as if the Building were 95% occupied and 100% assessed for Taxes. Notwithstanding the foregoing, for purposes of calculating the amount of Operating Costs payable by Tenant, commencing in calendar year 2017, Operating Costs (with the exception of Uncontrollable Expenses (defined below)) shall not exceed for any calendar year during the New Space Term, the amount of Operating Costs for the preceding calendar year plus five percent (5%) (compounded annually) (the "**Cap**"). Any increases in Operating Costs not recovered by Landlord due to the foregoing limitation shall be carried forward into all succeeding calendar years during the New Space Term (subject to the foregoing limitation) until fully recouped by Landlord (provided that at the expiration of the New Space Term any amounts not carried forward due to the Cap shall not be recoverable from Tenant). The term "**Uncontrollable Expenses**" means expenses relating to the cost of utilities, insurance, real estate taxes and other uncontrollable expenses (such as, but not limited to, increases in the minimum wage which may affect the cost of service contracts).

6. Parking. During the New Space Term, Tenant shall lease at a minimum the following parking spaces in the parking structure adjacent to the Building (the "**Parking Garage**"), at the market rates for such Parking Garage (the "**Parking Charges**"), plus applicable taxes: (i) eleven (11) covered, reserved parking spaces, in the locations shown on Exhibit E attached hereto; (ii) eight (8) covered, unreserved parking spaces on the basement level; and (iii) four (4) rooftop spaces, in the locations shown on Exhibit E attached hereto (collectively, the "**Elected Spaces**"). These Elected Spaces are in lieu of and not in addition to any parking spaces provided with respect to the Original Premises. The current market rates are as set forth below (plus applicable taxes):

$75.00 per stall, per month for covered reserved parking spaces
$55.00 per stall, per month for covered, unreserved parking spaces
$35.00 per stall, per month for parking on the rooftop of the Parking Garage

Parking charges for the above-referenced Elected Spaces for the twelve (12) month period following the New Space Commencement Date shall be abated, as set forth in Section 3 above.

Subject to then-availability and payment of the respective Parking Charges (excluding any abatement described above) and the terms hereof, Tenant may, at any time upon not less than thirty (30) days prior written notice to Landlord (provided that if Landlord does not have to cancel a month-to-month agreement with another party for such space(s), then Tenant's notice period shall be reduced to five (5) business days), elect to increase the number of Elected Spaces to an amount not to

exceed the following amounts in the aggregate: (i) eight (8) covered, reserved parking spaces; (ii) eighteen (18) covered, unreserved parking spaces; and (iii) fourteen (14) rooftop spaces.

7. Temporary Expansion Space . In order to accommodate Tenant's immediate short term expansion needs for additional space prior to the New Space Commencement Date and in consideration of Tenant executing this Amendment, Landlord hereby grants to Tenant a revocable, non-transferable and exclusive license (" **License** ") to use approximately 1,930 rentable square feet designated as Suite 205 of the Building, shown on Exhibit A-1 attached hereto and made a part hereof (" **License Area** ") for the Permitted Use and storage purposes, upon the terms and conditions of the Lease except as set forth in this Amendment. Tenant shall not be obligated to exercise its rights under such License, but if Tenant elects to exercise such rights, then Tenant shall provide written notice to Landlord of such exercise (the " **License Notice** ") and the remainder of this paragraph shall be applicable: (a) the term of such License shall commence on the date designated in the License Notice and shall continue until the earlier of: (i) the date of termination of the License by written notice from Tenant to Landlord; (ii) the Surrender Date; or (ii) the New Space Commencement Date (the " **License Term** "); and (b) Tenant shall pay on or before the first day of each calendar month during the License Term $1,342.96 as reimbursement for operating expenses for the License Area (the " **License Fee** ") in connection with the License Area in lieu of any other fees, rent, or royalty charges for this License or the use of the License Area. License Fees for any partial month shall be prorated based upon the number of days in such month. At no additional expense to Tenant, Landlord shall provide building standard utilities to the License Area during Building hours. Tenant shall maintain the License Area in good order and repair during the License Term. Tenant shall make no alterations, improvements, or changes of any kind to the Licensed Area without first having obtained the written consent of Landlord. At all times during the term of this License, Tenant shall, at its sole cost and expense, comply with all laws, ordinances, and regulations pertaining to Tenant's use of the License Area. Upon the expiration of the License Term, Licensee shall vacate and surrender the License Area to Landlord in the same condition and repair as exists as of the Effective Date, subject only to ordinary wear and tear, and Tenant shall repair any damage done to the License Area as a result of such vacation.

8. Right of First Offer . Tenant shall have a one-time Right of First Offer on space contiguous to the New Space, subject to and in accordance with Exhibit D attached hereto.

9. Landlord's Lien . Landlord and Tenant each agree that Section 29.3 of the Lease is hereby deleted in its entirety.

10. Signage . Tenant shall have the non-exclusive right to place its name on the existing monument sign in front of the Building on Scottsdale Road in the location shown on Exhibit F attached hereto (the " **Signage** "); provided, however, Landlord shall have the right to terminate Tenant's Signage right granted herein at any time that Landlord enters into a lease with another tenant that leases more square footage in the Building than Tenant. The Signage shall be installed and maintained at Tenant's sole cost and expense throughout the Term as same may be extended. The rights of Tenant under this paragraph: (i) are personal to Tenant and may not be assigned to any other party, including without limitation any assignee or subtenant; (ii) are terminable by Landlord following any monetary default not cured within applicable notice and cure periods, if such default continues for thirty (30) days following the expiration of the applicable cure period; and (iii) are terminable by Landlord if Tenant reduces the size of the Premises below 13,285 rentable square feet, notwithstanding the consent of Landlord thereto. The location, size,

material and design of the Signage shall be subject to the prior written approval of Landlord (which shall not be unreasonably withheld), and Tenant shall be responsible for compliance with laws. Upon the expiration or earlier termination of the Lease or the termination of Tenant's sign rights as set forth herein, Tenant shall remove the Signage, at Tenant's sole cost and expense, and restore the area of the monument sign containing the Signage to its condition immediately prior to the installation of the Signage. If Tenant fails to timely remove the Signage, then the Signage shall conclusively be deemed to have been abandoned by Tenant and may be appropriated, sold, stored, destroyed, or otherwise disposed of by Landlord without further notice to Tenant or any other person and without obligation to account therefor. Tenant shall reimburse Landlord for all reasonable costs incurred by Landlord in connection therewith within thirty (30) days of Landlord's invoice. The provisions of this paragraph shall survive the expiration or earlier termination of the Lease.

11. Liability Following Tenant Assignment . The sixth sentence of Article 24 of the Lease is hereby amended to provide that Tenant shall not have any liability under the Lease following the expiration of the then-current Term of the Lease: (i) in the event of any Permitted Transfer where the Tangible Net Worth of the resulting Tenant entity is not less than the Tangible Net Worth of Tenant on the date of this Amendment; or (ii) following any assignment of the Lease by Tenant that is consented to by Landlord in writing (Tenant acknowledging that Landlord may refuse to consent to such assignment on the basis of such release, or may condition its consent upon no release). " **Tangible Net Worth** " means the excess of total assets over total liabilities, in each case as determined in accordance with generally accepted accounting principles consistently applied (" **GAAP** "), excluding, however, from the determination of total assets all assets which would be classified as intangible assets under GAAP including goodwill, licenses, patents, trademarks, trade names, copyrights, and franchises. Any subsequent transfer shall be subject to the terms of Article 24 .

12. Brokers . Tenant and Landlord each represent and warrant to the other that neither party has dealt with any real estate agent or broker in connection with this Amendment other than CBRE, Inc. (representing Landlord) and Cresa Phoenix (representing Tenant), and Landlord and Tenant each agrees to indemnify, defend and hold the other harmless from and against any claims by any other broker, agent or other person claiming a commission or other form of compensation by virtue of having dealt with Landlord or Tenant with regard to this leasing transaction.

13. Ratification/No Default . Except as modified by this Amendment, the Lease and all the terms, covenants, conditions and agreements thereof are hereby in all respects ratified, confirmed and approved. Tenant hereby affirms that to Tenant's actual knowledge on the date hereof, no breach or default by either party has occurred and that the Lease, and all of its terms, conditions, covenants, agreements and provisions, except as hereby modified, are in full force and effect with no defenses or offsets thereto.

14. Miscellaneous . This Amendment contains the entire understanding between the parties with respect to the matters contained herein. Except as modified by this Amendment, the Lease shall remain unchanged and shall continue in full force and effect. No representations, warranties, covenants or agreements have been made concerning or affecting the subject matter of this Amendment, except as are contained herein and in the Lease. This Amendment may not be changed orally, but only by an agreement in writing signed by both parties. The captions appearing

in this Amendment are inserted only as a matter of convenience and in no way shall define, amplify, limit, construe, or describe the scope or intent of any section of this Amendment.

15. Authority/Representations . Tenant hereby represents and warrants to Landlord that: (a) Tenant is in good standing under the laws of the State of Delaware; (b) Tenant has full corporate power and authority to enter into this Amendment and to perform all of Tenant's obligations under the Lease, as amended by this Amendment; and (c) each person (and all of the persons if more than one signs) signing this Amendment on behalf of Tenant is duly and validly authorized to do so. Tenant represents and warrants to Landlord that Tenant has not made any assignment, sublease, transfer, conveyance or other disposition of Tenant's interest in and to the Original Premises.

16. Counterparts . This Amendment may be executed in any number of identical counterparts each of which shall be deemed to be an original and all, when taken together, shall constitute one and the same instrument. A facsimile or similar transmission of a counterpart signed by a party hereto shall be regarded as signed by such party for purposes hereof.

17. No Offer . Submission of this instrument for examination and signature by Tenant does not constitute an offer to lease or a reservation of or option for lease, and this instrument is not effective as a lease amendment or otherwise until executed and delivered by both Landlord and Tenant.

18. Limitation of Landlord's Liability . The liability of Landlord (and its partners, shareholders or members) to Tenant (or any person or entity claiming by, through or under Tenant) for any default by Landlord under the terms of the Lease as amended by this Amendment or any matter relating to or arising out of the occupancy or use of the Premises and/or other areas of the Building shall be limited to Tenant's actual direct, but not consequential, damages therefor and shall be recoverable only from the interest of Landlord in the Building and Landlord (and its partners, shareholders or members) shall not be personally liable for any deficiency.

For the purposes of this Section 17 , the term "interest of Landlord in the Building" shall include the unencumbered rents, profits and proceeds of sale of the Building; provided, however, so long as the Building (or the entity owning the Building) is owned by a pension fund, trust, REIT or similar ownership structure, Tenant's right to recover proceeds of sale in connection with a judgment against Landlord is contingent upon Tenant delivering written notice of any claims within thirty (30) days of Tenant's receipt of written notice from Landlord of a sale (or pending sale) of the Building so that Landlord may take appropriate measures to hold back sufficient funds in connection with such claims prior to distribution of sales proceeds to the pension fund, trust, REIT or similar ownership structure.

EXHIBIT A

NEW SPACE

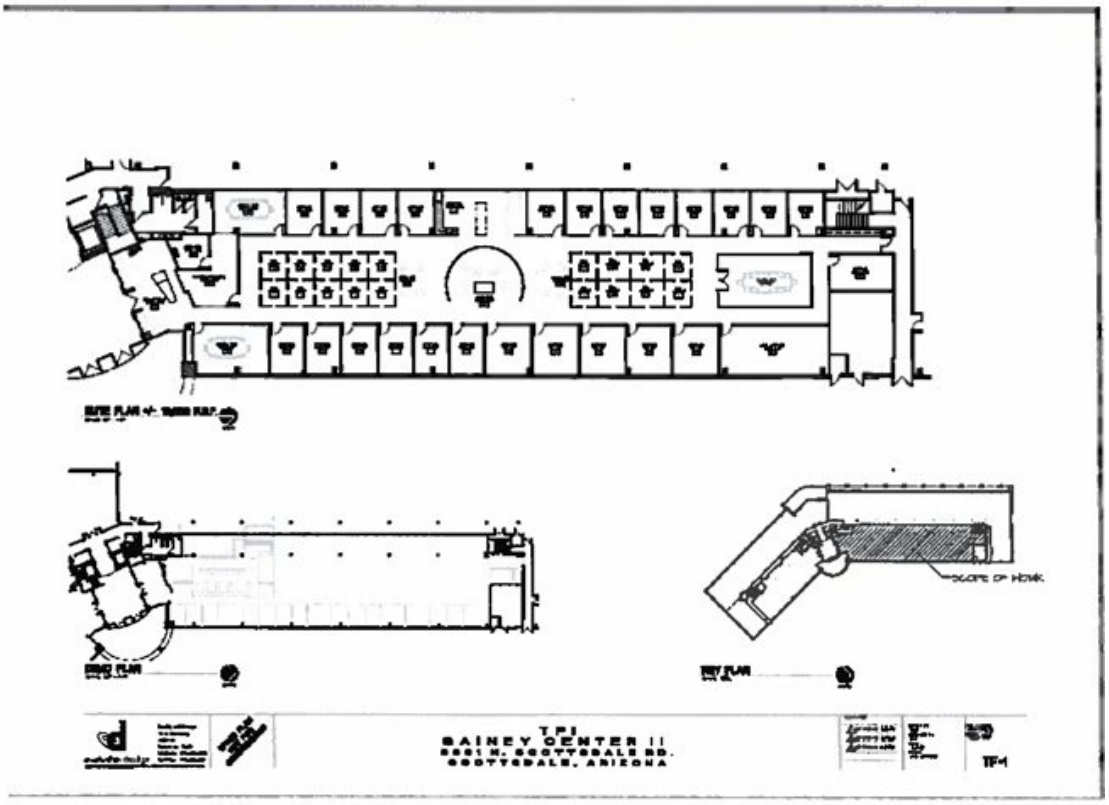

EXHIBIT A-1

LICENSE AREA

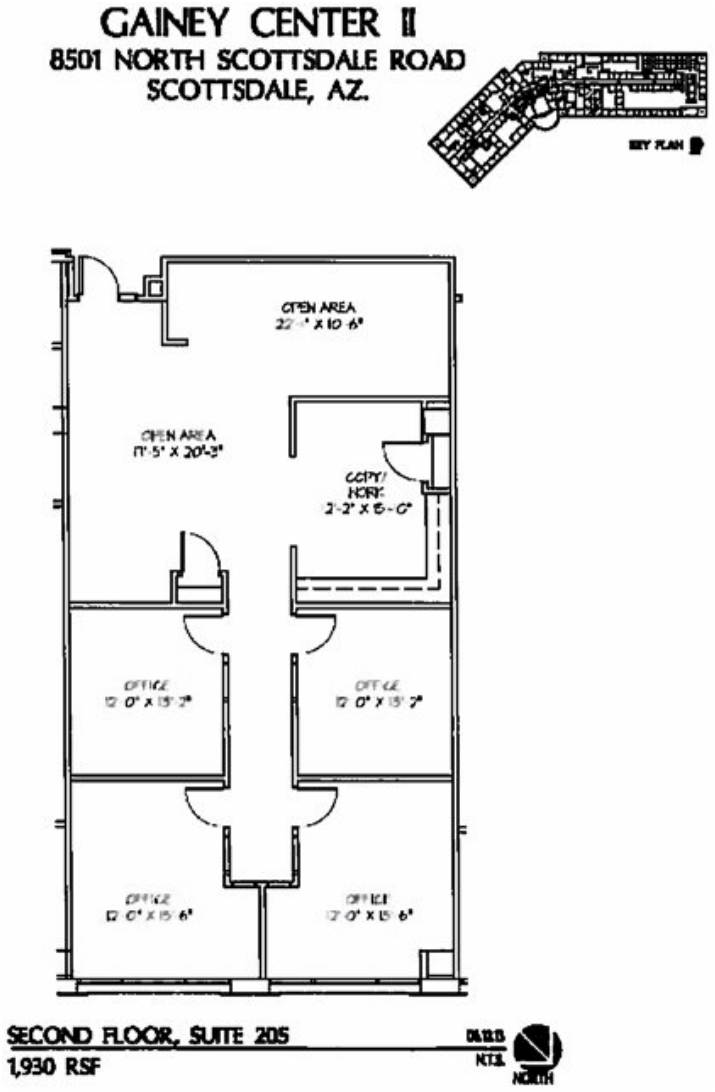

EXHIBIT B

WORKLETTER

1. **Acceptance of Premises** . Except for Landlord's payment of the Construction Allowance (and Additional Allowance if applicable), each as defined below, Tenant accepts the New Space in "AS-IS" condition on the date that this Amendment is entered into.

2. **Space Plans** . Attached hereto as Exhibit A is a space plan indicating improvements Tenant desires to make to the New Space (the " **Space Plan** "), which Space Plan has been approved by Landlord.

3. **Working Drawings** .

(a) **Preparation and Delivery** . On or before the date which is thirty (30) days following full execution of this Amendment (the " **Working Drawings Delivery Deadline** "), Tenant shall provide to Landlord for its approval final working drawings, prepared by Roberta Thomas of Evolution Design (the " **Architect** "), of all improvements that Tenant proposes to install in the New Space; such working drawings shall include the partition layout, ceiling plan, electrical outlets and switches, telephone outlets, drawings for any modifications to the mechanical and plumbing systems of the Building, and detailed plans and specifications for the construction of the improvements called for under this Exhibit in accordance with all applicable laws.

(b) **Approval Process** . Landlord shall notify Tenant whether it approves of the submitted working drawings within ten (10) business days after Tenant's submission thereof, which approval shall not be unreasonably withheld so long as such working drawings are consistent with the Space Plan. If Landlord disapproves of such working drawings, then Landlord shall notify Tenant thereof specifying in reasonable detail the reasons for such disapproval, in which case Tenant shall, within five (5) business days after such notice, revise such working drawings in accordance with Landlord's objections and submit the revised working drawings to Landlord for its review and approval. Landlord shall notify Tenant in writing whether it approves of the resubmitted working drawings within five (5) business days after its receipt thereof. This process shall be repeated until the working drawings have been finally approved by Tenant and Landlord.

(c) **Landlord's Approval; Performance of Work** . If any of Tenant's proposed construction work will affect the Building's structure or any of the Building's systems, then the working drawings pertaining thereto must be approved by Landlord's engineer. Landlord's approval of such working drawings shall not be unreasonably withheld, provided that (1) they comply with all laws, (2) the improvements depicted thereon do not adversely affect (in the reasonable discretion of Landlord) the Building's structure or the Building's systems (including the Building's restrooms or mechanical rooms), the exterior appearance of the Building, or the appearance of the Building's Common Areas or elevator lobby areas, (3) such working drawings are sufficiently detailed to allow construction of the improvements in a good and workmanlike manner, and (4) the improvements depicted thereon are performed in accordance with the Construction Rules and Regulations attached hereto as Exhibit G . As used herein, " **Working Drawings** " shall mean the final working drawings approved by Landlord, as amended from time to time by any approved changes thereto, and " **Work** " shall mean all improvements to be constructed in substantial accordance with and as indicated on the Working Drawings, together with any work required by governmental authorities to be made to other

areas of the Building as a result of the improvements indicated by the Working Drawings. Plans and specifications of the Work will be subject to City and State review and approval. Landlord's approval of the Working Drawings shall not be a representation or warranty of Landlord that such drawings are adequate for any use or comply with any law, but shall merely be the consent of Landlord thereto. Tenant shall, at Landlord's request, sign the Working Drawings to evidence its review and approval thereof. After the Working Drawings have been approved, Tenant shall cause the Work to be performed in substantial accordance with the Working Drawings and this Amendment.

(d) Cresa Project Management (" **Project Manager** ") shall manage the construction of the Work on behalf of Tenant, provided that Tenant must use engineers: (i) reasonably selected by Landlord in connection with fire life safety systems; and (ii) selected by Tenant and reasonably approved by Landlord for any portion of the Work related to mechanical, electrical and plumbing systems. Project Manager's fees may be paid out of the Construction Allowance. Landlord shall have the right to have its construction management team oversee the Work on behalf of the Building and Landlord, provided that Landlord shall not charge a construction management fee in connection therewith.

4. **Bidding of Work** . Tenant has selected Willmeng Construction, Inc. as its general contractor for the performance of the Work, and Landlord has approved such selection. After Tenant's receipt of bids for the Work, if the estimated Total Construction Costs (defined in Section 8 below) are expected to exceed the Construction Allowance (defined in Section 9 below), Tenant may value engineer any of Tenant's requested alterations. In such case, Tenant shall notify Landlord of any items in the Working Drawings that Tenant desires to change within two (2) business days after receipt of such bids.

5. **Change Orders** . If Tenant desires changes in the Work, each such change must receive the prior written approval of Landlord, such approval not to be unreasonably withheld or delayed; however, if such requested change would adversely affect (in the reasonable discretion of Landlord) (a) the Building's structure or the Building's systems (including the Building's restrooms or mechanical rooms), (b) the exterior appearance of the Building, or (c) the appearance of the Building's Common Areas or elevator lobby areas, Landlord may withhold its consent in its sole and absolute discretion. Tenant shall, upon completion of the Work, furnish Landlord with an accurate architectural "as-built" plan of the Work as constructed, which plan shall be incorporated into this Exhibit B by this reference for all purposes.

6. **Definitions** . As used herein " **Substantial Completion** ." " **Substantially Completed** ," and any derivations thereof mean the Work in the New Space has been performed in substantial accordance with the Working Drawings, as reasonably determined by Architect and Landlord (other than any details of construction, mechanical adjustment or other similar matter, the noncompletion of which does not materially interfere with Tenant's use or occupancy of the New Space).

7. **Walk-Through; Punchlist** . When Tenant considers the Work in the New Space to be Substantially Completed, Tenant will notify Landlord and within three (3) business days thereafter, Landlord's representative and Tenant's representative shall conduct a walk-through of the New Space and identify any necessary touch-up work, repairs and minor completion items that are necessary for final completion of the Work. Neither Landlord's representative nor Tenant's

representative shall unreasonably withhold his or her agreement on punchlist items. Tenant shall use reasonable efforts to cause the contractor performing the Work to complete all punchlist items within thirty (30) days after agreement thereon; however, Tenant shall not be obligated to engage overtime labor in order to complete such items.

8. **Costs**. Any and all hard and soft costs of performing the Work (including without limitation design of the Work and preparation of the Working Drawings, costs of construction labor and materials, electrical and HVAC usage during construction, additional janitorial services, general tenant signage, related city fees, data cabling/IT equipment, security readers, taxes and insurance costs, and Project Manager's fees, all of which costs are herein collectively called the " **Total Construction Costs** ") shall be paid by Tenant (subject to the Construction Allowance (and Additional Allowance if applicable), provided that the Construction Allowance and Additional Allowance may not be used for audio visual equipment, furniture or other personal property not related to permanent improvements). Upon approval of the Working Drawings, Tenant shall promptly execute a work order agreement which identifies such drawings and itemizes the Total Construction Costs and sets forth the Construction Allowance (and if Tenant has elected same at such time, the Additional Allowance or portion thereof).

9. **Construction Allowance**. Landlord shall provide to Tenant a construction allowance not to exceed $40.00 per rentable square foot in the New Space ($531,400.00, the " **Construction Allowance** ") to be applied toward the Total Construction Costs (provided that the Construction Allowance and Additional Allowance may not be used for audio visual equipment, furniture or other personal property not related to permanent improvements).

(a) The Construction Allowance shall be disbursed in accordance with the schedule set forth in (c) below. If the projected cost of the Work exceeds the Construction Allowance, the cost of the Work in excess of the Construction Allowance is referred to herein as the " **Excess Costs** ". Provided Tenant shall not be in default of any of its obligations under this Lease, Landlord agrees to fund, on a pro rata basis with Tenant, disbursements of the Construction Allowance (less retainage amounts as set forth below) concurrently with Tenant's funding of its pro rata share of the Excess Costs. For avoidance of doubt, Landlord and Tenant acknowledge that Landlord's pro rata share of a payment due towards the cost of the Work (where there are costs over and above the Construction Allowance) shall be based on the ratio that the Construction Allowance bears to the total projected cost of the Work, and Tenant's pro rata share shall be the percentage share remaining after subtracting Landlord's pro rata share from 100.

(b) Landlord shall have the right to withhold reasonable retainage of the Construction Allowance (and Additional Allowance if applicable) and to file notices of completion in the applicable county records in accordance with state law. The obligation of Landlord to make each such disbursement of the Construction Allowance (and Additional Allowance if applicable) is subject to the condition precedent that, on the date of such disbursement, no event has occurred and is continuing which constitutes a default of Tenant under the Lease (as amended by this Amendment) (provided that following the cure of such default Landlord shall fund the disbursement not disbursed due to such default). After each disbursement of the Construction Allowance (or any portion thereof) (and Additional Allowance if applicable, or portion thereof) by Landlord to Tenant, Tenant shall be solely responsible for disbursement to Tenant's general contractor, subcontractors, architect, engineers and material suppliers of payments for the Total

Construction Costs (limited as set forth above). The Construction Allowance must be used within nine (9) months following the New Space Commencement Date or shall be deemed forfeited with no further obligation by Landlord with respect thereto. Prior to the date of this Amendment, Landlord made available to Tenant a test fit allowance of $0.12 per rentable square foot in the New Space ($1,594.20, the " **Test Fit Allowance** "), which Test Fit Allowance if actually paid to Tenant (or its space planner) will be deducted from the Construction Allowance.

(c) Landlord shall make payments of the Construction Allowance as follows (subject to the pro rata disbursement as described in (a) above):

(i) First Payment Through Fifth Payments . Within thirty (30) days following Landlord's receipt of a written request from Tenant for a draw on the Construction Allowance (such request not to be given more than once a calendar month, and no more than in five (5) such monthly draws (for a total of six (6) payments including the Final Disbursement as defined below), each such request for an amount not less than $50,000 of the Construction Allowance) together with the Supporting Documents. As used herein, the term " **Supporting Documents** " shall mean, with respect to each disbursement (excluding the final disbursement) of the Construction Allowance hereunder:

(1) a written certification reasonably satisfactory to Landlord, signed by a responsible officer of Tenant certifying an itemized statement of the actual costs and expenses incurred by Tenant with respect to the Work performed and the materials provided in connection with the design, planning and construction of the Work, or the other costs to be paid out of the Construction Allowance, together with a true and complete copy of all relevant invoices from subcontractors performing $1,000.00 or more work and materials suppliers supplying $1,000.00 or more materials, to Tenant's general contractor and from Tenant's general contractor to Tenant therefor;

(2) an affidavit signed by Tenant's general contractor affirming that all subcontractors, laborers, artisans, mechanics and material suppliers engaged in or supplying labor or materials for the design, planning and construction of the Work have been paid in full, with the exception only of labor and materials supplied to complete "punch list" items;

(3) a waiver of liens with respect to the New Space and the Building, executed by Tenant's general contractor and, if obtainable on the condition that they not be delivered and released except upon payment to Tenant's general contractor, a waiver of liens executed by all subcontractors, laborers, artisans, mechanics and material suppliers engaged in or supplying labor or materials for the design, planning and construction of the Work in the amount of $1,000.00 or more; provided, however, if a claim of lien or a lien has been filed by any such subcontractor, laborer, artisan, mechanic or material supplier, Tenant shall obtain an unconditional waiver of such lien before Landlord shall be obligated to disburse the relevant installment of the Construction Allowance;

(4) a written certification by Tenant's Architect to the effect that the Work installed to date have been completed substantially (*i.e* ., subject only to the completion of "punch list" items) in accordance with the approved Working Drawings and applicable legal requirements; and

(5) AIA documents G702 and G703 or their equivalents.

(iii) Sixth and Final Payment/Final Disbursement . Within thirty (30) days following Landlord's receipt of a written request from Tenant for a final draw on the Construction Allowance (the " **Final Disbursement** "), together with the Final Documents (as defined herein), Landlord shall pay the remaining balance of the Construction Allowance (and Additional Allowance, if applicable, reduced by the Test Fit Allowance if same was funded previously). As used herein, the term " **Final Documents** " shall mean:

(1) a copy of the certificate of occupancy for the New Space issued by the appropriate governmental authority adequate to support occupancy of the New Space (provided if such certificate of occupancy is temporary in nature, Tenant shall be obligated to diligently pursue the issuance of the permanent certificate of occupancy for the New Space, a copy of which shall be promptly delivered by Tenant to Landlord);

RENEWAL OPTION

If Tenant has not committed an Event of Default at any time during the New Space Term, and Tenant is occupying the entire Premises at the time of such election, Tenant may renew the Lease for one (1) additional period of five (5) years, by delivering written notice of the exercise thereof to Landlord not later than twelve (12) months before the expiration of the New Space Term. The Minimum Rent payable for each month during such extended Term shall be the prevailing rental rate (the " **Prevailing Rental Rate** "), at the commencement of such extended Term, for renewals of space in comparable buildings in the central Scottsdale market, of equivalent quality, size, utility and location, with the length of the extended Term and the credit standing of Tenant to be taken into account. Within thirty (30) days after receipt of Tenant's notice to renew, Landlord shall deliver to Tenant written notice of Landlord's determination of the Prevailing Rental Rate and shall advise Tenant of the required adjustment to Minimum Rent, if any, and the other terms and conditions offered. Tenant shall, within ten (10) days after receipt of Landlord's notice, notify Landlord in writing whether Tenant accepts or rejects Landlord's determination of the Prevailing Rental Rate.

If Tenant timely notifies Landlord that Tenant rejects Landlord's determination of the Prevailing Rental Rate, then the Prevailing Rental Rate as of commencement of the renewal Term shall be determined as follows: within thirty (30) days after receipt of Landlord's notice specifying Landlord's determination of the Prevailing Rental Rate, Tenant, at its sole cost, shall obtain and deliver in writing to Landlord a determination of the Prevailing Rental Rate for the Premises for a term equal to the renewal Term from a broker (" **Tenant's Broker** ") licensed in the State of Arizona and with not less than ten (10) years' experience in leasing space in comparable buildings in the central Scottsdale market. If Landlord accepts such determination, the Minimum Rent for the renewal Term shall be adjusted to an amount based upon the Prevailing Rental Rate determined by Tenant's Broker. If Landlord does not accept such determination within fifteen (15) days after receipt of the determination by Tenant's Broker, Landlord shall designate a broker (" **Landlord's Broker** ") licensed in the State of Arizona and with not less than ten (10) years' experience in leasing space in comparable buildings in the central Scottsdale market. If Landlord's Broker and Tenant's Broker cannot together agree on the Prevailing Rental Rate, Landlord's Broker and Tenant's Broker shall name a third broker, similarly qualified, within five (5) days after the appointment of Landlord's Broker. Each of said three (3) brokers shall determine the Prevailing Rental Rate for the Premises as of the commencement of the renewal Term for a five (5) year term within fifteen (15) days after the appointment of the third broker. The Minimum Rent payable by Tenant effective as of the commencement of the renewal Term shall be adjusted to an amount equal to the arithmetic average of such three determinations; provided, however, that if any such broker's determination deviates more than ten percent (10%) from the median of such determinations, the Minimum Rent payable shall be an amount equal to the average of the two closest determinations. Landlord shall pay the costs and fees of Landlord's Broker in connection with any determination hereunder, and Tenant shall pay the costs and fees of Tenant's Broker in connection with such determination. The costs and fees of any third broker shall be paid one half (1/2) by Landlord and one half (1/2) by Tenant.

Upon the determination of the Minimum Rent for the renewal Term as aforesaid, or if Tenant timely notifies Landlord that Tenant accepts Landlord's determination of the Prevailing Rental Rate, then, on or before the commencement date of the renewal Term, Landlord and Tenant shall execute

an amendment to the Lease extending the Term on the same terms provided in the Lease (as amended by this Amendment), except as follows:

(a) Minimum Rent shall be adjusted to the Prevailing Rental Rate;

(b) The Base Year for calculating the Expense Stop shall be calendar year 2023, Tenant shall pay actual Operating Expenses in excess of such Base Year for calendar year 2024, and the Cap shall be applicable to Operating Expenses for calendar year 2025 and the other remaining years of such renewal Term;

(c) Tenant shall have no further renewal option unless expressly granted by Landlord in writing;

(d) Landlord shall lease to Tenant the Premises in their then-current condition, and Landlord shall not provide to Tenant any allowances (e.g., moving allowance, construction allowance, and the like) or other tenant inducements; and

(e) Tenant shall pay for the parking spaces which it is entitled to use at the then-market rates from time to time charged to patrons of the Parking Garage (plus all applicable taxes).

If Tenant fails to timely notify Landlord in writing that Tenant accepts or rejects Landlord's determination of the Prevailing Rental Rate, time being of the essence with respect thereto, Tenant's rights under this Exhibit shall terminate and Tenant shall have no right to renew the Lease.

Tenant's rights under this Exhibit shall terminate if (1) the Lease or Tenant's right to possession of the Premises is terminated, (2) other than pursuant to a Permitted Transfer, Tenant assigns any of its interest in the Lease or sublets any portion of the Premises, (3) Tenant fails to timely exercise its option under this Exhibit, time being of the essence with respect to Tenant's exercise thereof, or (4) Landlord determines, in its sole but reasonable discretion, that Tenant's financial condition or creditworthiness has materially deteriorated since the date of this Amendment.

EXHIBIT D

RIGHT OF FIRST OFFER

Subject to renewal or expansion options of other tenants existing on the date of this Amendment (" **Prior Rights** "), and provided no Event of Default then exists, Landlord shall, prior to offering the same to any party (other than tenants with Prior Rights), first offer to lease to Tenant the space adjacent to the New Space on the first floor of the Building and shown on Exhibit D-1 attached hereto (the " **Offer Space** ") in an "AS-IS" condition; such offer shall be in writing and specify the lease terms for the Offer Space, including the rent to be paid for the Offer Space (which if leased by Tenant within the twelve (12) month period following the New Space Commencement Date shall be upon the same per square foot Minimum Rent rate, with a pro-rata share of the $40.00 per square foot Construction Allowance based upon the number of months remaining in the Term of the Lease on the date of commencement of the Term relating to the Offer Space and the number of months the Offer Space is available (if less than the entire Term), otherwise same shall be at prevailing market rates for the Building) and the date on which the Offer Space shall be included in the Premises (the " **Offer Notice** "). Tenant shall notify Landlord in writing whether Tenant elects to lease the entire Offer Space on the terms set forth in the Offer Notice, within five (5) business days after Landlord delivers to Tenant the Offer Notice. If Tenant timely elects to lease the Offer Space, then Landlord and Tenant shall execute an amendment to the Lease, effective as of the date the Offer Space is to be included in the Premises, on the terms set forth in the Offer Notice and, to the extent not inconsistent with the Offer Notice terms, the terms of the Lease (as amended by this Amendment). The term of the lease on the Offer Space shall be the greater of: (i) the remaining term of the Lease; and (ii) three (3) years (with the term of the Lease for the Premises being extended if necessary to expire co-terminously with such 3-year term on the Offer Space). Notwithstanding the foregoing, if prior to Landlord's delivery to Tenant of the Offer Notice, Landlord has received an offer to lease all or part of the Offer Space from a third party (a " **Third Party Offer** ") and such Third Party Offer includes space in excess of the Offer Space, Tenant must exercise its rights hereunder, if at all, as to all of the space contained in the Third Party Offer.

If Tenant fails or is unable to timely exercise its right hereunder, then Landlord may lease all or a portion of the Offer Space to third parties on such terms as Landlord may elect, Tenant's right being a one-time right only. Tenant may not exercise its rights under this Exhibit if an Event of Default exists or Tenant is not then occupying the entire Premises.

Tenant shall not initiate, submit an application for, or otherwise request, any land use approvals or entitlements with respect to the Premises or any other portion of the Project, including, without limitation, any variance, conditional use permit or rezoning, without first obtaining Landlord's prior written consent, which may be given or withheld in Landlord's sole discretion. Tenant shall not (a) permit any animals or pets to be brought to or kept in the

Premises, (b) install any antenna, dish or other device on the roof of the Building or outside of the Premises, (c) make any penetrations into the roof of the Building, (d) place loads upon floors, walls or ceilings in excess of the load such items were designed to carry, (e) place or store, nor permit any other person or entity to place or store, any property, equipment, materials, supplies or other items outside of the Building except in the Outdoor Storage Area and the Parking Area, (f) change the exterior of the Premises or the Building in which the Premises is located, or (g) install or erect any tower or other structure in the Outdoor Storage Area or the Parking Area.

4.2 ***C OMPLIANCE W ITH L AWS*** . Tenant shall, at Tenant's sole expense, promptly comply with all applicable Laws and the terms of any covenants, conditions, restrictions, or easements, of which Tenant has been notified in advance in writing by Landlord, and the reasonable requirements of any fire insurance underwriters, rating bureaus or government agencies, now in effect or which may hereafter come into effect, whether or not they reflect a change in policy from that now existing, during the term or any part of the term hereof, relating in any manner to the Premises or the occupation and use by Tenant of the Premises. Landlord represents and warrants to Tenant that any existing covenants, conditions, restrictions or easements affecting the Premises and the Outdoor Storage Area do not prohibit or restrict the use of the Premises or the Outdoor Storage Area for the uses permitted under this Lease. During the Term, Landlord shall not enter into any agreement, covenant, condition, restriction or easement which materially and adversely affects Tenant's rights under this Lease, or increases Tenant's obligations under this Lease, except in a de minimis way, without Tenant's prior written consent, which consent Tenant may grant or deny in its sole discretion. Except for items within the scope of Landlord's Work, or Landlord's repair obligations under this Lease, Tenant shall, at Tenant's sole expense, comply with all requirements of the Americans With Disabilities Act that relate to the Premises, and all federal, state and local laws and regulations governing occupational safety and health; provided, however, Tenant will not be required to make any repairs or alterations to the Premises to comply with any such laws unless and to the extent such requirements are triggered solely by Tenant's particular use of the Premises (as opposed to general industrial use) or any alterations performed by Tenant. Tenant shall not permit or take any action that would constitute a nuisance or would disturb, unreasonably interfere with or endanger Landlord or any other tenants of the Project. Tenant shall obtain, at its sole expense, any permit or other governmental authorization required to operate its business from the Premises. Landlord shall not be liable for the failure of any other tenant or person to abide by the requirements of this Section or to otherwise comply with applicable laws and regulations, and Tenant shall not be excused from the performance of its obligations under this Lease due to such a failure.

If alterations to the Building are required as a result of any Law which is adopted after the date of this Lease, Landlord shall perform such alterations, at its cost and expense, except if such alterations are required as a result of Tenant's particular use of the Building, as opposed to industrial use generally.

Payments of Outdoor Storage Area Rent shall not commence to accrue until the Outdoor Storage Area Commencement Date and shall be payable monthly together with payments of Base Rent under this Lease. Payments of Rent for any fractional calendar month shall be prorated. All payments required to be made by Tenant to Landlord hereunder shall be payable at such address as Landlord may specify from time to time by written notice delivered in accordance herewith. Tenant shall have no right at any time to abate, reduce, or set off any rent due hereunder except where expressly provided in this Lease.

7. ***U TILITIES*** .

7.1 ***P AYMENT*** . Tenant shall pay for all water, gas, electricity, telephone, sewer, sprinkler services, refuse and trash collection and other utilities and services used on the Premises, together with any taxes, penalties, surcharges or the like pertaining thereto. Tenant shall contract directly with the applicable public utility for such services. As of the date of Commencement of this Lease, gas and electric service to the Premises are separately metered. Tenant shall pay its share of all charges for jointly metered utilities based upon consumption, as reasonably determined by Landlord. Tenant agrees to limit use of water and sewer for normal restroom use, and nothing herein contained shall impose upon Landlord any duty to provide sewer or water usage for other than normal restroom usage.

7.2 ***I NTERRUPTIONS*** .

(a) Tenant agrees that Landlord, except as otherwise provided in this Lease, shall not be liable to Tenant for its failure to furnish water, gas, electricity, telephone, sewer, refuse and trash collection or any other utility services or building services when such failure is occasioned, in whole or in part, by repairs, replacements or improvements, by any strike, lockout or other labor trouble, by inability to secure electricity, gas, water, telephone service or other utility at the Project, by any accident, casualty or event arising from any cause whatsoever, by act, negligence or default of Tenant or any other person or entity, or by any other cause. Furthermore, Landlord shall not be liable under any circumstances for loss of property or for injury to, or interference with, Tenant's business, including, without limitation, loss of profits, however occurring, through or in connection with or incidental to a failure to furnish any such services or utilities. Landlord may comply with controls or guidelines promulgated by any governmental entity relating to the use or conservation of energy, water, gas, light or electricity or the reduction of automobile or other emissions without creating any liability of Landlord to Tenant under this Lease.

(b) Notwithstanding anything to the contrary in this Lease contained, if, as a result of the negligence or willful misconduct of Landlord, its agent, employees or contractors, or the failure of Landlord to perform its repair or other obligations under this Lease, and not as a result of the fault or neglect of Tenant or Tenant's agents, employees or contractors, or due to any cause

beyond the reasonable control of Landlord, all or any substantial part of the Premises is rendered unusable or inaccessible for the conduct of Tenant's business ~~a period~~ for the Untenantability Period (as hereinafter defined), Base Rent shall thereafter be abated in proportion to the area of the Premises rendered untenantable until the day such condition is corrected. For the purposes hereof, the "Untenantability Period" shall be defined as five (5) consecutive business days after Landlord's receipt of written notice from Tenant of the condition causing untenantability in the Premises.

8. ***PERSONAL PROPERTY TAXES*** .

8.1 ***PERSONAL PROPERTY TAXES*** . Tenant shall pay prior to delinquency all taxes assessed against and levied upon trade fixtures, furnishings, equipment and all other personal property of Tenant contained in the Premises or related to Tenant's use of the Premises. If any of Tenant's personal property shall be assessed with Landlord's real or personal property, Tenant shall pay to Landlord the taxes attributable to Tenant within ten (10) days after receipt of a written statement from Landlord setting forth the taxes applicable to Tenant's property.

9. ***INSURANCE*** .

9.1 ***INSURANCE - TENANT*** .

(a) Tenant shall obtain and keep in force during the term of this Lease a commercial general liability policy of insurance which protects Tenant and Landlord (as an additional insured) against claims for bodily injury, personal injury and property damage based upon, involving or arising out of Tenant's use, occupancy and maintenance of the Premises and all areas appurtenant thereto. The policy shall not contain any cross-insured or intra- insured exclusion as between insured persons or organizations, but shall include coverage for liability assumed under this Lease as an "insured contract" for the performance of Tenant's indemnity obligations under this Lease.

(b) Tenant shall obtain and keep in force during the term property insurance. Said insurance shall be written on a one hundred percent (100%) replacement cost basis on Tenant's personal property, all tenant improvements installed at the Premises by Tenant, Tenant's trade fixtures and other property. By way of example, and not limitation, such policies shall provide protection against any peril included within the classifications "Special Forms" with no exclusion for damages caused by earthquake and flood.

(c) Tenant shall, at all times during the term hereof, maintain in effect business interruption and extra expense insurance satisfactory to Landlord, but in no event shall Landlord require Tenant to carry such coverage for an amount in excess of twelve (12) months of Rent under this Lease.

9.2 ***I NSURANCE -L ANDLORD*** .

(a) Landlord shall obtain and keep in force a policy of commercial general liability insurance with coverage against such risks and in such amounts as Landlord deems reasonably (but in no event less than the coverage limited required to be carried by Tenant under this Lease) insuring Landlord against liability arising out of the ownership, operation and management of the Project.

(b) Landlord shall also obtain and keep in force during the term of this Lease a policy or policies of insurance covering loss or damage to the Project in the amount of not less than one hundred percent (100%) of the full replacement cost thereof, as determined by Landlord from time to time. The terms and conditions of said policies and the perils and risks covered thereby shall be determined by Landlord, from time to time, in Landlord's sole discretion. In addition, at Landlord's option, Landlord shall obtain and keep in force, during the term of this Lease, a policy of rental interruption insurance, with loss payable to Landlord. Tenant will not be named as an additional insured in any insurance policies carried by Landlord and shall have no right to any proceeds therefrom. The policies purchased by Landlord shall contain such deductibles as Landlord may determine; provided, however, the waivers set forth in Section 9.4 shall apply to any deductible maintained by Landlord in excess of $100,000. Tenant shall pay at Tenant's sole expense any increase in the property insurance premiums for the Project over what

was payable immediately prior to the increase to the extent the increase is specified by Landlord's insurance carrier as being caused by the nature of Tenant's occupancy, other than as expressly permitted in this Lease or any act or omission of Landlord, including, Landlord's Work or the improvements to the Outdoor Storage Area.

9.3 ***INSURANCE POLICIES*** . Tenant shall deliver to Landlord copies of the insurance certificates required under Section 9.1 on or before the Commencement Date of this Lease. Tenant's insurance policies required under this Lease shall not be cancelable or subject to reduction of coverage or other modification except after thirty (30) days prior written notice to Landlord. Tenant shall, at least thirty (30) days prior to the expiration of such policies, furnish Landlord with a renewal certificate thereof. Tenant's insurance policies shall be issued by insurance companies authorized to do business in the state in which the Project is located, and said companies shall maintain during the policy term a "General Policyholder's Rating" of at least A- and a financial rating of at least "Class V" as set forth in the most recent edition of "Best Insurance Reports." All insurance obtained by Tenant shall be primary to and not contributory with any similar insurance carried by Landlord, whose insurance shall be considered excess insurance only. Landlord and, at Landlord's option, the holder of any mortgage or deed of trust encumbering the Project and any person or entity managing the Project on behalf of Landlord, shall be named as an additional insured on all insurance policies Tenant is obligated to obtain by Section 9.1 above. Tenant's insurance policies shall not include deductibles in excess of Fifty Thousand Dollars ($50,000.00).

9.4 ***WAIVER OF SUBROGATION*** . Landlord waives any and all rights of recovery against Tenant for or arising out of damage to, or destruction of, the Project to the extent that Landlord's insurance policies then in force insure against such damage or destruction or would have insured against such damage or destruction if Landlord had carried the insurance coverages required of Landlord under this Lease (whether or not the insurance Landlord is required to obtain by Section 9.1 is then in force and effect). Landlord shall cause the insurance policies it obtains in accordance with this Section 9 to provide that the insurance company waives all right of recovery by subrogation against Tenant in connection with any liability or damage covered by Landlord's insurance policies. Landlord's waiver shall not relieve Tenant from liability under Section 18 below except to the extent Landlord's insurance company actually satisfies Tenant's obligations under Section 18 in accordance with the requirements of Section 18 or is subject to the waiver set forth in this Section 9.4. Tenant waives any and all rights of recovery against Landlord, Landlord's employees, agents and contractors for liability or damages if such liability or damage is covered by Tenant's insurance policies then in force or which would have been covered by the insurance policies Tenant is required to obtain by Section 9.1 (whether or not the insurance Tenant is required to obtain by Section 9.1 is then in force and effect), whichever is broader. Tenant shall cause the insurance policies it obtains in accordance with this Section 9 to provide that the insurance company waives all right of recovery by subrogation against Landlord in connection with any liability or damage covered by Tenant's insurance policies. The parties hereto shall procure an appropriate clause in, or endorsement on, any fire or extended coverage insurance covering the Premises, the Project and personal property, fixtures and equipment located thereon or therein, pursuant to which the insurance companies waive subrogation or consent to a waiver of right of recovery.

9.5 ***C OVERAGE*** . Landlord makes no representation to Tenant that the limits or forms of coverage for Tenant specified above or approved by Landlord are adequate to insure Tenant's property or Tenant's obligations under this Lease, and the limits of any insurance carried by Tenant shall not limit Tenant's obligations or liability under any indemnity provision included in this Lease or under any other provision of this Lease.

10. ***L ANDLORD ' S REPAIRS /A LTERATIONS*** . Landlord shall maintain, at Landlord's expense, the roof and all structural elements of the Building in good condition and repair during the term of this Lease. Landlord's maintenance obligations shall also include maintaining any utility, plumbing or mechanical systems within the Premises but which do not exclusively serve the Premises. Tenant shall reimburse Landlord for the cost of any maintenance, repair or replacement of the foregoing necessitated by Tenant's alterations to the Premises, Tenant's negligent or willful acts or omissions, or any breach of its obligations under this Lease. Tenant, and not Landlord, shall be responsible for the repair and maintenance of windows, glass or plate glass, doors or overhead doors, special store fronts, dock bumpers, dock plates or levelers, or office entries. Tenant shall immediately give Landlord written notice of any repair required by Landlord pursuant to this Section, after which Landlord shall have a reasonable time in which to complete the repair. Nothing contained in this Section shall be construed to obligate Landlord to seal or otherwise maintain the surface of any foundation, floor or slab. Tenant shall immediately give Landlord written notice of any repair or maintenance required by Landlord pursuant to this Section, after which Landlord shall have a reasonable time in which to complete such repair or maintenance. Subject to the provisions of Section 3.2, Landlord shall not be obligated to replace the HVAC units serving the Premises, but agrees to enforce all warranties on said units for Tenant's benefit.

11. ***T ENANT ' S R EPAIRS*** .

11.1 ***O BLIGATIONS OF T ENANT*** . Tenant shall, at its sole cost and expense, keep and maintain all parts of the Premises (except those listed as Landlord's responsibility in Section 10 above) in good and sanitary condition, promptly making all necessary repairs and replacements, including but not limited to, windows, glass and plate glass, doors, skylights, any special store front or office entry, walls and finish work, floors and floor coverings, heating and air conditioning systems, dock boards, bumpers, plates, seals, levelers and lights, plumbing work and fixtures (including periodic backflow testing), electrical systems, lighting facilities and bulbs, alarm systems, fire detection systems within and exclusively serving the Premises, termite and pest extermination, tenant signage and regular removal of trash and debris. Landlord shall have the right to reasonably approve the contractor Tenant shall use to make any repair or to perform any maintenance on the heating, ventilation and air conditioning systems (" **HVAC** "), fire alarm systems or fire detection systems located at the Premises. If Tenant fails to keep the Premises in good condition and repair, and such failure is not corrected within ten (10) days after notice from Landlord, Landlord may, but shall not be obligated to, make any necessary repairs. If Landlord makes such repairs, Landlord may bill Tenant for the reasonable out-of-pocket cost of the repairs as additional rent, and said additional rent shall be payable by Tenant within thirty

(30) days after demand by Landlord. Tenant agrees, at its cost, to maintain a standard service contract for the HVAC system serving the Premises.

11.2 ***T ENANT ' S R IGHT TO C URE L ANDLORD D EFAULT*** . If Landlord shall fail to perform services or repairs for which Landlord is responsible under this Lease (excluding any services or repairs which Landlord is unable to perform due to an event of force majeure as defined in Section 57 or an act or omission of Tenant, its contractors, agents or employees, and Landlord shall fail to perform such services or repairs within thirty (30) days following Tenant's notice (or such longer period as is reasonable under the circumstances), and the repairs or services are of such a nature that the nonperformance thereof by the expiration of such time period shall materially adversely affect Tenant's ability to occupy and operate its business in the Premises, then Tenant may, after five (5) additional days' prior written notice given to Landlord (and any mortgagee of which Tenant has been notified of the name and address) make such reasonable repairs or perform such services, and Landlord shall reimburse Tenant for the reasonable cost thereof within thirty (30) days following Landlord's receipt of invoices or other evidence reasonably substantiating Tenant's payment of such costs. In the event Landlord fails to reimburse Tenant as and within the time period provided above, and provided Tenant has afforded Landlord and Landlord's mortgagee (of which Tenant has been notified of the name and address) all notices and cure periods set forth herein prior to such action, then Tenant may deduct such sums, together with interest thereon at the Interest Rate from the date of expenditure until the date of reimbursement, from twenty-five percent (25%) of the next installment(s) of monthly Base Rent until such sums due Tenant have been fully paid by Landlord or fully credited and accounted for. Tenant's self-help rights in this Section 11.2 shall be limited to those repairs to the Building which are necessary to protect the health or safety of Tenant and its employees, to protect Tenant's personal property in the Building, or to conduct business in the Premises.

12. ***A LTERATIONS AND S URRENDER*** .

12.1 ***C ONSENT OF L ANDLORD*** . Tenant may make interior alterations to the Premises, without Landlord's consent provided Tenant gives Landlord prior notice of the nature and extent of the alterations and provided such alterations do not involve roof penetrations, and do not affect any structural element of the Premises or any mechanical system which serves any other portion of the Project. All other alterations require Landlord's prior written approval which may be withheld or conditioned in Landlord's reasonable discretion. All alterations performed by Tenant shall be performed in a good and workmanlike manner and in accordance with all applicable laws, including the Americans With Disabilities Act. Notwithstanding the foregoing, Landlord approves the alterations of Tenant described on the attached Exhibit B .

12.2 ***M ECHANICS L IENS*** . Tenant shall pay, when due, all claims for labor or materials furnished or alleged to have been furnished to or for Tenant at or for use in the Premises. If any mechanic's or materialmen's lien is filed against the Premises or the Project, or any interest therein, on account of work done by or on behalf of Tenant, Tenant shall promptly discharge same, and if Tenant fails to remove any such lien, within fifteen (15) days after demand from Landlord, Landlord shall have the right to do so at Tenant's expense including requiring Tenant to pay Landlord's reasonable attorneys' fees and costs in connection therewith.

12.3 ***N OTICE*** . Tenant shall give Landlord not less than ten (10) days' advance written notice prior to the commencement of any work in the Premises by Tenant, and Landlord shall have the right to post notices of non-responsibility in or on the Premises or the Project.

12.4 ***S URRENDER*** . On the last day of the term hereof, or on any sooner termination, Tenant shall surrender the Premises to Landlord in the same condition as received, ordinary wear and tear and casualty damage, loss or damage by casualty or taking and repairs which Tenant is not responsible to perform under this Lease excepted, clean and free of debris and Tenant's personal property, trade fixtures and equipment and all alterations installed by Tenant which Landlord has instructed Tenant to remove, in writing at the time Landlord approves of such alteration. Notwithstanding anything in this Lease to the contrary, Tenant shall not be required to remove any existing alterations or improvements, any of Landlord's Work or any of the alterations identified on Exhibit B hereto.

12.5 ***F AILURE OF T ENANT TO R EMOVE P ROPERTY*** . If this Lease is terminated due to the expiration of its term or otherwise, and Tenant fails to remove its property, in addition to any other remedies available to Landlord under this Lease, and subject to any other right or remedy Landlord may have under applicable law, Landlord may remove any property of Tenant from the Premises and store the same elsewhere or may consider such property to be abandoned and sell or dispose of same, at the expense and risk of Tenant. Notwithstanding the foregoing, if Tenant needs additional time past the expiration of the Term to remove its personal property, Tenant may have up to an additional sixty (60) days to remove its personal property from the Premises provided Tenant continues to pay Base Rent during such period. No extension of the Term shall be created as a result of the foregoing.

13. ***D AMAGE AND D ESTRUCTION*** .

13.1 ***E FFECT OF D AMAGE OR D ESTRUCTION*** . If all or any material part of the Building is destroyed or damaged and Landlord reasonably estimates that such damage cannot reasonably be restored within twelve (12) months following the date when restoration would commence, Landlord or Tenant shall have the right, in its sole and complete discretion to terminate this Lease by notice to the other party given within sixty (60) days after the discovery of such damage or destruction. Tenant shall in no event be entitled to compensation or damages on account of annoyance or inconvenience in making any repairs, or on account of construction resulting from such casualty, or on account of Landlord's election to terminate this Lease. If Landlord elects to restore the Building it shall pursue reconstruction or restoration diligently to completion. If Landlord is unable to repair the damage to the Building within 360 days following the date of casualty, subject to delays caused by events of force majeure, as defined in Section 57, Tenant shall have the right to terminate this Lease on notice to Landlord.

13.2 ***A BATEMENT OF R ENT*** . If Landlord elects to repair damage to the Building and all or part of the Premises will be unusable or inaccessible to Tenant in the ordinary conduct of its business until the damage is repaired, and the damage was not caused by the negligence or intentional acts of Tenant or its employees, agents, contractors or invitees, Tenant's Base Rent

and other charges shall be abated until the repairs are completed in proportion to the amount of the Premises which is unusable or inaccessible to Tenant in the ordinary conduct of its business.

13.3 ***T ENANT ' S A CTS*** . Subject to the provisions of Section 9.4, if such damage or destruction occurs as a result of the negligence or the intentional acts of Tenant or Tenant's employees, agents, contractors or invitees, and the proceeds of insurance which are actually received by Landlord are not sufficient to pay for the repair of all of the damage, Tenant shall pay, at Tenant's sole cost and expense, to Landlord upon demand, the difference between the cost of repairing the damage and the insurance proceeds received by Landlord.

13.4 ***T ENANT ' S P ROPERTY*** . Landlord shall not be liable to Tenant or its employees, agents, contractors, invitees or customers for loss or damage to merchandise, tenant improvements, fixtures, automobiles, furniture, equipment, computers, files or other property (hereinafter collectively " **Tenant's property** ") located at the Project. Tenant shall repair or replace all of Tenant's property at Tenant's sole cost and expense. Tenant acknowledges that it is Tenant's sole responsibility to obtain adequate insurance coverage to compensate Tenant for damage to Tenant's property.

13.5 ***W AIVER*** . Landlord and Tenant hereby waive the provisions of any present or future statutes which relate to the termination of leases when leased property is damaged or destroyed and agree that such event shall be governed by the terms of this Lease.

14. ***C ONDEMNATION*** . If any portion of the Premises are taken under the power of eminent domain, or sold under the threat of the exercise of said power (all of which are herein called " **condemnation** "), this Lease shall terminate as to the part so taken as of the date the condemning authority takes title or possession, whichever first occurs; provided that if so much of the Premises are taken by such condemnation as would render the balance unsuitable for the conduct of Tenant's business, in Tenant's reasonable opinion, Tenant shall have the option to terminate this Lease as of the date the condemning authority takes such possession. If Tenant does not terminate this Lease in accordance with the foregoing, this Lease shall remain in full force and effect as to the portion of the Premises remaining, except that the Base Rent shall be reduced in the proportion that the usable floor area of the Premises taken bears to the total usable floor area of the Premises. Tenant shall have no right to terminate this Lease if any condemnation affects the Outdoor Storage Area, if then applicable, or Tenant's Parking Area, but Landlord shall use reasonable efforts to provide substitute storage and parking locations for Tenant. Any award for the taking of all or any part of the Premises or the Project under the power of eminent domain or any payment made under threat of the exercise of such power shall be the property of Landlord, but Tenant shall be entitled to any separate award for loss of or damage to Tenant's removable personal property and for moving expenses.

15. ***A SSIGNMENT AND S UBLETTING*** .

15.1 ***L ANDLORD ' S C ONSENT R EQUIRED*** . Tenant shall not voluntarily or by operation of law assign, transfer, hypothecate, mortgage, sublet, or otherwise transfer or encumber all or any part of Tenant's interest in this Lease or in the Premises (hereinafter collectively a " **Transfer** "),

without in each instance having received Landlord's prior written consent. If Tenant requests a Transfer, Landlord shall respond to Tenant's written request for consent hereunder within thirty (30) days after Landlord's receipt of the written request from Tenant. Any attempted Transfer without such consent shall be void and shall constitute a material default and breach of this Lease. Tenant's written request for Landlord's consent shall include, and Landlord's thirty (30) day response period referred to above shall not commence, unless and until Landlord has received from Tenant, all of the following information: (a) financial statements for the proposed assignee or subtenant for the past two (2) years prepared in accordance with generally accepted accounting principles; provided, however, the release of financial statements to Landlord may be subject to a confidentiality agreement in the form of Exhibit F attached hereto, if required by the proposed transferee, (b) a TRW credit report or similar report on the proposed assignee or subtenant, (c) a detailed description of the business the assignee or subtenant intends to operate at the Premises, (d) the proposed effective date of the assignment or sublease, (e) a copy of the proposed sublease or assignment agreement or a draft thereof, (f) a detailed description of any ownership or commercial relationship between Tenant and the proposed assignee or subtenant, (g) a detailed description of any Alterations the proposed assignee or subtenant desires to make to the Premises, and (h) a Hazardous Materials Disclosure Certificate substantially in the form of Exhibit D attached hereto (the " **Transferee HazMat Certificate** "). If the obligations of the proposed assignee or subtenant will be guaranteed by any person or entity, Tenant's written request shall not be considered complete until the information described in (a) and (b) of the previous sentence has been provided with respect to each proposed guarantor.

" **Transfer** " shall also include the transfer (a) if Tenant is a corporation, and Tenant's stock is not publicly traded over a recognized securities exchange, of more than fifty percent (50%) of the voting stock of such corporation during the term of this Lease (whether or not in one or more transfers) or the dissolution, merger or liquidation of the corporation, or (b) if Tenant is a partnership, limited liability company, limited liability partnership or other entity, of more than fifty percent (50%) of the profit and loss participation in such partnership or entity during the term of this Lease (whether or not in one or more transfers) or the dissolution or liquidation of the partnership, limited liability company, limited liability partnership or other entity. If Landlord shall exercise any option to recapture the Premises, or shall deny a request for consent to a proposed assignment or sublease, Tenant shall indemnify, defend and hold Landlord harmless from and against any and all losses, liabilities, damages, costs and claims that may be made against Landlord by the proposed assignee or subtenant, or by any brokers or other persons claiming a commission or similar compensation in connection with the proposed assignment or sublease.

15.2 ***S TANDARD F OR A PPROVAL*** . Landlord shall not unreasonably withhold its consent to a Transfer provided that Tenant has complied with each and every requirement, term and condition of this Section 15. Tenant acknowledges and agrees that each requirement, term and condition in this Section 15 is a reasonable requirement, term or condition. It shall be deemed reasonable for Landlord to withhold its consent to a Transfer if any requirement, term or condition of this Section 15 is not complied with or: (a) if a change in use is proposed in connection with a Transfer, the Transfer would cause Landlord to be in violation of its obligations under another lease or agreement to which Landlord is a party; (b) if the net worth of

the proposed assignee is less than the net worth of Tenant as of the date of this Lease; (c) a proposed assignee's or subtenant's business will impose a greater burden on the Project's parking facilities, Common Areas or utilities or pose a greater environmental risk than the burden imposed by Tenant, in Landlord's reasonable judgment; (d) a proposed assignee or subtenant refuses to enter into a written assignment agreement or sublease, reasonably satisfactory to Landlord, which provides that it will abide by and assume all of the terms and conditions of this Lease for the term of any assignment or sublease and containing such other terms and conditions as Landlord reasonably deems necessary; (e) the use of the Premises by the proposed assignee or subtenant will not be a use permitted by this Lease; (f) any guarantor of this Lease refuses to consent to the Transfer or to execute a written agreement reaffirming the guaranty; (g) there is an Event of Default as defined in Section 16 at the time of the request; (h) subject to the provisions of Section 26, if requested by Landlord, the assignee refuses to sign a non-disturbance and attornment agreement in favor of Landlord's lender; (i) Landlord has sued or been sued by the proposed assignee or subtenant or has otherwise been involved in a legal dispute with the proposed assignee or subtenant; (j) the assignee or subtenant is involved in a business which is not in keeping with the then-current standards of the Project or which is the same type of business then being conducted by Landlord in the Project; (k) the proposed assignee or subtenant is an existing tenant of the Project or is a person or entity then negotiating with Landlord for the lease of space in the Project; (l) the assignee or subtenant is a governmental or quasi-governmental entity or an agency, department or instrumentality of a governmental or quasi-governmental agency; or (m) the assignee or subtenant will use, store or handle Hazardous Materials which do not comply with the provisions of Section 25.3.

15.3 ***P ERMITTED T RANSFERS*** . The provisions of this Section 15 shall not, however, be applicable, and Landlord's consent shall not be required for an assignment of this lease by the Tenant to its wholly owned subsidiary or to its immediate controlling entity (" **Parent** ") or to any other entity which is under common control with Tenant (for such period of time as such entity remains such a subsidiary, controlling entity or affiliate, respectively, it being agreed that the subsequent sale or transfer of stock resulting in a change in voting control, or any other transaction(s) having the overall effect that such entity ceases to be such a subsidiary, controlling entity or affiliate, respectively, of the Tenant, shall be treated as if such sale or transfer or transaction(s) were, for all purposes, an assignment of this lease governed by the provisions of this Section 15), provided (and it shall be a condition of the validity of any such assignment) that such wholly owned subsidiary, controlling entity or affiliate, as applicable, first agree directly with the Landlord to be bound by all of the obligations of the Tenant hereunder, including, without limitation, the obligation to pay the rent and other amounts provided for under this lease, the covenant to use the demised premises only for the purposes specifically permitted under this lease and the covenant against further assignment without Landlord's consent, but such assignment shall not relieve the Tenant herein named of any of its obligations hereunder, and the Tenant shall remain fully liable therefor. In addition, no consent of Landlord shall be required in connection with the initial public offering of Tenant's stock or the registration of Tenant's stock on any nationally recognized stock exchange.

Notwithstanding the foregoing provisions of this Section 15, in the event that substantially all of the operations of the Tenant, are being transferred to another entity by way of

merger, consolidation or sale of substantially all of the stock therein or assets thereof, Landlord's consent shall not be required to an assignment of this lease to said resulting or acquiring entity or to such merger, consolidation or sale of Tenant's assets or stock, provided (and it shall be a condition of the validity of any such assignment), without limitation, that: (i) prior to, or concurrently with such assignment, such entity shall agree directly with the Landlord to be bound by all of the obligations of the Tenant provided for under this Lease, including, without limitation, the covenant against further assignment; (ii) such assignment shall not relieve the Tenant herein named of any of its obligations hereunder, and the Tenant shall remain fully liable therefor; and (iii) subject to execution of a confidentiality agreement in the form of Exhibit F attached hereto, the Tenant shall furnish the Landlord with such information regarding such entity as the Landlord may reasonably require, including, without limitation, information regarding good reputation, financial ability, and (a) such entity has a tangible net worth, calculated in accordance with generally accepted accounting principles, and certified by an independent certified public accountant, at least equal to Thirty Million and 00/100 Dollars ($30,000,000.00) in 2009 US Dollars at the time of assignment, and (b) such transaction is for a valid business purpose and not principally for the purpose of transferring this Lease.

15.4 ***Additional Terms and Conditions*** . The following terms and conditions shall be applicable to any Transfer:

(a) Regardless of Landlord's consent, no Transfer shall release Tenant from Tenant's obligations hereunder or alter the primary liability of Tenant to pay the rent and other sums due Landlord hereunder and to perform all other obligations to be performed by Tenant hereunder or release any guarantor from its obligations under its guaranty.

(b) Landlord may accept rent from any person other than Tenant pending approval or disapproval of an assignment or subletting.

(c) Neither a delay in the approval or disapproval of a Transfer, nor the acceptance of rent, shall constitute a waiver or estoppel of Landlord's right to exercise its rights and remedies for the breach of any of the terms or conditions of this Section 15.

(d) The consent by Landlord to any Transfer shall not constitute a consent to any subsequent Transfer by Tenant or to any subsequent or successive Transfer by an assignee or subtenant. However, Landlord may consent to subsequent Transfers or any amendments or modifications thereto without notifying Tenant or anyone else liable on the Lease and without obtaining their consent, and such action shall not relieve such persons from liability under this Lease.

(e) In the event of any default under this Lease, Landlord may proceed directly against Tenant, any guarantors or anyone else responsible for the performance of this Lease, including any subtenant or assignee, without first exhausting Landlord's remedies against any other person or entity responsible therefor to Landlord, or any security held by Landlord.

(f) Landlord's written consent to any Transfer by Tenant shall not constitute an acknowledgment that no default then exists under this Lease nor shall such consent be deemed a waiver of any then-existing default.

(g) Intentionally omitted.

(h) Landlord shall not be liable under this Lease or under any sublease to any subtenant.

(i) No assignment or sublease may be modified or amended without Landlord's prior written consent.

(j) Intentionally omitted.

(k) Any assignee of, or subtenant under, this Lease shall, by reason of accepting such assignment or entering into such sublease, be deemed, for the benefit of Landlord, to have assumed and agreed to conform and comply with each and every term, covenant, condition and obligation herein to be observed or performed by Tenant during the term of said assignment or sublease, with respect to the space so subleased, other than such obligations as are contrary or inconsistent with provisions of an assignment or sublease to which Landlord has specifically consented in writing.

(l) At Landlord's request, Tenant shall deliver to Landlord, Landlord's standard consent to assignment or consent to sublease agreement, as applicable, executed by Tenant, the assignee and the subtenant, as applicable.

15.5 ***Additional Terms and Conditions Applicable to Subletting*** . The following terms and conditions shall apply to any subletting by Tenant of all or any part of the Premises and shall be deemed included in all subleases under this Lease whether or not expressly incorporated therein:

(a) Tenant hereby absolutely and unconditionally assigns and transfers to Landlord all of Tenant's interest in all rentals and income arising from any sublease entered into by Tenant, and Landlord may collect such rent and income and apply same toward Tenant's obligations under this Lease; provided, however, that until a default shall occur in the performance of Tenant's obligations under this Lease, Tenant may receive, collect and enjoy the rents accruing under such sublease. Landlord shall not, by reason of this or any other assignment of such rents to Landlord nor by reason of the collection of the rents from a subtenant, be deemed to have assumed or recognized any sublease or to be liable to the subtenant for any failure of Tenant to perform and comply with any of Tenant's obligations to such subtenant under such sublease, including, but not limited to, Tenant's obligation to return any security deposit. Tenant hereby irrevocably authorizes and directs any such subtenant, upon receipt of a written notice from Landlord stating that a default exists in the performance of Tenant's obligations under this Lease, to pay to Landlord the rents due as they become due under the sublease. Tenant agrees that such subtenant shall have the right to rely upon any such statement and request from

Landlord, and that such subtenant shall pay such rents to Landlord without any obligation or right to inquire as to whether such default exists and notwithstanding any notice or claim from Tenant to the contrary.

(b) In the event Tenant shall default in the performance of its obligations under this Lease, Landlord, at its option and without any obligation to do so, may require any subtenant to attorn to Landlord, on the terms of such sublease, in which event Landlord shall undertake the obligations of Tenant under such sublease from the time of the exercise of said option to the termination of such sublease; provided, however, Landlord shall not be liable for any prepaid rents or security deposit paid by such subtenant to Tenant, unless actually received by Landlord, or for any other prior defaults of Tenant under such sublease.

15.6 ***T RANSFER P REMIUM FROM A SSIGNMENT OR S UBLETTING*** . Landlord shall be entitled to receive from Tenant (as and when received by Tenant) as an item of additional rent the following amounts (hereinafter the Transfer Premium): (a) if a sublease is for less than fifty percent (50%) of the usable square feet in the Premises, one-half of all amounts received by Tenant from the subtenant in excess of the amounts payable by Tenant to Landlord hereunder or (b) if a sublease is for fifty percent (50%) or more of the usable square feet in the Premises or Tenant assigns the Lease, all amounts received by Tenant from the subtenant or assignee in excess of the amounts payable by Tenant to Landlord hereunder. The Transfer Premium shall be reduced by the reasonable brokerage commissions and legal fees and other concessions given by Tenant to obtain the Transfer such as, without limitation, an improvement allowance, actually paid by Tenant in order to assign the Lease or to sublet a portion of the Premises. " **Transfer Premium** " shall mean all Base Rent, additional rent or other consideration of any type whatsoever payable by the assignee or subtenant for and only to the extent attributable to a Transfer of Tenant's lease rights in excess of the Base Rent and additional rent payable by Tenant under this Lease. If less than all of the Premises is transferred, the Base Rent and the additional rent shall be determined on a per-leasable-square-foot basis. " **Transfer Premium** " shall also include, but not be limited to, key money and bonus money paid by the assignee or subtenant to Tenant in connection with such Transfer, and any payment in excess of fair-market value for fixtures, inventory, equipment or furniture transferred by Tenant to the assignee or subtenant in connection with such Transfer.

15.7 ***L ANDLORD ' S O PTION TO R ECAPTURE S PACE*** . Notwithstanding anything to the contrary contained in this Section 15, Landlord shall have the option, but not the obligation, by giving written notice to Tenant within thirty (30) days after receipt of any request by Tenant to assign this Lease or to sublease more than twenty-five percent (25%) of space in the Premises for the remainder of the Term, to terminate this Lease with respect to said space as of the date thirty (30) days after Landlord's election. In the event of a recapture by Landlord, if this Lease shall be canceled with respect to less than the entire Premises, the Base Rent, and the number of parking spaces Tenant may use shall be adjusted on the basis of the number of leasable square feet retained by Tenant in proportion to the number of leasable square feet contained in the original Premises, and this Lease as so amended shall continue thereafter in full force and effect, and upon request of either party, the parties shall execute written confirmation of same. If Landlord recaptures only a portion of the Premises, it shall construct and erect at its sole cost such

partitions as may be required to sever the space to be retained by Tenant from the space recaptured by Landlord. Landlord may, at its option, lease any recaptured portion of the Premises to the proposed subtenant or assignee or to any other person or entity without liability to Tenant. Tenant shall not be entitled to any portion of the profit, if any, Landlord may realize on account of such termination and reletting. Tenant acknowledges that the purpose of this Section is to enable Landlord to receive profit in the form of higher rent or other consideration to be received from an assignee or subtenant, to give Landlord the ability to meet additional space requirements of other tenants of the Project and to permit Landlord to control the leasing of space in the Project. Tenant acknowledges and agrees that the requirements of this Section are commercially reasonable and are consistent with the intentions of Landlord and Tenant.

15.8 ***L ANDLORD ' S E XPENSES*** . In the event Tenant shall assign this Lease or sublet the Premises or request the consent of Landlord to any Transfer, then Tenant shall pay Landlord's reasonable costs and expenses incurred in connection therewith, including but not limited to reasonable attorneys' or other consultants' fees.

15.9 ***L IMIT ON T RANSFER OF O UTDOOR S TORAGE A REA /P ARKING A REA*** . Tenant's rights to the Outdoor Storage Area and the Parking Area may not be transferred except in connection with an assignment of this Lease or a subletting of the entire Premises permitted or consented to under this Lease.

16. ***D EFAULT ; R EMEDIES*** .

16.1 ***D EFAULT BY T ENANT*** . Landlord and Tenant hereby agree that the occurrence of any one or more of the following events is an "Event of Default" by Tenant under this Lease for which Landlord shall have the rights described in Section 16.2. Landlord or Landlord's authorized agent shall have the right to execute and to deliver any notice of default, notice to pay rent or quit or any other notice Landlord gives Tenant.

(a) Tenant's failure to make any payment of Base Rent, Outdoor Storage Area Rent or any other payment required to be made by Tenant hereunder, as and when due, where such failure shall continue for a period of seven (7) days after written notice thereof is delivered from Landlord to Tenant, in accordance with Section 40 of this Lease.

(b) The failure by Tenant to observe or perform any of the covenants, conditions or provisions of Section 25 of this Lease to be observed or performed by Tenant, where such failure shall continue for a period of ten (10) business days after written notice thereof from Landlord to Tenant is delivered in accordance with Section 40 of this Lease; provided, however, that if the nature of Tenant's nonperformance is such that more than ten (10) business days are reasonably required for its cure, then Tenant shall not be deemed to be in default if Tenant commences such cure within said ten (10) business day period and thereafter diligently pursues such cure to completion. Any cure not completed by the time required under applicable Environmental Laws shall be an Event of Default without the requirement of any further notice from Landlord.

(c) The failure of Tenant to comply with any of its obligations under Sections 9, 15, 18, 23, and 26 where Tenant fails to comply with its obligations or fails to cure any earlier breach of such obligation within ten (10) days following written notice from Landlord to Tenant. In the event Landlord serves Tenant with a notice to quit or any other notice pursuant to applicable unlawful detainer statutes, said notice shall also constitute the notice required by this Section 16.1(c).

(d) The failure by Tenant to observe or perform any of the covenants, conditions or provisions of this Lease to be observed or performed by Tenant (other than those referenced in Sections 16.1(a) and (c) above), where such failure shall continue for a period of thirty (30) days after written notice thereof from Landlord to Tenant, delivered in accordance with Section 40 of this Lease; provided, however, that if the nature of Tenant's nonperformance is such that more than thirty (30) days are reasonably required for its cure, then Tenant shall not be deemed to be in default if Tenant commences such cure within said thirty (30) day period and thereafter diligently pursues such cure to completion.

(e) (i) The making by Tenant or any guarantor of Tenant's obligations hereunder of any general arrangement or general assignment for the benefit of creditors; (ii) Tenant or any guarantor becoming a "debtor" as defined in 11 U.S.C. 101 or any successor statute thereto (unless, in the case of a petition filed against Tenant or guarantor, the same is dismissed within sixty (60) days); (iii) the appointment of a trustee or receiver to take possession of substantially all of Tenant's assets located at the Premises or of Tenant's interest in this Lease, where possession is not restored to Tenant within thirty (30) days; (iv) the attachment, execution or other judicial seizure of substantially all of Tenant's assets located at the Premises or of Tenant's interest in this Lease, where such seizure is not discharged within thirty (30) days; or (v) the insolvency of Tenant. In the event that any provision of this Section 16.1(e) is unenforceable under applicable law, such provision shall be of no force or effect.

(f) The discovery by Landlord that any financial statement, representation or warranty given to Landlord by Tenant, or by any guarantor of Tenant's obligations hereunder, was materially false at the time given. Tenant acknowledges that Landlord has entered into this Lease in material reliance on such information.

(g) If Tenant is a corporation, partnership, limited liability company or similar entity, the dissolution or liquidation of Tenant.

(h) If Tenant's obligations under this Lease are guaranteed: (i) the death of a guarantor, (ii) the termination of a guarantor's liability with respect to this Lease other than in accordance with the terms of such guaranty, (iii) a guarantor's becoming insolvent or the subject of a bankruptcy filing, (iv) a guarantor's refusal to honor the guaranty, or (v) a guarantor's breach of its guaranty obligation on an anticipatory breach basis.

16.2 ***R EMEDIES*** .

(a) Upon an Event of Default, Landlord may, at any time thereafter, with or without notice or demand, and without limiting Landlord in the exercise of any right or remedy which Landlord may have by reason of such default:

(i) terminate Tenant's right to possession of the Premises by any lawful means, in which case this Lease and the term hereof shall terminate and Tenant shall immediately surrender possession of the Premises to Landlord. If Landlord terminates this Lease, Landlord may recover from Tenant (A) the worth at the time of award of the unpaid rent which had been earned at the time of termination; (B) the worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that Tenant proves could have been reasonably avoided; (C) the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of such rental loss that Tenant proves could have been reasonably avoided; and (D) any other amount necessary to compensate Landlord for all detriment proximately caused by Tenant's failure to perform its obligations under the Lease or which in the ordinary course of things would be likely to result therefrom, including, but not limited to, the cost of recovering possession of the Premises, expenses of releasing, including necessary renovation and alteration of the Premises, reasonable attorneys' fees, any real estate commissions actually paid by Landlord and the value of any free rent, reduced rent, tenant improvement allowance or other economic concessions provided by Landlord; provided, however, improvement costs and brokerage commissions shall be amortized and Tenant will be liable only for the amortized costs of such expenses during the remainder of the Term. The "worth at time of award" of the amounts referred to in Section 16.2(a)(i)(A) and (B) shall be computed by allowing interest at the lesser of ten percent (10%) per annum or the maximum interest rate permitted by applicable law. The worth at the time of award of the amount referred to in Section 16.2(a)(i)(C) shall be computed by discounting such amount at the discount rate of the Federal Reserve Bank of Boston at the time of award plus one percent (1%). For purposes of this Section 16.2(a)(i), "rent" shall be deemed to be all monetary obligations required to be paid by Tenant pursuant to the terms of this Lease. If Landlord exercises the election set out in this subclause (i), Landlord shall not assert that Landlord's actual damages are greater than the amount calculated under this subclause (i).

(ii) maintain Tenant's right of possession, in which event Landlord shall have the remedy which permits Landlord to continue this Lease in effect after Tenant's breach and abandonment and recover rent as it becomes due. In the event Landlord elects to continue this Lease in effect, Tenant shall have the right to sublet the Premises or assign Tenant's interest in the Lease subject to the reasonable requirements contained in Section 15 of this Lease and provided further that Landlord shall not require compliance with any standard or condition contained in Section 15 that has become unreasonable at the time Tenant seeks to sublet or assign the Premises pursuant to this Section 16.2(a)(ii).

(iii) collect sublease rents (or appoint a receiver to collect such rent) and otherwise perform Tenant's obligations at the Premises, it being agreed, however, that the

appointment of a receiver for Tenant shall not constitute an election by Landlord to terminate this Lease.

(iv) pursue any other remedy now or hereafter available to Landlord under the laws or judicial decisions of the state in which the Premises are located.

(b) No remedy or election hereunder shall be deemed exclusive, but shall, wherever possible, be cumulative with all other remedies at law or in equity. The expiration or termination of this Lease and/or the termination of Tenant's right to possession of the Premises shall not relieve Tenant of liability under any indemnity provisions of this Lease as to matters occurring or accruing during the term of the Lease or by reason of Tenant's occupancy of the Premises.

(c) If Tenant abandons or vacates the Premises, Landlord may re-enter the Premises, and such re-entry shall not be deemed to constitute Landlord's election to accept a surrender of the Premises or to otherwise relieve Tenant from liability for its breach of this Lease. No surrender of the Premises shall be effective against Landlord unless Landlord has entered into a written agreement with Tenant in which Landlord expressly agrees to (i) accept a surrender of the Premises and (ii) relieve Tenant of liability under the Lease. The delivery by Tenant to Landlord of possession of the Premises shall not constitute the termination of the Lease or the surrender of the Premises.

16.3 ***DEFAULT BY LANDLORD*** . Landlord shall not be in default under this Lease unless Landlord fails to perform obligations required of Landlord within thirty (30) days after written notice by Tenant to Landlord, delivered in accordance with Section 40 of this Lease, and to the holder of any mortgage or deed of trust encumbering the Project whose name and address shall have theretofore been furnished to Tenant in writing, specifying wherein Landlord has failed to perform such obligation; provided, however, that if the nature of Landlord's obligation is such that more than thirty (30) days are required for its cure, then Landlord shall not be in default if Landlord commences performance within such thirty (30) day period and thereafter diligently pursues the same to completion. Tenant hereby waives its right to recover consequential damages (including, but not limited to, lost profits) or punitive damages arising out of a Landlord default. This Lease and the obligations of Tenant hereunder shall not be affected or impaired because Landlord is unable to fulfill any of its obligations hereunder or is delayed in doing so, if such inability or delay is caused by reason of an event of force majeure, as defined in Section 57, and the time for Landlord's performance shall be extended for the period of any such delay.

16.4 ***LATE CHARGES*** . If any installment of Base Rent, or any other sum due from Tenant shall not be received by Landlord within 10 days of the date when due, Tenant shall immediately pay to Landlord a late charge equal to ten percent (10%) of such overdue amount. Acceptance of such late charge by Landlord shall in no event constitute a waiver of Tenant's default with respect to such overdue amount, nor prevent Landlord from exercising any of the other rights and remedies granted hereunder, including the assessment of interest under Section 16.5.

16.5 ***I NTEREST ON P AST -D UE O BLIGATIONS*** . Except as expressly herein provided, any amount due to Landlord that is not paid within seven (7) days of the date when due shall bear interest at the lesser of ten percent (10%) per annum or the maximum rate permitted by applicable law (the **"Interest Rate"**). Payment of such interest shall not excuse or cure any default by Tenant under this Lease.

17. ***L ANDLORD ' S R IGHT TO C URE D EFAULT ; P AYMENTS BY T ENANT*** . All covenants and agreements to be kept or performed by Tenant under this Lease shall be performed by Tenant at Tenant's sole cost and expense and without any reduction of rent. If Tenant shall fail to perform any of its obligations under this Lease, Landlord may, but shall not be obligated to, after five (5) business days' prior written notice to Tenant, make any such payment or perform any such act on Tenant's behalf without waiving its rights based upon any default of Tenant and without releasing Tenant from any obligations hereunder. Tenant shall pay to Landlord, within ten (10) business days after delivery by Landlord to Tenant of statements therefore, an amount equal to the expenditures reasonably made by Landlord in connection with the remedying by Landlord of Tenant's defaults pursuant to the provisions of this Section.

18. ***I NDEMNITY*** . Except to the extent resulting from the negligence or willful misconduct of Landlord or any of Landlord's agents, employees or contractors and subject to the provisions of Section 9.4 of this Lease, Tenant hereby agrees to indemnify, defend and hold harmless Landlord and its employees, partners, agents, lenders and ground lessors (said persons and entities are hereinafter collectively referred to as the " **Indemnified Parties** ") from and against any and all liability, loss, cost, damage, claims, liens, judgments, penalties, fines, settlement costs, investigation costs, cost of consultants and experts, reasonable attorneys fees, court costs and other legal expenses, effects of environmental contamination, cost of environmental testing, removal, remediation and/or abatement of Hazardous Materials (as said term are defined below), insurance policy deductibles and other expenses (hereinafter collectively referred to as " **Damages** ") arising out of or related to an Indemnified Matter (as defined below). For purposes of this Section, an " **Indemnified Matter** " shall mean any matter for which one or more of the Indemnified Parties incurs liability or Damages if the liability or Damages arise directly out of (a) Tenant's or its employees', agents', contractors' or invitees' (all of said persons or entities are hereinafter collectively referred to as " **Tenant Parties** ") use or occupancy of the Premises or the Project, (b) any act, omission or neglect of a Tenant Party, (c) Tenant's failure to perform any of its obligations under the Lease, (d) the existence, use or disposal of any Hazardous Substance (as defined below) brought on to the Project by a Tenant Party or (e) any other matters for which Tenant has agreed to indemnify Landlord pursuant to any other provision of this Lease. Tenant's obligations hereunder shall include, but shall not be limited to (f) compensating the Indemnified Parties for Damages arising out of Indemnified Matters within thirty (30) days after written demand from an Indemnified Party and (g) providing a defense, with counsel reasonably satisfactory to the Indemnified Party, at Tenant's sole expense, within ten (10) days after written demand from the Indemnified Party, of any claims, action or proceeding arising out of or relating to an Indemnified Matter whether or not litigated or reduced to judgment and whether or not well founded. The Indemnified Parties need not first pay any Damages to be indemnified hereunder. This indemnity is intended to apply to the fullest extent permitted by applicable law. Tenant's

obligations under this Section shall survive the expiration or termination of this Lease unless specifically waived in writing by Landlord after said expiration or termination.

Landlord agrees to indemnify, defend and save harmless the Tenant from and against all claims of whatever nature arising from (i) any negligence or willful misconduct of the Landlord or the Landlord's contractors, agents or employees or (ii) any accident, injury or damage whatsoever caused to any person, or to the property of any person, occurring outside of the Premises but within the Project, where such accident, damage or injury results or is claimed to have resulted from an act or omission on the part of the Landlord or the Landlord's contractors, agents, or employees and not from the negligence or willful misconduct of Tenant, its contractors, agents or employees. This indemnity and hold harmless agreement shall include indemnity against all reasonable costs, expenses and liabilities incurred in or in connection with any such claim or proceeding brought thereon, and the defense thereof and shall survive the expiration or earlier termination of this Lease.

19. ***E XEMPTION OF L ANDLORD FROM L IABILITY*** . Landlord shall not be liable for any damages arising from any act or neglect of any employees, agents, contractors or invitees of any other tenant, occupant or user of the Project, nor from the failure of Landlord to enforce the provisions of the lease of any other tenant of the Project. Except as set forth in Sections 18, 20 and 25.2 herein, Tenant, as a material part of the consideration to Landlord hereunder, hereby assumes all risk of damage to Tenant's property or business or injury to persons in, upon or about the Project arising from any cause, including Landlord's negligence or the negligence of its employees, agents or contractors, and Tenant hereby waives all claims in respect thereof against Landlord, its employees, agents and contractors.

20. ***L ANDLORD ' S L IABILITY*** . Tenant acknowledges that Landlord shall have the right to transfer all or any portion of its interest in the Project and to assign this Lease to the transferee. Tenant agrees that in the event of such a transfer Landlord shall automatically be released from all liability under this Lease, provided the assignor assumes all of Landlord's obligations under this Lease; and Tenant hereby agrees to look solely to Landlord's transferee for the performance of Landlord's obligations hereunder after the date of the transfer. Tenant agrees to look solely to Landlord's equity interest in the Project for the collection of any judgment requiring the payment of money by Landlord arising out of (a) Landlord's failure to perform its obligations under this Lease or (b) the negligence or willful misconduct of Landlord, its partners, employees and agents. No other property or assets of Landlord shall be subject to levy, execution or other enforcement procedure for the satisfaction of any judgment or writ obtained by Tenant against Landlord. No partner, employee or agent of Landlord shall be personally liable for the performance of Landlord's obligations hereunder or be named as a party in any lawsuit arising out of or related to, directly or indirectly, this Lease and the obligations of Landlord hereunder. The obligations under this Lease do not constitute personal obligations of the individual partners of Landlord, if any, and Tenant shall not seek recourse against the individual partners of Landlord or their assets.

21. ***SIGNS*** . Tenant shall not install any exterior lights, decorations, balloons, flags, pennants, banners or signs on the exterior of the Building without Landlord's consent which consent shall not be unreasonably withheld. Any exterior signs approved by Landlord shall be installed by Tenant at Tenant's sole cost. Tenant shall obtain all necessary municipal approvals for its signs. All signs installed by Tenant shall be removed at the expiration of the term of this lease.

22. ***BROKER'S FEE*** . Tenant and Landlord each represent and warrant to the other that neither has had any dealings or entered into any agreements with any person, entity, broker or finder, in connection with the negotiation of this Lease, other than the persons, if any, listed in Section 1.17. Tenant and Landlord each agree to indemnify, defend and hold the other harmless from and against any claims, damages, costs, expenses, attorneys' fees or liability for compensation or charges which may be claimed by any such unnamed broker, finder or other similar party by reason of any dealings, actions or agreements of the indemnifying party.

23. ***ESTOPPEL CERTIFICATE*** .

23.1 ***DELIVERY OF CERTIFICATE*** . Tenant and Landlord shall from time to time, upon not less than ten (10) days' prior written notice from the other, execute, acknowledge and deliver a statement in writing certifying in the case of Landlord to a potential purchaser or any current or potential lender, and in the case of Tenant to an assignee or sublessee, such information as may be reasonably requested, including, but not limited to, the following: (a) that this Lease is unmodified and in full force and effect (or, if modified, stating the nature of such modification and certifying that this Lease, as so modified, is in full force and effect), (b) the date to which the Base Rent and other charges are paid in advance and the amounts so payable, (c) that there are not, to the best knowledge of the certifying party, any uncured defaults or unfulfilled obligations on the part of the other, or specifying such defaults or unfulfilled obligations, if any are claimed, (d) that all improvements to be constructed by Landlord or Tenant, if any, have been completed in accordance with the requirements of the Lease, and (e) that Tenant has taken possession of the Premises. Any such statement may be conclusively relied upon by the addressee.

24. ***FINANCIAL INFORMATION*** . From time to time, at Landlord's request, but not more frequently than once per year, Tenant shall cause the following financial information to be delivered to Landlord, at Tenant's sole cost and expense, upon not less than ten (10) days' advance written notice from Landlord a current financial statement for Tenant (audited if available), and such other current financial information pertaining to Tenant (and which Tenant then has available) as Landlord or any lender or purchaser of Landlord may reasonably request. Submission of financial statements to Landlord and any lender or purchaser may be subject to a confidentiality agreement in the form of Exhibit F.

25. ***ENVIRONMENTAL MATTERS/HAZARDOUS MATERIALS*** .

25.1 ***HAZARDOUS MATERIALS DISCLOSURE CERTIFICATE*** **.** Prior to executing this Lease, Tenant has delivered to Landlord Tenant's executed initial Hazardous Materials Disclosure Certificate (the " **Initial HazMat Certificate** "), a copy of which is attached hereto as Exhibit D . Tenant covenants, represents and warrants to Landlord that the information in the

Initial HazMat Certificate is true and correct as of the date hereof and accurately describes the use(s) of Hazardous Materials which will be made and/or used on the Premises by Tenant. Tenant shall, commencing with the date which is one year from the Commencement Date and continuing every year thereafter, deliver to Landlord an executed Hazardous Materials Disclosure Certificate (the " **HazMat Certificate** ") describing Tenant's then-present use of Hazardous Materials on the Premises, and any other reasonably necessary documents and information as requested by Landlord. The HazMat Certificates required hereunder shall be in substantially the form attached hereto as Exhibit D .

25.2 ***D EFINITION OF H AZARDOUS M ATERIALS .*** As used in this Lease, the term Hazardous Materials shall mean and include (a) any hazardous or toxic wastes, materials or substances, and other pollutants or contaminants, which are or become regulated by any Environmental Laws (defined below); (b) petroleum, petroleum by-products, gasoline, diesel fuel, crude oil or any fraction thereof; (c) asbestos and asbestos-containing material, in any form, whether friable or non-friable; (d) polychlorinated biphenyls; (e) radioactive materials; (f) lead and lead-containing materials; (g) any other material, waste or substance displaying toxic, reactive, ignitable or corrosive characteristics, as all such terms are used in their broadest sense, and are defined or become defined by any Environmental Law; or (h) any materials which poses or threatens to pose a hazard to the health and safety of persons on the Premises, any other portion of the Project or any surrounding property. For purposes of this Lease, the term "Hazardous Materials" shall not include nominal amounts of ordinary household cleaners, office supplies and janitorial supplies which are not actionable under any Environmental Laws. Landlord represents and warrants to Tenant, to the best of Landlord's knowledge, as of the date hereof: (i) the Premises, the Building, the Common Areas and the Project are in compliance with all applicable Environmental Laws; (ii) Landlord has not received notice of any enforcement action pending or threatened in writing with respect to Landlord or the Project under applicable Environmental Laws; and (iii) there is no reportable release of any Hazardous Materials under applicable Environmental Laws.

If, during the term of this Lease, any governmental authority requires the remediation of Hazardous Materials from the Premises, Building or Common Areas due to the acts of any party other than Tenant, its assignees, subtenants, contractors, vendors, licensees or any employee or agent of any of them, and such remediation poses a safety threat to Tenant's contractors, employees or customers or requires Tenant to cease construction or operations in all or any portion of the Premises, as the case may be, Tenant, shall provide notice to Landlord thereof, and if the condition is not remedied within thirty (30) days following notice to Landlord, Tenant shall be entitled to an equitable abatement of Rent from the date Tenant ceases such operation in all or the affected portion of the Premises until the date such safety threat is no longer present, and Landlord shall, at Landlord's sole cost and expense, remediate such Hazardous Materials in compliance with all applicable Environmental Laws.

Landlord agrees to indemnify, defend and hold Tenant harmless from any claims, judgments, damages, fines, penalties, costs, liabilities and/or losses, including, without limitation, reasonable attorney's fees, reasonable consultants fees and reasonable expert fees arising directly from a breach of Landlord's representations contained in Section 25.2, the

Landlord's Work, or the presence, use, generation, storage, release, or disposal of Hazardous Materials by Landlord, its employees, agents or contractors, on or under the Project, including the Premises. Landlord's indemnity obligations under this paragraph shall survive the expiration or earlier termination of this Lease.

25.3 ***P ROHIBITION ; E NVIRONMENTAL L AWS .*** Tenant shall not be entitled to use or store any Hazardous Materials on, in, or about any portion of the Premises and the Project without, in each instance, obtaining Landlord's prior written consent thereto, except that Tenant may use the Hazardous Materials identified on the initial HazMat Certificate provided Tenant uses, stores and disposes of such Hazardous Materials in compliance with all applicable Environmental Laws. If Landlord, in its sole discretion, consents to any such usage or storage, then Tenant shall be permitted to use and/or store only those Hazardous Materials that are necessary for Tenant s business and to the extent disclosed in a HazMat Certificate and as expressly approved by Landlord in writing. Any such usage and storage may only be to the extent of the quantities of Hazardous Materials as specified in the then-applicable HazMat Certificate as expressly approved by Landlord. In all events such usage and storage must at all times be in full compliance with any and all local, state and federal environmental, health and/or safety-related laws, statutes, orders, standards, courts' decisions, ordinances, rules and regulations (as interpreted by judicial and administrative decisions), decrees, directives, guidelines, permits or permit conditions, currently existing and as amended, enacted, issued or adopted in the future which are or become applicable to Tenant or all or any portion of the Premises (collectively, the " **Environmental Laws** ") and in compliance with the recommendations of Landlord's consultants Tenant agrees that any changes to the type and/or quantities of Hazardous Materials specified in the most recent HazMat Certificate may be implemented only with the prior written consent of Landlord, which consent may be given or withheld in Landlord's sole discretion. Tenant shall not be entitled nor permitted to install any tanks under, on or about the Premises for the storage of Hazardous Materials without the express written consent of Landlord, which may be given or withheld in Landlord's sole discretion. Landlord shall have the right, in Landlord s sole discretion, at all times during the Term of this Lease to (i) inspect the Premises, (ii) conduct tests and investigations to determine whether Tenant is in compliance with the provisions of this Section 25 or to determine if Hazardous Materials are present in, on or about the Project, (iii) request lists of all Hazardous Materials used, stored or otherwise located on, under or about any portion of the Premises by Tenant, and (iv) to require Tenant to complete a survey of its use, storage and handling of Hazardous Materials in the Premises, using a form and following procedures designated by Landlord, in Landlord's sole discretion (the " **Survey** "). Such Survey may not be requested more than once per year unless required by Landlord's lender or insurer. If it is finally determined that Tenant violated the provisions of this Section 25, Tenant shall reimburse Landlord for the cost of all such inspections, tests and investigations, and all costs associated with any Survey. If as a result of an inspection, test or Survey Landlord reasonably determines, that Tenant should implement or perform safety, security or compliance measures, Tenant shall within thirty (30) days after written request by Landlord perform such measures, at Tenant's sole cost and expense; provided, however, if Tenant disputes the needs for any such safety, security or compliance measures, Landlord and Tenant shall cooperate in good faith to resolve such dispute. The aforementioned rights granted herein to Landlord and its representatives shall not create (a) a duty on Landlord's part to inspect, test, investigate, monitor

or otherwise observe the Premises or the activities of Tenant and Tenant Parties with respect to Hazardous Materials, including without limitation, Tenant's operation, use and any remediation relating thereto, or (b) liability on the part of Landlord and its representatives for Tenant's use, storage, disposal or remediation of Hazardous Materials, it being understood that Tenant shall be solely responsible for all liability in connection therewith.

25.4 ***TENANT'S ENVIRONMENTAL OBLIGATIONS.*** Tenant shall give to Landlord prompt verbal and follow-up written notice of any spills, releases, discharges, disposals, emissions, migrations, removals or transportation of Hazardous Materials on, under or about any portion of the Premises or in any Common Areas during the Term; provided that Tenant has actual or constructive knowledge of such event(s). Tenant, at its sole cost and expense, covenants and warrants to promptly investigate, clean up, remove, restore and otherwise remediate (including, without limitation, preparation of any feasibility studies or reports and the performance of any and all closures) any spill, release, discharge, disposal, emission, migration or transportation of Hazardous Materials arising from or related to the intentional or negligent acts or, where Tenant has an obligation under this Lease to act, omissions of Tenant or any Tenant Parties such that the affected portions of the Project and any adjacent property are returned to the condition existing prior to the release of such Hazardous Materials. Any such investigation, clean up, removal, restoration and other remediation by Tenant shall only be performed after Tenant has obtained Landlord's prior written consent, which consent shall not be unreasonably withheld so long as such actions would not potentially have a material adverse long-term or short-term effect on any portion of the Project. Notwithstanding the foregoing, Tenant shall be entitled to respond immediately to an emergency without first obtaining Landlord's prior written consent. Tenant, at its sole cost and expense, shall conduct and perform, or cause to be conducted and performed, all investigations and closures as required by any Environmental Laws or any agencies or other governmental authorities having jurisdiction thereof with respect to any use or release of Hazardous Materials by Tenant or any Tenant Parties. If Tenant fails to so promptly investigate, clean up, remove, restore, provide closure or otherwise so remediate, Landlord may, but without obligation to do so, take any and all steps necessary to rectify the same, and Tenant shall promptly reimburse Landlord, upon demand, for all costs and expenses to Landlord of performing investigation, cleanup, removal, restoration, closure and remediation work. All such work undertaken by Tenant, as required herein, shall be performed in such a manner so as to enable Landlord to make full economic use of the Premises and other portions of the Project after the satisfactory completion of such work.

Tenant's obligations under this Section 25 shall not apply to and Tenant shall have no liability to Landlord with respect to (i) requirements of Environmental Laws or any Hazardous Materials resulting from the Landlord's Work or any Hazardous Materials present at the Project as of the date of this Lease, or (ii) Hazardous Materials which are in the Building or on the Project because of the action or inaction of Landlord, its agents, employees, contractors or any tenant or occupant at the Project, or any of their respective employees, agents, contractors or invitees, or (iii) any Hazardous Materials which migrate or migrated to the Premises, the Building or the Project from another property.

25.5 ***E NVIRONMENTAL I NDEMNITY .*** In addition to Tenant's other indemnity obligations under this Lease, Tenant agrees to, and shall, protect, indemnify, defend (with counsel acceptable to Landlord) and hold Landlord and the other Indemnitees harmless from and against any and all loss, cost, damage, liability or expense (including, without limitation, damages for the loss of or restriction on the use of leasable space) arising at any time during or after the term of this Lease directly in connection with the use, presence, transportation, storage, disposal, migration, removal, spill, release or discharge of Hazardous Materials on, in or about any portion of the Project by Tenant or any of the Tenant Parties. Neither the written consent of Landlord to the presence, use or storage of Hazardous Materials in, on, under or about any portion of the Project nor the strict compliance by Tenant with all Environmental Laws shall excuse Tenant from its obligations of indemnification pursuant hereto. Tenant shall not be relieved of its indemnification obligations under the provisions of this Section 25.5 due to Landlord's status as either an "owner" or "operator" under any Environmental Laws.

25.6 ***S URVIVAL .*** Tenant's obligations and liabilities pursuant to the provisions of this Section 25 shall survive the expiration or earlier termination of this Lease. If it is determined by Landlord that the condition of all or any portion of the Project is not in compliance with the provisions of this Lease with respect to Hazardous Materials, including without limitation all Environmental Laws, because of the action or, where Tenant has an obligation under this Lease to act, omission of Tenant, its agents, employees, contractors, at the expiration or earlier termination of this Lease, then Landlord may require Tenant to hold over possession of the Premises until Tenant shall have fulfilled its obligations under this Lease with respect to the remediation of Hazardous Materials, Landlord in the condition in which the Premises existed as of the Commencement Date and prior, including without limitation, the conduct or performance of any closures as required by any Environmental Laws. [??] The burden of proof hereunder shall be upon Tenant. Any such holdover by Tenant will be with Landlord's consent, will not be terminable by Tenant in any event or circumstance and will otherwise be subject to the provisions of Section 30 of this Lease.

26. ***S UBORDINATION .***

26.1 ***E FFECT OF S UBORDINATION .*** This Lease, upon Landlord's written election, and subject to Tenant's receipt of an SNDA as required under this Section 26, shall be subject and subordinate to any ground lease, mortgage, deed of trust or any other hypothecation or security now or hereafter placed upon the Project and to any and all advances made on the security thereof and to all renewals, modifications, consolidations, replacements and extensions thereof. At the request of any mortgagee, trustee or ground lessor, Tenant shall attorn to such person or entity, and subject to Tenant's receipt of an SNDA as required under this Section 26. Notwithstanding the foregoing, the subordination of this Lease to any mortgage or ground lease executed after the date of this Lease is expressly conditioned upon the holder thereof executing and delivering to Tenant a Subordination, Non-Disturbance and Attornment Agreement (an "SNDA") in form reasonably satisfactory to both Tenant and such Holder. If any mortgagee, trustee or ground lessor shall elect to have this Lease and any Options granted hereby prior to the lien of its mortgage, deed of trust or ground lease, and shall give written notice thereof to Tenant, this Lease and such Options shall be deemed prior to such mortgage, deed of trust or ground

lease, whether this Lease or such Options are dated prior or subsequent to the date of said mortgage, deed of trust or ground lease or the date of recording thereof Subject to the provisions of this Section 26.1, Tenant agrees to execute and acknowledge within ten (10) days after request, any documents Landlord reasonably requests Tenant execute to effectuate an attornment, a subordination, or to make this Lease prior to the lien of any mortgage, deed of trust or ground lease, as the case may be. Landlord agrees to obtain and SNDA from the existing mortgagee in favor of Tenant, on or shortly after the execution and delivery of this Lease.

27. ***O PTIONS*** **.** If this Lease is still in full force and effect, then, Tenant shall have the option to extend the term hereof, for a period of five (5) years (" **First Option Period** "); provided : (i) Tenant shall give written notice to Landlord of the exercise of any such option not later than one (1) year prior to the Initial Term Expiration Date, or if applicable, one year prior to the date of expiration of the OSA Extension Period, time being of the essence; and (ii) Tenant shall not be in default hereunder beyond any notice and applicable cure period.

If said option is duly exercised, as aforesaid, and no such uncured default exists, then, the term of this Lease shall be automatically extended for the applicable First Option Period, without the requirement of any further instrument, upon all of the same terms, provisions and conditions set forth in this Lease, except that minimum rent during the option period shall be due and payable at the greater of (i) the Rent then in effect under this Lease, and (ii) 95% of the Fair Market Rate (as defined in Exhibit E) per annum (the " **Option Rent** "), payable at the rate of 1/12 th of such amount per calendar month and proportionately at such rate for any partial month.

If, at the end of the First Option Period described above, Tenant is not in default under any of the terms of this Lease, Tenant shall have the option to extend the Term of this Lease for an additional five (5) year period (" **Second Option Period** "). If the Tenant desires to exercise this Second Option Period, then it must notify the Landlord, in writing, of its election not later than one (1) year prior to the expiration of the First Option Period. If Tenant elects to provide such written notice, then this Lease, shall continue upon all the same terms, covenants and conditions as the original Term, without the requirement of any further instrument, except as to Basic Rent for the Second Option Period, which shall be determined as follows:

Minimum rent during the Second Option Period shall be due and payable at the greater of (i) the Option Rent then in effect under this Lease, and (ii) 95% of the Fair Market Rate (as defined in Exhibit E) per annum, payable at the rate of 1/12 th of such amount per calendar month and proportionately at such rate for any partial month.

28. ***L ANDLORD R ESERVATIONS*** . Landlord shall have the right place signs, notices or displays upon the roof or exterior of the Building or Common Areas of the Project. Landlord reserves the right to use the exterior walls of the Premises, and the area beneath, adjacent to and above the Premises together with the right to install, use, maintain and replace equipment, machinery, pipes, conduits and wiring through the Premises, which serve other parts of the Project provided that Landlord's use does not unreasonably interfere with Tenant's use of the Premises.

29. ***C HANGES TO P ROJECT*** . Landlord shall have the right, in Landlord's sole discretion, from time to time, to make changes to the size, shape, location, number and extent of the improvements comprising the Project, including Common Areas (hereinafter referred to as " **Changes** "), provided Landlord shall not make changes to the Premises, the Outdoor Storage Area, if Tenant has leased same, or the Parking Area without Tenant's prior written consent, which consent shall be in Tenant's reasonable discretion. In connection with the Changes, Landlord may, among other things, erect scaffolding or other necessary structures at the Project, limit or eliminate access to portions of the Project, including portions of the Common Areas, provided Tenant continues to have reasonable and safe means of access to the Premises and the New Dock. Subject to the foregoing provisions of this Section 29, Tenant hereby agrees that such Changes and Landlord's actions in connection with such Changes shall in no way constitute a constructive eviction of Tenant or entitle Tenant to any abatement of rent. Subject to the foregoing provisions of this Section 29, Landlord shall have no responsibility or for any reason be liable to Tenant for any direct or indirect injury to or interference with Tenant's business arising from the Changes, nor shall Tenant be entitled to any compensation or damages from Landlord for any inconvenience or annoyance occasioned by such Changes or Landlord's actions in connection with such Changes.

30. ***H OLDING O VER .*** If Tenant remains in possession of the Premises or any part thereof after the expiration or earlier termination of the term hereof with Landlord's consent, such occupancy shall be a tenancy at sufferance upon all the terms and conditions of this Lease pertaining to the obligations of Tenant, except that the Base Rent payable during the first thirty (30) days of such period shall be one hundred fifty percent (150%), and thereafter shall be two hundred percent (200%), in either case, of the Base Rent payable immediately preceding the termination date of this Lease. In addition to the foregoing, if Landlord has advised Tenant in writing that all or any part of the Premises is committed to a new tenant, Tenant shall be liable for, and hereby agrees to indemnify, hold harmless and defend Landlord from any cost, loss, claim or liability (including attorneys' fees) Landlord may incur as a result of Tenant's failure to surrender possession of the Premises to Landlord upon the termination of this Lease, including all direct or indirect damages, but excluding any punitive or consequential damages.

31. ***L ANDLORD ' S A CCESS .***

31.1 ***A CCESS*** . Upon at least one (1) day's prior notice, except in the case of an emergency when no prior notice shall be required, Tenant shall permit Landlord and its agents to enter into the Premises at reasonable times to examine the Premises, make such repairs and replacements as Landlord may elect or as Landlord may be required to make, without however, any obligation to do so, and to show the Premises to prospective purchasers, and lenders, and, during the last year of the term, to show the Premises to prospective tenants; provided, however, that except in the case of an emergency, such access shall only be performed when escorted by a representative of Tenant. Landlord acknowledges that Tenant intends to use the Premises for the manufacture of products that are confidential and proprietary in nature and, therefore, Landlord covenants that Landlord and its representative (and anyone claiming by, through or under

Landlord) shall execute a confidentiality and non-disclosure agreement reasonably required by Tenant prior to entry into the Premises.

Tenant assumes all responsibility for the protection of Tenant, its agents, employees, contractors and invitees and the property of Tenant and of Tenant's agents, employees, contractors and invitees from acts of third parties. If Landlord elects to provide additional security measures, Landlord shall have no liability to Tenant and its agents, employees, contractors and invitees arising out of Landlord's negligent provision of security measures. Landlord shall have the right, but not the obligation, to require all persons entering or leaving the Project to identify themselves to a security guard and to reasonably establish that such person should be permitted access to the Project.

Notices may be given by a party's attorney or other representative

41. ***W AIVERS*** . No waiver by Landlord or Tenant of any provision hereof shall be deemed a waiver of any other provision hereof or of any subsequent breach by Landlord or Tenant of the same or any other provision. Landlord's consent to, or approval of, any act shall not be deemed to render unnecessary the obtaining of Landlord's consent to or approval of any subsequent act by Tenant. The acceptance of rent hereunder by Landlord shall not be a waiver of any preceding breach by Tenant of any provision hereof, other than the failure of Tenant to pay the particular rent so accepted, regardless of Landlord's knowledge of such preceding breach at the time of acceptance of such rent. No acceptance by Landlord of partial payment of any sum due from Tenant shall be deemed a waiver by Landlord of its right to receive the full amount due, nor shall any endorsement or statement on any check or accompanying letter from Tenant be deemed an accord and satisfaction. Tenant hereby waives for Tenant and all those claiming under Tenant all rights now or hereafter existing to redeem by order or judgment of any court or by legal process or writ Tenant's right of occupancy of the Premises after any termination of this Lease.

45. ***A UCTIONS .*** Tenant shall not conduct, nor permit to be conducted, either voluntarily or involuntarily, any auction or going-out-of-business sale upon the Premises, the Outdoor Storage Area, the Parking Area, or the Common Areas.

46. ***M ERGER*** . The voluntary or other surrender of this Lease by Tenant, or a mutual cancellation thereof, or a termination by Landlord, shall not result in the merger of Landlord's and Tenant's estates and shall, at the option of Landlord, terminate all or any existing subtenancies or may, at the option of Landlord, operate as an assignment to Landlord of any or all of such subtenancies.

47. ***Q UIET P OSSESSION*** . Subject to the other terms and conditions of this Lease, and provided Tenant is not in default hereunder beyond applicable notice and cure periods, Landlord covenants that Tenant shall have quiet possession of the Premises for the entire term hereof subject to all of the provisions of this Lease.

its employees, suppliers, customers and invitees to so abide and conform. Landlord shall not be responsible to Tenant for the failure of other persons, including, but not limited to, other tenants, their agents, employees and invitees, to comply with such rules and regulations.

55. ***RIGHT TO LEASE*** . Landlord reserves the absolute right to effect such other tenancies in the Project as Landlord in its sole discretion shall determine, and Tenant is not relying on any representation that any specific tenant or number of tenants will occupy the Project.

56. ***WAIVER OF JURY TRIAL*** . LANDLORD AND TENANT HEREBY WAIVE THEIR RESPECTIVE RIGHT TO TRIAL BY JURY OF ANY CAUSE OF ACTION, CLAIM, COUNTERCLAIM OR CROSS-COMPLAINT IN ANY ACTION, PROCEEDING AND/OR HEARING BROUGHT BY EITHER LANDLORD AGAINST TENANT OR TENANT AGAINST LANDLORD ON ANY MATTER WHATSOEVER ARISING OUT OF, OR IN ANY WAY CONNECTED WITH, THIS LEASE, THE RELATIONSHIP OF LANDLORD AND TENANT, TENANT'S USE OR OCCUPANCY OF THE PREMISES, OR ANY CLAIM OF INJURY OR DAMAGE, OR THE ENFORCEMENT OF ANY REMEDY UNDER ANY LAW, STATUTE, OR REGULATION, EMERGENCY OR OTHERWISE, NOW OR HEREAFTER IN EFFECT.

57. ***Force Majeure*** . Neither Landlord nor Tenant shall be liable for failure to perform any obligation under this Lease, except for the payment of money, in the event it is prevented from so performing by strike, lockout, breakdown, accident, order or regulation of or by any governmental authority or failure to supply or inability by the exercise of reasonable diligence to obtain supplies, parts or employees necessary to furnish such services or because of war or other emergency or for any other cause beyond its reasonable control, but financial inability shall never be deemed to be a cause beyond a party's reasonable control, and in no event shall either party be excused or delayed in the payment of any money due under this Lease by reason of any of the foregoing.

58. ***New Building Option*** . The parties have discussed the possibility that Landlord may construct a new building in the Project for Tenant of the approximate dimensions of the Building in the location shown on Exhibit A as the " **New Building Location** " and with similar appurtenances (a " **New Building** "). Landlord agrees that it will not enter into negotiations with any other party for the construction or occupancy of a New Building without first giving Tenant an opportunity to negotiate with Landlord for Tenant's use of a New Building. Nothing in this Lease is intended to bind either Landlord or Tenant with respect to a New Building, and the parties expressly acknowledge that a New Building will be constructed for Tenant, if at all, only on terms and conditions as may be mutually agreed upon by Landlord and Tenant.

Within ninety (90) days following receipt of the Financial Data, the Receiving Party will turn over to the Disclosing Party all Financial Data of the Disclosing Party and all documents or media containing any such Financial Data and any and all copies or extracts thereof or upon request of the Disclosing Party, the Receiving Party shall certify in writing that all materials containing Financial Data (including all copies thereof) have been destroyed. The Receiving Party understands that nothing herein (a) requires the disclosure of any Financial Data of the Disclosing Party, which shall be disclosed if at all solely at the option of the Disclosing Party, or (b) requires the Disclosing Party to proceed with any proposed transaction or relationship in connection with which Proprietary Information may be disclosed.

3. No rights or obligations other than those expressed and recited herein are to be implied from this Agreement.

4. The Parties acknowledge and agree that due to the unique nature of the Disclosing Party's Proprietary Information, money damages will not be a sufficient remedy for a breach of this Agreement. Because a violation of any of the provisions of this Agreement will likely cause irreparable loss and harm which cannot be reasonably or adequately compensated by damages in an action at law, the Disclosing Party will be entitled to specific performance and injunctive relief or other appropriate equitable relief as remedies for any such breach. Such remedies will not be deemed to be the exclusive remedies for a breach of this Agreement but will be in addition to all other remedies available at law or in equity to the Disclosing Party.

5. This Agreement shall be governed and construed in accordance with the laws of Delaware, without regard to conflicts of law principles. Any dispute, controversy and/or difference which may arise between the Parties out of or in relation to or in connection with this Agreement, or the breach thereof, which cannot be settled by amicable mutual accord without undue delay, shall be filed in the courts of Delaware.

6. This Agreement constitutes the entire agreement of the Parties hereto with respect to the subject matter hereof and supersedes and cancels all prior communications, understandings and agreements between the Parties hereto relating to the Proprietary Information, whether written or oral, expressed or implied. The Parties agree that this Agreement is severable and that in the event any provision of this Agreement is held to be illegal, invalid or unenforceable, the legality, validity and enforceability of the remaining provisions will not be affected or impaired.

Determination of Fair Market Rent

The "Fair Market Rate" of Base Rent and Outdoor Storage Area Rent, if applicable, shall be a rate substantially comparable to the market rate then being charged by Landlord as minimum rent for other tenants in the Project, and said Fair Market Rate shall be determined as follows: Landlord will notify Tenant of its determination of Fair Market Rate not later than thirty (30) days after receipt of Tenant's notice of extension. If Tenant agrees with Landlord's determination, then such Fair Market Rate shall apply for the option period. If Tenant disagrees with Landlord's determination and notifies Landlord thereof specifying Tenant's estimate of a Fair Market Rate (and the basis therefor) within thirty (30) days of Tenant's receipt of notice from Landlord of Landlord's said determination of the Fair Market Rate, then Landlord and Tenant shall negotiate in good faith to reach agreement for the purposes hereof on a Fair Market Rate. If Landlord and Tenant do not reach agreement on a Fair Market Rate within thirty (30) days after Landlord's receipt of Tenant's said notice of disagreement, then Tenant shall have the right to rescind its notice of extension or agree to have the Rent determined by appraisal as follows. If the Rent for the option period is to be determined by appraisal, each of Landlord and Tenant shall promptly designate a commercial real estate broker, agent, or appraiser (each an "Appraiser") with at least ten (10) years' experience (the majority of which experience relates to industrial project leasing in the Commonwealth of Massachusetts) to determine said Fair Market Rate. If such Appraisers shall agree on such Fair Market Rate (and for the purposes hereof, if such Appraisers shall determine such Fair Market Rate and the higher such determination is no more than 110% of the lower such determination, then said Appraisers shall be deemed to have agreed upon a Fair Market Rate equal to the average of such determinations), then the agreement of said Appraisers, as aforesaid, shall be deemed to be said Fair Market Rate and shall be binding upon the parties hereto; but if said Appraisers do not agree as aforesaid within thirty (30) days after being instructed so to do and Landlord and Tenant are unable promptly thereafter to agree on such Fair Market Rate, then said Appraisers shall together promptly appoint a third such appraiser (from a firm other than those with which the initial Appraisers are associated) and the determination of the third such Appraiser shall be deemed to be said Fair Market Rate and shall be binding upon the parties hereto (but in no event shall such determination be less than the lower amount or more than the higher amount of the determinations of the initial two Appraisers). Any fees and costs thus incurred shall be paid to the Appraiser designated by the designating party and shared equally by Landlord and by Tenant for any such third Appraiser. As soon as all pertinent facts are known and determinations made, the parties agree to execute and deliver to each other a writing confirming the Fair Market Rate of Rent so determined, as amended by the Amendment. Until the Fair Market Rate has been determined as aforesaid, Tenant shall pay Base Rent at the rate paid during the last year of the initial term of this Lease. As soon as the Fair Market Rate is so determined, any required financial adjustment shall be made and Tenant shall forthwith pay to Landlord the excess, if any, of Rent payable for the applicable period over the Rent previously paid therefor.

SECOND AMENDMENT TO LEASE BETWEEN BORDEN & REMINGTON FALL RIVER LLC. AND TPI

This Second Amendment to Lease (this " **Second Amendment** ") is made as of July 1, 2015 by and between BORDEN & REMINGTON FALL RIVER LLC, a Delaware limited liability company ("Landlord") and TPI, Inc. a Delaware corporation ("Tenant");

WITNESSETH

WHEREAS Landlord and Tenant are the current parties to that certain Standard Industrial Lease dated July 1, 2010, the " **Lease** ", pursuant to which Landlord is leasing to Tenant 70,000 square feet of Building #2, the " **Premises** ", located at 63 Water Street, Fall River, MA;

WHEREAS, Landlord and Tenant wish to amend the Lease as hereinafter set forth for an additional 60 months with no annual increases.

NOW THEREFORE, in consideration of the covenants herein reserved and contained, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Landlord and Tenant hereby agree as follows:

M ONTHLY B ASE R ENT **:** $402,500 per year (computed on the basis of $5.75 per square foot of the Premises), payable monthly at the rate of $33,541.66 per month.

A SSIGNMENT AND S UBLETTING **.**

L ANDLORD ' S C ONSENT R EQUIRED **.** Tenant shall not voluntarily or by operation of law assign, transfer, hypothecate, mortgage, sublet, or otherwise transfer or encumber all or any part of Tenant's interest in this Lease or in the Premises (hereinafter collectively a " **Transfer** "), without in each instance having received Landlord's prior written consent. If Tenant requests a Transfer, Landlord shall respond to Tenant's written request for consent hereunder within thirty (30) days after Landlord's receipt of the written request from Tenant. Any attempted Transfer without such consent shall be void and shall constitute a material default and breach of this Lease. Tenant's written request for Landlord's consent shall include, and Landlord's fifteen (15) day response period referred to above shall not commence, unless and until Landlord has received from Tenant, all of the following information: (a) financial statements for the proposed assignee or subtenant for the past two (2) years prepared in accordance with generally accepted accounting principles;

provided, however, the release of financial statements to Landlord may be subject to a confidentiality agreement in the form of Exhibit F attached hereto, if required by the proposed transferee, (b) a TRW credit report or similar report on the proposed assignee or subtenant, (c) a detailed description of the business the assignee or subtenant intends to operate at the Premises, (d) the proposed effective date of the assignment or sublease, (e) a copy of the proposed sublease or assignment agreement or a draft thereof, (f) a detailed description of any ownership or commercial relationship between Tenant and the proposed assignee or subtenant, (g) a detailed description of any Alterations the proposed assignee or subtenant desires to make to the Premises, and (h) a Hazardous Materials Disclosure Certificate substantially in the form of Exhibit D attached hereto (the " **Transferee HazMat Certificate** "). If the obligations of the proposed assignee or subtenant will be guaranteed by any person or entity, Tenant's written request shall not be considered complete until the information described in (a) and (b) of the previous sentence has been provided with respect to each proposed guarantor.

" **Transfer** " shall also include the transfer (a) if Tenant is a corporation, and Tenant's stock is not publicly traded over a recognized securities exchange, of more than fifty percent (50%) of the voting stock of such corporation during the term of this Lease (whether or not in one or more transfers) or the dissolution, merger or liquidation of the corporation, or (b) if Tenant is a partnership, limited liability company, limited liability partnership or other entity, of more than fifty percent (50%) of the profit and loss participation in such partnership or entity during the term of this Lease (whether or not in one or more transfers) or the dissolution or liquidation of the partnership, limited liability company, limited liability partnership or other entity. If Landlord shall deny a request for consent to a proposed assignment or sublease, Tenant shall indemnify, defend and hold Landlord harmless from and against any and all losses, liabilities, damages, costs and claims that may be made against Landlord by the proposed assignee or subtenant, or by any brokers or other persons claiming a commission or similar compensation in connection with the proposed assignment or sublease.

S TANDARD F OR A PPROVAL . Landlord shall not unreasonably withhold its consent to a Transfer provided that Tenant has complied with each and every requirement, term and condition of this Section 15. Tenant acknowledges and agrees that each requirement, term and condition in this Section 15 is a reasonable requirement, term or condition. It shall be deemed reasonable for Landlord to withhold its consent to a Transfer if any requirement, term or condition of this Section 15 is not complied with or: (a) if a change in use is proposed in connection with a Transfer, the Transfer would cause Landlord to be in violation

of its obligations under another lease or agreement to which Landlord is a party; (b) if the net worth of the proposed assignee is less than the net worth of Tenant as of the date of this Lease; (c) a proposed assignee's or subtenant's business will impose a greater burden on the Project's parking facilities, Common Areas or utilities or pose a greater environmental risk than the burden imposed by Tenant, in Landlord's reasonable judgment; (d) a proposed assignee or subtenant refuses to enter into a written assignment agreement or sublease, reasonably satisfactory to Landlord, which provides that it will abide by and assume all of the terms and conditions of this Lease for the term of any assignment or sublease and containing such other terms and conditions as Landlord reasonably deems necessary; (e) the use of the Premises by the proposed assignee or subtenant will not be a use permitted by this Lease; (f) any guarantor of this Lease refuses to consent to the Transfer or to execute a written agreement reaffirming the guaranty; (g) there is an Event of Default as defined in Section 16 at the time of the request; (h) subject to the provisions of Section 26, if requested by Landlord, the assignee refuses to sign a non-disturbance and attornment agreement in favor of Landlord's lender; (i) Landlord has sued or been sued by the proposed assignee or subtenant or has otherwise been involved in a legal dispute with the proposed assignee or subtenant; (j) the assignee or subtenant is involved in a business which is not in keeping with the then-current standards of the Project or which is the same type of business then being conducted by Landlord in the Project; (k) or the assignee or subtenant will use, store or handle Hazardous Materials which do not comply with the provisions of Section 25.3.

P ERMITTED T RANSFERS . The provisions of this Section 15 shall not, however, be applicable, and Landlord's consent shall not be required for an assignment of this lease by the Tenant to its wholly owned subsidiary or to its immediate controlling entity (" **Parent** ") or to any other entity which is under common control with Tenant (for such period of time as such entity remains such a subsidiary, controlling entity or affiliate, respectively, it being agreed that the subsequent sale or transfer of stock resulting in a change in voting control, or any other transaction(s) having the overall effect that such entity ceases to be such a subsidiary, controlling entity or affiliate, respectively, of the Tenant, shall be treated as if such sale or transfer or transaction(s) were, for all purposes, an assignment of this lease governed by the provisions of this Section 15), provided (and it shall be a condition of the validity of any such assignment) that such wholly owned subsidiary, controlling entity or affiliate as applicable, first agree directly with the Landlord to be bound by all of the obligations of the Tenant hereunder, including, without limitation, the obligation to pay the rent and other amounts provided for under this lease, the covenant to use the demised premises only for the purposes specifically permitted under this lease and the covenant against further assignment without Landlord's consent, but such assignment shall not relieve the Tenant herein named of any of its obligations hereunder, and the Tenant shall

remain fully liable therefor. In addition, no consent of Landlord shall be required in connection with the initial public offering of Tenant's stock or the registration of Tenant's stock on any nationally recognized stock exchange.

Notwithstanding the foregoing provisions of this Section 15, in the event that substantially all of the operations of the Tenant, are being transferred to another entity by way of merger, consolidation or sale of substantially all of the stock therein or assets thereof, Landlord's consent shall not be required to an assignment of this lease to said resulting or acquiring entity or to such merger, consolidation or sale of Tenant's assets or stock, provided (and it shall be a condition of the validity of any such assignment), without limitation, that: (i) prior to, or concurrently with such assignment, such entity shall agree directly with the Landlord to be bound by all of the obligations of the Tenant provided for under this Lease, including, without limitation, the covenant against further assignment; (ii) such assignment shall not relieve the Tenant herein named of any of its obligations hereunder, and the Tenant shall remain fully liable therefor; and (iii) subject to execution of a confidentiality agreement in the form of Exhibit F attached hereto, the Tenant shall furnish the Landlord with such information regarding such entity as the Landlord may reasonably require, including, without limitation, information regarding good reputation and financial ability.

T RANSFER P REMIUM FROM A SSIGNMENT OR S UBLETTING . Landlord shall be entitled to receive from Tenant (as and when received by Tenant) as an item of additional rent the following amounts (hereinafter the Transfer Premium): (a) all amounts received by Tenant from the subtenant in excess of the amounts payable by Tenant to Landlord hereunder. The Transfer Premium shall be reduced by the reasonable brokerage commissions and legal fees and other concessions given by Tenant to obtain the Transfer such as, without limitation, an improvement allowance, actually paid by Tenant in order to assign the Lease or to sublet a portion of the Premises.

L ANDLORD ' S E XPENSES . In the event Tenant shall assign this Lease or sublet the Premises or request the consent of Landlord to any Transfer, then Tenant shall pay Landlord's reasonable attorneys' or other consultants' fees.

EXECUTED under seal as of the date first set forth above.

ASSIGNMENT AND SUBLETTING

7.1 Prohibition .

(a) Except as expressly provided in this **Section 7.1** , Tenant covenants and agrees that neither this Lease nor the Term and estate hereby granted, nor any interest herein or therein, will be assigned (collaterally, conditionally or otherwise), mortgaged, pledged, encumbered or otherwise transferred, whether voluntarily, involuntarily, by operation of law or otherwise, and that neither the Premises, nor any part thereof, will be encumbered in any manner by reason of any act or omission on the part of Tenant, or used or occupied, or permitted to be used or occupied, by anyone other than Tenant, or for any use or purpose other than the Permitted Use, or be sublet (which term, without limitation, shall include granting of concessions, licenses, use and occupancy agreements and the like) in whole or in part, or be offered or advertised for assignment or sublease by Tenant or any person acting on behalf of Tenant, without in each case, the prior written consent of Landlord. Without limiting the

foregoing, any agreement: (x) which purports to relieve Tenant from the obligation to pay, or pursuant to which a third party agrees to pay on Tenant's behalf, all or any portion of the Rent under this Lease; and/or (y) pursuant to which a third party undertakes or is granted by or on behalf of Tenant the right to assign or attempt to assign this Lease or to sublet or attempt to sublet all or any portion of the Premises, shall for all purposes hereof be deemed to be an assignment of this Lease and subject to the provisions of this **ARTICLE 7.** The provisions of this **paragraph (a)** shall apply to a transfer (by one or more transfers) of a controlling portion of or interest in the stock, or partnership or membership interests or other evidences of equity interests of Tenant as if such transfer were an assignment of this Lease for which the consent of Landlord is required as herein provided.

(b) Notwithstanding anything in this **ARTICLE 7** to the contrary, the issuance, sale or transfer of all the stock in Tenant (whether or not a change in control results) and merger or the transfer of stock pursuant to tender offers to shareholders, whether or not solicited, or the sale of all or substantially all the assets of Tenant or any other similar transaction which results in a sale of all or substantially all of the Tenant, shall not be deemed an assignment subject to the terms of this **ARTICLE 7.**

(c) Tenant shall have the right to assign or encumber its interest in this Lease under a leasehold mortgage; provided, however, Tenant shall not be relieved from its obligations hereunder and shall remain fully and primarily liable therefor unless otherwise agreed to in writing by Landlord.

(d) Unless otherwise agreed to in writing by Landlord and Tenant, no assignment or subletting hereunder shall relieve Tenant from its obligations hereunder, and Tenant shall remain fully and primarily liable therefor. Without limiting Landlord's unequivocal right to withhold consent, Landlord may withhold or revoke any consent by Landlord to a particular assignment, sublease or occupancy, if the assignment, sublease or occupancy agreement does not provide that the assignee, sublessee or other occupant agrees to be independently bound by and upon all of the covenants, agreements, terms, provisions and conditions set forth in this Lease on the part of Tenant to be kept and performed (other than terms which customarily are altered by virtue of the sublease or assignment, such as the amount of rent and other obligations of subtenant or assignee and any obligations retained by Tenant pursuant to a sublease, such as maintenance, and not assumed by subtenant) and otherwise comply with this **ARTICLE 7** .

7.2 Acceptance of Rent . Any consent by Landlord to a particular assignment, sublease or occupancy or other act for which Landlord's consent is required under **paragraph (a)** of **Section 7.1** shall not in any way diminish the prohibition stated in **paragraph (a)** of **Section 7.1** as to

any further such assignment, sublease or occupancy or other act or the continuing liability of the original named Tenant.

7.3 Reasonableness . Notwithstanding any other provision of this Lease to the contrary, Landlord may not unreasonably withhold, condition or delay its consent to any assignment or sublease if (a) such assignee or subtenant agrees directly with Landlord, by written instrument in form satisfactory to Landlord in its reasonable discretion, to be bound by all obligations of Tenant under the Lease (with respect only to the subleased premises in the case of a sublease), including, without limitation, the covenant against further assignment and subletting, and (b) one of the following applies: (1) the assignee, at the time of such assignment, has a net worth, computed in accordance with generally accepted accounting principles consistently applied, at least equal to the greater of (i) the net worth of Tenant on the date hereof and (ii) the net worth of Tenant on the date of the proposed assignment, and proof of such net worth satisfactory to Landlord shall have been delivered to Landlord at least ten (10) days prior to the effective date of any such assignment, or (2) a sublease or subleases total less than twenty-five percent (25%) of the Premises (in the aggregate at any time during the Term).

Subject to **Section 11.6** regarding waiver of subrogation, Tenant shall be responsible for the cost of repairs and replacements which may be made necessary by reason of damage to the Building caused by any act or neglect of Tenant, or its Agents, invitees or independent contractors (including any damage by fire or other casualty arising therefrom).

(b) If Tenant is required to repair, replace or maintain any portion of the Building pursuant to the provisions of this Lease, and Tenant fails to commence to perform such act, upon not less than ten (10) days' prior written notice, or fails to complete such act so commenced within thirty (30) days (except that no notice shall be required in the event of an emergency), Landlord may perform such act (but shall not be required to do so), and the provisions of **Section 15.4** (**"Remedying Defaults"**) shall be applicable to the reasonable costs thereof. Landlord shall not be responsible to Tenant for any loss or damage whatsoever that may accrue to Tenant's stock or business by reason of Landlord's performing such acts.

8.3 Tenant's Rights Regarding Deprivation of Critical Services .

(a) If by reason of the failure of Landlord to furnish life safety system, electrical plumbing, HVAC, water or to maintain the integrity of the Building ("Critical Services") required to be provided by Landlord, whether such failure is excused by reason of Force Majeure or constitutes an unexcused default, Tenant's ability to conduct business at the Premises is materially and adversely affected for ten (10) consecutive days or more and notice thereof has been given to Landlord (and whether or not Tenant elects to exercise its rights of self-help) Tenant shall have the right to a full abatement of Basic Rent and other charges payable by Tenant hereunder retroactively from the date Critical Services (or any of them) have ceased until such time as such Critical Service(s) have been restored. If Critical Service(s) can not be restored and Tenant's ability to conduct business at the Premises has been materially and adversely affected for a period of sixty (60) days after notice thereof to Landlord, Tenant may terminate this Lease upon no less than fifteen (15) days notice to Landlord.

8.4 Utilities . Electrical service, natural gas service, water and sewer to the Premises are not separately metered and Tenant shall pay all charges therefor as a Common Area Expense. However, at Tenant's option and its sole cost and expense, Tenant shall have the right to install separate meters for any utility, in which case the costs for such utility shall be paid directly to the

provider by Tenant. Landlord shall permit Landlord's existing wires, risers, conduits and other electrical equipment of Landlord to be used to supply electricity to Tenant at the Premises.

8.5 Access . Tenant shall have access to the Premises at all times, subject to security precautions from time to time in effect (but Landlord shall not be obligated to provide security for the Building or the Property) and subject always to restrictions based on emergency conditions. If and to the extent that Tenant desires to provide security for the Premises or for such persons or their property, Tenant shall be responsible at its own expense for so doing, after having first consulted with Landlord and after obtaining Landlord's consent, which shall not be unreasonably withheld. Landlord expressly disclaims any and all responsibility and/or liability for the physical safety of Tenant's property, and for that of Tenant's Agents, invitees and independent contractors, and, without in any way limiting the operation of **ARTICLE 11** hereof, Tenant, for itself and its Agents, hereby expressly waives any claim, action, cause of action or other right which may accrue or arise as a result of any damage or injury to the person or property of Tenant or any such Agent. Tenant agrees that, as between Landlord and Tenant, it is Tenant's responsibility to advise Tenant's Agents, invitees and independent contractors as to necessary and appropriate safety precautions.

ARTICLE 9
REAL ESTATE TAXES

9.1 Payments on Account of Real Estate Taxes .

(a) **"Tax Year"** shall mean a twelve (12) month period commencing on July 1 and falling wholly or partially within the Term, and **"Taxes"** shall mean (i) all taxes, assessments (special or otherwise), levies, fees and all other government levies, exactions and charges of every kind and nature, general and special, ordinary and extraordinary, foreseen and unforeseen, which are, at any time prior to or during the Term, imposed or levied upon or assessed against the Property or any portion thereof, or against any Basic Rent, Additional Rent or other rent of any kind or nature payable to Landlord by anyone on account of the ownership, leasing or operation of the Property and any portion thereof, or which arise on account of or in respect of the ownership, development, leasing, operation or use of the Property or any portion thereof; (ii) all gross receipts taxes or similar taxes imposed or levied upon, assessed against or measured by any Basic Rent, Additional Rent or other rent of any kind or nature or other sum payable to Landlord by anyone on account of the ownership, development, leasing, operation, or use of the Property or any portion thereof; (iii) all value added, use and similar taxes at any time levied, assessed or payable on account of the ownership, development, leasing, operation, or use of the Property or any portion thereof; and (iv) reasonable expenses of any proceeding for abatement of any of the foregoing items included in Taxes; but the amount of special taxes or special assessments included in Taxes shall be limited to the amount of the installment (plus any interest, other than penalty interest, payable thereon) of such special tax or special assessment required to be paid during the year in respect of which such Taxes are being determined. There shall be excluded from Taxes all income, estate, succession, franchise, inheritance and transfer taxes of Landlord; provided, however, that if at any time during the Term the present system of ad valorem taxation of real property shall be changed so that a capital levy, franchise, income, profits, sales, rental, use and occupancy, excise or other tax or charge shall in whole or in part be

substituted for, or added to, such ad valorem tax and levied against, or be payable by, Landlord with respect to the Property or any portion thereof, such tax or charge shall be included in the term **"Taxes"** for the purposes of this Article.

(b) Tenant shall pay to Landlord, as Additional Rent, Tenant's Proportionate Share of Taxes, such amount to be apportioned for any portion of a Tax Year in which the Term Commencement Date falls or the Term expires.

(c) Estimated payments by Tenant on account of Taxes shall be made on the first day of each and every calendar month during the Term of this Lease, in the fashion herein provided for the payment of Basic Rent. The monthly amount so to be paid to Landlord shall be sufficient to provide Landlord by the time real estate tax payments are due with a sum equal to Tenant's required payment, as reasonably estimated by Landlord from time to time, on account of Taxes for the then current Tax Year. Once annually, Landlord shall advise Tenant of the amount of the tax bills for the prior Tax Year and the computation of Tenant's payment on account thereof. If estimated payments theretofore made by Tenant for the Tax Year covered by such bills exceed the required payment on account thereof for such Tax Year, Landlord shall credit the amount of overpayment against subsequent obligations of Tenant on account of Taxes (or promptly refund such overpayment if requested by Tenant or if the Term of this Lease has ended and Tenant has no further obligation to Landlord); but if the required payments on account thereof for such Tax Year are greater than estimated payments theretofore made on account thereof for such Tax Year, Tenant shall pay the difference to Landlord as Additional Rent within thirty (30) days after being so advised by Landlord in writing, and the obligation to make such payment for any period within the Term shall survive expiration or earlier termination of the Term.

9.2 Abatement . If Landlord shall receive any tax refund or reimbursement of Taxes or sum in lieu thereof with respect to any Tax Year all or any portion of which falls within the Term, then out of any balance remaining thereof after deducting Landlord's expenses in obtaining such refund, Landlord shall pay to Tenant, provided there does not then exist a Default of Tenant, an amount equal to such refund or reimbursement or sum in lieu thereof (exclusive of any interest, and apportioned if such refund is for a Tax Year a portion of which falls outside the Term,) multiplied by Tenant's Proportionate Share; provided, that in no event shall Tenant be entitled to receive more than the payments made by Tenant on account of Taxes for such Tax Year pursuant to **paragraph (b)** of **Section 9.1** .

ARTICLE 10
OPERATING AND UTILITY EXPENSES

10.1 Definitions .

(a) **"Operating Year"** shall mean each calendar year all or any part of which falls within the Term;

(b) **"Operating Expenses"** shall mean the aggregate costs and expenses incurred by Landlord with respect to the operation, administration, cleaning, repair, replacement, maintenance and management of the Property, all as set forth in Exhibit C attached hereto.

10.2 Tenant's Payment of Operating Expenses.

(a) Tenant shall pay to Landlord, as Additional Rent, an amount equal to (i) Operating Expenses multiplied by (ii) Tenant's Proportionate Share, such amount to be apportioned for any portion of an Operating Year in which the Term Commencement Date falls or the Term of this Lease ends.

(b) Estimated payments by Tenant on account of Operating Expenses shall be made on the first day of each and every calendar month during the Term of this Lease, in the fashion herein provided for the payment of Basic Rent. The monthly amount so to be paid to Landlord shall be sufficient to provide Landlord by the end of each Operating Year a sum equal to Tenant's required payment, as reasonably estimated by Landlord from time to time during each Operating Year, on account of Operating Expenses for such Operating Year. After the end of each year, Landlord shall submit to Tenant a reasonably detailed accounting of Operating Expenses for the prior Operating Year, and Landlord shall certify to the accuracy thereof. If estimated payments theretofore made for such Operating Year by Tenant exceed Tenant's required payment on account thereof for such Operating Year according to such statement, Landlord shall credit the amount of overpayment against subsequent obligations of Tenant with respect to Operating Expenses (or promptly refund such overpayment if requested by Tenant or if the Term of this Lease has ended and Tenant has no further obligation to Landlord); but if the required payments on account thereof for such Operating Year are greater than the estimated payments (if any) theretofore made on account thereof for such Operating Year, Tenant shall pay to Landlord, as Additional Rent, within thirty (30) days after being so advised by Landlord in writing, and the obligation to make such payment for any period within the Term shall survive the expiration or earlier termination of the Term.

(c) Utility Payments . Unless charged as a Common Area Expense, Tenant shall pay, directly to the proper authorities charged with collection thereof, all charges for utilities used and consumed in the Premises, including without limitation, charges for gas, electricity and telephone service; provided, however, that Landlord shall pay water and sewer charges for the Premises directly to the service provider and include such charges in Operating Expenses.

10.3 Triple Net Lease . This Lease is a triple net lease and it is intended that, except where specifically provided herein, Tenant shall reimburse Landlord Tenant's Proportionate Share of all costs incurred in connection with the operation and maintenance of the Premises.

10.4 Tenant's Audit Right . Tenant shall have the right to examine, copy and audit Landlord's books and records establishing Operating Expenses for any Operating Year for a period of one (1) year following the date that Tenant receives the statement of Operating Expenses for such Operating Year from Landlord. Tenant shall give Landlord not less than thirty (30) days' prior notice of its intention to examine and audit such books and records, and such examination and audit shall take place at such place within the continental United States as Landlord routinely maintains such books and records, unless Landlord elects to have such examination and audit take place in another location designated by Landlord in the city and state in which the Property is located. All costs of the examination and audit shall be borne by Tenant; provided, however, that if such examination and audit establishes that the actual

Operating Expenses for the Operating Year in question are less than the amount set forth as the annual Operating Expenses on the annual statement delivered to Tenant by at least five percent (5%), then Landlord shall pay the reasonable costs of such examination and audit. If, pursuant to the audit, the payments made for such Operating Year by Tenant exceed Tenant's required payment on account thereof for such Operating Year, Landlord shall credit the amount of overpayment against subsequent obligations of Tenant with respect to Operating Expenses (or promptly refund such overpayment if the Term of this Lease has ended and Tenant has no further obligation to Landlord); but, if the payments made by Tenant for such Operating Year are less than Tenant's required payment as established by the examination and audit, Tenant shall pay the deficiency to Landlord within thirty (30) days after conclusion of the examination and audit, and the obligation to make such payment for any period within the Term shall survive expiration of the Term. Tenant shall be required to deliver to Landlord a copy of its contract with its auditor and a copy of all reports produced by its auditor, and Tenant shall not be permitted to engage an auditor which is paid on a contingency or percentage basis. If Tenant does not elect to exercise its right to examine and audit Landlord's books and records for any Operating Year within the time period provided for by this paragraph, Tenant shall have no further right to challenge Landlord's statement of Operating Expenses.

ARTICLE 11
INDEMNITY AND PUBLIC LIABILITY INSURANCE

11.1 Tenant's Indemnity . Except to the extent arising from the gross negligence or willful misconduct of Landlord or Landlord's Agents, Tenant agrees to indemnify and save harmless Landlord and Landlord's Agents from and against all claims, losses, cost, damages, liabilities or expenses of whatever nature arising: (i) from any accident, injury or damage whatsoever to any person, or to the property of any person, occurring in or about the Premises; (ii) from any accident, injury or damage whatsoever to any person, or to property of any person, occurring outside of the Premises but on or about the Property, where such accident, damage or injury results or is claimed to have resulted from any act or omission on the part of Tenant or Tenant's Agents, invitees or independent contractors; (iii) from the use or occupancy of the Premises or of any business conducted therein, and, in any case, occurring after the Term Commencement Date until the expiration or earlier termination of the Term of this Lease and thereafter so long as Tenant is in occupancy of all or any part of the Premises; or (iv) from any default or breach by Tenant or Tenant's Agents under the terms or covenants of this Lease. This indemnity and hold harmless agreement shall include indemnity against all losses, costs, damages, expenses and liabilities incurred in or in connection with any such claim or any proceeding brought thereon, and the defense thereof, including, without limitation, reasonable attorneys' fees and costs at both the trial and appellate levels. The provisions of this Section shall survive the expiration or earlier termination of the Lease, regardless of the cause of such expiration or earlier termination.

11.2 Landlord's Indemnity . Except to the extent arising from the gross negligence or willful misconduct of Tenant or Tenant's Agents, Landlord agrees to indemnify and save harmless Tenant and Tenant's Agents from and against all claims, losses, cost, damages, liabilities or expenses of whatever nature arising: (i) from any accident, injury or damage whatsoever to any person, or to the property of any person, occurring in or about the Premises

where such accident, damage or injury results or is claimed to have resulted from any gross negligence or willful misconduct on the part of Landlord or Landlord's Agents, invitees or independent contractors; (ii) from any accident, injury or damage whatsoever to any person or to property of any person, occurring outside of the Premises but on or about the Property, where such accident, damage or injury results or is claimed to have resulted from the gross negligence or willful misconduct on the part of Landlord or Landlord's Agents, invitees or independent contractors; or (iii) from any default or breach by Landlord or Landlord's Agents under the terms or covenants of this Lease. This indemnity and hold harmless agreement shall include indemnity against all losses, costs, damages, expenses and liabilities incurred in or in connection with any such claim or any proceeding brought thereon, and the defense thereof, including, without limitation, reasonable attorneys' fees and costs at both the trial and appellate levels. The provisions of this Section shall survive the expiration or earlier termination of the Lease, regardless of the cause of such expiration or earlier termination.

11.3 Tenant Public Liability Insurance . (a) Tenant agrees to maintain in full force from the date upon which Tenant first enters the Premises for any reason, throughout the Term of this Lease, and thereafter so long as Tenant is in occupancy of all or any part of the Premises, a policy of commercial general liability and property damage insurance (including broad form contractual liability, independent contractor's hazard and completed operations coverage) under which Tenant is named as an insured and Landlord, Landlord's Managing Agent, other tenants of the Property requiring access to the Premises or the Shared Building Area and such other persons as are in privity of estate with Landlord as may be set out in a notice to Tenant from time to time, are named as additional insureds, and under which the insurer agrees to indemnify and hold Landlord, Landlord's Managing Agent, and those in privity of estate with Landlord, harmless from and against all cost, expense and/or liability arising out of or based upon any and all claims, accidents, injuries and damages set forth in **Section 11.1** . Tenant may satisfy such insurance requirements by including the Premises in a so-called "blanket" and/or "umbrella" insurance policy, provided that the amount of coverage allocated to the Premises shall fulfill the requirements set forth herein. Tenant's commercial general liability insurance policy shall be written on an "occurrence" basis, and shall be in at least the amounts of the Initial General Liability Insurance specified in **Section 1.1** or such greater amounts as Landlord in its reasonable discretion shall from time to time request.

(b) Landlord agrees to include in any lease with respect to the Property, entered into by Landlord on or after the Term Commencement Date, a public liability insurance provision substantially the same as Section 11.3(a).

11.4 Tenant Casualty Insurance . Tenant agrees to maintain in full force from the date upon which Tenant first enters the Premises for any reason, throughout the Term of this Lease, and thereafter so long as Tenant is in occupancy of all or any part of the Premises, "all-risk" property insurance on a "replacement cost" basis, insuring Tenant's Removable Property and any Alterations made by Tenant pursuant to **Section 6.2** , to the extent that the same have not become the property of Landlord.

11.5 General Insurance Requirements . Each policy required hereunder shall be non-cancelable and non-amendable with respect to Landlord, Landlord's Managing Agent and Landlord's said designees without thirty (30) days' prior written notice to Landlord. With

respect to all insurance which Tenant is required to carry hereunder, Tenant shall, prior to entering the Premises for any reason, deliver to Landlord a duplicate original policy or a certificate of insurance satisfactory to Landlord, together with a photocopy of the entire policy, with respect thereto.

11.6 Tenant's Risk . Tenant agrees to use and occupy the Premises, and to use such other portions of the Property as Tenant is herein given the right to use, at Tenant's own risk. Landlord shall not be liable to Tenant, or Tenant's Agents, contractors or invitees for any damage, injury, loss, compensation, or claim (including, but not limited to, claims for the interruption of or loss to Tenant's business) based on, arising out of or resulting from any cause whatsoever, including, but not limited to, repairs to any portion of the Premises or the Property, any fire, robbery, theft, mysterious disappearance and/or any other crime or casualty, the actions of any other tenants of the Building or of any other person or persons, or any leakage in any part or portion of the Premises or the Building, or from water, rain or snow that may leak into, or flow from any part of the Premises or the Building, or from drains, pipes or plumbing fixtures in the Building, unless due to the gross negligence or willful misconduct of Landlord or Landlord's Agents. Any goods, property or personal effects stored or placed in or about the Premises shall be at the sole risk of Tenant, and neither Landlord nor Landlord's insurers shall in any manner be held responsible therefor. Notwithstanding the foregoing, Landlord shall not be released from liability for any injury, loss, damages or liability to the extent arising from any gross negligence or willful misconduct of Landlord or Landlord's Agents; provided, however, that in no event shall Landlord or Landlord's Agents have any liability to Tenant based on any loss with respect to or as a result of interruption in the operation of Tenant's business.

11.7 Waiver of Subrogation . The parties hereto shall each procure an appropriate clause in, or endorsement to, any property insurance policy on the Premises or any personal property, fixtures or equipment located thereon or therein, pursuant to which the insurer waives subrogation or consents to a waiver of right of recovery in favor of either party and its respective Agents. Having obtained such clauses and/or endorsements, each party hereby agrees that it will not make any claim against or seek to recover from the other or its Agents for any loss or damage to its property or the property of others resulting from fire or other perils covered by such property insurance.

ARTICLE 12
FIRE, EMINENT DOMAIN, ETC.

12.1 Landlord's Right of Termination . If (a) the Premises or the Building are substantially damaged by fire or casualty in such a way that directly impacts the Tenant (the term "substantially damaged" meaning damage of such a character that the same cannot, in the ordinary course, reasonably be expected to be repaired within sixty (60) days from the time that repair work would commence), or (b) part of the Building or the Property is taken by any exercise of the right of eminent domain, then Landlord or Tenant at their mutual independent option shall have the right to terminate this Lease (even if Landlord's entire interest in the Premises may have been divested) by giving notice to the other Party of the Party's election so to do within sixty (60) days after the occurrence of such casualty or the effective date of such taking, whereupon this Lease shall terminate on the earlier of (a) forty-five (45) days after the

date of such notice or (b) the effective date of such taking with the same force and effect as if such date were the date originally established as the expiration date hereof.

12.2 Restoration; Tenant's Right of Termination . If (a) the Premises or the Building are damaged by fire or other casualty, or (b) all or part of the Building is taken by right of eminent domain; and this Lease is not terminated pursuant to **Section 12.1** , Landlord shall thereafter use diligent best efforts to restore the Building and the Premises to proper condition for Tenant's use and occupation. If, for any reason, such restoration shall not be substantially completed within six (6) months after the expiration of the sixty (60) day period referred to in **Section 12.1** (which six (6) month period may be extended for such periods of time as Landlord is prevented from proceeding with or completing such restoration due to Force Majeure, but in no event for more than an additional three (3) months), Tenant shall have the right to terminate this Lease by giving notice to Landlord thereof within thirty (30) days after the expiration of such period (as so extended) provided that such restoration is not completed within such period. This Lease shall cease and come to an end without further liability or obligation on the part of either party thirty (30) days after such giving of notice by Tenant unless, within such thirty (30) day period, Landlord substantially completes such restoration to Tenant's reasonable satisfaction. Such right of termination shall be Tenant's sole and exclusive remedy at law or in equity for Landlord's failure so to complete such restoration, and time shall be of the essence with respect thereto.

12.3 Landlord's Insurance . Landlord agrees to maintain in full force and effect, during the Term of this Lease, property damage insurance with such deductibles and in such amounts as may from time to time be carried by reasonably prudent owners of similar buildings in the area in which the Property is located, provided that in no event shall Landlord be required to carry other than fire and extended coverage insurance or insurance in amounts greater than 90% of the actual insurable cash value of the Building (excluding footings and foundations). Landlord may satisfy such insurance requirements by including the Property in a so-called "blanket" insurance policy, provided that the amount of coverage allocated to the Property shall fulfill the foregoing requirements.

12.4 Abatement of Rent . If the Premises or the Building are damaged by fire or other casualty, Basic Rent and Additional Rent payable by Tenant shall abate proportionately for the period during which, by reason of such damage, Tenant's use of the Premises (excluding the Test Pits) is prevented, having regard for the extent to which Tenant may be required to discontinue Tenant's use of all or an undamaged portion of the Premises due to such damage, but such abatement or reduction shall end if and when either (a) Landlord shall have substantially completed sufficient restoration that Tenant is able to use the Premises and the Premises are in substantially the condition it was in prior to such damage (excluding any Alterations made by Tenant pursuant to **Section 6.2** and Tenant's Removable Property), or (b) Tenant shall have commenced occupancy and use of the Building. If the Premises shall be affected by any exercise of the power of eminent domain, Basic Rent and Operating Expenses payable by Tenant shall be justly and equitably abated and reduced according to the nature and extent of the loss of use thereof suffered by Tenant. In no event shall Landlord have any liability for damages to Tenant for inconvenience, annoyance, or interruption of business arising from any fire or other casualty or eminent domain.

12.5 Condemnation Award . Landlord shall have and hereby reserves and excepts, and Tenant hereby grants and assigns to Landlord, all rights to recover for damages to the Property and the leasehold interest hereby created, and to compensation accrued or hereafter to accrue by reason of any taking, by exercise of the right of eminent domain, and by way of confirming the foregoing, Tenant hereby grants and assigns, and covenants with Landlord to grant and assign to Landlord, all rights to such damages or compensation, and covenants to deliver such further assignments and assurances thereof as Landlord may from time to time request. Nothing contained herein shall be construed to prevent Tenant from prosecuting in a separate condemnation proceeding a claim for the value of any of Tenant's Removable Property installed in the Premises by Tenant at Tenant's expense and for relocation expenses, provided that such action shall not affect the amount of compensation otherwise recoverable by Landlord from the taking authority.

ARTICLE 13
HOLDING OVER; SURRENDER

13.1 Holding Over . Any holding over by Tenant after the expiration of the Term of this Lease shall be treated as a daily tenancy at sufferance at a rent equal to one and a half (1 1/2) times the Basic Rent in effect immediately prior to such expiration plus the Additional Rent herein provided (prorated on a daily basis). Tenant shall also pay to Landlord all damages, direct and/or indirect, sustained by reason of any such holding over. In all other respects, such holding over shall be on the terms and conditions set forth in this Lease as far as applicable.

13.2 Surrender of Premises . Upon the expiration or earlier termination of the Term of this Lease, Tenant shall peaceably quit and surrender to Landlord the Premises in neat and clean condition and in good order, condition and repair, together with all alterations, additions and improvements which may have been made or installed in, on or to the Premises prior to or during the Term of this Lease (except as hereinafter provided), excepting only ordinary wear and use and damage by fire or other casualty for which, under other provisions of this Lease, Tenant has no responsibility to repair or restore. Upon such expiration or earlier termination of the Term, Tenant shall remove from the Premises all of Tenant's Removable Property and, to the extent specified by Landlord, all Alterations made by Tenant and all partitions wholly within the Premises unless installed initially by Landlord in preparing the Premises for Tenant's occupancy; and shall repair any damages to the Premises or the Building caused by such removal. Any Tenant's Removable Property which shall remain in the Building or on the Premises after the expiration or earlier termination of the Term of this Lease shall be deemed conclusively to have been abandoned, and either may be retained by Landlord as its property or may be disposed of in such manner as Landlord may see fit, at Tenant's sole cost and expense.

ARTICLE 14
RIGHTS OF MORTGAGEES; TRANSFER OF TITLE

14.1 Rights of Mortgagees . This Lease shall not be subject and subordinate to the lien and terms of any mortgage, deed of trust or ground lease or similar encumbrance (collectively, a " **Mortgage** ", and the holder thereof from time to time the " **Holder** ") from time

to time encumbering the Premises, whether executed and delivered prior to or subsequent to the date of this Lease, unless the Holder shall elect otherwise provided that the Holder thereof enters into an agreement with Tenant in recordable form by the terms of which the Holder will agree, unless a Default of Tenant has occurred and remains uncured by Tenant beyond applicable grace periods, (1) not to disturb the rights of Tenant under this Lease and (2) to accept Tenant as tenant of the Premises under the terms and conditions of this Lease in the event of acquisition of the Premises by such Holder through foreclosure proceedings or otherwise, which agreement shall also contain subordination and attornment provisions consistent with the provisions of this **ARTICLE 14** , it being agreed that such agreement shall be at the election of the Holder either (i) in a form with terms consistent with this **ARTICLE 14** as reasonably agreed to by Tenant and such Holder or (ii) in the form attached hereto as Exhibit F. If this Lease is subordinate to any Mortgage and the Holder or any other party shall succeed to the interest of Landlord pursuant to the Mortgage (such Holder or other party, a " **Successor** "), at the election of the Holder or Successor, Tenant shall attorn to the Holder or Successor and this Lease shall continue in full force and effect between the Holder or Successor and Tenant. Tenant agrees to execute such instruments of subordination or attornment in confirmation of the foregoing agreement as the Holder or Successor reasonably may request.

14.2 **Notice to Mortgagee** . After receiving notice from Landlord of any Holder of a Mortgage which includes the Premises, no notice from Tenant to Landlord alleging any default by Landlord shall be effective unless and until a copy of the same is given to such Holder (provided Tenant shall have been furnished with the name and address of such Holder), and the curing of any of Landlord's defaults by such Holder shall be treated as performance by Landlord.

14.3 **Assignment of Rents and Transfer of Title.**

(a) With reference to any assignment by Landlord of Landlord's interest in this Lease, or the rents payable hereunder, conditional in nature or otherwise, which assignment is made to the Holder of a Mortgage on property which includes the Premises, Tenant agrees that the execution thereof by Landlord, and the acceptance thereof by the Holder of such Mortgage shall never be treated as an assumption by such Holder of any of the obligations of Landlord hereunder unless such Holder shall, by notice sent to Tenant, specifically otherwise elect and, except as aforesaid, such Holder shall be treated as having assumed Landlord's obligations hereunder only upon foreclosure of such Holder's Mortgage and the taking of possession of the Premises.

(b) In the event of the acquisition of Landlord's interest in the Property by a purchaser which, simultaneously therewith, leases Landlord's entire interest in the Property back to the seller, the Tenant shall look solely to such seller-lessee, and its successors from time to time in title, for performance of Landlord's obligations hereunder. In any such event, this Lease shall be subject and subordinate to the lease to such purchaser. Tenant shall execute any and all documents necessary to memorialize such subordination. For all purposes, such seller-lessee, and its successors in title, shall be the Landlord hereunder unless and until Landlord's position shall have been assumed by such purchaser-lessor.

(c) Except as provided in **paragraph (b)** of this Section, in the event of any transfer of title to the Property by Landlord, Landlord shall thereafter be entirely freed and

relieved from the performance and observance of all covenants and obligations hereunder from the date of transfer.

ARTICLE 15
DEFAULT; REMEDIES

15.1 Tenant's Default .

(a) If at any time subsequent to the date of this Lease any one or more of the following events (each a " **Default** ") shall happen:

(i) Tenant shall fail to pay the Basic Rent or Additional Rent hereunder when due and such failure shall continue for ten (10) days after written notice to Tenant from Landlord provided, however, Tenant shall not be entitled to notice more than twice (2) in any calendar year; or

(ii) Tenant shall neglect or fail to perform or observe any other material covenant herein contained on Tenant's part to be performed or observed and Tenant shall fail to remedy the same within thirty (30) days after notice to Tenant specifying such neglect or failure, or if such failure is of such a nature that Tenant cannot reasonably remedy the same within such thirty (30) day period, Tenant shall fail to commence promptly (and in any event within such thirty (30) day period) to remedy the same and to prosecute such remedy to completion with diligence and continuity (and in any event, within ninety (90) days after the notice described in this **subparagraph (ii)**); or

(iii) Tenant's leasehold interest in the Premises shall be taken on execution or by other process of law directed against Tenant; or

(iv) Tenant shall make a general assignment for the benefit of creditors or shall be adjudicated insolvent, or shall file any petition or answer seeking any reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief for itself under any present or future Federal, State or other statute, law or regulation for the relief of debtors (other than the Bankruptcy Code, as hereinafter defined), or shall seek or consent to or acquiesce in the appointment of any trustee, receiver or liquidator of Tenant or of all or any substantial part of its properties, or shall admit in writing its inability to pay its debts generally as they become due; or

(v) The filing of a voluntary petition by Tenant, or the entry of an order for relief against Tenant under Chapter 7, 11, or 13 of the Bankruptcy Code, U.S.C. §101, et . seq ., shall occur with respect to Tenant; or

(vi) A petition shall be filed against Tenant under any law (other than the Bankruptcy Code) seeking any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under any present or future Federal, State or other statute, law or regulation and shall remain undismissed or unstayed for an aggregate of sixty (60) days (whether or not consecutive), or if any

trustee, conservator, receiver or liquidator of Tenant or of all or any substantial part of its properties shall be appointed without the consent or acquiescence of Tenant and such appointment shall remain unvacated or unstayed for an aggregate of sixty (60) days (whether or not consecutive); or

(vii) If: (*x*) Tenant shall fail to pay the Basic Rent or Additional Rent hereunder when due or shall fail to perform or observe any other covenant herein contained on Tenant's part to be performed or observed and Tenant shall cure any such failure within the applicable grace period set forth in clauses (i) or (ii) above; or (*y*) a Default of Tenant of the kind set forth in clauses (i) or (ii) above shall occur and Landlord shall, in its sole discretion, permit Tenant to cure such Default of Tenant after the applicable grace period has expired; and the same or a similar failure shall occur more than once within the next 365 days (whether or not such similar failure is cured within the applicable grace period);

then in any such case Landlord may terminate this Lease as hereinafter provided.

15.2 Landlord's Remedies .

(a) Upon the occurrence of a Default of Tenant, Landlord may terminate this Lease by notice to Tenant, specifying a date not less than five (5) days after the giving of such notice on which this Lease shall terminate and this Lease shall come to an end on the date specified therein as fully and completely as if such date were the date herein originally fixed for the expiration of the Term of this Lease, and Tenant will then quit and surrender the Premises to Landlord in the condition required herein, but Tenant shall remain liable as hereinafter provided.

(b) If this Lease shall have been terminated as provided in this **Article** , then Landlord may re-enter the Premises, either by summary proceedings, ejectment or otherwise, and remove and dispossess Tenant and all other persons and any and all property from the same.

(c) If this Lease shall have been terminated as provided in this Article, Tenant shall pay Rent hereunder up to the time of such termination, and thereafter Tenant, until the end of what would have been the Term of this Lease in the absence of such termination, when the Premises shall have been relet and Landlord shall use best efforts to relet the Premises. Tenant shall be liable to Landlord for, and shall pay to Landlord, as liquidated current damages: (*x*) the Rent hereunder if such termination had not occurred, less the net proceeds, if any, of any reletting of the Premises, after deducting all reasonable expenses in connection with such reletting, including, without limitation, all repossession costs, brokerage commissions, legal expenses, attorneys' fees, advertising, expenses of employees, alteration costs and expenses of preparation for such reletting. Tenant shall pay the portion of such current damages referred to in clause (*x*) above to Landlord monthly on the days which the Basic Rent would have been payable hereunder if this Lease had not been terminated, and Tenant shall pay the portion of such current damages referred to in clause (*x*) above to Landlord upon such termination.

(d) At any time after termination of this Lease as provided in this Article, whether or not Landlord shall have collected any such current damages, as liquidated final damages and in lieu of all such current damages beyond the date of such demand, at Landlord's

election Tenant shall pay to Landlord an amount equal to the excess, if any, of the Rent (including Taxes, Operating Expenses and other charges payable under this Lease) which would be payable hereunder from the date of such demand assuming that, for the purposes of this paragraph, annual payments by Tenant on account of Taxes and Operating Expenses would be the same as the payments required for the immediately preceding Operating Year or Tax Year for what would be the then unexpired Term of this Lease if the same remained in effect, over the then fair net rental value of the Premises for the same period.

(e) In case of any Default of Tenant, re-entry, expiration and dispossession by summary proceedings or otherwise, Landlord shall (i) use best efforts to relet the Premises or any part or parts thereof, either in the name of Landlord or otherwise, for a term or terms which may at Landlord's option be equal to, less than, or in excess of the period which would otherwise have constituted the balance of the Term of this Lease and may grant concessions or free rent to the extent that Landlord considers necessary or advisable to relet the same, and (ii) may make such alterations, repairs and decorations in the Premises as Landlord considers necessary or advisable for the purpose of reletting the Premises; and the making of such alterations, repairs and decorations shall not operate or be construed to release Tenant from liability hereunder as aforesaid. Tenant hereby expressly waives any and all rights of redemption granted by or under any present or future laws in the event of Tenant being evicted or dispossessed, or in the event of Landlord obtaining possession of the Premises, by reason of the violation by Tenant of any of the covenants and conditions of this Lease.

15.3 Additional Rent. As referred to in **Section 15.1** and notwithstanding any other provision of this Lease to the contrary, if Tenant shall fail to pay when due Additional Rent, Landlord shall have the same rights and remedies as Landlord has hereunder for Tenant's failure to pay Basic Rent.

15.4 Remedying Defaults. Landlord shall have the right, but shall not be required, to pay such sums or do any act which requires the expenditure of monies which may be necessary or appropriate by reason of the failure or neglect of Tenant to perform any of the provisions of this Lease, and in the event of the exercise of such right by Landlord, Tenant agrees to pay to Landlord forthwith upon demand all such sums, together with interest thereon per annum at a rate equal to 3% over the prime rate in effect from time to time at Fleet National Bank (but in no event greater than the maximum lawful rate), as Additional Rent. Any payment of Basic Rent and Additional Rent payable hereunder not paid when due shall, at the option of Landlord, bear interest per annum at a rate equal to 3% over the prime rate in effect from time to time at Fleet National Bank (but in no event greater than the maximum lawful rate) from the due date thereof and shall be payable forthwith on demand by Landlord, as Additional Rent.

15.5 Remedies Cumulative. The specified remedies to which Landlord and Tenant may resort hereunder are not intended to be exclusive of any remedies or means of redress to which Landlord or Tenant may at any time be entitled lawfully, and Landlord or Tenant may invoke any remedy (including the remedy of specific performance) allowed at law or in equity as if specific remedies were not herein provided for.

15.6 Attorneys' Fees. Reasonable attorneys' fees and expenses incurred in enforcing any rights hereunder or occasioned by any default hereunder shall be paid by the prevailing party.

15.7 Waiver.

(a) Failure on the part of Landlord or Tenant to complain of any action or non-action on the part of the other, no matter how long the same may continue, shall never be a waiver by Tenant or Landlord, respectively, of any of their respective rights hereunder. Further, no waiver at any time of any of the provisions hereof by Landlord or Tenant shall be construed as a waiver of any of the other provisions hereof, and a waiver at any time of any of the provisions hereof shall not be construed as a waiver at any subsequent time of the same provisions. The consent or approval of Landlord or Tenant to or of any action by the other requiring such consent or approval shall not be construed to waive or render unnecessary Landlord's or Tenant's consent or approval to or of any subsequent similar act by the other.

(b) No payment by Tenant, or acceptance by Landlord, of a lesser amount than shall be due from Tenant to Landlord hereunder shall be treated otherwise than as a payment on account of the earliest installment of any payment due from Tenant hereunder. The acceptance by Landlord of a check for a lesser amount with an endorsement or statement thereon, or upon any letter accompanying such check, that such lesser amount is payment in full, shall be given no effect, and Landlord may accept such check without prejudice to any other rights or remedies which Landlord may have against Tenant.

15.8 Landlord's Default. Landlord shall in no event be in default under this Lease unless Landlord shall neglect or fail to perform any of its obligations hereunder and shall fail to remedy the same within thirty (30) days after notice to Landlord specifying such neglect or failure, or if such failure is of such a nature that Landlord cannot reasonably remedy the same within such thirty (30) day period, Landlord shall fail to commence promptly (and in any event within such thirty (30) day period) to remedy the same and to prosecute such remedy to completion with diligence and continuity.

ARTICLE 16
MISCELLANEOUS PROVISIONS

16.1 Rights of Access. Landlord shall have the right to enter the Premises at all reasonable hours upon at least twenty-four (24) hour's notice to Tenant, except in case of emergency when no notice shall be required, for the purpose of inspecting the Premises, doing maintenance or making repairs or otherwise exercising its rights or fulfilling its obligations under this Lease, and Landlord also shall have the right to make access available at all reasonable hours to prospective or existing (i) mortgagees, (ii) purchasers, (iii) inspections by governmental officials, or (iv) during the last nine (9) months of the Term, tenants of any part of the Property. During any such entry into the Premises, Landlord shall take reasonable steps to minimize interference with the conduct of Tenant's business.

16.2 Covenant of Quiet Enjoyment. Subject to the terms and conditions of this Lease, on payment of the Rent and observing, keeping and performing all of the other terms and

conditions of this Lease on Tenant's part to be observed, kept and performed, Tenant shall lawfully, peaceably and quietly enjoy the Premises and all Common Facilities during the Term hereof, without hindrance or ejection by any persons lawfully claiming under Landlord to have title to the Premises superior to Tenant. The foregoing covenant of quiet enjoyment is in lieu of any other covenant, express or implied.

16.3 Landlord's Liability .

(a) Tenant agrees to look solely to Landlord's equity interest in the Property at the time of recovery for recovery of any judgment against Landlord, and agrees that neither Landlord nor any successor of Landlord shall be personally liable for any such judgment, or for the payment of any monetary obligation to Tenant. The provision contained in the foregoing sentence is not intended to, and shall not, limit any right that Tenant might otherwise have to obtain injunctive relief against Landlord or any successor of Landlord, or to take any action not involving the personal liability of Landlord or any successor of Landlord to respond in monetary damages from Landlord's assets other than Landlord's equity interest in the Property.

(b) In no event shall Landlord ever be liable to Tenant for any loss of business or any other indirect or consequential damages suffered by Tenant from whatever cause.

(c) Where provision is made in this Lease for Landlord's consent, and Tenant shall request such consent, and Landlord shall fail or refuse to give such consent, Tenant shall not be entitled to any damages for any withholding by Landlord of its consent, it being intended that Tenant's sole remedy shall be an action for specific performance or injunction, and that such remedy shall be available only in those cases where Landlord has expressly agreed in writing not to unreasonably withhold its consent. Furthermore, whenever Tenant requests Landlord's consent or approval (whether or not provided for herein), Tenant shall pay to Landlord, on demand, as Additional Rent, any reasonable expenses incurred by Landlord (including without limitation reasonable attorneys' fees and costs, if any) in connection therewith.

(d) Any maintenance, repairs or restoration required or permitted to be made by Landlord under this Lease may be made during normal business hours, and Landlord shall have no liability for damages to Tenant for inconvenience, annoyance or interruption of business arising therefrom, but Landlord shall take reasonable steps to minimize interference with Tenant's business in connection therewith.

16.4 Estoppel Certificate . Each party shall, at any time and from time to time, upon not less than fifteen (15) Business Days prior written notice by Landlord the other, execute, acknowledge and deliver to Landlord an estoppel certificate containing such statements of fact as Landlord such other party reasonably requests.

16.5 Brokerage . Landlord and Tenant warrants and represents to each other that neither Party has dealt with no broker in connection with the consummation of this Lease.

16.6 Rules and Regulations . Tenant shall abide by the Rules and Regulations from time to time established by Landlord, it being agreed that such Rules and Regulations will be established and applied by Landlord in a non-discriminatory fashion, such that all Rules and Regulations shall be generally applicable to other tenants of the Building of similar nature to the

Tenant named herein. Landlord agrees to use reasonable efforts to insure that any such Rules and Regulations are uniformly enforced, but Landlord shall not be liable to Tenant for violation of the same by any other tenant or occupant of the Building, or persons having business with them. In the event that there shall be a conflict between such Rules and Regulations and the provisions of this Lease, the provisions of this Lease shall control. The Rules and Regulations currently in effect are set forth in Exhibit D .

16.7 Invalidity of Particular Provisions . If any term or provision of this Lease, or the application thereof to any person or circumstance shall, to any extent, be invalid or unenforceable, the remainder of this Lease, or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each term and provision of this Lease shall be valid and be enforced to the fullest extent permitted by law.

16.8 Provisions Binding, Etc . Except as herein otherwise provided, the terms hereof shall be binding upon and shall inure to the benefit of the successors and assigns, respectively, of Landlord and Tenant (except in the case of Tenant, only such successors and assigns as may be permitted hereunder) and, if Tenant shall be an individual, upon and to his heirs, executors, administrators, successors and permitted assigns. Each term and each provision of this Lease to be performed by Tenant shall be construed to be both a covenant and a condition. Any reference in this Lease to successors and assigns of Tenant shall not be construed to constitute a consent by Landlord to such assignment by Tenant.

16.9 Recording . Each party hereto agrees, on the request of the other, to execute a notice of lease in substantially the form attached hereto as Exhibit E, or such other form as may be mandated by the state and/or county in which the Property is located.

16.10 Notice . All notices or other communications required hereunder shall be in writing and shall be deemed duly given if delivered in person (with receipt therefor), if sent by reputable overnight delivery or courier service (e.g., Federal Express) providing for receipted delivery, or if sent by certified or registered mail, return receipt requested, postage prepaid, to the following address:

(a) if to Landlord at Landlord's Address, to the attention of Michael L. Pierce.

(b) if to Tenant, at Tenant's Address, to the attention of Steven Lockard, 373 Market Street, Warren, RI 02885.

Receipt of notice or other communication shall be conclusively established by either (i) return of a return receipt indicating that the notice has been delivered; or (ii) return of the letter containing the notice with an indication from the courier or postal service that the addressee has refused to accept delivery of the notice. Either party may change its address for the giving of notices by notice to the other party given in accordance with this Section.

16.11 When Lease Becomes Binding; Entire Agreement; Modification . The submission of this document for examination and negotiation does not constitute an offer to lease, or a reservation of, or option for, the Premises, and this document shall become effective and binding only upon the execution and delivery hereof by both Landlord and Tenant. This

Lease may be modified or altered only by written agreement between Landlord and Tenant, and no act or omission of any Agent of Landlord shall alter, change or modify any of the provisions hereof.

16.12 Headings and Interpretation of Sections. The article, section and paragraph headings throughout this instrument are for convenience and reference only, and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Lease. The provisions of this Lease shall be construed as a whole, according to their common meaning (except where a precise legal interpretation is clearly evidenced), and not for or against either party. Use in this Lease of the words "including," "such as," or words of similar import, when followed by any general term, statement or matter, shall not be construed to limit such term, statement or matter to the specified item(s), whether or not language of non-limitation, such as "without limitation" or "including, but not limited to," or words of similar import, are used with reference thereto, but rather shall be deemed to refer to all other terms or matters that could fall within a reasonably broad scope of such term, statement or matter.

16.13 Dispute Resolution. In the event of a dispute between Landlord and Tenant pursuant to this Lease (other than a dispute relating to the payment of Rent) the parties agree that prior to pursuing other available remedies (excluding giving notices of default), they will attempt to directly negotiate resolution of their dispute. If negotiation is unsuccessful, then they agree to participate in at least three (3) hours of mediation to be facilitated by a mediator mutually acceptable to them under the mediation procedures set by the mediator. The mediation session shall be conducted within thirty (30) days of the date on which the mediator receives the request to mediate. The costs of such mediation shall be shared equally by the parties.

16.14 Time Is of the Essence. Time is of the essence of each provision of this Lease.

16.15 Multiple Counterparts. This Lease may be executed in multiple counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same document.

16.16 Governing Law. This Lease shall be governed by the laws of the state in which the Property is located.

In the event that Landlord fails to install the Demising Wall by either December 31, 2010 or before any new tenant occupies the Premises, and provided that any such failure is not the result of a building or fire code prohibition, Tenant shall have the right to install such Demising Wall, subject to all building and fire code rules and regulations, and upon receipt by Landlord of reasonable evidence of Tenant's out-of-pocket expenses for such installation, Landlord shall either reimburse Tenant for such out-of-pocket expenses or credit the amount of such out-of-pocket expenses toward Tenant's Basic Rent, as amended below in Section 4.

d. If, however, Landlord or any new tenant in the Premises elects to install any new exhaust equipment in the Machine Shop, or requires Tenant to do so as part of this Lease, Landlord shall pay for any and all costs or expenses associated with such installation.

For Items 3a., 3b, and 3d described in this Section 3, Tenant shall undertake and perform such work required at its expense and shall deduct all such expenses from the Basic Rent it is required to pay, as described below in Section 4, in equal installments over a three (3) month period following completion of the work. All such work shall be performed in accordance with applicable laws, rules, codes and regulations. In the event the Tenant does not provide the Landlord with written notice of its election to exercise its right to extend the Term of this Lease by June 1, 2014, then this Extension Option shall be null and void. In the event that the Tenant does exercise its right to extend the Term of this Lease by providing written notice thereof to the Landlord no later than June 1, 2014, then this Lease, as amended, shall be upon all the same terms, covenants and conditions as the original Term, except as to Basic Rent for the Extension Term, which shall be determined as follows:

ARTICLE I

DEMISE OF PREMISES

1.1 Demise . Landlord hereby leases to Tenant and Tenant hereby hires from Landlord, Landlord's Property, together with all rights, privileges, easements, and appurtenances belonging to or in any way appertaining thereto, including but not limited to, any and all surface easements, rights, titles, and privileges of Landlord now or hereafter existing in and to adjacent streets, sidewalks and alleys for the Term, at the rental, and upon all of the covenants and conditions set forth herein.

On the Commencement Date, Landlord shall deliver possession of the Landlord's Property to Tenant, subject to the following matters to the extent that they affect the Premises:

(a) The Permitted Exceptions to the extent valid and subsisting and affecting the Premises as of the Commencement Date;

(b) The effect of all present building restrictions and regulations and present and future zoning laws, ordinances, resolutions, and regulations of the County (which are of general application in the County) and all present ordinances, regulations and orders of all boards, bureaus, commissions and bodies of the County (which are of general application in the County) and any state or federal agency, now having, or hereafter having acquired, jurisdiction of the Premises and the use and improvement thereof;

(c) The "as-is", "where-is" condition and state of repair of the Premises on the Commencement Date;

(d) All taxes, duties, assessments, special assessments, water charges and sewer rents, and any other Impositions, accrued or unaccrued, fixed or not fixed, prorated as hereinafter more fully provided; and

(e) Landlord will be responsible for all present violations of law, ordinances, orders or requirements that might be disclosed by an examination and inspection or search of the Premises by any federal, state, county or municipal department or authority having jurisdiction, as the same may exist on the Commencement Date that are not related to Tenant's operations.

1.2 Memorandum of Lease. This Lease shall not be recorded; however, to establish the status of Tenant's title, Landlord and Tenant agree, upon Tenant's request, to execute and acknowledge a short form Memorandum of this Lease, in the form attached hereto as Exhibit "D", which shall be recorded in the Official Records on or about the Commencement Date. In the event of a discrepancy between the provisions of such Memorandum and this

Lease, the provisions of this Lease shall prevail.

ARTICLE 2

TERM

2.1 Term. The term of this Lease shall commence on the Commencement Date and shall expire on the date which is five (5) years after the Commencement Date, unless sooner terminated or extended as provided herein ("Term").

2.2 Option to Extend Term . Provided an Event of Default by Tenant does not exist either at the time Tenant gives Landlord the Extension Notice (as hereinafter defined) or at the expiration of the initial five (5) year Term of this Lease, Tenant shall have the right up to two (2) times to extend the term of the Lease for an additional five (5) years with at least six (6) months prior written notice from the Tenant. Term extensions will include a onetime 12% increase of the base rent to be in place for each five (5) year renewal term.

2.3 Acquisition of Land . This lease is fully contingent upon Landlord successfully closing on the parcel prior to Commencement Date. If Landlord for any reason does not successfully close on said parcel the lease in its entirety is null and void.

ARTICLE 3

RENT

3.1 Payment of Rent for Landlord's Property . Tenant shall pay Rent during the term of this Lease to Landlord as follows:

(a) Annual Rent . As annual rent ("Annual Rent"), for the period for the Commencement Date to, but not including, the fifth (5 th) anniversary of the Commencement Date, the sum of $49,616.00 payable in advance in equal monthly installments of $4,134.67 beginning on the Commencement Date and thereafter on the first day of each calendar month during the Tenn.

3.2 Taxes on Rents. Notwithstanding the terms of Sections 3.1 and 3.2 hereof, or of any other provision hereof, Tenant agrees that to the extent there is or shall be levied, assessed or imposed on Landlord by the State of New Mexico or the County during the Term hereof, a tax directly on the rents received by Landlord under this Lease, or a tax measured by or based, in whole or in part, upon such rents, including without limitation, a gross receipts tax or a sales tax (but not including an income tax), then Tenant shall be obligated to pay such amount in monthly installments in addition to Annual Rent due hereunder.

3.3 Additional Rent. Tenant shall pay Additional Rent as provided elsewhere in this Lease. If under the terms of this Lease, Tenant is obligated to pay Additional Rent to a

Party other than Landlord, Landlord may, if Tenant fails to make the payment as herein required within the grace periods and after notice as provided herein, make the payment on Tenant's behalf. If Landlord makes such a payment, then Tenant shall pay the Additional Rent, together with interest thereon which shall accrue at the Default Rate from the time of Landlord's payment until Landlord receives Tenant's payment.

3.4 Manner of Payment . Rent to be paid to Landlord shall be paid in legal tender for the payment of public and private debts, without counterclaim, set off or deduction of any kind or nature whatsoever and without demand, to Landlord at such address as Landlord may from time to time designate in writing or via ACH transfer at Landlord discretion. For any period of less than a full month, quarter or year for which Rent is payable, the applicable Rent shall be prorated. The obligation of Tenant to pay Rent and other sums to Landlord and the obligations of Landlord under this Lease are independent obligations.

3.5 All Rent to be Net. All Rent shall be absolutely net to Landlord so that this Lease shall yield to Landlord the full amount of the Rent throughout the Term without deduction or offset except as permitted through abatement pursuant to Section 10.2 below.

ARTICLE 4

PAYMENT OF TAXES AND OTHER CHARGES

4.1 Payment of impositions. Commencing on the Commencement Date and continuing for the entire Term of this Lease, Tenant covenants and agrees (except as specifically otherwise provided in Sections 4.2 and 4.4 below) to pay and discharge or cause to be paid and discharged all Impositions promptly before delinquency and before any fine, interest or penalty shall be assessed by reason of its nonpayment. If, at any time during the term of this Lease or any extension thereof the methods of taxation prevailing at the Commencement Date shall be so altered so that in lieu of any Imposition described in this Section 4.1 there shall be levied, assessed or imposed an alternate tax, however designated, such alternate tax shall be deemed an Imposition for the purpose of this Article and Tenant shall pay and discharge such Imposition as provided by this Article. If the Commencement Date is a day other than the first day of a "tax" or "fiscal" year, i.e., January I (a "Tax Year"), all such Impositions shall be prorated such that Tenant shall be responsible only for those Impositions payable in connection with the Premises following the Commencement Date, such proration to be based on the ratio that the number of days in such fractional Tax Year bears to 365. Payment of Impositions with respect to the final Tax Year within the Term shall be similarly prorated. Notwithstanding the foregoing, if prior to the Commencement Date or after the expiration or earlier termination of this Lease, any Imposition is not payable with respect to the Premises because Landlord is exempt under applicable law from paying such Imposition, then such Imposition shall not be prorated, and Tenant shall be responsible for one hundred percent (100%) of such Imposition attributable to the period following the Commencement Date or prior to the expiration or earlier termination of this Lease, as the case may be.

4.2 Contesting Impositions. In the event that Tenant shall desire to contest or

otherwise review by appropriate legal or administrative proceeding any Imposition, Tenant shall give Landlord written notice of its intention to so contest same; after giving such notice to Landlord, Tenant shall not be in default hereunder by reason of the non-payment of such Imposition if Tenant shall have (a) obtained and furnished to the applicable taxing authority (other than Landlord) a bond or other security to the extent required by applicable law, and (b) established reserves sufficient to pay such contested Imposition and all penalties and interest that may be reasonably payable in connection therewith. Any such contest or other proceeding shall be conducted solely at Tenant's expense and free of expense to Landlord. Tenant shall pay the amount so determined to be due, together with all costs, expenses, interest, and penalties related thereto.

4.3 Utilities. All water, gas, electricity, or other public utilities used upon or furnished to the Premises during the Term hereof shall be promptly paid by Tenant as billed directly to tenant from billing party and prior to delinquency.

4.4 Payment by Landlord. Unless Tenant is contesting any Impositions as provided in Section 4.2 above, Landlord may, at any time after the date any Imposition is delinquent, give written notice to Tenant specifying same, and if Tenant continues to fail to pay or contest such Imposition, then at any time after ten (10) days from Tenant's receipt of such written notice, Landlord may pay the Imposition specified in said notice. Tenant covenants to reimburse and pay Landlord any amount so paid or expended in the payment of such Imposition upon demand therefore, with interest thereon at the Default Rate from the date of such payment by Landlord until repaid by Tenant.

ARTICLE 5

ENCUMBRANCES

5.1 No Encumbrance of Tenant's Estate . Tenant shall have no right to (a) encumber Tenant's Estate or any portion thereof or interest therein, or (b) enter into any Sublease of any portion of the Landlord Property or any portion of the Landlord's Estate, except as otherwise expressly set forth in Section 13 below.

5.2 Encumbrance of Landlord's Estate . Landlord shall have the right to encumber its estate. This Lease shall be subordinate to any Landlord mortgage now in existence or hereinafter granted. Landlord agrees to perform all covenants and to keep in good standing any Landlord mortgage on the Landlord's Property. Any default by Landlord under a Landlord mortgage shall constitute a default hereunder by Landlord.

ARTICLE 6

POSSESSION, USE, COMPLIANCE WITH LAWS, MAINTENANCE AND REPAIRS

6.1 Possession. Tenant acknowledges that as of the Commencement Date it shall have made such visual inspections as deemed necessary by Tenant, and Tenant shall accept possession of the Landlord's Property in its AS IS, WHERE-IS condition existing as of the Commencement Date. Tenant shall not be responsible for loss or damage to the Land resulting from subsurface, subterranean or underground conditions unless such condition was caused by Tenant's negligence or malfeasance.

6.2 Use . Subject to the provisions of this Article 6, Tenant may use the Premises for storage of manufactured products, including, without limitation, wind power generating products. Subject to Legal Requirements, Tenant shall construct a fence around the Premises utilizing rock pillars with wrought iron panels between the pillars ("Fencing").

6.3 Compliance With Laws. Subject to the provisions of Article 8 below, Tenant, at its sole cost and expense, shall comply with all Legal Requirements in the use, occupation, control and enjoyment of the Premises and in the prosecution and conduct of its business thereon. Tenant shall have the right, at its own cost and expense, to contest or review by appropriate legal or administrative proceeding the validity or legality of any such Legal Requirement, and during such contest Tenant may refrain from complying therewith provided that compliance therewith may legally be held in abeyance without subjecting Landlord to any liability, civil or criminal, of whatsoever nature for failure so to comply therewith and without the incurrence of a lien, charge or liability against the Premises or Landlord's Estate; and provided further that all such proceedings shall be prosecuted by Tenant with due diligence.

6.4 Maintenance. Tenant, at Tenant's sole cost and expense, shall, during the Term hereof, keep and maintain the Premises and all appurtenances thereto in compliance with all Legal Requirements and in good order and repair, and shall allow no nuisance to exist or be maintained therein. Landlord shall not be obligated to make any repairs, replacements, or renewals of any kind, nature, or description whatsoever to the Premises. Tenant expressly waives all rights to make repairs at Landlord's expense under any similar or successor statute now in force or hereinafter enacted.

ARTICLE 7

CHANGES, ALTERATIONS AND NEW CONSTRUCTION

7.1 Generally. After completion of the Initial Improvements, Tenant shall have the right to alter, repair, restore, replace or reconstruct any of the Improvements located on the Premises, provided that all such work shall be performed by Tenant in compliance with this Article 7. Notwithstanding anything in this Lease to the contrary, any Improvements to the Premises (other than the Initial Improvements) shall be subject to Landlord's prior written approval and consent. Accordingly, prior to making any Improvements to the Premises (other than the Initial Improvements), Tenant shall provide Landlord with plans and specifications of such Improvements for Landlord's review and approval and within ten (10) business days after receipt, Landlord shall review the same and notify Tenant in writing

of any comments or required changes, or to otherwise give its approval or disapproval of such proposed plans. If Landlord fails to give written comments to or approve the plans within such ten (10) business day period, then Tenant shall give Landlord a second written notice in addition to above notice ("Landlord's Second Notice") specifying in reasonable detail such failure of Landlord to respond to the plans and containing in bold upper case letters (in 16 point font or larger) the phrase **"FINAL REQUEST – PLANS TO BE AUTOMATICALLY APPROVED UNDER LEASE"),** and if Landlord fails to respond to the Landlord's Second Notice within three (3) business days, then Landlord shall be deemed to have approved the plans as submitted. Tenant shall have five (5) business days following its receipt of Landlord's comments and objections to redraw the proposed plans in compliance with Landlord's request and to resubmit the same for Landlord's final review and approval or comment within five (5) business days of Landlord's receipt of such revised plans. Such process shall be repeated until final approval by Landlord of the proposed plans has been obtained. Any Improvements to the Premises shall be in compliance with all applicable Legal Requirements. On completion of any Improvements, Tenant shall provide Landlord, at Tenant's cost, a set of as-built plans and specifications for such Improvements as such plans and specifications may have been amended from time to time. Upon termination of the Lease, Tenant will provide Landlord with such plans and other relevant construction specifications, exhibits, and documents in Tenant's possession. The term "Initial Improvements" shall mean the clearance and leveling of the land comprising the Premises and preparation and rock stabilization of the land comprising the Premises, and the construction of the Fencing.

7.2 Notice of Completion. Upon completion of the Improvements upon the Premises, Tenant shall file or cause to be filed, if required by applicable law, a valid Notice of Completion in a timely fashion. If the filing of a Notice of Completion is required by applicable law, the date of such filing shall be the "Completion Date" for such Improvements.

7.3 Title to Improvements. All Improvements constructed or installed upon the Premises by Tenant at any time prior to the Lease Expiration Date shall be and thereafter remain real property, and are and shall be the property of Tenant; provided, however, that upon the Lease Expiration Date, title to such Improvements shall vest in Landlord and the same shall become the property of Landlord. Notwithstanding anything to the contrary contained in this Section, Tenant hereby covenants and agrees to promptly execute and acknowledge (at no cost or expense to Tenant) a quitclaim deed, bill of sale, or any other documentation reasonably required by Landlord to effectuate the provisions of this Section; Tenant's covenant to do so shall survive the Lease Expiration Date.

7.4 No Liens on Fee . Landlord's interest in the Premises shall not be subjected to liens of any nature by reason of Tenant's construction, alteration, repair, restoration, replacement or reconstruction of any Improvements on the Premises, or by reason of any other act or omission of Tenant (or of any person claiming by, through or under Tenant) including, but not limited to, mechanics' and material men's liens. All persons dealing with Tenant are hereby placed on notice that such persons shall not look to Landlord or to Landlord's credit or assets (including Landlord's interest in the Improvements constructed thereon or furnishings contained therein) for payment or satisfaction of any obligations incurred in connection with the construction, alteration, repair, restoration,

replacement or reconstruction thereof by or on behalf of Tenant. Tenant has no power, right or authority to subject Landlord's interest in the Premises to any mechanic's or material man's lien or claim of lien.

ARTICLE 8

Commencing on the Commencement Date, Tenant shall at all times comply with all applicable laws, regulations and ordinances governing Hazardous Substances promulgated by a federal, state, county or municipal entity or agency ("Environmental Laws") affecting the Premises. Tenant shall at its own expense maintain in effect any permits, license or other governmental approvals relating to Hazardous Substances, if any, required for Tenant's use, and cause each Subtenant to maintain in effect any such permits, license or other governmental approvals, if any, required for such Subtenant's use, of the Premises. Tenant shall make all disclosures required of Tenant by any such Environmental Laws, and shall comply with all orders, with respect to Tenant's and its employees', agents', contractors' and invitees' use of the Premises, issued by any governmental authority having jurisdiction over the Premises and take all action required by such governmental authorities to bring Tenant's and its employees', agents', contractors' and invitees' activities on the Premises into compliance with all Environmental Laws affecting the Premises. If there is a release or discharge of any Hazardous Substance on the Premise by Tenant or caused by Tenant's activities or use of the Premises, then Tenant, at Tenant's sole cost and expense, shall be responsible for any and all costs and expenses, including remediation expenses, due to such release or discharge.

8.2 Notice . If at any time Tenant or Landlord shall become aware, or have reasonable cause to believe, that any actionable level of Hazardous Substance has been released or has otherwise come to be located on or beneath the Premises, such Party shall immediately upon discovering the release or the presence or suspected presence of the Hazardous Substance, give written notice of that condition to the other Party. In addition, the Party first learning of the release or presence of an actionable level of Hazardous Substance on or beneath the Premises, shall immediately notify the other Party in writing of: (i) any enforcement, cleanup, removal, or other governmental or regulatory action instituted, completed, or threatened pursuant to any Environmental Laws; (ii) any claim made or threatened by any person against Landlord, Tenant or the Premises arising out of or resulting from any actionable level of Hazardous Substances; and (iii) any reports made to any local, state, or federal environmental agency arising out of or in connection with any actionable level of Hazardous Substance.

8.3 Indemnity.

(a) By Landlord.

(i) To Landlord's knowledge and subject to all matters disclosed in that Landlord has not received written notice of any violation of environmental Laws pertaining to the Premises. The term "to Landlord's knowledge" shall mean the actual knowledge of

Landlord and its employees, contractors, advisors, etc., without any duty of inquiry or investigation.

(ii) Landlord, at Landlord's sole cost and expense, shall retain the responsibility and pay for any investigations or remediation measures required by governmental entities having jurisdiction with respect to the existence of Hazardous Substances on the Premises prior to the Commencement Date, unless such remediation measure is required as a result of Tenant's use of the Premises, or Tenant's activities on the Premises (including any installations, additions or improvements by Tenant), in which event Tenant shall be responsible for such payment. Tenant shall cooperate fully in any such activities at the request of Landlord, including allowing Landlord and Landlord's agents to have reasonable access to the Premises at reasonable times in order to carry out Landlord's investigative and remedial responsibilities.

(b) Survival. The obligations of the parties hereunder shall survive the expiration or earlier termination of this Lease.

ARTICLE 9

INSURANCE

9.1 All Risk Insurance. Tenant, at its sole cost and expense, shall upon substantial completion of any Improvement and throughout the entire Term keep the Insured Property insured against loss or damage by fire, windstorm, tornado, hail, water damage, lightning, vandalism, malicious mischief and earthquake and against loss or damage by such other, further and additional risks as now are or hereafter may be embraced by the standard "all risk" forms or endorsements, in each case in the full amount of the replacement value of the Insured Property and 100% of the replacement value of the rental receipts of the Insured Property on an actual loss sustained basis (the "Full Insurable Value"). For purposes of the immediately preceding sentence, any building or structure and the improvements related thereto or contained therein shall be deemed to be substantially completed when such building or structure and its related Improvements, taken as a whole, are substantially completed.

ARTICLE 10

EMINENT DOMAIN

10.1 Total Taking . If the whole or substantially all of the Premises shall be taken for a public or quasi-public use by the exercise of the power of eminent domain or by purchase under threat of condemnation by any governmental agency, this Lease shall terminate in its entirety on the date the condemning authority actually consummates such taking of the Premises, and the Rent required to be paid by Tenant hereunder shall be appropriately prorated and paid to such date of taking or reduced as provided herein below. In the event of any such taking, Landlord and Tenant shall together make one claim for an award for their combined interests in the Premises including an award for severance damages if less than the whole shall be so taken. 10.2 Partial Taking . If less than substantially all of the Premises shall be taken for any public or quasi-public use under the power of eminent domain or by purchase under threat of condemnation by any governmental agency, or if any appurtenances of the Premises or any vaults or areas outside the boundaries of the Premises or rights in, under or above the streets adjoining the Premises or the rights and benefits of light, air or access from or to such streets, shall be so taken, or the grade of any such streets shall be changed, in any such case in a manner that the remaining portion of the Premises can be adapted and economically operated for the purposes and in substantially the same manner as it was operated prior thereto in Tenant's good faith business judgment, Tenant shall give prompt notice thereof to Landlord, this Lease shall continue in full force and effect and Annual Rent shall be equitably abated. Tenant shall proceed, with reasonable diligence, to perform any necessary repairs and to restore the Premises to an economically viable unit in strict accordance with all Legal Requirements and the requirements of Article 7 above, and as nearly as possible to the condition the Premises was in immediately prior to such taking, provided, however, any such repair or restoration costs resulting from such partial taking shall be paid from the Condemnation Proceeds. The Condemnation Proceeds shall be paid to Tenant or as Tenant may direct as the restoration of the Premises progresses, to pay or reimburse Tenant for the cost of such restoration. Any portion of the Condemnation Proceeds not so used for such restoration shall be paid to Tenant to the extent that it is attributable to Tenant's Estate, or Tenant's personal property or the Improvements (or That of its invitees, agents or Subtenants) and to Landlord to the extent that it is attributable to the Landlord's Estate.

If the use (but not leasehold title) of the whole or any part of the Premises shall be taken on a temporary basis only, this Lease shall not be affected in any way and Tenant shall continue to pay all Rent due hereunder. A total taking on a temporary basis for a period in excess of one hundred eighty (180) days shall be treated as a total taking under Section 10.1 and a partial taking on a temporary basis in excess of 180 days shall be treated as a partial taking under Section 10.2.

10.4 Proceedings . In any condemnation proceeding affecting the Premises which may affect Landlord's Estate and Tenant's Estate, both parties shall have the right to appear in and defend against such action as they deem proper in accordance with their own interests. To the extent possible, the parties shall cooperate to maximize the Condemnation Proceeds payable by reason of the condemnation. Issues between Landlord and Tenant required to be resolved pursuant to this Article shall be joined in any such condemnation proceeding to the extent permissible under then applicable procedural rules of such court of law or equity for the purpose of avoiding multiplicity of actions and minimizing the expenses of the parties.

11.3 Notices to Certain Persons . Landlord or Tenant shall, before pursuing any remedy, use its reasonable good faith efforts to give such notice to all Subtenants who have requested the same. Each notice of an Event of Default shall specify the Event of Default and shall describe any damage resulting from any such act.

11.4 Remedies . If any Event of Default by Tenant or Landlord shall continue uncured, following notice of default as required by this Lease, for the period applicable to the default under the applicable provision of this Lease, Landlord or Tenant shall have the following remedies in addition to all other rights and remedies provided by law or equity, to which Landlord or Tenant may resort cumulatively or in the alternative:

(a) Termination. Except as otherwise set forth in this Paragraph 11.4 (a), the Landlord and Tenant acknowledge and agree that only Landlord shall have the right to terminate this Lease, at its election, in the event of a Tenant default as set forth above (beyond any applicable notice and cure periods) by giving written notice of termination. On the giving of the notice, all of Tenant's rights in the Premises and in the Improvements shall terminate. Promptly after notice of termination, affecting Tenant, Tenant shall surrender and vacate the Premises and the Improvements in broom-clean condition, and Landlord may rely on rights under law and equity. Termination shall not relieve Tenant from the payment of any sums then due to Landlord hereunder plus interest thereon from the date due at the Default Rate, or from any claim for damages previously accrued or then accruing against Tenant up to the date of termination. Tenant shall have the right to terminate this Lease if Landlord fails to timely remediate (past all applicable notice and cure periods) any Hazardous Substance from the Premises that are required to be remediated by Landlord in accordance with Article 8 of this Lease or if Landlord defaults (beyond any applicable notice and cure periods) under this Lease pursuant to Section 11.2 above.

that would have fallen due as Rent between the time of termination of this Lease and the time of the claim, judgment, or other award, less the proceeds of all relettings and attornments, plus interest on the balance unless Tenant makes the payments provided for in Section 11.1 (a) above in which event damages shall be limited to (1) the amounts paid by Tenant pursuant to Section 11.1 (a) above, plus (2) the sum of any unpaid Annual Rent, and all other Rent, and Impositions which are due and owing to Landlord on the date of Landlord's re-entry pursuant to Section 11.1 (a).

11.5 Cumulative Remedies . The remedies given to Landlord or Tenant herein shall not be exclusive, but shall be cumulative with and in addition to all remedies now or hereafter allowed by law and elsewhere provided in this Lease.

11.6 Waiver Breach. No waiver by a Party of any default by the other shall constitute a waiver of any other breach or default by the other, whether of the same or any other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other any contractual right by custom, estoppel, or otherwise. The subsequent acceptance of rent pursuant to this Lease shall not constitute a waiver of any preceding default by Tenant other than default in the payment of the particular rental payment so accepted, regardless of Landlord's knowledge of the preceding breach at the time of accepting the Rent, nor shall acceptance of Rent or any other payment after termination constitute a reinstatement, extension, or renewal of this Lease or revocation of any notice or other act by Landlord.

EMPLOYMENT AGREEMENT

This Employment Agreement ("Agreement") is between TPI Composites, Inc., a Delaware corporation (the "Company"), and [NAME] (the "Executive") and is made effective as of the closing of the Company's first underwritten public offering of its equity securities pursuant to an effective registration statement under the Securities Act of 1933, as amended (the "IPO"), provided the IPO is consummated prior to [DATE], 2016 (the "Effective Date").

WHEREAS, the Company and the Executive previously entered in an [employment agreement][offer letter], dated [DATE], which the Company and the Executive intend to replace with this Agreement; and

WHEREAS, the Company desires to continue to employ the Executive and the Executive desires to continue to be employed by the Company on the new terms and conditions contained herein.

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Employment .

(a) Term . The term of this Agreement shall commence on the Effective Date and continue until terminated in accordance with the provisions of Section 3 (the "Term"). The Executive's employment with the Company shall be "at will," meaning that the Executive's employment may be terminated by the Company or the Executive at any time and for any reason.

(b) Position and Duties . During the Term, the Executive shall serve as the [POSITION] of the Company, and shall have supervision and control over and responsibility for the day-to-day business and affairs of the Company and shall have such other powers and duties as may from time to time be prescribed by the [**FOR THE CEO:** Board of Directors of the Company (the "Board")] [**FOR OTHER EXECUTIVES:** Chief Executive Officer of the Company (the "CEO") or other authorized executive], provided that such duties are consistent with the Executive's position or other positions that Executive may hold from time to time. The Executive shall report to the [**FOR THE CEO:** Board] [**FOR OTHER EXECUTIVES:** CEO]. The Executive shall devote Executive's full working time and efforts to the business and affairs of the Company. Notwithstanding the foregoing, the Executive may serve on other boards of directors, with the approval of the [**FOR THE CEO:** Board][**FOR OTHER EXECUTIVES:** Board of Directors of the Company (the "Board")], or engage in religious, charitable or other community activities as long as such services and activities are disclosed to the Board and do not materially interfere with the Executive's performance of Executive's duties to the Company as provided in this Agreement.

2. Compensation and Related Matters .

(a) Base Salary . During the Term, the Executive's initial annual base salary shall be [AMOUNT] dollars ($[AMOUNT]). The Executive's base salary shall be redetermined

annually by the Board or the Compensation Committee of the Board (the "Compensation Committee"). The annual base salary in effect at any given time is referred to herein as "Base Salary." The Base Salary shall be payable in a manner that is consistent with the Company's usual payroll practices for senior executives.

(b) Incentive Compensation . During the Term, the Executive shall be eligible to receive cash incentive compensation as determined by the Board or the Compensation Committee from time to time. The Executive's target annual incentive compensation shall be [NUMBER] percent ([NUMBER]%) of Executive's Base Salary. To earn incentive compensation, the Executive must be employed by the Company on the day such incentive compensation is paid.

(c) Expenses . The Executive shall be entitled to receive prompt reimbursement for all reasonable expenses incurred by Executive during the Term in performing services hereunder, in accordance with the policies and procedures then in effect and established by the Company for its senior executive officers.

(d) Other Benefits . During the Term, the Executive shall be eligible to participate in or receive benefits under the Company's employee benefit plans in effect from time to time, subject to the terms of such plans.

(e) Vacations . During the Term, the Executive shall be entitled to accrue paid vacation in accordance with the Company's applicable vacation policy.

3. Termination . During the Term, the Executive's employment hereunder may be terminated without any breach of this Agreement under the following circumstances:

(a) Death . The Executive's employment hereunder shall terminate upon Executive's death.

(b) Disability . The Company may terminate the Executive's employment if Executive is disabled and unable to perform the essential functions of the Executive's then existing position or positions under this Agreement with or without reasonable accommodation for a period of one hundred eighty (180) days (which need not be consecutive) in any 12-month period. If any question shall arise as to whether during any period the Executive is disabled so as to be unable to perform the essential functions of the Executive's then existing position or positions with or without reasonable accommodation, the Executive may, and at the request of the Company shall, submit to the Company a certification in reasonable detail by a physician selected by the Company to whom the Executive or the Executive's guardian has no reasonable objection as to whether the Executive is so disabled or how long such disability is expected to continue, and such certification shall for the purposes of this Agreement be conclusive of the issue. The Executive shall cooperate with any reasonable request of the physician in connection with such certification. If such question shall arise and the Executive shall fail to submit such certification, the Company's determination of such issue shall be binding on the Executive. Nothing in this Section 3(b) shall be construed to waive the Executive's rights, if any, under existing law including, without limitation, the Family and Medical Leave Act of 1993, 29 U.S.C. §2601 *et seq* . and the Americans with Disabilities Act, 42 U.S.C. §12101 *et seq.*

(c) Termination by Company for Cause . The Company may terminate the Executive's employment hereunder for Cause by a vote of the Board at the meeting of Board called and held for such purpose. For purposes of this Agreement, "Cause" shall mean: (i) conduct by the Executive constituting a material act of misconduct in connection with the performance of Executive's duties, including, without limitation, misappropriation of funds or property of the Company or any of its subsidiaries or affiliates other than the occasional, customary and de minimis use of Company property for personal purposes; (ii) the commission by the Executive of any felony or a misdemeanor involving moral turpitude, deceit, dishonesty or fraud, or any conduct by the Executive that would reasonably be expected to result in material injury or reputational harm to the Company or any of its subsidiaries and affiliates if Executive was retained in Executive's position; (iii) continued non-performance by the Executive of Executive's duties hereunder (other than by reason of the Executive's physical or mental illness, incapacity or disability) which has continued for more than 30 days following written notice of such non-performance from the Board; (iv) a breach by the Executive of any of the provisions contained in Section 7 of this Agreement; (v) a material violation by the Executive of the Company's written employment policies; or (vi) failure to cooperate with a bona fide internal investigation or an investigation by regulatory or law enforcement authorities, after being instructed by the Company to cooperate, or the willful destruction or failure to preserve documents or other materials known to be relevant to such investigation or the inducement of others to fail to cooperate or to produce documents or other materials in connection with such investigation.

(d) Termination Without Cause . The Company may terminate the Executive's employment hereunder at any time without Cause. Any termination by the Company of the Executive's employment under this Agreement which does not constitute a termination for Cause under Section 3(c) and does not result from the death or disability of the Executive under Section 3(a) or (b) shall be deemed a termination without Cause.

(e) Termination by the Executive . The Executive may terminate Executive's employment hereunder at any time for any reason, including but not limited to Good Reason. For purposes of this Agreement, "Good Reason" shall mean that the Executive has complied with the "Good Reason Process" (hereinafter defined) following the occurrence of any of the following events without the Executive's express written consent: (i) a material diminution in the Executive's responsibilities, authority or duties; (ii) a material reduction in the Executive's Base Salary except for across-the-board salary reductions based on the Company's financial performance similarly affecting all or substantially all senior management employees of the Company; (iii) a material change in the geographic location at which the Executive provides services to the Company (except for required travel on Company business); or (iv) the material breach by the Company of this Agreement. "Good Reason Process" shall mean that (i) the Executive reasonably determines in good faith that a "Good Reason" condition has occurred; (ii) the Executive notifies the Company in writing of the first occurrence of the Good Reason condition within sixty (60) days of the first occurrence of such condition; (iii) the Executive cooperates in good faith with the Company's efforts, for a period not less than thirty (30) days following such notice (the "Cure Period") to remedy the condition; (iv) notwithstanding such efforts, the Good Reason condition continues to exist; and (v) the Executive terminates Executive's employment within sixty (60) days after the end of the Cure Period. If the Company cures the Good Reason condition during the Cure Period, Good Reason shall be deemed not to have occurred.

(f) Notice of Termination . Except for termination as specified in Section 3(a), any termination of the Executive's employment by the Company or any such termination by the Executive shall be communicated by written Notice of Termination to the other party hereto. For purposes of this Agreement, a "Notice of Termination" shall mean a notice which shall indicate the specific termination provision in this Agreement relied upon.

(g) Date of Termination . "Date of Termination" shall mean: (i) if the Executive's employment is terminated by Executive's death, the date of Executive's death; (ii) if the Executive's employment is terminated on account of disability under Section 3(b) or by the Company for Cause under Section 3(c), the date on which Notice of Termination is given; (iii) if the Executive's employment is terminated by the Company under Section 3(d), the date on which a Notice of Termination is given; (iv) if the Executive's employment is terminated by the Executive under Section 3(e) without Good Reason, thirty (30) days after the date on which a Notice of Termination is given, and (v) if the Executive's employment is terminated by the Executive under Section 3(e) with Good Reason, the date on which a Notice of Termination is given after the end of the Cure Period. Notwithstanding the foregoing, in the event that either party gives a Notice of Termination, the Company may unilaterally accelerate the Date of Termination.

4. Compensation Upon Termination .

(a) Termination Generally . If the Executive's employment with the Company is terminated for any reason, the Company shall pay or provide to the Executive (or to Executive's authorized representative or estate) (i) any Base Salary earned through the Date of Termination, unpaid expense reimbursements (subject to, and in accordance with, Section 2(c) of this Agreement) and unused vacation that accrued through the Date of Termination (but in any event no more than the amount of unused vacation that would accrue in one fiscal year) on or before the time required by law but in no event more than thirty (30) days after the Executive's Date of Termination; and (ii) any vested benefits the Executive may have under any employee benefit plan of the Company through the Date of Termination, which vested benefits shall be paid and/or provided in accordance with the terms of such employee benefit plans (collectively, the "Accrued Benefits").

(b) Termination by the Company Without Cause or by the Executive with Good Reason . During the Term, if the Executive's employment is terminated by the Company without Cause as provided in Section 3(d), or the Executive terminates Executive's employment for Good Reason as provided in Section 3(e), then the Company shall pay the Executive the Accrued Benefits. In addition, subject to the Executive signing a separation agreement containing, among other provisions, a general release of claims in favor of the Company and related persons and entities, confidentiality, return of property and non-disparagement, in a form and manner satisfactory to the Company and substantially similar to the form attached hereto as Exhibit A (the "Separation Agreement and Release"), and the Separation Agreement and Release becoming irrevocable and fully effective, all within sixty (60) days after the Date of Termination:

(i) the Company shall pay the Executive an amount equal to [**FOR THE CEO :** one hundred fifty] [**FOR OTHER EXECUTIVES :** one hundred or fifty] percent ([**FOR THE CEO :** 150] [**FOR OTHER EXECUTIVES :** 100 or 50]%) of the Executive's Base Salary (the "Severance Amount"); and

(ii) if the Executive was participating in the Company's group health plan immediately prior to the Date of Termination and elects COBRA health continuation, then the Company shall pay to the Executive a monthly cash payment for [**FOR THE CEO :** 18] [**FOR OTHER EXECUTIVES :** 12 or 6] months or the Executive's COBRA health continuation period, whichever ends earlier, in an amount equal to the monthly employer contribution that the Company would have made to provide health insurance to the Executive if the Executive had remained employed by the Company; and

(iii) the amounts payable under this Section 4(b) shall be paid out in substantially equal installments in accordance with the Company's payroll practice over [**FOR THE CEO :** 18] [**FOR OTHER EXECUTIVES :** 12 or 6] months commencing within sixty (60) days after the Date of Termination; provided, however, that if the 60-day period begins in one (1) calendar year and ends in a second calendar year, the Severance Amount shall begin to be paid in the second calendar year by the last day of such 60-day period; provided, further, that the initial payment shall include a catch-up payment to cover amounts retroactive to the day immediately following the Date of Termination. Each payment pursuant to this Agreement is intended to constitute a separate payment for purposes of Treasury Regulation Section 1.409A-2(b)(2).

(iv) The receipt of any severance payments or benefits pursuant to Section 4 shall be subject to Executive not violating the Restrictive Covenants Agreement referenced in Section 7 of this Agreement and attached hereto as Exhibit B , the terms of which are hereby incorporated by reference. In the event Executive breaches the Restrictive Covenants Agreement, in addition to all other legal and equitable remedies, the Company shall have the right to terminate or suspend all continuing payments and benefits to which Executive may otherwise be entitled pursuant to Section 4 without affecting the Executive's release or Executive's obligations under the Separation Agreement and Release.

5. Change in Control Payment . The provisions of this Section 5 set forth certain terms of an agreement reached between the Executive and the Company regarding the Executive's rights and obligations upon the occurrence of a Change in Control of the Company. These provisions are intended to assure and encourage in advance the Executive's continued attention and dedication to Executive's assigned duties and Executive's objectivity during the pendency and after the occurrence of any such event. These provisions shall apply in lieu of, and expressly supersede, the provisions of Section 4(b) regarding severance pay and benefits upon a termination of employment, if such termination of employment occurs within twelve (12) months after the occurrence of the first event constituting a Change in Control. These provisions shall terminate and be of no further force or effect beginning twelve (12) months after the occurrence of a Change in Control.

(a) Change in Control . During the Term, if within twelve (12) months after a Change in Control, the Executive's employment is terminated by the Company without Cause as provided in Section 3(d) or the Executive terminates Executive's employment for Good Reason

as provided in Section 3(e), then the Company shall pay the Executive the Accrued Benefits. In addition, subject to the signing of the Separation Agreement and Release by the Executive and the Separation Agreement and Release becoming irrevocable and fully effective, all within sixty (60) days after the Date of Termination,

(i) the Company shall pay the Executive a lump sum in cash in an amount equal to [**FOR THE CEO :** one hundred fifty] [**FOR OTHER EXECUTIVES :** one hundred] percent ([**FOR THE CEO :** 150] [**FOR OTHER EXECUTIVES :** 100]%) of the sum of (A) the Executive's current Base Salary (or the Executive's Base Salary in effect immediately prior to the Change in Control, if higher) and (B) the Executive's Target Incentive Compensation. In addition, Executive shall be entitled to the prorated amount of Executive's annual incentive compensation as set forth in Section 2(b) (based on the actual amount of annual incentive compensation that Executive would have been paid if he had remained employed through the applicable calendar year) for the period commencing on January 1 of the calendar year in which Executive's termination occurs through the Date of Termination, payable when incentive compensation is payable to all other senior executives of the Company. For purposes of this Agreement, "Target Incentive Compensation" shall mean the Executive's target annual incentive compensation as set forth in Section 2(b); and

(ii) notwithstanding anything to the contrary in any applicable stock option agreement or stock-based award agreement, (a) all stock options and other stock-based awards granted to the Executive that are subject to time-based vesting shall immediately accelerate and become fully exercisable or nonforfeitable as of the Date of Termination, and Executive shall have one year from the Date of Termination to exercise any such stock option awards, notwithstanding any contrary post-termination exercise period described in the applicable award agreement, and (b) all stock options and other stock-based awards granted to the Executive that are subject to performance-based vesting shall immediately accelerate and become fully exercisable or nonforfeitable as of the Date of Termination, to the extent that applicable performance goals have been met at such time; and

(iii) if the Executive was participating in the Company's group health plan immediately prior to the Date of Termination and elects COBRA health continuation, then the Company shall pay to the Executive a monthly cash payment for [**FOR THE CEO :** 18] [**FOR OTHER EXECUTIVES :** 12] months or the Executive's COBRA health continuation period, whichever ends earlier, in an amount equal to the monthly employer contribution that the Company would have made to provide health insurance to the Executive if the Executive had remained employed by the Company; and

(iv) The amounts payable under this Section 5(a) shall be paid or commence to be paid within sixty (60) days after the Date of Termination; provided, however, that if the 60-day period begins in one (1) calendar year and ends in a second calendar year, such payment shall be paid or commence to be paid in the second calendar year by the last day of such 60-day period.

(b) Additional Limitation .

(i) Anything in this Agreement to the contrary notwithstanding, in the event that the amount of any compensation, payment or distribution by the Company to or for the benefit of the Executive, whether paid or payable or distributed or distributable pursuant to the terms of this Agreement or otherwise, calculated in a manner consistent with Section 280G of the Internal Revenue Code of 1986, as amended (the "Code") and the applicable regulations thereunder (the "Severance Payments"), would be subject to the excise tax imposed by Section 4999 of the Code, the following provisions shall apply:

(A) If the Severance Payments, reduced by the sum of (1) the Excise Tax and (2) the total of the federal, state, and local income and employment taxes payable by the Executive on the amount of the Severance Payments which are in excess of the Threshold Amount, are greater than or equal to the Threshold Amount, the Executive shall be entitled to the full benefits payable under this Agreement.

(B) If the Threshold Amount is less than (x) the Severance Payments, but greater than (y) the Severance Payments reduced by the sum of (1) the Excise Tax and (2) the total of the federal, state, and local income and employment taxes on the amount of the Severance Payments which are in excess of the Threshold Amount, then the Severance Payments shall be reduced (but not below zero) to the extent necessary so that the sum of all Severance Payments shall not exceed the Threshold Amount. In such event, the Severance Payments shall be reduced in the following order: (1) cash payments not subject to Section 409A of the Code; (2) cash payments subject to Section 409A of the Code; (3) equity-based payments and acceleration; and (4) non-cash forms of benefits. To the extent any payment is to be made over time (e.g., in installments, etc.), then the payments shall be reduced in reverse chronological order.

(ii) For the purposes of this Section 5(b), "Threshold Amount" shall mean three (3) times the Executive's "base amount" within the meaning of Section 280G(b)(3) of the Code and the regulations promulgated thereunder less one dollar ($1.00); and "Excise Tax" shall mean the excise tax imposed by Section 4999 of the Code, and any interest or penalties incurred by the Executive with respect to such excise tax.

(iii) The determination as to which of the alternative provisions of Section 5(b)(i) shall apply to the Executive shall be made by a nationally recognized accounting firm selected by the Company (the "Accounting Firm"), which shall provide detailed supporting calculations both to the Company and the Executive within fifteen (15) business days of the Date of Termination, if applicable, or at such earlier time as is reasonably requested by the Company or the Executive. For purposes of determining which of the alternative provisions of Section 5(b)(i) shall apply, the Executive shall be deemed to pay federal income taxes at the highest marginal rate of federal income taxation applicable to individuals for the calendar year in which the determination is to be made, and state and local income taxes at the highest marginal rates of individual taxation

in the state and locality of the Executive's residence on the Date of Termination, net of the maximum reduction in federal income taxes which could be obtained from deduction of such state and local taxes. Any determination by the Accounting Firm shall be binding upon the Company and the Executive.

(c) Definitions. For purposes of this Section 5, the following terms shall have the following meanings:

"Change in Control" shall mean "Sale Event," as such term is defined in the Company's 2015 Stock Option and Incentive Plan, as amended.

6. Section 409A.

(a) Anything in this Agreement to the contrary notwithstanding, if at the time of the Executive's separation from service within the meaning of Section 409A of the Code, the Company determines that the Executive is a "specified employee" within the meaning of Section 409A(a)(2)(B)(i) of the Code, then to the extent any payment or benefit that the Executive becomes entitled to under this Agreement on account of the Executive's separation from service would be considered deferred compensation otherwise subject to the twenty percent (20%) additional tax imposed pursuant to Section 409A(a) of the Code as a result of the application of Section 409A(a)(2)(B)(i) of the Code, such payment shall not be payable and such benefit shall not be provided until the date that is the earlier of (A) six (6) months and one (1) day after the Executive's separation from service, or (B) the Executive's death. If any such delayed cash payment is otherwise payable on an installment basis, the first payment shall include a catch-up payment covering amounts that would otherwise have been paid during the six-month period but for the application of this provision, and the balance of the installments shall be payable in accordance with their original schedule.

(b) All in-kind benefits provided and expenses eligible for reimbursement under this Agreement shall be provided by the Company or incurred by the Executive during the time periods set forth in this Agreement. All reimbursements shall be paid as soon as administratively practicable, but in no event shall any reimbursement be paid after the last day of the taxable year following the taxable year in which the expense was incurred. The amount of in-kind benefits provided or reimbursable expenses incurred in one (1) taxable year shall not affect the in-kind benefits to be provided or the expenses eligible for reimbursement in any other taxable year (except for any lifetime or other aggregate limitation applicable to medical expenses). Such right to reimbursement or in-kind benefits is not subject to liquidation or exchange for another benefit.

(c) To the extent that any payment or benefit described in this Agreement constitutes "non-qualified deferred compensation" under Section 409A of the Code, and to the extent that such payment or benefit is payable upon the Executive's termination of employment, then such payments or benefits shall be payable only upon the Executive's "separation from service." The determination of whether and when a separation from service has occurred shall be made in accordance with the presumptions set forth in Treasury Regulation Section 1.409A-1(h).

(d) The parties intend that this Agreement shall be administered in accordance with Section 409A of the Code. To the extent that any provision of this Agreement is ambiguous as to its compliance with Section 409A of the Code, the provision shall be read in such a manner so that all payments hereunder comply with Section 409A of the Code. Each payment pursuant to this Agreement is intended to constitute a separate payment for purposes of Treasury Regulation Section 1.409A-2(b)(2). The parties agree that this Agreement may be amended, as reasonably requested by either party, and as may be necessary to fully comply with Section 409A of the Code and all related rules and regulations in order to preserve the payments and benefits provided hereunder without additional cost to either party.

(e) The Company makes no representation or warranty and shall have no liability to the Executive or any other person if any provisions of this Agreement are determined to constitute deferred compensation subject to Section 409A of the Code but do not satisfy an exemption from, or the conditions of, such Section.

7. Employee Non-Competition, Non-Solicitation, Confidentiality and Assignment Agreement . The Executive agrees to terms of the Employee Non-Competition, Non-Solicitation, Confidentiality and Assignment Agreement ("Restrictive Covenants Agreement") attached hereto as Exhibit B , the terms of which are hereby incorporated by reference as material terms of this Agreement; provided that the term "Restricted Period" as used in the Restrictive Covenants Agreement shall mean the greater of (i) twelve months, or (ii) the number of months of equal to the quotient of (a) the total amount of severance payable to Executive under Section 4(b)(i) or Section 5(a)(i), as applicable, and (b) the monthly Base Salary of Executive. Notwithstanding anything to the contrary in the Restrictive Covenants Agreement, pursuant to the federal Defend Trade Secrets Act of 2016, the Executive shall not be held criminally or civilly liable under any federal or state trade secret law for the disclosure of a trade secret that (a) is made (i) in confidence to a federal, state, or local government official, either directly or indirectly, or to an attorney; and (ii) solely for the purpose of reporting or investigating a suspected violation of law; or (b) is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

8. Mediation and Arbitration of Disputes. Any controversy or claim arising out of or relating to this Agreement or the breach thereof or otherwise arising out of the Executive's employment or the termination of that employment regardless of whether based on any statute or the common law (including, without limitation, any claims of unlawful employment discrimination whether based on age or otherwise) (collectively, an "Employment Dispute") shall, to the fullest extent permitted by law, be settled by the procedures of this Section 8. The parties shall first make good faith efforts to resolve any Employment Dispute through direct discussions. If not resolved through direct discussions, a party seeking relief with respect to an Employment Dispute shall invoke the Employment Mediation Procedures of the Employment Arbitration Rules and Mediation Procedures (the "Rules") of the American Arbitration Association ("AAA"), unless the parties agree to waive the Employment Mediation Procedures. The location of any such mediation shall be Phoenix, Arizona. In the event of the termination of a mediation without resolution of the Employment Dispute, a party seeking relief with respect to such dispute shall submit such dispute to arbitration before the AAA in Phoenix, Arizona pursuant to the Rules, including, but not limited to, the rules and procedures applicable to the selection of arbitrators. In the event that any person or entity other than the Executive or the

Company may be a party with regard to any such controversy or claim, such controversy or claim shall be submitted to arbitration subject to such other person's or entity's agreement. The Executive agrees not to assert a class action or representative action claim against the Company in arbitration or otherwise, nor to serve or join as a member of a class action or representative action. The Executive agrees only to submit the Executive's own, individual claims in arbitration and shall not seek to represent the interests of any other person. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. This Section 8 shall be specifically enforceable. Notwithstanding the foregoing, this Section 8 shall not preclude either party from pursuing a court action for the sole purpose of obtaining a temporary restraining order or a preliminary injunction in circumstances in which such relief is appropriate without first utilizing any or all of the procedures of this Section 8; *provided* that any other relief shall be pursued through an arbitration proceeding pursuant to this Section 8.

9. Integration . This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes all prior agreements between the parties concerning such subject matter.

10. Withholding . All payments made by the Company to the Executive under this Agreement shall be net of any tax or other amounts required to be withheld by the Company under applicable law.

11. Successor to the Executive . This Agreement shall inure to the benefit of and be enforceable by the Executive's personal representatives, executors, administrators, heirs, distributees, devisees and legatees. In the event of the Executive's death after Executive's termination of employment but prior to the completion by the Company of all payments due him under this Agreement, the Company shall continue such payments to the Executive's beneficiary designated in writing to the Company prior to his death (or to Executive's estate, if the Executive fails to make such designation).

12. Enforceability . If any portion or provision of this Agreement (including, without limitation, any portion or provision of any section of this Agreement) shall to any extent be declared illegal or unenforceable by a court of competent jurisdiction, then the remainder of this Agreement, or the application of such portion or provision in circumstances other than those as to which it is so declared illegal or unenforceable, shall not be affected thereby, and each portion and provision of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

13. Survival . The provisions of this Agreement shall survive the termination of this Agreement and/or the termination of the Executive's employment to the extent necessary to effectuate the terms contained herein.

14. Waiver . No waiver of any provision hereof shall be effective unless made in writing and signed by the waiving party. The failure of any party to require the performance of any term or obligation of this Agreement, or the waiver by any party of any breach of this Agreement, shall not prevent any subsequent enforcement of such term or obligation or be deemed a waiver of any subsequent breach.

15. Notices . Any notices, requests, demands and other communications provided for by this Agreement shall be sufficient if in writing and delivered in person or sent by a nationally recognized overnight courier service or by registered or certified mail, postage prepaid, return receipt requested, to the Executive at the last address the Executive has filed in writing with the Company or, in the case of the Company, at its main offices, attention of the Board.

16. Amendment . This Agreement may be amended or modified only by a written instrument signed by the Executive and by a duly authorized representative of the Company.

17. Governing Law . This is an Arizona contract and shall be construed under and be governed in all respects by the laws of the State of Arizona, without giving effect to the conflict of laws principles of such State.

18. Counterparts . This Agreement may be executed in any number of counterparts, each of which when so executed and delivered shall be taken to be an original; but such counterparts shall together constitute one and the same document.

19. Successor to Company . The Company shall require any successor (whether direct or indirect, by purchase, merger, consolidation or otherwise) to all or substantially all of the business or assets of the Company expressly to assume and agree to perform this Agreement to the same extent that the Company would be required to perform it if no succession had taken place. Failure of the Company to obtain an assumption of this Agreement at or prior to the effectiveness of any succession shall be a material breach of this Agreement.

20. Gender Neutral . Wherever used herein, a pronoun in the masculine gender shall be considered as including the feminine gender unless the context clearly indicates otherwise.

IN WITNESS WHEREOF, the parties have executed this Agreement effective on the date and year first above written.

Restrictive Covenants Agreement
Employee Non-Competition, Non-Solicitation, Confidentiality and Assignment Agreement

In consideration and as a condition of my employment by TPI Composites, Inc., I, _____, agree to the following terms of this Employee Non-Competition, Non-Solicitation, Confidentiality, and Assignment Agreement ("the Agreement"). For purposes of this Agreement the "Company" shall mean TPI Composites, Inc. and any parent, subsidiaries and affiliates.

1. **Proprietary Information .** I agree that all information, whether or not in writing, concerning the Company's business, technology, business relationships or financial affairs that the Company has not released to the general public (collectively, "Proprietary Information") is and will be the exclusive property of the Company. By way of illustration, Proprietary Information may include information or material that has not been made generally available to the public, such as: (a) *corporate information* , including plans, strategies, methods, policies, resolutions, negotiations or litigation; (b) *marketing information* , including strategies, methods, customer identities or other information about customers, prospect identities or other information about prospects, or market analyses or projections; (c) *financial information* , including cost and performance data, debt arrangements, equity structure, investors and holdings, purchasing and sales data and price lists; and (d) *operational and technological information* , including plans, specifications, manuals, forms, templates, software, designs, methods, procedures, formulas, discoveries, inventions, improvements, concepts and ideas; and (e) *personnel information* , including personnel lists, reporting or organizational structure, resumes, personnel data, compensation structure, performance evaluations and termination arrangements or documents. Proprietary Information also includes information received in confidence by the Company from its customers or suppliers or other third parties.

2. **Recognition of Company's Rights .** I will not, at any time, without the Company's prior written permission, either during or after my employment, disclose any Proprietary Information to anyone outside of the Company, or use or permit to be used any Proprietary Information for any purpose other than the performance of my duties as an employee of the Company. I will cooperate with the Company and use my best efforts to prevent the unauthorized disclosure of all Proprietary Information. I will deliver to the Company all copies of Proprietary Information in my possession or control upon the earlier of a request by the Company or termination of my employment.

3. **Rights of Others .** I understand that the Company is now and may hereafter be subject to non-disclosure or confidentiality agreements with third persons that require the Company to protect or refrain from use of proprietary information. I agree to be bound by the terms of such agreements in the event I have access to such proprietary information.

4. **Commitment to Company; Avoidance of Conflict of Interest .** While an employee of the Company, I will devote my full-time efforts to the Company's business and, except as otherwise agreed in a formal written employment agreement executed by a duly authorized officer of the Company, I will not engage in any other business activity that conflicts with my duties to the Company. I will advise the president of the Company or his or her nominee at such time as any activity of either the Company or another business presents me with a conflict of interest or the appearance of a conflict of interest as an employee of the Company. I will take whatever action is requested of me by the Company to resolve any conflict or appearance of conflict that it finds to exist.

5. **Developments .** I will make full and prompt disclosure to the Company of all inventions, discoveries, designs, developments, methods, modifications, improvements, processes, algorithms, databases, computer programs, formulae, techniques, trade secrets, graphics or images, audio or visual works, and other works of authorship (collectively "Developments"), whether or not patentable or copyrightable, that are created, made, conceived or reduced to practice by me (alone or jointly with others) or under my direction during the period of my employment. I acknowledge that all work performed by me is on a "work for hire" basis, and I hereby do assign and transfer and, to the extent any such assignment cannot be made at present, will assign

and transfer, to the Company and its successors and assigns all my right, title and interest in all Developments that (a) relate to the business of the Company or any customer of or supplier to the Company or any of the products or services being researched, developed, manufactured or sold by the Company or that may be used with such products or services; or (b) result from tasks assigned to me by the Company; or (c) result from the use of premises or personal property (whether tangible or intangible) owned, leased or contracted for by the Company ("Company-Related Developments"), and all related patents, patent applications, trademarks and trademark applications, copyrights and copyright applications, and other intellectual property rights in all countries and territories worldwide and under any international conventions ("Intellectual Property Rights").

To preclude any possible uncertainty, I have set forth on Exhibit 1 attached hereto a complete list of Developments that I have, alone or jointly with others, conceived, developed or reduced to practice prior to the commencement of my employment with the Company that I consider to be my property or the property of third parties and that I wish to have excluded from the scope of this Agreement ("Prior Inventions"). I have also listed on Exhibit 1 all patents and patent applications in which I am named as an inventor, other than those which have been assigned to the Company ("Other Patent Rights"). If no such disclosure is attached, I represent that there are no Prior Inventions or Other Patent Rights. If, in the course of my employment with the Company, I incorporate a Prior Invention into a Company product, process or machine or other work done for the Company, I hereby grant to the Company a nonexclusive, royalty-free, irrevocable, worldwide license (with the full right to sublicense) to make, have made, modify, use and sell such Prior Invention. Notwithstanding the foregoing, I will not incorporate, or permit to be incorporated, Prior Inventions in any Company-Related Development without the Company's prior written consent.

This Agreement does not obligate me to assign to the Company any Development which, in the sole judgment of the Company, reasonably exercised, is developed entirely on my own time and does not relate to the business efforts or research and development efforts in which, during the period of my employment, the Company actually is engaged or reasonably would be engaged, and does not result from the use of premises or equipment owned or leased by the Company. However, I will also promptly disclose to the Company any such Developments for the purpose of determining whether they qualify for such exclusion. I understand that to the extent this Agreement is required to be construed in accordance with the laws of any state that precludes a requirement in an employee agreement to assign certain classes of inventions made by an employee, this paragraph 5 will be interpreted not to apply to any invention which a court rules and/or the Company agrees falls within such classes. I also hereby waive all claims to any moral rights or other special rights which I may have or accrue in any Company-Related Developments.

6. **Documents and Other Materials .** I will keep and maintain adequate and current records of all Proprietary Information and Company-Related Developments developed by me during my employment, which records will be available to and remain the sole property of the Company at all times.

All files, letters, notes, memoranda, reports, records, data, sketches, drawings, notebooks, layouts, charts, quotations and proposals, specification sheets, program listings, blueprints, models, prototypes, or other written, photographic or other tangible material containing Proprietary Information, whether created by me or others, which come into my custody or possession, are the exclusive property of the Company to be used by me only in the performance of my duties for the Company. Any property situated on the Company's premises and owned by the Company, including without limitation computers, disks and other storage media, filing cabinets or other work areas, is subject to inspection by the Company at any time with or without notice. In the event of the termination of my employment for any reason, I will deliver to the Company all files, letters, notes, memoranda, reports, records, data, sketches, drawings, notebooks, layouts, charts, quotations and proposals, specification sheets, program listings, blueprints, models, prototypes, or other written, photographic or other tangible material containing Proprietary Information, and other materials of any nature pertaining to the Proprietary Information of the Company and to my work, and will not take or keep in my possession any of the foregoing or any copies.

7. **Enforcement of Intellectual Property Rights .** I will cooperate fully with the Company, both during and after my employment with the Company, with respect to the procurement, maintenance and enforcement of Intellectual Property Rights in Company-Related Developments. I will sign all papers, including without limitation copyright

applications, patent applications, declarations, oaths, assignments of priority rights, and powers of attorney, which the Company may deem necessary or desirable in order to protect its rights and interests in any Company-Related Development. If the Company is unable, after reasonable effort, to secure my signature on any such papers, I hereby irrevocably designate and appoint each officer of the Company as my agent and attorney-in-fact to execute any such papers on my behalf, and to take any and all actions as the Company may deem necessary or desirable in order to protect its rights and interests in any Company-Related Development.

8. **Non-Competition and Non-Solicitation .** In order to protect the Company's Proprietary Information and good will, during my employment and for a period of twelve (12) months following the termination of my employment for any reason (the "Restricted Period"), I will not directly or indirectly, whether as owner, partner, shareholder, director, consultant, agent, employee, co-venturer or otherwise, engage, participate or invest in any business activity anywhere in the "Geographic Scope" (as defined below) that (i) develops, manufactures or markets composite materials or related services in the wind energy, transportation and/or military vehicle markets, or (ii) develops, manufactures or markets any products, or performs any services, that are otherwise competitive with or similar to the products or services of the Company, or products or services that the Company has under development or that are the subject of active planning at any time during my employment; provided that this shall not prohibit any possible investment in publicly traded stock of a company representing less than one percent of the stock of such company. For purposes of this Agreement, Geographic Scope shall mean anywhere in the world, *provided however* , in case that anywhere in the world shall be held invalid, overly broad, unreasonable, or unenforceable in any respect, the Geographic Scope shall be anywhere in the world where the Company conducts business *provided however* , in case that anywhere in the world where the Company conducts business shall be held invalid, overly broad, unreasonable, or unenforceable in any respect, the Geographic Scope shall be anywhere in the United States, *provided however* , in the event anywhere in the United States shall be held invalid, overly broad, unreasonable, or unenforceable in any respect, the Geographic Scope shall be anywhere in the United States where the Company conducts business, *provided however* , in the event anywhere in the United States where the Company conducts business shall be held invalid, overly broad, unreasonable, or unenforceable in any respect, the Geographic Scope shall be anywhere in any state in the United States where I perform or have performed services for the Company. In addition, during the Restricted Period, I will not, directly or indirectly, in any manner, other than for the benefit of the Company, (a) call upon, solicit, divert or take away any of the customers, business or prospective customers of the Company or any of its suppliers, and/or (b) solicit, entice or attempt to persuade any other employee or consultant of the Company to leave the services of the Company for any reason. I acknowledge and agree that if I violate any of the provisions of this paragraph 8, the running of the Restricted Period will be extended by the time during which I engage in such violation(s).

9. **Government Contracts .** I acknowledge that the Company may have from time to time agreements with other persons or with the United States Government or its agencies that impose obligations or restrictions on the Company regarding inventions made during the course of work under such agreements or regarding the confidential nature of such work. I agree to comply with any such obligations or restrictions upon the direction of the Company. In addition to the rights assigned under paragraph 5, I also assign to the Company (or any of its nominees) all rights which I have or acquired in any Developments, full title to which is required to be in the United States under any contract between the Company and the United States or any of its agencies.

10. **Prior Agreements .** I hereby represent that, except as I have fully disclosed previously in a writing to the Company, a copy of which is attached hereto as Exhibit 2 , I am not bound by the terms of any agreement with any previous employer or other party to refrain from using or disclosing any trade secret or confidential or proprietary information in the course of my employment with the Company or to refrain from competing, directly or indirectly, with the business of such previous employer or any other party. I further represent that my performance of all the terms of this Agreement as an employee of the Company and my performance of the terms of any employment agreement I entered into with the Company, does not and will not breach any agreement to keep in confidence proprietary information, knowledge or data acquired by me in confidence or in trust prior to my employment with the Company. I will not disclose to the Company or induce the Company to use any confidential or proprietary information or material belonging to any previous employer or others.

11. **Remedies Upon Breach .** I understand that the restrictions contained in this Agreement are necessary for the protection of the business and goodwill of the Company and I consider them to be reasonable for such purpose. Any breach of this Agreement is likely to cause the Company substantial and irrevocable damage and therefore, in the event of such breach, the Company, in addition to such other remedies that may be available, will be entitled to specific performance and other injunctive relief. In addition, if a court of competent jurisdiction determines that I violated this Agreement, I agree to reimburse the Company for its legal fees associated with addressing such a breach.

12. **Use of Voice, Image and Likeness .** I give the Company permission to use my voice, image or likeness, with or without using my name, for the purposes of advertising and promoting the Company, or for other purposes deemed appropriate by the Company in its reasonable discretion, except to the extent expressly prohibited by law.

13. **Publications and Public Statements .** I will obtain the Company's written approval before publishing or submitting for publication any material that relates to my work at the Company and/or incorporates any Proprietary Information. To ensure that the Company delivers a consistent message about its products, services and operations to the public, and further in recognition that even positive statements may have a detrimental effect on the Company in certain securities transactions and other contexts, any statement about the Company that I create, publish or post during my period of employment and for six (6) months thereafter, on any media accessible by the public, including but not limited to electronic bulletin boards and Internet-based chat rooms, must first be reviewed and approved by an officer of the Company before it is released in the public domain.

14. **No Employment Obligation .** I understand that this Agreement does not create an obligation on the Company or any other person to continue my employment. I acknowledge that, unless otherwise agreed in a formal written employment agreement signed on behalf of the Company by an authorized officer, my employment with the Company is at will and therefore may be terminated by the Company or me at any time and for any reason.

15. **Survival and Assignment by the Company .** I understand that my obligations under this Agreement will continue in accordance with its express terms regardless of any changes in my title, position, duties, salary, compensation or benefits or other terms and conditions of employment. I further understand that my obligations under this Agreement will continue following the termination of my employment regardless of the manner of such termination and will be binding upon my heirs, executors and administrators. The Company will have the right to assign this Agreement to its affiliates, successors and assigns. I expressly consent to be bound by the provisions of this Agreement for the benefit of the Company or any parent, subsidiary or affiliate to whose employ I may be transferred without the necessity that this Agreement be resigned at the time of such transfer.

16. **Disclosure to Future Employers .** I will provide a copy of this Agreement to any prospective employer, partner or co-venturer prior to entering into an employment, partnership or other business relationship with such person or entity.

17. **Severability .** In case any provisions (or portions thereof) contained in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect the other provisions of this Agreement, and this Agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

18. **Interpretation .** This Agreement will be deemed to be made and entered into in the State of Arizona, and will in all respects be interpreted, enforced and governed under the laws of the State of Arizona.

I UNDERSTAND THAT THIS AGREEMENT AFFECTS IMPORTANT RIGHTS. BY SIGNING BELOW, I CERTIFY THAT I HAVE READ IT CAREFULLY AND AM SATISFIED THAT I UNDERSTAND IT COMPLETELY.

Exhibit 10.24

INDEMNIFICATION AGREEMENT

This Indemnification Agreement (" Agreement ") is made as of by and between TPI Composites, Inc., a Delaware corporation (the " Company "), and (" Indemnitee ").

RECITALS

WHEREAS, the Company desires to attract and retain the services of highly qualified individuals, such as Indemnitee, to serve the Company;

WHEREAS, in order to induce Indemnitee to provide or continue to provide services to the Company, the Company wishes to provide for the indemnification of, and advancement of expenses to, Indemnitee to the maximum extent permitted by law;

WHEREAS, the Certificate of Incorporation (the " Charter ") and the Bylaws (the " Bylaws ") of the Company require indemnification of the officers and directors of the Company, and Indemnitee may also be entitled to indemnification pursuant to the General Corporation Law of the State of Delaware (the " DGCL ");

WHEREAS, the Charter, the Bylaws and the DGCL expressly provide that the indemnification provisions set forth therein are not exclusive, and thereby contemplate that contracts may be entered into between the Company and members of the board of directors, officers and other persons with respect to indemnification;

WHEREAS, the Board of Directors of the Company (the " Board ") has determined that the increased difficulty in attracting and retaining highly qualified persons such as Indemnitee is detrimental to the best interests of the Company's stockholders;

WHEREAS, it is reasonable and prudent for the Company contractually to obligate itself to indemnify, and to advance expenses on behalf of, such persons to the fullest extent permitted by applicable law, regardless of any amendment or revocation of the Charter or the Bylaws, so that they will serve or continue to serve the Company free from undue concern that they will not be so indemnified;

WHEREAS, this Agreement is a supplement to and in furtherance of the indemnification provided in the Charter, the Bylaws and any resolutions adopted pursuant thereto, and shall not be deemed a substitute therefor, nor to diminish or abrogate any rights of Indemnitee thereunder; and

[WHEREAS, Indemnitee has certain rights to indemnification and/or insurance provided by [Name of Fund/Sponsor] which Indemnitee and [Name of Fund/Sponsor] intend to be secondary to the primary obligation of the Company to indemnify Indemnitee as provided in this Agreement, with the Company's acknowledgment and agreement to the foregoing being a material condition to Indemnitee's willingness to serve or continue to serve on the Board.]

NOW, THEREFORE, in consideration of the premises and the covenants contained herein, the Company and Indemnitee do hereby covenant and agree as follows:

Section 1. Services to the Company . Indemnitee agrees to serve as a director of the Company. Indemnitee may at any time and for any reason resign from such position (subject to any other contractual obligation or any obligation imposed by law), in which event the Company shall have no obligation under this Agreement to continue Indemnitee in such position. This Agreement shall not be deemed an employment contract between the Company (or any of its subsidiaries or any Enterprise) and Indemnitee.

Section 2. Definitions .

As used in this Agreement:

(a) " Change in Control " shall mean (i) the sale of all or substantially all of the assets of the Company on a consolidated basis to an unrelated person or entity, (ii) a merger, reorganization or consolidation pursuant to which the holders of the Company's outstanding voting power and outstanding stock immediately prior to such transaction do not own a majority of the outstanding voting power and outstanding stock or other equity interests of the resulting or successor entity (or its ultimate parent, if applicable) immediately upon completion of such transaction, (iii) the sale of all of the Stock of the Company to an unrelated person, entity or group thereof acting in concert, or (iv) any other transaction in which the owners of the Company's outstanding voting power immediately prior to such transaction do not own at least a majority of the outstanding voting power of the Company or any successor entity immediately upon completion of the transaction other than as a result of the acquisition of securities directly from the Company.

(b) " Corporate Status " describes the status of a person as a current or former director of the Company or current or former director, manager, partner, officer, employee, agent or trustee of any other Enterprise which such person is or was serving at the request of the Company.

(c) " Enforcement Expenses " shall include all reasonable attorneys' fees, court costs, transcript costs, fees of experts, travel expenses, duplicating costs, printing and binding costs, telephone charges, postage, delivery service fees, and all other out-of-pocket disbursements or expenses of the types customarily incurred in connection with an action to enforce indemnification or advancement rights, or an appeal from such action. Expenses, however, shall not include fees, salaries, wages or benefits owed to Indemnitee.

(d) " Enterprise " shall mean any corporation (other than the Company), partnership, joint venture, trust, employee benefit plan, limited liability company, or other legal entity of which Indemnitee is or was serving at the request of the Company as a director, manager, partner, officer, employee, agent or trustee, including without limitation, any subsidiary of the Company.

(e) " Expenses " shall include all reasonable attorneys' fees, court costs, transcript costs, fees of experts, travel expenses, duplicating costs, printing and binding costs, telephone charges, postage, delivery service fees, and all other out-of-pocket disbursements or expenses of the types customarily incurred in connection with prosecuting, defending, preparing to prosecute or defend, investigating, being or preparing to be a witness in, or otherwise

participating in, a Proceeding or an appeal resulting from a Proceeding. Expenses, however, shall not include amounts paid in settlement by Indemnitee, the amount of judgments or fines against Indemnitee or fees, salaries, wages or benefits owed to Indemnitee.

(f) " Independent Counsel " means a law firm, or a partner (or, if applicable, member or shareholder) of such a law firm, that is experienced in matters of Delaware corporation law and neither presently is, nor in the past five (5) years has been, retained to represent: (i) the Company, any subsidiary of the Company, any Enterprise or Indemnitee in any matter material to any such party; or (ii) any other party to the Proceeding giving rise to a claim for indemnification hereunder. Notwithstanding the foregoing, the term "Independent Counsel" shall not include any person who, under the applicable standards of professional conduct then prevailing, would have a conflict of interest in representing either the Company or Indemnitee in an action to determine Indemnitee's rights under this Agreement. The Company agrees to pay the reasonable fees and expenses of the Independent Counsel referred to above and to fully indemnify such counsel against any and all expenses, claims, liabilities and damages arising out of or relating to this Agreement or its engagement pursuant hereto.

(g) The term " Proceeding " shall include any threatened, pending or completed action, suit, arbitration, alternate dispute resolution mechanism, investigation, inquiry, administrative hearing or any other actual, threatened or completed proceeding, whether brought in the right of the Company or otherwise and whether of a civil, criminal, administrative, regulatory or investigative nature, and whether formal or informal, in which Indemnitee was, is or will be involved as a party or otherwise by reason of the fact that Indemnitee is or was a director of the Company or is or was serving at the request of the Company as a director, manager, partner, officer, employee, agent or trustee of any Enterprise or by reason of any action taken by Indemnitee or of any action taken on his or her part while acting as a director of the Company or while serving at the request of the Company as a director, manager, partner, officer, employee, agent or trustee of any Enterprise, in each case whether or not serving in such capacity at the time any liability or expense is incurred for which indemnification, reimbursement or advancement of expenses can be provided under this Agreement; provided , however , that the term "Proceeding" shall not include any action, suit or arbitration, or part thereof, initiated by Indemnitee to enforce Indemnitee's rights under this Agreement as provided for in Section 12(a) of this Agreement.

Section 3. Indemnity in Third-Party Proceedings . The Company shall indemnify Indemnitee to the extent set forth in this Section 3 if Indemnitee is, or is threatened to be made, a party to or a participant in any Proceeding, other than a Proceeding by or in the right of the Company to procure a judgment in its favor. Pursuant to this Section 3, Indemnitee shall be indemnified against all Expenses, judgments, fines, penalties, excise taxes, and amounts paid in settlement actually and reasonably incurred by Indemnitee or on his or her behalf in connection with such Proceeding or any claim, issue or matter therein, if Indemnitee acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Company and, in the case of a criminal proceeding, had no reasonable cause to believe that his or her conduct was unlawful.

Section 4. Indemnity in Proceedings by or in the Right of the Company . The Company shall indemnify Indemnitee to the extent set forth in this Section 4 if Indemnitee is, or is threatened to be made, a party to or a participant in any Proceeding by or in the right of the Company to procure a judgment in its favor. Pursuant to this Section 4, Indemnitee shall be indemnified against all Expenses actually and reasonably incurred by Indemnitee or on his or her behalf in connection with such Proceeding or any claim, issue or matter therein, if Indemnitee acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Company. No indemnification for Expenses shall be made under this Section 4 in respect of any claim, issue or matter as to which Indemnitee shall have been finally adjudged by a court to be liable to the Company, unless and only to the extent that the Delaware Court of Chancery (the " Delaware Court ") shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, Indemnitee is fairly and reasonably entitled to indemnification for such expenses as the Delaware Court shall deem proper.

Section 5. Indemnification for Expenses of a Party Who is Wholly or Partly Successful . Notwithstanding any other provisions of this Agreement and except as provided in Section 7, to the extent that Indemnitee is a party to or a participant in any Proceeding and is successful in such Proceeding or in defense of any claim, issue or matter therein, the Company shall indemnify Indemnitee against all Expenses actually and reasonably incurred by him or her in connection therewith. If Indemnitee is not wholly successful in such Proceeding but is successful as to one or more but less than all claims, issues or matters in such Proceeding, the Company shall indemnify Indemnitee against all Expenses actually and reasonably incurred by Indemnitee or on his or her behalf in connection with each successfully resolved claim, issue or matter. For purposes of this Section and without limitation, the termination of any claim, issue or matter in such a Proceeding by dismissal, with or without prejudice, shall be deemed to be a successful result as to such claim, issue or matter.

Section 6. Reimbursement for Expenses of a Witness or in Response to a Subpoena . Notwithstanding any other provision of this Agreement, to the extent that Indemnitee, by reason of his or her Corporate Status, (i) is a witness in any Proceeding to which Indemnitee is not a party and is not threatened to be made a party or (ii) receives a subpoena with respect to any Proceeding to which Indemnitee is not a party and is not threatened to be made a party, the Company shall reimburse Indemnitee for all Expenses actually and reasonably incurred by him or her or on his or her behalf in connection therewith.

Section 7. Exclusions . Notwithstanding any provision in this Agreement to the contrary, the Company shall not be obligated under this Agreement:

(a) to indemnify for amounts otherwise indemnifiable hereunder (or for which advancement is provided hereunder) if and to the extent that Indemnitee has otherwise actually received such amounts under any insurance policy, contract, agreement or otherwise[; provided that the foregoing shall not affect the rights of Indemnitee or the Fund Indemnitors as set forth in Section 13(c)];

(b) to indemnify for an accounting of profits made from the purchase and sale (or sale and purchase) by Indemnitee of securities of the Company within the meaning of Section

16(b) of the Securities Exchange Act of 1934, as amended, or similar provisions of state statutory law or common law;

(c) to indemnify with respect to any Proceeding, or part thereof, brought by Indemnitee against the Company, any legal entity which it controls, any director or officer thereof or any third party, unless (i) the Board has consented to the initiation of such Proceeding or part thereof and (ii) the Company provides the indemnification, in its sole discretion, pursuant to the powers vested in the Company under applicable law; provided , however , that this Section 7(c) shall not apply to (A) counterclaims or affirmative defenses asserted by Indemnitee in an action brought against Indemnitee or (B) any action brought by Indemnitee for indemnification or advancement from the Company under this Agreement or under any directors' and officers' liability insurance policies maintained by the Company in the suit for which indemnification or advancement is being sought as described in Section 12; or

(d) to provide any indemnification or advancement of expenses that is prohibited by applicable law (as such law exists at the time payment would otherwise be required pursuant to this Agreement).

Section 8. Advancement of Expenses . Subject to Section 9(b), the Company shall advance, to the extent not prohibited by law, the Expenses incurred by Indemnitee in connection with any Proceeding, and such advancement shall be made within thirty (30) days after the receipt by the Company of a statement or statements requesting such advances (including any invoices received by Indemnitee, which such invoices may be redacted as necessary to avoid the waiver of any privilege accorded by applicable law) from time to time, whether prior to or after final disposition of any Proceeding. Advances shall be unsecured and interest free. Advances shall be made without regard to Indemnitee's ability to repay the expenses and without regard to Indemnitee's ultimate entitlement to indemnification under the other provisions of this Agreement. Indemnitee shall qualify for advances upon the execution and delivery to the Company of this Agreement which shall constitute an undertaking providing that Indemnitee undertakes to the fullest extent required by law to repay the advance if and to the extent that it is ultimately determined by a court of competent jurisdiction in a final judgment, not subject to appeal, that Indemnitee is not entitled to be indemnified by the Company. The right to advances under this paragraph shall in all events continue until final disposition of any Proceeding, including any appeal therein. Nothing in this Section 8 shall limit Indemnitee's right to advancement pursuant to Section 12(e) of this Agreement.

Section 9. Procedure for Notification and Defense of Claim .

(a) To obtain indemnification under this Agreement, Indemnitee shall submit to the Company a written request therefor specifying the basis for the claim, the amounts for which Indemnitee is seeking payment under this Agreement, and all documentation related thereto as reasonably requested by the Company.

(b) In the event that the Company shall be obligated hereunder to provide indemnification for or make any advancement of Expenses with respect to any Proceeding, the Company shall be entitled to assume the defense of such Proceeding, or any claim, issue or matter therein, with counsel approved by Indemnitee (which approval shall not be unreasonably

withheld or delayed) upon the delivery to Indemnitee of written notice of the Company's election to do so. After delivery of such notice, approval of such counsel by Indemnitee and the retention of such counsel by the Company, the Company will not be liable to Indemnitee under this Agreement for any fees or expenses of separate counsel subsequently employed by or on behalf of Indemnitee with respect to the same Proceeding; provided that (i) Indemnitee shall have the right to employ separate counsel in any such Proceeding at Indemnitee's expense and (ii) if (A) the employment of separate counsel by Indemnitee has been previously authorized by the Company, (B) Indemnitee shall have reasonably concluded that there may be a conflict of interest between the Company and Indemnitee in the conduct of such defense, or (C) the Company shall not continue to retain such counsel to defend such Proceeding, then the fees and expenses actually and reasonably incurred by Indemnitee with respect to his or her separate counsel shall be Expenses hereunder.

(c) In the event that the Company does not assume the defense in a Proceeding pursuant to paragraph (b) above, then the Company will be entitled to participate in the Proceeding at its own expense.

(d) The Company shall not be liable to indemnify Indemnitee under this Agreement for any amounts paid in settlement of any Proceeding effected without its prior written consent (which consent shall not be unreasonably withheld or delayed). The Company shall not, without the prior written consent of Indemnitee (which consent shall not be unreasonably withheld or delayed), enter into any settlement which (i) includes an admission of fault of Indemnitee, any non-monetary remedy imposed on Indemnitee or any monetary damages for which Indemnitee is not wholly and actually indemnified hereunder or (ii) with respect to any Proceeding with respect to which Indemnitee may be or is made a party or may be otherwise entitled to seek indemnification hereunder, does not include the full release of Indemnitee from all liability in respect of such Proceeding.

Section 10. Procedure Upon Application for Indemnification .

(a) Upon written request by Indemnitee for indemnification pursuant to Section 9(a), a determination, if such determination is required by applicable law, with respect to Indemnitee's entitlement to indemnification hereunder shall be made in the specific case by one of the following methods: (x) if a Change in Control shall have occurred, by Independent Counsel in a written opinion to the Board; or (y) if a Change in Control shall not have occurred: (i) by a majority vote of the disinterested directors, even though less than a quorum; (ii) by a committee of disinterested directors designated by a majority vote of the disinterested directors, even though less than a quorum; or (iii) if there are no disinterested directors or if the disinterested directors so direct, by Independent Counsel in a written opinion to the Board. For purposes hereof, disinterested directors are those members of the Board who are not parties to the action, suit or proceeding in respect of which indemnification is sought. In the case that such determination is made by Independent Counsel, a copy of Independent Counsel's written opinion shall be delivered to Indemnitee and, if it is so determined that Indemnitee is entitled to indemnification, payment to Indemnitee shall be made within thirty (30) days after such determination. Indemnitee shall cooperate with the Independent Counsel or the Company, as applicable, in making such determination with respect to Indemnitee's entitlement to

indemnification, including providing to such counsel or the Company, upon reasonable advance request, any documentation or information which is not privileged or otherwise protected from disclosure and which is reasonably available to Indemnitee and reasonably necessary to such determination. Any out-of-pocket costs or expenses (including reasonable attorneys' fees and disbursements) actually and reasonably incurred by Indemnitee in so cooperating with the Independent Counsel or the Company shall be borne by the Company (irrespective of the determination as to Indemnitee's entitlement to indemnification) and the Company hereby indemnifies and agrees to hold Indemnitee harmless therefrom.

(b) If the determination of entitlement to indemnification is to be made by Independent Counsel pursuant to Section 10(a), the Independent Counsel shall be selected by the Board if a Change in Control shall not have occurred or, if a Change in Control shall have occurred, by Indemnitee. Indemnitee or the Company, as the case may be, may, within ten (10) days after written notice of such selection, deliver to the Company or Indemnitee, as the case may be, a written objection to such selection; provided , however , that such objection may be asserted only on the ground that the Independent Counsel so selected does not meet the requirements of "Independent Counsel" as defined in Section 2 of this Agreement, and the objection shall set forth with particularity the factual basis of such assertion. Absent a proper and timely objection, the person so selected shall act as Independent Counsel. If such written objection is so made and substantiated, the Independent Counsel so selected may not serve as Independent Counsel unless and until such objection is withdrawn or the Delaware Court has determined that such objection is without merit. If, within twenty (20) days after the later of (i) submission by Indemnitee of a written request for indemnification pursuant to Section 9(a), and (ii) the final disposition of the Proceeding, including any appeal therein, no Independent Counsel shall have been selected without objection, either Indemnitee or the Company may petition the Delaware Court for resolution of any objection which shall have been made by Indemnitee or the Company to the selection of Independent Counsel and/or for the appointment as Independent Counsel of a person selected by the court or by such other person as the court shall designate. The person with respect to whom all objections are so resolved or the person so appointed shall act as Independent Counsel under Section 10(a) hereof. Upon the due commencement of any judicial proceeding or arbitration pursuant to Section 12(a) of this Agreement, Independent Counsel shall be discharged and relieved of any further responsibility in such capacity (subject to the applicable standards of professional conduct then prevailing).

Section 11. Presumptions and Effect of Certain Proceedings .

(a) To the extent permitted by applicable law, in making a determination with respect to entitlement to indemnification hereunder, it shall be presumed that Indemnitee is entitled to indemnification under this Agreement if Indemnitee has submitted a request for indemnification in accordance with Section 9(a) of this Agreement, and the Company shall have the burden of proof to overcome that presumption in connection with the making of any determination contrary to that presumption.

(b) The termination of any Proceeding or of any claim, issue or matter therein, by judgment, order, settlement or conviction, or upon a plea of guilty, nolo contendere or its equivalent, shall not (except as otherwise expressly provided in this Agreement) of itself adversely affect the right of Indemnitee to indemnification or create a presumption that

Indemnitee did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the Company or, with respect to any criminal Proceeding, that Indemnitee had reasonable cause to believe that his or her conduct was unlawful.

(c) The knowledge and/or actions, or failure to act, of any director, manager, partner, officer, employee, agent or trustee of the Company, any subsidiary of the Company, or any Enterprise shall not be imputed to Indemnitee for purposes of determining the right to indemnification under this Agreement.

Section 12. Remedies of Indemnitee .

(a) Subject to Section 12(f), in the event that (i) a determination is made pursuant to Section 10 of this Agreement that Indemnitee is not entitled to indemnification under this Agreement, (ii) advancement of Expenses is not timely made pursuant to Section 8 of this Agreement, (iii) no determination of entitlement to indemnification shall have been made pursuant to Section 10(a) of this Agreement within sixty (60) days after receipt by the Company of the request for indemnification for which a determination is to be made other than by Independent Counsel, (iv) payment of indemnification or reimbursement of expenses is not made pursuant to Section 5 or 6 or the last sentence of Section 10(a) of this Agreement within thirty (30) days after receipt by the Company of a written request therefor (including any invoices received by Indemnitee, which such invoices may be redacted as necessary to avoid the waiver of any privilege accorded by applicable law) or (v) payment of indemnification pursuant to Section 3 or 4 of this Agreement is not made within thirty (30) days after a determination has been made that Indemnitee is entitled to indemnification, Indemnitee shall be entitled to an adjudication by the Delaware Court of his or her entitlement to such indemnification or advancement. Alternatively, Indemnitee, at his or her option, may seek an award in arbitration to be conducted by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association. Indemnitee shall commence such proceeding seeking an adjudication or an award in arbitration within 180 days following the date on which Indemnitee first has the right to commence such proceeding pursuant to this Section 12(a); provided , however , that the foregoing time limitation shall not apply in respect of a proceeding brought by Indemnitee to enforce his or her rights under Section 5 of this Agreement. The Company shall not oppose Indemnitee's right to seek any such adjudication or award in arbitration.

(b) In the event that a determination shall have been made pursuant to Section 10(a) of this Agreement that Indemnitee is not entitled to indemnification, any judicial proceeding or arbitration commenced pursuant to this Section 12 shall be conducted in all respects as a de novo trial, or arbitration, on the merits and Indemnitee shall not be prejudiced by reason of that adverse determination. In any judicial proceeding or arbitration commenced pursuant to this Section 12, the Company shall have the burden of proving Indemnitee is not entitled to indemnification or advancement, as the case may be.

(c) If a determination shall have been made pursuant to Section 10(a) of this Agreement that Indemnitee is entitled to indemnification, the Company shall be bound by such determination in any judicial proceeding or arbitration commenced pursuant to this Section 12, absent (i) a misstatement by Indemnitee of a material fact, or an omission of a material fact

necessary to make Indemnitee's statement not materially misleading, in connection with the request for indemnification, or (ii) a prohibition of such indemnification under applicable law.

(d) The Company shall be precluded from asserting in any judicial proceeding or arbitration commenced pursuant to this Section 12 that the procedures and presumptions of this Agreement are not valid, binding and enforceable and shall stipulate in any such court or before any such arbitrator that the Company is bound by all the provisions of this Agreement.

(e) The Company shall indemnify Indemnitee to the fullest extent permitted by law against any and all Enforcement Expenses and, if requested by Indemnitee, shall (within thirty (30) days after receipt by the Company of a written request therefor) advance, to the extent not prohibited by law, such Enforcement Expenses to Indemnitee, which are incurred by Indemnitee in connection with any action brought by Indemnitee for indemnification or advancement from the Company under this Agreement or under any directors' and officers' liability insurance policies maintained by the Company in the suit for which indemnification or advancement is being sought. Such written request for advancement shall include invoices received by Indemnitee in connection with such Enforcement Expenses but, in the case of invoices in connection with legal services, any references to legal work performed or to expenditures made that would cause Indemnitee to waive any privilege accorded by applicable law need not be included with the invoice.

(f) Notwithstanding anything in this Agreement to the contrary, no determination as to entitlement to indemnification under this Agreement shall be required to be made prior to the final disposition of the Proceeding, including any appeal therein.

Section 13. Non-exclusivity; Survival of Rights; Insurance; [Primacy of Indemnification;] Subrogation .

(a) The rights of indemnification and to receive advancement as provided by this Agreement shall not be deemed exclusive of any other rights to which Indemnitee may at any time be entitled under applicable law, the Charter, the Bylaws, any agreement, a vote of stockholders or a resolution of directors, or otherwise. No amendment, alteration or repeal of this Agreement or of any provision hereof shall limit or restrict any right of Indemnitee under this Agreement in respect of any action taken or omitted by such Indemnitee in his or her Corporate Status prior to such amendment, alteration or repeal. To the extent that a change in Delaware law, whether by statute or judicial decision, permits greater indemnification or advancement than would be afforded currently under the Charter, Bylaws and this Agreement, it is the intent of the parties hereto that Indemnitee shall enjoy by this Agreement the greater benefits so afforded by such change. No right or remedy herein conferred is intended to be exclusive of any other right or remedy, and every other right and remedy shall be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other right or remedy.

(b) To the extent that the Company maintains an insurance policy or policies providing liability insurance for directors, managers, partners, officers, employees, agents or trustees of the Company or of any other Enterprise, Indemnitee shall be covered by such policy

or policies in accordance with its or their terms to the maximum extent of the coverage available for any such director, manager, partner, officer, employee, agent or trustee under such policy or policies. If, at the time of the receipt of a notice of a claim pursuant to the terms hereof, the Company has director and officer liability insurance in effect, the Company shall give prompt notice of the commencement of such proceeding to the insurers in accordance with the procedures set forth in the respective policies.

(c) [The Company hereby acknowledges that Indemnitee has certain rights to indemnification, advancement of expenses and/or insurance provided by [Name of Fund/Sponsor] and certain of [its][their] affiliates (collectively, the " Fund Indemnitors "). The Company hereby agrees (i) that it is the indemnitor of first resort (*i.e.* , its obligations to Indemnitee are primary and any obligation of the Fund Indemnitors to advance expenses or to provide indemnification for the same expenses or liabilities incurred by Indemnitee are secondary), (ii) that it shall be required to advance the full amount of expenses incurred by Indemnitee and shall be liable for the full amount of all Expenses, judgments, penalties, fines and amounts paid in settlement to the extent legally permitted and as required by the terms of this Agreement and the Charter and/or Bylaws (or any other agreement between the Company and Indemnitee), without regard to any rights Indemnitee may have against the Fund Indemnitors, and (iii) that it irrevocably waives, relinquishes and releases the Fund Indemnitors from any and all claims against the Fund Indemnitors for contribution, subrogation or any other recovery of any kind in respect thereof. The Company further agrees that no advancement or payment by the Fund Indemnitors on behalf of Indemnitee with respect to any claim for which Indemnitee has sought indemnification from the Company shall affect the foregoing and the Fund Indemnitors shall have a right of contribution and/or be subrogated to the extent of such advancement or payment to all of the rights of recovery of Indemnitee against the Company. The Company and Indemnitee agree that the Fund Indemnitors are express third party beneficiaries of the terms of this Section 13(c).]

(d) [Except as provided in paragraph (c) above,] [I/i]n the event of any payment under this Agreement, the Company shall be subrogated to the extent of such payment to all of the rights of recovery of Indemnitee [(other than against the Fund Indemnitors)], who shall execute all papers required and take all action necessary to secure such rights, including execution of such documents as are necessary to enable the Company to bring suit to enforce such rights.

(e) [Except as provided in paragraph (c) above,] [T/t]he Company's obligation to provide indemnification or advancement hereunder to Indemnitee who is or was serving at the request of the Company as a director, manager, partner, officer, employee, agent or trustee of any other Enterprise shall be reduced by any amount Indemnitee has actually received as indemnification or advancement from such other Enterprise.

Section 14. Duration of Agreement . This Agreement shall continue until and terminate upon the later of: (a) ten (10) years after the date that Indemnitee shall have ceased to serve as a director of the Company and any other Enterprise for which Indemnitee is or was serving at the request of the Company as a director, manager, partner, officer, employee, agent or trustee or (b) one (1) year after the final termination of any Proceeding, including any appeal, then pending in respect of which Indemnitee is granted rights of indemnification or advancement

hereunder and of any proceeding commenced by Indemnitee pursuant to Section 12 of this Agreement relating thereto. This Agreement shall be binding upon the Company and its successors and assigns and shall inure to the benefit of Indemnitee and his or her heirs, executors and administrators. The Company shall require and cause any successor (whether direct or indirect by purchase, merger, consolidation or otherwise) to all, substantially all or a substantial part, of the business and/or assets of the Company, by written agreement in form and substance satisfactory to Indemnitee, expressly to assume and agree to perform this Agreement in the same manner and to the same extent that the Company would be required to perform if no such succession had taken place.

Section 15. Severability . If any provision or provisions of this Agreement shall be held to be invalid, illegal or unenforceable for any reason whatsoever: (a) the validity, legality and enforceability of the remaining provisions of this Agreement (including, without limitation, each portion of any section of this Agreement containing any such provision held to be invalid, illegal or unenforceable, that is not itself invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby and shall remain enforceable to the fullest extent permitted by law; (b) such provision or provisions shall be deemed reformed to the extent necessary to conform to applicable law and to give the maximum effect to the intent of the parties hereto; and (c) to the fullest extent possible, the provisions of this Agreement (including, without limitation, each portion of any section of this Agreement containing any such provision held to be invalid, illegal or unenforceable, that is not itself invalid, illegal or unenforceable) shall be construed so as to give effect to the intent manifested thereby.

Section 16. Enforcement .

(a) The Company expressly confirms and agrees that it has entered into this Agreement and assumed the obligations imposed on it hereby in order to induce Indemnitee to serve or continue to serve as a director of the Company, and the Company acknowledges that Indemnitee is relying upon this Agreement in serving as a director of the Company.

(b) This Agreement constitutes the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes all prior agreements and understandings, oral, written and implied, between the parties hereto with respect to the subject matter hereof; provided , however , that this Agreement is a supplement to and in furtherance of the Charter, the Bylaws and applicable law, and shall not be deemed a substitute therefor, nor to diminish or abrogate any rights of Indemnitee thereunder.

Section 17. Modification and Waiver . No supplement, modification or amendment, or waiver of any provision, of this Agreement shall be binding unless executed in writing by the parties thereto. No waiver of any of the provisions of this Agreement shall be deemed or shall constitute a waiver of any other provisions of this Agreement nor shall any waiver constitute a continuing waiver. No supplement, modification or amendment of this Agreement or of any provision hereof shall limit or restrict any right of Indemnitee under this Agreement in respect of any action taken or omitted by such Indemnitee prior to such supplement, modification or amendment.

Section 18. Notice by Indemnitee . Indemnitee agrees promptly to notify the Company in writing upon being served with any summons, citation, subpoena, complaint, indictment, information or other document relating to any Proceeding or matter which may be subject to indemnification, reimbursement or advancement as provided hereunder. The failure of Indemnitee to so notify the Company shall not relieve the Company of any obligation which it may have to Indemnitee under this Agreement or otherwise.

Section 19. Notices . All notices, requests, demands and other communications under this Agreement shall be in writing and shall be deemed to have been duly given if (i) delivered by hand and receipted for by the party to whom said notice or other communication shall have been directed, (ii) mailed by certified or registered mail with postage prepaid, on the third business day after the date on which it is so mailed, (iii) mailed by reputable overnight courier and receipted for by the party to whom said notice or other communication shall have been directed or (iv) sent by facsimile transmission, with receipt of oral confirmation that such transmission has been received:

(a) If to Indemnitee, at such address as Indemnitee shall provide to the Company.

(b) If to the Company to:

TPI Composites, Inc.
8501 N. Scottsdale Road
Gainey Center II, Suite 100
Scottsdale, AZ 85253
Attention: General Counsel

or to any other address as may have been furnished to Indemnitee by the Company.

Section 20. Contribution . To the fullest extent permissible under applicable law, if the indemnification provided for in this Agreement is unavailable to Indemnitee for any reason whatsoever, the Company, in lieu of indemnifying Indemnitee, shall contribute to the amount incurred by Indemnitee, whether for judgments, fines, penalties, excise taxes, amounts paid or to be paid in settlement and/or for Expenses, in connection with any Proceeding in such proportion as is deemed fair and reasonable in light of all of the circumstances in order to reflect (i) the relative benefits received by the Company and Indemnitee in connection with the event(s) and/or transaction(s) giving rise to such Proceeding; and/or (ii) the relative fault of the Company (and its directors, officers, employees and agents) and Indemnitee in connection with such event(s) and/or transactions.

Section 21. Internal Revenue Code Section 409A . The Company intends for this Agreement to comply with the Indemnification exception under Section 1.409A-1(b)(10) of the regulations promulgated under the Internal Revenue Code of 1986, as amended (the " Code "), which provides that indemnification of, or the purchase of an insurance policy providing for payments of, all or part of the expenses incurred or damages paid or payable by Indemnitee with respect to a bona fide claim against Indemnitee or the Company do not provide for a deferral of compensation, subject to Section 409A of the Code, where such claim is based on actions or

failures to act by Indemnitee in his or her capacity as a service provider of the Company. The parties intend that this Agreement be interpreted and construed with such intent.

Section 22. Applicable Law and Consent to Jurisdiction . This Agreement and the legal relations among the parties shall be governed by, and construed and enforced in accordance with, the laws of the State of Delaware, without regard to its conflict of laws rules. Except with respect to any arbitration commenced by Indemnitee pursuant to Section 12(a) of this Agreement, the Company and Indemnitee hereby irrevocably and unconditionally (i) agree that any action or proceeding arising out of or in connection with this Agreement shall be brought only in the Delaware Court, and not in any other state or federal court in the United States of America or any court in any other country, (ii) consent to submit to the exclusive jurisdiction of the Delaware Court for purposes of any action or proceeding arising out of or in connection with this Agreement, (iii) consent to service of process at the address set forth in Section 19 of this Agreement with the same legal force and validity as if served upon such party personally within the State of Delaware, (iv) waive any objection to the laying of venue of any such action or proceeding in the Delaware Court, and (v) waive, and agree not to plead or to make, any claim that any such action or proceeding brought in the Delaware Court has been brought in an improper or inconvenient forum.

Section 23. Headings . The headings of the paragraphs of this Agreement are inserted for convenience only and shall not be deemed to constitute part of this Agreement or to affect the construction thereof.

Section 24. Identical Counterparts . This Agreement may be executed in one or more counterparts, each of which shall for all purposes be deemed to be an original but all of which together shall constitute one and the same Agreement. Only one such counterpart signed by the party against whom enforceability is sought needs to be produced to evidence the existence of this Agreement.

INDEMNIFICATION AGREEMENT

This Indemnification Agreement (" Agreement ") is made as of by and between TPI Composites, Inc. a Delaware corporation (the " Company "), and (" Indemnitee ").

RECITALS

WHEREAS, the Company desires to attract and retain the services of highly qualified individuals, such as Indemnitee, to serve the Company;

WHEREAS, in order to induce Indemnitee to provide or continue to provide services to the Company, the Company wishes to provide for the indemnification of, and advancement of expenses to, Indemnitee to the maximum extent permitted by law;

WHEREAS, the Certificate of Incorporation (the " Charter ") and the Bylaws (the " Bylaws ") of the Company require indemnification of the officers and directors of the Company, and Indemnitee may also be entitled to indemnification pursuant to the General Corporation Law of the State of Delaware (the " DGCL ");

WHEREAS, the Charter, the Bylaws and the DGCL expressly provide that the indemnification provisions set forth therein are not exclusive, and thereby contemplate that contracts may be entered into between the Company and members of the board of directors, officers and other persons with respect to indemnification;

WHEREAS, the Board of Directors of the Company (the " Board ") has determined that the increased difficulty in attracting and retaining highly qualified persons such as Indemnitee is detrimental to the best interests of the Company's stockholders;

WHEREAS, it is reasonable and prudent for the Company contractually to obligate itself to indemnify, and to advance expenses on behalf of, such persons to the fullest extent permitted by applicable law, regardless of any amendment or revocation of the Charter or the Bylaws, so that they will serve or continue to serve the Company free from undue concern that they will not be so indemnified; and

WHEREAS, this Agreement is a supplement to and in furtherance of the indemnification provided in the Charter, the Bylaws and any resolutions adopted pursuant thereto, and shall not be deemed a substitute therefor, nor to diminish or abrogate any rights of Indemnitee thereunder.

NOW, THEREFORE, in consideration of the premises and the covenants contained herein, the Company and Indemnitee do hereby covenant and agree as follows:

Section 1. Services to the Company . Indemnitee agrees to serve as an officer of the Company. Indemnitee may at any time and for any reason resign from such position (subject to any other contractual obligation or any obligation imposed by law), in which event the Company shall have no obligation under this Agreement to continue Indemnitee in such position. This

Agreement shall not be deemed an employment contract between the Company (or any of its subsidiaries or any Enterprise) and Indemnitee.

Section 2. Definitions .

As used in this Agreement:

(a) " Change in Control " shall mean (i) the sale of all or substantially all of the assets of the Company on a consolidated basis to an unrelated person or entity, (ii) a merger, reorganization or consolidation pursuant to which the holders of the Company's outstanding voting power and outstanding stock immediately prior to such transaction do not own a majority of the outstanding voting power and outstanding stock or other equity interests of the resulting or successor entity (or its ultimate parent, if applicable) immediately upon completion of such transaction, (iii) the sale of all of the Stock of the Company to an unrelated person, entity or group thereof acting in concert, or (iv) any other transaction in which the owners of the Company's outstanding voting power immediately prior to such transaction do not own at least a majority of the outstanding voting power of the Company or any successor entity immediately upon completion of the transaction other than as a result of the acquisition of securities directly from the Company.

(b) " Corporate Status " describes the status of a person as a current or former officer of the Company or current or former director, manager, partner, officer, employee, agent or trustee of any other Enterprise which such person is or was serving at the request of the Company.

(c) " Enforcement Expenses " shall include all reasonable attorneys' fees, court costs, transcript costs, fees of experts, travel expenses, duplicating costs, printing and binding costs, telephone charges, postage, delivery service fees, and all other out-of-pocket disbursements or expenses of the types customarily incurred in connection with an action to enforce indemnification or advancement rights, or an appeal from such action. Expenses, however, shall not include fees, salaries, wages or benefits owed to Indemnitee.

(d) " Enterprise " shall mean any corporation (other than the Company), partnership, joint venture, trust, employee benefit plan, limited liability company, or other legal entity of which Indemnitee is or was serving at the request of the Company as a director, manager, partner, officer, employee, agent or trustee, including without limitation, any subsidiary of the Company.

(e) " Expenses " shall include all reasonable attorneys' fees, court costs, transcript costs, fees of experts, travel expenses, duplicating costs, printing and binding costs, telephone charges, postage, delivery service fees, and all other out-of-pocket disbursements or expenses of the types customarily incurred in connection with prosecuting, defending, preparing to prosecute or defend, investigating, being or preparing to be a witness in, or otherwise participating in, a Proceeding or an appeal resulting from a Proceeding. Expenses, however, shall not include amounts paid in settlement by Indemnitee, the amount of judgments or fines against Indemnitee or fees, salaries, wages or benefits owed to Indemnitee.

(f) " Independent Counsel " means a law firm, or a partner (or, if applicable, member or shareholder) of such a law firm, that is experienced in matters of Delaware corporation law and neither presently is, nor in the past five (5) years has been, retained to represent: (i) the Company, any subsidiary of the Company, any Enterprise or Indemnitee in any matter material to any such party; or (ii) any other party to the Proceeding giving rise to a claim for indemnification hereunder. Notwithstanding the foregoing, the term "Independent Counsel" shall not include any person who, under the applicable standards of professional conduct then prevailing, would have a conflict of interest in representing either the Company or Indemnitee in an action to determine Indemnitee's rights under this Agreement. The Company agrees to pay the reasonable fees and expenses of the Independent Counsel referred to above and to fully indemnify such counsel against any and all expenses, claims, liabilities and damages arising out of or relating to this Agreement or its engagement pursuant hereto.

(g) The term " Proceeding " shall include any threatened, pending or completed action, suit, arbitration, alternate dispute resolution mechanism, investigation, inquiry, administrative hearing or any other actual, threatened or completed proceeding, whether brought in the right of the Company or otherwise and whether of a civil, criminal, administrative, regulatory or investigative nature, and whether formal or informal, in which Indemnitee was, is or will be involved as a party or otherwise by reason of the fact that Indemnitee is or was an officer of the Company or is or was serving at the request of the Company as a director, manager, partner, officer, employee, agent or trustee of any Enterprise or by reason of any action taken by Indemnitee or of any action taken on his or her part while acting as an officer of the Company or while serving at the request of the Company as a director, manager, partner, officer, employee, agent or trustee of any Enterprise, in each case whether or not serving in such capacity at the time any liability or expense is incurred for which indemnification, reimbursement or advancement of expenses can be provided under this Agreement; provided , however , that the term "Proceeding" shall not include any action, suit or arbitration, or part thereof, initiated by Indemnitee to enforce Indemnitee's rights under this Agreement as provided for in Section 12(a) of this Agreement.

Section 3. Indemnity in Third-Party Proceedings . The Company shall indemnify Indemnitee to the extent set forth in this Section 3 if Indemnitee is, or is threatened to be made, a party to or a participant in any Proceeding, other than a Proceeding by or in the right of the Company to procure a judgment in its favor. Pursuant to this Section 3, Indemnitee shall be indemnified against all Expenses, judgments, fines, penalties, excise taxes, and amounts paid in settlement actually and reasonably incurred by Indemnitee or on his or her behalf in connection with such Proceeding or any claim, issue or matter therein, if Indemnitee acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Company and, in the case of a criminal proceeding, had no reasonable cause to believe that his or her conduct was unlawful.

Section 4. Indemnity in Proceedings by or in the Right of the Company . The Company shall indemnify Indemnitee to the extent set forth in this Section 4 if Indemnitee is, or is threatened to be made, a party to or a participant in any Proceeding by or in the right of the Company to procure a judgment in its favor. Pursuant to this Section 4, Indemnitee shall be

indemnified against all Expenses actually and reasonably incurred by Indemnitee or on his or her behalf in connection with such Proceeding or any claim, issue or matter therein, if Indemnitee acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Company. No indemnification for Expenses shall be made under this Section 4 in respect of any claim, issue or matter as to which Indemnitee shall have been finally adjudged by a court to be liable to the Company, unless and only to the extent that the Delaware Court of Chancery (the " Delaware Court ") shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, Indemnitee is fairly and reasonably entitled to indemnification for such expenses as the Delaware Court shall deem proper.

Section 5. Indemnification for Expenses of a Party Who is Wholly or Partly Successful . Notwithstanding any other provisions of this Agreement and except as provided in Section 7, to the extent that Indemnitee is a party to or a participant in any Proceeding and is successful in such Proceeding or in defense of any claim, issue or matter therein, the Company shall indemnify Indemnitee against all Expenses actually and reasonably incurred by him or her in connection therewith. If Indemnitee is not wholly successful in such Proceeding but is successful as to one or more but less than all claims, issues or matters in such Proceeding, the Company shall indemnify Indemnitee against all Expenses actually and reasonably incurred by Indemnitee or on his or her behalf in connection with each successfully resolved claim, issue or matter. For purposes of this Section and without limitation, the termination of any claim, issue or matter in such a Proceeding by dismissal, with or without prejudice, shall be deemed to be a successful result as to such claim, issue or matter.

Section 6. Reimbursement for Expenses of a Witness or in Response to a Subpoena . Notwithstanding any other provision of this Agreement, to the extent that Indemnitee, by reason of his or her Corporate Status, (i) is a witness in any Proceeding to which Indemnitee is not a party and is not threatened to be made a party or (ii) receives a subpoena with respect to any Proceeding to which Indemnitee is not a party and is not threatened to be made a party, the Company shall reimburse Indemnitee for all Expenses actually and reasonably incurred by him or her or on his or her behalf in connection therewith.

Section 7. Exclusions . Notwithstanding any provision in this Agreement to the contrary, the Company shall not be obligated under this Agreement:

(a) to indemnify for amounts otherwise indemnifiable hereunder (or for which advancement is provided hereunder) if and to the extent that Indemnitee has otherwise actually received such amounts under any insurance policy, contract, agreement or otherwise;

(b) to indemnify for an accounting of profits made from the purchase and sale (or sale and purchase) by Indemnitee of securities of the Company within the meaning of Section 16(b) of the Securities Exchange Act of 1934, as amended, or similar provisions of state statutory law or common law;

(c) to indemnify for any reimbursement of, or payment to, the Company by Indemnitee of any bonus or other incentive-based or equity-based compensation or of any profits realized by Indemnitee from the sale of securities of the Company pursuant to any formal policy

of the Company adopted by the Board (or a committee thereof), or any other remuneration paid to Indemnitee if it shall be determined by a final judgment or other final adjudication that such remuneration was in violation of law;

(d) to indemnify with respect to any Proceeding, or part thereof, brought by Indemnitee against the Company, any legal entity which it controls, any director or officer thereof or any third party, unless (i) the Board has consented to the initiation of such Proceeding or part thereof and (ii) the Company provides the indemnification, in its sole discretion, pursuant to the powers vested in the Company under applicable law; provided , however , that this Section 7(d) shall not apply to (A) counterclaims or affirmative defenses asserted by Indemnitee in an action brought against Indemnitee or (B) any action brought by Indemnitee for indemnification or advancement from the Company under this Agreement or under any directors' and officers' liability insurance policies maintained by the Company in the suit for which indemnification or advancement is being sought as described in Section 12; or

(e) to provide any indemnification or advancement of expenses that is prohibited by applicable law (as such law exists at the time payment would otherwise be required pursuant to this Agreement).

Section 8. Advancement of Expenses . Subject to Section 9(b), the Company shall advance, to the extent not prohibited by law, the Expenses incurred by Indemnitee in connection with any Proceeding, and such advancement shall be made within thirty (30) days after the receipt by the Company of a statement or statements requesting such advances (including any invoices received by Indemnitee, which such invoices may be redacted as necessary to avoid the waiver of any privilege accorded by applicable law) from time to time, whether prior to or after final disposition of any Proceeding. Advances shall be unsecured and interest free. Advances shall be made without regard to Indemnitee's ability to repay the expenses and without regard to Indemnitee's ultimate entitlement to indemnification under the other provisions of this Agreement. Indemnitee shall qualify for advances upon the execution and delivery to the Company of this Agreement which shall constitute an undertaking providing that Indemnitee undertakes to the fullest extent required by law to repay the advance if and to the extent that it is ultimately determined by a court of competent jurisdiction in a final judgment, not subject to appeal, that Indemnitee is not entitled to be indemnified by the Company. The right to advances under this paragraph shall in all events continue until final disposition of any Proceeding, including any appeal therein. Nothing in this Section 8 shall limit Indemnitee's right to advancement pursuant to Section 12(e) of this Agreement.

Section 9. Procedure for Notification and Defense of Claim .

(a) To obtain indemnification under this Agreement, Indemnitee shall submit to the Company a written request therefor specifying the basis for the claim, the amounts for which Indemnitee is seeking payment under this Agreement, and all documentation related thereto as reasonably requested by the Company.

(b) In the event that the Company shall be obligated hereunder to provide indemnification for or make any advancement of Expenses with respect to any Proceeding, the Company shall be entitled to assume the defense of such Proceeding, or any claim, issue or

matter therein, with counsel approved by Indemnitee (which approval shall not be unreasonably withheld or delayed) upon the delivery to Indemnitee of written notice of the Company's election to do so. After delivery of such notice, approval of such counsel by Indemnitee and the retention of such counsel by the Company, the Company will not be liable to Indemnitee under this Agreement for any fees or expenses of separate counsel subsequently employed by or on behalf of Indemnitee with respect to the same Proceeding; provided that (i) Indemnitee shall have the right to employ separate counsel in any such Proceeding at Indemnitee's expense and (ii) if (A) the employment of separate counsel by Indemnitee has been previously authorized by the Company, (B) Indemnitee shall have reasonably concluded that there may be a conflict of interest between the Company and Indemnitee in the conduct of such defense, or (C) the Company shall not continue to retain such counsel to defend such Proceeding, then the fees and expenses actually and reasonably incurred by Indemnitee with respect to his or her separate counsel shall be Expenses hereunder.

(c) In the event that the Company does not assume the defense in a Proceeding pursuant to paragraph (b) above, then the Company will be entitled to participate in the Proceeding at its own expense.

(d) The Company shall not be liable to indemnify Indemnitee under this Agreement for any amounts paid in settlement of any Proceeding effected without its prior written consent (which consent shall not be unreasonably withheld or delayed). The Company shall not, without the prior written consent of Indemnitee (which consent shall not be unreasonably withheld or delayed), enter into any settlement which (i) includes an admission of fault of Indemnitee, any non-monetary remedy imposed on Indemnitee or any monetary damages for which Indemnitee is not wholly and actually indemnified hereunder or (ii) with respect to any Proceeding with respect to which Indemnitee may be or is made a party or may be otherwise entitled to seek indemnification hereunder, does not include the full release of Indemnitee from all liability in respect of such Proceeding.

Section 10. Procedure Upon Application for Indemnification .

(a) Upon written request by Indemnitee for indemnification pursuant to Section 9(a), a determination, if such determination is required by applicable law, with respect to Indemnitee's entitlement to indemnification hereunder shall be made in the specific case by one of the following methods: (x) if a Change in Control shall have occurred and indemnification is being requested by Indemnitee hereunder in his or her capacity as a director of the Company, by Independent Counsel in a written opinion to the Board; or (y) in any other case, (i) by a majority vote of the disinterested directors, even though less than a quorum; (ii) by a committee of disinterested directors designated by a majority vote of the disinterested directors, even though less than a quorum; or (iii) if there are no disinterested directors or if the disinterested directors so direct, by Independent Counsel in a written opinion to the Board. For purposes hereof, disinterested directors are those members of the Board who are not parties to the action, suit or proceeding in respect of which indemnification is sought. In the case that such determination is made by Independent Counsel, a copy of Independent Counsel's written opinion shall be delivered to Indemnitee and, if it is so determined that Indemnitee is entitled to indemnification, payment to Indemnitee shall be made within thirty (30) days after such determination.

Indemnitee shall cooperate with the Independent Counsel or the Company, as applicable, in making such determination with respect to Indemnitee's entitlement to indemnification, including providing to such counsel or the Company, upon reasonable advance request, any documentation or information which is not privileged or otherwise protected from disclosure and which is reasonably available to Indemnitee and reasonably necessary to such determination. Any out-of-pocket costs or expenses (including reasonable attorneys' fees and disbursements) actually and reasonably incurred by Indemnitee in so cooperating with the Independent Counsel or the Company shall be borne by the Company (irrespective of the determination as to Indemnitee's entitlement to indemnification) and the Company hereby indemnifies and agrees to hold Indemnitee harmless therefrom.

(b) If the determination of entitlement to indemnification is to be made by Independent Counsel pursuant to Section 10(a), the Independent Counsel shall be selected by the Board; provided that, if a Change in Control shall have occurred and indemnification is being requested by Indemnitee hereunder in his or her capacity as a director of the Company, the Independent Counsel shall be selected by Indemnitee. Indemnitee or the Company, as the case may be, may, within ten (10) days after written notice of such selection, deliver to the Company a written objection to such selection; provided , however , that such objection may be asserted only on the ground that the Independent Counsel so selected does not meet the requirements of "Independent Counsel" as defined in Section 2 of this Agreement, and the objection shall set forth with particularity the factual basis of such assertion. Absent a proper and timely objection, the person so selected shall act as Independent Counsel. If such written objection is so made and substantiated, the Independent Counsel so selected may not serve as Independent Counsel unless and until such objection is withdrawn or the Delaware Court has determined that such objection is without merit. If, within twenty (20) days after the later of (i) submission by Indemnitee of a written request for indemnification pursuant to Section 9(a), and (ii) the final disposition of the Proceeding, including any appeal therein, no Independent Counsel shall have been selected without objection, either Indemnitee or the Company may petition the Delaware Court for resolution of any objection which shall have been made by Indemnitee or the Company to the selection of Independent Counsel and/or for the appointment as Independent Counsel of a person selected by the court or by such other person as the court shall designate. The person with respect to whom all objections are so resolved or the person so appointed shall act as Independent Counsel under Section 10(a) hereof. Upon the due commencement of any judicial proceeding or arbitration pursuant to Section 12(a) of this Agreement, Independent Counsel shall be discharged and relieved of any further responsibility in such capacity (subject to the applicable standards of professional conduct then prevailing).

Section 11. Presumptions and Effect of Certain Proceedings .

(a) To the extent permitted by applicable law, in making a determination with respect to entitlement to indemnification hereunder, it shall be presumed that Indemnitee is entitled to indemnification under this Agreement if Indemnitee has submitted a request for indemnification in accordance with Section 9(a) of this Agreement, and the Company shall have the burden of proof to overcome that presumption in connection with the making of any determination contrary to that presumption.

(b) The termination of any Proceeding or of any claim, issue or matter therein, by judgment, order, settlement or conviction, or upon a plea of guilty, nolo contendere or its equivalent, shall not (except as otherwise expressly provided in this Agreement) of itself adversely affect the right of Indemnitee to indemnification or create a presumption that Indemnitee did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the Company or, with respect to any criminal Proceeding, that Indemnitee had reasonable cause to believe that his or her conduct was unlawful.

(c) The knowledge and/or actions, or failure to act, of any director, manager, partner, officer, employee, agent or trustee of the Company, any subsidiary of the Company, or any Enterprise shall not be imputed to Indemnitee for purposes of determining the right to indemnification under this Agreement.

Section 12. Remedies of Indemnitee .

(a) Subject to Section 12(f), in the event that (i) a determination is made pursuant to Section 10 of this Agreement that Indemnitee is not entitled to indemnification under this Agreement, (ii) advancement of Expenses is not timely made pursuant to Section 8 of this Agreement, (iii) no determination of entitlement to indemnification shall have been made pursuant to Section 10(a) of this Agreement within sixty (60) days after receipt by the Company of the request for indemnification for which a determination is to be made other than by Independent Counsel, (iv) payment of indemnification or reimbursement of expenses is not made pursuant to Section 5 or 6 or the last sentence of Section 10(a) of this Agreement within thirty (30) days after receipt by the Company of a written request therefor (including any invoices received by Indemnitee, which such invoices may be redacted as necessary to avoid the waiver of any privilege accorded by applicable law) or (v) payment of indemnification pursuant to Section 3 or 4 of this Agreement is not made within thirty (30) days after a determination has been made that Indemnitee is entitled to indemnification, Indemnitee shall be entitled to an adjudication by the Delaware Court of his or her entitlement to such indemnification or advancement. Alternatively, Indemnitee, at his or her option, may seek an award in arbitration to be conducted by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association. Indemnitee shall commence such proceeding seeking an adjudication or an award in arbitration within 180 days following the date on which Indemnitee first has the right to commence such proceeding pursuant to this Section 12(a); provided , however , that the foregoing time limitation shall not apply in respect of a proceeding brought by Indemnitee to enforce his or her rights under Section 5 of this Agreement. The Company shall not oppose Indemnitee's right to seek any such adjudication or award in arbitration.

(b) In the event that a determination shall have been made pursuant to Section 10(a) of this Agreement that Indemnitee is not entitled to indemnification, any judicial proceeding or arbitration commenced pursuant to this Section 12 shall be conducted in all respects as a de novo trial, or arbitration, on the merits and Indemnitee shall not be prejudiced by reason of that adverse determination. In any judicial proceeding or arbitration commenced pursuant to this Section 12, the Company shall have the burden of proving Indemnitee is not entitled to indemnification or advancement, as the case may be.

(c) If a determination shall have been made pursuant to Section 10(a) of this Agreement that Indemnitee is entitled to indemnification, the Company shall be bound by such determination in any judicial proceeding or arbitration commenced pursuant to this Section 12, absent (i) a misstatement by Indemnitee of a material fact, or an omission of a material fact necessary to make Indemnitee's statement not materially misleading, in connection with the request for indemnification, or (ii) a prohibition of such indemnification under applicable law.

(d) The Company shall be precluded from asserting in any judicial proceeding or arbitration commenced pursuant to this Section 12 that the procedures and presumptions of this Agreement are not valid, binding and enforceable and shall stipulate in any such court or before any such arbitrator that the Company is bound by all the provisions of this Agreement.

(e) The Company shall indemnify Indemnitee to the fullest extent permitted by law against any and all Enforcement Expenses and, if requested by Indemnitee, shall (within thirty (30) days after receipt by the Company of a written request therefor) advance, to the extent not prohibited by law, such Enforcement Expenses to Indemnitee, which are incurred by Indemnitee in connection with any action brought by Indemnitee for indemnification or advancement from the Company under this Agreement or under any directors' and officers' liability insurance policies maintained by the Company in the suit for which indemnification or advancement is being sought. Such written request for advancement shall include invoices received by Indemnitee in connection with such Enforcement Expenses but, in the case of invoices in connection with legal services, any references to legal work performed or to expenditures made that would cause Indemnitee to waive any privilege accorded by applicable law need not be included with the invoice.

(f) Notwithstanding anything in this Agreement to the contrary, no determination as to entitlement to indemnification under this Agreement shall be required to be made prior to the final disposition of the Proceeding, including any appeal therein.

Section 13. Non-exclusivity; Survival of Rights; Insurance; Subrogation .

(a) The rights of indemnification and to receive advancement as provided by this Agreement shall not be deemed exclusive of any other rights to which Indemnitee may at any time be entitled under applicable law, the Charter, the Bylaws, any agreement, a vote of stockholders or a resolution of directors, or otherwise. No amendment, alteration or repeal of this Agreement or of any provision hereof shall limit or restrict any right of Indemnitee under this Agreement in respect of any action taken or omitted by such Indemnitee in his or her Corporate Status prior to such amendment, alteration or repeal. To the extent that a change in

Delaware law, whether by statute or judicial decision, permits greater indemnification or advancement than would be afforded currently under the Charter, Bylaws and this Agreement, it is the intent of the parties hereto that Indemnitee shall enjoy by this Agreement the greater benefits so afforded by such change. No right or remedy herein conferred is intended to be exclusive of any other right or remedy, and every other right and remedy shall be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other right or remedy.

(b) To the extent that the Company maintains an insurance policy or policies providing liability insurance for directors, managers, partners, officers, employees, agents or trustees of the Company or of any other Enterprise, Indemnitee shall be covered by such policy or policies in accordance with its or their terms to the maximum extent of the coverage available for any such director, manager, partner, officer, employee, agent or trustee under such policy or policies. If, at the time of the receipt of a notice of a claim pursuant to the terms hereof, the Company has director and officer liability insurance in effect, the Company shall give prompt notice of the commencement of such proceeding to the insurers in accordance with the procedures set forth in the respective policies.

(c) In the event of any payment under this Agreement, the Company shall be subrogated to the extent of such payment to all of the rights of recovery of Indemnitee, who shall execute all papers required and take all action necessary to secure such rights, including execution of such documents as are necessary to enable the Company to bring suit to enforce such rights.

(d) The Company's obligation to provide indemnification or advancement hereunder to Indemnitee who is or was serving at the request of the Company as a director, manager, partner, officer, employee, agent or trustee of any other Enterprise shall be reduced by any amount Indemnitee has actually received as indemnification or advancement from such other Enterprise.

Section 14. Duration of Agreement . This Agreement shall continue until and terminate upon the later of: (a) ten (10) years after the date that Indemnitee shall have ceased to serve as [both a director and] an officer of the Company and any other Enterprise for which Indemnitee is or was serving at the request of the Company as a director, manager, partner, officer, employee, agent or trustee or (b) one (1) year after the final termination of any Proceeding, including any appeal, then pending in respect of which Indemnitee is granted rights of indemnification or advancement hereunder and of any proceeding commenced by Indemnitee pursuant to Section 12 of this Agreement relating thereto. This Agreement shall be binding upon the Company and its successors and assigns and shall inure to the benefit of Indemnitee and his or her heirs, executors and administrators. The Company shall require and cause any successor (whether direct or indirect by purchase, merger, consolidation or otherwise) to all, substantially all or a substantial part, of the business and/or assets of the Company, by written agreement in form and substance satisfactory to Indemnitee, expressly to assume and agree to perform this Agreement in the same manner and to the same extent that the Company would be required to perform if no such succession had taken place.

Section 15. Severability . If any provision or provisions of this Agreement shall be held to be invalid, illegal or unenforceable for any reason whatsoever: (a) the validity, legality and enforceability of the remaining provisions of this Agreement (including, without limitation, each portion of any section of this Agreement containing any such provision held to be invalid, illegal or unenforceable, that is not itself invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby and shall remain enforceable to the fullest extent permitted by law; (b) such provision or provisions shall be deemed reformed to the extent necessary to conform to applicable law and to give the maximum effect to the intent of the parties hereto; and (c) to the fullest extent possible, the provisions of this Agreement (including, without limitation, each portion of any section of this Agreement containing any such provision held to be invalid, illegal or unenforceable, that is not itself invalid, illegal or unenforceable) shall be construed so as to give effect to the intent manifested thereby.

Section 16. Enforcement .

(a) The Company expressly confirms and agrees that it has entered into this Agreement and assumed the obligations imposed on it hereby in order to induce Indemnitee to continue to serve as an officer of the Company, and the Company acknowledges that Indemnitee is relying upon this Agreement in serving as an officer of the Company.

(b) This Agreement constitutes the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes all prior agreements and understandings, oral, written and implied, between the parties hereto with respect to the subject matter hereof; provided , however , that this Agreement is a supplement to and in furtherance of the Charter, the Bylaws and applicable law, and shall not be deemed a substitute therefor, nor to diminish or abrogate any rights of Indemnitee thereunder.

Section 17. Modification and Waiver . No supplement, modification or amendment, or waiver of any provision, of this Agreement shall be binding unless executed in writing by the parties thereto. No waiver of any of the provisions of this Agreement shall be deemed or shall constitute a waiver of any other provisions of this Agreement nor shall any waiver constitute a continuing waiver. No supplement, modification or amendment of this Agreement or of any provision hereof shall limit or restrict any right of Indemnitee under this Agreement in respect of any action taken or omitted by such Indemnitee prior to such supplement, modification or amendment.

Section 18. Notice by Indemnitee . Indemnitee agrees promptly to notify the Company in writing upon being served with any summons, citation, subpoena, complaint, indictment, information or other document relating to any Proceeding or matter which may be subject to indemnification, reimbursement or advancement as provided hereunder. The failure of Indemnitee to so notify the Company shall not relieve the Company of any obligation which it may have to Indemnitee under this Agreement or otherwise.

Section 19. Notices . All notices, requests, demands and other communications under this Agreement shall be in writing and shall be deemed to have been duly given if (i) delivered by hand and receipted for by the party to whom said notice or other communication shall have been directed, (ii) mailed by certified or registered mail with postage prepaid, on the third

business day after the date on which it is so mailed, (iii) mailed by reputable overnight courier and receipted for by the party to whom said notice or other communication shall have been directed or (iv) sent by facsimile transmission, with receipt of oral confirmation that such transmission has been received:

(a) If to Indemnitee, at such address as Indemnitee shall provide to the Company.

(b) If to the Company to:

TPI Composites, Inc.
8501 N. Scottsdale Rd.
Gainey Center II, Suite 100
Scottsdale, AZ 85253
Attention: General Counsel

or to any other address as may have been furnished to Indemnitee by the Company.

Section 20. Contribution . To the fullest extent permissible under applicable law, if the indemnification provided for in this Agreement is unavailable to Indemnitee for any reason whatsoever, the Company, in lieu of indemnifying Indemnitee, shall contribute to the amount incurred by Indemnitee, whether for judgments, fines, penalties, excise taxes, amounts paid or to be paid in settlement and/or for Expenses, in connection with any Proceeding in such proportion as is deemed fair and reasonable in light of all of the circumstances in order to reflect (i) the relative benefits received by the Company and Indemnitee in connection with the event(s) and/or transaction(s) giving rise to such Proceeding; and/or (ii) the relative fault of the Company (and its directors, officers, employees and agents) and Indemnitee in connection with such event(s) and/or transactions.

Section 21. Internal Revenue Code Section 409A . The Company intends for this Agreement to comply with the Indemnification exception under Section 1.409A-1(b)(10) of the regulations promulgated under the Internal Revenue Code of 1986, as amended (the " Code "), which provides that indemnification of, or the purchase of an insurance policy providing for payments of, all or part of the expenses incurred or damages paid or payable by Indemnitee with respect to a bona fide claim against Indemnitee or the Company do not provide for a deferral of compensation, subject to Section 409A of the Code, where such claim is based on actions or failures to act by Indemnitee in his or her capacity as a service provider of the Company. The parties intend that this Agreement be interpreted and construed with such intent.

Section 22. Applicable Law and Consent to Jurisdiction . This Agreement and the legal relations among the parties shall be governed by, and construed and enforced in accordance with, the laws of the State of Delaware, without regard to its conflict of laws rules. Except with respect to any arbitration commenced by Indemnitee pursuant to Section 12(a) of this Agreement, the Company and Indemnitee hereby irrevocably and unconditionally (i) agree that any action or proceeding arising out of or in connection with this Agreement shall be brought only in the Delaware Court, and not in any other state or federal court in the United States of America or any court in any other country, (ii) consent to submit to the exclusive jurisdiction of the Delaware Court for purposes of any action or proceeding arising out of or in connection with

this Agreement, (iii) consent to service of process at the address set forth in Section 19 of this Agreement with the same legal force and validity as if served upon such party personally within the State of Delaware, (iv) waive any objection to the laying of venue of any such action or proceeding in the Delaware Court, and (v) waive, and agree not to plead or to make, any claim that any such action or proceeding brought in the Delaware Court has been brought in an improper or inconvenient forum.

Section 23. Headings . The headings of the paragraphs of this Agreement are inserted for convenience only and shall not be deemed to constitute part of this Agreement or to affect the construction thereof.

Section 24. Identical Counterparts . This Agreement may be executed in one or more counterparts, each of which shall for all purposes be deemed to be an original but all of which together shall constitute one and the same Agreement. LEASE GUARANTY

This Guaranty of Lease is made and entered into on this [__], day of [__] of 2015, by TPI Composites Inc, (the "Guarantor"), in favor of Vesta Baja California, S. de R.L. de C.V. (the "Landlord"). Guarantor covenants and agrees follows:

RECITALS

(A) On October [__]th, 2015 TPI- Composites, S. de R.L. de C.V. as tenant (the "Tenant") and the Landlord, entered into a certain Master Lease Agreement Subject to Condition, regarding the lease of 2 industrial buildings to be built one after the other by the Landlord within a lot of land of approximately 250,000 m^2 (two hundred fifty thousand square meters), located at Av. Las Torres y Libramiento Aeropuerto, Ciudad Juárez, Chihuahua (the "Master Lease"), for them to be used by the Tenant.

(B) On the date hereof the Tenant and the Landlord had executed the Lease Schedule No. [__], with respect to the Building [__] having a total leasable area of [___], to be built within the Land (the "Lease Schedule No. [__]", hereinafter the Master Lease when referred along with the Lease Schedule No. [__], shall be referred to as the "Lease");

(C) The Guarantor, as ultimate parent of the Tenant, has agreed to guarantee in the manner hereinafter set forth the due and timely payment by the Tenant of its obligations under the Lease Agreement.

(D) In order to comply with the terms of the Master Lease, the Guarantor hereby executes and delivers this Lease Guaranty for the benefit of the Landlord; and

(D) Defined terms used in the Master Lease are used herein as therein defined, unless otherwise expressly defined herein

Now therefore, the Guarantor hereby expressly agrees as follows:

AGREEMENT

1. Guaranty. For valuable consideration, Guarantor absolutely and unconditionally guarantees to and for the benefit of Landlord, the full, timely and complete payment, observance and performance by Tenant of all of the terms, covenants and conditions to be performed by Tenant in connection with or arising out of the Lease (collectively, the "Guaranteed Obligations"), including but not limited to any such obligations arising out of any extension of the term of the Lease regardless of whether such Guaranteed Obligations may, from time to time, be greater than the obligations of Tenant.

1.1 The Guaranteed Obligations include, without limitation, **(i)** all of Tenant's obligations to pay "Rent" (as described in the Lease), insurance, and reimbursement of expenses such as property tax and all of Tenant's indemnification obligations under the Lease (including but not limited to all obligations arising with respect to "Contamination Conditions" and "Hazardous Materials" as defined in the Lease), and **(ii)** penalties on any monetary obligations until paid in full on the terms and conditions set forth in the Lease.

1.2 The Guaranteed Obligations do not include any obligations of Tenant which are finally determined by the courts to be excused or limited as a material breach of any material obligation of

Landlord under the Lease, but payment and/or performance of the Guaranteed Obligations by Guarantor shall not be delayed, forgiven or offset pending any such determination. This Guaranty constitutes an absolute, direct, immediate and unconditional guarantee of timely payment, observance and performance, and not merely of collectability, and includes, without limitation, all primary, secondary, direct, indirect, fixed and contingent obligations of Tenant in connection with the Lease, as such may be modified, amended, extended or renewed from time to time.

1.3 If Tenant defaults in the payment, performance or observance of any of the terms, covenants, or conditions in the Lease (after any applicable cure period set forth in the Lease), Guarantor will immediately pay, perform and observe the same, as the case may be, in the place and stead of Tenant. Guarantor hereby waives diligence, presentment, demand, protest and notice of any kind whatsoever.

2. Independent and Continuing Obligations. The obligations of Guarantor under this Guaranty are independent obligations of Tenant or of any other guarantor. The obligations of Guarantor under this Guaranty are continuing and irrevocable until all of the Guaranteed Obligations have been fully satisfied.

2.1 If at any time all or any part of any payment received by Landlord from Tenant, Guarantor or any other person under or with respect to the Lease or this Guaranty has been refunded or rescinded pursuant to any court order (including without limitation any court order arising out of the insolvency, bankruptcy or reorganization of Tenant, Guarantor or any other guarantor), then Guarantor's obligations under this Guaranty shall, to the extent of the payment refunded or rescinded, be deemed to have continued in existence, as though such previous payment to Landlord had never occurred.

3. Amendment or Assignment. This Guaranty shall not be affected or limited in any manner by (a) any assignment of, or any modification or amendment (by agreement, course of conduct, or otherwise) to, all or any portion of any agreement, instrument and/or document with respect to, or that evidences the Guaranteed Obligations, or (b) the renewal, extension and/or modification, at any time, of the Lease or any of the Guaranteed Obligations.

3.1 By this Guaranty, Guarantor guarantees Tenant's performance of the Guaranteed Obligations as so amended, assigned, renewed, extended or modified, whether or not such amendment, assignment, renewal, extension or modification is with the consent of, or notice to Guarantor. Without limiting the foregoing or affecting in any manner the enforceability of this Guaranty, Landlord may assign its rights under the Lease to a successor in interest to all or a portion of the Building, or the Land, or to a lender encumbering such Building [_] or the Land, and in such case this Guaranty shall also be deemed as assigned in favor to any such lender or successor in interest, without the need any further action, notice, protest or communication of any kind.

4. Remedies. If Tenant defaults with respect to any of the Guaranteed Obligations, Landlord may, at its election, proceed immediately against Guarantor (as if such default arose from the direct and primary obligation of Guarantor), any other guarantor or Tenant, or any combination of Tenant, Guarantor and any other guarantor.

4.1 If any portion of the Guaranteed Obligations terminates and Landlord continues to have any rights it may enforce against Tenant under the Guaranteed Obligations after such termination, then Landlord may, at its election, enforce such rights against Guarantor. An action or actions may be brought and prosecuted against Guarantor under this Guaranty, whether or not Tenant or any other guarantor is joined in such action(s) or a separate action or actions are brought against Tenant or any other guarantor.

4.2 Landlord may maintain successive actions for separate defaults. Unless and until the Guaranteed Obligations have been fully satisfied, Guarantor shall not be released from its obligations under this Guaranty irrespective of (a) any such action or any number of successive actions, (b) the exercise by Landlord of any of Landlord's rights or remedies (including, without limitation, eviction of Tenant, mitigation

of damages as a result thereof, compromise or adjustment of the Guaranteed Obligations or any part thereon), (c) any release by Landlord of either of Tenant or any other guarantor, or (d) the satisfaction by Guarantor of any liability under this Guaranty incident to a particular default.

5. Waiver of Defenses. Guarantor waives and agrees not to assert or take advantage of:

(a) any right to require Landlord to proceed against Tenant or any other person or any security now or hereafter held by Landlord or to pursue any other remedy whatsoever, including, without limitation, any such right, defense, or any other right set forth in or arising out of Sections 2809, 2810, 2819, 2820, 2822, 2825, 2845, 2850 or 2855 of the California Civil Code, Sections 3603, 9207 or 9504 of the California Commercial Code; and articles 2710, 2712, 2713, 2714, 2716, 2717, 2718, 2719, 2740 and 2742 of the civil code for the State of Chihuahua.

(b) notice of acceptance of this Guaranty;

(c) any defense based upon any legal disability of Tenant or any guarantor, or any discharge or limitation of the liability of Tenant or any guarantor to Landlord, or any restraint or stay applicable to actions against Tenant or any other guarantor, whether such disability, discharge, limitation, restraint or stay is consensual, or by order of a court or other governmental authority, or arising by operation of law or any liquidation, reorganization, receivership, bankruptcy, insolvency or debtor-relief proceeding, or from any other cause, including, without limitation, any defense to the payment of rent under the Lease, attorneys' fees and costs and other charges that would otherwise accrue or become payable in respect of the Guaranteed Obligations after the commencement of any such proceeding, it being the intent of the parties that the Guaranteed Obligations shall be determined without regard to any rule of law or order that may relieve Tenant of any portion of such obligations;

(d) setoffs, counterclaims, presentment, demand, protest or notice of any kind and any defense to performance under this Guaranty with the exception of the defenses of (i) prior payment or performance by Tenant or (ii) that there is no obligation on the part of Tenant with respect to the matter claimed to be in default;

(e) right to trial by jury and any action or proceeding of any kind arising under or relating to this Guaranty with any interpretation, breach or enforcement hereof;

(f) any defense based upon the modification, renewal, extension or other alteration of the Guaranteed Obligations, or of the documents executed in connection therewith;

(g) any defense based upon the negligence of Landlord (unless such defense is available to Tenant), including, without limitation, the failure to record an interest under a lease, sublease, or deed of trust, the failure to perfect any security interest, or the failure to file a claim in any bankruptcy of the Tenant or any guarantor;

(h) all rights of subrogation, reimbursement, indemnity, all rights to enforce any remedy that Landlord may have against Tenant, and all rights to participate in any security held by Landlord for the Guaranteed Obligations, including, without limitation, any such right or any other right set forth in Sections 2848 or 2849 of the California Civil Code, until the Guaranteed Obligations have been performed in full, and any defense based upon the impairment of any subrogation, reimbursement or indemnity rights that Guarantor might have.

(i) any defense based upon the death, incapacity, lack of authority or termination of existence or revocation hereof by any person or entity or persons or entities, or the substitution of any party hereto; and

(j) any defense based upon or related to Guarantor's lack of knowledge as to Tenant's financial condition.

6. Tenant's Financial Condition. Guarantor is relying upon its own knowledge and is fully informed with respect to Tenant's financial condition. Guarantor assumes full responsibility for keeping itself fully informed of the financial condition of Tenant and all other circumstances affecting Tenant's ability to perform the Guaranteed Obligations, and agrees that Landlord will have no duty to report to Guarantor any information which Landlord receives about Tenant's financial condition or any circumstances bearing on Tenant's ability to perform all or any portion of the Guaranteed Obligations.

7. Default. Each of the following shall constitute a default of Guarantor under this Guaranty:

(a) the failure of Guarantor to perform any of its obligations under this Guaranty;

(b) the commencement of any bankruptcy, insolvency, arrangement, reorganization, or other debtor-relief proceeding under any federal or state law by or relating to Tenant or Guarantor, whether now existing or hereafter enacted; or

(c) the occurrence of a default by Tenant continuing beyond any applicable grace or cure period under the Lease or the failure of any representation or warranty contained herein or in the Lease to be accurate and complete.

Upon an occurrence of a default under this Guaranty as specified above, Landlord may, at its option, without notice or demand upon Guarantor or Tenant, declare the Guaranteed Obligations (or such portion thereof as may be designated by Landlord) immediately due and payable by Guarantor to Landlord.

8. Costs and Expenses. Guarantor hereby agrees to pay, upon demand, Landlord's reasonable out-of-pocket costs and expenses, including but not limited to legal fees and disbursements, and expert witness fees and disbursements, incurred in any effort to collect or enforce this Guaranty, whether or not any lawsuit is filed, and in the representation of Landlord in any insolvency, bankruptcy, reorganization or similar proceeding relating to Guarantor. Until paid to Landlord, such sums will bear interest from the date such costs and expenses are incurred at the rate set forth in the Lease for past due obligations. The obligations of Guarantor under this Section shall include payment of Landlord's costs and expenses of enforcing any judgment, which obligations shall be severable from the remaining provisions of this Guaranty and shall survive the entry of judgment.

9. Representations and Warranties. Guarantor makes the following representations and warranties, which shall be deemed to be continuing representations and warranties until payment and performance in full of the Guaranteed Obligations:

(a) Guarantor has all the requisite power and authority to execute, deliver and be legally bound by this Guaranty on the terms and conditions herein stated;

(b) This Guaranty constitutes the legal, valid and binding obligations of Guarantor enforceable against Guarantor in accordance with its terms;

(c) No consent of any other person not heretofore obtained and no consent, approval or authorization of any person or entity is required in connection with the valid execution, delivery or performance by Guarantor of this Guaranty; and

(d) Guarantor is not insolvent, and will not be rendered insolvent by the incurring of its obligations hereunder.

10. Bankruptcy. So long as any Guaranteed Obligations shall be owing to Landlord, Guarantor shall not, without the prior written consent of Landlord, commence, or join with any other person or entity in commencing, any bankruptcy, reorganization, or insolvency proceeding against Tenant. The obligations of Guarantor under this Guaranty shall not be altered, limited, or affected by any proceeding, voluntary or involuntary, involving the bankruptcy, insolvency, receivership, reorganization, liquidation, or arrangement of Tenant, or by any defense Tenant may have by reason of any order, decree, or decision of any court or administrative body resulting from any such proceeding.

11. Miscellaneous

1.1. Further Assurances. Each party to this Guaranty shall execute all instruments and documents and take all actions as may be reasonably required to effectuate this Guaranty.

1.2. Governing Law. This Agreement shall be governed and construed in accordance with the laws of the State of California.

1.3. Arbitration. Any dispute, controversy or claim arising out of or relating to this Guaranty, including the formation, interpretation, breach or termination thereof, including whether the claims asserted are arbitrable, will be referred to and finally determined by arbitration in accordance with the JAMS International Arbitration Rules ("Rules") and the procedures set forth below. The tribunal will consist of a single arbitrator. The place of arbitration will be San Diego, CA. The language to be used in the arbitral proceedings will be English. Judgment upon the award rendered by the arbitrator may be entered by any court having jurisdiction thereof.

1.3.1. Any Party may at any time give notice of intent to arbitrate by providing notice addressed to the other party in accordance with the Notice provisions in this Guaranty.

1.3.2. Within fifteen (15) days after a Notice has been served, the Parties shall select one (1) arbitrator in accordance with the Rules.

1.3.3. Unless the parties mutually agree in writing to some specific pre-hearing discovery, there shall be no pre-hearing discovery other than (a) reasonable, limited production of relevant documents, (b) the identification of witnesses to be called at the hearing, and (c) subpoena of witnesses and documents for presentation at the hearing. The arbitrator shall decide any disputes and shall control the process concerning these pre-hearing discovery matters.

1.3.4. Within fifteen (15) days following the appointment of the arbitrator, each party shall deliver to the arbitrator and to the other party a written brief setting forth its view of the facts and law, its position on the dispute, and the requested decision to be made by the arbitrator. The brief shall also identify generally the written evidence and the witnesses that the Party expects to present at the arbitration hearing, the description of documents the party wants to be produced for inspection and the names or titles of witnesses. The arbitration hearing shall commence as soon as feasible, and in all cases within forty five (45) days following the appointment of the arbitrator.

1.3.5. The Arbitrator may grant any legal or equitable remedy or relief that the arbitrator deems just and equitable and may make such interlocutory orders and prescribe such interim measures to apply as he deems appropriate, pending a final resolution by award of outstanding questions or issues.

1.3.6. The expenses of the arbitration, including the arbitrator's fees, expert witness fees, and attorneys' fees may be awarded to the prevailing party in the discretion of the arbitrator. Unless and until the arbitrator decides that one party is to pay for all (or a disproportionate share) of such expenses, both parties shall share equally in the payment of the arbitrator's fees as and when billed by the

arbitrator. Should any party refuse to pay its portion of such expenses, the other party may do so, and the costs so incurred must be addressed in the arbitral award to be issued by the arbitrator.

1.3.7. The Parties shall keep confidential the fact of the arbitration, the dispute being arbitrated, and the decision of the arbitrator. Notwithstanding the foregoing, the parties may disclose information about the arbitration to persons who have a need to know, such as directors, trustees, management employees, the parties' attorneys, lenders, insurers, authorities and others who may be directly affected. Once the arbitration award has become final, if the arbitration award is not promptly satisfied, then these confidentiality provisions shall no longer be applicable as against the nonperforming Party.

1.3.8. The decisions or awards of the Arbitrator shall be final and binding upon the Parties affected thereby and each of the Parties hereby irrevocably and expressly covenants to comply promptly and in good faith with any and all such decisions or awards. Judgment upon the award rendered by the arbitrator may be enforced in any court having jurisdiction thereof or in any jurisdiction where Guarantor has assets.

1.3.9. The parties agree that the arbitral award, if not satisfied within five (5) days of the date of the award may converted into a judgment in the United States, Mexico or any other jurisdiction at the election of the prevailing party in order to enforce it.

1.3.10. The Parties hereby waive to any objection they might have to the entry of a foreign arbitral award.

1.3.11. In the event that the arbitration results in an award against Guarantor, Guarantor shall satisfy the award within five (5) days of the date of the award and in the event that Guarantor fails to do so Guarantor hereby stipulates that Guarantor agrees that the award may be converted to, and entered as a judgment in any and all jurisdictions in which the Guarantor is doing business on an ex-parte basis by providing Guarantor forty eight (48) hour advance notice.

1.3.12. The Parties hereby agree that all the transactions contemplated by this Agreement shall be deemed to constitute commercial activities. To the extent that any one or more of the Parties may in its jurisdiction claim for itself or any of its agencies, instrumentalities, properties or assets, immunity, whether characterized as sovereign or otherwise, or other statutory defenses, from suit, execution, set-off, attachment (whether in aid of execution, before judgment or otherwise) or other legal process including, without limitation, immunity from service of process or from jurisdiction of the arbitration, or of its assets, such immunity (whether or not claimed), such claims or defenses are hereby expressly and irrevocably waived.

1.4. Attorney's Fees. The prevailing party in any litigation, arbitration, mediation, bankruptcy, insolvency or other proceeding (collectively, "Proceeding") relating to the enforcement or interpretation of this Guaranty may recover from the unsuccessful party all reasonable costs, expenses and reasonable attorneys' fees (including expert witness and other consultants' fees and costs) relating to or arising out of (a) any such Proceeding (whether or not the Proceeding proceeds to judgment or award), and (b) any post-judgment or post-award proceeding including, without limitation, one to enforce or collect on any judgment or award resulting from the Proceeding. All such judgments and awards shall contain a specific provision for the recovery of all such subsequently incurred costs, expenses and actual attorneys' fees.

1.7. No Extrinsic Evidence. No course of conduct between the parties, no custom or practice in the industry, and no parol or extrinsic evidence of any kind or nature shall be used in the interpretation of this Guaranty nor used to alter, supplement or modify any of the terms of this Guaranty. There are no conditions to the effectiveness or enforceability of this Guaranty or any provision hereof except (if any) as may be specifically set forth in this Guaranty.

1.8. Partial Invalidity. Each provision of this Guaranty shall be valid and enforceable to the fullest extent permitted by law. LEASE GUARANTY

This Guaranty of Lease is made and entered into on this 26th day of January of 2016, by TPI Composites, Inc., (the "Guarantor"), in favor of Vesta Baja California, S. de R.L. de C.V. (the "Landlord"). Guarantor covenants and agrees follows:

RECITALS

(A) On November 20th, 2015 TPI- Composites, S. de R.L. de C.V. as tenant (the "Tenant") and the Landlord, entered into a certain Master Lease Agreement Subject to Condition, regarding the lease of 2 industrial buildings to be built one after the other by the Landlord within a lot of land of approximately 250,000 m^2 (two hundred fifty thousand square meters), located at Av. Las Torres y Libramiento Aeropuerto, Ciudad Juárez, Chihuahua (the "Master Lease"), for them to be used by the Tenant.

(B) On the date hereof the Tenant and the Landlord had executed the Lease Schedule No. 1, with respect to the Building 1 having a total leasable area of 33,333.24 m^2 (thirty three thousand three hundred and thirty three square meters and twenty four square decimeters), to be built within the Land (the "Lease Schedule No. 1", hereinafter the Master Lease when referred along with the Lease Schedule No. 1, shall be referred to as the "Lease");

(C) The Guarantor, as ultimate parent of the Tenant, has agreed to guarantee in the manner hereinafter set forth the due and timely payment by the Tenant of its obligations under the Lease Agreement.

(D) In order to comply with the terms of the Master Lease, the Guarantor hereby executes and delivers this Lease Guaranty for the benefit of the Landlord; and

(E) Defined terms used in the Master Lease are used herein as therein defined, unless otherwise expressly defined herein

Now therefore, the Guarantor hereby expressly agrees as follows:

AGREEMENT

1. Guaranty. For valuable consideration, Guarantor absolutely and unconditionally guarantees to and for the benefit of Landlord, the full, timely and complete payment, observance and performance by Tenant of all of the terms, covenants and conditions to be performed by Tenant in connection with or arising out of the Lease (collectively, the "Guaranteed Obligations"), including but not limited to any such obligations arising out of any extension of the term of the Lease regardless of whether such Guaranteed Obligations may, from time to time, be greater than the obligations of Tenant.

1.1 The Guaranteed Obligations include, without limitation, (i) all of Tenant's obligations to pay "Rent" (as described in the Lease), insurance, and reimbursement of expenses such as property tax and all of Tenant's indemnification obligations under the Lease (including but not limited to all obligations arising with respect to "Contamination Conditions" and "Hazardous Materials" as defined in the Lease), and (ii) penalties on any monetary obligations until paid in full on the terms and conditions set forth in the Lease.

1.2 The Guaranteed Obligations do not include any obligations of Tenant which are finally determined by the courts to be excused or limited as a material breach of any material obligation of Landlord under the Lease, but payment and/or performance of the Guaranteed Obligations by Guarantor shall not be delayed, forgiven or offset pending any such determination. This Guaranty constitutes an absolute, direct, immediate and unconditional guarantee of timely payment, observance and performance

and not merely of collectability, and includes, without limitation, all primary, secondary, direct, indirect, fixed and contingent obligations of Tenant in connection with the Lease, as such may be modified, amended, extended or renewed from time to time.

1.3 If Tenant defaults in the payment, performance or observance of any of the terms, covenants, or conditions in the Lease (after any applicable cure period set forth in the Lease), Guarantor will immediately pay, perform and observe the same, as the case may be, in the place and stead of Tenant. Guarantor hereby waives diligence, presentment, demand, protest and notice of any kind whatsoever.

2. Independent and Continuing Obligations. The obligations of Guarantor under this Guaranty are independent obligations of Tenant or of any other guarantor. The obligations of Guarantor under this Guaranty are continuing and irrevocable until all of the Guaranteed Obligations have been fully satisfied.

2.1 If at any time all or any part of any payment received by Landlord from Tenant, Guarantor or any other person under or with respect to the Lease or this Guaranty has been refunded or rescinded pursuant to any court order (including without limitation any court order arising out of the insolvency, bankruptcy or reorganization of Tenant, Guarantor or any other guarantor), then Guarantor's obligations under this Guaranty shall, to the extent of the payment refunded or rescinded, be deemed to have continued in existence, as though such previous payment to Landlord had never occurred.

3. Amendment or Assignment. This Guaranty shall not be affected or limited in any manner by (a) any assignment of, or any modification or amendment (by agreement, course of conduct, or otherwise) to, all or any portion of any agreement, instrument and/or document with respect to, or that evidences the Guaranteed Obligations, or (b) the renewal, extension and/or modification, at any time, of the Lease or any of the Guaranteed Obligations.

3.1 By this Guaranty, Guarantor guarantees Tenant's performance of the Guaranteed Obligations as so amended, assigned, renewed, extended or modified, whether or not such amendment, assignment, renewal, extension or modification is with the consent of, or notice to Guarantor. Without limiting the foregoing or affecting in any manner the enforceability of this Guaranty, Landlord may assign its rights under the Lease to a successor in interest to all or a portion of the Building 1, or the Land, or to a lender encumbering such Building 1 or the Land, and in such case this Guaranty shall also be deemed as assigned in favor to any such lender or successor in interest, without the need any further action, notice, protest or communication of any kind.

4. Remedies. If Tenant defaults with respect to any of the Guaranteed Obligations, Landlord may, at its election, proceed immediately against Guarantor (as if such default arose from the direct and primary obligation of Guarantor), any other guarantor or Tenant, or any combination of Tenant, Guarantor and any other guarantor.

4.1 If any portion of the Guaranteed Obligations terminates and Landlord continues to have any rights it may enforce against Tenant under the Guaranteed Obligations after such termination, then Landlord may, at its election, enforce such rights against Guarantor. An action or actions may be brought and prosecuted against Guarantor under this Guaranty, whether or not Tenant or any other guarantor is joined in such action(s) or a separate action or actions are brought against Tenant or any other guarantor.

4.2 Landlord may maintain successive actions for separate defaults. Unless and until the Guaranteed Obligations have been fully satisfied, Guarantor shall not be released from its obligations under this Guaranty irrespective of (a) any such action or any number of successive actions, (b) the exercise by Landlord of any of Landlord's rights or remedies (including, without limitation, eviction of Tenant, mitigation of damages as a result thereof, compromise or adjustment of the Guaranteed Obligations or any part thereon), (c) any release by Landlord of either of Tenant or any other guarantor, or (d) the satisfaction by Guarantor of any liability under this Guaranty incident to a particular default.

5. Waiver of Defenses. Guarantor waives and agrees not to assert or take advantage of:

(a) any right to require Landlord to proceed against Tenant or any other person or any security now or hereafter held by Landlord or to pursue any other remedy whatsoever, including, without limitation, any such right, defense, or any other right set forth in or arising out of Sections 2809, 2810, 2819, 2820, 2822, 2825, 2845, 2850 or 2855 of the California Civil Code, Sections 3603, 9207 or 9504 of the California Commercial Code; and articles 2710, 2712, 2713, 2714, 2716, 2717, 2718, 2719, 2740 and 2742 of the civil code for the State of Chihuahua.

(b) notice of acceptance of this Guaranty;

(c) any defense based upon any legal disability of Tenant or any guarantor, or any discharge or limitation of the liability of Tenant or any guarantor to Landlord, or any restraint or stay applicable to actions against Tenant or any other guarantor, whether such disability, discharge, limitation, restraint or stay is consensual, or by order of a court or other governmental authority, or arising by operation of law or any liquidation, reorganization, receivership, bankruptcy, insolvency or debtor-relief proceeding, or from any other cause, including, without limitation, any defense to the payment of rent under the Lease, attorneys' fees and costs and other charges that would otherwise accrue or become payable in respect of the Guaranteed Obligations after the commencement of any such proceeding, it being the intent of the parties that the Guaranteed Obligations shall be determined without regard to any rule of law or order that may relieve Tenant of any portion of such obligations;

(d) setoffs, counterclaims, presentment, demand, protest or notice of any kind and any defense to performance under this Guaranty with the exception of the defenses of (i) prior payment or performance by Tenant or (ii) that there is no obligation on the part of Tenant with respect to the matter claimed to be in default;

(e) right to trial by jury and any action or proceeding of any kind arising under or relating to this Guaranty with any interpretation, breach or enforcement hereof;

(f) any defense based upon the modification, renewal, extension or other alteration of the Guaranteed Obligations, or of the documents executed in connection therewith;

(g) any defense based upon the negligence of Landlord (unless such defense is available to Tenant), including, without limitation, the failure to record an interest under a lease, sublease, or deed of trust, the failure to perfect any security interest, or the failure to file a claim in any bankruptcy of the Tenant or any guarantor;

(h) all rights of subrogation, reimbursement, indemnity, all rights to enforce any remedy that Landlord may have against Tenant, and all rights to participate in any security held by Landlord for the Guaranteed Obligations, including, without limitation, any such right or any other right set forth in Sections 2848 or 2849 of the California Civil Code, until the Guaranteed Obligations have been performed in full, and any defense based upon the impairment of any subrogation, reimbursement or indemnity rights that Guarantor might have.

(i) any defense based upon the death, incapacity, lack of authority or termination of existence or revocation hereof by any person or entity or persons or entities, or the substitution of any party hereto; and

(j) any defense based upon or related to Guarantor's lack of knowledge as to Tenant's financial condition.

6. Tenant's Financial Condition. Guarantor is relying upon its own knowledge and is fully informed with respect to Tenant's financial condition. Guarantor assumes full responsibility for keeping itself fully informed of the financial condition of Tenant and all other circumstances affecting Tenant's ability to perform the Guaranteed Obligations, and agrees that Landlord will have no duty to report to Guarantor any information which Landlord receives about Tenant's financial condition or any circumstances bearing on Tenant's ability to perform all or any portion of the Guaranteed Obligations.

7. Default. Each of the following shall constitute a default of Guarantor under this Guaranty:

(a) the failure of Guarantor to perform any of its obligations under this Guaranty;

(b) the commencement of any bankruptcy, insolvency, arrangement, reorganization, or other debtor-relief proceeding under any federal or state law by or relating to Tenant or Guarantor, whether now existing or hereafter enacted; or

(c) the occurrence of a default by Tenant continuing beyond any applicable grace or cure period under the Lease or the failure of any representation or warranty contained herein or in the Lease to be accurate and complete.

Upon an occurrence of a default under this Guaranty as specified above, Landlord may, at its option, without notice or demand upon Guarantor or Tenant, declare the Guaranteed Obligations (or such portion thereof as may be designated by Landlord) immediately due and payable by Guarantor to Landlord.

8. Costs and Expenses. Guarantor hereby agrees to pay, upon demand, Landlord's reasonable out-of-pocket costs and expenses, including but not limited to legal fees and disbursements, and expert witness fees and disbursements, incurred in any effort to collect or enforce this Guaranty, whether or not any lawsuit is filed, and in the representation of Landlord in any insolvency, bankruptcy, reorganization or similar proceeding relating to Guarantor. Until paid to Landlord, such sums will bear interest from the date such costs and expenses are incurred at the rate set forth in the Lease for past due obligations. The obligations of Guarantor under this Section shall include payment of Landlord's costs and expenses of enforcing any judgment, which obligations shall be severable from the remaining provisions of this Guaranty and shall survive the entry of judgment.

9. Representations and Warranties. Guarantor makes the following representations and warranties, which shall be deemed to be continuing representations and warranties until payment and performance in full of the Guaranteed Obligations:

(a) Guarantor has all the requisite power and authority to execute, deliver and be legally bound by this Guaranty on the terms and conditions herein stated;

(b) This Guaranty constitutes the legal, valid and binding obligations of Guarantor enforceable against Guarantor in accordance with its terms;

(c) No consent of any other person not heretofore obtained and no consent, approval or authorization of any person or entity is required in connection with the valid execution, delivery or performance by Guarantor of this Guaranty; and

(d) Guarantor is not insolvent, and will not be rendered insolvent by the incurring of its obligations hereunder.

10. Bankruptcy. So long as any Guaranteed Obligations shall be owing to Landlord, Guarantor shall not, without the prior written consent of Landlord, commence, or join with any other person or entity in commencing, any bankruptcy, reorganization, or insolvency proceeding against Tenant. The obligations of

Guarantor under this Guaranty shall not be altered, limited, or affected by any proceeding, voluntary or involuntary, involving the bankruptcy, insolvency, receivership, reorganization, liquidation, or arrangement of Tenant, or by any defense Tenant may have by reason of any order, decree, or decision of any court or administrative body resulting from any such proceeding.

11. Miscellaneous

1.1. Further Assurances. Each party to this Guaranty shall execute all instruments and documents and take all actions as may be reasonably required to effectuate this Guaranty.

1.2. Governing Law. This Agreement shall be governed and construed in accordance with the laws of the State of California.

1.3. Arbitration. Any dispute, controversy or claim arising out of or relating to this Guaranty, including the formation, interpretation, breach or termination thereof, including whether the claims asserted are arbitrable, will be referred to and finally determined by arbitration in accordance with the JAMS International Arbitration Rules ("Rules") and the procedures set forth below. The tribunal will consist of a single arbitrator. The place of arbitration will be San Diego, CA. The language to be used in the arbitral proceedings will be English. Judgment upon the award rendered by the arbitrator may be entered by any court having jurisdiction thereof.

1.3.1. Any Party may at any time give notice of intent to arbitrate by providing notice addressed to the other party in accordance with the Notice provisions in this Guaranty.

1.3.2. Within fifteen (15) days after a Notice has been served, the Parties shall select one (1) arbitrator in accordance with the Rules.

1.3.3. Unless the parties mutually agree in writing to some specific pre-hearing discovery, there shall be no pre-hearing discovery other than (a) reasonable, limited production of relevant documents, (b) the identification of witnesses to be called at the hearing, and (c) subpoena of witnesses and documents for presentation at the hearing. The arbitrator shall decide any disputes and shall control the process concerning these pre-hearing discovery matters.

1.3.4. Within fifteen (15) days following the appointment of the arbitrator, each party shall deliver to the arbitrator and to the other party a written brief setting forth its view of the facts and law, its position on the dispute, and the requested decision to be made by the arbitrator. The brief shall also identify generally the written evidence and the witnesses that the Party expects to present at the arbitration hearing, the description of documents the party wants to be produced for inspection and the names or titles of witnesses. The arbitration hearing shall commence as soon as feasible, and in all cases within forty five (45) days following the appointment of the arbitrator.

1.3.5. The Arbitrator may grant any legal or equitable remedy or relief that the arbitrator deems just and equitable and may make such interlocutory orders and prescribe such interim measures to apply as he deems appropriate, pending a final resolution by award of outstanding questions or issues.

1.3.6. The expenses of the arbitration, including the arbitrator's fees, expert witness fees, and attorneys' fees may be awarded to the prevailing party in the discretion of the arbitrator. Unless and until the arbitrator decides that one party is to pay for all (or a disproportionate share) of such expenses, both parties shall share equally in the payment of the arbitrator's fees as and when billed by the arbitrator. Should any party refuse to pay its portion of such expenses, the other party may do so, and the costs so incurred must be addressed in the arbitral award to be issued by the arbitrator.

1.3.7. The Parties shall keep confidential the fact of the arbitration, the dispute being arbitrated, and the decision of the arbitrator. Notwithstanding the foregoing, the parties may disclose information about the arbitration to persons who have a need to know, such as directors, trustees, management employees, the parties' attorneys, lenders, insurers, authorities and others who may be directly affected. Once the arbitration award has become final, if the arbitration award is not promptly satisfied, then these confidentiality provisions shall no longer be applicable as against the nonperforming Party.

1.3.8. The decisions or awards of the Arbitrator shall be final and binding upon the Parties affected thereby and each of the Parties hereby irrevocably and expressly covenants to comply promptly and in good faith with any and all such decisions or awards. Judgment upon the award rendered by the arbitrator may be enforced in any court having jurisdiction thereof or in any jurisdiction where Guarantor has assets.

1.3.9. The parties agree that the arbitral award, if not satisfied within five (5) days of the date of the award may converted into a judgment in the United States, Mexico or any other jurisdiction at the election of the prevailing party in order to enforce it.

1.3.10. The Parties hereby waive to any objection they might have to the entry of a foreign arbitral award.

1.3.11. In the event that the arbitration results in an award against Guarantor, Guarantor shall satisfy the award within five (5) days of the date of the award and in the event that Guarantor fails to do so Guarantor hereby stipulates that Guarantor agrees that the award may be converted to, and entered as a judgment in any and all jurisdictions in which the Guarantor is doing business on an ex-parte basis by providing Guarantor forty eight (48) hour advance notice.

1.3.12. The Parties hereby agree that all the transactions contemplated by this Agreement shall be deemed to constitute commercial activities. To the extent that any one or more of the Parties may in its jurisdiction claim for itself or any of its agencies, instrumentalities, properties or assets, immunity, whether characterized as sovereign or otherwise, or other statutory defenses, from suit, execution, set-off, attachment (whether in aid of execution, before judgment or otherwise) or other legal process including, without limitation, immunity from service of process or from jurisdiction of the arbitration, or of its assets, such immunity (whether or not claimed), such claims or defenses are hereby expressly and irrevocably waived.

1.4. Attorney's Fees. The prevailing party in any litigation, arbitration, mediation, bankruptcy, insolvency or other proceeding (collectively, "Proceeding") relating to the enforcement or interpretation of this Guaranty may recover from the unsuccessful party all reasonable costs, expenses and reasonable attorneys' fees (including expert witness and other consultants' fees and costs) relating to or arising out of (a) any such Proceeding (whether or not the Proceeding proceeds to judgment or award), and (b) any post-judgment or post-award proceeding including, without limitation, one to enforce or collect on any judgment or award resulting from the Proceeding. All such judgments and awards shall contain a specific provision for the recovery of all such subsequently incurred costs, expenses and actual attorneys' fees.

ÖZEL HÜKÜMLER	
1.	İşbu kira sözleşmesine (**"Sözleşme"**) konu olan Merkez Mahallesi 68 sokak No:4 Sasalı Çiğli - İZMİR adresinde yer alan ve Çiğli Tapu Müdürlüğü nezdinde 271 – 1VC pafta ve 5 parselde kayıtlı bulunan ve işbu Sözleşme'nin EK 1'i altında yer alan krokide gösterilen alandır (**"Mecur"**). Kiraya Veren, Mecur'u 21 Ekim 2015 tarihinde (**"Teslim Tarihi"**) Kiracı'ya teslim etmiştir. Türk Borçlar Kanunu ve Sözleşme'nin ilgili hükümleri gereğince, Sözleşme süresinin uzaması hali hariç olmak üzere, işbu Sözleşme'nin imzası anında taraflarca kararlaştırılan kira süresi olan 2 yıl 3 aylık süre içinde Mecur'un satılması (ipoteğin paraya çevrilmesi nedeniyle icra yoluyla veya doğrudan üçüncü kişilere satış) ve Kiracı'nın Mecur'u tahliye etmek zorunda kalması durumunda, Kiraya Veren Kiracı'nın tahliye dolayısıyla uğradığı her türlü zararı, belgelendirilmesi kaydıyla tazmin edecektir. Buna mukabil, Kiracı Mecur'da Kiraya Veren'in yazılı iznine binaen yaptığı tüm imalat, ilave, değişiklik, yenilik ve benzerlerini bila bedel, hasarsız, kullanılabilir ve çalışır vaziyette Kiraya Veren'e terk edecektir. Mecur'un Teslim Tarihi'ndeki fiziksel durumu, işbu Sözleşme EK-2'de yer alan, 21 Ekim 2015 tarihli Durum Belgesi'nde (**"Durum Belgesi"**) gösterildiği gibidir. Sözleşme'nin EK-3'ü altında listelenen eşyalar sağlam ve çalışır şekilde Teslim Tarihi'nde Kiracı'ya teslim edilmiş olup tahliye anında kullanıma bağlı olağan yıpranmalar hariç olmak üzere teslim edilen şekliyle iade alınacaktır. Sözleşme'nin EK-4'ü altında taralı olarak gösterilen bölümde, Kiraya Veren'in makine ve ekipmanları muhafaza edilecek olup bu bölüm, Mecur'un alanına, bir başka ifade ile kiralanan alana dahil değildir. İlgili alan, Mecur'un alanına dahil olmadığından ve Kiracı tarafından ilgili alana giriş yapılmayacağından, Kiracı'nın bu alanda yer alan makine ve ekipmanlara ilişkin herhangi bir sorumluluğu bulunmamaktadır. Bu makine ve ekipmanların tüm hukuki ve cezai sorumluluğu münhasıran Kiraya Veren'e ait olmakla birlikte, Kiracı, bu alana personeli tarafından girilmemesini sağlamakla yükümlüdür. Kiracı ve personelinin kusur veya ihmali neticesinde bu makine ve ekipmanların zarar görmesi halinde Kiracı tüm zararı karşılamakla yükümlüdür.
2.	Kiraya Veren, Mecur'u Sözleşme hükümlerine uygun olarak Kiracı'ya kiralayamaya yetkili olduğunu ve işbu Sözleşme'de belirtilen tüm taahhüt ve yükümlülüklerini zamanında yerine getireceğini kabul eder.
3.	Kiracı, Mecur'u rüzgar türbin kanatları, kanat yan sanayi ürünleri üretim alanı, depo ve işyeri olarak kullanacaktır (**"İzin Verilen Faaliyet"**). Kiracı, İzin Verilen Faaliyeti Kiraya Veren'in önceden yazılı iznini almaksızın herhangi bir nedenle değiştiremez. Kiracı'nın Mecur'u İzin Verilen Faaliyet dışında bir amaçla kullanması halinde, Kiraya Veren Kiracı'ya ilgili ihlali düzeltmesi için 7 günlük süre tanıyacaktır. Kiracı'nın işbu maddede belirtilen sürede ihlali gidermemesi halinde, Kiraya Veren Sözleşme'yi kanundan ve sözleşmeden doğan diğer hakları saklı kalmak kaydıyla haklı nedenle ve tek taraflı olarak feshetme hakkını haiz olacaktır.
	Kiraya Veren, Kiracı'nın Mecur'da İzin Verilen Faaliyeti gerçekleştirmesini olumsuz yönde etkileyecek herhangi bir fiili ve hukuki kısıtlamanın varlığından Kiracı'yı korumak adına iyi niyet kuralları çerçevesinde tüm çabayı göstereceğini kabul ve taahhüt eder. Kiracı, işbu Sözleşme'yi imzalamadan önce Mecur'un İzin Verilen Faaliyet için kullanılıp kullanılamayacağını bizzat araştırıp incelemiş ve Mecur'un İzin Verilen Faaliyet için uygun olduğunu fiilen ve hukuken kendisi tespit ederek Sözleşme'yi imzalamıştır. Kiracı, İzin Verilen Faaliyet'i yürütmek için ilgili resmi mercilerden gerekli tüm izin, onay ve ruhsatları

	almak ve bir örneğini Kiraya Veren'e ibraz etmekle yükümlüdür. Kiracı'nın kendi kusurundan kaynaklanan nedenlerle kamu kurum ve kuruluşlarının ve diğer ilgili mercilerin İzin Verilen Faaliyet'e izin vermemesinden dolayı doğabilecek sorunlar, Kiracı tarafından giderilecektir. İşbu Sözleşme imzalanmış olmasına rağmen; gerekli izin, onay ve ruhsatların Kiracı'nın kusurundan kaynaklanan sebeplerle alınamaması veya geç alınması halinde dahi Kiracı kira bedellerini ödemekle yükümlüdür. Kiracı'nın Mecur'da İzin Verilen Faaliyeti gerçekleştiremediğinden bahisle Sözleşme'yi feshetmesi durumunda, Kiracı, Mecur'un kiralama amacına uygun olmadığını ileri sürerek Kiraya Veren'den hiçbir nam altında bedel veya tazminat talep edemez. Kiraya Veren, Kiralanan Yer'in kiralama amacına uygun olduğu konusunda Kiracı'ya hiçbir taahhütte bulunmamıştır.
4.	Kiraya Veren, Kiracı'nın Mecur'da İzin Verilen Faaliyeti gerçekleştirebilmesi için gerekli olan izin ve ruhsatları (örneğin işyeri açma ve çalışma ruhsatı) alması için elinden gelen her türlü çabayı iyi niyet kuralları gereğince gösterecektir. Bu çerçevede; Sözleme'nin eki olarak tapu senedi (EK-5), mimari proje (EK-6), yapı kullanma izin belgesi (EK-7) Kiracı'ya teslim edilmiştir. Kiraya Veren'in kusurundan kaynaklanan nedenlerle idari merciler nezdinde doğan sorunlar dolayısıyla Kiracı'nın İzin Verilen Faaliyet'in yürütülmesi için gerekli ruhsatları alması ve Mecur'da faaliyete geçmesi gecikir ise; bu süre zarfında kira bedeli ödeme yükümlülüğü ortadan kalkar. Kiracı'nın Sözleşme'yi tazminatsız fesih hakkı saklıdır. Söz konusu izin, ruhsat ve onayların alınması sürecinde Kiracı idari prosedürün tamamlanması için elinden gelen gayreti sarf edecektir. Ancak Kiracı, bu sorunlar bulunsa dahi Mecur'u fiilen kullanmakta ise; kira bedelini kayıtsız şartsız ödemekle yükümlüdür. Bu bağlamda, Mecur'un kısmen veya tamamen veya belli zamanlarda kullanılıyor olması ödeme yükümlülüğünü ortadan kaldırmaz. Kiracı'nın talebi halinde; idare nezdinde gerekli izin, ruhsat ve onayların alınmasıyla ilgili olarak idareye yapılacak başvurular ve idare nezdinde işin takibi hususunda belli bir süreye kadar geçerli vekaletname, Kiraya Veren tarafından Kiracı'ya verilecektir.
5.	Kiracı, Kiraya Veren'in önceden yazılı iznini almaksızın ve Mecur'un ana yapısına zarar vermeksizin Sözleşme'nin EK-8'i altında yer alan listede yapılması zorunlu olarak belirtilen imalat, tadilat, bakım ve onarım işlerini bila bedel ve tahliye anında Kiraya Veren'e iyi, kullanılabilir, hasarsız ve çalışır vaziyette terk etmek üzere yapmayı kabul, beyan ve taahhüt eder. Buna mukabil Kiracı, EK 9 altında ihtiyari olarak belirtilen imalat, tadilat, bakım ve onarım işlerini yapmakla yükümlü olmayıp, bu belirtilen işleri tamamen kendi takdirinde olmak üzere yapma hakkını haiz olacaktır. Kiracı, işbu Sözleşme'nin imzasıyla birlikte EK 8'deki listede yer alan zorunlu olarak belirtilen her bir işi yapmakla yükümlü hale gelmiş olup, Ek 9'daki listede ihtiyari olarak belirtilen işleri yapmakla yükümlü değildir ve tamamen kendi takdirine bağlı olarak yapmayı tercih edebilir. Kiracı, EK-8 ve EK-9'da yer alan listelerde belirtilen işler dışında kira süresi içinde Kiraya Veren'in yazılı onayı olmadan Mecur'da dekor niteliğini aşan başkaca tadilat, inşaat, imalat ve ilave yapamaz, ek bir tesis inşa edemez. Kiracı, listelenen işler de dahil Mecur'da yapacağı her türlü tadilat, inşaat, imalat ve ilave ilgili olarak proje hazırlayacak ve bu projeyi Kiraya Veren'in yazılı onayına sunacaktır. Mecur'da Kiracı tarafından yapılacak olan her türlü inşaat, ilave, imalat, değişiklik ve tadilat için gerekli prosedürün resmi merciler nezdinde gerçekleştirilip izin ve onayların alınması Kiracı'nın yükümlülüğündedir. Bu hususta gerekirse, başvuru ve işlerin takibi için Kiraya Veren tarafından Kiracı'ya vekaletname verilebilir.

	Kiraya Veren'den yazılı onay alınması, mevzuattan aykırı yapılaşmaya Kiraya Veren tarafından izin verildiği anlamına gelmez, Kiracı'nın mevzuattan doğan yükümlülükleri ortadan kaldırmaz. Kiracı tarafından mevzuata aykırı olarak yapılan her türlü iş ve eylemden doğan hukuki, cezai, idari ve mali sorumluluğu kira süresi boyunca Kiracı'ya aittir. Kiracı'nın imar mevzuatına aykırı bir yapı yaptığı gerekçesiyle Kiraya Veren'in herhangi ödeme yapmakla yükümlü olması durumunda (Kiracı'nın söz konusu aykırılık için ilgili idare ve mahkemeler nezdinde savunma hakkına halel getirmeksizin), Kiraya Veren kendisine yapılan ödeme tebligatını Kiracı'ya ilettikten en geç 2 gün içinde Kiracı ödeme tebligatında yazan tutarı Kiraya Veren'e ödeyecek veya ilgili merciiye yapılan ödeme belgesini Kiraya Veren'e tevdi edecektir. Bu hususta Kiraya Veren, Kiracı'nın mevzuata aykırı yaptığı tadilatlar sebebiyle Kiracı'nın personeline, üçüncü bir kişiye, idari veya resmi kurum/kuruluşlara veya benzer bir yere doğrudan veya mahkeme kararına dayalı olarak işin devamı süresinde bir ödeme yapmak zorunda kalırsa, ödediği tutarı Kiracı'ya rücu edecektir. Herhangi bir şüpheye mahal vermemek adına, Kiracı'nın yaptığı imalat, tadilat ve sairden kaynaklanmayan ve Kiraya Veren ve/veya Bina'nın kiralama tarihinden önceki yapısal unsurlarından kaynaklanan durumlarda Kiracı'nın herhangi bir sorumluluğu bulunmayacaktır. Kiracı'nın işbu madde kapsamında ve mevzuata uygun şekilde yapacağı tüm sabit imalat, ilave, tadilat, eklenti ve benzerleri, Mecur tahliye edilirken bila bedel, hasarsız, kullanıma uygun ve çalışır vaziyette Kiraya Veren'e bırakılacaktır. Bu kapsamda, Kiraya Veren, işbu Sözleşme'nin herhangi bir sebeple feshedilmesi halinde Mecur'un eski hale getirilmesini talep edemez.
6.	Kiracı, Kiraya Veren'in yazılı izni olmadan bu Sözleşme'yi veya bu Sözleşme'den doğan haklarını kısmen veya tamamen başkasına devredemez, Mecur'u üçüncü şahıslara kiraya veremez, her ne nam altında olursa olsun hiç bir kimseye işgal ve istifade ettiremez, ortak alamaz. Ancak Kiracı, Mecur'u kısmen ya da tamamen Kiraya Veren'in önceden yazılı iznini almaksızın dilediği kişilere alt kiraya verme hakkına sahiptir. Alt kira sözleşmesinin şartları ve süresi, işbu Sözleşme'nin şartları ve süresi ile sınırlı olup Kiracı, alt kiracıya kendisinin sahip olduğundan daha geniş ya da değişik kullanma hakkı tanıyamaz, alt kira ile Kiraya Veren zararına hareket edemez. Kiracı, alt kiracı ile akdedeceği sözleşmede, işbu Sözleşme'nin herhangi bir sebeple sona ermesi halinde alt kira sözleşmesinin de sona ereceğine ilişkin bir hüküm yer almasını sağlayacaktır. Mecur'un alt kiraya verilmesi, kanunun Kiraya Veren'e verdiği haklar saklı kalmak kaydıyla, Kiraya Veren ile alt kiracı arasında herhangi bir sözleşmesel bağ kurulduğu anlamına gelmez, Kira bedelinin ödenmesi de dahil işbu Sözleşme ile üstlenilen tüm yükümlülüklerin ifasından yine Kiracı sorumludur.
7.	Kiraya Veren, Kira Dönemi boyunca masrafları kendisine ait olmak üzere zorunlu deprem sigortasını yaptıracaktır. Sigortaya ilişkin tüm belgeler, işbu Sözleşme'nin imzalanmasını takip eden 7 gün içerisinde Kiracı'ya verilecektir.
8.	Kiracı'nın Kira Bedeli ödeme yükümlülüğü, 16 Ekim 2015 (**"Kira Başlangıç Tarihi"**) tarihi itibariyle başlayacaktır. Kira süresi, 31 Aralık 2017 tarihinde sona erecektir (**"Kira Süresi"**). Kiracı'nın Kira Süresi sonuna kadar Sözleşme'yi feshetmemesi halinde; Sözleşme, kira miktarı maddesi hariç aynı hüküm ve şartlar altında 1 yıllık dönemler halinde kendiliğinden uzayacaktır.
9.	Kiracı, kira süresi ile sınırlı olmak üzere Mecur'u aylık net 14.000 ABD Doları + KDV (**"Kira Bedeli"**) karşılığında kiralamıştır. 2 yıl 3 aylık kira süresi boyunca Kira Bedeli'nde herhangi bir artış olmayacaktır. Kira Bedeli, Kiraya Veren tarafından ABD Doları olarak faturalandırılacak ve Kiracı tarafından ABD Doları olarak ödenecektir. Feshi ihbarda bulunulmaması sebebiyle kira süresinin uzaması halinde; ödenecek aylık net kira bedeli, Taraflar'ın karşılıklı mutabakatı uyarınca belirlenecek olup, her halükarda, uzayan dönemde ödenecek kira bedeli, Sözleşme kapsamında en son ayda ödenen Kira Bedeli'nden düşük olmayacaktır. Kiracı, işbu sözleşme devam ettiği müddetçe kira bedelinden ayrı olarak kendisi tarafından tüketilen su, elektrik, doğalgaz ve benzeri kullanım masrafları ile çevre temizlik vergisi ve Mecur'un kullanımına ilişkin emlak vergisi dışında kalan diğer vergi ve harçların ödemesinden sorumludur. Bunların tesisatı, ekipman ve malzemeleri Kiraya Veren tarafından temin edilmiş olmakla beraber, ilgili kurum ve kuruluşlarla kendi adına abonmanlık tesisi, kontrat akdi ve feshi, sarfiyat depozitolarının yatırılması, geri alınması, gerekmesi halinde güç artırımlarının yapılmasıyla ilgili her türlü işlemi gerçekleştirme yükümlülüğü Kiracı'ya aittir. Mecur'a konulacak her türlü pano ve tabelayla ilgili olarak tahakkuk edecek reklam ve benzeri vergileri kira bedelinden ayrı olarak Kiracı tarafından ödenecektir.

Kiracı, işbu madde ile öngörülen feshi bildirim süresine uymayı kabul, beyan ve taahhüt etmiştir. Kiracı'nın Sözleşme'yi imza tarihini müteakip 1 yıldan önce feshedip Mecur'u tahliye etmesi halinde; Kiracı, ilgili 1 yıllık dönemdeki bakiye kira bedellerini Kiraya Veren'e ödemekle yükümlü olacaktır. Kiracı'nın yukarıda öngörülen 6 aylık feshi ihbar süresine uymadan Sözleşme'yi feshedip Mecur'u tahliye etmesi halinde; Kiracı, her halükarda toplamda 6 aylık kira bedelini Kiraya Veren'e ödemekle yükümlü olacaktır. Örneğin, Kiracı'nın iki ay önceden fesih bildiriminde bulunmak kaydıyla Sözleşme'yi fesih ve Mecur'u tahliye etmesi halinde, Kiracı iki aylık ihbar süresinde Kira Bedeli ödemeye devam edecek ve buna ilaveten feshi ihbar süresinin tamamlanmasına kalan dört aylık süreye tekabül eden Kira Bedeli'ni de tahliye tarihini müteakip 7 gün içinde ödemekle yükümlü olacaktır. Herhangi bir şüpheye mahal vermemek adına, Kiracı'nın altı aylık feshi ihbar süresine uymaksızın Mecur'u tahliye etme durumu ilk bir sene içerisinde ve altıncı aydan sonra gerçekleştiği takdirde dahi altı aylık feshi ihbar süresine dair kira bedelleri Kiraya Veren'e ödenecektir.

6. Incorporation of Terms of Master Lease.

(a) This Sublease is subject and subordinate to the Master Lease. Subject to the modifications set forth in this Sublease (including the insurance provision set forth in Section 6(b)(ii), the terms of the Master Lease are incorporated herein by reference, and shall, as between Sublandlord and Subtenant (as if they were "Landlord" and "Tenant," respectively, under the Master Lease) constitute the terms of this Sublease except to the extent that they are inapplicable to, inconsistent with, or modified by, the terms of this Sublease. In the event of any inconsistencies between the terms and provisions of the Master Lease and the terms and provisions of this Sublease, the terms and provisions of this Sublease shall govern. Subtenant acknowledges that it has reviewed the Master Lease and is familiar with the terms and conditions thereof.

(b) For the purposes of incorporation herein, the terms of the Master Lease are subject to the following additional modifications:

(i) In all provisions of the Master Lease (under the terms thereof and without regard to modifications thereof for purposes of incorporation into this Sublease) requiring the approval or consent of Landlord, Subtenant shall be required to obtain the approval or consent of both Sublandlord and Landlord.

(ii) During the Term, Sublandlord shall maintain the insurance policies and coverage under the Master Lease as well as insurance with respect to the

wind turbine blade molds that will be stored on the Premises, and the amount and type of such insurance shall be as mutually agreed upon by Sublandlord and Subtenant.

7. Subtenant's Obligations. Subtenant covenants and agrees that all obligations of Sublandlord under the Master Lease shall be done or performed by Subtenant with respect to the Premises, except as otherwise provided by this Sublease, and Subtenant's obligations shall run to Sublandlord and Landlord as Sublandlord may determine to be appropriate or be required by the respective interests of Sublandlord and Landlord. Subtenant agrees to indemnify Sublandlord, and hold it harmless, from and against any and all claims, damages, losses, expenses and liabilities (including reasonable attorneys' fees) incurred as a result of Subtenant's non-performance, non-observance or non-payment of any of its obligations under the Master Lease which, as a result of this Sublease, became an obligation of Subtenant. If Subtenant makes any payment to Sublandlord pursuant to this indemnity, Subtenant shall be subrogated to the rights of Sublandlord concerning said payment. Subtenant shall not do, nor permit to be done, any act or thing which is, or with notice or the passage of time would be, a default under this Sublease or the Master Lease.

8. Sublandlord's Obligations. Sublandlord shall provide all reasonable assistance and cooperation to Subtenant (at no material cost or liability to Subtenant) to enforce Sublandlord's rights under the Master Lease to compel performance by Landlord with respect to Landlord's obligations under the Master Lease. Any condition resulting from a default by Landlord shall not constitute as between Sublandlord and Subtenant an eviction, actual or constructive, of Subtenant and no such default shall excuse Subtenant from the performance or observance of any of its obligations to be performed or observed under this Sublease, or entitle Subtenant to receive any reduction in or abatement of the Rent provided for in this Sublease unless, and to the extent, Sublandlord is excused from performance, or entitled to a reduction or abatement of its rental obligations to Landlord under the Master Lease also. In furtherance of the foregoing, Subtenant does hereby waive any cause of action and any right to bring any action against Sublandlord by reason of any act or omission of Landlord under the Master Lease, subject to the right of assistance and cooperation from Sublandlord described above. Sublandlord shall extend all reasonable cooperation to Subtenant (at no material cost or liability to Subtenant) to enable Subtenant to receive the benefits under this Sublease, as the same are dependent upon performance under the Master Lease. Sublandlord shall continue to maintain the existing security measures on the Premises throughout the term of this Sublease and shall promptly make any necessary repairs should any damage occur as a result of Sublandord failing to maintain such security measures so that Subtenant's property and materials are not compromised.

9. Default by Subtenant. In the event Subtenant shall be in default of any covenant of, or shall fail to honor any obligation under, this Sublease, Sublandlord shall have available to it against Subtenant all of the remedies available (a) to Landlord under the Master Lease in the event of a similar default on the part of Sublandlord thereunder or (b) at law.

10. Quiet Enjoyment. So long as Subtenant pays all of the Rent due hereunder and performs all of Subtenant's other obligations hereunder, Sublandlord shall do nothing to affect Subtenant's right to peaceably and quietly have, hold and enjoy the Sublease Premises.

11. Notices. Anything contained in any provision of this Sublease to the contrary notwithstanding, Subtenant agrees, with respect to the Sublease Premises, to comply with and remedy any default in this Sublease or the Master Lease which is Subtenant's obligation to cure, within the period allowed to Sublandlord under the Master Lease, even if such time period is shorter than the period otherwise allowed therein due to the fact that notice of default from Sublandlord to Subtenant is given after the corresponding notice of default from Landlord to Sublandlord. Sublandlord agrees to forward to Subtenant, promptly upon receipt thereof by Sublandlord, a copy of each notice of default received by Sublandlord in its capacity as Tenant under the Master Lease. Subtenant agrees to forward to Sublandlord, promptly upon receipt thereof, copies of any notices received by Subtenant from Landlord or from any governmental authorities. All notices, demands and requests shall be in writing and shall be sent either by hand delivery or by a nationally recognized overnight courier service (e.g., Federal Express), in either case return receipt requested, to the address of the appropriate party. Upon reasonable prior notice in each instance, Sublandlord may enter the Sublease Premises during ordinary business hours to show the space to actual or prospective lenders, purchasers, tenants or users at any time during the term of this Sublease.

14. Termination of the Lease. If for any reason the term of the Master Lease shall terminate, this Sublease shall automatically be terminated and Sublandlord shall not be liable to Subtenant by reason thereof unless said termination shall have been caused by the default of Sublandlord under the Master Lease, and said Sublandlord default was not as a result of a Subtenant default hereunder. If this Sublease is terminated pursuant to the preceding sentence due to Sublandlord's default that was not a result of a Subtenant default hereunder, Sublandlord shall reimburse Subtenant on a day-for-day pro-rata basis for any payments made in advance of use of the Premises.

15. Assignment and Subletting. Independent of and in addition to any provisions of the Master Lease, it is understood and agreed that, except as expressly provided herein, Subtenant shall have no right to assign or sublet the Sublease Premises or any portion thereof or any right or privilege appurtenant thereto and any such assignment or subletting shall be void. Subtenant shall have the right to assign this Sublease or any interest therein, and to suffer or permit any other person (other than agents, servants or associates of the Subtenant) to occupy or use the Sublease Premises, only upon the prior written consent of Sublandlord, which consent shall not be unreasonably withheld, and, to the extent required under the Master Lease, the prior written consent of Landlord. Any assignment or subletting by Subtenant without Sublandlord's prior written consent shall be void and shall, at the option of Sublandlord, terminate this Sublease.

16. Limitation of Estate. Subtenant's estate shall in all respects be limited to, and be construed in a fashion consistent with, the estate granted to Sublandlord by Landlord. Subtenant shall stand in the place of Sublandlord and shall defend, indemnify and hold Sublandlord harmless with respect to all covenants, warranties, obligations, and payments made by Sublandlord under or required of Sublandlord by the Master Lease with respect to the Sublease Premises. In the event Sublandlord is prevented from performing any of its obligations under this Sublease by a breach by Landlord of a term of the Master Lease, then Sublandlord's sole obligation in regard to its obligation under this Sublease shall be to use

reasonable efforts in diligently pursuing the correction or cure by Landlord of Landlord's breach.

17. Entire Agreement. It is understood and acknowledged that there are no oral agreements between the parties hereto affecting this Sublease and this Sublease supersedes and cancels any and all previous negotiations, arrangements, brochures, agreements and understandings, if any, between the parties hereto or displayed by Sublandlord to Subtenant with respect to the subject matter thereof, and none thereof shall be used to interpret or construe this Sublease. This Sublease, and the exhibits and schedules attached hereto, contain all of the terms, covenants, conditions, warranties and agreements of the parties relating in any manner to the rental, use and occupancy of the Sublease Premises and shall be considered to be the only agreements between the parties hereto and their representatives and agents. None of the terms, covenants, conditions or provisions of this Sublease can be modified, deleted or added to except in writing signed by the parties hereto. All negotiations and oral agreements acceptable to both parties have been merged into and are included herein. There are no other representations or warranties between the parties, and all reliance with respect to representations is based totally upon the representations and agreements contained in this Sublease.

18. Acceptance. The submission of this Sublease to Subtenant does not constitute an offer to lease. This Sublease shall become effective only upon the execution and delivery thereof by both Sublandlord and Subtenant. Sublandlord shall have no liability or obligation to Subtenant by reason of Sublandlord's rejection of this Sublease or a failure to execute, acknowledge and deliver same to Subtenant.

19. Miscellaneous. This Sublease shall be governed by and interpreted in accordance with the laws of the State of Rhode Island, except as they may be preempted by federal law. In any action brought or arising out of this Sublease, the parties hereto hereby consent to the jurisdiction of any federal or state court having proper venue within the State of Rhode Island and also consent to the service of process by any means authorized by Rhode Island or federal law. The parties hereby agree that any proceeding relating to any dispute under this Sublease or with respect to the interpretation of any provision of this Sublease shall be conducted in Bristol County, Rhode Island. The headings used in this Sublease are for convenience only and shall be disregarded in interpreting the substantive provisions of this Sublease. Time is of the essence of each term of this Sublease. If any provision of this Sublease shall be determined by a court of competent jurisdiction to be invalid, illegal or unenforceable, that portion shall be deemed severed therefrom and the remaining parts shall remain in full force as though the invalid, illegal, or unenforceable portion had never been a part thereof. This Sublease may be executed in one or more counterparts, all of which, taken together, shall constitute one and the same Sublease. In the event of any litigation or similar proceeding, action or arbitration between the parties with respect to this Sublease, the prevailing party shall be entitled to recover reasonable attorney's fees and cost incurred in connection therewith. Each of Sublandlord and Subtenant, respectively, warrant that it has the authority to enter into and perform its respective obligations under this Sublease, subject to the terms of the Master Lease, and that the individual executing this Sublease on behalf of Sublandlord and Subtenant, respectively, has the authority to enter into this Sublease and to execute all other documents and perform all other acts as contemplated herein.

IN WITNESS WHEREOF, the parties have entered into this Sublease as of the date first written above.

Tenant will not make waste or any unlawful, improper or offensive use of the

Premises.

5. ASSIGNMENT AND SUBLETTING.

Tenant may assign or sublet all or any portion of the Premises, or otherwise transfer any interest therein; so long as the Tenant's use of the property remains the same.

6. INSURANCE.

6.1 Landlord will, at its own cost and expense at all times during the term hereof, insure and keep insured the buildings and structures included in the Premises, but not the contents or other property of Tenant in the Premises, in such manner and amounts as Landlord deems appropriate.

6.2 Tenant will, at its own cost and expense, effect and maintain during the term hereof, a policy or policies of comprehensive general liability insurance, or its equivalent, with minimum limits of not less than $100,000 for injury to one or more persons in any one occurrence, and also insurance in the sum of not less than $300,000 against claims for property damage in any one accident, such policy or policies to name Landlord as additional assured, to require the insurer to give Landlord at least ten days' written notice of its intention to cancel, terminate or amend the insurance policy or policies in any material respect, and to cover the entire Premises.

Tenant will pay to Landlord, on demand, all costs and expenses, including reasonable attorneys' fees, incurred by Landlord in enforcing any of the covenants herein contained, in remedying any breach by Tenant of its covenants, in recovering possession of the Premises, in collecting any delinquent rents, taxes or other charges payable by Tenant hereunder, or in connection with any litigation commenced by or against Tenant (other than condemnation proceedings) to which Landlord, without any fault on its part, shall be made a party. All such amounts owing to Landlord shall constitute additional rent hereunder.

8. INDEMNIFICATION OF LANDLORD.

8.1 Tenant shall indemnify and save harmless Landlord (regardless of Tenant's covenant to insure) against and from any and all claims by or on behalf of any person or persons, firm or firms, corporation or corporations, arising from the use, occupancy, conduct or management of or from any work or thing whatsoever done in or about the Premises, unless done by Landlord, any of its agents, contractors, servants, employees or licensees, and shall further indemnify and save Landlord harmless against and from any and all claims arising during the term hereof from any condition of the Premises, or arising from any breach or default on the part of Tenant in the performance of any covenant or agreement on the part of Tenant to be performed pursuant to the terms of this Lease, or arising from any act of Tenant or any of its agents, contractors, servants, employees or licensees, to any person, firm or corporation occurring during the term hereof in or about the Premises or upon or under said areas, and from and against all costs, counsel fees, expenses or liabilities incurred in or about any such claim or action or proceeding brought thereon.

8.2 Tenant shall pay and indemnify Landlord against all legal costs and charges, including reasonable counsel fees, incurred in obtaining possession of the Premises after the default of Tenant or upon expiration or earlier termination of the term hereof, other than by reason of any default of Landlord, or in enforcing any covenant or agreement of Tenant herein contained.

9. LIENS.

Tenant will not commit, suffer any act or neglect whereby the Premises or any improvements thereon or the estate of Landlord therein shall at any time during the term hereof become subject to any attachment, judgment, lien, charge or encumbrance whatsoever, except as herein expressly provided, and will indemnify and hold Landlord harmless from and against all loss, costs and expenses, including reasonable attorneys' fees, with respect thereto.

10. DEFAULT.

10.1 In the event that during the term hereof any of the following events shall occur (each of which shall be an "Event of Default"):

(a) Tenant shall default in the payment of any installment of the Rent or any payment due on account of taxes for ten (10) days after the same shall become due, during which ten-day period Tenant may cure the default;

(b) Tenant or any permitted assignee of Tenant shall (i) apply for or consent to an appointment of a receiver, a trustee or liquidator of it or of all or a substantial part of its assets; (ii) be unable or admit in writing its inability to pay its debts as they mature; (iii) make a general assignment for the benefit of creditors; (iv) be adjudicated a bankrupt or insolvent; (v) file a voluntary petition in bankruptcy or a petition or an answer seeking reorganization or an arrangement with creditors to take advantage of any insolvency law or an answer admitting the material allegations of a petition filed against it in any bankruptcy, reorganization or insolvency proceeding or corporate action shall be taken by it for the purpose of effecting any of the foregoing;

(c) An order, judgment or decree shall be entered, without the application, approval or consent of Tenant or any permitted assignee of Tenant by any court of competent jurisdiction, approving a petition seeking reorganization of Tenant or such assignee or appointing a receiver, trust or liquidator of Tenant or such assignee or of all or a substantial part of its assets and such order, judgment or decree shall continue unstayed and in effect for any period of thirty (30) consecutive days; or

(d) Any other default by Tenant in performing any of its other obligations hereunder shall continue uncorrected for ten (10) days after written notice thereof from Landlord, during which period Tenant or such assignee may cure the default;

then Landlord may, by giving written notice to Tenant, either (a) terminate this Lease, (b) reenter the Premises by summary proceedings or otherwise, expelling Tenant and removing all of Tenant's property therefrom, and relet the Premises and receive the rent therefrom, or (c) exercise any other remedies permitted by law; but Tenant shall remain liable for the equivalent of the amount of all rent reserved herein, together with interest thereon at the rate of twelve percent (12%) per annum from the due date for payment thereof, less the avails of reletting, if any. Tenant shall also be liable for the reasonable cost of obtaining possession of and reletting the Premises and of any repairs and alterations or other payments necessary to prepare them for reletting. Any and all such amounts shall be payable to Landlord upon demand.

10.2 Tenant hereby expressly waives, so far as permitted by law, the service of any notice of intention to reenter or notice to quit provided for in any statute, or of the institution of legal

proceedings to that end, and Tenant, for and on behalf of itself and all persons claiming through or under Tenant (including any leasehold mortgagee or other creditor) also waives any and all right of redemption or reentry or repossession, or to restore the operation of this Lease in case Tenant shall be dispossessed by a judgment or by warrant of any court or judge, or in case of reentry or repossession, or in case of any termination of the Lease. Landlord and Tenant also, so far as permitted by law, waive and will waive any and all right to a trial by jury in the event that summary possession proceedings shall be instituted by Landlord.

10.3 In the event of any breach or threatened breach by Tenant of any of the covenants, agreements, terms or conditions contained in this Lease, Landlord shall be entitled to enjoin such breach or threatened breach and shall have the right to invoke any right and remedy allowed at law or in equity, or by statute or otherwise, as though reentry, summary proceedings and other remedies were not provided for in this Lease.

10.4 Each right and remedy of Landlord provided for in this Lease shall be cumulative and shall be in addition to every other right or remedy provided for in this Lease or now or hereafter existing, at law or in equity, or by statute or otherwise, and the exercise or beginning of the exercise by Landlord of any one or more of the rights or remedies provided for in this Lease, or now or hereafter existing at law or in equity, or by statute or otherwise, shall not preclude the simultaneous or later exercise by Landlord of any or all other rights or remedies provided for in this Lease, or now or hereafter existing at law or in equity, or by statute or otherwise.

11. INDEPENDENT COVENANTS–NO WAIVER.

11.1 Each and every of the covenants and agreements contained in this Lease shall be for all purposes construed to be separate and independent covenants and the waiver of the breach of any covenant contained herein by Landlord shall in no way or manner discharge or relieve Tenant from Tenant's obligation to perform each and every one of the covenants contained herein.

11.2 If any term or provision of this Lease or the application thereof to any person or circumstance shall to any extent be invalid or unenforceable, the remainder of this Lease, or the application of such term or provision to persons or circumstances other than those as to which it is invalid or unenforceable, shall not be affected thereby, and each term and provision of this Lease shall be valid and shall be enforced to the fullest extent permitted by law.

11.3 The failure of Landlord to insist in any one or more cases upon the strict performance of any of the covenants of this Lease shall not be construed as a waiver or a relinquishment for the future of such covenant. A receipt by Landlord of rent with knowledge of the breach of any covenant hereof shall not be deemed a waiver of such breach, and no waiver by Landlord of any provision of this Lease shall be deemed to have been made unless expressed in writing and signed by Landlord. All remedies to which Landlord may resort under the terms of this Lease or by law provided shall be cumulative.

12. SUBORDINATION.

This Lease and the rights of Tenant hereunder are subject and subordinate in all respects to all matters of record, including, without limitation, deeds and all mortgages which may now or hereafter be placed on or affect the Premises, or any part thereof, and/or Landlord's interest or estate therein, and to each advance made and/or hereafter to be made under any such mortgages, and to all renewals, modifications, consolidations, replacements and extensions thereof, and all substitutions therefor; provided, however, that before such subordination shall be effective, Landlord shall cause the mortgagee, or other party in interest, as the case may be, to deliver to Tenant an assent to this Lease, in proper form for recording whereby such mortgagee or other party agrees that no foreclosure of such mortgage or any action taken with respect thereto, by such mortgagee or any other person claiming by or through or under such mortgage (or other interest) shall disturb the possession of Tenant under this Lease so long as Tenant is not in default hereunder, and that the validity and continuance of this Lease will be so recognized. Simultaneously with the delivery of such an agreement, Tenant agrees to execute and deliver an instrument in proper form for recording, wherein Tenant agrees to and does subordinate this Lease to the liens of the mortgagees and others as above-mentioned, and to all renewals, modifications, consolidations and replacements and extensions of such mortgages thereunder, and to any persons claiming by, through or under such mortgages or other such interest.

13. PRIOR NEGOTIATIONS.

This Lease merges and supersedes all prior negotiations, representations and agreements and constitutes the entire contract between the parties hereto concerning the leasing of the Premises, the improvements thereon and the other matters provided for herein.

14. QUIET ENJOYMENT.

Landlord covenants that Tenant, upon paying the rent and performing the covenants hereof on the part of Tenant to be performed shall and may peaceably and quietly have, hold and enjoy the Premises and all related appurtenances, rights, privileges and easements throughout the term hereof without any lawful hindrance by Landlord and any person claiming by, through or under it.

15. RETURN OF PREMISES.

At the expiration or other termination of the term hereof, Tenant will remove from the Premises its property and that of all claiming under it and will peaceably yield up to Landlord the Premises in as good condition in all respects as the same were at the commencement of this Lease, except for ordinary wear and tear, damage by the elements, by any exercise of the right of eminent domain or by public or other authority, or damage which Landlord is required herein to replace, restore or rebuild.

16. CONSTRUCTION.

The mention of the parties hereto by name or otherwise shall be construed as including and referring to their respective successors and assigns as well as to the parties themselves whenever such construction is required or admitted by the provisions hereof; and all covenants, agreements, conditions, rights, powers and privileges hereinbefore contained shall inure to the benefit of and be binding upon the successors and assigns of such parties, unless otherwise provided.

Any and all such amounts shall be payable to Landlord upon demand.

10.2 Tenant hereby expressly waives, so far as permitted by law, the service of any notice of intention to reenter or notice to quit provided for in any statute, or of the institution of legal

proceedings to that end, and Tenant, for and on behalf of itself and all persons claiming through or under Tenant (including any leasehold mortgagee or other creditor) also waives any and all right of redemption or reentry or repossession, or to restore the operation of this Lease in case Tenant shall be dispossessed by a judgment or by warrant of any court or judge, or in case of reentry or repossession, or in case of any termination of the Lease. Landlord and Tenant also, so far as permitted by law, waive and will waive any and all right to a trial by jury in the event that summary possession proceedings shall be instituted by Landlord.

10.3 In the event of any breach or threatened breach by Tenant of any of the covenants, agreements, terms or conditions contained in this Lease, Landlord shall be entitled to enjoin such breach or threatened breach and shall have the right to invoke any right and remedy allowed at law or in equity, or by statute or otherwise, as though reentry, summary proceedings and other remedies were not provided for in this Lease.

10.4 Each right and remedy of Landlord provided for in this Lease shall be cumulative and shall be in addition to every other right or remedy provided for in this Lease or now or hereafter existing, at law or in equity, or by statute or otherwise, and the exercise or beginning of the exercise by Landlord of any one or more of the rights or remedies provided for in this Lease, or now or hereafter existing at law or in equity, or by statute or otherwise, shall not preclude the simultaneous or later exercise by Landlord of any or all other rights or remedies provided for in this Lease, or now or hereafter existing at law or in equity, or by statute or otherwise.

11. INDEPENDENT COVENANTS--NO WAIVER.

11.1 Each and every of the covenants and agreements contained in this Lease shall be for all purposes construed to be separate and independent covenants and the waiver of the breach of any covenant contained herein by Landlord shall in no way or manner discharge or relieve Tenant from Tenant's obligation to perform each and every one of the covenants contained herein.

11.2 If any term or provision of this Lease or the application thereof to any person or circumstance shall to any extent be invalid or unenforceable, the remainder of this Lease, or the application of such term or provision to persons or circumstances other than those as to which it is invalid or unenforceable, shall not be affected thereby, and each term and provision of this Lease shall be valid and shall be enforced to the fullest extent permitted by law.

11.3 The failure of Landlord to insist in any one or more cases upon the strict performance of any of the covenants of this Lease shall not be construed as a waiver or a relinquishment for the future of such covenant. A receipt by Landlord of rent with knowledge of the breach of any covenant hereof shall not be deemed a waiver of such breach, and no waiver by Landlord of any provision of this Lease shall be deemed to have been made unless expressed in writing and signed by Landlord. All remedies to which Landlord may resort under the terms of this Lease or by law provided shall be cumulative.

12. SUBORDINATION.

This Lease and the rights of Tenant hereunder are subject and subordinate in all respects to all matters of record, including, without limitation, deeds and all mortgages which may now or hereafter be placed on or affect the Premises, or any part thereof, and/or Landlord's interest or estate therein, and to each advance made and/or hereafter to be made under any such mortgages, and to all renewals, modifications, consolidations, replacements and extensions thereof, and all substitutions therefor; provided, however, that before such subordination shall be effective, Landlord shall cause the mortgagee, or other party in interest, as the case may be, to deliver to Tenant an assent to this Lease, in proper form for recording whereby such mortgagee or other party agrees that no foreclosure of such mortgage or any action taken with respect thereto, by such mortgagee or any other person claiming by or through or under such mortgage (or other interest) shall disturb the possession of Tenant under this Lease so long as Tenant is not in default hereunder, and that the validity and continuance of this Lease will be so recognized. Simultaneously with the delivery of such an agreement, Tenant agrees to execute and deliver an instrument in proper form for recording, wherein Tenant agrees to and does subordinate this Lease to the liens of the mortgagees and others as above-mentioned, and to all renewals, modifications, consolidations and replacements and extensions of such mortgages thereunder, and to any persons claiming by, through or under such mortgages or other such interest.

13. PRIOR NEGOTIATIONS.

This Lease merges and supersedes all prior negotiations, representations and agreements and constitutes the entire contract between the parties hereto concerning the leasing of the Premises, the improvements thereon and the other matters provided for herein.

14. QUIET ENJOYMENT.

Landlord covenants that Tenant, upon paying the rent and performing the covenants hereof on the part of Tenant to be performed shall and may peaceably and quietly have, hold and enjoy the Premises and all related appurtenances, rights, privileges and easements throughout the term hereof without any lawful hindrance by Landlord and any person claiming by, through or under it.

15. RETURN OF PREMISES.

At the expiration or other termination of the term hereof, Tenant will remove from the Premises its property and that of all claiming under it and will peaceably yield up to Landlord the Premises in as good condition in all respects as the same were at the commencement of this Lease, except for ordinary wear and tear, damage by the elements, by any exercise of the right of eminent domain or by public or other authority, or damage which Landlord is required herein to replace, restore or rebuild.

16. CONSTRUCTION.

The mention of the parties hereto by name or otherwise shall be construed as including and referring to their respective successors and assigns as well as to the parties themselves whenever such construction is required or admitted by the provisions hereof; and all covenants, agreements, conditions, rights, powers and privileges hereinbefore contained shall inure to the benefit of and be binding upon the successors and assigns of such parties, unless otherwise provided.

17. NOTICES.

TPI shall pay the Settlement Amount to Nordex on or before November 30, 2016 to a bank account designated by Nordex in writing to TPI. Nordex shall look solely to the Settlement Amount and the Supply Agreement Transactions for settlement and satisfaction regarding Claims against TPI of all Released Claims and Nordex shall have no other recovery regarding Claims against TPI in respect of the Released Claims unless expressly agreed in this Settlement Agreement.

3. Supply Agreement Transactions.

(a) *Repairing, Retrofitting and Scrapping certain Affected Blades* .

TPI and Nordex will use commercially reasonable best efforts to enter by 15 June 2016 into a purchase order or other mutually agreed upon documentation pursuant to which TPI, at no cost to Nordex, shall: (i) make certain field modifications to the Green Blades of the Turkey Population based on a framework repair agreement mutually agreed upon by the Parties; (ii) retrofit the Yellow Blades of the Turkey Population based on a framework repair agreement mutually agreed upon by the Parties, and (iii) scrap (in accordance with any applicable laws) the Red Blades of the Turkey Population as identified in the purchase order or a framework repair agreement mutually agreed upon by the Parties. The

specification of the work according to (i) and (ii) will include any necessary work to remedy any impacts of the [...***...] Issues and the examination of these issues as well as the complete quality assurance and also the supervision of any sub-suppliers of TPI. With respect to the Affected Blades specified in clause (ii), Nordex shall, at its cost, deliver the Affected Blades to TPI's Turkey facility. The purchase order and/or related documentation for such modifications, retrofits and scrapping shall be subject to the warranty, quality assurance, delivery and other terms of the Existing Supply Agreement unless otherwise agreed upon in writing by Nordex and TPI.

(b) *Replacement Blades and Credit for [...***...].*

TPI, in accordance with the terms set out in the Existing Supply Agreement and in this Agreement, shall supply Nordex for free as replacement for the Affected Blades of the Turkey Population with twelve replacement blades as soon as possible but no later than by December 2016 in accordance with a delivery plan to be agreed between the Parties. Such replacement blades shall deemed to make up the blades in sets […***…], inclusive, and shall count towards Nordex's minimum annual volume purchase commitment for calendar year 2016. The blades shall be ordered by Nordex Enerji A.Ş. in accordance with the order process set out in the Existing Supply Agreement, and such orders shall include the additional information that the respective order is a replacement delivery. The Parties agree that for tax reasons there may be

further specific demands on Nordex' side on the structure of the transfer of the 12 blades. A credit of […***…] also be applied to an invoice designated by Nordex for blades supplied by TPI and delivered to Nordex in calendar year 2016 under the Existing Supply Agreement.

(c) *Amendments to the Existing Supply Agreement.*

Nordex and TPI will use commercially reasonable best efforts to enter into an amendment to the Existing Supply Agreement memorializing the changes set forth in this paragraph on or before August 1, 2016. The term of the Existing Supply Agreement shall be extended from December 31, 2018 until December 31, 2020. TPI will offer Nordex a volume discount of […***…] per set for all sets in excess of […***…] supplied by TPI to Nordex in calendar year 2016 and in excess of […***…] supplied by TPI to Nordex in calendar year 2017. TPI agrees that under the extension of the Existing Supply Agreement its annual dedicated manufacturing capacity for each calendar year beginning with calendar year 2016 shall be […***…] sets and Nordex agrees that its minimum annual volume purchase commitments shall be as follows:

[…***…]

Against this background the following scale of prices will apply:

[…***…]

If the Parties implement a different blade type under the Existing Supply Agreement, the Parties agree to negotiate in good faith an adjustment and allocation to the minimum volume purchase commitment between the existing blade model and the different blade type.

TPI agrees to waive charging Nordex for costs of approximately […***…], i.e. the costs in connection with increasing the annual dedicated manufacturing capacity to […***…] sets. From the date hereof until the effective date of the proposed amendment to the Existing Supply Agreement, Nordex will place orders based upon the annual dedicated capacity and minimum annual volume purchase commitments set forth in this paragraph.

TPI agrees to waive its share of the benefit (if any) derived from the following three material cost out projects in calendar years 2016 and

2017: […***…].

(d) *Cost Reduction Initiatives for Existing Supply Agreement*

The Parties in the amendment according to Paragraph (c) above will mutually agree upon certain cost reduction targets (based on, e.g, Nordex' overall goal to […***…] per annum) and will update such cost reduction targets on an agreed regular basis. If such cost reduction targets contemplated in the supply agreement amendment or any update thereto described in the preceding sentence are not achieved in calendar year 2017, then Nordex may terminate the Existing Supply Agreement by providing 12 months' advance written notice to TPI on or before January 1, 2018, with an effective termination date of December 31, 2018. If certain mutually agreed upon cost reduction targets are not achieved in calendar year 2018, then Nordex may terminate the Existing Supply Agreement by providing 12 months' advance written notice to TPI on or before January 1, 2019, with an effective termination date of December 31, 2019.

(e) *Reservation of Additional Manufacturing Lines in […***…]*

TPI agrees to reserve two new manufacturing lines at its new factory in […***…] until September 1, 2016. TPI's annual dedicated

manufacturing capacity shall be […***…] sets per manufacturing line once serial production has commenced. Nordex and TPI will use commercially reasonable best efforts to enter into a supply agreement which should include:

i. pricing will be […***…] pricing; provided that the […***…] price shall be priced at […***…];

ii. […***…];

iii. mutually agreed upon […***…] for new blade models with due consideration to Nordex' cost […***…] target of […***…] annually after full commercial operation (it being understood that the exact amount of […***…] might not being known on the date of the new supply agreement is executed); and

iv. the new supply agreement will have a term that commences on the execution date and continue until the sixth yearly anniversary of the date that TPI commences production.

The transactions contemplated in this paragraph are referred to as the " **New […***…] Supply Transactions** ". The Parties expect to enter into this new supply agreement on or before September 1, 2016.

(f) *Reservation of Additional Manufacturing Lines in Either […***…]*

TPI agrees to reserve two new manufacturing lines at a new factory in either […***…], as mutually determined by Nordex and TPI, until November 30, 2016, and Nordex and TPI will use commercially reasonable best efforts to enter into a supply agreement. Nordex and TPI agree that the reservation with respect to such additional manufacturing capacity, is contingent upon the terms and conditions identical to those set forth in Paragraph 3(e) with respect to the New […***…] Supply Transactions provided that the Parties expect to enter into a new supply agreement for these two additional manufacturing lines on or before November 30, 2016.

(g) *Mould Purchases*

TPI shall sell to Nordex, without an obligation of Nordex to place a respective order, four moulds and one plug that will be used to manufacture […***…]. The price for four moulds plus the plug shall be […***…], and shall be subject to the other terms and conditions set forth in TPI's March 24, 2016 quote. Nordex is entitled to also order from TPI other mould types than offered in the March 24, 2016 quote; in this case the discount of […***…] will be allocated to these other orders based on a quote from TPI […***…], provided that TPI reserves the right to manufacture the moulds and plug

from [...***...]. Nordex will be responsible for [...***...].

(h) *Cost Reductions Generally*

Nordex and TPI each will use commercially reasonable best efforts to reduce the costs of manufacturing blades based on mutually agreed upon targets.

4. Releases by the Parties

Upon the Execution Date, the Parties hereby, on behalf of itself and all of their Affiliates, completely release, acquit, and forever discharge each other from any and all Released Claims. The Parties expressly agree and acknowledge that this release constitutes a full and final release in relation to the Released Claims.

5. Indemnification.

(a) If and to the extent any Person, having a contractual relationship with Nordex in relation to the Affected Blades, whether directly or based upon an assignment or by transfer of law, including but not limited to Nordex's customers or insurance companies, seeks any indemnification, remedy, recourse and/or compensation in a court, in arbitration, or otherwise against TPI for any Claim related to or resulting from the Issues, Nordex shall indemnify and hold harmless TPI from and against any and all final judgments or awards on any such third party claims. TPI undertakes to defend in good faith

against such third party claims, with counsel selected by TPI, and shall promptly without undue delay notify Nordex if any Person seeks any third party claim against TPI, so that Nordex can join such proceeding as a third party on the side of TPI or otherwise seek to defend against such third party claims. Nordex shall reimburse TPI for TPI's reasonable attorneys' fees and expenses for defending against such third party claim as incurred.

(b) The aforementioned indemnification obligation shall also apply to any Person, not having a contractual relationship with Nordex, directly or based upon an assignment or by law, that seeks any indemnification, remedy, recourse and/or compensation in a court, in arbitration, or otherwise against TPI for any Claim related to or resulting from the Issues, to the extent that all of the major facts and circumstances giving rise to such Claim arose prior to the Execution Date.

(c) The Parties agree that if any Claims under Paragraph 5 (a) or (b) are asserted, they shall enter into discussions on the asserted claims in good faith and without undue delay and shall closely cooperate. Nordex is entitled to determine the defense or settlement strategy against Claims under Paragraph 5 (a) or (b) and to give instructions to TPI in regard to any proceedings, communications and settlement, and TPI shall be obliged to follow these instructions and give any

necessary consents, unless TPI, for reasons of confidentiality, legal or corporate compliance, cannot be reasonably expected to do so.

(d) The indemnification shall not apply if TPI concedes or pays, except as legally required to do so, any claims to a third party except with the consent of Nordex or if TPI fails to notify Nordex within a reasonable period not to exceed 14 calendar days absent unusual circumstances of the claims being asserted by third parties.

(e) Each Party hereby covenants and agrees that, with respect to the other Party, it shall not, and it undertakes to procure that no respective insurers shall, after the Execution Date, seek to file, institute, maintain, prosecute, or continue to maintain or prosecute, any Released Claim against the other Party.

6. Automatic Retroactive Termination of Releases. The release of Nordex according to Paragraph 4 shall be null and void if TPI has not made the Settlement Payment on or before November 30, 2016. Any other non-compliance with the provisions of this Agreement of any of the Parties leaves the validity of the releases according to Paragraph 4 unaffected.

7. Termination. If either Party is in breach of any material term of this Agreement, the non-breaching Party may notify the other Party in writing of the alleged breach, and if the other party has not cured such breach within 30 days of receipt of such written notice, then the other Party may terminate this Agreement. The Parties agree that Paragraphs 6 and 9 of this Agreement shall survive any such termination.

8. Agreement Is Not Evidence. The Parties understand and acknowledge that this Agreement is a compromise, settlement, and release, and that neither this Agreement, the negotiations leading to this Agreement, nor the actions taken to carry out this Agreement, constitute an admission or evidence of any violation of any statute or law, and nothing in this Agreement constitutes an admission of any of Nordex's allegations. The Parties understand and acknowledge that they have entered into this Agreement for the sole purpose of resolving the Issues.

9. Confidentiality. Except as necessary for accounting, tax, or securities law reporting purposes, including without limitation any required description of the material terms of this Agreement in, or any required public filing of a copy of this Agreement as an exhibit to, any filings made with the United States Securities and Exchange Commission or any applicable securities regulatory authority or body or other self-regulatory organization, or as necessary to effectuate the payment of the Settlement Amount, or as necessary to comply with laws, regulations, bank regulations or policies, subpoenas, court orders, or a legitimate discovery request, the Parties, including their respective attorneys, shall not disclose, disseminate, reveal, or communicate to any other Person or entity other than the Parties, their respective parents, subsidiaries, or Affiliates, in any manner, directly or indirectly, any information concerning the terms of this Agreement. This provision shall not apply to any action to enforce the terms of this Agreement. Each Party agrees to give the other Party a reasonable opportunity to review and comment on any disclosure that a Party determines to be legally required under any applicable laws or regulations. If any Party is served with a subpoena or other form of discovery

request that would call for disclosure of the terms or conditions of this Agreement, it shall give prompt notice to the other Party and use its reasonable best efforts to oppose disclosure unless this provision is waived in writing by the other Party. Each Party further agrees not to make any disparaging remarks, comments or disclosures in any press release, public filing or other public forum with respect to the other Party and the subject matter covered herein.

11. Non-Assignment. Each Party represents and warrants that it has not been assigned any Released Claims. Each Party further represents and warrants that it has not assigned, encumbered, sold, or in any manner transferred, in whole or in part, any Released Claims.

12. No Reimbursement of Costs, Fees and Expenses. Except as provided elsewhere in this Agreement, each Party shall bear its own costs, and no Party shall be liable for any costs, fees, or expenses of any kind of any other Party, including but not limited to the costs, fees, or expenses of any Party's attorneys, experts, advisors, agents, or representatives.

13. No Support. Each Party agrees that it will not, and it will procure that none of its Affiliates will, voluntarily, either directly or indirectly, support, fund, or aid any other Person in instituting or pursuing any cause of action or Claim against the other Party or any of its Affiliates that such Party could not bring against the other Party by reason of this Agreement.

14. VAT. The Parties agree that any amounts set out in this Agreement [...***...], if applicable.

15. Disposal of Red Blades. TPI acknowledges and agrees that any Blades classified by Nordex as "Red Blades", as communicated to TPI, are affected by the [...***...] Issue (and the underlying root cause as laid out in the root cause analysis) in a

way that such blades have to be completely replaced. TPI further acknowledges and agrees that the worldwide population of the Red Blades cannot be repaired and may be immediately destroyed and disposed of without any further analysis or taking of evidence required at Nordex's cost. Nordex acknowledges that TPI has no obligation to dispose of any of the Red Blades, other than as set forth in Paragraphs 3(a)(iii).

16. Statute of Limitation. TPI agrees to waive the objection of limitation (in German: "Verjährungseinrede") in regard to all claims and obligations between the Parties arising out of or in connection with the Issues for a term of 12 months beginning with the Execution Date of this Agreement.

17. Entire Agreement. This Agreement contains the final, entire, complete, and integrated statement of each and every term and provision agreed to by and among the Parties in respect of the subject matter of this Agreement and is not subject to any condition not provided for herein. This Agreement supersedes any prior and contemporaneous oral and written discussions, agreements, and communications between or among the Parties regarding the subject matter hereof. No other representations, covenants, undertakings, or other prior or contemporaneous agreements, oral or written, regarding the subject matter of this Agreement, that are not specifically incorporated herein, shall be deemed in any way to exist or bind the Parties.

18. Amendment. This Agreement may be modified or amended only by an agreement in writing executed by all of the Parties hereto.

19. No Waiver. The failure by any Party hereto to insist upon strict performance of any of the terms or conditions of this Agreement shall not be deemed a waiver of any of the rights or remedies that such Party may have, and shall not be deemed a waiver of any subsequent breach or default. To be effective, any waiver with regard to this Agreement must be in writing and signed by the Party granting the waiver, and any such waiver shall apply only to the matter or instance specifically waived in any such writing .

20. Interpretation and Construction. Counsel for the Parties have reviewed and participated in the drafting of this Agreement. Consequently, this Agreement shall be construed as if all Parties jointly prepared the Agreement, shall not be construed presumptively against any of the Parties, and no Party shall be deemed the drafter of this Agreement. In particular, but without limitation, any statute, case law, or other rule or principle of interpretation or construction of contracts providing, in cases of uncertainty or ambiguity, that language of a contract should be interpreted against the drafter shall not be used or applied in the interpretation of any provision of this Agreement.

21. Complete Resolution. This Agreement shall be construed and interpreted to effectuate the intent of the Parties, which is to provide, through this Agreement, a full and final settlement of the Issues, to agree upon certain commercial transactions and to agree upon the conduct of reasonable commercial best efforts to enter into certain commercial transaction.

22. Severability. If any portion, part, or provision of this Agreement, or application of such portion, part, or provision to any Person or circumstance, should be held,

determined, or adjudged invalid, unenforceable, or void for any reason by a court of competent jurisdiction, each such portion, part, or provision shall be severed from the remaining portions, parts, or provisions of this Agreement and shall not affect the validity or enforceability of such remaining portions, parts, or provisions, or the application of such portions, parts, or provisions to Persons or circumstances other than to those as to which it is held invalid, unless to do so would destroy the essential purpose of this Agreement. The Parties shall undertake to replace any invalid, unenforceable, or void provision with a provision which comes as close as legally possible to what the Parties would have agreed, pursuant to the meaning and purpose of this Agreement, if they had recognised the defectiveness of the provision.
