Section 10.14 Collateral Custodian . Upon the occurrence and during the continuance of any Event of Default, the Collateral Agent or its designee may at any time and from time to time employ and maintain on the premises of any Loan Party a custodian selected by the Collateral Agent or its designee who shall have full authority to do all acts necessary to protect the Agents' and the Lenders' interests. Each Loan Party hereby agrees to, and to cause its Subsidiaries to, cooperate with any such custodian and to do whatever the Collateral Agent or its designee may reasonably request to preserve the Collateral. All costs and expenses incurred by the Collateral Agent or its designee by reason of the employment of the custodian shall be the responsibility of the Borrowers and charged to the Loan Account.

Section 10.15 Collateral Agent May File Proofs of Claim . In case of the pendency of any proceeding under any Debtor Relief Law or any other judicial proceeding relative to any Loan Party, the Collateral Agent (irrespective of whether the principal of any Loan shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether any Agent shall have made any demand on the Borrowers) shall be entitled and empowered (but not obligated) by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Loans and all other Obligations that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Secured Parties (including any claim for the compensation, expenses, disbursements and advances of the Secured Parties and their respective agents and counsel and all other amounts due the Secured Parties hereunder and under the other Loan Documents) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Secured Party to make such payments to the Collateral Agent and, in the event that the Collateral Agent shall consent to the making of such payments directly to the Secured Parties, to pay to the Collateral Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Collateral Agent and its agents and counsel, and any other amounts due the Collateral Agent hereunder and under the other Loan Documents.

ARTICLE XI

GUARANTY

Section 11.01 Guaranty . Each Guarantor hereby jointly and severally and unconditionally and irrevocably guarantees the punctual payment when due, whether at stated maturity, by acceleration or otherwise, of all Obligations of the Borrowers now or hereafter existing under any Loan Document, whether for principal, interest (including, without limitation, all interest that accrues after the commencement of any Insolvency Proceeding of any Borrower, whether or not a claim for post-filing interest is allowed in such Insolvency Proceeding) fees, commissions, expense reimbursements, indemnifications or otherwise (such obligations, to the extent not paid by the Borrowers, being the " Guaranteed Obligations "), and agrees to pay any and all reasonable out-of-pocket expenses for which an invoice has been presented (including reasonable counsel fees and expenses) incurred by the Secured Parties in enforcing any rights under the guaranty set forth in this Article XI. Without limiting the generality of the foregoing, each Guarantor's liability shall extend to all amounts that constitute part of the Guaranteed Obligations and would be owed by the Borrowers to the Secured Parties under any Loan Document but for the fact that they are unenforceable or not allowable due to the existence of an Insolvency Proceeding involving any Borrower. In no event shall the obligation of any Guarantor hereunder exceed the maximum amount such Guarantor could guarantee under any Debtor Relief Law.

Section 11.02 Guaranty Absolute . Each Guarantor jointly and severally guarantees that the Guaranteed Obligations will be paid strictly in accordance with the terms of the Loan Documents, regardless of any law, regulation or order now or hereafter in effect in any jurisdiction affecting any of such terms or the rights of the Secured Parties with respect thereto. Each Guarantor agrees that this Article XI constitutes a guaranty of payment when due and not of collection and waives any right to require that any resort be made by any Agent or any Lender to any Collateral. The obligations of each Guarantor under this Article XI are independent of the Guaranteed Obligations, and a separate action or actions may be brought and prosecuted against each Guarantor to enforce such obligations, irrespective of whether any action is brought against any Loan Party or whether any Loan Party is joined in any such action or actions. The liability of each Guarantor under this Article XI shall be irrevocable, absolute and unconditional irrespective of, and each Guarantor hereby irrevocably waives any defenses it may now or hereafter have in any way relating to, any or all of the following:

(a) any lack of validity or enforceability of any Loan Document or any agreement or instrument relating thereto;

(b) any change in the time, manner or place of payment of, or in any other term of, all or any of the Guaranteed Obligations, or any other amendment or waiver of or any consent to departure from any Loan Document, including, without limitation, any increase in the Guaranteed Obligations resulting from the extension of additional credit to any Loan Party or otherwise;

(c) any taking, exchange, release or non-perfection of any Collateral, or any taking, release or amendment or waiver of or consent to departure from any other guaranty, for all or any of the Guaranteed Obligations;

(d) the existence of any claim, set-off, defense or other right that any Guarantor may have at any time against any Person, including, without limitation, any Secured Party;

(e) any change, restructuring or termination of the corporate, limited liability company or partnership structure or existence of any Loan Party; or

(f) any other circumstance (including, without limitation, any statute of limitations) or any existence of or reliance on any representation by the Secured Parties that might otherwise constitute a defense available to, or a discharge of, any Loan Party or any other guarantor or surety.

This Article XI shall continue to be effective or be reinstated, as the case may be, if at any time any payment of any of the Guaranteed Obligations is rescinded or must otherwise be returned by Secured Parties or any other Person upon the insolvency, bankruptcy or reorganization of any Borrower or otherwise, all as though such payment had not been made.

Section 11.03 Waiver . To the extent permitted by applicable law, each Guarantor hereby waives (i) promptness and diligence, (ii) notice of acceptance and any other notice with respect to any of the Guaranteed Obligations and this Article XI and any requirement that the Secured Parties exhaust any right or take any action against any Loan Party or any other Person or any Collateral, (iii) any right to compel or direct any Secured Party to seek payment or recovery of any amounts owed under this Article XI from any one particular fund or source or to exhaust any right or take any action against any other Loan Party, any other Person or any Collateral, (iv) any requirement that any Secured Party protect, secure, perfect or insure any security interest or Lien on any property subject thereto or exhaust any right to take any action against any Loan Party, any other Person or any Collateral, and (v) any other defense available to any Guarantor. Each Guarantor agrees that the Secured Parties shall have no obligation to marshal any assets in favor of any Guarantor or against, or in payment of, any or all of the Obligations. Each Guarantor acknowledges that it will receive direct and indirect benefits from the financing arrangements contemplated herein and that the waiver set forth in this Section 11.03 is knowingly made in contemplation of such benefits. Each Guarantor hereby waives any right to revoke this Article XI, and acknowledges that this Article XI is continuing in nature and applies to all Guaranteed Obligations, whether existing now or in the future.

Section 11.04 Continuing Guaranty; Assignments . This Article XI is a continuing guaranty and shall (a) remain in full force and effect until the later of the cash payment in full of the Guaranteed Obligations (other than indemnification obligations as to which no claim has been made) and all other amounts payable under this Article XI and the Final Maturity Date, (b) be binding upon each Guarantor, its successors and assigns and (c) inure to the benefit of and be enforceable by the Secured Parties and their successors, pledgees, transferees and assigns. Without limiting the generality of the foregoing clause (c), any Lender may pledge, assign or otherwise transfer all or any portion of its rights and obligations under this

Agreement (including, without limitation, all or any portion of its Commitments, its Loans owing to it) to any other Person, and such other Person shall thereupon become vested with all the benefits in respect thereof granted such Lender herein or otherwise, in each case as provided in Section 12.07.

Section 11.05 Subrogation . No Guarantor will exercise any rights that it may now or hereafter acquire against any Loan Party or any other guarantor that arise from the existence, payment, performance or enforcement of such Guarantor's obligations under this Article XI, including, without limitation, any right of subrogation, reimbursement, exoneration, contribution or indemnification and any right to participate in any claim or remedy of the Secured Parties against any Loan Party or any other guarantor or any Collateral, whether or not such claim, remedy or right arises in equity or under contract, statute or common law, including, without limitation, the right to take or receive from any Loan Party or any other guarantor, directly or indirectly, in cash or other property or by set-off or in any other manner, payment or security solely on account of such claim, remedy or right, unless and until all of the Guaranteed Obligations (other than Contingent Indemnity Obligations) and all other amounts payable under this Article XI shall have been paid in full in cash and the Final Maturity Date shall have occurred. If any amount shall be paid to any Guarantor in violation of the immediately preceding sentence at any time prior to the later of the payment in full in cash of the Guaranteed Obligations (other than Contingent Indemnity Obligations) and all other amounts payable under this Article XI and the Final Maturity Date, such amount shall be held in trust for the benefit of the Secured Parties and shall forthwith be paid to the Secured Parties to be credited and applied to the Guaranteed Obligations and all other amounts payable under this Article XI, whether matured or unmatured, in accordance with the terms of this Agreement, or to be held as Collateral for any Guaranteed Obligations or other amounts payable under this Article XI thereafter arising. If (i) any Guarantor shall make payment to the Secured Parties of all or any part of the Guaranteed Obligations, (ii) all of the Guaranteed Obligations (other than Contingent Indemnity Obligations) and all other amounts payable under this Article XI shall be paid in full in cash and (iii) the Final Maturity Date shall have occurred, the Secured Parties will, at such Guarantor's request and expense, execute and deliver to such Guarantor appropriate documents, without recourse and without representation or warranty, necessary to evidence the transfer by subrogation to such Guarantor of an interest in the Guaranteed Obligations resulting from such payment by such Guarantor.

Section 11.06 Contribution . All Guarantors desire to allocate among themselves, in a fair and equitable manner, their obligations arising under this Guaranty. Accordingly, in the event any payment or distribution is made on any date by a Guarantor under this Guaranty such that its Aggregate Payments exceeds its Fair Share as of such date, such Guarantor shall be entitled to a contribution from each of the other Guarantors in an amount sufficient to cause each Guarantor's Aggregate Payments to equal its Fair Share as of such date. " Fair Share " means, with respect to any Guarantor as of any date of determination, an amount equal to (a) the ratio of (i) the Fair Share Contribution Amount with respect to such Guarantor, to (ii) the aggregate of the Fair Share Contribution Amounts with respect to all Guarantors multiplied by, (b) the aggregate amount paid or distributed on or before such date by all Guarantors under this Guaranty in respect of the obligations Guaranteed. " Fair Share Contribution Amount " means, with respect to any Guarantor as of any date of determination, the maximum aggregate amount of the obligations of such Guarantor under this Guaranty that would not render its obligations hereunder

subject to avoidance as a fraudulent transfer or conveyance under Section 548 of Title 11 of the United States Code or any comparable applicable provisions of state law; provided , solely for purposes of calculating the "Fair Share Contribution Amount" with respect to any Guarantor for purposes of this Section 11.06, any assets or liabilities of such Guarantor arising by virtue of any rights to subrogation, reimbursement or indemnification or any rights to or obligations of contribution hereunder shall not be considered as assets or liabilities of such Guarantor. " Aggregate Payments " means, with respect to any Guarantor as of any date of determination, an amount equal to (A) the aggregate amount of all payments and distributions made on or before such date by such Guarantor in respect of this Guaranty (including, without limitation, in respect of this Section 11.06), minus (B) the aggregate amount of all payments received on or before such date by such Guarantor from the other Guarantors as contributions under this Section 11.06. The amounts payable as contributions hereunder shall be determined as of the date on which the related payment or distribution is made by the applicable Guarantor. The allocation among Guarantors of their obligations as set forth in this Section 11.06 shall not be construed in any way to limit the liability of any Guarantor hereunder. Each Guarantor is a third party beneficiary to the contribution agreement set forth in this Section 11.06.

(b) Electronic Communications .

(i) Each Agent and the Administrative Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it; provided that approval of such procedures may be limited to particular notices or communications. Notices and other communications to the Lenders hereunder may be delivered or furnished by electronic

communication (including e-mail and Internet or intranet websites) pursuant to procedures approved by the Agents, provided that the foregoing shall not apply to notices to any Lender pursuant to Article II if such Lender has notified the Agents that it is incapable of receiving notices under such Article by electronic communication.

(ii) Unless the Administrative Agent otherwise prescribes, (A) notices and other communications sent to an e-mail address shall be deemed received upon the sender's receipt of an acknowledgement from the intended recipient (such as by the "return receipt requested" function, as available, return e-mail or other written acknowledgement), and (B) notices or communications posted to an Internet or intranet website shall be deemed received upon the deemed receipt by the intended recipient, at its e-mail address as described in the foregoing clause (A), of notification that such notice or communication is available and identifying the website address therefor; provided that, for both clauses (A) and (B) above, if such notice, email or other communication is not sent during the normal business hours of the recipient, such notice or communication shall be deemed to have been sent at the opening of business on the next business day for the recipient.

(a) No amendment or waiver of any provision of this Agreement or any other Loan Document (excluding the Fee Letter), and no consent to any departure by any Loan Party therefrom, shall in any event be effective unless the same shall be in writing and signed (x) in the case of an amendment, consent or waiver to cure any ambiguity, omission, defect or inconsistency or granting a new Lien for the benefit of the Agents and the Lenders or extending an existing Lien over additional property, by the Agents and the Borrowers (or by the Administrative Borrower on behalf of the Borrowers), (y) in the case of any other waiver or consent, by the Required Lenders (or by the Collateral Agent with the consent of the Required Lenders) and (z) in the case of any other amendment, by the Required Lenders (or by the Collateral Agent with the consent of the Required Lenders) and the Borrowers (or by the Administrative Borrower on behalf of the Borrowers), and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided , however , that no amendment, waiver or consent shall:

(i) increase the Commitment of any Lender, reduce the principal of, or interest on, the Loans payable to any Lender, reduce the amount of any fee payable for the account of any Lender, or postpone or extend any scheduled date fixed for any payment of principal of, or interest or fees on, the Loans payable to any Lender, in each case, without the written consent of such Lender;

(ii) increase the Total Commitment without the written consent of each Lender;

(iii) change the percentage of the Commitments or of the aggregate unpaid principal amount of the Loans that is required for the Lenders or any of them to take any action hereunder without the written consent of each Lender;

(iv) amend the definition of "Required Lenders" or "Pro Rata Share" without the written consent of each Lender;

(v) release all or a substantial portion of the Collateral (except as otherwise provided in this Agreement and the other Loan Documents), subordinate any Lien granted in favor of the Collateral Agent for the benefit of the Agents and the Lenders, or release any Borrower or any Guarantor (except in connection with a Disposition of the Equity Interests thereof permitted by Section 7.02(c)(ii)), in each case, without the written consent of each Lender; or

(vi) amend, modify or waive Section 4.02, Section 4.03 or this Section 12.02 of this Agreement without the written consent of each Lender.

Notwithstanding the foregoing, (A) no amendment, waiver or consent shall, unless in writing and signed by an Agent, affect the rights or duties of such Agent (but not in its capacity as a Lender) under this Agreement or the other Loan Documents, (B) any amendment, waiver or consent to any provision of this Agreement (including Sections 4.01 and 4.02) that permits any Loan Party, any Permitted Holder or any of their respective Affiliates to purchase Loans on a non-pro rata basis, become an eligible assignee pursuant to Section 12.07 and/or make offers to make optional prepayments on a non-pro rata basis shall require the prior written consent of the Required Lenders rather than the prior written consent of each Lender directly affected thereby and (C) the consent of the Borrowers shall not be required to change any order of priority set forth in Section 2.05(d) and Section 4.03. Notwithstanding anything to the contrary herein, no Defaulting Lender, Loan Party, Permitted Holder or any of their respective Affiliates that is a Lender shall have any right to approve or disapprove any amendment, waiver or consent under the Loan Documents and any Loans held by such Person for purposes hereof shall be automatically deemed to be voted pro rata according to the Loans of all other Lenders in the aggregate (other than such Defaulting Lender, Loan Party, Permitted Holder or Affiliate).

(b) If any action to be taken by the Lenders hereunder requires the consent, authorization, or agreement of all of the Lenders or any Lender affected thereby, and a Lender (the " Holdout Lender ") fails to give its consent, authorization, or agreement, then the Collateral Agent, upon at least 5 Business Days prior irrevocable notice to the Holdout Lender, may permanently replace the Holdout Lender with one or more substitute lenders (each, a " Replacement Lender "), and the Holdout Lender shall have no right to refuse to be replaced hereunder. Such notice to replace the Holdout Lender shall specify an effective date for such replacement, which date shall not be later than 15 Business Days after the date such notice is given. Prior to the effective date of such replacement, the Holdout Lender and each Replacement Lender shall execute and deliver an Assignment and Acceptance, subject only to the Holdout Lender being repaid its share of the outstanding Obligations without any premium or penalty of any kind whatsoever. If the Holdout Lender shall refuse or fail to execute and deliver any such Assignment and Acceptance prior to the effective date of such replacement, the Holdout Lender shall be deemed to have executed and delivered such Assignment and Acceptance. The replacement of any Holdout Lender shall be made in accordance with the terms of Section 12.07. Until such time as the Replacement Lenders shall have acquired all of the Obligations, the Commitments, and the other rights and obligations of the Holdout Lender hereunder and under the other Loan Documents, the Holdout Lender shall remain obligated to make its Pro Rata Share of Loans.

Section 12.03 No Waiver; Remedies, Etc. No failure on the part of any Agent or any Lender to exercise, and no delay in exercising, any right hereunder or under any other Loan Document shall operate as a waiver thereof; nor shall any single or partial exercise of any right under any Loan Document preclude any other or further exercise thereof or the exercise of any other right. The rights and remedies of the Agents and the Lenders provided herein and in the other Loan Documents are cumulative and are in addition to, and not exclusive of, any rights or remedies provided by law. The rights of the Agents and the Lenders under any Loan Document against any party thereto are not conditional or contingent on any attempt by the Agents and the Lenders to exercise any of their rights under any other Loan Document against such party or against any other Person.

Section 12.04 Expenses; Taxes; Attorneys' Fees . The Borrowers will pay on demand, all reasonable out-of-pocket costs and expenses incurred by or on behalf of each Agent and for which an invoice has been presented (and, in the case of clauses (b) through (n) below, each Lender), regardless of whether the transactions contemplated hereby are consummated, including, without limitation, reasonable fees, costs, client charges and expenses (for which an invoice has been presented) of one outside legal counsel for the Agents and the Lenders, plus one legal counsel for each relevant jurisdiction, as necessary, plus, in the case of a conflict of interest or separate defenses available to any Agent or Lender, one additional counsel for each affected party, accounting, due diligence, periodic field audits, physical counts, valuations, investigations, searches and filings, monitoring of assets, appraisals of Collateral, the rating of the Loans, title searches and reviewing environmental assessments, miscellaneous disbursements, examination, travel, lodging and meals, arising from or relating to: (a) the negotiation, preparation, execution, delivery, performance and administration of this Agreement and the other Loan Documents (including, without limitation, the preparation of any additional Loan Documents pursuant to Section 7.01(b) or the review of any of the agreements, instruments and documents referred to in Section 7.01(f)), (b) any requested amendments, waivers or consents to this Agreement or the other Loan Documents whether or not such documents become effective or are given, (c) the preservation and protection of the Agents' or any of the Lenders' rights under this Agreement or the other Loan Documents, (d) the defense of any claim or action asserted or brought against any Agent or any Lender by any Person that arises from or relates to this Agreement, any other Loan Document, the Agents' or the Lenders' claims against any Loan Party, or any and all matters in connection therewith, (e) the commencement or defense of, or intervention in, any court proceeding arising from or related to this Agreement or any other Loan Document, (f) the filing of any petition, complaint, answer, motion or other pleading by any Agent or any Lender, or the taking of any action in respect of the Collateral or other security, in connection with this Agreement or any other Loan Document, (g) the protection, collection, lease, sale, taking possession of or liquidation of, any Collateral or other security in connection with this Agreement or any other Loan Document, (h) any attempt to enforce any Lien or security interest in any Collateral or other security in connection with this Agreement or any other Loan Document, (i) any attempt to collect from any Loan Party, (j) all liabilities and costs arising from or in connection with the past, present or future operations of any Loan Party involving any damage to real or personal property or natural resources or harm or injury alleged to have resulted from any Release of Hazardous Materials on, upon or into such property, (k) any Environmental Liabilities and Costs incurred in connection with the investigation, removal, cleanup and/or remediation of any Hazardous Materials present or arising out of the operations of any Facility of any Loan Party, (l) any Environmental Liabilities and Costs incurred in

connection with any Environmental Lien, (m) the rating of the Loans by one or more rating agencies in connection with any Lender's Securitization, or (n) the receipt by any Agent or any Lender of any advice from professionals with respect to any of the foregoing. Without limitation of the foregoing or any other provision of any Loan Document: (x) the Borrowers agree to pay all stamp, document, transfer, recording or filing taxes or fees and similar impositions now or hereafter determined by any Agent or any Lender to be payable in connection with this Agreement or any other Loan Document, and the Borrowers agree to save each Agent and each Lender harmless from and against any and all present or future claims, liabilities or losses with respect to or resulting from any omission to pay or delay in paying any such taxes, fees or impositions, (y) the Borrowers agree to pay all broker fees that may become due in connection with the transactions contemplated by this Agreement and the other Loan Documents, and (z) if the Borrowers fail to perform any covenant or agreement contained herein or in any other Loan Document, any Agent may itself perform or cause performance of such covenant or agreement, and the expenses of such Agent incurred in connection therewith shall be reimbursed on demand by the Borrowers. The obligations of the Borrowers under this Section 12.04 shall survive the repayment of the Obligations and discharge of any Liens granted under the Loan Documents.

Section 12.05 Right of Set-off . Upon the occurrence and during the continuance of any Event of Default, any Agent or any Lender may, and is hereby authorized to, at any time and from time to time, without notice to any Loan Party (any such notice being expressly waived by the Loan Parties) and to the fullest extent permitted by law, set off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held and other Indebtedness at any time owing by such Agent or such Lender or any of their respective Affiliates to or for the credit or the account of any Loan Party against any and all obligations of the Loan Parties either now or hereafter existing under any Loan Document, irrespective of whether or not such Agent or such Lender shall have made any demand hereunder or thereunder and although such obligations may be contingent or unmatured; provided that in the event that any Defaulting Lender shall exercise any such right of set-off, (a) all amounts so set off shall be paid over immediately to the Administrative Agent for further application in accordance with the provisions of Section 4.04 and, pending such payment, shall be segregated by such Defaulting Lender from its other funds and deemed held in trust for the benefit of the Agents and the Lenders, and (b) the Defaulting Lender shall provide promptly to the Administrative Agent a statement describing in reasonable detail the Obligations owing to such Defaulting Lender as to which it exercised such right of set-off. Each Agent and each Lender agrees to notify such Loan Party promptly after any such set-off and application made by such Agent or such Lender or any of their respective Affiliates provided that the failure to give such notice shall not affect the validity of such set-off and application. The rights of the Agents and the Lenders under this Section 12.05 are in addition to the other rights and remedies (including other rights of set-off) which the Agents and the Lenders may have under this Agreement or any other Loan Documents of law or otherwise.

Section 12.06 Severability . Any provision of this Agreement which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining portions hereof or affecting the validity or enforceability of such provision in any other jurisdiction.

Section 12.07 Assignments and Participations .

(a) This Agreement and the other Loan Documents shall be binding upon and inure to the benefit of each Loan Party and each Agent and each Lender and their respective successors and assigns; provided , however , that none of the Loan Parties may assign or transfer any of its rights hereunder or under the other Loan Documents without the prior written consent of each Lender and any such assignment without the Lenders' prior written consent shall be null and void.

(b) Subject to the conditions set forth in clause (c) below, each Lender may assign to one or more other lenders or other entities all or a portion of its rights and obligations under this Agreement with respect to:

(i) all or a portion of its Term Loan Commitment and any Term Loan made by it with the written consent of the Collateral Agent and, absent an Event of Default, in consultation with the Administrative Borrower (it being understood that such consultation right shall not constitute a consent right), and

(ii) all or a portion of its Delayed Draw Term Loan Commitment and the Delayed Draw Term Loans made by it with the written consent of each Agent and, absent an Event of Default, in consultation with the Administrative Borrower (it being understood that such consultation right shall not constitute a consent right);

provided , however , that no written consent of the Collateral Agent or the Administrative Agent shall be required if such assignment is in connection with any merger, consolidation, sale, transfer, or other disposition of all or any substantial portion of the business or loan portfolio of such Lender.

(c) Assignments shall be subject to the following additional conditions:

(i) Each such assignment shall be in an amount which is at least $5,000,000 or a multiple of $1,000,000 in excess thereof (or the remainder of such Lender's Commitment) (except such minimum amount shall not apply to an assignment by a Lender to (A) a Lender, an Affiliate of such Lender or a Related Fund of such Lender or (B) a group of new Lenders, each of whom is an Affiliate or Related Fund of each other to the extent the aggregate amount to be assigned to all such new Lenders is at least $5,000,000 or a multiple of $1,000,000 in excess thereof).

(ii) The parties to each such assignment shall execute and deliver to the Collateral Agent (and the Administrative Agent, if applicable), for its acceptance, an Assignment and Acceptance, together with any promissory note subject to such assignment and such parties shall deliver to the Collateral Agent, for the benefit of the Collateral Agent, a processing and recordation fee of $5,000 (except the payment of such fee shall not be required in connection with an assignment by a Lender to a Lender, an Affiliate of such Lender or a Related Fund of such Lender).

(iii) No such assignment shall be made to (A) any Loan Party, any Permitted Holder or any of their respective Affiliates, (B) any Defaulting Lender or any of its

Affiliates, or any Person who, upon becoming a Lender hereunder, would constitute any of the foregoing Persons described in this clause (B), (C) any Ineligible Assignee listed in Part A of Schedule 1.01(D) or (D) so long as no Event of Default has occurred and is continuing, any Ineligible Assignee listed in Part B of Schedule 1.01(D) [1] .

(d) Upon such execution, delivery and acceptance, from and after the effective date specified in each Assignment and Acceptance and recordation on the Register, which effective date shall be at least 3 Business Days after the delivery thereof to the Collateral Agent (or such shorter period as shall be agreed to by the Collateral Agent and the parties to such assignment), (A) the assignee thereunder shall become a "Lender" hereunder and, in addition to the rights and obligations hereunder held by it immediately prior to such effective date, have the rights and obligations hereunder that have been assigned to it pursuant to such Assignment and Acceptance and (B) the assigning Lender thereunder shall, to the extent that rights and obligations hereunder have been assigned by it pursuant to such Assignment and Acceptance, relinquish its rights and be released from its obligations under this Agreement (and, in the case of an Assignment and Acceptance covering all or the remaining portion of an assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto).

(e) By executing and delivering an Assignment and Acceptance, the assigning Lender and the assignee thereunder confirm to and agree with each other and the other parties hereto as follows: (i) other than as provided in such Assignment and Acceptance, the assigning Lender makes no representation or warranty and assumes no responsibility with respect to any statements, warranties or representations made in or in connection with this Agreement or any other Loan Document or the execution, legality, validity, enforceability, genuineness, sufficiency or value of this Agreement or any other Loan Document furnished pursuant hereto; (ii) the assigning Lender makes no representation or warranty and assumes no responsibility with respect to the financial condition of any Loan Party or any of its Subsidiaries or the performance or observance by any Loan Party of any of its obligations under this Agreement or any other Loan Document furnished pursuant hereto; (iii) such assignee confirms that it has received a copy of this Agreement and the other Loan Documents, together with such other documents and information it has deemed appropriate to make its own credit analysis and decision to enter into such Assignment and Acceptance; (iv) such assignee will, independently and without reliance upon the assigning Lender, any Agent or any Lender and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under this Agreement and the other Loan Documents; (v) such assignee appoints and authorizes the Agents to take such action as agents on its behalf and to exercise such powers under this Agreement and the other Loan Documents as are delegated to the Agents by the terms hereof and thereof, together with such powers as are reasonably incidental hereto and thereto; and (vi) such assignee agrees that it will perform in accordance with their terms all of the obligations which by the terms of this Agreement and the other Loan Documents are required to be performed by it as a Lender.

(f) The Administrative Agent shall, acting solely for this purpose as a non-fiduciary agent of the Borrowers, maintain, or cause to be maintained at the Payment Office, a copy of each Assignment and Acceptance delivered to and accepted by it and a register (the

[1] Part A of Schedule 1.01(D) should list competitors, and Part B should list ineligible financial institutions.

" Register ") for the recordation of the names and addresses of the Lenders and the Commitments of, and the principal amount of the Loans (and stated interest thereon) (the " Registered Loans ") owing to each Lender from time to time. The entries in the Register shall be conclusive and binding for all purposes, absent manifest error, and the Borrowers, the Agents and the Lenders may treat each Person whose name is recorded in the Register as a Lender hereunder for all purposes of this Agreement. The Register shall be available for inspection by the Administrative Borrower and any Lender at any reasonable time and from time to time upon reasonable prior notice.

(g) Upon receipt by the Administrative Agent of a completed Assignment and Acceptance, and subject to any consent required from the Administrative Agent or the Collateral Agent pursuant to Section 12.07(b) (which consent of the applicable Agent must be evidenced by such Agent's execution of an acceptance to such Assignment and Acceptance), the Administrative Agent shall accept such assignment, record the information contained therein in the Register (as adjusted to reflect any principal payments on or amounts capitalized and added to the principal balance of the Loans and/or Commitment reductions made subsequent to the effective date of the applicable assignment, as confirmed in writing by the corresponding assignor and assignee in conjunction with delivery of the assignment to the Administrative Agent) and provide to the Collateral Agent a copy of the fully executed Assignment and Acceptance.

(h) A Registered Loan (and the registered note, if any, evidencing the same) may be assigned or sold in whole or in part only by registration of such assignment or sale on the Register (and each registered note shall expressly so provide). Any assignment or sale of all or part of such Registered Loan (and the registered note, if any, evidencing the same) may be effected only by registration of such assignment or sale on the Register, together with the surrender of the registered note, if any, evidencing the same duly endorsed by (or accompanied by a written instrument of assignment or sale duly executed by) the holder of such registered note, whereupon, at the request of the designated assignee(s) or transferee(s), one or more new registered notes in the same aggregate principal amount shall be issued to the designated assignee(s) or transferee(s). Prior to the registration of assignment or sale of any Registered Loan (and the registered note, if any, evidencing the same), the Agents shall treat the Person in whose name such Registered Loan (and the registered note, if any, evidencing the same) is registered on the Register as the owner thereof for the purpose of receiving all payments thereon, notwithstanding notice to the contrary.

(i) In the event that any Lender sells participations in a Registered Loan, such Lender shall, acting for this purpose as a non-fiduciary agent on behalf of the Borrowers, maintain, or cause to be maintained, a register, on which it enters the name of all participants in the Registered Loans held by it and the principal amount (and stated interest thereon) of the portion of the Registered Loan that is the subject of the participation (the " Participant Register "). A Registered Loan (and the registered note, if any, evidencing the same) may be participated in whole or in part only by registration of such participation on the Participant Register (and each registered note shall expressly so provide). Any participation of such Registered Loan (and the registered note, if any, evidencing the same) may be effected only by the registration of such participation on the Participant Register. The Participant Register shall be available for

inspection by the Administrative Borrower and any Lender at any reasonable time and from time to time upon reasonable prior notice.

(j) Any Non-U.S. Lender who purchases or is assigned or participates in any portion of such Registered Loan shall comply with Section 2.09(d).

(k) Each Lender may sell participations to one or more banks or other entities in or to all or a portion of its rights and obligations under this Agreement and the other Loan Documents (including, without limitation, all or a portion of its Commitments and the Loans made by it); provided, that (i) such Lender's obligations under this Agreement (including without limitation, its Commitments hereunder) and the other Loan Documents shall remain unchanged; (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, and the Borrowers, the Agents and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement and the other Loan Documents; and (iii) a participant shall not be entitled to require such Lender to take or omit to take any action hereunder except (A) action directly effecting an extension of the maturity dates or decrease in the principal amount of the Loans, (B) action directly effecting an extension of the due dates or a decrease in the rate of interest payable on the Loans or the fees payable under this Agreement, or (C) actions directly effecting a release of all or a substantial portion of the Collateral or any Loan Party (except as set forth in Section 10.08 of this Agreement or any other Loan Document). The Loan Parties agree that each participant shall be entitled to the benefits of Section 2.09 and Section 2.10 of this Agreement with respect to its participation in any portion of the Commitments and the Loans as if it was a Lender; provided , that no participant shall be entitled to receive any greater payment under Section 2.09 or Section 2.10 than the applicable Lender would have been entitled to receive with respect to the participation sold to such participant.

(l) Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank or loans made to such Lender pursuant to securitization or similar credit facility (a " Securitization "); provided that no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto. The Loan Parties shall cooperate with such Lender and its Affiliates to effect the Securitization including, without limitation, by providing such information as may be reasonably requested by such Lender in connection with the rating of its Loans or the Securitization.

Section 12.08 Counterparts . This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which shall be deemed to be an original, but all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of this Agreement by telecopier or electronic mail shall be equally as effective as delivery of an original executed counterpart of this Agreement. Any party delivering an executed counterpart of this Agreement by telecopier or electronic mail also shall deliver an original executed counterpart of this Agreement but the failure to deliver an original executed counterpart shall not affect the validity, enforceability, and binding effect of this Agreement. The foregoing shall apply to each other Loan Document *mutatis mutandis* .

Section 12.09 GOVERNING LAW . THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS (UNLESS EXPRESSLY PROVIDED TO THE CONTRARY IN ANOTHER LOAN DOCUMENT IN RESPECT OF SUCH OTHER LOAN DOCUMENT) SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK APPLICABLE TO CONTRACTS MADE AND TO BE PERFORMED IN THE STATE OF NEW YORK.

Section 12.10 CONSENT TO JURISDICTION; SERVICE OF PROCESS AND VENUE .

(a) ANY LEGAL ACTION OR PROCEEDING WITH RESPECT TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT MAY BE BROUGHT IN THE COURTS OF THE STATE OF NEW YORK IN THE COUNTY OF NEW YORK OR OF THE UNITED STATES DISTRICT COURT FOR THE SOUTHERN DISTRICT OF NEW YORK, AND, BY EXECUTION AND DELIVERY OF THIS AGREEMENT, EACH LOAN PARTY HEREBY IRREVOCABLY ACCEPTS IN RESPECT OF ITS PROPERTY, GENERALLY AND UNCONDITIONALLY, THE JURISDICTION OF THE AFORESAID COURTS. EACH PARTY HERETO HEREBY IRREVOCABLY CONSENTS TO THE SERVICE OF PROCESS OUT OF ANY OF THE AFOREMENTIONED COURTS AND IN ANY SUCH ACTION OR PROCEEDING BY ANY MEANS PERMITTED BY APPLICABLE LAW, INCLUDING, WITHOUT LIMITATION, BY THE MAILING OF COPIES THEREOF BY REGISTERED OR CERTIFIED MAIL, POSTAGE PREPAID, TO SUCH PARTY AT ITS ADDRESS FOR NOTICES AS SET FORTH IN SECTION 12.01, SUCH SERVICE TO BECOME EFFECTIVE 10 DAYS AFTER SUCH MAILING. THE PARTIES HERETO AGREE THAT A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY LAW. NOTHING HEREIN SHALL AFFECT THE RIGHT OF THE AGENTS AND THE LENDERS TO SERVICE OF PROCESS IN ANY OTHER MANNER PERMITTED BY LAW OR TO COMMENCE LEGAL PROCEEDINGS OR OTHERWISE PROCEED AGAINST ANY LOAN PARTY IN ANY OTHER JURISDICTION. EACH LOAN PARTY HEREBY EXPRESSLY AND IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, ANY OBJECTION WHICH IT MAY NOW OR HEREAFTER HAVE TO THE JURISDICTION OR LAYING OF VENUE OF ANY SUCH LITIGATION BROUGHT IN ANY SUCH COURT REFERRED TO ABOVE AND ANY CLAIM THAT ANY SUCH LITIGATION HAS BEEN BROUGHT IN AN INCONVENIENT FORUM. TO THE EXTENT THAT ANY LOAN PARTY HAS OR HEREAFTER MAY ACQUIRE ANY IMMUNITY FROM JURISDICTION OF ANY COURT OR FROM ANY LEGAL PROCESS (WHETHER THROUGH SERVICE OR NOTICE, ATTACHMENT PRIOR TO JUDGMENT, ATTACHMENT IN AID OF EXECUTION OR OTHERWISE) WITH RESPECT TO ITSELF OR ITS PROPERTY, EACH LOAN PARTY HEREBY IRREVOCABLY WAIVES SUCH IMMUNITY IN RESPECT OF ITS OBLIGATIONS UNDER THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS.

(b) Each Loan Party hereby irrevocably appoints CT Corporation System (the " Process Agent "), with an office on the date hereof at 111 Eighth Avenue, New York, New York 10011 as its agent to receive on behalf of each Loan Party service of the summons and complaint and any other process which may be served in any action or proceeding described above. Such

service may be made by mailing or delivering a copy of such process to each Loan Party, in care of the Process Agent at the address specified above for such Process Agent, and such Loan Party hereby irrevocably authorizes and directs the Process Agent to accept such service on its behalf. Each Foreign Loan Party covenants and agrees that, for so long as it shall be bound under this Agreement or any other Loan Document, it shall maintain a duly appointed agent for the service of summons and other legal process in New York, New York, United States of America, for the purposes of any legal action, suit or proceeding brought by any party in respect of this Agreement or such other Loan Document and shall keep the Agents advised of the identity and location of such agent. If for any reason there is no authorized agent for service of process in New York, each Loan Party irrevocably consents to the service of process out of the said courts by mailing copies thereof by registered United States air mail postage prepaid to it at its address specified in Section 12.01. Nothing in this Section 12.10 shall affect the right of any Secured Party to (i) commence legal proceedings or otherwise sue any Loan Party in the state in which it is organized or incorporated or in any other court having jurisdiction over such Loan Party or (ii) serve process upon any Loan Party in any manner authorized by the laws of any such jurisdiction.

Section 12.11 WAIVER OF JURY TRIAL, ETC. EACH LOAN PARTY, EACH AGENT AND EACH LENDER HEREBY WAIVES ANY RIGHT TO A TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM CONCERNING ANY RIGHTS UNDER THIS AGREEMENT OR THE OTHER LOAN DOCUMENTS, OR UNDER ANY AMENDMENT, WAIVER, CONSENT, INSTRUMENT, DOCUMENT OR OTHER AGREEMENT DELIVERED OR WHICH IN THE FUTURE MAY BE DELIVERED IN CONNECTION THEREWITH, OR ARISING FROM ANY FINANCING RELATIONSHIP EXISTING IN CONNECTION WITH THIS AGREEMENT, AND AGREES THAT ANY SUCH ACTION, PROCEEDINGS OR COUNTERCLAIM SHALL BE TRIED BEFORE A COURT AND NOT BEFORE A JURY. EACH LOAN PARTY CERTIFIES THAT NO OFFICER, REPRESENTATIVE, AGENT OR ATTORNEY OF ANY AGENT OR ANY LENDER HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT ANY AGENT OR ANY LENDER WOULD NOT, IN THE EVENT OF ANY ACTION, PROCEEDING OR COUNTERCLAIM, SEEK TO ENFORCE THE FOREGOING WAIVERS. EACH LOAN PARTY HEREBY ACKNOWLEDGES THAT THIS PROVISION IS A MATERIAL INDUCEMENT FOR THE AGENTS AND THE LENDERS ENTERING INTO THIS AGREEMENT.

Section 12.12 Consent by the Agents and Lenders . Except as otherwise expressly set forth herein to the contrary or in any other Loan Document, if the consent, approval, satisfaction, determination, judgment, acceptance or similar action (an " Action ") of any Agent or any Lender shall be permitted or required pursuant to any provision hereof or any provision of any other agreement to which any Loan Party is a party and to which any Agent or any Lender has succeeded thereto, such Action shall be required to be in writing and may be withheld or denied by such Agent or such Lender, in its sole discretion, with or without any reason, and without being subject to question or challenge on the grounds that such Action was not taken in good faith.

Section 12.13 No Party Deemed Drafter . Each of the parties hereto agrees that no party hereto shall be deemed to be the drafter of this Agreement.

Section 12.14 Reinstatement; Certain Payments . If any claim is ever made upon any Secured Party for repayment or recovery of any amount or amounts received by such Secured Party in payment or on account of any of the Obligations, such Secured Party shall give prompt notice of such claim to each other Agent and Lender and the Administrative Borrower, and if such Secured Party repays all or part of such amount by reason of (i) any judgment, decree or order of any court or administrative body having jurisdiction over such Secured Party or any of its property, or (ii) any good faith settlement or compromise of any such claim effected by such Secured Party with any such claimant, then and in such event each Loan Party agrees that (A) any such judgment, decree, order, settlement or compromise shall be binding upon it notwithstanding the cancellation of any Indebtedness hereunder or under the other Loan Documents or the termination of this Agreement or the other Loan Documents, and (B) it shall be and remain liable to such Secured Party hereunder for the amount so repaid or recovered to the same extent as if such amount had never originally been received by such Secured Party.

Section 12.15 Indemnification; Limitation of Liability for Certain Damages .

(a) In addition to each Loan Party's other Obligations under this Agreement, each Loan Party agrees to, jointly and severally, defend, protect, indemnify and hold harmless each Agent (including any sub-agent thereof) and each other Secured Party and all of their respective Affiliates, officers, directors, employees, attorneys, consultants and agents (collectively called the " Indemnitees ") from and against any and all losses, damages, liabilities, obligations, penalties, fees, reasonable out-of-pocket costs and expenses for which an invoice has been presented (including, without limitation, reasonable attorneys' fees, costs and expenses for which an invoice has been presented, limited to one outside legal counsel for the Indemnitees, plus one local counsel for each relevant jurisdiction, as necessary, plus, in the case of a conflict of interest, one additional counsel for each affected party) incurred by such Indemnitees, whether prior to or from and after the Effective Date, whether direct, indirect or consequential, as a result of or arising from or relating to or in connection with any of the following: (i) the negotiation, preparation, execution or performance or enforcement of this Agreement, any other Loan Document or of any other document executed in connection with the transactions contemplated by this Agreement, (ii) any Indemnitee's furnishing of funds to the Borrowers under this Agreement or the other Loan Documents, including, without limitation, the management of any such Loans or the Borrowers' use of the proceeds thereof, (iii) the Agents and the Lenders relying on any instructions of the Administrative Borrower or the handling of the Loan Account and Collateral of the Borrowers as herein provided, (iv) any matter relating to the financing transactions contemplated by this Agreement or the other Loan Documents or by any document executed in connection with the transactions contemplated by this Agreement or the other Loan Documents, or (v) any claim, litigation, investigation or proceeding relating to any of the foregoing, whether or not any Indemnitee is a party thereto (collectively, the " Indemnified Matters "); provided , however , that the Loan Parties shall not have any obligation to any Indemnitee under this subsection (a) for any Indemnified Matter caused by the gross negligence or willful misconduct of such Indemnitee, as determined by a final non-appealable judgment of a court of competent jurisdiction.

(b) The indemnification for all of the foregoing losses, damages, fees, costs and expenses of the Indemnitees set forth in this Section 12.15 are chargeable against the Loan Account. To the extent that the undertaking to indemnify, pay and hold harmless set forth in this

Section 12.15 may be unenforceable because it is violative of any law or public policy, each Loan Party shall, jointly and severally, contribute the maximum portion which it is permitted to pay and satisfy under applicable law, to the payment and satisfaction of all Indemnified Matters incurred by the Indemnitees.

(c) No Loan Party shall assert, and each Loan Party hereby waives, any claim against the Indemnitees, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) (whether or not the claim therefor is based on contract, tort or duty imposed by any applicable legal requirement) arising out of, in connection with, as a result of, or in any way related to, this Agreement or any other Loan Document or any agreement or instrument contemplated hereby or thereby or referred to herein or therein, the transactions contemplated hereby or thereby, any Loan or the use of the proceeds thereof or any act or omission or event occurring in connection therewith, and each Loan Party hereby waives, releases and agrees not to sue upon any such claim or seek any such damages, whether or not accrued and whether or not known or suspected to exist in its favor.

(d) The indemnities and waivers set forth in this Section 12.15 shall survive the repayment of the Obligations and discharge of any Liens granted under the Loan Documents.

Section 12.16 Records . The unpaid principal of and interest on the Loans, the interest rate or rates applicable to such unpaid principal and interest, the duration of such applicability, the Commitments, and the accrued and unpaid fees payable pursuant to Section 2.06 hereof, including, without limitation, the fees set forth in the Fee Letter and the Applicable Prepayment Premium, shall at all times be ascertained from the records of the Agents, which shall be conclusive and binding absent manifest error.

Section 12.17 Binding Effect . This Agreement shall become effective when it shall have been executed by each Loan Party, each Agent and each Lender and when the conditions precedent set forth in Section 5.01 hereof have been satisfied or waived in writing by the Agents, and thereafter shall be binding upon and inure to the benefit of each Loan Party, each Agent and each Lender, and their respective successors and assigns, except that the Loan Parties shall not have the right to assign their rights hereunder or any interest herein without the prior written consent of each Agent and each Lender, and any assignment by any Lender shall be governed by Section 12.07 hereof.

Section 12.18 Highest Lawful Rate . It is the intention of the parties hereto that each Agent and each Lender shall conform strictly to usury laws applicable to it. Accordingly, if the transactions contemplated hereby or by any other Loan Document would be usurious as to any Agent or any Lender under laws applicable to it (including the laws of the United States of America and the State of New York or any other jurisdiction whose laws may be mandatorily applicable to such Agent or such Lender notwithstanding the other provisions of this Agreement), then, in that event, notwithstanding anything to the contrary in this Agreement or any other Loan Document or any agreement entered into in connection with or as security for the Obligations, it is agreed as follows: (i) the aggregate of all consideration which constitutes interest under law applicable to any Agent or any Lender that is contracted for, taken, reserved, charged or received by such Agent or such Lender under this Agreement or any other Loan Document or agreements or otherwise in connection with the Obligations shall under no

circumstances exceed the maximum amount allowed by such applicable law, any excess shall be canceled automatically and if theretofore paid shall be credited by such Agent or such Lender on the principal amount of the Obligations (or, to the extent that the principal amount of the Obligations shall have been or would thereby be paid in full, refunded by such Agent or such Lender, as applicable, to the Borrowers); and (ii) in the event that the maturity of the Obligations is accelerated by reason of any Event of Default under this Agreement or otherwise, or in the event of any required or permitted prepayment, then such consideration that constitutes interest under law applicable to any Agent or any Lender may never include more than the maximum amount allowed by such applicable law, and excess interest, if any, provided for in this Agreement or otherwise shall, subject to the last sentence of this Section 12.18, be canceled automatically by such Agent or such Lender, as applicable, as of the date of such acceleration or prepayment and, if theretofore paid, shall be credited by such Agent or such Lender, as applicable, on the principal amount of the Obligations (or, to the extent that the principal amount of the Obligations shall have been or would thereby be paid in full, refunded by such Agent or such Lender to the Borrowers). All sums paid or agreed to be paid to any Agent or any Lender for the use, forbearance or detention of sums due hereunder shall, to the extent permitted by law applicable to such Agent or such Lender, be amortized, prorated, allocated and spread throughout the full term of the Loans until payment in full so that the rate or amount of interest on account of any Loans hereunder does not exceed the maximum amount allowed by such applicable law. If at any time and from time to time (x) the amount of interest payable to any Agent or any Lender on any date shall be computed at the Highest Lawful Rate applicable to such Agent or such Lender pursuant to this Section 12.18 and (y) in respect of any subsequent interest computation period the amount of interest otherwise payable to such Agent or such Lender would be less than the amount of interest payable to such Agent or such Lender computed at the Highest Lawful Rate applicable to such Agent or such Lender, then the amount of interest payable to such Agent or such Lender in respect of such subsequent interest computation period shall continue to be computed at the Highest Lawful Rate applicable to such Agent or such Lender until the total amount of interest payable to such Agent or such Lender shall equal the total amount of interest which would have been payable to such Agent or such Lender if the total amount of interest had been computed without giving effect to this Section 12.18.

For purposes of this Section 12.18, the term “applicable law” shall mean that law in effect from time to time and applicable to the loan transaction between the Borrowers, on the one hand, and the Agents and the Lenders, on the other, that lawfully permits the charging and collection of the highest permissible, lawful non-usurious rate of interest on such loan transaction and this Agreement, including laws of the State of New York and, to the extent controlling, laws of the United States of America.

The right to accelerate the maturity of the Obligations does not include the right to accelerate any interest that has not accrued as of the date of acceleration.

Section 12.19 Confidentiality . Each Agent and each Lender agrees (on behalf of itself and each of its affiliates, directors, officers, employees and representatives) to use reasonable precautions to keep confidential, in accordance with its customary procedures for handling confidential information of this nature and in accordance with safe and sound practices of comparable commercial finance companies, any non-public information supplied to it by the Loan Parties pursuant to this Agreement or the other Loan Documents (which at the time is not,

and does not thereafter become, publicly available or available to such Person from another source not known to be subject to a confidentiality obligation to such Person not to disclose such information), provided that nothing herein shall limit the disclosure by any Agent or any Lender of any such information (i) to its Affiliates and to its and its Affiliates' respective equityholders (including, without limitation, partners), directors, officers, employees, agents, trustees, counsel, advisors and representatives (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such information and instructed to keep such information confidential in accordance with this Section 12.19); (ii) to any other party hereto; (iii) to any assignee or participant (or prospective assignee or participant) or any party to a Securitization so long as such assignee or participant (or prospective assignee or participant) or party to a Securitization first agrees, in writing, to be bound by confidentiality provisions similar in substance to this Section 12.19; (iv) to the extent required by any Requirement of Law or judicial process or as otherwise requested by any Governmental Authority; (v) to the National Association of Insurance Commissioners or any similar organization, any examiner, auditor or accountant or any nationally recognized rating agency or otherwise to the extent consisting of general portfolio information that does not identify Loan Parties; (vi) in connection with any litigation to which any Agent or any Lender is a party; (vii) in connection with the exercise of any remedies hereunder or under any other Loan Document or any action or proceeding relating to this Agreement or any other Loan Document or the enforcement of rights hereunder or thereunder; or (viii) with the consent of the Administrative Borrower.

Section 12.20 Public Disclosure . Each Loan Party agrees that neither it nor any of its Affiliates will now or in the future issue any press release or other public disclosure using the name of an Agent, any Lender or any of their respective Affiliates or referring to this Agreement or any other Loan Document without the prior written consent of such Agent or such Lender, except to the extent that such Loan Party or such Affiliate is required to do so under applicable law (in which event, such Loan Party or such Affiliate will consult with such Agent or such Lender before issuing such press release or other public disclosure). Each Agent and each Lender, after consultation with and consent of the Administrative Borrower, may advertise the closing of the transactions contemplated by this Agreement, and make appropriate announcements of the financial arrangements entered into among the parties hereto, as such Agent or such Lender and the Administrative Borrower shall agree to be appropriate.

Section 12.21 Integration . This Agreement, together with the other Loan Documents, reflects the entire understanding of the parties with respect to the transactions contemplated hereby and shall not be contradicted or qualified by any other agreement, oral or written, before the date hereof.

Section 12.22 USA PATRIOT Act . Each Agent (or any sub-agent thereof) and each Lender that is subject to the requirements of the USA PATRIOT Act hereby notifies the Borrowers that pursuant to the requirements of the USA PATRIOT Act, it is required to obtain, verify and record information that identifies the entities composing the Borrowers, which information includes the name and address of each such entity and other information that will allow such Agent (or any sub-agent thereof) or such Lender to identify the entities composing the Borrowers in accordance with the USA PATRIOT Act. Each Loan Party agrees to take such action and execute, acknowledge and deliver at its sole cost and expense, such instruments and documents as any Lender may reasonably require from time to time in order to enable such Lender to comply with the USA PATRIOT Act.

Section 12.23 Third Party Beneficiary . The Loan Parties, each Agent and each Lender hereby acknowledge and agree that any sub-agent of an Agent is an express third-party beneficiary of this Agreement, including, without limitation, Article 10 (other than Sections 10.08, 10.14 and 10.15) and Section 12.15 hereof.

Document purports to assign or pledge to the Collateral Agent or any Lender, or to grant to the Collateral Agent or any Lender a Lien on any collateral as security for the Obligations of such Loan Party from time to time existing in respect of the Financing Agreement and the Loan Documents, such pledge, assignment and/or grant of a Lien is hereby ratified and confirmed in all respects.

30. No Other Waivers . Except as expressly provided in this Amendment, all of the terms and conditions of the Financing Agreement and the other Loan Documents remain in full force and effect. Nothing contained in this Amendment shall (a) be construed to imply a willingness on the part of the Agents or the Lenders to grant any similar or other future waiver or amendment of any of the terms and conditions of the Financing Agreement or the other Loan Documents or (b) in any way prejudice, impair or effect any rights or remedies of the Agents or the Lenders under the Financing Agreement or the other Loan Documents.

(a) This Amendment may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which shall be deemed to be an original, but all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Amendment by telefacsimile or electronic mail transmission shall be effective as delivery of a manually executed counterpart of this Amendment.

(b) Section and paragraph headings herein are included for convenience of reference only and shall not constitute a part of this Amendment for any other purpose.

(c) **This Amendment shall be governed by, and construed in accordance with, the laws of the State of New York** .

(d) Each Loan Party hereby acknowledges and agrees that this Amendment constitutes a "Loan Document" under the Financing Agreement. Accordingly, it shall be an Event of Default under the Financing Agreement if (i) any representation or warranty made by a Loan Party under or in connection with this Amendment shall have been untrue, false or misleading in any material respect when made, or (ii) a Loan Party shall fail to perform or observe any term, covenant or agreement contained in this Amendment. The execution, delivery and effectiveness of this Amendment shall not operate as a waiver of any right, power or remedy of the Agents or any Lender under any of the Loan Documents, nor constitute a waiver of any provision of any of the Loan Documents, except as expressly provided herein.

(e) Each Loan Party hereby acknowledges and agrees that: (a) neither it nor any of its Subsidiaries has any claim or cause of action against any Agent or any Lender (or any of the directors, officers, employees, agents, attorneys or consultants of any of the foregoing) and (b) the Agents and the Lenders have heretofore properly performed and satisfied in a timely manner all of their obligations to the Loan Parties, and all of their Subsidiaries and Affiliates. Notwithstanding the foregoing, the Agents and the Lenders wish (and the Loan Parties agree) to eliminate any possibility that any past conditions, acts, omissions, events or circumstances would impair or otherwise adversely affect any of their rights, interests, security and/or remedies. Accordingly, for and in consideration of the agreements contained in this Amendment and other good and valuable consideration, each Loan Party (for itself and its Subsidiaries and Affiliates and the successors, assigns, heirs and representatives of each of the foregoing) (collectively, the " Releasors ") does, to the maximum extent permitted by applicable law, hereby fully, finally, unconditionally and irrevocably release, waive and forever discharge the Agents and the Lenders, together with their respective Affiliates and Related Funds, and each of the directors, officers, employees, agents, attorneys and consultants of each of the foregoing (collectively, the " Released Parties "), from any

and all debts, claims, allegations, obligations, damages, costs, attorneys' fees, suits, demands, liabilities, actions, proceedings and causes of action, in each case, whether known or unknown, contingent or fixed, direct or indirect, and of whatever nature or description, and whether in law or in equity, under contract, tort, statute or otherwise, which any Releasor has heretofore had or now or hereafter can, shall or may have against any Released Party by reason of any act, omission or thing whatsoever done or omitted to be done, in each case, on or prior to the Amendment Effective Date directly arising out of, connected with or related to this Amendment, the Financing Agreement or any other Loan Document, or any act, event or transaction related or attendant thereto, or the agreements of any Agent or any Lender contained therein, or the possession, use, operation or control of any of the assets of any Loan Party, or the making of any Loans or other advances, or the management of such Loans or other advances or the Collateral. Each Loan Party represents and warrants that it has no knowledge of any claim by any Releasor against any Released Party or of any facts or acts or omissions of any Released Party which on the date hereof would be the basis of a claim by any Releasor against any Released Party which would not be released hereby.

(f) This Amendment, together with the other Loan Documents, incorporates all negotiations of the parties hereto with respect to the subject matter hereof and is the final expression and agreement of the parties hereto with respect to the subject matter hereof.

(g) The Borrowers agree to pay on demand all reasonable out-of-pocket costs and expenses of the Agents and the Lenders in connection with the preparation, execution and delivery of this Amendment and the other related agreements, instruments and documents.

(h) EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM (WHETHER BASED ON CONTRACT, TORT OR OTHERWISE) ARISING OUT OF OR RELATING TO THIS AMENDMENT OR THE REVISIONS CONTEMPLATED HEREIN.

(f) Continued Effectiveness of Financing Agreement . Each Loan Party hereby (a) confirms and agrees that each Loan Document to which it is a party is, and shall continue to be, in full force and effect and is hereby ratified and confirmed in all respects, except that on and after the Amendment Effective Date each reference in the Financing Agreement to "this Agreement", "hereunder", "hereof" or words of like import referring to the Financing Agreement, and each reference in any other Loan Document to "the Financing Agreement", "thereto", "thereof", "thereunder" or words of like import referring to the Financing Agreement, shall mean and be a reference to the Financing Agreement as amended by this Amendment, and (b) confirms and agrees that to the extent that any such Loan Document purports to assign or pledge to the Collateral Agent or any Lender, or to grant to the Collateral Agent or any Lender a Lien on any collateral as security for the Obligations of such Loan Party from time to time existing in respect of the Financing Agreement and the Loan Documents, such pledge, assignment and/or grant of a Lien is hereby ratified and confirmed in all respects.

26. No Other Waivers . Except as expressly provided in this Amendment, all of the terms and conditions of the Financing Agreement and the other Loan Documents remain in full force and effect. Nothing contained in this Amendment shall (a) be construed to imply a willingness on the part of the Agents or the Lenders to grant any similar or other future waiver or amendment of any of the terms and conditions of the Financing Agreement or the other Loan Documents or (b) in any way prejudice, impair or effect any rights or remedies of the Agents or the Lenders under the Financing Agreement or the other Loan Documents.

(d) Each Loan Party hereby acknowledges and agrees that this Amendment constitutes a "Loan Document" under the Financing Agreement. Accordingly, it shall be an Event of Default under the Financing Agreement if (i) any representation or warranty made by a Loan Party under or in connection with this Amendment shall have been untrue, false or misleading in any material respect when made, or (ii) a Loan Party shall fail to perform or observe any term, covenant or agreement contained in this Amendment. The execution, delivery and effectiveness of this Amendment shall not operate as a waiver of any right, power or remedy of the Agents or any Lender under any of the Loan Documents, nor constitute a waiver of any provision of any of the Loan Documents, except as expressly provided herein.

(e) Each Loan Party hereby acknowledges and agrees that: (a) neither it nor any of its Subsidiaries has any claim or cause of action against any Agent or any Lender (or any of the directors, officers, employees, agents, attorneys or consultants of any of the foregoing) and (b) the Agents and the Lenders have heretofore properly performed and satisfied in a timely manner all of their obligations to the Loan Parties, and all of their Subsidiaries and Affiliates. Notwithstanding the foregoing, the Agents and the Lenders wish (and the Loan Parties agree) to eliminate any possibility that any past conditions, acts, omissions, events or circumstances would impair or otherwise adversely affect any of their rights, interests, security and/or remedies. Accordingly, for and in consideration of the agreements contained in this Amendment and other good and valuable consideration, each Loan Party (for itself and its Subsidiaries and Affiliates and the successors, assigns, heirs and representatives of each of the foregoing) (collectively, the " Releasors ") does, to the maximum extent permitted by applicable law, hereby fully, finally, unconditionally and irrevocably release, waive and forever discharge the Agents and the Lenders, together with their respective Affiliates and Related Funds, and each of the directors, officers, employees, agents, attorneys and consultants of each of the foregoing (collectively, the " Released Parties "), from any and all debts, claims, allegations, obligations, damages, costs, attorneys' fees, suits, demands, liabilities, actions, proceedings and causes of action, in each case, whether known or unknown, contingent or fixed, direct or indirect, and of whatever nature or description, and whether in law or in equity, under contract, tort, statute or otherwise, which any Releasor has heretofore had or now or hereafter can, shall or may have against any Released Party by reason of any act, omission or thing whatsoever done or omitted to be done, in each case, on or prior to the Amendment Effective Date directly arising out of, connected with or related to this Amendment, the Financing Agreement or any other Loan Document, or any act, event or transaction related or attendant thereto, or the agreements of any Agent or any Lender contained therein, or the possession, use, operation or control of any of the assets of any Loan Party, or the making of any Loans or other advances, or the management of such Loans or other advances or the Collateral. Each Loan Party represents and warrants that it has no knowledge of any claim by any Releasor against any Released Party or of any facts or acts or omissions of any Released Party which on the date hereof would be the basis of a claim by any Releasor against any Released Party which would not be released hereby.

(f) This Amendment, together with the other Loan Documents, incorporates all negotiations of the parties hereto with respect to the subject matter hereof and is the final expression and agreement of the parties hereto with respect to the subject matter hereof.

(g) The Borrowers agree to pay on demand all reasonable out-of-pocket costs and expenses of the Agents and the Lenders in connection with the preparation, execution and delivery of this Amendment and the other related agreements, instruments and documents.

(h) EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM (WHETHER BASED ON CONTRACT, TORT OR OTHERWISE) ARISING OUT OF OR RELATING

WHEREAS, Buyer is, among other things, a manufacturer of gas and wind turbine equipment and requires component parts and materials to manufacture, assemble and sell such equipment; and

WHEREAS, Seller is, among other things, in the business of manufacturing and supplying [...***...] blade sets (each set containing three (3) individual blades) for wind turbine equipment (each such set being a " **Component** " and such sets being, collectively, " **Components** "); and

WHEREAS, on or about the date of this Agreement, Buyer and Seller have entered into a letter agreement (the " Letter Agreement") setting forth the terms of an amendment to the Supply Agreement between the parties dated [xxx] (" First Amendment"). The parties anticipate that the First Amendment shall be entered into on or before [...***...] (the " Amendment Date"). In the event that the parties fail to enter the First Amendment by the Amendment Date, the Letter Agreement shall amend the Supply Agreement. As used herein Supply Agreement shall mean the Supply Agreement between the parties dated as amended by the First Amendment or Letter Agreement, as the case maybe. Pursuant to the terms of the Letter Agreement, Buyer has agreed to advance certain amounts to Seller to enable it to manufacture and sell the Components to Buyer, and such amounts will be completely repaid in full to Buyer as set forth in this Agreement;

NOW, THEREFORE, for and in consideration of the premises and the mutual covenants and agreements contained herein and for other good and valuable consideration, the receipt, sufficiency and adequacy of which are hereby acknowledged, the Parties agree as follows:

1. ADVANCE PAYMENT

(a) Buyer shall make an advance payment to Seller in the amount of TWO MILLION AND 00/100 UNITED STATES DOLLARS ($2,000,000.00) (the " **Advance Payment** ") to enable Seller to purchase goods, materials and/or services, and to expand its manufacturing facility required for Seller's manufacture of the Components. Upon execution of this Agreement by both Parties, Seller shall provide Buyer with an invoice for the Advance Payment. Provided that Seller is in compliance with all terms of this Agreement, Buyer shall pay such Advance Payment to Seller within [...***...] of receipt of Seller's invoice for the Advance Payment.

(b) The parties agree that the Advance Payment shall be deemed a part of the purchase price Buyer shall pay Seller in consideration for the Components purchased under the Supply Agreement.

(c) Seller shall use the Advance Payment exclusively for the purchase of goods, materials and/or services, and to expand its manufacturing facility directly and exclusively related to the production of the [...***...] Components required by Buyer.

(d) Seller shall repay the Advance Payment to Buyer in full without interest by providing Buyer with a credit of [...***...]

[...***...] on the purchase price of the first [...***...] Components sets supplied by Seller to Buyer after: (i) Components manufactured for blade cut up, static, and fatigue tests; (ii) Component sets manufactured for First Piece Qualification (FPQ) and Pilot Lot Qualification (PLQ), and; (iii) the [...***...] Component sets supplied to Buyer after (i) and (ii). If Seller fails to supply [...***...] of the [...***...] Serial Production sets by December 31, 2016, the outstanding balance of the Advance Payment shall be due and payable on December 31, 2016. In all cases where Seller is repaying the Advance Payment through a credit on Components ordered under the Supply Agreement, Seller shall provide Buyer with an invoice for [...***...] of the purchase price of the Components ordered and will then show a credit to Buyer for the amount of the purchase price attributable to the repayment of the Advance Payment. Buyer shall offset the total amount due to Seller for the Components by an amount [...***...] the applicable portion of the Advance Payment provided to Seller related to such Components.

(e) Buyer shall verify all purchase orders issued under the Supply Agreement (" **POs** ") and invoices against receipts by Buyer to ensure that the Advance Payment is accounted for accurately and completely repaid to Buyer.

(f) In consideration of and as security for the Advance Payment made by Buyer to Seller and due and owing by Seller to Buyer and as a condition precedent for any disbursements or other obligations incumbent upon Buyer hereunder or under the Supply Agreement, TPI Composites, Inc. shall execute a parent guaranty to guaranty to Buyer the Advance Payment (the "Guaranty"). The Guaranty is attached to this Agreement as Appendix A and is incorporated herein by reference.

(g) The obligation of Seller to fully repay the Advance Payment as set forth herein shall not be reduced or discharged by any alteration in the relationship between Seller and Buyer, or by any forbearance or indulgence by Buyer towards Seller, whether as to payment, time, performance or otherwise. Seller agrees to make any payment due hereunder or that becomes payable for the Advance Payment without set-off or counterclaim and without any legal formality, such as protest or notice, being necessary and waives all privileges or rights which it may have, other than payment, including any right to require GE to claim payment or to exhaust remedies against any other person or entity.

(h) Seller may pay in advance any or all of the outstanding balance of the Advance Payment at any time without penalty. Buyer shall recover any remaining balance of the Advance Payment in accordance with the applicable repayment provisions set forth in Section 1(d) above.

(i) Notwithstanding any other provision of this Agreement, the repayment of the Advance Payment shall become immediately due and repayable to Buyer on demand in the event that: (i) Seller fails to meet its payment and debt obligations as they mature or ceases to exist as a going concern; (ii) if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller; (iii) a receiver for Seller is appointed or applied for; or (iv) an assignment for the benefit of creditors is made by Seller.

(j) Time is of the essence hereof. Notwithstanding any other provision of this Agreement, any outstanding balance of the Advance Payment not repaid by Seller shall become immediately due and shall be repayable on demand in the event that: (i) Seller is in breach or default (the " **Default** ") of its obligations under this Agreement and fails to cure such Default with thirty (30) days after receipt of written notice from Buyer to cure such Default; (ii) Seller is in Default of its obligations under the Supply Agreement and fails to cure such Default within the applicable time period for such cure set forth in the Supply Agreement; (iii) Seller or Parent: (1) enters into any transaction involving a merger, consolidation or amalgamation in which Seller or Parent are not the party surviving such transaction,(2) conveys, sells or leases, in one or a series of transactions, all or substantially all of its assets, or (3) sells, transfers or otherwise disposes of, or a third party that is not currently a shareholder of Parent, acquires more than

[...***...] of the capital stock or equity interests of Parent or Seller, but specifically excluding an IPO; or (iv) Buyer otherwise terminates the Supply Agreement in accordance with the terms and conditions of the Supply Agreement.

(k) Section 1(i) shall take precedence over Section 1(j) in the event of any conflict or overlap between such sections.

(n) Seller shall be responsible for any sovereign, state, local, sales, use, value added or any other taxes, fees or assessments arising out of or related to the Advance Payment provided by Buyer to Seller. Buyer shall have no obligation to fund or provide Seller with any additional advance monies in excess of or in addition to the Advance Payment. Prepayments or credits granted by Seller to Buyer in payment of Seller's obligations hereunder, including by means of delivery of Components, shall be made net of any taxes or deductions; it being Seller's obligation to make such additional payments or granting such additional credits to Buyer so that Buyer receives the same amounts it would have received in the absence of any such tax or deduction.

(p) Seller hereby waives presentment, demand for payment, notice of nonpayment, protest, notice of protest, notice of dishonor and all other notices in connection herewith, as well as filing of suit, if permitted by law, and diligence in collecting any amount of the Advance Payment and agrees to pay, if permitted by law, all expenses incurred by Buyer in collection of the Advance Payment, including Buyer's attorneys' fees.

2. ADVANCE PAYMENTS RECORD FILE

Seller shall maintain an auditable Advance Payment record file (the " **Advance Payment File** ") for the duration of this Agreement or until repayment in full of all of the Advance Payment, whichever is longer. Seller shall permit Buyer's representatives to review such Advance Payment File each calendar quarter during the term of the Supply Agreement or until the repayment in full of the Advance Payment. The Advance Payment File shall include at a minimum: (ii) the total outstanding Advance Payment not repaid to Buyer; and (iii) utilization of the Advance Payment by Seller. In addition, at Buyer's sole discretion, Buyer may require a yearly record of signatures by appropriate Buyer and Seller personnel validating the status of the repayment of the Advance Payment to Buyer.

3. CHOICE OF LAW AND DISPUTE RESOLUTION

(a) The governing law of this Agreement will be as set forth in the Supply Agreement.

(b) Any dispute arising under this Agreement shall be resolved in accordance with the Dispute Resolution provision in the Supply Agreement.

4. ASSIGNMENT, WAIVER, SURVIVAL, ENTIRE AGREEMENT AND EXECUTION IN COUNTERPARTS

(a) Buyer may assign this Agreement to any of its Affiliates (as defined in Section 1 of the Supply Agreement).Because performance of this Agreement is specific to Seller, Seller may assign this Agreement only upon Buyer's prior written consent.

(b) No claim or right arising out of a breach of this Agreement shall be discharged in whole or part by waiver or renunciation, unless such waiver or renunciation is supported by consideration and is in writing signed by the aggrieved party. No failure by either party to enforce any rights hereunder shall be construed a waiver.

(c) All provisions or obligations contained in this Agreement, which by their nature or effect are required or intended to be observed, kept or performed after termination or expiration this Agreement will survive and remain binding upon and for the benefit of the parties, their successors, including without limitation successors by merger, and permitted assigns.

(d) This Agreement, with such documents as are expressly attached and/or incorporated herein by reference, is intended as a complete, exclusive and final expression of the parties' agreement with respect to such terms as are included, is intended also as a complete and exclusive statement of the terms of their agreement and supersedes any prior or contemporaneous agreements, whether written or oral, between the parties. The invalidity, in whole or in part, of any of the foregoing sections or paragraphs of this Agreement shall not affect the remainder of such article or paragraphs or any other sections or paragraphs of this Agreement.

(e) This Agreement may be executed in one or more counterparts in facsimile or other written form, each of which shall be considered an original instrument, but all of which shall be considered one and the same agreement, and shall become binding when the one or more counterparts have been signed by each of the parties hereto and delivered to the other party.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by this respective authorized representatives as of the date first set forth above.

AGREEMENT OF GUARANTY

Advance Payment Agreement Revised 11/01/2012

EXHIBIT B

Form of GE Guaranty

Exhibit B

AGREEMENT OF GUARANTY

THIS AGREEMENT OF GUARANTY (this "Guaranty") is made this xxth day of October, 2015, by TPI Composites, Inc., a Delaware corporation with a principal place of business at 8501 North Scottsdale Road, Suite 280, Scottsdale, AZ 85253 (the "Guarantor"), for the benefit General Electric International, Inc., a Delaware corporation, through its GE Power & Water business ("GE").

RECITALS:

WHEREAS , GE and TPI Mexico, LLC, a Delaware limited liability company, having a principal place of business at 8501 North Scottsdale Road, Suite 280, Scottsdale, AZ 85253, USA ("TPI Mexico") entered into an Advanced Payment Agreement (the "Advanced Payment Agreement") of even date; and

WHEREAS , pursuant to the terms of the Advanced Payment Agreement, GE is advancing to TPI Mexico TWO MILLION AND 00/100 UNITED STATES DOLLARS ($2,000,000.00) (the "Advance Payment"); and

WHEREAS, Guarantor has agreed to unconditionally guarantee the payment and performance of the obligations as set forth in Advance Payment Agreement.

NOW, THEREFORE , in consideration of the foregoing recitals and in order to induce GE to make the Advance Payment to TPI Mexico, the Guarantor hereby covenants and agrees as follows:

1. Until such time as GE has been paid in full the Advanced Payment and other charges, fees and expenses due to GE under the Advanced Payment Agreement (collectively, the "Obligations"), Guarantor hereby irrevocably, unconditionally and absolutely guarantees to GE, its successors and assigns to pay to GE, within [...***...] after Guarantor's receipt of a demand from GE notifying Guarantor of TPI Mexico's failure to repay the Advanced Payment in accordance with the terms and conditions of the Advanced Payment Agreement, (i) a sum sufficient to discharge in full the Obligations; and (ii) all reasonable fees and expenses incurred as a result of enforcing any of the rights of GE against the Guarantor under this Guaranty whether or not any legal proceedings are commenced.

2. Notwithstanding the exercise by GE of any of its rights or remedies under the Advanced Payment Agreement, the liability of the Guarantor under this Guaranty shall continue in full force and effect until the payment, performance and satisfaction of all of the Obligations.

3. This Guaranty is a guaranty of payment and performance and not of collection; liability under this Guaranty shall be direct and primary; and in the enforcement

of its rights, GE shall be entitled to look to the Guarantor for the payment and performance of the Obligations without first commencing any action or proceeding against the TPI Mexico. GE's election to pursue enforcement of its rights against TPI Mexico under the Advanced Payment Agreement shall not be construed as a waiver of GE's rights under this Guaranty or impair GE's right to enforce this Guaranty, it being acknowledged that any such action by GE shall never operate as a release of the liability of the Guarantor under this Guaranty. Without limiting any of GE's rights hereunder, GE shall have the right to set off any amounts that Guarantor is obligated to pay under Section 1 of this Guaranty, against any amounts due from GE to Guarantor or its affiliates.

4. The validity of this Guaranty and the Obligations of the Guarantor hereunder shall not be terminated, affected or impaired by reason of (a) the granting by GE of any indulgence to TPI Mexico; (b) any extension, modification, amendment or other alteration of the Advanced Payment Agreement, this Guaranty, or any of the Obligations; or (c) the relief, modification, impairment, change or limitation of the liability of TPI Mexico from any of TPI Mexico obligations under the Advanced Payment Agreement by operation of law or otherwise (including, without limitation, in connection with proceedings under any bankruptcy laws now or hereafter enacted), and the Guarantor hereby waives all suretyship defenses and defenses in the nature thereof.

5. Until such time as GE has been paid in full the Obligations, the Guarantor irrevocably waives, for itself and its successor and permitted assigns, any and all rights which the Guarantor may have to claims against TPI Mexico based on subrogation or otherwise with respect to payments made hereunder. The foregoing does not preclude Guarantor's realization on any property of TPI Mexico assets provided that such realization is in the ordinary course of business and TPI Mexico is not in default of its obligations to GE under the Advanced Payment Agreement or any other agreement.

6. The Guarantor waives (a) notice of acceptance of this Guaranty and of any action by GE in reliance thereon, and (b) presentment, demand of payment, notice of dishonor or nonpayment, protest and notice of protest with respect to any of the Obligations, and the giving of any notice of default or other notice to, or making any demand on anyone (including, without limitation, TPI Mexico and the Guarantor) liable in any manner for the payment of the Obligations, but nothing herein contained shall be deemed to be a waiver of any notice required to be given to TPI Mexico pursuant to the Advanced Payment Agreement.

7. The liability of the Guarantor under this Guaranty shall be irrevocable, unconditional, and absolute, and shall continue in full force and effect according to its terms until all of the Obligations hereby guaranteed to GE have been fully satisfied. The bankruptcy, reorganization, dissolution or liquidation of the Guarantor shall not operate to revoke or impair this Guaranty. The Guarantor waives all rights and benefits which might accrue to it by any such proceedings and will be liable to the full extent hereunder. The Guarantor shall from time to time deliver satisfactory acknowledgments of the Guarantor's continued liability upon request by GE.

8. The Guarantor expressly agrees not, at any time, to insist upon or plead, or in any manner whatsoever claim or take the benefit or advantage of, any appraisement, valuation, stay, extension or redemption laws, now or at any time hereafter in force, which may delay, prevent, impair or otherwise affect payment and performance by the Guarantor of the Obligations and expressly waives all benefits or advantages of such laws and further covenants not to hinder, delay or impede the execution of any power granted to GE hereunder, but will suffer and permit the execution of every such power as though no such laws were in force.

9. If any provision hereof is found by a court of competent jurisdiction to be prohibited or unenforceable, it shall be ineffective only to the extent of such prohibition or unenforceability and such prohibition or unenforceability shall not invalidate the balance of such provision to the extent it is not prohibited or unenforceable, nor invalidate the other provisions hereof, all of which shall be construed liberally in favor of GE in order to give effect to the provisions hereof.

10. Whenever notice may be given to the Guarantor under this Guaranty, such notice shall be: (i) personally delivered or (ii) given by registered or certified mail, postage prepaid, return receipt requested, or (iii) forwarded by overnight courier service, to the attention of Legal Department at the address set forth herein, or such other address as the Guarantor may designate in writing to the GE. All notices given hereunder shall be in writing and shall be deemed given, in the case of notice by personal delivery, or courier service upon actual delivery, and in the case of registered or certified mail shall be deemed given upon receipt.

(e) Governmental Approvals . No authorization or approval or other action by, and no notice to or filing with, any Governmental Authority is required in connection with the due execution, delivery and performance by any Loan Party of any Loan Document to which it is or will be a party.

(f) Continued Effectiveness of Financing Agreement . Each Loan Party hereby (a) confirms and agrees that each Loan Document to which it is a party is, and shall continue to be, in full force and effect and is hereby ratified and confirmed in all respects, except that on and after the Amendment Effective Date each reference in the Financing Agreement to "this Agreement", "hereunder", "hereof" or words of like import referring to the Financing Agreement, and each reference in any other Loan Document to "the Financing Agreement", "thereto", "thereof", "thereunder" or words of like import referring to the Financing Agreement, shall mean and be a reference to the Financing Agreement as amended by this Amendment, and (b) confirms and agrees that to the extent that any such Loan Document purports to assign or pledge to the Collateral Agent or any Lender, or to grant to the Collateral Agent or any Lender a Lien on any collateral as security for the Obligations of such Loan Party from time to time existing in respect of the Financing Agreement and the Loan Documents, such pledge, assignment and/or grant of a Lien is hereby ratified and confirmed in all respects.

6. No Other Waivers . Except as expressly provided in this Amendment, all of the terms and conditions of the Financing Agreement and the other Loan Documents remain in full force and effect. Nothing contained in this Amendment shall (a) be construed to imply a willingness on the part of the Agents or the Lenders to grant any similar or other future waiver or amendment of any of the terms and conditions of the Financing Agreement or the other Loan Documents or (b) in any way prejudice, impair or effect any rights or remedies of the Agents or the Lenders under the Financing Agreement or the other Loan Documents.

7. Miscellaneous .

(a) This Amendment may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which shall be deemed to be an original, but all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Amendment by telefacsimile or electronic mail transmission shall be effective as delivery of a manually executed counterpart of this Amendment.

(b) Section and paragraph headings herein are included for convenience of reference only and shall not constitute a part of this Amendment for any other purpose.

(c) **This Amendment shall be governed by, and construed in accordance with, the laws of the State of New York** .

(d) Each Loan Party hereby acknowledges and agrees that this Amendment constitutes a "Loan Document" under the Financing Agreement. Accordingly, it shall be an Event of Default under the Financing Agreement if (i) any representation or warranty made by a Loan Party under

or in connection with this Amendment shall have been untrue, false or misleading in any material respect when made, or (ii) a Loan Party shall fail to perform or observe any term, covenant or agreement contained in this Amendment. The execution, delivery and effectiveness of this Amendment shall not operate as a waiver of any right, power or remedy of the Agents or any Lender under any of the Loan Documents, nor constitute a waiver of any provision of any of the Loan Documents, except as expressly provided herein.

(e) Each Loan Party hereby acknowledges and agrees that: (a) neither it nor any of its Subsidiaries has any claim or cause of action against any Agent or any Lender (or any of the directors, officers, employees, agents, attorneys or consultants of any of the foregoing) and (b) the Agents and the Lenders have heretofore properly performed and satisfied in a timely manner all of their obligations to the Loan Parties, and all of their Subsidiaries and Affiliates. Notwithstanding the foregoing, the Agents and the Lenders wish (and the Loan Parties agree) to eliminate any possibility that any past conditions, acts, omissions, events or circumstances would impair or otherwise adversely affect any of their rights, interests, security and/or remedies. Accordingly, for and in consideration of the agreements contained in this Amendment and other good and valuable consideration, each Loan Party (for itself and its Subsidiaries and Affiliates and the successors, assigns, heirs and representatives of each of the foregoing) (collectively, the " Releasors ") does, to the maximum extent permitted by applicable law, hereby fully, finally, unconditionally and irrevocably release, waive and forever discharge the Agents and the Lenders, together with their respective Affiliates and Related Funds, and each of the directors, officers, employees, agents, attorneys and consultants of each of the foregoing (collectively, the " Released Parties "), from any and all debts, claims, allegations, obligations, damages, costs, attorneys' fees, suits, demands, liabilities, actions, proceedings and causes of action, in each case, whether known or unknown, contingent or fixed, direct or indirect, and of whatever nature or description, and whether in law or in equity, under contract, tort, statute or otherwise, which any Releasor has heretofore had or now or hereafter can, shall or may have against any Released Party by reason of any act, omission or thing whatsoever done or omitted to be done, in each case, on or prior to the Amendment Effective Date directly arising out of, connected with or related to this Amendment, the Financing Agreement or any other Loan Document, or any act, event or transaction related or attendant thereto, or the agreements of any Agent or any Lender contained therein, or the possession, use, operation or control of any of the assets of any Loan Party, or the making of any Loans or other advances, or the management of such Loans or other advances or the Collateral. Each Loan Party represents and warrants that it has no knowledge of any claim by any Releasor against any Released Party or of any facts or acts or omissions of any Released Party which on the date hereof would be the basis of a claim by any Releasor against any Released Party which would not be released hereby.

(f) This Amendment, together with the other Loan Documents, incorporates all negotiations of the parties hereto with respect to the subject matter hereof and is the final expression and agreement of the parties hereto with respect to the subject matter hereof.

(g) The Borrowers agree to pay on demand all reasonable out-of-pocket costs and expenses of the Agents and the Lenders in connection with the preparation, execution and delivery of this Amendment and the other related agreements, instruments and documents.

(h) EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM (WHETHER BASED ON CONTRACT, TORT OR OTHERWISE) ARISING OUT OF OR RELATING TO THIS AMENDMENT OR THE REVISIONS CONTEMPLATED HEREIN.

8. No Other Waivers . Except as expressly provided in this Amendment, all of the terms and conditions of the Financing Agreement and the other Loan Documents remain in full force and effect. Delivery of an executed counterpart of a signature page to this Amendment by telefacsimile or electronic mail transmission shall be effective as delivery of a manually executed counterpart of this Amendment.

(b) Section and paragraph headings herein are included for convenience of reference only and shall not constitute a part of this Amendment for any other purpose.

(d) Each Loan Party hereby acknowledges and agrees that this Amendment constitutes a "Loan Document" under the Financing Agreement. Accordingly, it shall be an Event of Default under the Financing Agreement if (i) any representation or warranty made by a Loan Party under or in connection with this Amendment shall have been untrue, false or misleading in any material respect when made, or (ii) a Loan Party shall fail to perform or observe any term, covenant or agreement contained in this Amendment. Each Loan Party represents and warrants that it has no knowledge of any claim by any Releasor against any Released Party or of any facts or acts or omissions of any Released Party which on the date hereof would be the basis of a claim by any Releasor against any Released Party which would not be released hereby.

(f) This Amendment, together with the other Loan Documents, incorporates all negotiations of the parties hereto with respect to the subject matter hereof and is the final expression and agreement of the parties hereto with respect to the subject matter hereof.

(g) The Borrowers agree to pay on demand all reasonable out-of-pocket costs and expenses of the Agents and the Lenders in connection with the preparation, execution and delivery of this Amendment and the other related agreements, instruments and documents.

3.26 Undisclosed Liabilities . Except as set forth in the Financial Statements or on Schedule 3.26 of the Schedule of Exceptions, the Company does not have and, as a result of the transactions contemplated by this Agreement and the Agreements, will not have, any liabilities or obligations of any nature (whether accrued, absolute, contingent, unasserted or otherwise and whether due or to become due) except for (a) liabilities and obligations incurred in the ordinary course of business consistent with past practice which are not either in any individual case or in the aggregate material, and (b) liabilities incurred in connection with the transaction contemplated hereby.

3.27 Disclosure . The Company has provided each Investor with all the information that such Investor has requested for deciding whether to purchase the Shares; *provided, however* , that the Company has not provided GE with information relating to (a) VienTek, VienTek II, LLC, or VienTek Mexico S. de R.L. de C.V. The most recent projections previously provided to the Investors represent good faith estimates of the performance of the Company and its subsidiaries for the periods stated therein based upon assumptions which were believed in good faith to be reasonable when made; *provided* , *however* , that the foregoing is not a guarantee that such projections will be achieved.

SECTION 4

Representations and Warranties of the Investors

Each Investor severally and not jointly represents and warrants to the Company with respect to the purchase of the Shares as follows, which representations and warranties in no way limit or affect the Company's representations and warranties hereunder (except as specifically set forth herein):

4.1 No Registration. Such Investor understands that the Shares have not been, and will not be, registered under the Securities Act by reason of a specific exemption from the registration provisions of the Securities Act, the availability of which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Investor's representations as expressed herein or otherwise made pursuant hereto.

4.2 Investment Intent. Such Investor is acquiring the Shares for investment for its own account, not as a nominee or agent, and not with the view to, or for resale in connection with, any distribution thereof other than to affiliated funds under common control. Such Investor has not been formed for the specific purpose of acquiring the Shares.

4.3 Investment Experience. Such Investor has substantial experience in evaluating and investing in private placement transactions of securities in companies similar to the Company so that it is capable of evaluating the merits and risks of its investment in the Company and has the capacity to protect its own interests.

4.4 Speculative Nature of Investment. Such Investor acknowledges that its investment in the Company is highly speculative and entails a substantial degree of risk and such Investor is in a position to lose the entire amount of such investment.

4.5 Access to Data. Such Investor has had an opportunity to discuss the Company's business, management and financial affairs with the Company's management and has also had an opportunity to ask questions of and receive answers from officers of the Company; *provided, however,* that the Company has not provided GE with information relating to (a) VienTek, VienTek II, LLC, or VienTek Mexico S. de R.L. de C.V. (or any of their members, partners or equity holders) or (b) any facility, customer or prospective customer or any competitive aspect of the wind energy industry. The foregoing does not, however, limit the representations and warranties of the Company in Section 3 of this Agreement or the right of each Investor to rely thereon.

4.6 Accredited Investor. Such Investor is an "accredited investor" within the meaning of Regulation D, Rule 501(a), promulgated by the Securities and Exchange Commission.

4.7 Restriction on Resales. Such Investor acknowledges and agrees that the Shares are "restricted securities" under applicable U.S. federal and state securities laws and that the Shares must be held indefinitely unless subsequently registered under the Securities Act and qualified by state authorities or unless an exemption from such registration and qualification is available. Such Investor understands that, except as contemplated by the Rights Agreement, the

Company has no present plans of registering the Shares or any shares of its Common Stock. Such Investor further understands that there is no assurance that any exemption from registration under the Securities Act will be available or, if available, that such exemption will allow such Investor to dispose of or otherwise transfer any or all of the Shares in the amounts or at the times the Investor might propose.

4.8 No Public Market. Such Investor understands and acknowledges that no public market now exists for any of the securities issued by the Company and that the Company has made no assurances that a public market will ever exist for the Company's securities.

4.9 Authorization.

(a) Such Investor has all requisite power and authority to execute and deliver the Agreements, to purchase the Shares hereunder and to carry out and perform its obligations under the terms of the Agreements. All action on the part of such Investor necessary for the authorization, execution, delivery and performance of the Agreements, and the performance of all of such Investor's obligations under the Agreements, has been taken or will be taken prior to the First Closing.

(b) The Agreements, when executed and delivered by such Investor, will constitute valid and legally binding obligations of the Investor, enforceable in accordance with their terms except: (i) to the extent that the indemnification provisions contained in the Agreements may be limited by applicable law and principles of public policy, (ii) as limited by applicable bankruptcy, insolvency, reorganization, moratorium and other laws of general application affecting enforcement of creditors' rights generally and (iii) as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies or by general principles of equity.

4.10 Brokers or Finders. Such Investor has not engaged any brokers, finders or agents, and neither the Company nor such Investor has, nor will, incur, directly or indirectly, as a result of any action taken by such Investor, any liability for brokerage or finders' fees or agents' commissions or any similar charges in connection with the Agreements.

4.11 Legends. Such Investor understands and agrees that the certificates evidencing the Shares or any other securities issued in respect of the Shares upon any stock split, stock dividend, recapitalization, merger, consolidation or similar event, shall bear the legends required by the other Agreements, including legends relating to restrictions on transfer under federal and applicable state securities laws and restrictions on transfer set forth in the Agreements.

4.12 Foreign Investors. If the Investor is not a United States person (as defined by Section 7701(a)(30) of the Code), the Investor hereby represents that it has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation to subscribe for the Shares or any use of this Agreement, including (i) the legal requirements within its jurisdiction for the purchase of the Shares, (ii) any foreign exchange restrictions applicable to such purchase, (iii) any governmental or other consents that may need to be obtained, and (iv) the income tax and other tax consequences, if any, that may be relevant to the purchase, holding, redemption, sale, or transfer of the Shares. The Investor's subscription and payment for

and continued beneficial ownership of the Shares will not violate any applicable securities or other laws of the Investor's jurisdiction.

4.13 Exculpation Among Investors. Each Investor acknowledges that it is not relying upon any individual, corporation, partnership, association, trust, any unincorporated organization or any other entity, other than the Company and its officers and directors, in making its investment or decision to invest in the Company and to execute this Agreement and the other Agreements. Each Investor agrees that no Investor nor the respective controlling persons, officers, managers, directors, partners, agents or employees of any Investor shall be liable for any action taken or omitted to be taken by any of them in connection with this Agreement and the other Agreements.

4.14 Residence. If the Investor is an individual, then the Investor resides in the state or province identified in the address of the Investor set forth on Exhibit A; if the Investor is a partnership, corporation, limited liability company or other entity, then the office or offices of the Investor in which its principal place of business is, is identified in the address or addresses of the Investor set forth on Exhibit A.

4.15 Competitor. Other than GE, such Investor is not a Competitor of the Company. For purposes of this Agreement, a "Competitor" shall mean any person or entity, or any "affiliate" (as such term is defined in Rule 12b-2 under the Securities Exchange Act of 1934, as amended) of such person or entity, that is engaged in the manufacture, design or sale of wind turbines or wind blades.

Conditions to Company's Obligation to Close

The Company's obligation to sell and issue Shares at the First Closing, the GE Closing and each Subsequent Closing, is subject to the fulfillment on or before the First Closing, the GE Closing or such Subsequent Closing, as applicable, of the conditions set forth below, unless waived by the Company. The conditions to the Company's obligations hereunder apply with respect to each Investor separately, and the failure of a condition to be satisfied with respect to any Investor will not affect the Company's obligations with respect to any other Investor.

6.1 Representations and Warranties. The representations and warranties made by each Investor purchasing Shares at the First Closing, the GE Closing or any Subsequent Closing in Section 4 shall be true and correct as of the date of such Investor's closing.

6.2 Covenants. Each Investor shall have performed or complied with all covenants, agreements and conditions contained in the Agreements on or prior to the First Closing Date, the GE Closing Date or the Subsequent Closing Date, as applicable.

6.7 Proceedings and Documents . All corporate and other proceedings in connection with the transactions contemplated by the Agreements at the First Closing, the GE Closing or any Subsequent Closing, as applicable, and all documents and instruments incident to such transactions, shall have been reasonably approved by counsel to the Company.

SECTION 7

Survival and Indemnification

7.1 Survival . The representations and warranties contained in Section 3 above shall survive the First Closing, the GE Closing and each Subsequent Closing until the earlier to occur of (a) the 12-month anniversary of the First Closing Date and (b) a Qualified IPO (as defined in the Restated Certificate); *provided* , *however* , that the representations and warranties contained in Sections 3.2, 3.4, and 3.5 (and in each case the related indemnification obligations, if any), shall survive until the expiration of the applicable statute of limitations.

7.2 Indemnification by the Company .

(a) From and after the First Closing, the GE Closing and each Subsequent Closing, the Company (but not the officers or directors of the Company on an individual basis) will defend and indemnify each of the Investors and their officers, directors, managers, members, partners, stockholders, attorneys, representatives, agents and employees (each, an " **Indemnified Party")** against, and hold each Indemnified Party harmless from, all actually incurred losses, demands, actions, causes of action, assessments, damages, liabilities, costs or expenses including, without limitation, interest, penalties, fines, fees, deficiencies, claims of damage, reasonable attorneys' and other professional fees and expenses incurred in the investigation, prosecution, defense or settlement thereof (collectively, the " **Losses** ") (i) arising out of or in any way based on any breach of any warranty, representation, covenant or obligation of the Company set forth in this Agreement, any of the other Agreements or the Restated Certificate, or (ii) which may be sustained or suffered by any such Indemnified Party solely in their capacity as or as a result of any action taken or omitted to be taken by them as a stockholder of the Company, without regard to any investigation by any of the Indemnified Parties, based upon, arising out of, by reason of or otherwise in respect of or in connection with third party or governmental claims under the Securities Act, the Exchange Act or other federal or state statutory law or regulation, at common law or otherwise, including, without limitation, any third party or governmental claim alleging so called control person liability or securities law liability; *provided* , *however* , that the Company will not be liable to the extent that such Losses arise from and are based on (A) an untrue statement or omission or alleged untrue statement or omission in a registration statement or prospectus which is made in reliance on and in conformity with written information furnished

to the Company by or on behalf of such Indemnified Party expressly for use therein, or (B) conduct by an Indemnified Party which constitutes fraud.

(b) Nothing contained in this Section 7 shall limit in any manner any remedy at law or in equity to which an Indemnified Party shall be entitled against the Company including, without limitation, as a result of fraud or intentional misrepresentation by the Company or any of their representatives or agents. Any indemnification payment made by the Company to any Investor pursuant to this Section 7.2 shall be treated for federal, state and local tax purposes as an adjustment to the price paid by such Investor for the Shares.

(c) Notwithstanding anything to the contrary contained herein, the indemnification liability of the Company with respect to any Indemnified Party shall not exceed in any event the aggregate dollar amount invested by the respective Investor in the Company.

(d) Notwithstanding anything to the contrary contained herein, if the holders of Series A Preferred Stock bring an indemnification claim against the Company under that certain Series A Convertible Preferred Stock Purchase Agreement, dated as of October 9, 2007, as amended, by and among the Company and the Investors (as defined therein) (the " **Series A Purchase Agreement** ") based on (i) the Company's infringement, misappropriation or violation of the Intellectual Property Rights of others in Section 3.9(a) or (ii) the first sentence of Section 3.9(d), as such sections exist in the Series A Purchase Agreement and any of the Investors are unable to bring a similar claim hereunder because of the existence of "Knowledge" qualifiers in those sections as they exist in this Agreement, then such "Knowledge" qualifiers shall be ignored and the Investors shall be entitled to bring such a claim based on the representations in such sections without such "Knowledge" qualifiers.

7.3 Notification by Indemnified Party . The Indemnified Party shall give written notice to the Company promptly after such Indemnified Party has knowledge of any claim, action, proceeding or investigation as to which indemnity may be sought. The Company shall be entitled to assume the defense of any such claim, action, proceeding or investigation, including the employment of counsel and the payment of all fees and expenses. The Indemnified Party shall have the right to employ separate counsel in connection with any such claim, action, proceeding or investigation and to participate in the defense thereof, but the reasonable fees and expenses of such counsel shall be paid by the Indemnified Party, except in the following circumstances in which case the Company shall pay all reasonable fees and expenses of counsel employed by the Indemnified Party: (a) the Company declines or fails to assume the defense of any such claim, action, proceeding or investigation and the Indemnified Party then employs counsel to assume the defense thereof; or (b) if it is likely that the parties to the action or proceeding may include both the Company and the Indemnified Party and representation of both parties by the same counsel would be inappropriate or create a conflict of interest under applicable standards of professional conduct.

SECTION 8

Covenants

8.1 Series A Purchase Agreement . The Company shall not permit any further amendments or modifications to the Series A Purchase Agreement, nor shall it waive any rights it may have under the Series A Purchase Agreement, without the consent of (a) the holders of a majority of the outstanding Series B Preferred Stock and (b) the holders of a majority of the outstanding Series B-1 Preferred Stock.

9.3 Amendment . Except as expressly provided herein, neither this Agreement nor any term hereof may be amended, waived, discharged or terminated other than by a written instrument referencing this Agreement and signed by the Company and the holders of seventy-five percent (75%) of the shares of Senior Redeemable Preferred Stock then outstanding; *provided* , *however* , that the written consent of Angeleno Investors II, LP (" **Angeleno** "), NGP Energy Technology Partners, L.P. (" **NGP** "), Element, GE Capital Equity Investments, Inc. (" **GE** ") or Landmark (as defined below), as applicable, shall be required to amend, waive, discharge, or terminate any provision in this Agreement if such amendment, waiver, discharge, or termination will have a material adverse effect upon any of the rights, privileges, preferences, or obligations of Angeleno, NGP, Element, GE or Landmark, respectively, or its affiliates that is disproportionate from the effect of such amendment, waiver, discharge, or termination on any other holders of Shares. In addition, neither this Agreement nor any term hereof may be amended to (a) increase the amount of Shares an Investor is required to purchase or the price per share of the Shares without first obtaining the prior written consent of each such Investor so affected or (b) increase the amount of Shares being sold pursuant to this Agreement other than by a written instrument referencing this Agreement and signed by the Company, Element, Angeleno, NGP, Element, GE and Landmark. Any such effective amendment, waiver, discharge or termination effected in accordance with this paragraph shall be binding upon each holder of any securities purchased under this Agreement at the time outstanding (including securities into which such securities have been converted or exchanged or for which such securities have been exercised) and each future holder of all such securities.

9.7 Delays or Omissions. Except as expressly provided herein, no delay or omission to exercise any right, power or remedy accruing to any party to this Agreement upon any breach or default of any other party under this Agreement shall impair any such right, power or remedy of such non-defaulting party, nor shall it be construed to be a waiver of any such breach or default, or an acquiescence therein, or of or in any similar breach or default thereafter occurring, nor shall any waiver of any single breach or default be deemed a waiver of any other breach or default theretofore or thereafter occurring. Any waiver, permit, consent or approval of any kind or character on the part of any party of any breach or default under this Agreement, or any waiver on the part of any party of any provisions or conditions of this Agreement, must be in writing and shall be effective only to the extent specifically set forth in such writing. All remedies, either under this Agreement or by law or otherwise afforded to any party to this Agreement, shall be cumulative and not alternative.

9.8 Governing Law. This Agreement shall be governed in all respects by and construed under the internal laws of the State of Delaware as applied to agreements entered into by and among Delaware residents while located in Delaware and that are to be performed entirely within Delaware, without regard to principles of conflicts of law.

9.9 Jurisdiction; Venue. The parties (a) hereby irrevocably and unconditionally submit to the jurisdiction of the federal and state courts located within the geographic boundaries of the United States District Court for the District of Delaware for the purpose of any suit, action or other proceeding arising out of or based upon this Agreement, (b) agree not to commence any suit, action or other proceeding arising out of or based upon this Agreement except in the federal and state courts located within the geographic boundaries of the United States District Court for the District of Delaware, and (c) hereby waive, and agree not to assert, by way of motion, as a defense, or otherwise, in any such suit, action or proceeding, any claim that it is not subject personally to the jurisdiction of the above-named courts, that its property is exempt or immune from attachment or execution, that the suit, action or proceeding is brought in an inconvenient forum, that the venue of the suit, action or proceeding is improper or that this Agreement or the subject matter hereof may not be enforced in or by such court.

9.10 Waiver of Jury Trial. EACH OF THE PARTIES TO THIS AGREEMENT HEREBY VOLUNTARILY AND IRREVOCABLY WAIVES TRIAL BY JURY IN ANY ACTION OR OTHER PROCEEDING BROUGHT IN CONNECTION WITH THIS AGREEMENT, ANY OF THE OTHER AGREEMENTS OR ANY OF THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY.

9.11 Equitable Remedies. The parties hereto agree that irreparable harm would occur in the event that any of the terms and provisions of this Agreement were not performed fully by the parties hereto in accordance with their specific terms or conditions or were otherwise breached, and that money damages are an inadequate remedy for breach of this Agreement because of the difficulty of ascertaining and quantifying the amount of damage that will be suffered by the parties hereto in the event that this Agreement is not performed in accordance with its terms or conditions or is otherwise breached. It is accordingly hereby agreed that each of the parties hereto shall be entitled to seek an injunction or injunctions to restrain, enjoin and prevent breaches of this Agreement by the other parties and to enforce specifically the terms and provisions of this Agreement in any court of the United States or any state having jurisdiction, such remedy being in addition to and not in lieu of, any other rights and remedies to which the parties are entitled to at law or in equity.

9.12 Severability. Unless otherwise expressly provided herein, the rights of the Investors hereunder are several rights, not rights jointly held with any of the other Investors. In the event that any provision of this Agreement becomes or is declared by a court of competent jurisdiction to be illegal, unenforceable or void, this Agreement shall continue in full force and effect without said provision, and the parties agree to negotiate, in good faith, a legal and enforceable substitute provision which most nearly effects the parties' intent in entering into this Agreement.

9.13 Titles and Subtitles. The titles and subtitles used in this Agreement are used for convenience only and are not to be considered in construing or interpreting this Agreement. All references in this Agreement to sections, paragraphs, exhibits and schedules shall, unless otherwise provided, refer to sections and paragraphs hereof and exhibits and schedules attached hereto.

9.14 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be enforceable against the parties actually executing such counterparts, and all of which together shall constitute one instrument.

9.15 Telecopy Execution and Delivery. A facsimile, telecopy or other reproduction of this Agreement may be executed by one or more parties hereto, and an executed copy of this Agreement may be delivered by one or more parties hereto by facsimile or similar electronic transmission device pursuant to which the signature of or on behalf of such party can be seen, and such execution and delivery shall be considered valid, binding and effective for all purposes. At the request of any party hereto, all parties hereto agree to execute and deliver an original of this Agreement as well as any facsimile, telecopy or other reproduction hereof.

9.16 Further Assurances. Each party hereto agrees to execute and deliver, by the proper exercise of its corporate, limited liability company, partnership or other powers, all such

other and additional instruments and documents and do all such other acts and things as may be necessary to more fully effectuate this Agreement.

9.17 Successors and Assigns . This Agreement may not be assigned by any party hereto without the prior written consent of each of the other parties hereto. Except as otherwise provided herein, the terms and conditions of this Agreement shall inure to the benefit of and be binding upon the respective successors and permitted assigns of the parties (including transferees of any Shares). Nothing in this Agreement, express or implied, is intended to confer upon any party other than the parties hereto or their respective successors and permitted assigns any rights, remedies, obligations, or liabilities under or by reason of this Agreement, except as expressly provided in this Agreement.

9.18 Aggregation of Stock . All Shares held or acquired by affiliated entities or persons (including but not limited to: (a) a constituent partner or a retired partner of an Investor that is a partnership; (b) a parent, subsidiary or other affiliate of an Investor that is a corporation; (c) an immediate family member living in the same household, a descendant, or a trust therefore, in the case of an Investor who is an individual; (d) a member of an Investor that is a limited liability company or (e) funds under common management) shall be aggregated together for the purpose of determining the availability of any rights under this Agreement.

SECTION 3

Representations and Warranties of the Company

The Company hereby represents and warrants to the Investors as follows:

3.1 Organization and Standing . The Company is a corporation duly organized and validly existing under, and by virtue of, the laws of the State of Delaware and is in good standing under such laws. The Company has the requisite corporate power and authority to own and operate its properties and assets, and to carry on its business as presently conducted and as proposed to be conducted. The Company is presently qualified to do business as a foreign corporation and in good standing in each jurisdiction where the failure to be so qualified could have a material adverse effect on the assets, properties, operating results, liabilities, financial condition, operations or business of the Company (as such business is now conducted or as proposed to be conducted) (a " **Material Adverse Effect** "). The Restated Certificate and Amended and Restated Bylaws of the Company (the " **Bylaws** ") are in the form provided to counsel for the Investors. The minute books of the Company contain complete and correct minutes of all meetings of directors and stockholders and all actions by written consent without a meeting by the directors and stockholders since the date of formation and reflects all actions by the directors (and any committee of directors) and stockholders with respect to all transactions referred to in such minutes completely and accurately in all material respects.

3.2 Corporate Power The Company has all requisite legal and corporate power and authority (a) to execute and deliver this Agreement, and (b) to sell and issue the Shares and Warrants hereunder.

3.3 Authorization . All corporate action on the part of the Company, its directors, its officers and its stockholders necessary for the authorization, execution, delivery and performance of this Agreement, the authorization, sale, issuance (or reservation for issuance) and delivery of the Shares and Warrants, and the performance of all of the Company's obligations under this Agreement and the Warrant has been taken or will be taken prior to the Closing. This Agreement and the Warrant, when executed and delivered by the Company, shall constitute valid and binding obligations of the Company, enforceable in accordance with their terms, except (a) as limited by laws relating to bankruptcy, insolvency, reorganization, moratorium and other laws of general application relating to creditors' rights or the relief of debtors and (b) as limited by rules of law governing specific performance, injunctive relief or other equitable remedies and by general principles of equity.

3.4 Governmental Consent . No consent, approval or authorization of or designation, declaration or filing with any governmental authority is required on the part of the Company in connection with the valid execution and delivery of this Agreement or the Warrant, or the offer, sale or issuance of the Shares or the Warrant, or the consummation of any other transaction contemplated by this Agreement, except the qualification (or taking such action as may be necessary to secure an exemption from qualification, if available) of the offer and sale of the Shares and the Warrant under

applicable federal and state securities laws, which qualifications (or actions) will be timely sought within the applicable periods therefor.

3.5 Offering. Subject to the accuracy of the Investors' representations and warranties in Section 5 below, the offer, sale and issuance of the Shares to be issued in conformity with the terms of this Agreement constitute transactions exempt from the registration requirements of Section 5 of the Securities Act of 1933, as amended (the " **Securities Act** "), and, assuming all required filings are made pursuant to Regulation D of the Securities Act and applicable state securities laws, from the qualification or registration requirements of applicable state securities laws.

3.6 Brokers or Finders. The Company has not engaged any brokers, finders or agents, and the Investors have not incurred, and will not incur, directly or indirectly, as a result of any action taken by the Company, any liability for brokerage or finders' fees or agents' commissions or any similar charges in connection with the Agreements.

3.7 Investment Company Act. The Company is not an "investment company," or a company "controlled" by an "investment company," within the meaning of the Investment Company Act of 1940, as amended.

SECTION 4

Representations and Warranties of the Investors

Each Investor severally and not jointly represents and warrants to the Company with respect to the purchase of the Shares and the Warrants as follows, which representations and warranties in no way limit or affect the Company's representations and warranties hereunder (except as specifically set forth herein):

4.1 No Registration. Such Investor understands that neither the Shares nor the Warrants have been, or will be, registered under the Securities Act by reason of a specific exemption from the registration provisions of the Securities Act, the availability of which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Investor's representations as expressed herein or otherwise made pursuant hereto.

4.2 Investment Intent. Such Investor is acquiring the Shares and Warrants for investment for its own account, not as a nominee or agent, and not with the view to, or for resale in connection with, any distribution thereof other than to affiliated funds under common control. Such Investor has not been formed for the specific purpose of acquiring the Shares or the Warrants.

4.3 Investment Experience. Such Investor has substantial experience in evaluating and investing in private placement transactions of securities in

companies similar to the Company so that it is capable of evaluating the merits and risks of its investment in the Company and has the capacity to protect its own interests.

4.4 Speculative Nature of Investment. Such Investor acknowledges that its investment in the Company is highly speculative and entails a substantial degree of risk and such Investor is in a position to lose the entire amount of such investment.

4.5 Access to Data. Such Investor has had an opportunity to discuss the Company's business, management and financial affairs with the Company's management and has also had an opportunity to ask questions of and receive answers from officers of the Company. The foregoing does not, however, limit the representations and warranties of the Company in Section 3 of this Agreement or the right of each Investor to rely thereon.

4.6 Accredited Investor. Such Investor is an "accredited investor" within the meaning of Regulation D, Rule 501(a), promulgated by the Securities and Exchange Commission.

4.7 Restriction on Resales. Such Investor acknowledges and agrees that the Shares and Warrants are "restricted securities" under applicable U.S. federal and state securities laws and that the Shares must be held indefinitely unless subsequently registered under the Securities Act and qualified by state authorities or unless an exemption from such registration and qualification is available. Such Investor understands that the Company has no present plans of registering the Shares or any shares of its securities. Such Investor further understands that there is no assurance that any exemption from registration under the Securities Act will be available or, if available, that such exemption will allow such Investor to dispose of or otherwise transfer any or all of the Shares or the Warrants in the amounts or at the times the Investor might propose.

4.8 No Public Market. Such Investor understands and acknowledges that no public market now exists for any of the securities issued by the Company and that the Company has made no assurances that a public market will ever exist for the Company's securities.

4.9 Authorization

(a) Such Investor has all requisite power and authority to execute and deliver the Agreements, to purchase the Shares and Warrants hereunder and to carry out and perform its obligations under the terms of this Agreement. All action on the part of such Investor necessary for the authorization, execution, delivery and performance of this Agreement, and the performance of all of such Investor's obligations under this Agreement, has been taken or will be taken prior to the Closing.

(b) This Agreement, when executed and delivered by such Investor, will constitute valid and legally binding obligations of the Investor, enforceable in accordance with their terms except: (i) to the extent that the indemnification provisions contained in this Agreement may be limited by applicable law and principles of public policy, (ii) as limited by applicable bankruptcy, insolvency, reorganization, moratorium and other laws of general application affecting enforcement of creditors' rights generally and (iii) as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies or by general principles of equity.

4.10 Brokers or Finders. Such Investor has not engaged any brokers, finders or agents, and neither the Company nor such Investor has, nor will, incur, directly or indirectly, as a result of any action taken by such Investor, any liability for brokerage or finders' fees or agents' commissions or any similar charges in connection with this Agreement.

4.11 Legends. Such Investor understands and agrees that the Warrants and the certificates evidencing the Shares or any other securities issued in respect of the Shares upon any stock split, stock dividend, recapitalization, merger, consolidation or similar event, shall bear the legends required by the other Agreements, including legends relating to restrictions on transfer under federal and applicable state securities laws and restrictions on transfer set forth in this Agreement.

4.12 Foreign Investors. If the Investor is not a United States person (as defined by Section 7701(a)(30) of the Code), the Investor hereby represents that it has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation to subscribe for the Shares or any use of this Agreement, including (i) the legal requirements within its jurisdiction for the purchase of the Shares and Warrants, (ii) any foreign exchange restrictions applicable to such purchase, (iii) any governmental or other consents that may need to be obtained, and (iv) the income tax and other tax consequences, if any, that may be relevant to the purchase, holding, redemption, sale, or transfer of the Shares. The Investor's subscription and payment for and continued beneficial ownership of the Shares and Warrants will not violate any applicable securities or other laws of the Investor's jurisdiction.

4.13 Exculpation Among Investors. Each Investor acknowledges that it is not relying upon any individual, corporation, partnership, association, trust, any unincorporated organization or any other entity, other than the Company and its officers and directors, in making its investment or decision to invest in the Company and to

execute this Agreement and the other Agreements. Each Investor agrees that no Investor nor the respective controlling persons, officers, managers, directors, partners, agents or employees of any Investor shall be liable for any action taken or omitted to be taken by any of them in connection with this Agreement and the other Agreements.

4.14 Residence. If the Investor is an individual, then the Investor resides in the state or province identified in the address of the Investor set forth on Exhibit A ; if the Investor is a partnership, corporation, limited liability company or other entity, then the office or offices of the Investor in which its principal place of business is, is identified in the address or addresses of the Investor set forth on Exhibit A .

SECTION 5

Each Investor's obligation to purchase the Shares and Warrants set forth opposite such Investor's name on the Closing Schedule of Investors at the Closing is subject to the fulfillment on or before the Closing Date of each of the conditions set forth below, unless waived in writing by the applicable Investor.

(a) Representations and Warranties . The representations and warranties made by the Company in Section 3 above shall be true and correct as of the date hereof, except to the extent such representations and warranties address matters as of a particular date or period, in which case such representations and warranties shall be true and correct as of such date or period and with the same force and effect as if they had been made as of that date.

(b) Covenants . The Company shall have performed or complied with all covenants, agreements and conditions contained in this Agreement on or prior to the Closing.

(iv) a stock certificate representing Shares; and

(v) an executed Warrant.

SECTION 6

Conditions to Company's Obligation to Close

The Company's obligation to sell and issue Shares at the Closing is subject to the fulfillment on or before the Closing of the conditions set forth below, unless waived by the Company. The conditions to the Company's obligations hereunder apply with respect to each Investor separately, and the failure of a condition to be satisfied with respect to any Investor will not affect the Company's obligations with respect to any other Investor.

6.1 Representations and Warranties. The representations and warranties made by each Investor purchasing Shares and Warrants at the Closing shall be true and correct as of the date of the Closing.

6.2 Covenants. Each Investor shall have performed or complied with all covenants, agreements and conditions contained in this Agreement on or prior to the Closing Date.

6.3 Compliance with Securities Laws. The Company shall be reasonably satisfied that the sale and issuance of the Shares and Warrants shall be legally

permitted by all laws and regulations to which the Company and the Investors purchasing Shares and Warrants are subject.

6.4 Restated Certificate . The Restated Certificate shall have been duly authorized, executed and filed with and accepted by the Secretary of State of the State of Delaware.

6.5 Consents, Permits and Waivers . The Company shall have obtained any and all material consents, permits and waivers necessary or appropriate for consummation of the transactions contemplated by this Agreement.

SECTION 7

Survival and Indemnification

7.1 Survival . The representations and warranties contained in Section 3 above shall survive the Closing until the expiration of the applicable statute of limitations.

7.2 Indemnification by the Company .

(a) From and after the Closing, the Company (but not the officers or directors of the Company on an individual basis) will defend and indemnify each of the Investors and their officers, directors, managers, members, partners, stockholders, attorneys, representatives, agents and employees (each, an " **Indemnified Party** ") against, and hold each Indemnified Party harmless from, all actually incurred losses, demands, actions, causes of action, assessments, damages, liabilities, costs or expenses including, without limitation, interest, penalties, fines, fees, deficiencies, claims of damage, reasonable attorneys' and other professional fees and expenses incurred in the investigation, prosecution, defense or settlement thereof (collectively, the " **Losses** ") (i) arising out of or in any way based on any breach of any warranty, representation, covenant or obligation of the Company set forth in this Agreement or (ii) which may be sustained or suffered by any such Indemnified Party solely in their capacity as or as a result of any action taken or omitted to be taken by them as a stockholder of the Company, without regard to any investigation by any of the Indemnified Parties, based upon, arising out of, by reason of or otherwise in respect of or in connection with third party or governmental claims under the Securities Act, the Exchange Act or other federal or state statutory law or regulation, at common law or otherwise, including, without limitation, any third party or governmental claim alleging so called control person liability or securities law liability; *provided* , *however* , that the Company will not be liable to the extent that such Losses arise from and are based on (A) an untrue statement or omission or alleged untrue statement or omission in a registration statement or prospectus which is made in reliance on and in conformity with written information furnished

to the Company by or on behalf of such Indemnified Party expressly for use therein, or (B) conduct by an Indemnified Party which constitutes fraud.

(b) Nothing contained in this Section 7 shall limit in any manner any remedy at law or in equity to which an Indemnified Party shall be entitled against the Company including, without limitation, as a result of fraud or intentional misrepresentation by the Company or any of their representatives or agents. Any indemnification payment made by the Company to any Investor pursuant to this Section 7.2 shall be treated for federal, state and local tax purposes as an adjustment to the price paid by such Investor for the Shares.

(c) Notwithstanding anything to the contrary contained herein, the indemnification liability of the Company with respect to any Indemnified Party shall not exceed in any event the aggregate dollar amount invested by the respective Investor in the Company.

7.3 Notification by Indemnified Party. The Indemnified Party shall give written notice to the Company promptly after such Indemnified Party has knowledge of any claim, action, proceeding or investigation as to which indemnity may be sought. The Company shall be entitled to assume the defense of any such claim, action, proceeding or investigation, including the employment of counsel and the payment of all fees and expenses. The Indemnified Party shall have the right to employ separate counsel in connection with any such claim, action, proceeding or investigation and to participate in the defense thereof, but the reasonable fees and expenses of such counsel shall be paid by the Indemnified Party, except in the following circumstances in which case the Company shall pay all reasonable fees and expenses of counsel employed by the Indemnified Party: (a) the Company declines or fails to assume the defense of any such claim, action, proceeding or investigation and the Indemnified Party then employs counsel to assume the defense thereof; or (b) if it is likely that the parties to the action or proceeding may include both the Company and the Indemnified Party and representation of both parties by the same counsel would be inappropriate or create a conflict of interest under applicable standards of professional conduct.

SECTION 8

Miscellaneous

8.1 Use of Proceeds. Unless otherwise consented to in advance and in writing by the Investors holding a majority of the Shares issued pursuant to this Agreement, the proceeds from the sale of Shares to the Investors will be used by the Company for working capital and capital expenditures.

Except as expressly provided herein, neither this Agreement nor any term hereof may be amended, waived, discharged or terminated other than by a written instrument referencing this Agreement and signed by the Company and the holders of seventy-five percent (75%) of the shares of Super Senior Redeemable Preferred Stock then outstanding. Notwithstanding the foregoing, this

Agreement may not be amended or terminated and the observance of any term hereof may not be waived with respect to any Investor without the written consent of such Investor (i) unless such amendment, termination, or waiver applies to all Investors in the same fashion, or (ii) if such amendment, termination, or waiver shall require such Investor to loan or invest additional amounts without the prior written consent of such Investor.

8.3 Notices . All notices and other communications required or permitted hereunder shall be in writing and shall be mailed by registered or certified mail, postage prepaid, sent by facsimile or otherwise delivered by hand or by messenger addressed:

(c) if to any other holder of any Shares at such address, facsimile number or electronic mail address as shown in the Company's records, or, until any such holder so furnishes an address, facsimile number or electronic mail address to the Company, then to and at the address of the last holder of such Shares for which the Company has contact information in its records.

Each such notice or other communication shall for all purposes of this Agreement be treated as effective or as having been given: (a) upon delivery, if personally delivered; (b) three (3) business days after pre-paid deposit for next business day delivery with a commercial courier service (*e.g.* , DHL or FedEx); (c) five (5) business days after deposit, postage pre-paid, with first class airmail (which airmail must be certified or registered); or (d) upon confirmation of facsimile transfer or electronic mail when sent by facsimile or electronic mail, with a confirmation copy delivered by one of the other acceptable means of delivery.

8.4 Expenses .

The Company and the Investors shall each pay their own fees and expenses in connection with the transactions contemplated by this Agreement; provided , however , that the Company shall, within ten (10) days of presentment of an invoice, reimburse the reasonable fees and expenses of Morgan, Lewis & Bockius, LLP and such other out-of-pocket fees and expenses of

the Investors, including, without limitation, any legal, accounting, consulting and general due diligence expenses, subject to a maximum aggregate amount of Five Thousand Dollars ($5,000.00).

8.5 Entire Agreement. This Agreement (including the Exhibits hereto), the Warrant and the Restated Certificate constitute the full and entire understanding and agreement among the parties hereto with regard to the subjects hereof and thereof, and no party shall be liable or bound to any other party in any manner with regard to the subjects hereof or thereof by any warranties, representations or covenants except as specifically set forth herein or therein.

8.6 Delays or Omissions. Except as expressly provided herein, no delay or omission to exercise any right, power or remedy accruing to any party to this Agreement upon any breach or default of any other party under this Agreement shall impair any such right, power or remedy of such non-defaulting party, nor shall it be construed to be a waiver of any such breach or default, or an acquiescence therein, or of or in any similar breach or default thereafter occurring, nor shall any waiver of any single breach or default be deemed a waiver of any other breach or default theretofore or thereafter occurring. Any waiver, permit, consent or approval of any kind or character on the part of any party of any breach or default under this Agreement, or any waiver on the part of any party of any provisions or conditions of this Agreement, must be in writing and shall be effective only to the extent specifically set forth in such writing. All remedies, either under this Agreement or by law or otherwise afforded to any party to this Agreement, shall be cumulative and not alternative.

8.7 Governing Law. This Agreement shall be governed in all respects by and construed under the internal laws of the State of Delaware as applied to agreements entered into by and among Delaware residents while located in Delaware and that are to be performed entirely within Delaware, without regard to principles of conflicts of law.

8.8 Jurisdiction; Venue. The parties (a) hereby irrevocably and unconditionally submit to the jurisdiction of the federal and state courts located within the geographic boundaries of the United States District Court for the District of Delaware for the purpose of any suit, action or other proceeding arising out of or based upon this Agreement, (b) agree not to commence any suit, action or other proceeding arising out of or based upon this Agreement except in the federal and state courts located within the geographic boundaries of the United States District Court for the District of Delaware, and (c) hereby waive, and agree not to assert, by way of motion, as a defense, or otherwise, in any such suit, action or proceeding, any claim that it is not subject personally to the jurisdiction of the above-named courts, that its property is exempt or immune from attachment or execution, that the suit, action or proceeding is brought in an inconvenient forum, that the venue of the suit, action or proceeding is improper or that this Agreement or the subject matter hereof may not be enforced in or by such court.

8.9 Waiver of Jury Trial. EACH OF THE PARTIES TO THIS AGREEMENT HEREBY VOLUNTARILY AND IRREVOCABLY WAIVES TRIAL BY JURY IN ANY ACTION OR OTHER PROCEEDING BROUGHT IN CONNECTION WITH THIS AGREEMENT, ANY OF THE OTHER AGREEMENTS OR ANY OF THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY.

8.10 Equitable Remedies. The parties hereto agree that irreparable harm would occur in the event that any of the terms and provisions of this Agreement were not performed fully by the parties hereto in accordance with their specific terms or conditions or were otherwise breached, and that money damages are an inadequate remedy for breach of this Agreement because of the difficulty of ascertaining and quantifying the amount of damage that will be suffered by the parties hereto in the event that this Agreement is not performed in accordance with its terms or conditions or is otherwise breached. It is accordingly hereby agreed that each of the parties hereto shall be entitled to seek an injunction or injunctions to restrain, enjoin and prevent breaches of this Agreement by the other parties and to enforce specifically the terms and provisions of this Agreement in any court of the United States or any state having jurisdiction, such remedy being in addition to and not in lieu of, any other rights and remedies to which the parties are entitled to at law or in equity.

8.11 Severability. Unless otherwise expressly provided herein, the rights of the Investors hereunder are several rights, not rights jointly held with any of the other Investors. In the event that any provision of this Agreement becomes or is declared by a court of competent jurisdiction to be illegal, unenforceable or void, this Agreement shall continue in full force and effect without said provision, and the parties agree to negotiate, in good faith, a legal and enforceable substitute provision which most nearly effects the parties' intent in entering into this Agreement.

8.12 Titles and Subtitles. The titles and subtitles used in this Agreement are used for convenience only and are not to be considered in construing or interpreting this Agreement. All references in this Agreement to sections, paragraphs, exhibits and schedules shall, unless otherwise provided, refer to sections and paragraphs hereof and exhibits and schedules attached hereto.

8.13 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be enforceable against the parties actually executing such counterparts, and all of which together shall constitute one instrument.

8.14 Telecopy Execution and Delivery. A facsimile, telecopy or other reproduction of this Agreement may be executed by one or more parties hereto, and an executed copy of this Agreement may be delivered by one or more parties hereto by facsimile or similar electronic transmission device pursuant to which the signature of or on behalf of such party can be seen, and such execution and delivery shall be considered valid, binding and effective for all purposes. At the request of any party hereto, all

parties hereto agree to execute and deliver an original of this Agreement as well as any facsimile, telecopy or other reproduction hereof.

8.15 Further Assurances. Each party hereto agrees to execute and deliver, by the proper exercise of its corporate, limited liability company, partnership or other powers, all such other and additional instruments and documents and do all such other acts and things as may be necessary to more fully effectuate this Agreement.

8.16 Successors and Assigns. This Agreement may not be assigned by any party hereto without the prior written consent of each of the other parties hereto. Except as otherwise provided herein, the terms and conditions of this Agreement shall inure to the benefit of and be binding upon the respective successors and permitted assigns of the parties (including transferees of any Shares). Nothing in this Agreement, express or implied, is intended to confer upon any party other than the parties hereto or their respective successors and permitted assigns any rights, remedies, obligations, or liabilities under or by reason of this Agreement, except as expressly provided in this Agreement.

8.17 Aggregation of Stock. All Shares held or acquired by affiliated entities or persons (including but not limited to: (a) a constituent partner or a retired partner of an Investor that is a partnership; (b) a parent, subsidiary or other affiliate of an Investor that is a corporation; (c) an immediate family member living in the same household, a descendant, or a trust therefore, in the case of an Investor who is an individual; (d) a member of an Investor that is a limited liability company or (e) funds under common management) shall be aggregated together for the purpose of determining the availability of any rights under this Agreement.

(b) Upon the Closing, the Company shall issue to each of the Investors a Warrant exercisable in accordance with and subject to the terms and conditions set forth therein, for the Warrant Coverage Amount (as defined in the Warrant) set forth opposite their name on the Closing Schedule of Investors.

SECTION 3

Representations and Warranties of the Company

The Company hereby represents and warrants to the Investors as follows:

3.1 Organization and Standing . The Company is a corporation duly organized and validly existing under, and by virtue of, the laws of the State of Delaware and is in good standing under such laws. The Company has the requisite corporate power and authority to own and operate its properties and assets, and to carry on its business as presently conducted and as proposed to be conducted. The Company is presently qualified to do business as a foreign corporation and in good standing in each jurisdiction where the failure to be so qualified could have a material adverse effect on the assets, properties, operating results, liabilities, financial condition, operations or business of the Company (as such business is now conducted or as proposed to be conducted) (a " **Material Adverse Effect** "). The Restated Certificate and

Amended and Restated Bylaws of the Company (the " **Bylaws** ") are in the form provided to counsel for the Investors. The minute books of the Company contain complete and correct minutes of all meetings of directors and stockholders and all actions by written consent without a meeting by the directors and stockholders since the date of formation and reflects all actions by the directors (and any committee of directors) and stockholders with respect to all transactions referred to in such minutes completely and accurately in all material respects.

3.2 Corporate Power The Company has all requisite legal and corporate power and authority (a) to execute and deliver this Agreement, and (b) to sell and issue the Shares and Warrants hereunder.

3.3 Authorization . All corporate action on the part of the Company, its directors, its officers and its stockholders necessary for the authorization, execution, delivery and performance of this Agreement, the authorization, sale, issuance (or reservation for issuance) and delivery of the Shares and Warrants, and the performance of all of the Company's obligations under this Agreement and the Warrant has been taken or will be taken prior to the Closing. This Agreement and the Warrant, when executed and delivered by the Company, shall constitute valid and binding obligations of the Company, enforceable in accordance with their terms, except (a) as limited by laws relating to bankruptcy, insolvency, reorganization, moratorium and other laws of general application relating to creditors' rights or the relief of debtors and (b) as limited by rules of law governing specific performance, injunctive relief or other equitable remedies and by general principles of equity.

3.4 Governmental Consent . No consent, approval or authorization of or designation, declaration or filing with any governmental authority is required on the part of the Company in connection with the valid execution and delivery of this Agreement or the Warrant, or the offer, sale or issuance of the Shares or the Warrant, or the consummation of any other transaction contemplated by this Agreement, except the qualification (or taking such action as may be necessary to secure an exemption from qualification, if available) of the offer and sale of the Shares and the Warrant under applicable federal and state securities laws, which qualifications (or actions) will be timely sought within the applicable periods therefor.

3.5 Offering . Subject to the accuracy of the Investors' representations and warranties in Section 4 below, the offer, sale and issuance of the Shares to be issued in conformity with the terms of this Agreement constitute transactions exempt from the registration requirements of Section 5 of the Securities Act of 1933, as amended (the " **Securities Act** "), and, assuming all required filings are made pursuant to Regulation D of the Securities Act and applicable state securities laws, from the qualification or registration requirements of applicable state securities laws.

3.6 Brokers or Finders . The Company has not engaged any brokers, finders or agents, and the Investors have not incurred, and will not incur, directly or indirectly, as a result of any action taken by the Company, any liability for brokerage or finders' fees or agents' commissions or any similar charges in connection with the Agreements.

3.7 Investment Company Act. The Company is not an "investment company," or a company "controlled" by an "investment company," within the meaning of the Investment Company Act of 1940, as amended.

SECTION 4

Representations and Warranties of the Investors

Each Investor severally and not jointly represents and warrants to the Company with respect to the purchase of the Shares and the Warrants as follows, which representations and warranties in no way limit or affect the Company's representations and warranties hereunder (except as specifically set forth herein):

4.1 No Registration. Such Investor understands that neither the Shares nor the Warrants have been, or will be, registered under the Securities Act by reason of a specific exemption from the registration provisions of the Securities Act, the availability of which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Investor's representations as expressed herein or otherwise made pursuant hereto.

4.2 Investment Intent. Such Investor is acquiring the Shares and Warrants for investment for its own account, not as a nominee or agent, and not with the view to, or for resale in connection with, any distribution thereof other than to affiliated funds under common control. Such Investor has not been formed for the specific purpose of acquiring the Shares or the Warrants.

4.3 Investment Experience. Such Investor has substantial experience in evaluating and investing in private placement transactions of securities in companies similar to the Company so that it is capable of evaluating the merits and risks of its investment in the Company and has the capacity to protect its own interests.

4.4 Speculative Nature of Investment. Such Investor acknowledges that its investment in the Company is highly speculative and entails a substantial degree of risk and such Investor is in a position to lose the entire amount of such investment.

4.5 Access to Data. Such Investor has had an opportunity to discuss the Company's business, management and financial affairs with the Company's management and has also had an opportunity to ask questions of and receive answers from officers of the Company. The foregoing does not, however, limit the representations and warranties of the Company in Section 3 of this Agreement or the right of each Investor to rely thereon.

4.6 Accredited Investor. Such Investor is an "accredited investor" within the meaning of Regulation D, Rule 501(a), promulgated by the Securities and Exchange Commission.

4.7 Restriction on Resales. Such Investor acknowledges and agrees that the Shares and Warrants are "restricted securities" under applicable U.S. federal and state securities laws and that the Shares must be held indefinitely unless subsequently registered under

the Securities Act and qualified by state authorities or unless an exemption from such registration and qualification is available. Such Investor understands that the Company has no present plans of registering the Shares or any shares of its securities. Such Investor further understands that there is no assurance that any exemption from registration under the Securities Act will be available or, if available, that such exemption will allow such Investor to dispose of or otherwise transfer any or all of the Shares or the Warrants in the amounts or at the times the Investor might propose.

4.8 No Public Market. Such Investor understands and acknowledges that no public market now exists for any of the securities issued by the Company and that the Company has made no assurances that a public market will ever exist for the Company's securities.

4.9 Authorization

(a) Such Investor has all requisite power and authority to execute and deliver the Agreements, to purchase the Shares and Warrants hereunder and to carry out and perform its obligations under the terms of this Agreement. All action on the part of such Investor necessary for the authorization, execution, delivery and performance of this Agreement, and the performance of all of such Investor's obligations under this Agreement, has been taken or will be taken prior to the Closing.

(b) This Agreement, when executed and delivered by such Investor, will constitute valid and legally binding obligations of the Investor, enforceable in accordance with their terms except: (i) to the extent that the indemnification provisions contained in this Agreement may be limited by applicable law and principles of public policy, (ii) as limited by applicable bankruptcy, insolvency, reorganization, moratorium and other laws of general application affecting enforcement of creditors' rights generally and (iii) as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies or by general principles of equity.

4.10 Brokers or Finders. Such Investor has not engaged any brokers, finders or agents, and neither the Company nor such Investor has, nor will, incur, directly or indirectly, as a result of any action taken by such Investor, any liability for brokerage or finders' fees or agents' commissions or any similar charges in connection with this Agreement.

4.11 Legends. Such Investor understands and agrees that the Warrants and the certificates evidencing the Shares or any other securities issued in respect of the Shares upon any stock split, stock dividend, recapitalization, merger, consolidation or similar event, shall bear the legends required by the other Agreements, including legends relating to restrictions on transfer under federal and applicable state securities laws and restrictions on transfer set forth in this Agreement.

4.12 Foreign Investors. If the Investor is not a United States person (as defined by Section 7701(a)(30) of the Code), the Investor hereby represents that it has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation to subscribe for the Shares or any use of this Agreement, including (i) the legal

requirements within its jurisdiction for the purchase of the Shares and Warrants, (ii) any foreign exchange restrictions applicable to such purchase, (iii) any governmental or other consents that may need to be obtained, and (iv) the income tax and other tax consequences, if any, that may be relevant to the purchase, holding, redemption, sale, or transfer of the Shares. The Investor's subscription and payment for and continued beneficial ownership of the Shares and Warrants will not violate any applicable securities or other laws of the Investor's jurisdiction.

4.13 Exculpation Among Investors . Each Investor acknowledges that it is not relying upon any individual, corporation, partnership, association, trust, any unincorporated organization or any other entity, other than the Company and its officers and directors, in making its investment or decision to invest in the Company and to execute this Agreement and the other Agreements. Each Investor agrees that no Investor nor the respective controlling persons, officers, managers, directors, partners, agents or employees of any Investor shall be liable for any action taken or omitted to be taken by any of them in connection with this Agreement and the other Agreements.

4.14 Residence . If the Investor is an individual, then the Investor resides in the state or province identified in the address of the Investor set forth on Exhibit A ; if the Investor is a partnership, corporation, limited liability company or other entity, then the office or offices of the Investor in which its principal place of business is, is identified in the address or addresses of the Investor set forth on Exhibit A .

SECTION 5

(a) Representations and Warranties . The representations and warranties made by the Company in Section 3 above shall be true and correct as of the date hereof, except to the extent such representations and warranties address matters as of a particular date or period, in which case such representations and warranties shall be true and correct as of such date or period and with the same force and effect as if they had been made as of that date.

(b) Covenants . The Company shall have performed or complied with all covenants, agreements and conditions contained in this Agreement on or prior to the Closing.

(c) Legal Investment . The sale and issuance of the Shares and Warrants shall be legally permitted by all laws and regulations to which the Company and the Investors are subject. (iv) a stock certificate representing Shares; and

(v) an executed Warrant.

SECTION 6

Conditions to Company's Obligation to Close

The Company's obligation to sell and issue Shares at the Closing is subject to the fulfillment on or before the Closing of the conditions set forth below, unless waived by the Company. The conditions to the Company's obligations hereunder apply with respect to each Investor separately, and the failure of a condition to be satisfied with respect to any Investor will not affect the Company's obligations with respect to any other Investor.

6.1 Representations and Warranties. The representations and warranties made by each Investor purchasing Shares and Warrants at the Closing shall be true and correct as of the date of the Closing.

6.2 Covenants. Each Investor shall have performed or complied with all covenants, agreements and conditions contained in this Agreement on or prior to the Closing Date.

7.2 Indemnification by the Company.

(a) From and after the Closing, the Company (but not the officers or directors of the Company on an individual basis) will defend and indemnify each of the Investors and their officers, directors, managers, members, partners, stockholders, attorneys, representatives, agents and employees (each, an " **Indemnified Party** ") against, and hold each Indemnified Party harmless from, all actually incurred losses, demands, actions, causes of action, assessments, damages, liabilities, costs or expenses including, without limitation, interest, penalties, fines, fees, deficiencies, claims of damage, reasonable attorneys' and other professional fees and expenses incurred in the investigation, prosecution, defense or settlement thereof (collectively, the " **Losses** ") (i) arising out of or in any way based on any breach of any warranty, representation, covenant or obligation of the Company set forth in this Agreement or (ii) which may be sustained or suffered by any such Indemnified Party solely in their capacity as or as a result of any action taken or omitted to be taken by them as a stockholder of the Company,

without regard to any investigation by any of the Indemnified Parties, based upon, arising out of, by reason of or otherwise in respect of or in connection with third party or governmental claims under the Securities Act, the Securities Exchange Act of 1934, as amended, or other federal or state statutory law or regulation, at common law or otherwise, including, without limitation, any third party or governmental claim alleging so called control person liability or securities law liability; *provided* , *however* , that the Company will not be liable to the extent that such Losses arise from and are based on (A) an untrue statement or omission or alleged untrue statement or omission in a registration statement or prospectus which is made in reliance on and in conformity with written information furnished to the Company by or on behalf of such Indemnified Party expressly for use therein, or (B) conduct by an Indemnified Party which constitutes fraud.

(b) Nothing contained in this Section 7 shall limit in any manner any remedy at law or in equity to which an Indemnified Party shall be entitled against the Company including, without limitation, as a result of fraud or intentional misrepresentation by the Company or any of their representatives or agents. Any indemnification payment made by the Company to any Investor pursuant to this Section 7.2 shall be treated for federal, state and local tax purposes as an adjustment to the price paid by such Investor for the Shares.

(c) Notwithstanding anything to the contrary contained herein, the indemnification liability of the Company with respect to any Indemnified Party shall not exceed in any event the aggregate dollar amount invested by the respective Investor in the Company.

7.3 Notification by Indemnified Party . The Indemnified Party shall give written notice to the Company promptly after such Indemnified Party has knowledge of any claim, action, proceeding or investigation as to which indemnity may be sought. The Company shall be entitled to assume the defense of any such claim, action, proceeding or investigation, including the employment of counsel and the payment of all fees and expenses. The Indemnified Party shall have the right to employ separate counsel in connection with any such claim, action, proceeding or investigation and to participate in the defense thereof, but the reasonable fees and expenses of such counsel shall be paid by the Indemnified Party, except in the following circumstances in which case the Company shall pay all reasonable fees and expenses of counsel employed by the Indemnified Party: (a) the Company declines or fails to assume the defense of any such claim, action, proceeding or investigation and the Indemnified Party then employs counsel to assume the defense thereof; or (b) if it is likely that the parties to the action or proceeding may include both the Company and the Indemnified Party and representation of both parties by the same counsel would be inappropriate or create a conflict of interest under applicable standards of professional conduct.

SECTION 8

Miscellaneous

8.1 Use of Proceeds . Unless otherwise consented to in advance and in writing by the Investors holding a majority of the Shares issued pursuant to this Agreement, the proceeds from the sale of Shares to the Investors will be used by the Company for working capital and capital expenditures.

8.2 Amendment . Except as expressly provided herein, neither this Agreement nor any term hereof may be amended, waived, discharged or terminated other than by a written instrument referencing this Agreement and signed by the Company and the holders of seventy-five percent (75%) of the shares of Super Senior Redeemable Preferred Stock then outstanding. Notwithstanding the foregoing, this Agreement may not be amended or terminated and the observance of any term hereof may not be waived with respect to any Investor without the written consent of such Investor (i) unless such amendment, termination, or waiver applies to all Investors in the same fashion, or (ii) if such amendment, termination, or waiver shall require such Investor to loan or invest additional amounts without the prior written consent of such Investor.

8.3 Notices . All notices and other communications required or permitted hereunder shall be in writing and shall be mailed by registered or certified mail, postage prepaid, sent by facsimile or otherwise delivered by hand or by messenger addressed:

(a) if to the Company, one copy should be sent to its address or facsimile number set forth on the signature pages hereof and addressed to the attention of the Chief Executive Officer, or at such other address or facsimile number as the Company shall have furnished to the Investors, with a copy (which shall not constitute notice) to H. David Henken, Esq., Goodwin Procter LLP, Exchange Place, 53 State Street, Boston, MA 02109;

(b) if to an Investor, at the Investor's address, facsimile number or electronic mail address as shown in the Company's records, as may be updated in accordance with the provisions hereof, with, (i) in the case of Element, a copy (which shall not constitute notice) to Andrew Hamilton, Morgan, Lewis & Bockius LLP, 1701 Market Street, Philadelphia, PA 19103; and (ii) in the case of Angeleno, a copy (which shall not constitute notice) to Masood Sohaili, Esq., DLA Piper LLP, 2000 Avenue of the Stars, Suite 400, North Tower, Los Angeles, CA 90067; and

(c) if to any other holder of any Shares at such address, facsimile number or electronic mail address as shown in the Company's records, or, until any such holder so furnishes an address, facsimile number or electronic mail address to the Company, then to and at the address of the last holder of such Shares for which the Company has contact information in its records.

Each such notice or other communication shall for all purposes of this Agreement be treated as effective or as having been given: (a) upon delivery, if personally delivered; (b) three (3) business days after pre-paid deposit for next business day delivery with a commercial courier service (*e.g.* , DHL or FedEx); (c) five (5) business days after deposit, postage pre-paid, with first class airmail (which airmail must be certified or registered); or (d) upon confirmation of facsimile transfer or electronic mail when sent by facsimile or electronic mail, with a confirmation copy delivered by one of the other acceptable means of delivery.

8.4 Expenses .

The Company and the Investors shall each pay their own fees and expenses in connection with the transactions contemplated by this Agreement; provided , however , that the Company

shall, within ten (10) days of presentment of an invoice, reimburse the reasonable fees and expenses of Morgan, Lewis & Bockius, LLP and such other out-of-pocket fees and expenses of the Investors, including, without limitation, any legal, accounting, consulting and general due diligence expenses, subject to a maximum aggregate amount of Five Thousand Dollars ($5,000.00).

8.5 Entire Agreement. This Agreement (including the Exhibits hereto), the Warrant and the Restated Certificate constitute the full and entire understanding and agreement among the parties hereto with regard to the subjects hereof and thereof, and no party shall be liable or bound to any other party in any manner with regard to the subjects hereof or thereof by any warranties, representations or covenants except as specifically set forth herein or therein.

8.6 Delays or Omissions. Except as expressly provided herein, no delay or omission to exercise any right, power or remedy accruing to any party to this Agreement upon any breach or default of any other party under this Agreement shall impair any such right, power or remedy of such non-defaulting party, nor shall it be construed to be a waiver of any such breach or default, or an acquiescence therein, or of or in any similar breach or default thereafter occurring, nor shall any waiver of any single breach or default be deemed a waiver of any other breach or default theretofore or thereafter occurring. Any waiver, permit, consent or approval of any kind or character on the part of any party of any breach or default under this Agreement, or any waiver on the part of any party of any provisions or conditions of this Agreement, must be in writing and shall be effective only to the extent specifically set forth in such writing. All remedies, either under this Agreement or by law or otherwise afforded to any party to this Agreement, shall be cumulative and not alternative.

8.7 Governing Law. This Agreement shall be governed in all respects by and construed under the internal laws of the State of Delaware as applied to agreements entered into by and among Delaware residents while located in Delaware and that are to be performed entirely within Delaware, without regard to principles of conflicts of law.

8.8 Jurisdiction; Venue. The parties (a) hereby irrevocably and unconditionally submit to the jurisdiction of the federal and state courts located within the geographic boundaries of the United States District Court for the District of Delaware for the purpose of any suit, action or other proceeding arising out of or based upon this Agreement, (b) agree not to commence any suit, action or other proceeding arising out of or based upon this Agreement except in the federal and state courts located within the geographic boundaries of the United States District Court for the District of Delaware, and (c) hereby waive, and agree not to assert, by way of motion, as a defense, or otherwise, in any such suit, action or proceeding, any claim that it is not subject personally to the jurisdiction of the above-named courts, that its property is exempt or immune from attachment or execution, that the suit, action or proceeding is brought in an inconvenient forum, that the venue of the suit, action or proceeding is improper or that this Agreement or the subject matter hereof may not be enforced in or by such court.

8.9 Waiver of Jury Trial. EACH OF THE PARTIES TO THIS AGREEMENT HEREBY VOLUNTARILY AND IRREVOCABLY WAIVES TRIAL BY JURY IN ANY ACTION OR OTHER PROCEEDING BROUGHT IN CONNECTION WITH

THIS AGREEMENT, ANY OF THE OTHER AGREEMENTS OR ANY OF THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY.

8.10 Equitable Remedies. The parties hereto agree that irreparable harm would occur in the event that any of the terms and provisions of this Agreement were not performed fully by the parties hereto in accordance with their specific terms or conditions or were otherwise breached, and that money damages are an inadequate remedy for breach of this Agreement because of the difficulty of ascertaining and quantifying the amount of damage that will be suffered by the parties hereto in the event that this Agreement is not performed in accordance with its terms or conditions or is otherwise breached. It is accordingly hereby agreed that each of the parties hereto shall be entitled to seek an injunction or injunctions to restrain, enjoin and prevent breaches of this Agreement by the other parties and to enforce specifically the terms and provisions of this Agreement in any court of the United States or any state having jurisdiction, such remedy being in addition to and not in lieu of, any other rights and remedies to which the parties are entitled to at law or in equity.

8.11 Severability. Unless otherwise expressly provided herein, the rights of the Investors hereunder are several rights, not rights jointly held with any of the other Investors. In the event that any provision of this Agreement becomes or is declared by a court of competent jurisdiction to be illegal, unenforceable or void, this Agreement shall continue in full force and effect without said provision, and the parties agree to negotiate, in good faith, a legal and enforceable substitute provision which most nearly effects the parties' intent in entering into this Agreement.

8.12 Titles and Subtitles. The titles and subtitles used in this Agreement are used for convenience only and are not to be considered in construing or interpreting this Agreement. All references in this Agreement to sections, paragraphs, exhibits and schedules shall, unless otherwise provided, refer to sections and paragraphs hereof and exhibits and schedules attached hereto.

8.13 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be enforceable against the parties actually executing such counterparts, and all of which together shall constitute one instrument.

8.14 Telecopy Execution and Delivery. A facsimile, telecopy or other reproduction of this Agreement may be executed by one or more parties hereto, and an executed copy of this Agreement may be delivered by one or more parties hereto by facsimile or similar electronic transmission device pursuant to which the signature of or on behalf of such party can be seen, and such execution and delivery shall be considered valid, binding and effective for all purposes. At the request of any party hereto, all parties hereto agree to execute and deliver an original of this Agreement as well as any facsimile, telecopy or other reproduction hereof.

8.15 Further Assurances. Each party hereto agrees to execute and deliver, by the proper exercise of its corporate, limited liability company, partnership or other powers, all such other and additional instruments and documents and do all such other acts and things as may be necessary to more fully effectuate this Agreement.

8.16 Successors and Assigns . This Agreement may not be assigned by any party hereto without the prior written consent of each of the other parties hereto. Except as otherwise provided herein, the terms and conditions of this Agreement shall inure to the benefit of and be binding upon the respective successors and permitted assigns of the parties (including transferees of any Shares). Nothing in this Agreement, express or implied, is intended to confer upon any party other than the parties hereto or their respective successors and permitted assigns any rights, remedies, obligations, or liabilities under or by reason of this Agreement, except as expressly provided in this Agreement.

8.17 Aggregation of Stock . All Shares held or acquired by affiliated entities or persons (including but not limited to: (a) a constituent partner or a retired partner of an Investor that is a partnership; (b) a parent, subsidiary or other affiliate of an Investor that is a corporation; (c) an immediate family member living in the same household, a descendant, or a trust therefore, in the case of an Investor who is an individual; (d) a member of an Investor that is a limited liability company or (e) funds under common management) shall be aggregated together for the purpose of determining the availability of any rights under this Agreement.

SUPPLY AGREEMENT

This **SUPPLY AGREEMENT** (" **Agreement** ") is entered into as of the December 21, 2011 (" **Effective Date** "), by and between **GENERAL ELECTRIC INTERNATIONAL, INC.** , a Delaware corporation, through its **GE ENERGY BUSINESS** , having a principal place of business at 4200 Wildwood Parkway, Atlanta, GA 30339 (" **GEE** " or " **Buyer** ") and **TPI Kompozit Kanat Sanayi ve Ticaret A.S.** , a **Turkey** corporation, having a principal place of business at 1.Sokak No:66 Sasah, 35621 Çiğli İzmir, Türkiye (" **Seller** ").

1. Buyer PURCHASES

This Agreement provides for the manufacturing, sale and delivery by Seller and the purchase by Buyer or any of its "Affiliates" (defined below) of those goods (" **Components** ") specified in Appendix 1 during the Term of this Agreement at the prices agreed to in this Agreement. "Affiliate" with respect to Buyer means any entity, including without limitation, any individual, corporation, company, partnership, limited liability company or group, that directly, or indirectly through one or more intermediaries, controls, is controlled by or is under common control with Buyer. All purchases under this Agreement are subject to issuance of firm purchase orders (" **POs** " or " **Orders** ") by Buyer pursuant to **GE ENERGY EUROPE TERMS OF PURCHASE REV.H** (the " **GEE Purchase Terms** "), which are attached to this Agreement as Appendix 2 and incorporated herein by reference, and any agreed updates, changes and modifications to the same which have been executed by written amendment signed by the parties. All POs, acceptances and other writings or electronic communications between the parties shall be governed by this Agreement. In case of conflict, the following order of precedence will prevail: a) this Supply Agreement; b) Supply Agreement Attachments; c) individual POs; and d) drawings, specifications and related documents specifically incorporated herein by reference.

(a) Subject to Seller being able to meet the established quality, technical and qualification requirements for Components, Buyer shall order and purchase the Minimum Annual Volume of Components specified in Appendix 1. If Buyer does not agree to accept Seller's delivery of the full amount of the Minimum Annual Volume Obligation of Components for which Seller is qualified in a given calendar year and as is specified on Buyer's PO issued as set forth in Appendix I, then the Buyer will issue a PO to Seller no later than March 31 st of the following calendar year the issuance of which shall satisfy Buyers obligation to order the Minimum Annual Volume for that year as referenced in Appendix 1. [...***...].

(b) The parties expressly recognize and agree that "forecasting" is subject to numerous variables and the accuracy of said "forecasting" is not readily predictable. Buyer shall not be liable for providing an inaccurate forecast to Seller. The parties acknowledge and agree that the forecast provided by Buyer in Appendix 1 is Buyer's best estimate of its forecasted requirements for the years shown, is furnished only for planning purposes and does not represent an obligation by Seller to manufacture the quantity of units set forth above or an obligation by Buyer to purchase any corresponding volume of Components from Seller. Buyer makes no guarantee to procure any quantity of Components during the term of this Agreement in excess of the Minimum Annual Volume Obligation. The parties acknowledge that the forecast contained in Appendix 1 is subject to adjustment at any time by Buyer within its sole discretion based on its actual volume, customer and business requirements, and Supplier agrees that it shall not rely on the forecast. Buyer shall use reasonable efforts to provide Supplier any updates to the forecast on a quarterly basis for Supplier's convenience only and Supplier agrees that it shall not rely on these updated non-binding estimates either. Buyer's commitment to order and purchase the Minimum Annual Volume Obligation is dependent on the Seller's continuing ability to meet the established delivery, quality, technical and qualification requirements. Starting on the day after the LD Cap is reached (as set forth in Section 3.1 of the GEE Purchase Terms), Buyer reserves the right to reduce the purchase

commitment without liability to Seller upon, and on a basis commensurate with, any schedule slip for any shipment/delivery dates on POs and/or avail itself any other applicable remedies available to it in this Agreement.

(c) Seller shall be obligated to sell to Buyer, in accordance with the terms of this Agreement the volume of Components equal to the Guaranteed Capacity.

(d) Seller covenants and agrees to (i) possess and maintain the necessary capacity, machinery, personnel and resources to sell to Buyer and (ii) manufacture and sell to Buyer, in accordance with the terms of this Agreement, at least the volume of Components equal to the Guaranteed Capacity and tooling requirements specified in Appendix I. During the term of this Agreement, Seller shall not enter into any contracts that or engage in any activities which would prevent Seller from complying with its obligations to maintain the Guaranteed Capacity Buyer as specified in Appendix 1. For the avoidance of doubt, either party may engage in any current or future business activities with other parties similar to those contemplated hereunder, including, without limitation, Seller manufacturing or storing products similar to the Components for any other customer of Seller; provided, however, that such activities of Seller do not inhibit Seller's ability to comply with or cause Seller violate any term of this Agreement. Neither party shall use the other party's Confidential Information or make or permit copies to be made of such Confidential Information without the Disclosing Party's prior written consent except as expressly provided for in this Agreement and in section 16 of the GEE Purchase Terms.

(e) Buyer shall not have any obligations, or responsibility to make any purchases or payments, as the case may be, pursuant to this Agreement in the event and to the extent Seller is unable, unwilling or incapable of accepting, performing or completing any PO from Buyer for Components, including, without limitation, due to excused or unexcused performance by Seller under any PO issued pursuant to this Agreement, default or other non-compliance by Seller of its obligations under this Agreement. The purchase commitment for the term of this Agreement shall be reduced in an amount commensurate with the circumstances described in the foregoing sentence. In the event that Buyer proposes a new Component during the Term, the parties shall negotiate the pricing for such new Component and incorporate it into Appendix 1 by written amendment to this Agreement, including a qualification schedule, and any related Minimum Annual Volume Obligation. Unless and until Seller fails to meet the agreed qualification schedule or other obligations under this Agreement, Seller shall not be deemed to have failed to meet to the qualification requirements for such Components or otherwise breached the terms of this Section 1(d). In addition, until Seller either meets the qualification requirements for a new Component, or fails to meet such Component qualification schedule as described above, or otherwise materially bleaches this Agreement, the Minimum Annual Volume Obligation shall continue to apply to any existing Components.

(f) Except for Buyer's obligations pursuant to this Section 1, this Agreement does not create any commitment by or obligation upon Buyer to place any minimum percentage or volume of its requirements for Components with Seller. Buyer may terminate this Agreement prior to the stated term without liability in the event of any material breach by Seller of the terms of this Agreement; or as otherwise provided pursuant to the terms of this Agreement. In such event, Buyer shall no longer have any liability for the purchase commitment and may exercise its rights in accordance with the terms of this Agreement.

2. PRICES AND PAYMENT

Prices shall be as stated in the Appendix 1, and shall remain firm for a minimum of one (1) year from the Effective Date. No extra charges of any kind will be allowed unless specifically agreed in writing by Buyer. Buyer reserves the right to renegotiate pricing for quantities ordered in excess of commitments, if any, set forth herein. The Payment Terms are as set forth in Section 2 of the GEE Purchase Terms attached as Appendix 2.

3. TERM AND TERMINATION

(a) Unless extended or unless terminated under this Section 3 or other clause of this Agreement providing termination rights, this Agreement will remain in effect until December 31, 2015 ("Term").

(b) After December 31, 2013, Buyer may terminate this Agreement at any time without cause by giving three hundred and sixty (360) days' prior notice to Seller. Upon termination (other than due to Seller's insolvency or default including failure to comply with the Agreement or any PO issued hereunder), Buyer and Seller shall exercise their rights in accordance with Section 11.1 of the GEE Purchase Terms set forth in Appendix 2. Seller waives all termination claims not specifically reserved in this Agreement.

(c) Either party may terminate this Agreement if the other party commits a material breach of this Agreement that remains uncured thirty (30) days after written notice is delivered to such breaching party. In the event Buyer terminates this Agreement due to Seller's material breach, Buyer may terminate this Agreement, in whole or in part, including any or all POs issued hereunder, without liability consistent with the rights set forth in Sections 3.1 and/or 1 1.2 of the GEE Purchase Terms, or as provided elsewhere in this Agreement.

(d) In the event that, on or before the date that is [...***...] after the Effective Date (the "Financing Termination Date"), Seller has not entered into sufficient financing arrangements with respect to accounts receivable under this Agreement, as determined in Seller's sole reasonable discretion, Seller may terminate this Agreement and any or all issued POs (including any Tooling POs) hereunder without liability or further obligation to Buyer (other than as set forth in subsection (e) below) notwithstanding any contrary provision in this Agreement.

(e) Upon termination of this Agreement for any reason, each party agrees to return all confidential information of the other party or its Affiliates, and Seller agrees to return to Buyer all Buyer-owned tooling, test equipment and other property. Buyer will bear all usual and reasonable costs of the return of such tooling, test equipment and property. Such returned tooling, test equipment and property must be fully functional and undamaged, except for reasonable wear; otherwise, Seller shall bear all costs associated with repair or replacement.

4. NOTICES

All notices under this Agreement shall be deemed to have been effectively given when sent by facsimile or mailed via certified mail return receipt requested, properly addressed to the other party at the address below or at such other address as the party has designated in writing.

5. TOOLING

The parties acknowledge that Buyer is providing the tools, tooling, capital equipment, and fixtures identified on Appendix 4 of this Agreement (collectively, the "Tooling"), and such Tooling is and shall be at all times the sole and exclusive property of Buyer which is currently free and clear of any claims, liens or encumberances and Seller shall ensure that it does not cause or allow the Tooling to be subject to any claims, liens or encumbrances except to the extent that any claim alleges that the design of the Tooling to the extent that the design is provided by Buyer to Seller, infringes the rights of a third party, as that portion of any claim shall not be Seller's

responsibility under this Section 5. Upon any of the Tooling reaching the end of its useful life, and where such Tooling is still necessary for the ongoing manufacture of Components pursuant to this Agreement, Buyer will repair or replace such Tooling at its sole cost and expense except to the extent that such replacement was necessitated by Seller's misuse, abuse, or failure to properly maintain such Tooling in which case the cost of such replacement Tooling shall be borne by both Buyer and Seller in an amount to be negotiated and agreed upon by the parties. Upon any replacement of the Tooling, including by purchase of any replacement Tooling by Buyer from Seller, Appendix 4 shall be deemed to have been amended to reflect that new Tooling.

(a) Upon execution of this Agreement, the Tooling, including any repaired or replaced Tooling or any pan thereof or any materials affixed or attached thereto, shall remain the sole and exclusive property of Buyer.

(b) Without the prior written consent of Buyer, Seller shall not: (i) substitute any Tooling for Buyer's POs, (ii) dispose of, change or move the Tooling from its stated location, or (iii) use the Tooling for any purpose other than to satisfy POs placed by Buyer.

(c) Seller shall conspicuously identify and label each piece of Tooling and, whenever practical, each individual item thereof, as the property of Buyer and shall safely store the Tooling separate and apart from Seller's property.

(d) Seller shall keep the Tooling in a good and safe working condition at its own cost and expense, in its own custody at its place of business, and at all times shall exercise reasonable care and control in using the Equipment so that upon return to Buyer, the Tooling shall be in as good of a working order and in as good of a condition as it was upon delivery, except for reasonable wear and tear. Buyer may enter the premises of Seller at any reasonable time to conduct a physical inventory of the Tooling.

(e) Seller will inspect the Tooling prior to use and will train and supervise its employees in the proper and safe operation of the Tooling. Further, Seller shall release, defend, hold harmless and indemnify Buyer, its directors, officers, employees, agents representatives, successors and assigns from any and all claims, demands, losses, judgments, damages, costs, expenses or liabilities arising from any negligent act or omission of Seller related to the Tooling while it is in Seller's care, custody and/or control.

(f) The Tooling, while in Seller's care, custody and/or control, shall be: (i) held at Seller's risk and (ii) kept insured by Seller: (x) at Seller's expense with loss payable to Buyer in an amount equal to the replacement cost and (y) against loss or damage by fire, flood and other common perils by an insurance company acceptable to Buyer. Seller shall deliver proof of such insurance to Buyer within fifteen (15) days of the signing of this Agreement,

(g) The Tooling shall be subject to removal at Buyer's written request, in which event Seller shall prepare the Tooling for shipment and shall redeliver such Tooling to Buyer in the same condition as originally received, otherwise, Seller shall bear all costs associated with repair or replacement of the Tooling. Buyer will bear all usual and reasonable costs of the return of the Tooling.

6. COMPLIANCE AND GOVERNING OF LAW

Seller represents and warrants that it will comply with all laws applicable to this Agreement, and acknowledges that it has received, reviewed and agrees to follow the ***GE Energy Integrity Guide for Suppliers, Contractors and Consultants*** **set forth in Appendix 5** . The governing law of this Agreement will be as set forth in the applicable GEE Terms of Purchase attached as Appendix 2. All rights of the parties are as set forth in this Agreement.

7. ASSIGNMENT, CHANGE OF CONTROL, WAIVER AND SURVIVAL

(a) Buyer may assign this Agreement to any of its Affiliates. Because performance of this PO is specific to Seller, Seller may assign this Agreement subject to all of Buyers qualification requirements, only upon Buyer's prior written consent, which consent will not be unreasonably withheld. Notwithstanding the foregoing, except with respect to Competitors of Buyer, Seller may assign this Agreement without the written consent of Buyer to a corporation or other business entity in a Change of Control or to a Designated Seller Affiliate. Seller will provide Buyer with written notice of any Change of Control (a "Change of Control Notice") within seven (7) days of such Change of Control, but in no event later than the closing related to such Change of Control. Buyer, without liability other than Buyer's obligations under Section 3(d), may terminate this Agreement (together with all outstanding POs hereunder) without any liability immediately upon giving written notice to Seller where:

(i) Seller fails to provide Buyer with a Change of Control Notice within seven (7) days of such Change of Control, but in no event later than the closing related to such Change of Control;

(ii) upon the closing of such Change of Control if such Change of Control involves an Acquirer who is a Competitor of Buyer; or

(iii) if Seller, an Acquirer or any of their successors or assigns becomes, directly or indirectly, a Competitor of Buyer and in no event will Seller, an Acquirer or any of their successors or assigns be entitled to any termination costs in the event that Buyer exercises its termination rights under this Section.

"Change of Control" means (a) a merger, consolidation, business combination or similar transaction relating to Seller or any entity, including without limitation, any individual, corporation, company, partnership, limited liability company or group, that directly, or indirectly through one or more intermediaries, controls, is controlled by or is under common control with Seller {each a "Designated Seller Affiliate" provided, however, that a [...***...] or less owned entity shall not be deemed a "Designated Seller Affiliate") with any person or entity other than a Designated Seller Affiliate (an "Acquirer"); (b) the sale of [...***...] or more of the voting or capital stock of Seller or any Designated Seller Affiliate to an Acquirer; (c) the sale or transfer of all or any substantial portion of the assets relating to the business of the manufacture of wind turbine blades of Seller or any Designated Seller Affiliate to an Acquirer; or (d) any liquidation or similar extraordinary transaction with respect to Seller or any Designated Seller Affiliate, provided in each case that a Change of Control shall not include: (i) any public offering; or (ii) an internal restructuring of the Seller or a Designated Seller Affiliate in the ordinary course of its business. GE ENERGY INTEGRITY GUIDE FOR SUPPLIERS, CONTRACTORS AND CONSULTANTS

A Message from GE Energy

The General Electric Company and its GE Energy business ("GE") are committed to unyielding Integrity and high standards of business conduct in everything we do, especially in our dealings with GE suppliers, contractors and consultants (collectively "Suppliers"). For well over a century, GE people have created an asset of incalculable value: the company's worldwide reputation for integrity and high standards of business conduct. That reputation, built by so many people over so many years, depends on upholding it in each business transaction we make.

GE bases its Supplier relationships on lawful, efficient and fair practices, and expects its Suppliers to adhere to applicable legal and regulatory requirements in their business relationships, including those with their employees, their local environments, and GE. The quality of our Supplier relationships often has a direct bearing on the quality of our customer relationships. Likewise, the quality of our Suppliers' products and services affects the quality of our own products and services.

To help GE Suppliers understand both: (1) the GE commitment to unyielding Integrity and (2) and the standards of business conduct that all GE Suppliers must meet, GE has prepared this GE Energy Integrity Guide for Suppliers, Contractors and Consultants. Suppliers are expected to collaborate with GE's employees so that those employees can continue to consistently meet these GE integrity commitments.

The Guide is divided into four sections:

- GE Code of Conduct
- GE Compliance Obligations
- Responsibilities of GE Suppliers
- How to Raise an Integrity Concern

Suppliers should carefully review this Guide, including but not limited to the section entitled "Responsibilities of GE Suppliers." Suppliers are responsible for ensuring that they and their employees, workers, representatives and subcontractors comply with the standards of conduct required of GE Suppliers. Please contact the GE manager you work with or any GE Compliance Resource if you have any questions about this Guide or the standards of business conduct that all GE Suppliers must meet.

GE Code of Conduct

GE's commitment to total, unyielding Integrity is set forth in GE's compliance handbook, *The Spirit & The Letter* . The policies set forth in *The Spirit & The Letter* govern the conduct of all GE employees and are supplemented by compliance procedures and guidelines adopted by GE business components. All GE employees must not only comply with the "letter" of the Company's compliance policies, but also with their "spirit."

The "spirit" of GE's Integrity commitment is set forth in the GE Code of Conduct, which each GE employee has made a personal commitment to follow:

- Obey the applicable laws and regulations governing our business conduct worldwide.
- Be honest, fair and trustworthy in all of your GE activities and relationships.
- Avoid all conflicts of interest between work and personal affairs.
- Foster an atmosphere in which fair employment practices extend to every member of the diverse GE community.
- Strive to create a safe workplace and to protect the environment.
- Through leadership at all levels, sustain a culture where ethical conduct is recognized, valued and exemplified by all employees.

No matter how high the stakes, no matter how great the challenge, GE will do business only by lawful and ethical means. When working with customers and Suppliers in every aspect of our business, we will not compromise our commitment to integrity.

GE Compliance Obligations

All GE employees are obligated to comply with the requirements — the "letter"— of GE's compliance policies set forth in *The Spirit & The Letter* . These policies implement the GE Code of Conduct and are supplemented by compliance procedures and guidelines adopted by GE business components and/or affiliates. A summary of some of the key compliance obligations of GE employees follows:

- Maintain secure business records of information, which is protected by applicable privacy regulations, including computer-based information.

SUPPLIER RELATIONSHIPS

- Gain a basic understanding of the key regulators and the regulatory priorities that affect the GE business.
- Promptly report any red flags or potential issues that may lead to a regulatory compliance breach.

WORKING WITH GOVERNMENTS

- Follow applicable laws and regulations associated with government contracts and transactions.
- Be truthful and accurate when dealing with government officials and agencies.
- Require any supplier or subcontractor providing goods or services for GE on a government project or contract to agree to comply with the intent of GE's Working with Governments policy and applicable government contract requirements.
- Do not do business with suppliers or subcontractors that are prohibited from doing business with the government.
- Do not engage in employment discussions with a government employee or former government employee without obtaining prior approval of GE management and counsel.

COMPLYING WITH COMPETITION LAWS

- Never propose or enter into any agreement or understanding with a GE competitor to fix prices, terms and conditions of sale, costs, profit margins or other aspects of the competition for sales to third parties.
- Do not propose or enter into any agreements or understandings with GE customers restricting resale prices.
- Never propose or enter into any agreements or understandings with suppliers that restrict the price or other terms at which GE may resell or lease any product or service to a third party.

ENVIRONMENT, HEALTH & SAFETY

- Conduct your activities in compliance with all relevant environmental and worker health and safety laws and regulations and conduct your activities accordingly.
- Ensure that all new product designs or changes or service offerings are reviewed for compliance with GE guidelines.
- Use care in handling hazardous materials or operating processes or equipment that use hazardous materials to prevent unplanned releases into the workplace or the environment.
- Report to GE management all spills of hazardous materials; any concern that GE products are unsafe; and any potential violation of environmental, health or safety laws, regulations or company practices or requests to violate established EHS procedures.

FAIR EMPLOYMENT PRACTICES

- Extend equal opportunity, fair treatment and a harassment-free work environment to all employees, co-

workers, consultants and other business associates without regard to their race, color, religion, national origin, sex (including pregnancy), sexual orientation, age, disability, veteran status or other characteristic protected by law.

- Ensure proper business continuity plans are prepared for emergencies.
- Screen all customers, suppliers, agents and dealers against terrorist watchlists.
- Report any apparent security lapses.

CONFLICTS OF INTEREST

- Report all personal or family relationships, including those of significant others, with current or prospective suppliers you select, manage or evaluate.
- Do not use GE equipment, information or other property (including office equipment, e-mail and computer applications) to conduct personal or non-GE business without prior permission from the appropriate GE

CONTROLLERSHIP

- Keep and report all GE records, including any time records, in an accurate, timely, complete and confidential manner. Only release GE records to third parties when authorized by GE.
- Follow GE's General Accounting Procedures (GAP), as well as all generally accepted accounting principles, standards, laws and regulations for accounting and financial reporting of transactions, estimates and forecasts.
- Financial statements and reports prepared for or on behalf of GE (including any component or business) must fairly present the financial position, results of operations and/or other financial data for the periods and/or the dates specified.

INSIDER TRADING OR DEALING & STOCK TIPPING

- Never buy, sell or suggest to someone else that they should buy or sell stock or other securities of any company (including GE) while you are aware of significant or material non-public information ("inside information") about that company. Information is significant or material when it is likely that an ordinary investor would consider the information important in making an investment decision.
- Do not pass on or disclose inside information unless lawful and necessary for the conduct of GE business — and never pass on or disclose such information if you suspect that the information will be used for an improper trading purpose.

INTELLECTUAL PROPERTY

- Identify and protect GE intellectual property in ways consistent with the law.
- Consult with GE counsel in advance of soliciting, accepting or using proprietary information of outsiders, disclosing GE proprietary information to outsiders or permitting third parties to use GE intellectual property.
- Respect valid patents, trademarks, copyrighted materials and other protected intellectual property of others; and consult with GE counsel for licenses or approvals to use such intellectual property.

Responsibilities of GE Suppliers

GE will only do business with Suppliers that comply with all applicable legal and regulatory requirements.

Today's regulatory environment is becoming more challenging, subjecting GE and its Suppliers to a growing number of regulations and enforcement activities around the world. This environment requires that GE and its Suppliers continue to be knowledgeable about and compliant with all applicable regulations and committed to regulatory excellence. Suppliers that transact business with GE are also expected to comply with their contractual obligations under any purchase order or agreement with GE and to adhere to the standards of business conduct consistent with GE's obligations set forth in the "GE Compliance Obligations" section of this Guide and to the standards described in this section of the Guide. A Supplier's commitment to full compliance with these standards and all applicable laws and regulations is the foundation of a mutually beneficial business relationship with GE.

GE expects its Suppliers, and any Supplier's subcontractors, that support GE's work with government customers to be truthful and accurate when dealing with government officials and agencies, and adhere strictly to all compliance obligations relating to government contracts that are required to flow down to GE's suppliers.

As stated above, GE requires and expects each GE Supplier to comply with all applicable laws and regulations. Unacceptable practices by a GE Supplier include:

- Minimum Age. Employing workers younger than sixteen (16) years of age or the applicable required minimum age, whichever is higher.
- Forced Labor. Using forced, prison or indentured labor or workers subject to any form of compulsion or coercion or trafficking in persons in violation of the U.S. Government's zero tolerance policy or other applicable laws or regulations.
- Environmental Compliance. Lack of commitment to observing applicable environmental laws and regulations. Actions that GE will consider evidence of a lack of commitment to observing applicable environmental laws and regulations include:
- Failure to maintain and enforce written and comprehensive environmental management programs, which are subject to periodic audit.
- Failure to maintain and comply with all required environmental permits.
- Permitting any discharge to the environment in violation of law or issued/required permits or that would otherwise have an adverse impact on the environment.
- Health & Safety. Failure to provide workers a workplace that meets applicable health, safety and security standards.
- Human Rights.
- Failure to respect human rights of Supplier's employees.
- Failure to observe applicable laws and regulations governing wage and hours.
- Failure to allow workers to freely choose whether or not to organize or join associations for the purpose of collective bargaining as provided by local law or regulation.
- Failure to prohibit discrimination, harassment and retaliation.
- Code of Conduct. Failure to maintain and enforce GE policies requiring adherence to lawful business practices, including a prohibition against bribery of government officials.
- Business Practices and Dealings with GE, Offering or providing, directly or indirectly, anything of value, including cash, bribes, gifts, entertainment or kickbacks, to any GE employee, representative or customer or to any government official in connection with any GE procurement, transaction or business dealing. Such prohibition includes the offering or providing of any consulting, employment or similar position by a Supplier to any GE employee (or their family member or significant other) involved with a GE procurement. GE also prohibits a GE Supplier from offering or providing GE employees, representatives or customers or any government officials with any gifts or entertainment, other than those of nominal value to commemorate or recognize a particular GE Supplier business transaction or activity. In particular, a GE Supplier shall not offer, invite or permit GE employees and representatives to participate in any Supplier or Supplier-sponsored contest, game or promotion.

- Business Entertainment of GE Employees and Representatives. Failure to respect and comply with the business entertainment (including travel and living) policies established by GE and governing GE employees and representatives. A GE Supplier is expected to understand the business entertainment policies of the applicable GE business component or affiliate before offering or providing any GE employee or representative any business entertainment. Business entertainment should never be offered to a GE employee or representative by a Supplier under circumstances that create the appearance of an impropriety.
- Collusive Conduct and GE Procurements. Sharing or exchanging any price, cost or other competitive information or the undertaking of any other collusive conduct with any other third party to GE with respect to any proposed, pending or current GE procurement.
- Intellectual Property and Other Data and Security Requirements, Failure to respect the intellectual and other property rights of others, especially GE. In that regard, a GE Supplier shall:

- Only use GE information and property (including tools, drawings and specifications) for the purpose for which they are provided to the Supplier and for no other purposes.
- Take appropriate steps to safeguard and maintain the confidentiality of GE proprietary information, including maintaining it in confidence and in secure work areas and not disclosing it to third parties (including other customers, subcontractors, etc.) without the prior written permission of GE.
- If requested by GE, only transmit information over the Internet on an encrypted basis.
- Observe and respect all GE patents, trademarks and copyrights and comply with such restrictions or prohibitions on their use as GE may from time-to-time establish.
- Comply with all applicable rules concerning cross-border data transfers.
- Maintain all personal and sensitive data, whether of GE employees or its customers in a secure and confidential manner, taking into account both local requirements and the relevant GE policies provided to the Supplier.

- Trade Controls & Customs Matters. The transfer of any GE technical information to any third party without the express, written permission of GE. Failure to comply with all applicable trade control laws and regulations in the import, export, re-export or transfer of goods, services, software, technology or technical data including any restrictions on access or use by unauthorized persons or entities, and failure to ensure that all invoices and any customs or similar documentation submitted to GE or governmental authorities in connection with transactions involving GE accurately describe the goods and services provided or delivered and the price thereof.
- Use Of Subcontractors or Third Parties to Evade Requirements. The use of subcontractors or other third parties to evade legal requirements applicable to the Supplier and any of the standards set forth in this Guide.

The foregoing standards are subject to modification at the discretion of GE. Please contact the GE manager you work with or any GE Compliance Resource if you have any questions about these standards and/or their application to particular circumstances. Each GE Supplier is responsible for ensuring that its employees and representatives understand and comply with these standards. GE will only do business with those Suppliers that comply with applicable legal and regulatory requirements and reserves the right, based on its assessment of information available to GE, to terminate, without liability to GE, any pending purchase order or contract with any Supplier that does not comply with the standards set forth in this section of the Guide.

How to Raise an Integrity Concern

Subject to local laws and any legal restrictions applicable to such reporting, each GE Supplier is expected to promptly inform GE of any Integrity concern involving or affecting GE, whether or not the concern involves the Supplier, as soon as the Supplier has knowledge of such Integrity concern. A GE Supplier shall also take such steps as GE may reasonably request to assist GE in the investigation of any Integrity concern involving GE and the Supplier.

I. Define your concern; Who or what is the concern? When did it arise? What are the relevant facts?

II. Prompt reporting is crucial - an Integrity concern may be raised by a GE Supplier as follows:

- By discussing it with a cognizant GE Energy Manager;
- By calling the GE Energy Integrity Helpline at +[...***...] or the GE Corporate Integrity Helpline at +[...***...] or +[...***...];
- By emailing [...***...]; or
- By contacting any Compliance Resource (e.g., GE legal counsel or auditor). A GE Compliance Resource will promptly review and investigate the concern.

III. GE Policy forbids retaliation against any person reporting an Integrity concern.

U.S.A. (" **GE** "). GE and Guarantor are individually referred to herein as a "Party" and collectively as the "Parties."

RECITALS:

WHEREAS , TPI KOMPOZIT KANAT SANAYI VE TICARET A.S, a Turkey joint stock company (" **Subsidiary** ") is a joint venture, with Guarantor as the majority indirect owner (through three subsidiaries) owning seventy five percent (75%) of Subsidiary;

WHEREAS , on or about December 21, 2011, GE and Subsidiary entered into the Supply Agreement dated December 21, 2011, and five subsequent amendments thereto: that First Amendment to Supply Agreement dated January 20, 2012, that Second Amendment to Supply Agreement dated February 4, 2012, that Third Amendment to Supply Agreement dated February 13, 2012, that Fourth Amendment to Supply Agreement dated February 20, 2012, that Fifth Amendment to Supply Agreement dated March 9, 2012, and that Sixth Amendment to Supply Agreement dated March 14, 2012 (collectively hereinafter the " **Supply Agreement** ") related to the purchase of Components (as that term is defined in the Supply Agreement) by GE and its Affiliates (as that term is defined in the Supply Agreement) from Subsidiary;

WHEREAS , pursuant to Section 6B of the Supply Agreement, GE agreed to provide Subsidiary with an Advance Payment (as defined in the Supply Agreement);

WHEREAS , to induce GE to enter into that Sixth Amendment to Supply Agreement where GE agreed to provide Subsidiary with the Advance Payment, Guarantor has agreed to provide GE with this Guaranty.

WHEREAS , as a condition precedent to GE's providing Subsidiary with the Advance Payment, the owners of the stock of Subsidiary have each separately pledged their stock in the Subsidiary pursuant to two stock pledge agreements (the " **TPI Pledge Agreement** " and the " **ALKE Pledge Agreement** " and together with the TPI Pledge Agreement, the " **Pledge Agreements** "), (the "Guaranty," and "Pledge Agreements" together with the Supply Agreement are collectively referred to herein as the " **Agreements** ")) to secure Subsidiary's re-payment of the Advance Payment;

NOW, THEREFORE , in consideration of the premises and mutual covenants set forth herein, the Parties hereto agree as follows:

1. Guarantor hereby irrevocably and unconditionally guarantees to GE timely payment and performance by the Subsidiary of the Advance Payment (also referred to as the " **Indebtedness** ") due or to become due, now or hereafter arising pursuant to and in accordance with Section 6B of the Supply Agreement (hereinafter the " **Guaranteed Obligations** "). In addition, Guarantor shall pay to GE on demand all costs and expenses (including attorneys' fees) incurred by GE in connection with protecting, preserving maintaining and/or enforcing any or all of the terms of this Guaranty (the " **Costs and Fees** " and the Guaranteed Obligations and the Costs and Fees are sometimes referenced herein, collectively, as the " **Obligations** ").

2. (a) This is a guaranty of payment and performance, not of collection, and the GE shall not be required, as a condition of Guarantor's liability, to pursue any of its rights against the Subsidiary, or to pursue any rights which may be available to it with respect to any other person who may be liable for the payment of the Obligations. Upon receipt of written notice, during the continuation of an Event of Default, (defined below in Section 11) from a

duly authorized officer of GE requiring Guarantor to do so, Guarantor shall truly perform, or cause to be performed, any such Obligations as thereby required pursuant to and in accordance with the terms and conditions of Section 6B of the Supply Agreement.

(b) This is a primary obligation of Guarantor and is an absolute, unconditional, irrevocable, unlimited and continuing guaranty and will remain in full force and effect until all of the Obligations have been indefeasibly paid in full. Neither this Guaranty nor Guarantor's obligations hereunder will be affected by any future changes, including any change in any applicable law, any surrender, exchange, acceptance, compromise or release by GE of any other party, or any other guaranty or any security held by it for any of the Obligations, any failure of GE to take any steps to perfect or maintain any lien or security interest in or to preserve its rights to any security or other collateral for any of the Obligations or any guaranty, any irregularity, unenforceability, invalidity, avoidance and/or subordination of any of the Obligations or any part thereof or any security or other guaranty thereof, any counterclaim, set-off, deduction or defense based upon any claim Guarantor may have against the Subsidiary or GE or affiliate of GE, any merger, consolidation, liquidation, dissolution, divestiture, winding-up, charter revocation or forfeiture, or other change in, restructuring or termination of the corporate structure or existence of, Guarantor and/or the Subsidiary, or any bankruptcy, insolvency, reorganization or similar proceeding involving or affecting the Subsidiary and/or Guarantor, or any other event or circumstance, whether or not similar to the foregoing, and whether known or unknown, that might otherwise constitute a defense available to, or limit the liability of, Guarantor, it being the intention of Guarantor that only the indefeasible payment of the Obligations in full will satisfy Guarantor's obligations under this Guaranty.

(c) GE at any time and from time to time, without notice to or the consent of Guarantor, and without impairing or releasing, discharging or modifying Guarantor's liabilities hereunder, may: (i) change the manner, place, time or terms of payment or performance of or interest rates on, or other terms relating to, any of the Obligations; (ii) renew, substitute, modify, amend or alter, or grant consents or waivers relating to any of the Obligations, any other guaranties, or any security for any Obligations or guaranties; (iii) apply any and all payments by whomever paid or however realized including any proceeds of any collateral, to any Obligations of the Subsidiary in such order, manner and amount as GE may determine in its sole discretion; (iv) deal with any other person with respect to any Obligations in such manner as GE deems appropriate in its sole discretion; (v) substitute, exchange or release any security or guaranty; or (vi) take such actions and exercise such remedies hereunder as provided herein.

(d) Guarantor hereby consents and agrees that, without notice to or subsequent consent by Guarantor and without affecting or impairing the obligations of Guarantor as herein set forth, GE may, by action or inaction, compromise, settle, waive, extend, refuse to enforce, release (in whole or in part), or otherwise grant indulgences to Subsidiary in respect to any or all of the Obligations and may amend, modify or extend in any manner the Agreements or any other documents or agreements relating to the Obligations other than this Guaranty.

3. Unless otherwise expressly required by applicable law or as set forth in Section 2(a) of this Guaranty, Guarantor hereby waives: (i) notice of acceptance of this Guaranty, (ii) notice of extensions of credit to the Subsidiary from time to time, (iii) notice of default, (iii) diligence, (iv) presentment, (v) notice of dishonor, (vi) protest, (vii) demand for payment, (viii) any defense based upon GE's failure to comply with the notice requirements of the applicable version of Uniform Commercial Code Sections 9-611, 9-612 and/or 9-613, or any predecessor or successor section thereto, (ix) notice of the creation, existence or acquisition of all or any part of the Obligations, (x) notice of consent to any modifications thereof; (xi) notice of adverse change in Subsidiary's financial condition or of any other fact, which might substantially increase GE's risk; (xii) notice of presentment for payment, demand or protest; (xiii) notice thereof as to any instrument, except as otherwise expressly set forth herein; (xiv) notice of Subsidiary's default; and (xv) all other notices and demands to which Guarantor might otherwise be entitled, except as otherwise expressly set forth herein.

4. To the extent permitted by applicable law, Guarantor further waives any and all rights, by statute or otherwise, to require GE to institute suit or otherwise exhaust its rights and remedies against Subsidiary. Guarantor further waives any defense arising by reason of any disability or other defense of Subsidiary or by reason of

cessation of any cause whatsoever of the liability of Subsidiary other than through payment or performance of the Obligations.

5. Guarantor consents and agrees that GE shall be under no obligation to marshal any assets in favor of Guarantor. Moreover, Guarantor covenants to pay all expenses (including Costs and Fees) incurred by GE in connection with defending and enforcing its rights under this Guaranty, except where Guarantor is the prevailing party in a final non-appealable judgment in such litigation.

6. No modification, limitation or discharge of the Obligations arising out of or by virtue of any bankruptcy, reorganization or similar proceeding for relief of debtors under federal or state law will affect, modify, limit or discharge Guarantor's liability in any manner whatsoever and this Guaranty will remain and continue in full force and effect and will be enforceable against Guarantor to the same extent and with the same force and effect as if any such proceeding had not been instituted. The Guarantor waives all rights and benefits, which might accrue to it by reason of any such proceeding and will be liable to the full extent hereunder, irrespective of any modification, limitation or discharge of the liability of the Subsidiary that may result from any such proceeding.

7. If any demand is made at any time upon GE for the repayment or recovery of any amount received by it in payment or on account of any of the Obligations based upon an action for fraudulent transfer or preferential transfer and if GE repays all or any part of such amount by reason of any judgment, decree or order of any court or administrative body or by reason of any settlement or compromise of any such demand, Guarantor will be and remain liable hereunder for the amount so repaid or recovered to the same extent as if such amount had never been received originally by GE and such amount shall be Obligations hereunder. The provisions of this section will be and remain effective notwithstanding any contrary action that may have been taken by Guarantor in reliance upon such payment, and any such contrary action so taken will be without prejudice to GE's rights hereunder and will be deemed to have been conditioned upon such payment having become final and irrevocable.

8. In addition to all liens upon and rights of setoff against the money, securities or other property of Guarantor given to GE by law, GE shall have, with respect to Guarantor's Obligations to GE under this Guaranty and to the extent permitted by law, a contractual right of setoff against all obligations of any type of Subsidiary to GE.

9. The Guarantor irrevocably and indefeasibly waives, for itself and its successors and assigns, any and all rights which the Guarantor may have to (a) claims against the Subsidiary based on subrogation with respect to payments made hereunder, and (b) any realization on any property of the Subsidiary, including participation in any marshaling of the Subsidiary's assets.

10. The Guarantor may not assign or delegate any of its rights or obligations under this Guaranty without the express written consent of GE. No assignment or transfer of this Guaranty shall operate to extinguish or diminish the liability of Guarantor hereunder.

11. The Guarantor agrees to indemnify each of the Guaranteed Party, its directors, officers and employees and each legal entity, if any, who controls the Guaranteed Party (the " **Indemnified Parties** ") and to hold each Indemnified Party harmless from and against any and all third-party claims, damages, losses, liabilities and expenses (including all reasonable fees of one counsel with whom all Indemnified Party may consult and all expenses of litigation or preparation therefor) which any Indemnified Party may incur or which may be asserted against any Indemnified Party as a result of an Event of Default (as defined below) under this Guaranty; provided, however, that the foregoing indemnity agreement shall not apply to claims, damages, losses, liabilities and expenses solely attributable to an Indemnified Party's gross negligence or willful misconduct. The indemnity agreement contained in this Section shall survive the termination of this Guaranty. The Guarantor may participate at its expense in the defense of any such claim. " Event of Default " means any failure by the Guarantor to fulfill its obligations under this Guaranty, which failure remains uncured for a period exceeding 30 days' after the Guarantor's receipt of a notice of the same from GE.

12. The terms and provisions of this Guaranty shall be binding upon and inure to the benefit of the respective heirs, successors and assigns of the Parties.

13. Guarantor represents and warrants that it is a corporation duly organized and that it has full power to enter into this Guaranty; that its execution and delivery hereof has been duly authorized; and that this Guaranty constitutes a legal, valid, and binding obligation of Guarantor enforceable against Guarantor in accordance with its terms.

14. This Guaranty shall be governed by and construed in accordance with the laws of the State of New York U.S.A., excluding only those provisions regarding conflict of laws.

15. DISPUTE RESOLUTION. In the event of any dispute arising out of or in connection with this Guaranty, the parties agree to submit such dispute to settlement proceedings under the Alternative Dispute Resolution Rules (the " **ADR Rules** ") of the International Chamber of Commerce (" **ICC** "). If the dispute has not been settled pursuant to the ADR Rules within forty five (45) days following the filing of a request for ADR or within such other period as the parties may agree in writing, such dispute shall be finally settled under the Rules of Arbitration and Conciliation of the ICC (the " **ICC Rules** ") by one or more arbitrators appointed in accordance with such ICC Rules. The place of arbitration shall be Ney York, New York and proceedings shall be conducted in the English language, unless otherwise stated on the face of this Guaranty. The award shall be final and binding on both Guarantor and GE, and the parties hereby waive the right of appeal to any court for amendment or modification of the arbitrators' award. The prevailing party in any such foregoing action brought by one party against the other will be entitled to reimbursement of its reasonable costs and expenses associated with that legal action, including court costs, arbitration costs and reasonable attorneys' fees.

16. Guarantor irrevocably designates as its agent for service of process to receive on its behalf service of process in the State of New York in respect of any claims under this Guaranty as follows:

"Buyer's Affiliate(s) may place Orders pursuant to the terms and conditions of this Agreement and applicable appendices. The individual Orders shall be concluded directly between Buyer or the relevant Affiliate of Buyer, on the one hand, and Seller, on the other hand. The obligations hereunder related to Buyer's Minimum Annual Volume Obligation as specified in Appendix 1 shall only apply and be binding upon Buyer and not any Affiliate(s) placing Orders; except that (i) any Components purchased by Buyer's Affiliates shall be counted toward Buyer's Minimum Annual Volume Obligation and (ii) any events which, pursuant to the terms of this Agreement, would cause a reduction in Buyer's Minimum Annual Volume Obligation if experienced by Buyer shall reduce Buyer's Minimum Annual Volume Obligation if experienced by an Affiliate. In enforcing its rights under this Agreement and any Order issued hereunder, Seller shall look solely to the purchasing entity, either Buyer, or the applicable Affiliate as the case may be; provided, however that Buyer shall use commercially reasonable efforts to help Seller receive payment by Buyer's Affiliate to the extent that such Buyer's Affiliate fails to pay Seller according to the terms of this Agreement. For avoidance of doubt and subject to the terms herein, Buyer has entered into this Agreement on behalf of itself and on behalf of its Affiliates to an extent that an Affiliate places an Order hereunder. Any Buyer Affiliate placing an Order shall be entitled to all of Buyer's rights and remedies under this Agreement; provided, however, that as between Buyer and Buyer's Affiliate, only Buyer can terminate this Agreement pursuant to Section 3 or assign this Agreement pursuant to Section 7. Except to the extent there is a conflict between this Agreement and an Order placed by a Buyer Affiliate whereby this Agreement shall govern pursuant to this Section 1, nothing precludes a Buyer Affiliate or the Seller from exercising all of its rights and remedies under an Order to which it is a party. Any forecasts provided by Buyer shall include any purchases that would be made by Buyer or a Buyer Affiliate during the applicable time period. Nothing in this section shall reduce Seller's Guaranteed Capacity as specified in Appendix 1."

(B) Section 1(c) of the Supply Agreement is hereby amended by adding the following sentence after the first sentence:

"Notwithstanding the foregoing sentence, Buyer has no obligation under this Agreement to purchase in any calendar year more than Buyer's Minimum Annual Volume Obligation."

(C) Section 2 of the Supply Agreement is hereby amended by inserting the phrase:

"Except as set forth in Appendix 1 or as a result of a change pursuant to Section 6 in the GEE Purchase Terms," at the beginning of the sentence.

SUPPLY AGREEMENT

This **SUPPLY AGREEMENT** ("Agreement") is entered into as of September 6, 2007 ("Effective Date"), by and between GENERAL ELECTRIC INTERNATIONAL, INC., a Delaware corporation, through its GE ENERGY BUSINESS, having a principal place of business at 4200 Wildwood Parkway, Atlanta, GA 30339 ("GEE" or "Buyer"), and TPI Iowa, LLC, a Delaware limited liability company, having a principal place of business at 373 Market Street, Warren, RI 02885 ("Seller").

1. BUYER PURCHASES

(a) Buyer or any of its "Affiliates" (defined below) may purchase any or all of the wind turbine blades ("Components") listed in Appendix 2 during the Term of this Agreement at the prices agreed to in this Agreement. "Affiliate" with respect to either Buyer or Seller means any entity, including, without limitation, any individual, corporation, company, partnership, limited liability company or group, that directly, or indirectly through one or more intermediaries, controls, is controlled by or is under common control with either Buyer or Seller, as applicable; provided, however, that a fifty percent (50%) or less owned entity shall not be deemed an Affiliate of Seller. All purchases under this Agreement are subject to issuance of firm purchase orders ("POs" or "Orders") by Buyer pursuant to GEE's Standard Terms of Purchase (the "GEE Purchase Terms"), incorporated by reference as Appendix 3, and any agreed updates, changes and modifications to the same. All POs, acceptances and other writings or electronic communications between the parties shall be governed by this Agreement. In case of conflict, the following order of precedence will prevail: a) this Supply Agreement; b) Supply Agreement Attachments; c) individual POs; and d) drawings, specifications and related documents specifically incorporated herein by reference.

(b) (i) Buyer will deliver to Seller the Annual Purchase Forecast for the following calendar year. Within twenty-one (21) days of receipt of the Annual Purchase Forecast, Seller will deliver to Buyer a current Bill of Materials for each Component model included in the Annual Purchase Forecast and Price Schedules as set forth in Appendix 2 for the following calendar year. The delivery of Components in a given calendar year during the Term is subject to Buyer delivering to Seller, on or before October 31 of the prior calendar year, POs for its entire forecasted purchase from Seller of Components for such given calendar year (the "October Orders"). Buyer agrees that, to the extent practicable, delivery dates requested in POs will be dates that create a ratable delivery schedule for the Components over the course of a year measured on a weekly basis. Subject to Seller being able to meet the established quality, technical, volume and qualification requirements for Components, starting in 2010 Buyer shall order and purchase a minimum number of Components equal to at least 50% of the Planned Capacity level in each remaining year of the Term.

(ii) In addition to the October Orders, Seller shall accept Orders that increase the Production Facility's utilization up to the Planned Capacity level, provided that delivery schedules in such cases shall be set by Seller so that (A) in circumstances in which utilization is increased up to the next 25% level, Seller shall have up to seventy-five (75) days to increase the line rate to the required utilization level, and (B) in circumstances in which utilization is increased beyond the next 25% level, Seller shall have up to one hundred five (105) days to increase the line rate to the required utilization level. For purposes of this Agreement, line rate shall be measured by reference to the average output of completed Components over a period of five (5) production days.

(iii) With respect to any given calendar year after October Orders have been accepted for such year, if Buyer's additional Orders increase the utilization of the Production Facility to the second 25% increment, then for 9 months following the end of the permitted ramp-up period, Buyer shall be obligated to purchase from Seller enough Components to provide for utilization at such higher level.

(iv) With respect to any given calendar year after October Orders have been accepted for such year, if Buyer's additional Orders increase the utilization of the Production Facility beyond the next 25% increment, then for 12 months following the end of the permitted ramp-up period (any such 9 or 12 month period herein referred to as a "Volume Guarantee Period"), Buyer shall be obligated to purchase from Seller enough Components to provide for utilization at such higher level.

(v) Provided that a Volume Guarantee Period is not in effect, once in any calendar year Buyer may reduce the quantity of Components purchased under the October Orders or otherwise under this Section 1(b) to the next lower 25% increment of utilization of Planned Capacity; Seller shall have up to ninety (90) days after written notification of such decrease from Buyer to reduce the line rate to the new required level. Buyer may not reduce the quantity of Components purchased under the October Orders or otherwise under this Section 1(b) to a level lower than the next lower 25% increment.

(c) The purchase commitment for the Term of the Agreement is further dependent on the Seller's continuing ability to meet the agreed to delivery, quality, technical and qualification requirements. Starting 14 days after the Seller's confirmed delivery date, Buyer may reduce the purchase commitment without liability to Buyer upon schedule slip for: (i) qualification or (ii) from any shipment/delivery dates on POs.

(d) Seller shall be obligated to sell to Buyer, in accordance with the terms of this Agreement, the volume of Components equal to the October Orders applicable to such year. No later than the time Buyer places the Octobers Orders in any given year, Buyer shall either have:

(i) provided Seller with the Tooling (as defined below) required to build the Components set forth in such October Orders, or

(ii) placed orders with Seller for the Tooling, with adequate lead time to build the Components set forth in such October Orders. Any Tooling provided by Buyer to Seller pursuant to this Section 1.must be capable of producing Components that meet the established quality, technical, volume and qualification requirements for Components. Notwithstanding any provision of this Agreement or the GEE Purchase Terms, in calendar year 2008, Buyer shall purchase from Seller, and Seller shall be obligated to sell to Buyer, thirty four (34) sets of wind turbine blades (or one hundred two (102) wind turbine blades) specified in Buyer's drawing number [...***...] and twenty two (22) sets of wind turbine blades (or sixty six (66) wind turbine blades) specified in Buyer's drawing number [...***...], all in accordance with the pricing provisions of this Agreement and subject to delivery dates to be mutually agreed upon by Buyer and Seller. Notwithstanding any provision of this Agreement or the GEE Purchase Terms, in calendar year 2009, Buyer shall purchase from Seller, and Seller shall be obligated to sell to Buyer, a minimum of one hundred sixty three (163) sets of wind turbine blades (or four hundred eighty nine (489) wind turbine blades) specified in Buyer's drawing number [...***...] and a minimum of one hundred sixty three (163) sets of wind turbine blades (or four hundred eighty nine (489) wind turbine blades) specified in Buyer's drawing number [...***...] , all in accordance with the pricing provisions of this Agreement and subject to delivery dates to be mutually agreed upon by Buyer and Seller.

(e) Seller covenants and agrees to possess and maintain the necessary capacity, machinery, personnel and resources to sell to Buyer at least the volume of Components equal to the Planned Capacity level. During the term of this Agreement, Seller shall not enter into any contracts that materially interfere or disrupt the guaranteed capacity as defined above.

(f) Buyer shall not have any obligations, or responsibility to make any purchases or payments, as the case may be, pursuant to this Agreement in the event and to the extent Seller is unable, unwilling or incapable of accepting, performing or completing any PO from Buyer for Components, including, without limitation, due to excused or unexcused performance by Seller under any PO issued pursuant to this Agreement, default or other non-compliance by Seller of its obligations under this Agreement. The purchase commitment for the Term of this Agreement shall be reduced in an amount equal to the number of Components that the Seller is unable, unwilling or incapable of accepting, performing or completing.

(g) Except for Buyer's obligations pursuant to this Section 1, this Agreement does not create any commitment by or obligation upon Buyer to place any minimum percentage or volume of its requirements for Components with Seller. Subject to the other provisions of this Agreement, Buyer may terminate this Agreement prior to the stated term without liability in the event of any breach by Seller of the terms of this Agreement and as otherwise provided pursuant to the terms of this Agreement, including its attachments. In such event, except as set forth in the other provisions of this Agreement, Buyer shall no longer have any liability for the purchase commitment and shall exercise its rights in accordance with the GEE Purchase Terms set forth in Appendix 3.

2. PRICES AND PAYMENT

(a) Pricing shall be as stated in Appendix 2, Price Schedules, and shall remain firm for the term of such Price Schedules. No extra charges of any kind will be allowed unless specifically agreed to in writing by Buyer. Unless otherwise stated on the face of the Purchase Order, payment terms [...***...] from the Payment Start Date (defined below). The Payment Start Date is the later of the required date identified on the Purchase Order, the received date of the goods or services in Buyer's receiving system, or the date of receipt of valid invoice by Buyer. The received date of the goods in Buyer's receiving system shall occur as set forth in Section 2 "Prices and Payments" of Appendix 3. All payments due from Buyer and not paid [...***...] the Payment Start Date will accrue interest [...***...]; such interest will be simple interest, calculated for each day elapsed in a given month.

(b) (i) Price Schedules will be issued by Seller along with the Bills of Materials and, except as set forth below, remain firm for such production year until the issuance of the next October Orders by Buyer. The price per Component produced during a calendar year will be stated in the Price Schedules.

(ii) In circumstances in which Section 1(b)(iii) applies, Price Schedules as set forth in Appendix 2 [...***...] at such time that the Seller achieves the required line rate for the new utilization level.

(iii) In circumstances in which Section 1(b)(iv) applies, Price Schedules [...***...] at such time that the Seller achieves the required line rate for the new utilization level.

(iv) In circumstances in which Section 1(b)(v) applies and Seller has been notified in writing of Buyer's reduction of the volume of components ordered Price Schedules for all Components delivered in such year [...***...] at such time that the Seller reduces production to the required line rate for the new utilization level.

(v) If in placing the October Orders Buyer […***…] in Section 1(b)(i), Price Schedules for all Components delivered in the year corresponding to the October Orders [...***...]

[...***...]. If Buyer places no Orders for any given year, Buyer shall pay to Seller on a quarterly basis, by the end of each quarter in such calendar year, […***…] assuming that the Components that would have been manufactured in such year would be the same Components that were manufactured in the immediately preceding year.

(c) Seller will invoice Buyer promptly after the delivery of Components to the Storage Facility. Payments will be in U.S. dollars (USD) to an account designated by Seller.

3. TERM AND TERMINATION

(a) Unless extended or unless terminated under this Section 3, this Agreement will remain in effect until December 31, 2015 (the "Term").

(b) After July 1, 2013, Buyer may terminate this Agreement at any time without cause by giving fifteen (15) days' prior written notice to Seller, provided that Buyer shall: (i) pay to Seller in one lump sum the applicable termination for convenience premium set forth in Appendix 4; and (ii) reimburse Seller for all purchased, non-returnable raw materials consistent with the current Annual Purchase Forecast plus any work in process for Components with respect to which production has commenced at the time of termination for which POs have been placed, less any outstanding Advance, after which the Advance shall be deemed to have been paid in full. Seller waives all termination claims not specifically reserved in this Agreement.

(c) Either party may terminate this Agreement if the other party commits a material breach of this Agreement that remains uncured thirty (30) days after written notice detailing such breach is delivered to such breaching party, including, but not limited to, Seller's failure to timely repay the Advance. In the event Buyer terminates this Agreement due to Seller's material breach, Buyer may terminate this Agreement, in whole or in part, including any or all POs issued hereunder, without liability consistent with the foregoing and the rights set forth in Section 11 of the GEE Purchase Terms, attached as Appendix 3. Any failure by Seller to deliver Components to the Storage Facility in accordance with the schedule identified at the time a PO is accepted shall not be deemed a material breach of this Agreement until [...***...] after such due date. In the event that Buyer provides notice of a material breach to Seller for late delivery of components, Seller will deliver to Buyer a written plan for the remediation of the material breach, for late delivery ("Late Delivery Remediation Plan") which will include a date by which Seller plans to fully remediate such material breach (the "Late Delivery Remediation Target Date"). In the case of a failure by Seller to deliver Components to the Storage Facility in accordance with the schedule identified at the time a PO is accepted that continues for at least [...***...], such Late Delivery Remediation Target Date shall be no later than [...***...]. Buyer must then accept or reject Seller's Late Delivery Remediation Plan in writing. If Buyer accepts Seller's Late Delivery Remediation Plan, Buyer's right to terminate this Agreement and/or recover damages with respect to the material breach for late delivery will be tolled until the Remediation Target Date; and if actual, full remediation of the material breach for late delivery is achieved, then Buyer's right to terminate this Agreement and/or recover damages with respect to such material breach shall terminate. If Buyer rejects Seller's Late Delivery Remediation Plan, the parties must then undertake to resolve the breach and any related conflict pursuant to the conflict resolution procedures of this Agreement, which will toll Buyer's right to terminate this Agreement and/or recover damages with respect to the material breach until completion of the conflict resolution procedures. If Buyer does not respond to Seller's Late Delivery Remediation Plan within ten (10) days of its proposal, Buyer will be deemed to have accepted Seller's Late Delivery Remediation Plan. In the case of a failure by Seller to deliver Components to the Storage Facility in accordance with the schedule identified at the time a PO is accepted that continues for

[...***...], if Seller fails to fully remediate its failure to deliver Components by the Late Delivery Remediation Target Date, then [...***...], the Buyer may elect in a writing delivered to Seller to terminate this Agreement.

(d) Upon termination of this Agreement for any reason, each party agrees to return to the other all confidential information belonging to such party or any Affiliate of such party (unless any Affiliate of such party has a separate contractual right to maintain such confidential information belonging to the other party), and Seller agrees to return to Buyer all Buyer-owned tooling, test equipment and other property. Buyer will bear all usual and reasonable costs of the return of such tooling, test equipment and property. Such returned tooling, test equipment and property must be fully functional and undamaged, except for reasonable wear, otherwise Seller shall bear all costs associated with repair or replacement.

(e) Intentionally deleted.

(f) All provisions or obligations contained in this Agreement, which by their nature or effect are required or intended to be observed, kept or performed after termination or expiration of the Agreement will survive and remain binding upon and for the benefit of the parties, their successors (including, without limitation, successors by merger) and permitted assigns including, without limitation, Buyer's obligation to make any payment of any amounts owed on or prior to the date of termination or expiration and Sections 9 and 16 of the Supply Agreement and Sections 4, 5, 8, 9, 12, 15, 16, 17, 22 and 25 of Appendix 3.

Upon completion of each Mold and acceptance by Buyer, Seller warrants that title in such Mold and/or Seller Provided Tooling shall automatically transfer to Buyer free and clear of any of and all liens, claims and encumbrances per the following schedule:

At any time after title transfer to Buyer or complete payment by Buyer to Seller of any piece of Seller Provided Tooling, Seller shall, upon request from Buyer, execute and deliver to Buyer such bills of sale, instruments of conveyance, certificates or other documentation and take such other actions as Buyer may reasonably request in order to confirm and complete transfer ownership of such Seller Provided Tooling from Seller to Buyer.

In addition, Buyer may provide to Seller tooling, tools or capital equipment determined by Buyer and Seller to be suitable for use in the Production Facility and Storage Facility ("Buyer Provided Tooling"). The Buyer Provided Tooling and the Seller Provided Tooling are collectively referred to herein as the "Tooling". Buyer will pay all shipping, transport costs, duties, value added taxes and any other applicable taxes with respect to relocating all Tooling and installing it at the Production Facility. The Buyer Provided Tooling is and shall be at all times the sole and exclusive property of Buyer.

(b) Upon any of the Tooling reaching the end of its useful life and assuming that such Tooling is still necessary for the production or transportation of the Components, Buyer will repair or replace such Tooling at its sole cost and expense.

(c) Without the prior written consent of Buyer, Seller shall not: (i) substitute any Tooling for Buyer's POs, (ii) dispose of, change or move the Tooling from its stated location, or (iii) use the Tooling for any purpose other than to satisfy POs placed by Buyer.

(d) Seller shall conspicuously identify and label each piece of Tooling and, whenever practical, each individual item thereof, as the property of Buyer and shall safely store the Tooling separate and apart from Seller's property to the extent practicable.

(e) Seller shall keep the Tooling in a good and safe working condition at its own cost and expense, in its own custody at its place of business, and at all times shall exercise reasonable care and control in using and maintaining the Tooling so that upon return to Buyer, the Tooling shall be in as good of a working order and in as good of a condition as it was upon delivery, except for reasonable wear and tear consistent with the Tooling's intended use during its projected useful life, which for Molds, excluding any associated plugs, is 333 sets of wind turbine blades). Buyer may enter the premises of Seller at any reasonable time to conduct a physical inventory of the Tooling.

(f) Seller will inspect the Tooling prior to use and will train and supervise its employees in the proper and safe operation of the Tooling. Further, subject to the GEE Purchase Terms, Seller shall release, defend, hold harmless and indemnify Buyer, its directors, officers, employees, agents representatives, successors and assigns from any and all claims, demands, losses, judgments, damages, costs, expenses or liabilities arising from any negligent act or omission of Seller related to the Tooling while it is in Seller's care, custody and/or control.

(g) The Tooling, while in Seller's care, custody and/or control, shall be: (i) held at Seller's risk and (ii) kept insured by Seller: (x) at Seller's expense with loss payable to Buyer in an amount equal to the replacement cost and (y) against loss or damage by fire, flood and other common perils by an insurance company acceptable to Buyer. Seller shall deliver proof of such insurance to Buyer within thirty (30) days after all such Tooling has been installed at the Production Facility and Storage Facility.

(h) The Tooling shall be subject to removal at Buyer's written request (provided , however , that Buyer shall not interfere with Seller's ability to perform its obligations under any PO by removing any Tooling), in which event Seller shall prepare the Tooling for shipment and shall redeliver such Tooling to Buyer in the same condition as originally received (except for reasonable wear and tear consistent with the Tooling's intended use during its projected useful life, which for Molds, excluding any associated plugs, is 333 sets of wind turbine blades);

otherwise, Seller shall bear all costs associated with repair or replacement of the Tooling. Buyer will bear all usual and reasonable costs of the return of the Tooling.

6. COMPLIANCE AND CHOICE OF LAW

Seller represents and warrants that it will comply with all material laws applicable to this Agreement, and acknowledges that it has received, reviewed and agrees to follow the ***GE Energy Integrity Guide for Suppliers, Contractors and Consultants*** set forth in Appendix 6. This Agreement shall be governed by New York law, excluding its conflict of laws rules. All disputes relating to this Agreement that cannot be resolved by negotiation shall be resolved by litigation in the state or federal courts of New York. All rights of the parties are as set forth in this Agreement.

7. ASSIGNMENT, WAIVER AND SURVIVAL

Buyer may assign this Agreement to any of its Affiliates. Because performance of this PO is specific to Seller, except in connection with a Change of Control, Seller may assign this Agreement only upon Buyer's prior written consent, which consent will not be unreasonably withheld, delayed or conditioned. No claim or right arising out of a breach of this Agreement shall be discharged in whole or part by waiver or renunciation unless such waiver or renunciation is supported by consideration and is in writing signed by the aggrieved party. No failure by either party to enforce any rights hereunder shall be construed a waiver. All parts of this Agreement relating to liability and its limitations, warranties, indemnities and confidentiality shall survive expiration and termination of this Agreement.

8. ENTIRE AGREEMENT

This instrument, with such documents expressly incorporated by reference, is intended as a complete, exclusive and final expression of the parties' agreement with respect to such terms as are included herein. There are no representations, understandings or agreements, written or oral, which are not included herein. This Agreement may be executed in one or more counterparts in facsimile or other written form, each of which shall be considered an original instrument, but all of which shall be considered one and the same agreement, and shall become binding when one or more counterparts have been signed by each of the parties hereto and delivered to the other party.

9. ADVANCE

(a) In order for the Seller to meet Buyer's demand for Components, Seller is required to invest in the Production Facility and the Storage Facility and make other investments in capital equipment and inventory related to the production of the Components. Seller has agreed to provide [...***...] of Seller's capital to facilitate such investments in a series of transactions with the first installment occurring on or before October 1, 2007. In addition, Buyer has agreed to make [...***...] to facilitate such investments (collectively, the "Advance"); provided that Buyer's providing such Advance is expressly conditioned on Seller's compliance with Section 9(h). Buyer will provide Seller with the Advance per the following schedule:

Description	Payment Amount	Payment Date
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]

Notwithstanding the foregoing, the Advance shall only be payable by GE on the dates set forth above provided that Buyer determines in its reasonable discretion, acting in good faith, that Seller is utilizing the Advance directly and exclusively for [...***...] the Production and Storage Facilities related to the production of the Components. If GE determines otherwise, GE shall be entitled to terminate the Agreement for Seller's material breach. No interest will accrue on the Advance. The Parties have agreed that the Advance shall be repaid to Buyer in cash via wire transfer per the following schedule:

Description	Amount	Date

[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]

Buyer shall approve the Seller's utilization of the Advance money on a case-by-case basis in writing by approving each individual purchase and expenditure that exceeds [...***...] that is made with the Advance, provided however, that such approval shall not be unreasonably withheld, delayed or conditioned, and provided, further that Buyer's approval shall be deemed to automatically have been provided to Seller if Buyer fails to respond within fourteen (14) calendar days in writing to Seller's request for approval. All payments due from Seller pursuant to this Section 9(a) and not paid within seven (7) days after the due date for such payment will accrue interest at the rate of the lesser of one percent (1.0%) per month or the maximum amount allowed by law; such interest will be simple interest, calculated for each day elapsed in a given month. Seller may repay the Advance in full or in part at any time without penalty or premium.

(b) The obligation of Seller to fully repay the Advance as set forth in Section 9(a) shall not be reduced or discharged by any alteration in the relationship between Seller and Buyer, or by any forbearance or indulgence by Buyer towards Seller, whether as to payment, time, performance or otherwise. Seller agrees to make any payment due hereunder or that becomes payable for the Advance without set-off or counterclaim, and without any legal formality such as protest or notice being necessary, and waives all privileges or rights which it may have (other than payment), including any right to require Buyer to claim payment or to exhaust remedies against any other person or entity.

(c) Notwithstanding any other provision of this Agreement, any outstanding balance of any of the Advance shall become immediately due and repayable to Buyer on demand in the event that: (i) Seller is unable to meet its material obligations to third parties other than Buyer as they mature and after the expiration of any cure periods related to any defaults and after giving effect to any applicable waivers, (ii) if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, and, in the event of any involuntary proceeding, such proceeding shall remain undismissed, unstayed or unbonded for sixty (60) days, (iii) a receiver for Seller is

appointed or applied for, (iv) an assignment for the benefit of creditors is made by Seller, or (v) Buyer reasonably determines based upon objective, demonstrated evidence that the prospect of Seller's repayment of the Advance is impaired; provided, however, that: (A) the condition(s) on which Buyer bases its determination remains uncured for thirty (30) days after written notice detailing such condition(s) is delivered to the Seller, and (B) Buyer's right to repayment on demand under this sub-Section 9(c)(v) shall not apply in any instance in which Buyer's failure to meet its payment obligations under Section 2(a) or a Force Majeure Event (as defined below) has adversely affected Seller's manufacturing capabilities of the Components at the Production Facility.

(d) Time is of the essence hereof. Notwithstanding any other provision of this Agreement, any outstanding balance of any of the Advance shall become immediately due and shall be repayable on demand in the event Seller is: (i) in material breach or default of its obligations under this Agreement and fails to remedy such breach of default within thirty (30) days after receipt of written notice from Buyer to cure such default and Buyer terminates the Agreement based on such breach; (ii) in material breach or default under any of the Orders placed under this Agreement and fails to cure such default within the time periods set forth in such Orders and Buyer terminates the Agreement based on such breach; or (iii) Buyer otherwise terminates this Agreement in accordance with its terms. Seller hereby waives presentment, demand for payment, notice of non-payment, protest, notice of protest, notice of dishonor and all other notices in connection herewith, as well as filing of suit (if permitted by law) and diligence in collecting any amount of the Advance and agrees to pay (if permitted by law) all expenses incurred by Buyer in collection of the Advance, including Buyer's reasonable attorneys' fees. Section 9(c) shall take precedence over Section 9(d) in the event of any conflict or overlap between such sections.

(e) GE shall be entitled to set-off any amount owing at any time from Seller to Buyer, its subsidiaries or affiliates, under this Agreement or any other agreement or order, including the obligations of Seller hereunder, against any amount payable at any time by Buyer to Seller.

(f) Seller shall be responsible for any sovereign, state, local, sales, use, value added or any other taxes, fees or assessments arising out of or related to the Advance provided by Buyer to Seller. Buyer shall have no obligation to fund or provide Seller with any additional advance monies in excess of or in addition to the Advance. Prepayments or credits granted by Seller to Buyer in payment of Seller's obligations under this Section 9 shall be made net of any taxes or deductions, it being Seller's obligation to make such additional payments or granting such additional credits to Buyer so that Buyer receives the same amounts it would have received in the absence of any such tax or deduction.

(g) Seller shall maintain customary records concerning the Advance (the "Advance Payments File") until repayment in full of all of the Advance. Subject to reasonable notice from Buyer, Seller shall permit Buyer's representatives to review such Advance Payments File each January during the term of this Agreement or until the repayment in full of the Advance. The Advance Payments File shall include at a minimum: (i) validation of all Advance payments repaid to Buyer; (ii) the total amount of any outstanding Advance not repaid to Buyer; and (iii) utilization of the Advance by Seller. In addition, at Buyer's sole discretion, Buyer may require a yearly written certification signed by Buyer and Seller personnel confirming the outstanding balance of the Advance.

(h) As security for Seller's payment of the Advance, payments owed by Seller from time to time and the other Sellers's obligations arising pursuant to this Section 9 (including, without limitation, Seller's obligations arising out of failure to grant, maintain or preserve the security interests and their enforceability and priority status as per this subsection and/or to secure the sale of the Components contemplated hereunder, and as a condition precedent for any

disbursements or other obligations incumbent upon the Buyer, Seller has granted a security interest to Buyer in the assets listed in Appendix 15 hereto (referred to herein as the "Class A Assets" or the "Collateral") pursuant to the terms of that certain Security Agreement attached hereto as Appendix 12 (the "Security Agreement").

(i) Until repayment in full of all of the Advance, Seller covenants that it will not sell, transfer or create any first priority lien or encumbrance on, or take any action that materially impairs the value of, any of the Collateral.

(j) In the event that Seller does not timely repay the Advance as set forth herein and Buyer is entitled to exercise its rights under Subsection 9(h) and the Security Agreement, Seller will fully cooperate with any due diligence Buyer undertakes with regard to the Collateral prior to exercising its rights under Subsection 9(h) and the Security Agreement, including providing Buyer with full access to and information about such Collateral.

(k) From the date of the first payment by the Buyer to the Seller of the Advance until the Advance has been fully repaid to Buyer (the "Draw Down Period"), Seller will provide to Buyer within fifteen (15) days after the end of each calendar quarter a report in a format consistent with Appendix 14 ("Seller Asset Statement") as of the end of such calendar quarter.

(l) During the Draw Down Period, the GE Asset Coverage as such is identified on each Seller Asset Statement shall be greater than zero.

(m) During the Draw Down Period and if at the end of any calendar quarter therein Seller fails to comply with Section 9(l), then Buyer may: (i) terminate the Agreement for Seller's material breach subject to the provisions of Section 3(c) or (ii) may suspend any Advance not yet paid in accordance with Section 9(a) until Seller is in compliance with Section 9(l), at which time Buyer promptly shall pay to Seller any installments of the Advance due pursuant to Section 9(a) and not received by Seller during such suspension period.

10. CONSTRUCTION OF PRODUCTION AND STORAGE FACILITIES

(a) Seller will construct and lease the Production Facility and the Storage Facility. [...***...]. The specifications of the Production Facility and the Storage Facility are set forth in Appendix 7 and Appendix 8, respectively. Provided that Seller complies with Sections 1(e) and 10(b), the Storage Facility may be used by Seller for the storage of other goods. If the capacity of the Storage Facility becomes inadequate, Seller will have no obligation to increase such capacity beyond the Storage Facility specifications detailed in Appendix 8 attached hereto.

(b) Seller may expand the Production Facility and the Storage Facility to add products that do not service the wind energy segment without the consent of Buyer and to add products that service the wind energy segment only with Buyer's prior written consent, in each case provided that the manufacturing and storage capacity originally allocated to Buyer as of the Effective Date remains unchanged and, in the case of products that service the wind energy segment, that the manufacturing area allocated to Buyer's Orders is physically partitioned via a wall, a separate building or other similar means. Further, in each case, (i) Seller's overhead cost savings from any such expansion will be shared equally with Buyer through reduced Component pricing starting when such overhead cost savings are actually realized by Seller; and (ii) Buyer and Seller will negotiate in good faith on a case-by-case basis an equitable acceleration of the payment obligations under the Advance in a manner that recognizes the contribution of the expansion to Seller's business.

(c) After Seller occupies the Production Facility, Seller and Buyer will work together cooperatively to install, activate and test at the Production Facility's [...***...] (the "Ramp-Up Period"). The Ramp-Up Period is expected to be up to six (6) months per line

with at times more than one line simultaneously in a Ramp-Up Period. At the end of all Ramp-Up Periods, Seller will notify Buyer in writing that the Full Commercial Operation Date has occurred. The parties understand that Buyer will have only a minimal ability to produce Components during any Ramp-Up Period. Seller agrees to activate the Production Facility and commence the manufacturing Components on at least one (1) production line by no later than June 15, 2008.

(d) This Agreement constitutes a material inducement for Seller to secure financing and construct the Production Facility and the Storage Facility.

11. STORAGE

Seller will deliver the finished Components to the Storage Facility in, if appropriate, shipping cradles provided by Buyer that are capable of appropriately transporting the Components from the Production Facility to the Storage Facility. If required, shipping cradles will be delivered by Buyer to the Production Facility or Storage Facility at the instruction of Seller and stored at either the Production Facility or the Storage Facility at Seller's discretion. If required, storage cradles will be provided and maintained by Seller. Seller will be responsible for the proper care and regular maintenance of the shipping and storage cradles and, subject to payment as discussed herein, for all loading and unloading of trailers at the Storage Facility. Buyer will be responsible for obtaining all export and import licenses, permits and approvals as may be required for transport to the country of destination. All damages or losses at the Storage Facility will be born by Seller, and Seller will be responsible for insuring against the risk of loss or damage at the Storage Facility. Buyer will be responsible for the delivery of the Components to the wind farm sites of its customers. Seller shall be responsible for the loading of Components onto trailers for transport to the wind farm sites of Buyer's customers.

12. NEW COMPONENT SPECIFICATIONS

(a) If Buyer proposes a new blade model, Seller will notify Buyer of any new product specific tools and modifications to the Production Facility and/or the Storage Facility that will be required for the production of the new model. It will be the responsibility of Buyer to provide and deliver such product specific tools to Seller at Buyer's sole cost. Seller will quote a price for such new blade model and establish an initial Bill of Materials and Baseline Price Schedule for such model. [...***...].

(b) Notwithstanding the foregoing, if the Production Facility or Storage Facility must be expanded or retooled due to the introduction of new blade models, then the parties [...***...].

13. LIQUIDATED DAMAGES

(a) With respect to Components ordered after the Full Commercial Operation Date and [...***...] after the Seller's confirmed delivery date (it being understood that such [...***...]), Seller agrees to pay to Buyer as liquidated damages an amount as set forth below for the period of time that delivery of the Component is late:

Number of Days Late:	Amount of Liquidated Damages:
[...***...] or less:	[...***...]
[...***...]	[...***...]
[...***...] late:	[...***...]

Provided, however, that such liquidated damages will not exceed the [...***...].

(b) In addition to the liquidated damages set forth above, Seller agrees to pay to Buyer the costs actually incurred by Buyer in transportation over and above normal transportation costs, up to a maximum of [...***...], during the period of time starting [...***...] after the Seller's confirmed delivery date (it being understood that such [...***...] period shall be treated as a grace period) through the earlier of the actual delivery date of a Component or the termination or expiration of this Agreement.

(c) In the event that Seller and Buyer mutually agree in writing that Components installed on wind turbines that are operational may fail due to potential material or workmanship problems and provided that any such Component is then covered by the Seller's warranty, then Seller agrees to inspect such Components for such potential problems on a schedule determined by Seller (such scheduled shutdown herein referred to as a "Planned Shutdown Event"). In the event of a Planned Shutdown Event, as liquidated damages for such wind turbine downtime, Seller shall pay to Buyer [...***...] while the wind turbine is shut down up to a maximum of [...***...]. In addition to such liquidated damages and in the event of a Planned Shutdown Event, Seller will be responsible for [...***...] with cranes that are required for the inspection of Components or that are required to repair or replace any Component due to defects in materials or workmanship then under the Seller's warranty. In the event that a wind turbine stops working or must be shut down due to a wind turbine blade failure that is solely and directly Seller's fault (herein referred to as a "Catastrophic Shutdown Event") and if the Component(s) at issue are then under the Seller's warranty, in addition to any other warranty obligation of the Seller, Seller shall pay to Buyer [...***...] while the wind turbine is shut down up to a maximum of [...***...] as liquidated damages for such wind turbine downtime. In addition to such liquidated damages and in the event of a Catastrophic Shutdown Event, Seller will be responsible for [...***...] with cranes that are required to repair or replace any Component due to defects in materials or workmanship then under the Seller's warranty.

14. CHANGE OF CONTROL

(a) Except with respect to Competitors of Buyer, Seller may assign this Agreement without the written consent of Buyer to a corporation or other business entity in a Change of Control. In connection with a Change of Control, Seller may not assign this Agreement to any Competitor of Buyer without Buyer's prior written consent. Seller will provide Buyer with written notice of any Change of Control (a "Change of Control Notice") within seven (7) days of such Change of Control, but in no event later than the closing related to such Change of Control.
(b) Buyer, without liability other than Buyer's obligations under Section 3(d), may terminate this Agreement (together with all outstanding Orders hereunder) upon giving written notice as stated below:

(i) if Seller fails to provide Buyer with a Change of Control Notice within seven (7) days of such Change of Control, but in no event later than the closing related to such Change of Control;

(ii) within thirty (30) days from its receipt of a Change of Control Notice from Seller if such Change of Control involves an Acquirer who is a Competitor of Buyer; [...***...] or

(iii) if Seller, an Acquirer or any of their successors or assigns becomes, directly or indirectly, a Competitor of Buyer [...***...] by providing written notice of its intention to terminate this Agreement (together with all outstanding Orders hereunder) within sixty (60) days of: (A) Seller notifying Buyer in writing that it, an Acquirer or any of their successors or assigns has become or a Competitor of Buyer or (B) Buyer's actual knowledge that Seller, an Acquirer or any of their successors or assigns has become a Competitor of Buyer. In no event will Seller, an Acquirer or any of their successors or assigns be entitled to any termination costs in the event that Buyer exercises its termination rights under this Section.

15. FORCE MAJEURE

(a) For the purposes of this Agreement, a "Force Majeure Event" means any circumstances that are beyond the control of either party and are without the fault or negligence of either party, including but not limited to the following circumstances:

(i) War (whether declared or not), armed conflict or the serious threat of same (including but not limited to hostile attack, blockade, military embargo), hostilities, invasion, act of a foreign enemy, extensive military mobilization;

(ii) Civil war, riot, rebellion and revolution, military or usurped power, insurrection, civil commotion or disorder, mob violence, act of civil disobedience;

(iii) Act of terrorism; sabotage or piracy;

(iv) Act of authority whether lawful or unlawful, compliance with any law or governmental order, rule, regulation or direction, curfew restriction, expropriation, compulsory acquisition, seizure of works, requisition, nationalisation;

(v) Act of God, plague, epidemic, natural disaster such as but not limited to violent storm, cyclone, typhoon, hurricane, tornado, earthquake, volcanic activity, landslide, tidal wave, tsunami, flood, damage or destruction by lightning; or

(vi) Explosion, fire, destruction of machines, equipment, factories and of any kind of installation.

(b) Neither party shall be in breach of this Agreement or otherwise be responsible for any delay or other failure in performing its obligations hereunder if such breach, delay or other failure is directly caused by a Force Majeure Event.

(c) A party seeking relief under this Section shall provide written notice to the other party within seventy-two (72) hours after obtaining knowledge of the commencement of the Force Majeure Event. Notice shall also promptly be given when such event ceases. Any date of delivery or time for performance shall be extended by a period of time reasonably necessary to overcome the Force Majeure Event and its consequence, including time for the resumption of the work. Each party shall make its reasonable efforts to minimize the consequences of the Force Majeure Event.

(d) Notwithstanding the foregoing, in the event that Seller's performance under this Agreement is delayed [...***...] from the date Seller notifies Buyer of the Force Majeure Event, Buyer's purchase commitment set forth in Section 1 shall be reduced in an amount equal to the number of Components that Seller is not able to deliver due to the Force Majeure Event ("Undelivered Blades"), and Buyer may procure the Undelivered Blades from other suppliers. The parties understand and agree that as soon as Seller is able to resume production of the Components within standard lead times, then Buyer shall resume purchases of the Components from Seller under this Agreement in accordance with the purchase commitment in Section 1 less the number of Undelivered Blades that Seller was unable to deliver as set forth above.

(e) In no event shall either party be entitled to any price adjustment, compensation or other financial relief under this Agreement as a result of any Force Majeure Event.

16. COSTS AND ATTORNEYS' FEES

Other than as provided in this Agreement, each of the parties will bear its own costs related to the business relationship contemplated herein, including the fees and expenses of its advisors, attorneys and accountants. The prevailing party in any legal action brought by one party against the other arising out of this Agreement will be entitled, in addition to any other rights it may have, to reimbursement of its reasonable costs and expenses associated with such legal action, including court costs, arbitration costs and reasonable attorneys' fees.

17. OTHER BUSINESS RELATIONSHIPS

The parties acknowledge that each party has on-going business relationships in the materials and energy marketplaces to market and license their currently available service and product offerings. Except as set forth in Sections 1(e) and 10(b), nothing contained in this Agreement will limit the ability of either party to engage in any current or future business activities or to create business and customer relationships with other parties relating to business opportunities similar to those contemplated hereunder, including, without limitation, Seller manufacturing Components in the Production Facility or storing Components in the Storage Facility for any other purchaser of Components; provided, however, that, except as required for the efficient performance of this Agreement, neither party shall use the other party's Confidential Information (as defined in the GEE Purchase Terms) or make or permit copies to be made of such Confidential Information without the Disclosing Party's (as defined in the GEE Purchase Terms) prior written consent.

18. PATENT LICENSE

The parties hereby acknowledge the existence of that certain patent license (the "Patent License") granted by TPI China, LLC to Buyer with respect to certain "Licensed Patents", as reflected in Section 18 of that certain agreement between Buyer and Seller's affiliate, TPI China, LLC, dated January 1, 2007. For the avoidance of doubt, Seller hereby agrees, represents and

warrants that the Patent License was properly granted by its affiliate, TPI China, LLC, as a wholly-owned subsidiary of the mutual parent entity of Seller and its affiliate, LCSI Holding, Inc and that such grant was properly authorized by Seller's parent entity

. and

The Patent License is perpetual and shall survive termination and/or expiration of any and all agreements between Buyer and Seller, any of Seller's affiliates and/or Seller's parent entity, regardless of the reason for any such termination and/or expiration, including but not limited to material breach of any such agreement by Buyer.

IN WITNESS WHEREOF , the parties have caused this Agreement to be executed by their respective authorized representatives as of the Effective Date first set forth above.

" Price Schedules " means the price schedules, prior to the application of any sales, use, transfer value-added or similar taxes, for each Component to be delivered in the following calendar year at the [...***...] of Planned Capacity level.

For 2008, the price for the wind turbine blade specified in Buyer's drawing number [...***...]. For 2008, the price for the wind turbine blade specified in Buyer's drawing number [...***...].

For 2009, the price for the wind turbine blade specified in Buyer's drawing number [...***...]. The Price Schedule at prices established for any Component the specifications of which have been agreed upon by the parties (which, at a minimum, will include the wind turbine blade specified in Buyer's [...***...] and the wind turbine blade specified in Buyer's [...***...]) will become the " Baseline Price Schedule " for such blade model, subject to revision as described below (any such revision in any given year, a "Shared Pain/Gain Adjustment"). Beginning in production year 2009, if material costs [...***...] over the following year from the levels stipulated in the Bill of Materials for such blade model governing the Baseline Price Schedule, then the Price Schedules for Components for the following year will be [...***...] of any such cost [...***...] to Buyer as an [...***...] in the price of Components. The initial Price Schedules for the wind turbine blade specified in Buyer's drawing number [...***...] and for the wind turbine blade specified in Buyer's drawing number [...***...] in each case at the [...***...] Planned Capacity level, beginning in 2010, shall be the sum of (i) the total cost of the Bill of Materials for the wind turbine blade specified in Buyer's [...***...] or for the wind turbine blade specified in Buyer's [...***...] (as the case may be, and

in each case, subject to a Shared Pain/Gain Adjustment), each of which has been delivered by Seller to Buyer on or before the Effective Date and shall be revised pursuant to the third paragraph in this definition [...***...] days of receipt of the 2010 Annual Purchase Forecast, plus (ii) [...***...] for the wind turbine blade specified in Buyer's [...***...], for the wind turbine blade specified in Buyer's [...***...] and such resulting [...***...] as such prices [...***...] as set forth herein, are referred to herein as the [...***...].

If Buyer's Annual Purchase Forecast equals the Planned Capacity or exceeds the Planned Capacity by less than or equal to [...***...] of Planned Capacity, the [...***...] for the following calendar year will be determined in accordance with the Bill of Materials for such blade model for such production year and the Full Capacity Prices. If Buyer's Annual Purchase Forecast is less than the Planned Capacity but equals or exceeds [...***...] of Planned Capacity, the [...***...] for the following calendar year will be determined in accordance with the Bill of Materials for such blade model for such production year and the Full Capacity Prices plus [...***...]. Beginning in October 2009, Baseline Price Schedules will be reset annually for the following production year by (i) first, increasing the current Baseline Price Schedule for any proportionate increase in material costs or proportionate decrease in such costs shared with Buyer based on a Shared Gain/Pain Adjustment, and (ii) […***…] the [...***...], then decreasing the current Baseline Price Schedule after adjusting for clause (i) above by [...***...] or greater than [...***...], and provided further that the Baseline Price Schedules established for production year 2010 for the wind turbine blade specified in Buyer's [...***...] and [...***...] shall not include the foregoing [...***...] adjustment. An initial Baseline Price Schedule will be established at the time each new blade design and related specifications are approved and priced by Seller, [...***...] at Planned Capacity.

When determining Price Schedules for any given year, first Baseline Price Schedules will be reset in accordance with the immediately preceding paragraph and then, [...***...] or [...***...], [...***...].

For the wind turbine blade specified in Buyer's [...***...], when determining the Price Schedules for 2010 and thereafter, Seller will use [...***...] per Component in allocating labor to cost of goods sold, even if actual labor hours for any relevant period exceeds [...***...]. For the wind turbine blade specified in

For any new blade models agreed to by Buyer and Seller during the Term, Seller will allocate a comparable number of labor hours for purposes of determining Price Schedules for any such new blade model. Upon the request of Buyer, Seller will provide to Buyer information in reasonable detail concerning Seller's labor hours per Component.

APPENDIX 3

GEE PURCHASE TERMS
STANDARD TERMS OF PURCHASE

1. ACCEPTANCE OF TERMS.

Seller agrees to be bound by and to comply with all terms set forth herein and in the purchase order, to which these terms are attached and are expressly incorporated by reference (collectively, the "Order"), including any amendments, supplements, specifications and other documents referred to in this Order. Acknowledgement of this Order, including without limitation, by beginning performance of the work called for by this Order, shall be deemed acceptance of this Order. The terms set forth in this Order take precedence over any alternative terms in any other document connected with this transaction unless such alternative terms are: i) part of a written supply agreement ("Supply Agreement"), which has been negotiated between the parties and which the parties have expressly agreed may override these terms in the event of a conflict and/or ii) set forth on the face of the Order to which these terms are attached. In the event these terms are part of a written Supply Agreement between the parties, the term "Order" used herein shall mean any purchase order issued under the Supply Agreement. This Order does not constitute an acceptance by Buyer of any offer to sell, any quotation, or any proposal. Reference in this Order to any such offer to sell, quotation or proposal shall in no way constitute a modification of any of the terms of this Order. **ANY ATTEMPTED ACKNOWLEDGMENT OF THIS ORDER CONTAINING TERMS INCONSISTENT WITH OR IN ADDITION TO THE TERMS OF THIS ORDER IS NOT BINDING UNLESS SPECIFICALLY ACCEPTED BY BUYER IN WRITING** .

2. PRICES AND PAYMENTS.

Subject to the provisions of the Supply Agreement, all prices are firm and shall not be subject to change. Seller's price includes all payroll and/or occupational taxes, any value added tax that is not recoverable by Buyer and any other taxes, fees and/or duties applicable to the goods and/or services purchased under this Order; provided, however, that any state and local sales, use, excise and/or privilege taxes, if applicable, will not be included in Seller's price but will be separately identified on Seller's invoice. If Seller is obligated by law to charge any value added and/or similar tax to Buyer, Seller shall ensure that if such value-added and/or similar tax is applicable, that it is invoiced to Buyer in accordance with applicable rules so as to allow Buyer to reclaim such value-added and/or similar tax from the appropriate government authority. Neither party is responsible for taxes on the other party's income or the income of the other party's personnel or subcontractors. If Buyer is required by government regulation to withhold taxes for which Seller is responsible, Buyer will deduct such withholding tax from payment to Seller and provide to Seller a valid tax receipt in Seller's name. If Seller is exempt from such withholding taxes as a result of a tax treaty or other regime, Seller shall provide to Buyer a valid tax treaty residency certificate or other tax exemption certificate at a minimum of thirty (30) days prior to payment being due. Payment terms are [...***...] from the Payment Start Date. The received date of the goods and/or services in Buyer's receiving system will occur: a) in the case of goods/materials shipped directly to a customer of Buyer ("Material Shipped Direct" or "MSD"), including balance of plant and goods sent to a non-Buyer/non-customer facility in accordance with this Order to be incorporated into MSD, within 48 hours of Buyer

being presented with a valid bill of lading confirming that the goods have been shipped from Seller's facility or in the case of services performed directly for a customer of Buyer, within 48 hours of Buyer's receipt of written certification of completion of the services; b) in the case where goods are shipped or services are provided directly to or at a non-Buyer/non-customer facility in accordance with this Order, within 48 hours of Buyer receiving notice from such third party that it has received the goods or services; or c) in the case where the goods are shipped directly to Buyer or services are performed directly for Buyer, within 48 hours of Buyer's receipt of such goods or services. Seller's invoice shall in all cases bear Buyer's Order number. Buyer shall be entitled to reject Seller's invoice if it fails to include Buyer's Order number or is otherwise inaccurate, and any resulting delay in payment shall be Seller's responsibility. Seller warrants that it is authorized to receive payment in the currency stated in this Order. No extra charges of any kind will be allowed unless specifically agreed in writing by Buyer. Buyer shall be entitled at any time to set-off any and all amounts owing from Seller to Buyer or a Buyer Affiliate (defined below) on this or any other order. "Affiliate" shall for the purposes of this Order mean, with respect to either party, any entity, including without limitation, any individual, corporation, company, partnership, limited liability company or group, that directly, or indirectly through one or more intermediaries, controls, is controlled by or is under common control with such party. Seller warrants the pricing for any goods or services shall not exceed the pricing for the same or comparable goods or services manufactured at the Production Facility and offered by Seller to third parties. Seller shall promptly inform Buyer of any lower pricing levels for same or comparable goods or services and the parties shall promptly make the appropriate price adjustments.

3. DELIVERY AND PASSAGE OF TITLE.

3.1 Time is of the essence of this Order. If Seller fails to deliver the goods or complete the services as scheduled, Buyer may assess such amounts as may be set in the Supply Agreement as liquidated damages for the agreed delay period. The parties agree that such amounts, if assessed, are an exclusive remedy for the agreed delay period, except as expressly provided in Sections 3(c) and 13(b) of the Supply Agreement; are a reasonable pre-estimate of the damages Buyer will suffer as a result of delay based on circumstances existing at the time the Order was issued; and are to be assessed as liquidated damages and not as a penalty. In the absence of agreed to liquidated damages, Buyer shall be entitled to recover damages that it incurs as a result of Seller's failure to perform as scheduled. Unless expressly stated to the contrary, Buyer's remedies are cumulative and Buyer shall be entitled to pursue any and all remedies available at law or equity. Further to the foregoing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Buyer's delivery schedule. Should Seller enter into such commitments or engage in such production, any resulting exposure shall be for Seller's account.

3.2 Title for goods ordered by Buyer pursuant to the terms of the Supply Agreement shall pass from Seller to Buyer at the time such goods are placed in the Storage Facility by Seller. Unless otherwise stated on the face of this Order: a) goods shipped from the United States of America ("U.S.") for delivery to all locations shall be delivered EXW named point with title passing at: i) Seller's dock for goods shipped directly to the Storage Facility; ii) port of import for goods shipped to Buyer's non-U.S. facility; and iii) Buyer's dock for goods shipped to Buyer's U.S. facility; b) goods shipped from within the European Union ("EU") for delivery within the EU shall be delivered EXW named point with title passing: i) when the goods leave the territorial land, air or sea space of the EU source country for goods shipped directly to a non-Buyer's EU facility; and ii) at Buyer's dock for goods shipped to Buyer's EU facility; c) goods

shipped for delivery within the source country shall be delivered EXW name point with title passing at: i) Seller's dock for goods shipped directly to the Storage Facility; and ii) Buyer's dock for goods shipped to Buyer's facility; d) goods shipped from outside the U.S. for delivery to a different country outside the U.S. (excluding shipments within the EU, which shall be governed by subsection b) above) shall be delivered FCA named point with title passing at: i) the port of export after customs clearance for goods shipped directly to a non-Buyer's facility; and ii) port of import if shipped to Buyer's facility; and e) goods shipped from outside the U.S. for delivery within the U.S. shall be delivered FCA named point with title passing at: i) the port of export after customs clearance for goods shipped directly to a non-Buyer's facility; and ii) Buyer's dock if shipped to Buyer's facility. All delivery designations are INCOTERMS 2000. Goods delivered to Buyer in advance of schedule may be returned to Seller at Seller's expense. Goods ordered by GE Global Sourcing, LLC and shipped to the U.S. from outside the U.S. via ocean transport shall have title pass to GE Global Sourcing, LLC immediately prior such goods entering the territorial land, sea or overlying airspace of the U.S. For this purpose, Buyer and Seller acknowledge that the territorial seas of the U.S. extend to twelve (12) nautical miles from the baseline of the country determined in accordance with the 1982 United Nations Convention of the Law of the Sea. Buyer may specify contract of carriage and named place of delivery in all cases. Failure of Seller to comply with any such Buyer specification shall cause all resulting transportation charges to be for the account of Seller and give rise to any other remedies available at law or equity. NOTE: In all cases, Seller must provide to Buyer, via the packing list and the customs invoice (as applicable), the country of origin and the appropriate export classification codes including, if applicable, the Export Control Classification Number (ECCN) and the Harmonized Tariff Codes of each and every one of the goods supplied pursuant to this Order, including in sufficient detail to satisfy applicable trade preferential or customs agreements, if any.

3.3 If goods will be delivered as MSD or for use as balance of plant by Buyer, each shipment shall include a detailed, complete bill of material/parts list that lists each component of the goods purchased by Buyer. Seller shall also include, in each item shipment, the complete bill of materials/parts list for such item and indicate which components of the bill of materials/parts list are included in the shipment as well as those bill of material/parts list components which are not included in the item shipment. This bill of material/parts list shall be included with the packing list for each shipment. When requested by Buyer, Seller must provide a packing list with values for each item.

3.4 If goods will cross an international border, Seller shall provide a commercial invoice as required for customs clearance. The invoice shall be in English, or destination country specific language, and shall include: contact names and phone numbers of persons at Buyer and Seller who have knowledge of the transaction; Buyer's order number; Buyer's order line item; release number (in the case of a blanket order); part number and detailed description of the merchandise; unit purchase price in currency of the transaction; quantity; INCOTERM and named location; and country of origin of the goods. In addition, all goods or services provided by Buyer to Seller for the production of goods not included in the purchase price shall be separately identified on the invoice (i.e., consigned material, tooling, etc.). Each invoice shall also include the applicable Order number or other reference information for any consigned goods and shall identify any discounts or rebates from the base price used in determining the invoice value.

3.5 If goods will be delivered to a destination country having a trade preferential or customs union agreement ("Trade Agreement") with Seller's country, Seller shall cooperate with Buyer to review the eligibility of the goods for any special program for Buyer's benefit and provide Buyer with any required documentation (e.g., NAFTA Certificate, EUR1 Certificate, GSP Declaration, FAD or other Certificate of Origin) to support the applicable special customs program (e.g., NAFTA, EEA, Lome Convention, GSP, EU-Mexico FTA, EU/Mediterranean partnerships, etc.) to allow duty free or reduced duty for entry of goods into the destination country. Similarly, should any Trade Agreement or special customs program applicable to the scope of this Order exist at any time during the execution of the same and be of benefit to Buyer in Buyer's judgment, Seller shall cooperate with Buyer's efforts to realize any such available credits, including counter-trade or offset credit value which may result from this Order and acknowledges that such credits and benefits shall inure solely to Buyer's benefit. Seller shall indemnify Buyer for any costs, fines, penalties or charges arising from Seller's inaccurate documentation or untimely cooperation. Seller shall immediately notify Buyer of any known documentation errors.

4. BUYER'S PROPERTY.

Unless otherwise agreed in writing, all tangible and intangible property, including, but not limited to, information or data of any description, tools, materials, drawings, computer software, know-how, documents, trademarks, copyrights, equipment or material furnished to Seller by Buyer or specially paid for by Buyer, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain Buyer's personal property. Such property and, whenever practical, each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as Buyer's property and shall be safely stored separate and apart from Seller's property. Seller further agrees to comply with any handling and storage requirements provided by Buyer for such property. Seller shall use Buyer's property only to meet Buyer's orders, and shall not use it, disclose it to others or reproduce it for any other purpose. Such property, while in Seller's custody or control, shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Buyer and shall be subject to removal at Buyer's written request, in which event Seller shall prepare such property for shipment and redeliver to Buyer in the same condition as originally received by Seller, reasonable wear and tear excepted, all at Buyer's expense, except for non-Tools, which shall be at Seller's expense, and in the case of a termination of the Supply Agreement by Buyer for material breach, which also shall be at Seller's expense. As noted in Section 3.4 above, any consigned material, tooling or technology used in production of the goods shall be identified on the commercial or pro forma invoice used for international shipments. Buyer hereby grants a license to Seller to use any information, drawings, specifications, computer software, know-how and other data furnished or paid for by Buyer hereunder for the sole purpose of performing this Order for Buyer. This license is non-assignable and is terminable with or without cause by Buyer at any time. Subject to the provisions set forth herein, Buyer shall own exclusively all rights in ideas, inventions, works of authorship, strategies, plans and data created in or resulting from Seller's performance under this Order, including all patent rights, copyrights, moral rights, rights in proprietary information, database rights, trademark rights and other intellectual property rights. All such intellectual property that is protectable by copyright will be considered work(s) made for hire for Buyer (as the phrase "work(s) made for hire" is defined in the United States Copyright Act (17 U.S.C. § 101)) or Seller will give Buyer "first owner" status related to the work(s) under local copyright law where the work(s) was created. If by operation of law any such intellectual property is not owned in its entirety by Buyer automatically upon creation, then Seller agrees to transfer and assign to Buyer, and hereby transfers and assigns to Buyer, the

entire right, title and interest throughout the world to such intellectual property. Seller further agrees to enter into and execute any documents that may be required to transfer or assign ownership in and to any such intellectual property to Buyer. Notwithstanding the foregoing, Seller's and its Affiliates' (i) existing intellectual property (including without limitation TPI Composites, Inc.'s proprietary SCRIMP ® technology) and (ii) any intellectual property created or discovered by Seller or its Affiliates outside the scope of this Agreement (including without limitation any improvements to TPI Composites, Inc.'s proprietary SCRIMP ® technology developed outside the scope of the Supply Agreement or any Order) shall remain the sole and exclusive property of Seller irrespective of the use of any such intellectual property in Seller's performance under the Supply Agreement or any Order. In particular, Buyer acknowledges and agrees that (i) during the term of the Supply Agreement and contemporaneous with Seller's performance under any Order, Seller may develop intellectual property outside the scope of the Supply Agreement or any Order and that Seller is under no obligation, whether pursuant to the Supply Agreement, any Order or otherwise, to use such intellectual property in performing its obligations under any Order, and (ii) Seller may elect to develop outside the scope of the Supply Agreement or any Order any intellectual property contemplated by any Order. For the avoidance of doubt, the above does not apply to any intellectual property created from the use of GE technical information. Should Buyer or Seller desire to use any such intellectual property developed by Seller outside the scope of the Supply Agreement or any Order in performing under the Supply Agreement or any Order, then Seller and Buyer in good faith will use commercially reasonable efforts to negotiate a license from Seller to Buyer for such intellectual property on commercially reasonable terms. Should Seller, without Buyer's prior written consent and authorization, design or manufacture for sale to any person or entity other than Buyer any goods which reasonably can substitute or repair a Buyer good, Buyer, in any adjudication or otherwise, may require Seller to establish by clear and convincing evidence that neither Seller nor any of its employees, contractors or agents used in whole or in part, directly or indirectly, any of Buyer's property, as set forth herein, in such design or manufacture of such goods. Further, Buyer shall have the right to audit all pertinent records of Seller, and to make reasonable inspections of Seller facilities, to verify compliance with this section.

5. DRAWINGS.

Any review or approval of drawings by Buyer will be for Seller's convenience and will not relieve Seller of its responsibility to meet all requirements of this Order.

6. CHANGES.

Buyer may at any time make changes within the general scope of this Order in any one or more of the following: a) drawings, designs or specifications where the goods to be furnished are to be specially manufactured for Buyer; b) method of shipment or packing; c) place and time of delivery; d) amount of Buyer's furnished property; e) quality; f) quantity; or g) scope or schedule of goods and/or services. If any changes cause an increase or decrease in the cost of, or the time required for the performance of, any work under this Order, an equitable adjustment shall be made in the Order price or delivery schedule, or both, in writing. Any Seller claim for adjustment under this clause will be deemed waived unless asserted within thirty (30) days from Seller's receipt of the change or suspension notification, and may only include [...***...]. Any change to this Order shall be made by a signed amendment.

7. PLANT ACCESS/INSPECTION.

In order to access Seller's work quality, conformance with Buyer's specifications and compliance with this Order, upon reasonable notice by Buyer, all: i) goods, materials and services related in any way to the goods and services purchased hereunder (including without limitation raw materials, components, intermediate assemblies, work in process, tools and end products) shall be subject to inspection and test by Buyer and its customer or representative at all times and places, including sites where the goods and services are created or performed, whether they be at premises of Seller, Seller's suppliers or elsewhere; and ii) of Seller's books and records relating to this Order shall be subject to inspection by Buyer at all times and places with the Seller's prior written consent, which shall not be unreasonably withheld, and one time per year and except for cases in which the Buyer has routine need for full access of Seller's books and records relating to this Order; provided, however, that in each case such inspections and audits shall be conducted during normal business hours and shall not unreasonably disrupt the normal operations of Seller. In the event that Seller desires to transfer any work under this Order to another site or make any material modification in its manufacturing process or the procurement of materials related to the goods, it shall first consult with and obtain the prior written consent of Buyer, which consent shall not be unreasonably withheld. Such consent by Buyer shall be subject to qualification of the new site under Buyer's supplier qualification standards. If any inspection, test, audit or similar oversight activity is made on Seller's or its suppliers' premises, Seller shall, without additional charge: (i) provide all reasonable access and assistance for the safety and convenience of the inspectors and (ii) take all necessary precautions and implement appropriate safety procedures for the safety of Buyer's personnel while they are present on such premises. If Buyer's personnel require medical attention on such premises, Seller will arrange for appropriate attention. If in Buyer's opinion the safety of its personnel on such premises may be imperiled by local conditions, Buyer may remove some or all of its personnel from such premises, and Buyer shall have no responsibility for any resulting impact on Seller or its suppliers. If specific Buyer and/or Buyer's customer tests, inspection and/or witness points are included in this Order, the goods shall not be shipped without an inspector's release or a written waiver of test/inspection/witness with respect to each such point; however, Buyer shall not be permitted to unreasonably delay shipment; and Seller shall notify Buyer in writing at least twenty (20) days prior to each of Seller's scheduled final and, if applicable, intermediate test/ inspection/witness points. Buyer's failure to inspect, accept, reject or detect defects by inspection shall neither relieve Seller from responsibility for such goods or services that are not in accordance with the Order requirements nor impose liabilities on Buyer. Seller shall provide and maintain an inspection, testing and process control system acceptable to Buyer and its customer covering the goods and services to ensure compliance with this Order and shall keep complete records available to Buyer and its customer for three (3) years after completion of this Order. Acceptance of such system by Buyer shall not alter the obligations and liability of Seller under this Order.

8. REJECTION.

If any of the goods and/or services furnished pursuant to this Order are found within a reasonable time after delivery to be defective or otherwise not in conformity with the requirements of this Order, including any applicable drawings and specifications, whether such defect or nonconformity relates to scope provided by Seller or a direct or indirect supplier to Seller, then Buyer, in addition to any other rights, remedies and choices it may have by law, contract or at equity, and in addition to seeking recovery of any and all damages and costs emanating therefrom, in each case subject to Section 12.2, in the following order of precedence may:

a) require Seller to immediately re-perform any defective portion of the services and/or require Seller to immediately repair or replace non-conforming goods with goods that conform to all requirements of this Order; b) take such actions as may be required to cure all defects and/or bring the goods and/or services into conformity with all requirements of this Order, in which event, all related costs and expenses (including, but not limited to, material, labor and handling and any required re-performance of value added machining or other service) and other reasonable charges shall be for Seller's account; c) withhold total or partial payment; d) reject and return all or any portion of such goods and/or services; and/or e) rescind this Order without liability. For any repairs or replacements, Seller, at its sole cost and expense, shall perform any tests requested by Buyer to verify conformance to this Order.

9. WARRANTIES.

Seller warrants that all goods and services provided pursuant to this Order, whether provided by Seller or a direct or indirect supplier of Seller, will be free of any claims of any nature, including without limitation title claims, and will cause any lien or encumbrance asserted to be discharged, at its sole cost and expense, within thirty (30) days of its assertion (provided such liens do not arise out of Buyer's failure to pay amounts not in dispute under this Order or an act or omission of Buyer). Seller warrants and represents that all such goods and services will be new and of merchantable quality, not used, rebuilt or made of refurbished material unless approved in writing by Buyer, free from all defects in workmanship and material. Such goods and services will be provided in strict accordance with all specifications, samples, drawings, designs, descriptions or other requirements approved or adopted by Buyer. Any attempt by Seller to limit, disclaim or restrict any such warranties or remedies by acknowledgment or otherwise shall be null, void and ineffective. The foregoing warranties shall, in the case of turbine plant related goods and services, apply for a period of: (i) twenty-four (24) months from the Date of Commercial Operation (defined below) of the turbine plant, which Buyer supplies to its customer or (ii) [...***...], whichever occurs first. "Date of Commercial Operation " means the date on which the plant has successfully passed all performance and operational tests required by Buyer's customer for commercial operation. In all other cases the warranty shall apply for twenty-four (24) months from delivery of the goods or performance of the services, or such longer period of time as customarily provided by Seller, plus delays such as those due to non-conforming goods and services. The warranty shall run to Buyer, its successors, assigns and the users of goods and services covered by this Order. If any of the goods and/or services are found to be defective or otherwise not in conformity with the warranties in this Section during the warranty period, then, Buyer, in addition to any other rights, remedies and choices it may have by law, contract or at equity, and in addition to seeking recovery of any and all damages and costs emanating therefrom, at Seller's expense in each case subject to Section 12.2, in the following order of precedence may: a) require Seller or Seller's subcontractors to inspect, remove, reinstall, ship and repair or replace/re-perform nonconforming goods and/or services with goods and/or services that conform to all requirements of this Order; and/or b) take such actions as may be required to cure all defects and/or bring the goods and/or services into conformity with all requirements of this Order, in which event all related costs and expenses (including, but not limited to, material, labor and handling and any required re-performance of value added machining or other service) and other reasonable charges shall be for Seller's account. Any repaired or replaced part or re-performed services shall carry warranties on the same terms as set forth above, with the warranty period being the later of the original unexpired warranty or twenty-four (24) months after repair or replacement.

10. SUSPENSION.

Buyer may at any time, by written notice to Seller, suspend performance of the work for such time as it deems appropriate. Upon receiving notice of suspension, Seller shall promptly suspend work to the extent specified, properly caring for and protecting all work in progress and materials, supplies and equipment Seller has on hand for performance. Upon Buyer's request, Seller shall promptly deliver to Buyer copies of outstanding purchase orders and subcontracts for materials, equipment and/or services for the work, and shall take such action relative to such purchase orders and subcontracts as Buyer may reasonably direct. Buyer may at any time withdraw the suspension as to all or part of the suspended work by written notice specifying the effective date and scope of withdrawal. Seller shall resume diligent performance on the specified effective date of withdrawal. All Seller's claims for increase or decrease in the reasonable costs [...***...] directly associated with or the time required for the performance of any work caused by suspension shall be pursued pursuant to, and consistent with, Section 6 "Changes".

11. TERMINATION.

11.1 *Termination for Convenience* . Subject to the provisions of the Supply Agreement, including Section 1(b) of the Supply Agreement, Buyer may terminate all or any part of this Order at any time by written notice to Seller. Upon termination (other than due to Seller's insolvency evidenced against it in a proceeding or default including failure to comply with this Order), Buyer and Seller shall negotiate reasonable Order termination costs and [...***...] directly associated with such Order termination to be paid by Buyer consistent with costs and [...***...] allowable under Section 6 and identified by Seller within thirty (30) days of Buyer's termination notice to Seller, unless the parties have agreed to a termination schedule in writing.

11.2 *Termination for Default* . Except for delay due to causes beyond the control and without the fault or negligence of Seller and all of its suppliers (lasting not more than 30 days), Buyer, without liability, may by written notice of default, terminate the whole or any part of this Order if Seller: a) fails to perform within the time specified or any written extension granted by Buyer; b) fails to make progress which, in Buyer's reasonable judgment, endangers performance of this Order in accordance with its terms; or c) fails to comply with any of the terms of this Order. Such Order termination shall become effective if Seller does not cure such failure within ten (10) days of receiving notice of default. Upon termination, Buyer may procure at Seller's expense and upon terms it deems appropriate, goods or services similar to those so terminated. Seller shall continue performance of this Order to the extent not terminated and shall be liable to Buyer for any excess costs for such similar goods or services. As an alternate remedy and in lieu of termination of this Order for default, Buyer, at its sole discretion, may elect to extend the delivery schedule and/or waive other deficiencies in Seller's performance, making Seller liable for any costs, expenses or damages arising from any failure of Seller's performance. If Seller for any reason anticipates difficulty in complying with the required delivery date, or in meeting any of the other requirements of this Order, Seller shall promptly notify Buyer in writing. If Seller does not comply with Buyer's delivery schedule, Buyer, to the extent permitted under the Supply Agreement, may require delivery by fastest method and charges resulting from the premium transportation must be fully prepaid by Seller. Buyer's rights and remedies in this clause are in addition to any other rights and remedies provided by law or under this Order.

11.3 *Termination for Insolvency/Prolonged Delay* . If Seller ceases to conduct its operations in the normal course of business or if any proceeding under the bankruptcy or insolvency laws is brought against Seller, a receiver for Seller is appointed or applied for, an assignment for the benefit of creditors is made or an excused delay (or the aggregate time of multiple excused delays) lasts more than 60 days, Buyer may immediately terminate this Order without liability, except for goods or services completed, delivered and accepted within a reasonable period after termination (which will be paid for at the Order price).

11.4 *Obligations on Termination* . Upon expiration or after receipt of a notice of termination for any reason, Seller shall immediately: (1) stop work as directed in the notice; (2) place no further subcontracts or purchase orders for materials, services or facilities hereunder, except as necessary to complete the continued portion of this Order; and (3) terminate all subcontracts to the extent they relate to work terminated. Seller further agrees to indemnify Buyer for any reasonable attorneys' fees or other costs that Buyer incurs in the event that Buyer has to file a lawsuit to enforce any indemnity or additional insured provision of this Order.

12.2 *Limitation of Liability* . Except as expressly provided elsewhere in the Supply Agreement, including all of its Appendices, in no circumstances whatsoever shall either party be liable (whether in negligence, contract, tort, or pursuant to a warranty or any statutory obligation) to the other party or any third party for any lost profits or special, incidental, exemplary, consequential or punitive damages, even if such party has been advised of the possibility of such damages. Seller hereby waives subrogation. All insurance specified in this section shall contain a waiver of subrogation in favor of Buyer, its Affiliates and their respective employees for all losses and damages covered by the insurances required in this section, including coverage for damage to Buyer's property in Seller's care, custody or control.

(b) Seller shall maintain replacement cost insurance coverage with respect to property damage to or loss of the Components stored at the Storage Facility.

Seller shall not subcontract or delegate performance of all or any substantial part of the work called for under this Order without Buyer's prior written consent; provided, however, that Buyer hereby consents to Seller subcontracting any warranty related services to Buyer-approved subcontractors under the supervision of Seller. In addition, Seller will obtain for Buyer, unless advised to the contrary in writing, written acknowledgement by such assignee, subcontractor and/or supplier to Seller of its commitment to act in a manner consistent with Buyer's integrity policies, and to submit to, from time to time, on-site inspections or audits by Buyer or Buyer's third party designee as requested by Buyer. Buyer may assign this Order to any Affiliate upon notice to Seller. Seller shall also comply with U.S. Department of Transportation regulations governing the packaging, marking, shipping and documentation of hazardous materials, including hazardous materials specified pursuant to 49 CFR, the International Maritime Organization (IMO) and the International Air Transport Association (IATA). Goods sold or transferred to Buyer will not include: (i) any of the following chemicals: arsenic, asbestos, benzene, beryllium, carbon tetrachloride, cyanide,

lead or lead compounds, cadmium or cadmium compounds, hexavalent chromium, mercury or mercury compounds, trichloroethylene, tetrachloroethylene, methyl chloroform, polychlorinated biphenyls (PCB), polybrominated biphenyls (PBB), polybrominated diphenyl ethers (PBDE); (ii) any chemical or hazardous material otherwise prohibited pursuant to Section 6 of TSCA; (iii) any chemical or hazardous material otherwise restricted pursuant to EU Directive 2002/95/EC (27 January 2003) (the "ROHS Directive"); (iv) designated ozone depleting chemicals as restricted under the Montreal Protocol (including, without limitation, 1,1,1 trichloroethane, carbon tetrachloride, Halon-1211, 1301, and 2402, and chlorofluorocarbons (CFCs) 11-13, 111-115, 211-217), unless Buyer agrees in writing and Seller identifies an applicable exception from any relevant legal restriction on the inclusion of such chemicals in the goods sold or transferred to Buyer; (v) any other chemical or hazardous material the use of which is restricted in any other jurisdiction to or through which Buyer informs Seller the goods are likely to be shipped or to or through which Seller otherwise has knowledge that shipment will likely occur, unless Buyer expressly agrees in writing and Seller identifies an applicable exception from any relevant legal restriction on the inclusion of such chemicals or hazardous materials in the goods sold or transferred to Buyer. Seller represents, warrants, certifies and covenants that, except as specifically listed on the face of this Order or in an applicable addendum, none of the goods supplied under this Order are electrical or electronic equipment under EU Directive 2002/96/EC (27 January 2003) (the "WEEE Directive"), as amended, or any other electrical or electronic equipment take-back requirement of a jurisdiction in which Buyer informs Seller the goods are likely to be sold or in which Seller otherwise has knowledge that sale will likely occur. For any goods specifically listed on the face of this Order or in such addendum as electrical or electronic equipment that are covered by the WEEE Directive, as amended, or other applicable electrical or electronic equipment take-back requirement and purchased by Buyer hereunder, Seller agrees to: (i) assume responsibility for taking back such goods in the future upon the request of Buyer and treating or otherwise managing them in accordance with the requirements of the WEEE Directive and applicable national implementing legislation or other applicable electrical or electronic equipment take-back requirements; and (ii) take back as of the date of this Order any used goods currently owned by Buyer of the same class of such goods purchased by Buyer hereunder up to the number of new units being purchased by Buyer or to arrange with a third-party to do so in accordance with all applicable requirements. Seller will not charge Buyer any additional amounts, and no additional payments will be due from Buyer for Seller's agreement to undertake these responsibilities.

15.3 *Anti-Dumping* . Seller represents, warrants, certifies and covenants that all sales made hereunder are made in circumstances that will not give rise to the imposition of new anti-dumping or countervailing duties under United States law (19 U.S.C. Sec. 1671 et seq.), European Union (Council Regulation (EC) No. 384/96 of December 22, 1995, Commission Decision No. 2277/96/ECSC of November 28, 1996), similar laws in such jurisdictions or the law of any other country to which the goods may be exported. To the full extent permitted by law, Seller will indemnify, defend and hold Buyer harmless from and against any costs or expenses (including any countervailing duties which may be imposed and, to the extent permitted by law, any preliminary dumping duties that may be imposed) arising out of or in connection with any breach of this warranty. In the event that countervailing or anti-dumping duties are imposed that cannot be readily recovered from Seller, Buyer may terminate this Order with no further liability of any nature whatsoever to Seller hereunder. In the event that any jurisdiction imposes punitive or other additional tariffs on goods subject to this agreement in connection with a trade dispute or as a remedy in an "escape clause" action or for any other reason, Buyer may, at its option, treat such increase in duties as a condition of Force Majeure.

15.4 *Importer of Record and Drawback* . If goods are to be delivered DDP (INCOTERMS 2000) to the destination country, Seller agrees that Buyer will not be a party to the importation of the goods, that the transaction(s) represented by this Order will be consummated after importation and that Seller will neither cause nor permit Buyer's name to be shown as "importer of record" on any customs declaration. Seller also confirms that it has Non-Resident importation rights, if necessary, into the destination country with knowledge of the necessary import laws. If Seller is the importer of record into the United States for any goods, including any component parts thereof, associated with this Order, Seller shall provide Buyer required documentation for Duty Drawback purposes which includes, but is not limited to, Customs Form 7552 entitled "Certificate of Delivery" properly executed as well as Customs Form 7501 "Entry Summary" and a copy of Seller's Invoice.

15.5 *U.S. Export Controls* . This Order and all items furnished by Buyer to Seller in connection herewith shall at all times be subject to the export control laws and regulations of the U.S. including, but not limited to, 10 CFR Part 810 and U.S. Export Administration Regulations. Seller agrees and gives assurance that no items, equipment, materials, services, technical data, technology, software or other technical information or assistance furnished by Buyer, or any good or product resulting therefrom, shall be exported or re-exported by Seller or its authorized transferees, if any, directly or indirectly, except to the consignee(s), if any, specified on this Order, unless in accordance with applicable U.S. export laws and regulations. The aforesaid obligations shall survive any satisfaction, expiration, termination or discharge of any other contract obligations.

16. CONFIDENTIAL OR PROPRIETARY INFORMATION AND PUBLICITY.

"Confidential Information" as used in this Order shall mean all such information that is or has been disclosed by either the Buyer or Seller in connection with this Order (the Disclosing Party") (i) in writing or by email or other tangible electronic storage medium and is clearly marked "Confidential" or "Proprietary," or (ii) orally or visually, and then followed within ten (10) working days thereafter with a disclosure complying with the requirements of clause (i) above. The party receiving the Confidential Information (the "Receiving Party") shall keep confidential the Confidential Information and shall not divulge, directly or indirectly, such Confidential Information for the benefit of any third party without the Disclosing Party's prior written consent. Except as required for the efficient performance of this Order, neither party shall use the other party's Confidential Information or make or permit copies to be made of such Confidential Information without the Disclosing Party's prior written consent. If any reproduction of the Confidential Information is made with such prior written consent, notice of the restrictions on disclosure, use and reproduction referred to above shall be provided thereon. Notwithstanding the foregoing, any information disclosed by the Disclosing Party shall not be regarded as Confidential Information if such information: (i) is or becomes generally available to the public other than as a result of disclosure by the Receiving Party; (ii) was available on a non-confidential basis prior to its disclosure to the Receiving Party; (iii) is or becomes available to the Receiving Party on a non-confidential basis from a source other than the Disclosing Party when such source is not, to the best of the Receiving Party's knowledge, subject to a confidentiality obligation with the Disclosing Party, or (iv) was independently developed by the Receiving Party without reference to the Confidential Information, and the Receiving Party can verify the development of such information by written documentation. Upon completion or termination of this Order, the Receiving Party shall promptly return to the Disclosing Party all Confidential Information, any copies thereof, any materials incorporating any such Confidential Information and any copies thereof. Neither party shall make any announcement, take or release

any photographs (except for its internal operation purposes for manufacture and assembly of goods) or release any information concerning this Order or with respect to its business relationship with the other party, to any third party, member of the public, press, business entity or any official body except as required by applicable law, rule, regulation, injunction or administrative order, without the other party's prior written consent. Notwithstanding the foregoing, the Seller shall be permitted to disclose the Supply Agreement and/or any Appendices thereto and related agreements and Orders to current and potential investors, stockholders and lenders that have agreed in writing to maintain the confidentiality of such documents and that have entered into at least a non-binding agreement with Seller or any if its Affiliates to provide financing to Seller or any of its Affiliates or to acquire all or any portion of the Seller's or any of its Affiliates' capital stock, assets or business; provided, however, that Seller shall provide written notice to Buyer of such disclosure within fourteen (14) days of entering into such a non-binding agreement and shall use commercially reasonable efforts to provide for GE as a third party beneficiary of the written agreement by the potential investors, stockholders and lenders to maintain the confidentiality of such documents.

17. INTELLECTUAL PROPERTY INDEMNIFICATION.

Seller shall defend, indemnify and hold harmless Buyer from all costs and expenses related to any suit, claim or proceeding brought against Buyer or its customers to the extent based on a claim that any Seller manufacturing process used to manufacture goods hereunder (other than those specifically required by Buyer) constitutes (i) an infringement of any patent, copyright or trademark of any third party in any Covered Jurisdiction (as defined below), or (ii) a misappropriation of the subject matter of any trade secret or other intellectual property right of any third party in any Covered Jurisdiction. Buyer shall defend, indemnify and hold Seller harmless from all cost and expenses related to any suit, claim or proceeding brought against Seller or its customers to the extent based on a claim that any design or specification provided by Buyer to Seller hereunder constitutes (i) an infringement of any patent, copyright or trademark of any third party in any Covered Jurisdiction, or (ii) a misappropriation of the subject matter of any trade secret or other intellectual property right of any third party in any Covered Jurisdiction. For purposes of this Section 17, "Covered Jurisdiction" means [...***...]. The indemnified party shall notify the indemnifying party promptly and give authority, information, and assistance (at the indemnifying party's expense) for the defense of same, and the indemnifying party shall pay all damages and costs awarded therein. If use of the goods is enjoined as a result of an infringement for which Seller is responsible hereunder, Seller shall, at its own expense and option, either (i) procure for Buyer the right to continue using the goods, or (ii) modify the goods so that they become non-infringing, or (iii) replace the goods with non-infringing goods. [...***...].

18. SUPPLIER SECURITY AND CRISIS MANAGEMENT POLICY AND C-TPAT REQUIREMENTS.

18.1 *Security and Crisis Management Policy* . Seller shall have and comply with a company security and crisis management policy, which shall be revised and maintained proactively and as may be requested by Buyer in anticipation of security and crisis risks relevant to the Seller's business ("Security and Crisis Management Policy"). The Security and Crisis Management

policy shall identify and require Seller's management and employees to take appropriate measures necessary to do the following:

(a) provide for the physical security of the people working on Seller's premises and others working for or on behalf of Seller;

(b) provide for the physical security of Seller's facilities and physical assets related to the performance of the work, including, in particular, the protection of Seller's mission critical equipment and assets;

(c) protect software related to the performance of work from loss, misappropriation, corruption and/or other damage;

(e) provide for the prompt recovery, including through preparation, adoption and maintenance of a disaster recovery plan, of facilities, physical assets, software, drawings, technical data, other intellectual property and/or the Seller's business operations in the event of a security breach, incident, crisis or other disruption in Seller's ability to use the necessary facilities, physical assets, software, drawings, technical data or other intellectual property and/or to continue its operations; and

(f) ensure the physical integrity and security of all shipments against the unauthorized introduction of harmful or dangerous materials.

Buyer reserves the right to inspect Seller's Security and Crisis Management Policy and to conduct on-site audits of Seller's facility and practices to determine whether such policy and Seller's implementation of such policy are reasonably sufficient to protect Buyer's interests. If Buyer reasonably determines that Seller's Security and Crisis Management Policy and/or such policy implementation is/are insufficient to protect Buyer's property and interests, Buyer may give Seller notice of such determination. Upon receiving such notice, Seller shall have forty-five (45) days thereafter to make such policy changes and take the implementation actions reasonably requested by Buyer. Seller's failure to take such actions shall give Buyer the right to terminate this Order immediately without further compensation to Seller.

18.2 *C-TPAT Compliance* . The Customs-Trade Partnership Against Terrorism ("C-TPAT") program of the United States Customs and Border Protection is designed to improve the security of shipments to the United States. This section applies only to Sellers with non-U.S. locations that are involved in the manufacture, warehousing or shipment of goods to Buyer or to a customer or supplier of Buyer located in the United States. Seller agrees that it will review the C-TPAT requirements for foreign manufacturers and that it will maintain a written plan for security procedures in accordance with the recommendations of U.S. Customs and Border Protection as outlined at http://www.customs.gov/xp/cgov/import/commercial_enforcement/ctpat/criteria_importers/ctpat _importer_criteria.xml ("Security Plan"). The Security Plan shall address security criteria such as: container security and inspection, physical access controls, personnel security, procedural security, security training and threat awareness and information technology security. Note: The C-TPAT recommendations are similar to the Security and Crisis Management Policy requirements in

Section 18.1 above, and Seller's Security and Crisis Management Policy may meet the recommendations of C-TPAT. Upon request of Buyer, Seller shall:

(a) certify to Buyer in writing that it has read the C-TPAT security criteria, maintains a written Security Plan consistent with the C-TPAT security criteria and has implemented appropriate procedures pursuant to such plan;

(b) identify an individual contact responsible for Seller's facility, personnel and shipment security measures and provide such individual's name, title, address, email address and telephone and fax numbers; and

(c) inform Buyer of its C-TPAT membership status.

Where Seller does not exercise control of manufacturing or transportation of goods destined for delivery to Buyer or its customers in the U.S., Seller agrees to communicate the C-TPAT recommendations to its suppliers and transportation providers and to use commercially reasonable efforts to ensure that such suppliers and transportation providers implement such recommendations. Further, upon advance notice by Buyer to Seller and during Seller's normal business hours, Seller shall make its facility available for inspection by Buyer's representative for the purpose of reviewing Seller's compliance with the C-TPAT security recommendations and with Seller's Security Plan. Each party shall bear its own costs in relation to such inspection and review. All other reasonable and necessary costs associated with development and implementation of Seller's Security Plan and C-TPAT compliance shall be borne by the Seller.

19. PACKING, PRESERVATION AND MARKING.

Packing, preservation and marking will be in accordance with the specification drawing or as specified on the Order, or if not specified, the best commercially accepted practice will be used, and at a minimum consistent with applicable law. In addition, Seller shall include the following information on each shipment under this Order: Buyer's Order number, case number, routing center number (if provided by Buyer's routing center), country of manufacture, destination shipping address, commodity description, gross/net weight in kilograms and pounds, dimensions in centimeters and inches, center of gravity for items greater than one (1) ton and precautionary marks (e.g., fragile, glass, air ride only, do not stack, etc.), loading hook/lifting points and chain/securing locations where applicable to avoid damage and improper handling. Seller shall place all markings in a conspicuous location as legibly, indelibly and permanently as the nature of the article or container will permit. All goods shall be packed in an appropriate manner, giving due consideration to the nature of the goods, with packaging suitable to protect the goods during transport from damage and otherwise to guarantee the integrity of the goods to destination. Goods that cannot be packed due to size or weight shall be loaded into suitable containers, pallets or crossbars thick enough to allow safe lifting and unloading. Vehicles that reach their destination and present unloading difficulties will be sent back to their point of departure.

20. GOVERNING LAW.

This Order shall in all respects be governed by and interpreted in accordance with the substantive law of the State of New York, U.S.A., excluding its conflicts of law provisions. The parties exclude application of the United Nations Convention on Contracts for the International Sale of Goods.

21. DISPUTE RESOLUTION.

21.1 If Seller is a permanent resident of the U.S., or a corporation or partnership existing under the laws of the U.S., Buyer and Seller shall attempt amicably to resolve any controversy, dispute or difference arising out of this Order, failing which either party may initiate litigation. Litigation may be brought only in the U.S. District Court for the Southern District of New York or, if such court lacks subject matter jurisdiction, in the Supreme Court of the State of New York in and for New York County. The parties submit to the jurisdiction of said courts and waive any defense of *forum non conveniens* .

21.2 If Seller is a permanent resident of a country other than the U.S., or is a corporation or partnership existing under the laws of any country other than the U.S., the parties agree to attempt to submit any controversy, dispute or difference arising out of this Order to settlement proceedings under the Alternative Dispute Resolution Rules (the "ADR Rules") of the International Chamber of Commerce ("ICC"). If the dispute has not been settled pursuant to the ADR Rules within forty-five (45) days following the filing of a request for ADR or within such other period as the parties may agree in writing, such dispute shall be finally settled under the Rules of Arbitration of the ICC (the "ICC Rules") by one or more arbitrators appointed in accordance with such ICC Rules. The place for arbitration shall be New York City, New York, U.S.A. and proceedings shall be conducted in the English language, unless otherwise stated in this Order. The award shall be final and binding on both Buyer and Seller, and the parties hereby waive the right of appeal to any court for amendment or modification of the arbitrators' award.

22. COMPLIANCE WITH DATE PROCESSING REQUIREMENTS.

22.1 Seller represents and warrants that all goods and/or services and any enhancements, upgrades, customizations, modifications, maintenance and the like (the "goods/services") shall at delivery and all times thereafter, and in all subsequent updates or revisions of any kind, accurately process, provide and/or receive date data, including without limitation, calculating, comparing, sequencing and performance of leap year calculations. In particular, Seller represents and warrants that: a) no value for current date will cause any error, interruption or decreased functionality or performance of such goods/services; and b) all manipulations of date-related data by or through such goods/services (including calculating, comparing, sequencing, processing and outputting) will produce correct results, without human intervention, for all valid dates, including when goods/services are used in combination with other products. As used in this paragraph, the words "date" and "dates" shall be deemed to include "time".

22.2 If at any time the goods and/or services are found by Buyer or its customers to fail the foregoing warranty, then, in addition to any other available remedies, Seller shall at Buyer's option repair or replace any non-conforming goods/services, including, without limitation, installation of corrective changes or repairs, all at no cost to Buyer. Seller shall not require Buyer to make any changes to the goods/services (except for installation of corrective changes provided), shall not require or cause to be made any changes to Buyer's data, unless Buyer in its sole discretion approves such changes and shall not require or cause to be made any changes to any other good, product or service used by Buyer.

23. WAIVER.

No claim or right arising out of a breach of this Order can be discharged in whole or in part by a waiver or renunciation unless supported by consideration and made in writing signed by the aggrieved party. Either party's failure to enforce any provisions hereof shall not be construed a waiver of a party's right thereafter to enforce each and every such provision.

24. ELECTRONIC COMMERCE.

Seller agrees to participate in all of Buyer's current and future electronic commerce applications and initiatives upon Buyer's request, provided that Seller will not be obligated to spend more than [...***...] per year on such initiatives. For contract formation, administration, changes and all other purposes, each electronic message sent between the parties within such applications or initiatives will be deemed: a) "written" and a "writing"; b) "signed" (in the manner below); and c) an original business record when printed from electronic files or records established and maintained in the normal course of business. The parties expressly waive any right to object to the validity, effectiveness or enforceability of any such electronic message on the ground that a "statute of frauds" or any other law requires written, signed agreements. Between the parties, any such electronic documents may be introduced as evidence in any proceedings as business records originated and maintained in paper form. Neither party shall object to the admission of any such electronic document under either the best evidence rule or the business records exception to the hearsay rule. By placing a name or other identifier on any such electronic message, the party doing so intends to sign the message with his/her signature attributed to the message content. The effect of each such message will be determined by the electronic message content and by New York law, excluding any such law requiring signed agreements or otherwise in conflict with this paragraph.

25. PERSONAL DATA PROTECTION.

25.1 "Personal Data" includes any information relating to an identified or identifiable natural person; "Buyer Personal Data" includes any Personal Data obtained by Seller from Buyer; and "Processing" includes any operation or set of operations performed upon Personal Data, such as collection, recording, organization, storage, adaptation or alteration, retrieval, accessing, consultation, use, disclosure by transmission, dissemination or otherwise making available, alignment or combination, blocking, erasure or destruction.

25.2 Seller, including its officers, directors, employees and/or agents, shall view and Process Buyer Personal Data only on a need-to-know basis and only to the extent necessary to perform this Order or to carry out Buyer's further written instructions.

25.3 Seller shall use reasonable technical and organizational measures to ensure the security and confidentiality of Buyer Personal Data in order to prevent, among other things, accidental, unauthorized or unlawful destruction, modification, disclosure, access or loss. Seller shall immediately inform Buyer of any Security Breach involving Buyer Personal Data, where "Security Breach" means any event involving an actual, potential or threatened compromise of the security, confidentiality or integrity of the data, including but not limited to any unauthorized access or use. Seller shall also provide Buyer with a detailed description of the Security Breach, the type of data that was the subject of the Security Breach, the identity of each affected person and any other information Buyer may request concerning such affected persons and the details of the breach, as soon as such information can be collected or otherwise becomes available. Seller agrees to take action immediately, at its own expense, to investigate the Security Breach and to identify, prevent and mitigate the effects of any such Security Breach and to carry out any

recovery necessary to remedy the impact. Buyer must first approve the content of any filings, communications, notices, press releases or reports related to any Security Breach ("Notices") prior to any publication or communication thereof to any third party. Seller also agrees to bear any cost or loss Buyer may incur as a result of the Security Breach, including without limitation, the cost of Notices.

25.4 Upon termination of this Order, for whatever reason, Seller shall stop the Processing of Buyer Personal Data, unless instructed otherwise by Buyer, and these undertakings shall remain in force until such time as Seller no longer possesses Buyer Personal Data.

25.5 Seller understands and agrees that Buyer may require Seller to provide certain Personal Data ("Seller Personal Data") such as the name, address, telephone number and e-mail address of Seller's representatives in transactions and that Buyer and its Affiliates and its or their contractors may store such data in databases located and accessible globally by their personnel and use it for purposes reasonably related to the performance of this Order, including but not limited to supplier and payment administration. Seller agrees that it will comply with all legal requirements associated with transferring any Seller Personal Data to Buyer. Buyer will be the Controller of this data for legal purposes and agrees not to share Seller Personal Data beyond Buyer, its Affiliates and its or their contractors, and to use reasonable technical and organizational measures to ensure that Seller Personal Data is processed in conformity with applicable data protection laws. "Controller" shall mean the legal entity which alone or jointly with others determines the purposes and means of the processing of Personal Data. By written notice to Buyer, Seller may obtain a copy of the Seller Personal Data and submit updates and corrections to it.

26. ENTIRE AGREEMENT.

This Order, with documents as are expressly incorporated by reference, is intended as a complete, exclusive and final expression of the parties' agreement with respect to the subject matter herein and supersedes any prior or contemporaneous agreements, whether written or oral, between the parties. This Order may be executed in one or more counterparts, each of which shall for all purposes be deemed an original and all of which shall constitute the same instrument. Facsimile signatures on such counterparts are deemed originals. No course of prior dealings and no usage of the trade shall be relevant to determine the meaning of this Order even thought the accepting or acquiescing party has knowledge of the performance and opportunity for objection. The term "including" shall mean and be construed as "including, but not limited to", unless expressly stated to the contrary. The invalidity, in whole or in part, of any of the foregoing articles or paragraphs of this Order shall not affect the remainder of such article or paragraphs or any other article or paragraphs of this Order, which shall continue in full force and effect. All provisions or obligations contained in this Order, which by their nature or effect are required or intended to be observed, kept or performed after termination or expiration of an Order will survive and remain binding upon and for the benefit of the parties, their successors (including without limitation successors by merger) and permitted assigns including, without limitation, Sections 4, 5, 8, 9, 12, 15, 18, 19, 22 and 25.

GE ENERGY INTEGRITY GUIDE FOR SUPPLIERS, CONTRACTORS AND CONSULTANTS

A Message from GE Energy

General Electric Company and its GE Energy business ("GE") are committed to unyielding Integrity and high standards of business conduct in everything we do, especially in our dealings with GE suppliers, contractors and consultants (collectively "suppliers"). For well over a century, GE people have created an asset of incalculable value - the company's worldwide reputation for integrity and high standards of business conduct. That reputation, built by so many people over so many years, rides on each business transaction we make.

GE bases supplier relationships on lawful, efficient and fair practices, and expects its suppliers to adhere to applicable legal requirements in their business relationships, including those with their employees, their local environments, and GE. The quality of our supplier relationships often has a direct bearing on the quality of our customer relationships. Likewise, the quality of our suppliers' products and services affects the quality of our own products and services.

To help GE suppliers understand the GE commitment to unyielding Integrity and the standards of business conduct that all GE suppliers must meet, GE has prepared this GE Energy Integrity Guide for Suppliers, Contractors and Consultants. The Guide is divided into four sections:

- GE Code of Conduct
- GE Compliance Obligations
- Responsibilities of GE Suppliers
- How to Raise an Integrity Concern

Suppliers should carefully review this Guide, including but not limited to the section, Responsibilities of GE Suppliers. Suppliers are responsible for ensuring that they and their employees, representatives and sub-suppliers comply with the standards of conduct required of GE suppliers. Please contact the GE manager you work with or any GE Compliance Resource if you have any questions about this Guide or the standards of business conduct that all GE suppliers must meet.

John G. Rice, President & CEO, GE Energy
Stephen B. Bransfield, Vice President, Global Supply Chain Management
Sam Aquillano, General Manager, Global Sourcing

GE Code of Conduct

GE's commitment to total, unyielding Integrity is set forth in the Company's Compliance Handbook, Integrity: The Spirit and The Letter of Our Commitment ("Spirit & Letter"). The policies set forth in the Spirit & Letter govern the conduct of all GE employees and are supplemented by compliance procedures and guidelines adopted by GE components. All GE employees must not only comply with the "letter" of the Company's compliance policies, but also with their "spirit."

The "spirit" of GE's Integrity commitment is set forth in the GE Code of Conduct, which each GE employee has made a personal commitment to follow:

- Obey the applicable laws and regulations governing our business conduct worldwide.
- Be honest, fair and trustworthy in all of your GE activities and relationships.
- Avoid all conflicts of interest between work and personal affairs.
- Foster an atmosphere in which fair employment practices extend to every member of the diverse GE community.
- Strive to create a safe workplace and to protect the environment.

- Through leadership at all levels, sustain a culture where ethical conduct is recognized, valued and exemplified by all employees.

No matter how high the stakes, no matter how great the "stretch", GE will do business only by lawful and ethical means. When working with customers and suppliers in every aspect of our business, we will not compromise our commitment to integrity.

GE Compliance Obligations

All GE employees are obligated to comply with the requirements — the "letter"— of the Company's compliance policies set forth in the Spirit & Letter. These policies implement the GE Code of Conduct and are supplemented by compliance procedures and guidelines adopted by GE components. A summary of some of the key compliance obligations of GE employees follows:

IMPROPER PAYMENTS

- Always adhere to the highest standards of honesty and integrity in all contacts on behalf of GE. Never offer bribes, kickbacks, illegal political contributions or other improper payments to any customer, government official or third party. Follow the laws of the United States and other countries relating to these matters.
- Do not give significant gifts or provide any extravagant entertainment to a customer or supplier without GE management approval. Make sure all business entertainment and gifts are lawful and disclosed to the other party's employer.
- Employ only reputable people and firms as GE representatives and understand and obey any requirements governing the use of third party representatives.

INTERNATIONAL TRADE CONTROLS

- Understand and follow applicable international trade control and customs laws and regulations, including those relating to licensing, shipping and import documentation and reporting and record retention requirements.
- Never participate in boycotts or other restrictive trade practices prohibited or penalized under United States or applicable local laws.
- Make sure all transactions are screened in accordance with applicable export/import requirements; and that any apparent conflict between U.S. and applicable local law requirements, such as the laws blocking certain U.S. restrictions adopted by Canada, Mexico and the members of the European Union, is disclosed to GE counsel.

MONEY LAUNDERING PREVENTION

- Follow all applicable laws that prohibit money laundering and that require the reporting of cash or other suspicious transactions.
- Learn to identify warning signs that may indicate money laundering or other illegal activities or violations of GE policies. Raise any concerns to GE counsel and GE management.

PRIVACY

- Never acquire, use or disclose individual consumer information in ways that are inconsistent with GE privacy policies or with applicable privacy and data protection laws, regulations and treaties.
- Maintain secure business records of individual consumer information, including computer-based information.

SUPPLIER RELATIONSHIPS

- Only do business with suppliers who comply with local and other applicable legal requirements and any additional GE standards relating to labor, environment, health and safety, intellectual property rights and improper payments.
- Follow applicable laws and government regulations covering supplier relationships.
- Provide a competitive opportunity for suppliers to earn a share of GE's purchasing volume, including small businesses and businesses owned by the disadvantaged, minorities and women.

WORKING WITH GOVERNMENTS

- Follow applicable laws and regulations associated with government contracts and transactions.
- Require any supplier providing goods or services for GE on a government project or contract to agree to comply with the intent of GE's Working with Governments policy.

- Be truthful and accurate when dealing with government officials and agencies.

COMPLYING WITH COMPETITION LAWS

- Never propose or enter into any agreement with a GE competitor to fix prices, terms and conditions of sale, costs, profit margins, or other aspects of the competition for sales to third parties.
- Do not propose or enter into any agreements or understandings with GE customers restricting resale prices.
- Never propose or enter into any agreements or understandings with suppliers which restrict the price or other terms at which GE may resell or lease any product or service to a third party.

ENVIRONMENT, HEALTH & SAFETY

- Learn how to conduct your activities in compliance with all relevant environmental and worker health and safety laws and regulations and conduct your activities accordingly.
- Ensure that all new product designs or changes or services offerings are reviewed for compliance with GE guidelines.
- Use care in handling hazardous materials or operating processes or equipment that use hazardous materials to prevent unplanned releases into the workplace or the environment.
- Report to GE management all spills of hazardous materials; any concern that GE products are unsafe; and any potential violation of environmental, health or safety laws, regulations or company practices or requests to violate established EHS procedures.

FAIR EMPLOYMENT PRACTICES

- Extend equal opportunity, fair treatment and a harassment-free work environment to all employees, co-workers, consultants and other business associates without regard to their race, color, religion, national origin, sex (including pregnancy), sexual orientation, age, disability, veteran status or other characteristic protected by law.

CONFLICTS OF INTEREST

- Financial, business, or other non-work related activities must be lawful and free of conflicts with one's responsibilities to GE.
- Report all personal or family relationships, including those of significant others, with current or prospective suppliers you select, manage or evaluate.
- Do not use GE equipment, information or other property (including office equipment, e-mail and computer applications) to conduct personal or non-GE business without prior permission from the appropriate GE manager.

CONTROLLERSHIP

- Keep and report all GE records, including any time records, in an accurate, timely, complete, and confidential manner. Only release GE records to third parties when authorized by GE.
- Follow GE's General Accounting Procedures (GAP), as well as all generally accepted accounting principles, standards, laws and regulations for accounting and financial reporting of transactions, estimates and forecasts.
- Financial statements and reports prepared for or on behalf of GE (including any component) must fairly present the financial position, results of operations, and/or other financial data for the periods and/or the dates specified.

INSIDER TRADING OR DEALING & STOCK TIPPING

- Never buy, sell or suggest to someone else that they should buy or sell stock or other securities of any company (including GE) while you are aware of significant or material non-public information (inside information) about that company. Information is significant or material when it is likely that an ordinary investor would consider the information important in making an investment decision.
- Do not pass on or disclose inside information unless necessary for the conduct of GE business — and never pass on or disclose such information if you suspect that the information will be used for an improper trading purpose.

INTELLECTUAL PROPERTY

- Identify and protect commercially significant GE intellectual property in ways consistent with the law.
- Consult with GE counsel in advance of soliciting, accepting or using proprietary information of outsiders, disclosing GE proprietary information to outsiders or permitting third parties to use GE intellectual property.
- Respect valid patents, copyrighted materials and other protected intellectual property of others; and consult with GE counsel for licenses or approvals to use such intellectual property.

Responsibilities of GE Suppliers

GE will only do business with suppliers that comply with applicable legal requirements. Suppliers that transact business with GE are expected to not only comply with their contractual obligations under any purchase order or agreement with GE, but also adhere to standards of business conduct consistent with those described in this section of the Guide. A supplier commitment to full compliance with these standards is the foundation of a mutually beneficial business relationship with GE.

GE requires and expects that each GE supplier shall comply with all applicable legal requirements. Unacceptable practices by a GE supplier include:

- Minimum Age. Employing workers younger than the required minimum age.
- Forced Labor. Using forced, prison or indentured labor, or workers subject to any form of compulsion or coercion.
- Environmental Compliance. Lack of commitment to observing applicable environmental laws and regulations. Actions that GE will consider evidence of a lack of commitment to observing applicable environmental laws and regulations include:
    - Failing to maintain and enforce written and comprehensive environmental management programs which are subject to periodic audit.
    - Failing to maintain and comply with all required environmental permits.
    - Permitting any discharge to the environment in violation of law, issued/required permits, or that would otherwise have an adverse impact on the environment.
- Health & Safety. Failure to provide workers a workplace that meets applicable health and safety standards.
- Code of Conduct. Failure to maintain and enforce company policies requiring adherence to lawful business practices, including a prohibition against bribery of government officials.
- Business Practices and Dealings with GE. Offering or providing, directly or indirectly, anything of value, including cash, bribes or kickbacks, to any GE employee, representative or customer or government official in connection with any GE procurement, transaction or business dealing. Such prohibition includes the offering or providing of any consulting, employment or similar position by a supplier to any GE employee (or their family member or significant other) involved with a GE procurement. GE also requires that a GE supplier not offer or provide GE employees and representatives with any gifts, other than gifts of nominal value to commemorate or recognize a particular GE-supplier business transaction or activity. In particular, a GE supplier shall not offer, invite or permit GE employees and representatives to participate in any supplier or supplier-sponsored contest, game or promotion.
- Business Entertainment of GE Employees and Representatives. Failing to respect and comply with the business entertainment (including travel and living) policies established by GE and governing GE employees and representatives. A GE supplier is expected to understand the business entertainment policies of the applicable GE component or operation before offering or providing any GE employee or representative any business entertainment. Business entertainment should never be offered to a GE employee and representative by a supplier under circumstances that create the appearance of an impropriety.
- Collusive Conduct and GE Procurements. Sharing or exchanging any price, cost or other competitive information or the undertaking of any other collusive conduct with any other third party supplier or bidder to GE with respect to any proposed, pending or current GE procurement.
- Intellectual & Other Property Rights. Failing to respect the intellectual and other property rights of others, especially GE. In that regard, a GE supplier shall:
    - Only use GE information and property (including tools, drawings and specifications) for the purpose for which they are provided to the supplier and for no other purposes.
    - Take appropriate steps to safeguard and maintain the confidentiality of GE proprietary information, including maintaining it in confidence and in secure work areas and not disclosing it to third parties (including other customers, subcontractors, etc.) without the prior written permission of GE.
    - Only transmit GE information over the Internet on an encrypted basis.

- Observe and respect all GE patents, trademarks and copyrights and comply with such restrictions or prohibitions on their use as GE may from time to time establish.

- Export Controls & Customs Matters. The transfer of GE technical information to any third party without the express, written permission of GE. Failing to comply with all applicable export controls laws and regulations in the export or re-export of GE technical information, including any restrictions on access and use applicable to non-U.S. nationals, and failing to ensure that all invoices and any customs or similar documentation submitted to GE or governmental authorities in connection with transactions involving GE accurately describe the goods and services provided or delivered and the price thereof.

- Use Sub-Suppliers or Third Parties to Evade Requirements. The use of sub-suppliers or other third parties to evade legal requirements applicable to the supplier and any of the standards set forth in this Section of the Guide.

The foregoing standards are subject to modification in the discretion of GE. Please contact the GE manager you work with or any GE Compliance Resource if you have any questions about these standards and/or their application to particular circumstances. Each GE supplier is responsible for ensuring that the supplier and its employees and representatives understand and comply with these standards. GE will only do business with those suppliers that comply with applicable legal requirements and reserves the right, based on its assessment of information then available to GE, to terminate, without liability to GE, any pending purchase order or contract with any supplier that does not comply with the standards set forth in this section of the Guide.

How to Raise an Integrity Concern

Each GE supplier is expected to promptly inform GE of any Integrity concern involving or affecting GE, whether or not the concern involves the supplier, as soon as the supplier has knowledge of such Integrity concern. A GE supplier shall also take such steps as GE may reasonably request to assist GE in the investigation of any Integrity concern involving GE and the supplier. An Integrity concern may be raised by a GE supplier with cognizant GE management, Company or GE Energy Helplines, or any GE Compliance Resource (i.e., Company legal counsel or auditor).

I. Define your concern: Who or what is the concern? When did it arise? What are the relevant facts?

MASTER SECURITY AGREEMENT

THIS AGREEMENT, dated as of September 6, 2007, ("AGREEMENT") is between GENERAL ELECTRIC COMPANY, a New York corporation, acting through its GE Energy business with a place of business at 4200 Wildwood Parkway, Atlanta, Georgia 30339, (together with its successors and assigns, if any, "SECURED PARTY") and TPI IOWA, LLC, a Delaware limited liability company, having a principal place of business at 373 Market Street, Warren, Rhode Island 02885 ("DEBTOR").

1. CREATION OF SECURITY INTEREST.

Debtor grants to Secured Party, its successors and assigns, a security interest in and against all Collateral (as defined in Section 9(h) of that certain Supply Agreement between the parties with an effective date of August 20, 2007 (the "Supply Agreement"), including all additions, attachments, accessories and accessions to such property, all substitutions, replacements or exchanges therefore, and all insurance and/or other proceeds thereof. This security interest is given to secure the payment and performance of the Debtor's obligations under Section 9 of the Supply Agreement and any renewals, extensions and modifications of such debts, obligations and liabilities (such debts, obligations and liabilities are called the "INDEBTEDNESS").

2. REPRESENTATIONS, WARRANTIES AND COVENANTS OF DEBTOR.

Debtor represents, warrants and covenants as of the date of this Agreement that:

(a) Debtor's exact legal name is as set forth in the preamble of this Agreement and Debtor is, and will remain, duly organized, existing and in good standing under the laws of the State set forth in the preamble of this Agreement, has its chief executive offices at the location specified in the preamble, and is, and will remain, duly qualified in every jurisdiction wherever necessary to carry on its business and operations;

(b) Debtor has adequate power and capacity to enter into, and to perform its obligations under this Agreement and any other documents evidencing, or given in connection with, any of the Indebtedness (all of the foregoing are called the "DEBT DOCUMENTS");

(c) This Agreement and the other Debt Documents have been duly authorized, executed and delivered by Debtor and constitute legal, valid and binding agreements enforceable in accordance with their terms, except to the extent that the enforcement of remedies may be limited under applicable bankruptcy and insolvency laws or by general equitable principles;

(d) No approval, consent or withholding of objections is required from any governmental authority or instrumentality with respect to the entry into, or performance by Debtor of any of the Debt Documents, except any already obtained;

(e) The entry into, and performance by, Debtor of the Debt Documents will not: (i) violate any of the organizational documents of Debtor or any judgment, order, law or regulation applicable to Debtor, or (ii) result in any breach of or constitute a default under any contract to which Debtor is a party, or result in the creation of any lien, claim or encumbrance on any of Debtor's property (except for liens in favor of Secured Party) pursuant to any indenture, mortgage, deed of trust, bank loan, credit agreement, or other agreement or instrument to which Debtor is a party;

(f) There are no suits or proceedings pending in court or before any commission, board or other administrative agency against or affecting Debtor which could, in the aggregate, have a material adverse effect on Debtor, its business or operations, or its ability to perform its obligations under

the Debt Documents, nor does Debtor have reason to believe that any such suits or proceedings are threatened;

(g) All financial statements delivered to Secured Party in connection with the Indebtedness have been prepared in accordance with generally accepted accounting principles, and since the date of the most recent financial statement, there has been no material adverse change in Debtor's financial condition which has resulted or could reasonably be expected to result in Debtor being unable to perform its obligations under this Agreement for the remainder of the term of this Agreement;

(h) The Collateral is not, and will not be, used by Debtor for personal, family or household purposes;

(i) The Collateral is, and will remain, in good condition and repair, except for normal wear and tear, and Debtor will not be negligent in its care and use;

(j) Debtor is, and will remain, the sole and lawful owner, and in possession of, the Collateral, and has the sole right and lawful authority to grant the security interest described in this Agreement;

(k) The Collateral is, and will remain, free and clear of all liens, claims and encumbrances of any kind whatsoever, except for: (i) liens in favor of Secured Party, (ii) liens for taxes not yet due or for taxes being contested in good faith and which do not involve, in the judgment of Secured Party, any material risk of the sale, forfeiture or loss of any of the Collateral, (iii) inchoate materialmen's, mechanic's, repairmen's and similar liens arising by operation of law in the normal course of business for amounts which are not delinquent, and (iv) any liens junior to all liens held by Secured Party (all of such liens are called "PERMITTED LIENS"); and

(l) Debtor is and will remain in compliance in all material respects with all material laws and regulations applicable to it including, without limitation, (i) ensuring that Debtor is not and shall not be (Y) listed on the Specially Designated Nationals and Blocked Person List maintained by the Office of Foreign Assets Control ("OFAC"), Department of the Treasury, and/or any other similar lists maintained by OFAC pursuant to any authorizing statute, Executive Order or regulation or (Z) a person designated under Section 1(b), (c) or (d) of Executive Order No. 13224 (September 23, 2001), any related enabling legislation or any other similar Executive Orders.

3. COLLATERAL.

(a) Until the declaration by Secured Party of any default hereunder, Debtor shall remain in possession of the Collateral; except that Secured Party shall have the right to possess: (i) any chattel paper or instrument that constitutes a part of the Collateral, and (ii) any other Collateral in which Secured Party's security interest may be perfected only by possession. Secured Party may inspect any of the Collateral during normal business hours after giving Debtor reasonable prior notice. If Secured Party asks, Debtor will promptly notify Secured Party in writing of the location of any Collateral.

(b) Debtor shall: (i) use the Collateral only in its trade or business, (ii) maintain all of the Collateral in good operating order and repair, normal wear and tear excepted, (iii) use and maintain the Collateral only in compliance in all material respects with manufacturers recommendations and all applicable material laws, and (iv) keep all of the Collateral free and clear of all liens, claims and encumbrances (except for Permitted Liens).

(c) Secured Party does not authorize and Debtor agrees it shall not: (i) part with possession of any of the Collateral (except to Secured Party or for maintenance and repair), (ii) remove any of the Collateral from the continental United States, or (iii) sell, rent, lease, mortgage, license, grant

a security interest in or otherwise transfer or encumber (except for Permitted Liens) any of the Collateral.

(d) Debtor shall pay promptly when due all taxes, license fees, assessments and public and private charges levied or assessed on any of the Collateral, on its use, or on this Agreement or any of the other Debt Documents. At its option, Secured Party may discharge taxes, liens, security interests or other encumbrances at any time levied or placed on the Collateral and may pay for the maintenance, insurance and preservation of the Collateral and effect compliance with the terms of this Agreement or any of the other Debt Documents. Debtor agrees to reimburse Secured Party, on written demand, all costs and expenses reasonably incurred by Secured Party in connection with such payment or performance and agrees that such reimbursement obligation shall constitute Indebtedness.

(e) Debtor shall, at all times, keep accurate and complete records of the Collateral, and Secured Party shall have the right to inspect and make copies of all of Debtor's books and records relating to the Collateral during normal business hours, after giving Debtor reasonable prior notice.

(f) Debtor agrees and acknowledges that any third person who may at any time possess all or any portion of the Collateral shall be deemed to hold, and shall hold, the Collateral as the agent of, and as pledge holder for, Secured Party. Secured Party may at any time give notice to any third person described in the preceding sentence that such third person is holding the Collateral as the agent of, and as pledge holder for, the Secured Party.

4. INSURANCE.

(a) Debtor shall at all times that the Collateral is not in Secured Party's possession bear the entire risk of any loss, theft, damage to, or destruction of, any of the Collateral from any cause whatsoever.

(b) Debtor agrees to keep the Collateral insured against loss or damage by fire and extended coverage perils, theft, burglary, and for any or all Collateral which are vehicles, for risk of loss by collision, and if requested by Secured Party, against such other risks as Secured Party may reasonably require. The insurance coverage shall be in an amount no less than the full replacement value of the Collateral, and deductible amounts, insurers and policies shall be acceptable to Secured Party. Debtor shall deliver to Secured Party policies or certificates of insurance evidencing such coverage. Each policy shall name Secured Party as a loss payee up to the limit of the value of the Collateral (as adjusted annually by advance paydowns), shall provide for coverage to Secured Party regardless of the breach by Debtor of any warranty or representation made therein, shall not be subject to co-insurance (other than standard deductibles), and shall provide that coverage may not be canceled or altered by the insurer except upon thirty (30) days prior written notice to Secured Party. Debtor appoints Secured Party as its attorney-in-fact to make proof of loss, claim for insurance and adjustments with insurers, and to receive payment of and execute or endorse all documents, checks or drafts in connection with insurance payments. Secured Party shall not act as Debtor's attorney-in-fact unless Debtor is in default hereunder. Proceeds of insurance in an amount in excess of [...***...] per claim shall be applied, at the option of Secured Party, to repair or replace the Collateral or to reduce any of the Indebtedness.

5. REPORTS.

(a) Debtor shall promptly notify Secured Party of: (i) any change in the name of Debtor, (ii) any change in the state of its incorporation, organization or registration, (iii) any relocation of its chief executive offices, (iv) any relocation of any of the Collateral, (v) any material amount of the Collateral being lost, stolen, missing, destroyed, materially damaged or worn out, or (vi) any

lien, claim or encumbrance other than Permitted Liens attaching to or being made against any of the Collateral.

(b) Upon reasonable request of Secured Party, Debtor will deliver to Secured Party financial information as requested by Secured Party concerning the Collateral.

6. FURTHER ASSURANCES.

(a) Debtor shall, upon request of Secured Party, furnish to Secured Party such further information, execute and deliver to Secured Party such documents and instruments (including, without limitation, Uniform Commercial Code financing statements) and shall do such other acts and things as Secured Party may at any time reasonably request relating to the perfection or protection of the security interest created by this Agreement or for the purpose of carrying out the intent of this Agreement. Without limiting the foregoing, Debtor shall cooperate and do all acts reasonably requested by Secured Party to continue in Secured Party a perfected first security interest in the Collateral, and shall obtain and furnish to Secured Party any subordinations, releases, landlord waivers, lessor waivers, mortgagee waivers, or control agreements, and similar documents as may be from time to time reasonably requested by, and in form and substance satisfactory to, Secured Party.

(b) Debtor authorizes Secured Party to file a financing statement and amendments thereto describing the Collateral and containing any other information required by the applicable Uniform Commercial Code. Debtor shall, if any certificate of title be required or permitted by law for any of the Collateral, obtain and promptly deliver to Secured Party such certificate showing the lien of this Agreement with respect to the Collateral. Debtor ratifies its prior authorization for Secured Party to file financing statements and amendments thereto describing the Collateral and containing any other information required by the Uniform Commercial Code if filed prior to the date hereof.

(c) Debtor shall indemnify and defend the Secured Party, its successors and assigns, and their respective directors, officers and employees, from and against all claims, actions and suits (including, without limitation, related attorneys' fees) of any kind whatsoever arising, directly or indirectly, in connection with any of the Collateral, except for claims, actions or suites arising from the gross negligence or willful misconduct of the Secured Party.

7. DEFAULT AND REMEDIES.

(a) Debtor shall be in default under this Agreement and each of the other Debt Documents if:

(i) Debtor breaches its obligation to pay when due any installment or other amount due or coming due under any of the Debt Documents and fails to cure the breach within ten (10) business days after receipt of written notice from Secured Party of such breach;

(ii) Debtor, without the prior written consent of Secured Party, attempts to or does sell, rent, lease, license, mortgage, grant a security interest in, or otherwise transfer or encumber (except for Permitted Liens) any of the Collateral;

(iii) Debtor breaches any of its insurance obligations under Section 4;

(iv) Debtor breaches any of its other obligations under any of the Debt Documents and fails to cure that breach within thirty (30) days after written notice from Secured Party;

(v) Any warranty, representation or statement made by Debtor in any of the Debt Documents or otherwise in connection with any of the Indebtedness shall be false or misleading in any material respect when made;

(vi) Any of the Collateral is subjected to attachment, execution, levy, seizure or confiscation in any legal proceeding or otherwise, or if any legal or administrative proceeding is commenced against Debtor or any of the Collateral, which in the reasonable commercial judgment of Secured Party subjects any of the Collateral to a material risk of attachment, execution, levy, seizure or confiscation and no bond is posted or protective order obtained to negate such risk;

(vii) Debtor breaches or is in default under any other agreement between Debtor and Secured Party;

(viii) Debtor dissolves, terminates its existence, becomes insolvent or ceases to do business as a going concern;

(ix) A receiver is appointed for all or of any material part of the property of Debtor, or Debtor makes any assignment for the benefit of creditors;

(x) Debtor files a petition under any bankruptcy, insolvency or similar law, or any such petition is filed against Debtor and is not dismissed within sixty (60) days;

(xi) There is a material adverse change in the Debtor's financial condition which results or could reasonably be expected to result in Debtor being unable to perform its obligations under this Agreement for the remainder of the term of this Agreement; or

(xii) At any time during the term of this Agreement a Change of Control (as defined in the Supply Agreement) involving a Competitor of Buyer(as defined in the Supply Agreement) occurs without Secured Party's prior written consent, which consent will not be unreasonably withheld.

(b) If Debtor is in default hereunder, the Secured Party, at its option, may upon written notice to Debtor declare any or all of the Indebtedness to be immediately due and payable, without demand or notice to Debtor. The accelerated obligations and liabilities shall bear interest (both before and after any judgment) until paid in full at the lower of twelve percent (12%) per annum or the maximum rate not prohibited by applicable law.

(c) During a default hereunder, Secured Party shall have all of the rights and remedies of a Secured Party under the Uniform Commercial Code, and under any other applicable law. Without limiting the foregoing, Secured Party shall have the right to: (i) notify any account debtor of Debtor under any account or any obligor on any instrument which constitutes part of the Collateral to make payment to the Secured Party, (ii) with or without legal process, peaceably during normal business hours enter any premises where the Collateral may be and take possession of and remove the Collateral from the premises or store it on the premises, (iii) sell the Collateral at public or private sale, in whole or in part, and have the right to bid and purchase at said sale, or (iv) lease or otherwise dispose of all or part of the Collateral, applying proceeds from such disposition to the obligations then in default. If requested by Secured Party and upon reasonable prior written notice to Debtor, Debtor shall promptly assemble the Collateral and make it available to Secured Party at a place to be designated by Secured Party which is reasonably convenient to both parties. Secured Party may also render any or all of the Collateral unusable at the Debtor's premises (subject to the rights of third parties) and may dispose of such Collateral on such premises without liability for rent or costs. Any notice that Secured Party is required to give to Debtor under the Uniform Commercial Code of the time and place of any public sale or the time after which any private sale or other intended disposition of the Collateral is to be made shall be deemed to constitute reasonable notice if such notice is given to the last known address of Debtor at [...***...].

(d) Proceeds from any sale or lease or other disposition shall be applied: first, to all costs of repossession, storage, and disposition including without limitation reasonable and documented attorneys', appraisers', and auctioneers' fees; second, to discharge the obligations then in default; third, to discharge any other Indebtedness of Debtor to Secured Party, whether as obligor, endorser, guarantor, surety or indemnitor; fourth, to expenses incurred and documented in paying or settling liens and claims against the Collateral; and lastly, to Debtor, if there exists any surplus. Debtor shall remain fully liable for any deficiency.

(e) Debtor agrees to pay all reasonable attorneys' fees and other reasonable and necessary costs incurred and documented by Secured Party in connection with the enforcement, assertion, defense or preservation of Secured Party's rights and remedies under this Agreement, or if prohibited by law, such lesser sum as may be permitted. Debtor further agrees that such fees and costs shall constitute Indebtedness.

(f) Secured Party's rights and remedies under this Agreement or otherwise arising are cumulative and may be exercised singularly or concurrently. Neither the failure nor any delay on the part of the Secured Party to exercise any right, power or privilege under this Agreement shall operate as a waiver, nor shall any single or partial exercise of any right, power or privilege preclude any other or further exercise of that or any other right, power or privilege. SECURED PARTY SHALL NOT BE DEEMED TO HAVE WAIVED ANY OF ITS RIGHTS UNDER THIS AGREEMENT OR UNDER ANY OTHER AGREEMENT, INSTRUMENT OR PAPER SIGNED BY DEBTOR UNLESS SUCH WAIVER IS EXPRESSED IN WRITING AND SIGNED BY SECURED PARTY. A waiver on any one occasion shall not be construed as a bar to or waiver of any right or remedy on any future occasion.

(g) DEBTOR AND SECURED PARTY UNCONDITIONALLY WAIVE THEIR RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF THIS AGREEMENT, ANY OF THE OTHER DEBT DOCUMENTS, ANY OF THE INDEBTEDNESS SECURED HEREBY, ANY DEALINGS BETWEEN DEBTOR AND SECURED PARTY RELATING TO THE SUBJECT MATTER OF THIS TRANSACTION OR ANY RELATED TRANSACTIONS, AND/OR THE RELATIONSHIP THAT IS BEING ESTABLISHED BETWEEN DEBTOR AND SECURED PARTY. THE SCOPE OF THIS WAIVER IS INTENDED TO BE ALL ENCOMPASSING OF ANY AND ALL DISPUTES THAT MAY BE FILED IN ANY COURT UNDER THIS AGREEMENT. THIS WAIVER IS IRREVOCABLE. THIS WAIVER MAY NOT BE MODIFIED EITHER ORALLY OR IN WRITING. THE WAIVER ALSO SHALL APPLY TO ANY SUBSEQUENT AMENDMENTS, RENEWALS, SUPPLEMENTS OR MODIFICATIONS TO THIS AGREEMENT, ANY OTHER DEBT DOCUMENTS, OR TO ANY OTHER DOCUMENTS OR AGREEMENTS RELATING TO THIS TRANSACTION OR ANY RELATED TRANSACTION. THIS AGREEMENT MAY BE FILED AS A WRITTEN CONSENT TO A TRIAL BY THE COURT.

8. MISCELLANEOUS.

(a) This Agreement and any of the other Debt Documents may be assigned, in whole or in part, by Secured Party with notice to Debtor, and Debtor agrees not to assert against any such assignee, or assignee's assigns, any defense, set-off, recoupment claim or counterclaim which Debtor has or may at any time have against Secured Party for any reason whatsoever. Debtor agrees that if Debtor receives written notice of an assignment from Secured Party, Debtor will pay all amounts payable under any assigned Debt Documents to such assignee or as instructed by Secured Party. Debtor also agrees to confirm in writing receipt of the notice of assignment as may be reasonably requested by Secured Party or assignee.

(b) All notices to be given in connection with this Agreement shall be in writing, shall be addressed to the parties at their respective addresses set forth in this Agreement (unless and until a different address may be specified in a written notice to the other party), and shall be deemed given: (i) on the date of receipt if delivered in hand or by facsimile transmission, (ii) on the next business day after being sent by express mail, and (iii) on the fourth business day after being sent by regular, registered or certified mail. As used herein, the term "business day" shall mean and include any day other than Saturdays, Sundays, or other days on which commercial banks in New York, New York, U.S.A., are required or authorized to be closed.

(c) Secured Party may correct patent errors and fill in all blanks in this Agreement consistent with the agreement of the parties, and will provide prior notice thereof to Debtor.

(d) Time is of the essence of this Agreement. This Agreement shall be binding, jointly and severally, upon all parties described as the "Debtor" and their respective heirs, executors, representatives, successors and assigns, and shall inure to the benefit of Secured Party, its successors and assigns.

(e) This Agreement constitutes the entire agreement between the parties with respect to the subject matter of this Agreement and supersede all prior understandings (whether written, verbal or implied) with respect to such subject matter. THIS AGREEMENT SHALL NOT BE CHANGED OR TERMINATED ORALLY OR BY COURSE OF CONDUCT, BUT ONLY BY A WRITING SIGNED BY BOTH PARTIES. Section headings contained in this Agreement have been included for convenience only, and shall not affect the construction or interpretation of this Agreement.

(f) This Agreement shall continue in full force and effect until all of the Indebtedness has been indefeasibly paid in full to Secured Party or its assignee, and shall thereupon terminate. The surrender, upon payment or otherwise, of any Note or any of the other documents evidencing any of the Indebtedness shall not affect the right of Secured Party to retain the Collateral for such other Indebtedness as may then exist or as it may be reasonably contemplated will exist in the future. This Agreement shall automatically be reinstated if Secured Party is ever required to return or restore the payment of all or any portion of the Indebtedness (all as though such payment had never been made).

(g) THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HEREUNDER SHALL IN ALL RESPECTS BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH, THE INTERNAL LAWS OF THE STATE OF NEW YORK (WITHOUT REGARD TO THE CONFLICT OF LAWS PRINCIPLES OF SUCH STATE), INCLUDING ALL MATTERS OF CONSTRUCTION, VALIDITY AND PERFORMANCE, REGARDLESS OF THE LOCATION OF THE COLLATERAL.

(h) Other than as provided in this Agreement, the prevailing party in any legal action brought by one party against the other arising out of this Agreement will be entitled, in addition to any other rights it may have, to reimbursement of its reasonable costs and expenses associated with such legal action, including court costs, arbitration costs and reasonable attorneys' fees.

IN WITNESS WHEREOF, Debtor and Secured Party, intending to be legally bound hereby, have duly executed this Agreement in one or more counterparts, each of which shall be deemed to be an original, as of the day and year first aforesaid.

FIRST AMENDMENT
TO
SUPPLY AGREEMENT
BETWEEN
GENERAL ELECTRIC COMPANY
AND
TPI IOWA LLC

This First Amendment (hereinafter the "First Amendment") to that certain Supply Agreement (the "Agreement") effective as of September 6, 2007, is entered into and is effective as of June 11, 2010 (the "Amendment Effective Date"), by and between General Electric International, Inc., a corporation organized under the laws of the State of Delaware, U.S.A., acting through its GE Energy business, ("Buyer" or "GEE") and TPI Iowa LLC, a limited liability company organized under the laws of the state of Delaware ("Seller").

WHEREAS, Seller is in material breach of the Agreement as a result of multiple defaults and Buyer notified Seller of defaults (the "Defaults") in a letter dated May 27, 2010 (the "Letter");

WHEREAS, Buyer is entitled to certain rights and/or remedies as provided in the terms of the Agreement due to the Defaults and, Buyer has reserved all of its rights and/or remedies arising under the whole Agreement, at law and/or in equity due to the Defaults and all other matters related to the Agreement; and

WHEREAS, Buyer and Seller, notwithstanding the foregoing, without waiving any rights and/or remedies and without making any commitments beyond those contained in the Agreement or in this First Amendment, now desire to amend the Agreement as more fully set forth below.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein and other good and valuable consideration, the receipt and sufficiency of which are acknowledged, the parties agree as follows:

1. Section 9 of the Agreement is deleted in its entirety and replaced with the following:

9. ADVANCE.

(a) In order for the Seller to meet Buyer's demand for Components, Seller is required to invest in the Production Facility and the Storage Facility and make other investments in capital equipment and inventory related to the production of the Components. Seller has agreed to provide not less than an aggregate of six million, five hundred thousand U.S. dollars (USD $6,500,000.00) of Seller's capital to facilitate such investments in a series of transactions with the first installment occurring on or before October 1, 2007. In addition, Buyer has agreed to make [...***...] facilitate such investments (collectively, the "Advance"); provided that Buyer's providing such Advance is expressly conditioned on Seller's compliance with Section 9(h). Buyer will provide Seller with the Advance per the following schedule:

Description	Payment Amount	Payment Date
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]

Notwithstanding the foregoing, the Advance shall only be payable by GEE on the dates set forth above provided that Buyer determines in its reasonable discretion, acting in good faith, that Seller is utilizing the Advance directly and exclusively for […***…]. If GEE determines otherwise, GEE shall be entitled to terminate the Agreement for Seller's material breach. No interest will accrue on the Advance.

The Parties have agreed that the Advance shall be repaid to Buyer in cash via wire transfer per the following schedule:

Description	Payment Amount	Payment Date
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]

Buyer shall approve the Seller's utilization of the Advance money on a case-by-case basis in writing by approving each individual purchase and expenditure [...***...] that is made with the Advance, provided however, that such approval shall not be unreasonably withheld, delayed or conditioned, and provided, further that Buyer's approval shall be deemed to automatically have been provided to Seller if Buyer fails to respond within [...***...] in writing to Seller's request for approval. All payments due from Seller pursuant to this Section 9(a) and not paid within seven (7) days after the due date for such payment will accrue interest at the rate of the lesser of one percent (1.0%) per month or the maximum amount allowed by law; such interest will be simple interest, calculated for each day elapsed in a given month. Seller may repay the Advance in full or in part at any time without penalty or premium.

(b) The obligation of Seller to fully repay the Advance as set forth in Section 9(a) and the Loan (defined below); the Advance and the Loan collectively referred to herein as the "Debt") as set forth in Section 9(o) shall not be reduced or discharged by any alteration in the relationship between Seller and Buyer, or by any forbearance or indulgence by Buyer towards Seller, whether as to payment, time, performance or otherwise. Seller agrees to make any payment due hereunder or that becomes payable for the Debt without set-off or counterclaim, and without any legal formality such as protest or notice being necessary, and waives all privileges or rights which it may have (other than payment), including any right to require Buyer to claim payment or to exhaust remedies against any other person or entity.

(c) Notwithstanding any other provision of this Agreement, any outstanding balance of any of the Debt shall become immediately due and repayable to Buyer on demand in the event that: (i) Seller is unable to meet its material obligations to third parties other than Buyer as they mature and after the expiration of any cure periods related to any defaults and after giving effect to any applicable waivers, (ii) if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, and, in the event of any involuntary proceeding, such proceeding shall remain un-dismissed, un-stayed or un-bonded for sixty (60) days, (iii) a receiver for Seller is appointed or applied for, (iv) an assignment for the benefit of creditors is made by Seller, or (v) Buyer reasonably determines based upon objective, demonstrated evidence that the prospect of Seller's repayment of the Debt is impaired; provided, however, that: (A) the condition(s) on which Buyer bases its determination remains uncured for thirty (30) days after written notice detailing such condition(s) is delivered to the Seller, and (B) Buyer's right to repayment on demand of the Advance under this sub-Section 9(c)(v) shall not apply in any instance in which Buyer fails to meet its payment obligations under Section 2(a) or a Force Majeure Event (as defined below) has adversely affected Seller's manufacturing capabilities of the Components at the Production Facility.

(d) Time is of the essence hereof. Notwithstanding any other provision of this Agreement, any outstanding balance of any of the Debt shall become immediately due and shall be repayable on demand in the event Seller is: (i) in material breach or default of its obligations under this Agreement and fails to remedy such breach of default within thirty (30) days after receipt of written notice from Buyer to cure such default and Buyer terminates the Agreement based on such breach; (ii) in material breach or default under any of the Orders placed under this Agreement and fails to cure such default within the time periods set forth in such Orders and Buyer terminates the Agreement based on such breach; (iii) Buyer otherwise terminates this Agreement in accordance with its terms; or (iv) with respect to the Loan, failure of any condition in

section 9(p) to have been fulfilled or met on a timely basis. Seller hereby waives presentment, demand for payment, notice of non-payment, protest, notice of protest, notice of dishonor and all other notices in connection herewith, as well as filing of suit (if permitted by law) and diligence in collecting any amount of the Debt and agrees to pay (if permitted by law) all expenses incurred by Buyer in collection of the Debt, including Buyer's reasonable attorneys' fees. Section 9(c) shall take precedence over Section 9(d) in the event of any conflict or overlap between such sections.

(e) GEE shall be entitled to set-off any amount owing at any time from Seller to Buyer, its subsidiaries or affiliates, under this Agreement or any other agreement or order, including the obligations of Seller hereunder, against any amount payable at any time by Buyer to Seller.

(f) Seller shall be responsible for any sovereign, state, local, sales, use, value-added or any other taxes, fees or assessments arising out of or related to the Debt provided by Buyer to Seller. Buyer shall have no obligation to fund or provide Seller with any additional advance monies or loans in excess of or in addition to the Debt. Prepayments or credits granted by Seller to Buyer in payment of Seller's obligations under this Section 9 shall be made net of any taxes or deductions, it being Seller's obligation in making such additional payments or granting such additional credits to Buyer to ensure that Buyer receives the same amounts it would have received in the absence of any such tax or deduction.

(g) Seller shall maintain customary records concerning the Debt (the "Debt Payments File") until repayment in full of all of the Debt. Subject to reasonable notice from Buyer, Seller shall permit Buyer's representatives to review such Debt Payments File each January during the Term or until the repayment in full of the Debt. The Debt Payments File shall include at a minimum: (i) validation of all Debt payments repaid to Buyer; (ii) the total amount of any outstanding Debt not repaid to Buyer; and (iii) utilization of the Debt by Seller. In addition, at Buyer's sole discretion, Buyer may require a yearly written certification signed by Buyer and Seller personnel confirming the outstanding balance of the Debt.

(h) As security for Seller's repayment of the Debt, payments owed by Seller from time to time and the other Sellers's obligations arising pursuant to this Section 9 (including, without limitation, Seller's obligations arising out of failure to grant, maintain or preserve the security interests and their enforceability and priority status as per this subsection and/or to secure the sale of the Components contemplated hereunder), and as a condition precedent for any disbursements or other obligations incumbent upon the Buyer, Seller has granted a security interest to Buyer in the assets listed in Appendices 15 and 16 hereto (such assets collectively referred to herein as the "Class A Assets" or the "Collateral") pursuant to the terms of that certain Master Security Agreement attached hereto as Appendix 13 (the "Security Agreement"); provided, however, that the Collateral listed on Appendix 16 shall no longer serve as Collateral upon repayment in full of the Loan.

(i) Until repayment in full of all of the Debt, Seller covenants that it will not sell, transfer or create any first priority lien or encumbrance on, or take any action that materially impairs the value of, any of the Collateral.

(j) In the event that Seller does not timely repay the Debt as set forth herein and Buyer is entitled to exercise its rights under Section 9(h), Section 9(o) and the Security Agreement, Seller will fully cooperate with any due diligence Buyer undertakes with regard to the Collateral prior to exercising its rights under Section 9(h), Section 9(o) and the Security Agreement, including providing Buyer with full access to and information about such Collateral.

(k) From the date of the first payment by the Buyer to the Seller of the Advance until the Advance has been fully repaid to Buyer (the "Draw Down Period"), Seller will provide to Buyer within fifteen (15) days after the end of each calendar quarter a report in a format consistent with Appendix 14 ("Seller Asset Statement") as of the end of such calendar quarter.

(I) During the Draw Down Period, the GE Asset Coverage as such as identified on each Seller Asset Statement shall be greater than zero.

(m) During the Draw Down Period and if at the end of any calendar quarter therein Seller fails to comply with Section 9(l), then Buyer may: (i) terminate the Agreement for Seller's material breach subject to the provisions of Section 3(c); or (ii) may suspend any Advance not yet paid in accordance with Section 9(a) until Seller is in compliance with Section 9(l), at which time Buyer promptly shall pay to Seller any installments of the Advance due pursuant to Section 9(a) and not received by Seller during such suspension period.

(n) Pursuant to and subject to the terms and conditions of this Agreement, as amended, including without limitation this Section 9 and the terms and conditions of Appendix 13 hereto, Buyer will loan Seller the

amount of [...***...] (the "Loan") bearing interest at an annual interest rate of [...***...] on the principal of the advance outstanding from time to time. Seller shall repay the principal and interest to Buyer on or before December 31, 2011.

(o)(1) Seller shall, promptly upon the request of Buyer, and Buyer may, take such additional actions as Buyer may deem appropriate to ensure that Buyer's security interest is and remains valid, perfected, and the first priority security interest in such Collateral, including without limitation the filing by Buyer of financing statements, continuation statements and the like and obtaining account control agreements.

(2) Buyer, as the Secured Party under the Security Agreement, hereby grants to Seller, as the Debtor under the Security Agreement, a one time forbearance under Section 7 of the Security Agreement with respect to the Defaults until the Cure Date. The parties further agree that: (i) if Seller cures the Defaults on or prior to the Cure Date, such Defaults shall not constitute a default for purposes of Section 7 of the Security Agreement and (ii) as of the date hereof, there has not been a material adverse change in Seller's financial condition which has resulted or could reasonably be expected to result in Seller being unable to perform its obligations under the Security Agreement. Buyer and Seller agree and acknowledge that this Section (o)(2) does not amend the Security Agreement, including without limitation Section 7 thereof, but is a one time forbearance of Buyer's application of Section 7 of the Security Agreement only with respect to the Defaults and that this forbearance does not create a course of dealing or course of performance and that Buyer shall not be required in the future to forbear from applying Section 7 of the Security Agreement in the same or different circumstances.

(p)(1) The following conditions shall be satisfied prior to Buyer's obligation to make and fund the Loan and, as applicable, shall continue to be satisfied subsequent to Buyer's making and funding of the Loan as conditions upon Buyer's obligation to continue its extension of the Loan:

(A) TPI Composites, Inc. (" TPIC ") shall obtain an additional equity investment of at least [...***...];

(B) TPIC shall have made, on or after [...***...], one (1) or more capital contributions in an aggregate amount [...***...] to Seller;

(2) The following conditions shall be and shall continue to be satisfied on and after Buyer's making and funding of the Loan as a condition upon Buyer's obligation to continue its extension of the Loan:

(A) Seller shall not make, declare, pay or set aside for payment any dividend, LLC interest dividend, or any distribution of or on account of capital, nor any distribution of or return of capital, nor will any of the investment required in Seller by this Section 9(p) be repaid, retired, redeemed or the like by Seller in whole or in part until such time as the Loan, including interest, is fully repaid to Buyer; or

(B) Seller shall not take any other action that would otherwise substantially and/or materially reduce the assets of Seller.

(3) The following condition shall be satisfied, no later than the Cure Date (defined below) as a condition upon Buyer's obligation to continue its extension of the Loan:

(A) Seller shall cure the Defaults, including without limitation, remediating its quality control system to Buyer's satisfaction prior to [...***...] (the " Cure Date ") and shall comply with all of Buyer's qualification requirements, including without limitation [...***...] (the " Test Blade "), where such test shall be conducted at [...***...] on or before the Cure Date.

(q) Buyer hereby agrees to grant a one time forbearance to Seller under Section 9(d)(i) with respect to the Defaults, Thus, Seller shall not be required to cure the Defaults within thirty (30) days under Section 9(d)(i), but rather, Supplier shall be required to cure the Defaults on or before the Cure Date. Buyer and Seller agree and acknowledge that this Section 9(q) does not amend Section 9(d), but is a one time forbearance of Buyer's application of Section 9(d) only with respect to the Defaults and that this forbearance does not create a course of dealing or course of performance and that Buyer shall not be required in the future to forbear from applying Section 9(d) in the same or different circumstances.

(r) If the Test Blade successfully completes the static and fatigue test required by Section 9(p)(3)(A), then, within five (5) business days thereafter, the parties shall meet to review the status of Seller's remediation efforts to cure the Defaults. No later than the Cure Date, Buyer shall communicate to Seller, in writing,

Buyer's position regarding whether Seller has cured the Defaults. However, notwithstanding the foregoing and if Buyer notifies Seller in such communication that Buyer agrees that Seller has cured the Defaults, Seller agrees that Buyer shall not have waived any claims for costs, damages, expenses and the like to which Buyer may be entitled under the Agreement and this First Amendment as a result of and/or in connection with all or any of the Defaults,

(s) Buyer shall fund the Loan amount to Seller within [...***...] of Seller's completion, to Buyer's satisfaction, of all conditions precedent to the extension and funding of the Loan as set forth in Section 9(p)(1) or of the execution of this First Amendment, which ever occurs last.

(t) In addition to and separate from the requirements of sub-sections (k), (I) and (m), for so long as the Loan is outstanding, Seller shall not suffer or permit the total book value of the Collateral to fall below: [...***...]. Should such value fall below the requirements of the first sentence of this sub-section (t), Seller shall, within ten (10) business days, provide additional collateral to increase the total book value of the Collateral to an amount at or above the requirements of the first sentence of this sub-section (t). The forecasted value of the Collateral from the date of the First Amendment until the end of the year 2011 is listed on Exhibit 2 hereto. Buyer may utilize a third party appraiser to ensure that the book value of Collateral is and continues to be in accordance with the requirements of this sub-section (t).

2. The Agreement is hereby amended to delete Appendix 14 in its entirety and replace said appendix with Appendix 14 attached hereto.

3. The Agreement is hereby amended to incorporate Appendix 16 attached hereto.

4. The Agreement is hereby amended such that pricing thereunder for Components sold to Buyer during the years 2011 and 2012 will be [...***...] to occur after all other revisions to such pricing pursuant to the "Shared Pain/Gain Adjustment" are made per Appendix 2 of the Agreement, including without limitation changes for material costs, the required [...***...], [...***...] adjustments and annual purchase forecast utilization adjustments, in each case, as applicable.

5. The volume pricing schedule for Components under the Agreement is hereby amended to reduce the quantities of Components that Buyer must purchase from Seller so as for Buyer to be entitled to pricing [...***...] for the years 2011 and 2012. For the avoidance of doubt, a Component set consists of three (3) individual Components.

6. The Agreement is hereby amended such that, subject to the terms and conditions thereof and Buyer's rights and remedies thereunder, Buyer's obligation to purchase Components for the year 2010 and Seller's obligation to deliver Components for the year [...***...].

7. [...***...] all Components produced after January 1, 2011. Appendix 2 of the Agreement is hereby amended to include the description of such [...***...] in Exhibit A attached hereto. Seller is further required to meet all of Buyer's qualification requirements with respect to [...***...] on or before December 1, 2010. For the avoidance of doubt, Buyer's obligation to purchase any Components after [...***...], is conditioned upon Seller meeting all its obligations under the Agreement with respect to such Components, including without limitation the foregoing requirement to meet all of Buyer's qualification requirements.

8. Buyer hereby agrees to grant a one time forbearance to Seller under Section 3(c) of the Agreement with respect to the Defaults. Specifically, Seller shall not be required to cure the Defaults within [...***...] under Section 3(c), but rather, Seller shall be required to cure the Defaults on or before the Cure Date. Buyer and Seller agree and acknowledge that this Section 8 does not amend Section 3(c), but is a one time forbearance of Buyer's application of Section 3(c) only with respect to the Defaults and that this forbearance does not create a course of dealing or course of performance and that Buyer shall not be required in the future to forbear from applying Section 3(c) in the same or different circumstances.

9. Provided that Seller cures the Defaults on or before the Cure Date, Buyer will not assess and will waive any claims it has, now or in the future, for liquidated damages ("LDs") against Seller for late deliveries of Components scheduled, now or in the future, for delivery within the year [...***...] so long as all such Components are delivered by Seller to the Storage Facility on or before [...***...].

10. Regardless whether Seller cures the Defaults, the second sentence of Section 12.2 of Appendix 3 of the Agreement shall not apply to any liability or obligation of Seller under or in connection with the Agreement, this First Amendment or otherwise that arises out of or in connection with any or all Seller-produced Components produced prior to the Cure Date, whether those Seller-produced Components are installed, located at Seller's facility or are elsewhere. For avoidance of doubt, under the Agreement and this First Amendment among its other obligations thereunder, Seller is responsible for all costs and damages regarding all such Components, including without limitation visual inspection, ultrasonic testing ("UT") and repair and/or replacement of such Components.

11. The parties further agree that, for Components currently located at Seller's facility and any new Components produced by Seller prior to its cure of the Defaults, all such Components will be segregated into lots of [...***...], following which all such Components, at Seller's cost, will be subjected to visual inspection and UT for the detection of any defects in such Components in accordance with the applicable specifications for such Components. [...***...] each such lot will also be subject to a "cut-up" and inspected, at Seller's cost, to ensure no other defects are found in such Component in accordance with the applicable specifications for such Components. If no such defects are found in such Components through either visual inspection, UT or cut-up, Seller will deliver and invoice Buyer for each such lot and Buyer will make payment for such lot [...***...]. However, costs for storage and handling of such Components, prior to Seller's cure of the Defaults, if one is made, will be borne by Seller. [...***...] in a given lot fail visual inspection, UT or cut-up, then Buyer, with respect to Components currently located at Seller's facility, has and will have no obligation to accept such lot and, with respect to Components produced following execution of this First Amendment, but prior to Seller's cure of the Defaults, if one is made, Buyer will be entitled to reject the entirety of any such lot.

12. After execution of this First Amendment, Buyer will accept delivery of, allow Seller to invoice Buyer for, and make payment on a total of [...***...] of Seller-produced [...***...] currently located at Seller's facility that have been fully repaired by Seller and which such repairs have already been approved by Buyer. In exchange for Buyer's purchase of the [...***...] Blades, Seller voluntarily and knowingly releases and forever discharges: (a) GEE; (b) any and all of GEE's past, present and future parent, subsidiary and affiliated companies, divisions, components and joint venture partners; (c) each of the foregoing's past, present and future insurers, reinsurers, predecessors, heirs, executors, administrators, successors, assigns and predecessors in interest; and (d) each of the foregoing's past, present and future attorneys, accountants, representatives, officers, directors, shareholders, employees and/or agents, of and from all manner of actions, causes of action, lawsuits, claims, counterclaims, judgments, damages, debts, dues, sums of money, accounts, bonds, bills, executions, obligations, liabilities, promises, defenses, agreements, covenants, contracts, controversies, promises, variances, trespasses, costs, expenses (including attorneys' fees) and demands of whatever kind or nature, whether known or unknown, in law or in equity, that Supplier ever had, now has or which its heirs, executors, administrators, successors and assigns hereafter can, shall or may have for, upon or by reason of any matter, cause or thing whatsoever, including any matter, cause or thing whatsoever, whether known or unknown, in any way related to or arising, whether directly or indirectly, from payments or other obligations of GEE under the Agreement relating to the purchase of Supplier-produced [...***...] wind turbine blades. This Agreement extends to any such claims or demands whether founded upon contract or tort, federal, state or local statute, regulation or common law, or any other theory or grounds.

13. All Seller-produced Components produced prior to the Cure Date will carry an additional twelve (12) months warranty for a total warranty period of three (3) years from the Date of Commercial Operation (as such term is defined in Section 9 of Appendix 3 of the Agreement).

14. The parties agree that neither execution and delivery of this First Amendment nor performance thereunder or otherwise under the Agreement will constitute a cure of the Defaults. Buyer has reserved, Seller hereby reserves and both parties shall continue to reserve, all rights and remedies regarding the Defaults or otherwise

under the Letter, this First Amendment, the Agreement and/or otherwise and, except as expressly set forth in this First Amendment, will continue to have and reserve all such rights and remedies following execution and performance of this First Amendment.

15. All of the other terms and conditions of the Agreement shall remain in full force and effect other than as modified herein. Upon execution by all parties, this First Amendment shall form a part of the Agreement. Capitalized terms used in this Amendment and the Agreement, as so amended, shall have the meanings given to them in the Agreement or the Amendment, as applicable. This First Amendment is not a consent to any waiver or modification of any other terms or condition of the Agreement and shall not prejudice any rights which either of the parties may have, now or in the future, in connection with the Agreement.

16. This First Amendment may be signed in any number of counterparts, each of which shall be an original, and all of which taken together shall constitute a single amendment, with the same effect as if the signatures hereto and thereto were upon the same instrument.

IN WITNESS WHEREOF, each of the parties hereto has caused the First Amendment to the Agreement to be executed by its duly authorized officer or representative on the date listed below.

WHEREAS , Buyer and Seller, notwithstanding the foregoing, without waiving any rights and/or remedies, except as provided in Section 2 hereof, and without making any commitments beyond those contained in the First Amended Agreement or in this Second Amendment, now desire to amend the First Amended Agreement as more fully set forth below.

NOW, THEREFORE , in consideration of the mutual covenants and agreements contained herein and other good and valuable consideration, the receipt and sufficiency of which are acknowledged, the parties agree as follows:

1. The parties acknowledge that the foregoing recitals in this Second Amendment are true.

2. (a) The parties acknowledge the existence of a good faith dispute arising out of the facts and circumstances described in the Demand for Adequate Assurance, Seller's Response and Buyer's Response, namely the following (collectively, the " Dispute "):

    (i) Buyer's allegations, including that it had reasonable grounds for insecurity and thereby had the right to suspend its obligations under the First Amended Agreement;

    (ii) Seller's allegations, including that: (A) Buyer had no right to demand adequate assurance from Seller; (B) in any event, no reasonable grounds for insecurity existed; and (C) Buyer was in default of Buyer's obligations under Section 9 of the First Amended Agreement; and

    (iii) Buyer's denial of Seller's allegations.

    (b) The parties hereby resolve, fully and finally, the Dispute through the execution of this Second Amendment. As a result, neither party shall have or assert a claim against the other arising out of or in connection with the Dispute.

   (A) Seller shall cure the Defaults, including without limitation, remediating its quality control system to Buyer's satisfaction prior to November 12, 2010 (the " Cure Date ") and shall comply with all of Buyer's qualification requirements, including without limitation [...***...] (the " Test Blade "), where such test shall be conducted at the [...***...] on or before the Cure Date.

   (b) Buyer and Seller agree and acknowledge that this Section 5 does not amend Section 3(c), but is a one time forbearance of Buyer's application of Section 3(c) only with respect to the Defaults and that this forbearance does not create a course of dealing or course of performance and that Buyer shall not be required in the future to forbear from applying Section 3(c) in the same or different circumstances.

9. The parties agree that neither execution and delivery of this Second Amendment nor performance thereunder or otherwise under the Second Amended Agreement will constitute a cure of the Defaults. Each of the parties has reserved, and both parties shall continue to reserve, all rights and remedies regarding the Defaults or otherwise (for avoidance of doubt, not including the Dispute) under the Letter, the First Amendment, this Second Amendment, the Agreement and/or otherwise and, except as expressly set forth in the First Amendment and this Second Amendment, will continue to have and reserve all such rights and remedies following execution and performance of this Second Amendment.

This Second Amendment is not a consent to any waiver or modification of any other terms or condition of the First Amended Agreement and shall not prejudice any rights which either of the parties may have, now or in the future, in connection with the First Amended Agreement.

12. This Second Amendment may be signed in any number of counterparts, each of which shall be an original, and all of which taken together shall constitute a single amendment, with the same effect as if the signatures hereto and thereto were upon the same instrument.

RECITALS

WHEREAS, on or about September 6, 2007, Buyer and Seller entered into a supply agreement, as amended by that First Amendment to the Supply Agreement dated effective June 1, 2010, that Second Amendment to Supply Agreement dated effective October 29, 2010 and that Third Amendment to the Supply Agreement dated October 31, 2013 (as amended, the "Supply Agreement") for the purchase and sale of certain wind turbine blades, as more specifically set forth in the Supply Agreement; and

NOW, THEREFORE, in consideration of the premises and mutual covenants set forth herein, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

AGREEMENT

Section 1. Defined Terms

Capitalized terms used in this Fourth Amendment, shall have the meanings given to them in the Supply Agreement, unless otherwise specifically defined herein.

Section 2. Amendments to Supply Agreement.

(A) Section 1 of the Supply Agreement is hereby amended by adding the following new Sections (h) and (i):

"(h) Subject to any reductions in Buyer's purchase commitment as provided in this Section 1 or as otherwise provided in this Agreement, Buyer agrees to purchase during each calendar year the minimum number of Component sets for each Component specified in Appendix 2 for such calendar year ("Annual Purchase Commitment"). For the avoidance of doubt, Buyer's Annual Purchase Commitment for calendar years 2014 and 2015 are as specified in Appendix 2 and for calendar years 2016-2018 shall equal at least [...***...] as provided in this Section 1. In calendar years 2014 and 2015 Seller shall be obligated to sell to Buyer the number of Components sets that equal Buyer's Annual Purchase

Commitment for such years. Beginning in calendar year 2016 and during each calendar year thereafter, Seller shall be obligated to sell to Buyer the number of Component sets for each Component specified on Appendix 2 that equate to [...***...]. Notwithstanding the foregoing, Buyer shall have no obligation to purchase in any calendar year the number of Components sets specified on Appendix 2 that equates to [...***...] to the extent that it exceeds [...***...] for such calendar years. The Annual Purchase Commitment for the [...***...] Components, the [...***...] Components and the [...***...] Components specified in Appendix 2 are each referred to herein as "[...***...] Annual Purchase Commitment", the "[...***...] Annual Purchase Commitment" and the "[...***...] Annual Purchase Commitment", respectively.

(i) Buyer's Affiliate (s) may place Orders pursuant to the terms and conditions of this Agreement and applicable appendices. The individual Orders shall be concluded directly between Buyer or the relevant Affiliate of Buyer, on the one hand, and Seller, on the other hand. The obligations hereunder related to Buyer's Annual Purchase Commitment shall only apply and be binding upon Buyer and not any Affiliate(s) placing Orders; except that (i) any Components purchased by Buyer's Affiliates shall be counted toward Buyer's Annual Purchase Commitment and (ii) any events which, pursuant to the terms of this Agreement, would cause a reduction in Buyer's Annual Purchase Commitment if experienced by Buyer shall reduce Buyer's Annual Purchase Commitment if experienced by an Affiliate. In enforcing its rights under this Agreement and any Order issued hereunder, Seller shall look solely to the purchasing entity, either Buyer or the applicable Affiliate, as the case maybe. For avoidance of doubt and subject to the terms herein, Buyer has entered into this Agreement on behalf of itself and on behalf of its Affiliates to an extent that an Affiliate places an Order hereunder. Any Buyer Affiliate placing an Order shall be entitled to all of Buyer's rights and remedies under this Agreement; provided, however, Buyer not Buyer's Affiliate shall be the only party that can terminate this Agreement pursuant to Section 3 or assign this Agreement pursuant to Section 7. Except to the extent there is a conflict between this Agreement and an Order placed by a Buyer Affiliate whereby this Agreement shall govern pursuant to Section 1 (a), nothing precludes a Buyer Affiliate from exercising all of its rights and remedies under an Order. Commencing in calendar year 2015, the Annual Purchase Forecast placed by Buyer shall include any purchases that would be made by Buyer or a Buyer Affiliate during the following calendar year. Similarly, Buyer's October Orders shall also include any anticipated Affiliate purchases for the following calendar year. To the extent that an Affiliate places an Order under this Agreement the October Orders shall be amended to reduce the number of Components by the number of Components set forth in the Affiliates Orders for the applicable calendar year."

(B) Section 2 of the Agreement is hereby amended by adding the following new Section (d):

"(d) Notwithstanding any provision of this Agreement to the contrary, in calendar years 2014 and 2015, Buyer shall purchase from Seller and Seller shall sell to Buyer the Components at the Price Schedules set forth in Appendix 2 without any additional adjustment to the price (other than price changes in accordance with Section 6 to the GEE Purchase Terms or as described in Appendix 2 for Immediate Adjustments as defined therein), including the Shared Pain/Gain Adjustment as defined in Appendix 2. In the event that Buyer fails to purchase the Annual Purchase Commitment (subject to any reductions herein) in calendar year 2014 or 2015, notwithstanding anything in this Section 2 or the Agreement to the contrary, Buyer shall issue a PO (the "Adjustment PO") to Seller by no later than April 30 th in the following calendar year for a dollar amount as calculated herein. The dollar amount of the Adjustment PO shall be calculated by [...***...]

[...***...]. Payment by Buyer to Seller under the Adjustment PO shall satisfy all of Buyer's obligations under this Agreement with respect to its commitment to purchase the Annual Purchase Commitment during the applicable calendar year for which the Adjustment PO was issued. For avoidance of doubt, for calendar years 2016 through 2018, Section 2(b)(v) shall apply. The Annual Purchase Forecast, Planned Capacity level or Volume Guarantee Period, shall not apply to the ordering or pricing in calendar years 2014 and 2015 but shall apply in calendar years 2016 through 2018."

(D) Section 3(b) of the Supply Agreement is hereby amended by deleting it in its entirety and replacing it with the following:

"Commencing in calendar year 2017, Buyer may terminate this Agreement without cause by giving prior written notice to Seller in accordance with Appendix 4, provided that Buyer shall pay to Seller the applicable termination for convenience fees set forth in Appendix 4. (F) Section 12(a) of the Supply Agreement is hereby amended by adding the following sentence to the end of the Section:

"Seller agrees that, after Seller commences serial production of the [...***...] Component, the addition of [...***...] as required by Buyer shall not be treated as a "new blade

(G) Section 12(b) of the Supply Agreement is hereby amended by deleting it in its entirety and replacing it with the following:

(I) The Supply Agreement is hereby amended by adding the following new Section 19:

"19. TRANSITION TO [...***...] **COMPONENTS AND** [...***...] **COMPONENTS.**

(a) On or about [...***...], Seller commenced the transition of its production of Components from Buyer's [...***...] Components to Buyer's [...***...] Components and each of their variations, as more fully described in Appendix 2. Seller's production of the [...***...] Component commenced on [...***...]. For clarification purposes the reference to [...***...] Component and [...***...] Component refers to the different model types that may include for example [...***...]. The transition required the conversion of [...***...] of the [...***...] Component molds owned by Buyer and utilized by Seller at its Production Facility. [...***...].

(b) Commencing in the first quarter of 2015, Seller shall begin the transition of its production of Components from [...***...] Components to [...***...] Components and its model variations as Seller's production of the first [...***...] Component shall commence on or before April 10, 2015 (the "[...***...] Component Production Date"). Seller shall manufacture the blade molds to meet Buyer's specifications and any Buyer approved deviations set forth on Appendix 5. The [...***...] Component molds shall be purchased at the prices set forth in Appendix 5 and shall be deemed to be included as Seller Provided Tooling. Seller warrants that the price of the [...***...] Component molds do not exceed the pricing for comparable molds (i.e., common tooling specification and covering the same scope of work) offered to other customers of Seller. If Buyer or any of its Affiliates requires additional [...***...] Component molds for [...***...] Components to be manufactured in North America beyond those set forth on Appendix 5, Buyer or it applicable Affiliate shall place POs for any and all such [...***...] Component molds with Seller, subject to Seller's ability to comply with mutually agreed upon delivery schedule, and such additional [...***...] Component molds shall be sold at a discount equal to [...***...] of the price for the [...***...] Component molds set forth on Appendix 5. Seller shall notify Buyer within [...***...] days of Buyer's Country Request of its decision regarding such request; provided however, in the event that Seller determines to move forward with such request and subsequently decides otherwise the grant of the license shall come into effect.

(h) Buyer has provided Seller a functional specification in order to manufacture the Tooling for the [...***...] Components that Buyer has agreed to purchase under Section 19(b). All design drawings prepared by Seller for the Tooling for the [...***...] Components shall be owned by Buyer. If required, Seller shall execute assignments to effectuate that result. Seller shall deliver all such design drawings to Buyer on or before February 28, 2015.

AGREEMENT

Section 1. Defined Terms

Capitalized terms used in this Fifth Amendment, shall have the meanings given to them in the Supply Agreement, unless otherwise specifically defined herein.

Section 2. Amendments to Supply Agreement.

(A) Section 19 of the Supply Agreement is hereby amended by adding to the end of sub section (g) the following new sub sections (i), (ii), and (iii);

(i) Within [...***...] of execution of this Fifth Amendment, Seller shall provide to Buyer one copy in the Native editable Format for each document listed in Attachment 1, [...***...] *Manufacturing Process Plan (MPP)/Product Quality Plan (PQP)* , herein referred to as the [...***...] Documents, by GE Support Central Library (collectively, the "Licensed Material"). SUPPLY AGREEMENT

This **SUPPLY AGREEMENT** ("Agreement") is entered into as of January 1, 2007 ("Effective Date"), by and between GENERAL ELECTRIC INTERNATIONAL, INC., a Delaware corporation, through its GE ENERGY BUSINESS, having a principal place of business at 4200 Wildwood Parkway, Atlanta, GA 30339 ("GEE" or "Buyer"), and TPI China, LLC, a Delaware limited liability company, having a principal place of business at 373 Market Street, Warren, RI 02885 ("Seller").

1. BUYER PURCHASES

(a) Buyer or any of its "Affiliates" (defined below) may purchase any or all of the wind turbine blades ("Components") listed in Appendix 2 during the Term of this Agreement at the prices agreed to in this Agreement. "Affiliate" with respect to either Buyer or Seller means any entity, including without limitation, any individual, corporation, company, partnership, limited liability company or group, that directly, or indirectly through one or more intermediaries, controls, is controlled by or is under common control with either Buyer or Seller, as applicable; provided, however, that a fifty percent (50%) or less owned entity shall not be deemed an Affiliate of Seller. All purchases under this Agreement are subject to issuance of firm purchase orders ("POs" or "Orders") by Buyer pursuant to GEE's Standard Terms of Purchase (the "GEE Purchase Terms"), incorporated by reference as Appendix 3, and any agreed updates, changes and modifications to the same. All POs, acceptances and other writings or electronic communications between the parties shall be governed by this Agreement. In case of conflict, the following order of precedence will prevail: a) this Supply Agreement; b) Supply Agreement Attachments; c) individual POs; and d) drawings, specifications and related documents specifically incorporated herein by reference.

(b) (i) Buyer will deliver to Seller the Annual Purchase Forecast for the following calendar year. Within twenty-one (21) days of receipt of the Annual Purchase Forecast, Seller will deliver to Buyer a current Bill of Materials for each Component model included in the Annual Purchase Forecast and Price Schedules as set forth in Appendix 2 for the following calendar year. The delivery of Components in a given calendar year during the Term is subject to Buyer delivering to Seller, on or before October 31 of the prior calendar year, POs for its entire forecasted purchase from Seller of Components for such given calendar year (the "October Orders"). Buyer agrees that, to the extent practicable, delivery dates requested in POs will be dates that create a ratable delivery schedule for the Components over the course of a year measured on a weekly basis. Subject to Seller being able to meet the established quality, technical, volume and qualification requirements for Components, starting in 2008 Buyer shall order and purchase a minimum number of Components equal to at least 50% of the Planned Capacity level in each remaining year of the Term.

(ii) In addition to the October Orders, Seller shall accept Orders that increase the Production Facility's utilization up to the Planned Capacity level, provided that delivery schedules in such cases shall be set by Seller so that (A) in circumstances in which utilization is increased up to the next 25% level, Seller shall have up to seventy-five (75) days to increase the line rate to the required utilization level, and (B) in circumstances in which utilization is increased beyond the next 25% level, Seller shall have up to one hundred five (105) days to increase the line rate to the required utilization level. For purposes of this Agreement, line rate shall be measured by reference to the average output of completed Components over a period of

five (5) production days.

(iii) With respect to any given calendar year after October Orders have been accepted for such year, if Buyer's additional Orders increase the utilization of the Production Facility to the second 25% increment, then for 9 months following the end of the permitted ramp-up period, Buyer shall be obligated to purchase from Seller enough Components to provide for utilization at such higher level.

(iv) With respect to any given calendar year after October Orders have been accepted for such year, if Buyer's additional Orders increase the utilization of the Production Facility beyond the next 25% increment, then for 12 months following the end of the permitted ramp-up period (any such 9 or 12 month period herein referred to as a "Volume Guarantee Period"), Buyer shall be obligated to purchase from Seller enough Components to provide for utilization at such higher level.

(v) Provided that a Volume Guarantee Period is not in effect, once in any calendar year Buyer may reduce the quantity of Components purchased under the October Orders or otherwise under this Section 1(b) to the next lower 25% increment of utilization of Planned Capacity; Seller shall have up to ninety (90) days after written notification of such decrease from Buyer to reduce the line rate to the new required level. Buyer may not reduce the quantity of Components purchased under the October Orders or otherwise under this Section 1(b) to a level lower than the next lower 25% increment.

(c) The purchase commitment for the Term of the Agreement is further dependent on the Seller's continuing ability to meet the agreed to delivery, quality, technical and qualification requirements. Starting 14 days after the Seller's confirmed delivery date, Buyer may reduce the purchase commitment without liability to Buyer upon schedule slip for: (i) qualification or (ii) from any shipment/delivery dates on POs.

(d) Seller shall be obligated to sell to Buyer, in accordance with the terms of this Agreement, the volume of Components equal to the October Orders applicable to such year. Notwithstanding any provision of this Agreement or the GEE Purchase Terms, in calendar year 2008, Buyer shall purchase from Seller, and Seller shall be obligated to sell to Buyer, forty-eight (48) sets of wind turbine blades (or one hundred forty-four (144) wind turbine blades) specified in Buyer's drawing number [...***...] and eighty-two (82) sets of wind turbine blades (or two hundred forty-six (246) wind turbine blades) specified in [...***...], all in accordance with the pricing provisions of this Agreement and subject to delivery dates to be mutually agreed upon by Buyer and Seller.

(e) Seller covenants and agrees to possess and maintain the necessary capacity, machinery, personnel and resources to sell to Buyer at least the volume of Components equal to the Planned Capacity level. During the term of this Agreement, Seller shall not enter into any contracts that materially interfere or disrupt the guaranteed capacity as defined above.

(f) Buyer shall not have any obligations, or responsibility to make any purchases or payments, as the case may be, pursuant to this Agreement in the event and to the extent Seller is unable, unwilling or incapable of accepting, performing or completing any PO from Buyer for Components, including, without limitation, due to excused or unexcused performance by Seller under any PO issued pursuant to this Agreement, default or other non-compliance by Seller of its obligations under this Agreement. The purchase commitment for the Term of this Agreement shall be reduced in an amount equal to the number of Components that the Seller is unable, unwilling or incapable of accepting, performing or completing.

(g) Except for Buyer's obligations pursuant to this Section 1, this Agreement does not create any commitment by or obligation upon Buyer to place any minimum percentage or volume of its requirements for Components with Seller. Subject to the other provisions of this Agreement, Buyer may terminate this Agreement prior to the stated term without liability in the event of any breach by Seller of the terms of this Agreement and as otherwise provided pursuant to the terms of this Agreement, including its attachments. In such event, except as set forth in the other provisions of this Agreement, Buyer shall no longer have any liability for the purchase commitment and shall exercise its rights in accordance with the GEE Purchase Terms set forth in Appendix 3.

2. PRICES AND PAYMENT

(a) Pricing shall be as stated in Appendix 2, Price Schedules, and shall remain firm for the term of such Price Schedules. No extra charges of any kind will be allowed unless specifically agreed in writing by Buyer. Unless otherwise stated on the face of the Purchase Order, payment terms are [...***...] from the Payment Start Date (defined below). The Payment Start Date is the later of the required date identified on the Purchase Order, the received date of the goods or services in Buyer's receiving system, or the date of receipt of valid invoice by Buyer. The received date of the goods in Buyer's receiving system shall occur as set forth in Section 2 "Prices and Payments" of Appendix 3. All payments due from Buyer and not paid [...***...] the Payment Start Date will accrue interest at the rate of [...***...]; such interest will be simple interest, calculated for each day elapsed in a given month.

(b) (i) Price Schedules will be issued by Seller along with the Bills of Materials and, except as set forth below, remain firm for such production year until the issuance of the next October Orders by Buyer. The price per Component produced during a calendar year will be stated in the Price Schedules.

(ii) In circumstances in which Section l(b)(iii) applies, Price Schedules as set forth in Appendix 2, shall be [...***...] at such time that the Seller achieves the required line rate for the new utilization level.

(iii) In circumstances in which Section l(b)(iv) applies, Price Schedules shall be [...***...] at such time that the Seller achieves the required line rate for the new utilization level.

(iv) In circumstances in which Section 1 (b)(v) applies and Seller has been notified in writing of Buyer's reduction of the volume of components ordered Price Schedules for all Components delivered in such year shall [...***...] at such time that the Seller reduces production to the required line rate for the new utilization level.

(v) If in placing the October Orders Buyer [...***...] in Section l(b)(i), Price Schedules for all Components delivered in the year corresponding to the October Orders [...***...]. If Buyer places no Orders for any given year, Buyer shall pay to Seller on a quarterly basis, by the end of each quarter in such calendar year, [...***...]

[...***...] assuming that the Components that would have been manufactured in such year would be the same Components that were manufactured in the immediately preceding year.

(c) Seller will invoice Buyer promptly after the delivery of Components to the Storage Facility. Payments will be in Renminbi of the People's Republic of China (RMB), Euros (EUR) or U.S. dollars (USD), in each case as set forth in the PO and to an account designated by Seller. The parties currently anticipate that most of the Orders hereunder shall be denominated in RMB and that Price Schedules shall be denominated in RMB. For purposes of this Agreement and any PO, each year between April 1 and April 30, and between October 1 and October 30, Buyer and Seller will review the pricing relative to the USD and EUR rates and make adjustments if necessary. Adjustments to prices will only be made based on currency changes as described below. Pricing is established using the exchange rate between USD and RMB of [...***...] and [...***...] USD/RMB and EUR and RMB [...***...] and [...***...] EUR/RMB. As long as the rates stay in these ranges, no change to prices will be made. The average exchange rate will be the average daily exchange rate calculated using values posted each business day by the Federal Reserve Bank of New York for the USD, and by the European Central Bank for the EUR for the six months preceding October 1st and April 1st. If the average daily exchange rate for USD is outside the [...***...] and [...***...] band, then a new price will be calculated. The price will be adjusted by [...***...] of the effect of the difference between [...***...] and the six month average. If the average daily exchange rate for EUR is outside the [...***...] and [...***...] band, then a new price will be calculated. The price will be adjusted by [...***...] of the effect of the difference between [...***...] and the six month average. Any USD or EUR rate pricing adjustment will be transferred to the price level for shipments starting six months after the May 1st and November 1st following the exchange rate review, respectively.

3. TERM AND TERMINATION

(a) Unless extended or unless terminated under this Section 3, this Agreement will remain in effect until December 31, 2014 (the "Term").

(b) After January 1, 2013, Buyer may terminate this Agreement at any time without cause by giving fifteen (15) days' prior written notice to Seller, provided that Buyer shall: (i) pay to Seller in one lump sum the applicable termination for convenience premium set forth in Appendix 4; and (ii) reimburse Seller for all purchased, non-returnable raw materials consistent with the current Annual Purchase Forecast plus any work in process for Components with respect to which production has commenced at the time of termination for which POs have been placed, less any outstanding Advance, after which the Advance shall be deemed to have been paid in full. Seller waives all termination claims not specifically reserved in this Agreement.

(c) Either party may terminate this Agreement if the other party commits a material breach of this Agreement that remains uncured thirty (30) days after written notice detailing such breach is delivered to such breaching party, including but not limited to Seller's failure to timely repay the Advance. In the event Buyer terminates this Agreement due to Seller's material breach, Buyer may terminate this Agreement, in whole or in part, including any or all POs issued hereunder, without liability consistent with the foregoing and the rights set forth in Section 11 of the GEE Purchase Terms, attached as Appendix 3. Any failure by Seller to deliver Components to the Storage Facility in accordance with the schedule identified at the time a PO is accepted shall not be deemed a material breach of this Agreement [...***...] after such due date. In the event that Buyer provides notice of a material breach to Seller for late delivery of components, Seller will deliver to Buyer a written plan for the remediation of the material breach, for late delivery ("Late Delivery Remediation Plan") which will include a date by which Seller plans to fully remediate such material breach (the "Late Delivery Remediation Target

Date"). In the case of a failure by Seller to deliver Components to the Storage Facility in accordance with the schedule identified at the time a PO is accepted that continues for [...***...], such Late Delivery Remediation Target Date shall be [...***...]. Buyer must then accept or reject Seller's Late Delivery Remediation Plan in writing. If Buyer accepts Seller's Late Delivery Remediation Plan, Buyer's right to terminate this Agreement and/or recover damages with respect to the material breach for late delivery will be tolled until the Remediation Target Date; and if actual, full remediation of the material breach for late delivery is achieved, then Buyer's right to terminate this Agreement and/or recover damages with respect to such material breach shall terminate. If Buyer rejects Seller's Late Delivery Remediation Plan, the parties must then undertake to resolve the breach and any related conflict pursuant to the conflict resolution procedures of this Agreement, which will toll Buyer's right to terminate this Agreement and/or recover damages with respect to the material breach until completion of the conflict resolution procedures. If Buyer does not respond to Seller's Late Delivery Remediation Plan within ten (10) days of its proposal, Buyer will be deemed to have accepted Seller's Late Delivery Remediation Plan. In the case of a failure by Seller to deliver Components to the Storage Facility in accordance with the schedule identified at the time a PO is accepted that continues for [...***...], if Seller fails to fully remediate its failure to deliver Components by the Late Delivery Remediation Target Date, then [...***...], the Buyer may elect in a writing delivered to Seller to terminate this Agreement.

(d) Upon termination of this Agreement for any reason, each party agrees to return to the other all confidential information belonging to such party or any Affiliate of such party, and Seller agrees to return to Buyer all Buyer-owned tooling, test equipment and other property. Buyer will bear all usual and reasonable costs of the return of such tooling, test equipment and property. Such returned tooling, test equipment and property must be fully functional and undamaged, except for reasonable wear, otherwise Seller shall bear all costs associated with repair or replacement.

(e) Intentionally deleted.

(f) All provisions or obligations contained in this Agreement, which by their nature or effect are required or intended to be observed, kept or performed after termination or expiration of the Agreement will survive and remain binding upon and for the benefit of the parties, their successors (including without limitation successors by merger) and permitted assigns including, without limitation, Buyer's obligation to make any payment of any amounts owed on or prior to the date of termination or expiration and Sections 9 and 16 of the Supply Agreement and Sections 4, 5, 8, 9,12, 15, 16, 17, 22 and 25 of Appendix 3.

In consideration for the Seller Provided Tooling, Buyer shall pay Seller an amount equal to [...***...], said sum representing the purchase price for all of the Seller Provided Tooling in progress payments as set forth below within [...***...] of being invoiced by the Seller for such amounts; provided the Seller has completed sufficient progress on such Tooling as determined in Buyer's reasonable discretion.

Upon completion of each Mold and acceptance by Buyer, Seller warrants that title in such Mold and/or Seller Provided Tooling shall automatically transfer to Buyer free and clear of any of and all liens, claims and encumbrances per the following schedule:

Mold Completion Schedule	Date
[...***...]	[...***...]
[...***...]	[...***...]
[...***...]	[...***...]
[...***...]	[...***...]

At any time after title transfer to Buyer or complete payment by Buyer to Seller of any piece of Seller Provided Tooling, Seller shall, upon request from Buyer, execute and deliver to Buyer such bills of sale, instruments of conveyance, certificates or other documentation and take such

other actions as Buyer may reasonably request in order to confirm and complete transfer ownership of such Seller Provided Tooling from Seller to Buyer.

In addition, Buyer may provide to Seller tooling, tools or capital equipment determined by Buyer and Seller to be suitable for use in the Production Facility and Storage Facility ("Buyer Provided Tooling"). The Buyer Provided Tooling and the Seller Provided Tooling are collectively referred to herein as the "Tooling". Buyer will pay all shipping, transport costs, duties, value added taxes and any other applicable taxes with respect to relocating all Tooling and installing it at the Production Facility. The Buyer Provided Tooling is and shall be at all times the sole and exclusive property of Buyer.

(b) Upon any of the Tooling reaching the end of its useful life and assuming that such Tooling is still necessary for the production or transportation of the Components, Buyer will repair or replace such Tooling at its sole cost and expense.

(c) Without the prior written consent of Buyer, Seller shall not: (i) substitute any Tooling for Buyer's POs, (ii) dispose of, change or move the Tooling from its stated location, or (iii) use the Tooling for any purpose other than to satisfy POs placed by Buyer.

(d) Seller shall conspicuously identify and label each piece of Tooling and, whenever practical, each individual item thereof, as the property of Buyer and shall safely store the Tooling separate and apart from Seller's property to the extent practicable.

(e) Seller shall keep the Tooling in a good and safe working condition at its own cost and expense, in its own custody at its place of business, and at all times shall exercise reasonable care and control in using and maintaining the Tooling so that upon return to Buyer, the Tooling shall be in as good of a working order and in as good of a condition as it was upon delivery, except for reasonable wear and tear consistent with the Tooling's intended use during its projected useful life, which for Molds, excluding any associated plugs, is 333 sets of wind turbine blades). Buyer may enter the premises of Seller at any reasonable time to conduct a physical inventory of the Tooling.

(f) Seller will inspect the Tooling prior to use and will train and supervise its employees in the proper and safe operation of the Tooling. Further, subject to the GEE Purchase Terms, Seller shall release, defend, hold harmless and indemnify Buyer, its directors, officers, employees, agents representatives, successors and assigns from any and all claims, demands, losses, judgments, damages, costs, expenses or liabilities arising from any negligent act or omission of Seller related to the Tooling while it is in Seller's care, custody and/or control.

(g) The Tooling, while in Seller's care, custody and/or control, shall be: (i) held at Seller's risk and (ii) kept insured by Seller: (x) at Seller's expense with loss payable to Buyer in an amount equal to the replacement cost and (y) against loss or damage by fire, flood and other common perils by an insurance company acceptable to Buyer. Seller shall deliver proof of such insurance to Buyer within thirty (30) days after all such Tooling has been installed at the Production Facility and Storage Facility.

(h) The Tooling shall be subject to removal at Buyer's written request (provided , however , that Buyer shall not interfere with Seller's ability to perform its obligations under any PO by removing any Tooling), in which event Seller shall prepare the Tooling for shipment and shall redeliver such Tooling to Buyer in the same condition as originally received (except for reasonable wear and tear consistent with the Tooling's intended use during its projected useful life, which for Molds, excluding any associated plugs, is
333 sets of wind turbine blades);

otherwise, Seller shall bear all costs associated with repair or replacement of the Tooling. Buyer will bear all usual and reasonable costs of the return of the Tooling.

6. COMPLIANCE AND CHOICE OF LAW

Seller represents and warrants that it will comply with all material laws applicable to this Agreement, and acknowledges that it has received, reviewed and agrees to follow the ***GE Energy Integrity Guided for Suppliers, Contractors and Consultants*** set forth in Appendix 6. This Agreement shall be governed by New York law, excluding its conflict of laws rules. All disputes relating to this Agreement that cannot be resolved by negotiation shall be resolved by litigation in the state or federal courts of New York. All rights of the parties are as set forth in this Agreement.

7. ASSIGNMENT, WAIVER AND SURVIVAL

Buyer may assign this Agreement to any of its Affiliates. Because performance of this PO is specific to Seller, except in connection with a Change of Control, Seller may assign this Agreement only upon Buyer's prior written consent, which consent will not be unreasonably withheld, delayed or conditioned; provided, however, that, without Buyer's prior written consent, Seller may assign this Agreement and any POs to a wholly foreign-owned enterprise established by Seller in the People's Republic of China for the purpose of manufacturing Buyer's Components. No claim or right arising out of a breach of this Agreement shall be discharged in whole or part by waiver or renunciation unless such waiver or renunciation is supported by consideration and is in writing signed by the aggrieved party. No failure by either party to enforce any rights hereunder shall be construed a waiver. All parts of this Agreement relating to liability and its limitations, warranties, indemnities and confidentiality shall survive expiration and termination of this Agreement.

8. ENTIRE AGREEMENT

This instrument, with such documents expressly incorporated by reference, is intended as a complete, exclusive and final expression of the parties' agreement with respect to such terms as are included herein. There are no representations, understandings or agreements, written or oral, which are not included herein. This Agreement may be executed in one or more counterparts in facsimile or other written form, each of which shall be considered an original instrument, but all of which shall be considered one and the same agreement, and shall become binding when one or more counterparts have been signed by each of the parties hereto and delivered to the other party.

9. ADVANCE

(a) In order for the Seller to meet Buyer's demand for Components, Seller is required to invest in the Production Facility and the Storage Facility and make other investments in capital equipment and inventory related to the production of the Components. Seller has agreed to provide [...***...] in a series of transactions with the first installment occurring on or before October 1, 2007. In addition, Buyer has agreed to make [...***...] (collectively, the "Advance"); provided that Buyer's providing such Advance is expressly conditioned on Seller's compliance with Section 9(h). Buyer will provide Seller with the Advance per the following schedule:

Notwithstanding the foregoing, the Advance shall only be payable by GE on the dates set forth above provided that Buyer determines in its reasonable discretion, acting in good faith, that Seller is utilizing the Advance directly and exclusively for [...***...] the Production and Storage Facilities related to the production of the Components. If GE determines otherwise, GE shall be entitled to terminate the Agreement for Seller's material breach. No interest will accrue on the Advance. The Parties have agreed that the Advance shall be repaid to Buyer in cash via wire transfer per the following schedule:

Buyer shall approve the Seller's utilization of the Advance money on a case by case basis in writing by approving each individual purchase and expenditure that [...***...] that is made with the Advance, provided however, that such approval shall not be unreasonably withheld, delayed or conditioned, and provided, further that Buyer's approval shall be deemed to automatically have been provided to Seller if Buyer fails to respond within fourteen (14) calendar days in writing to Seller's request for approval. All payments due from Seller pursuant to this Section 9(a) and not paid within seven (7) days after the due date for such payment will accrue interest at the rate of the lesser of 1.0% per month or the maximum amount allowed by law; such interest will be simple interest, calculated for each day elapsed in a given month. Seller may repay the Advance in full or in part at any time without penalty or premium.

(b) The obligation of Seller to fully repay the Advance as set forth in Section 9(a) shall not be reduced or discharged by any alteration in the relationship between Seller and Buyer, or by any forbearance or indulgence by Buyer towards Seller, whether as to payment, time, performance or otherwise. Seller agrees to make any payment due hereunder or that becomes payable for the Advance without set-off or counterclaim, and without any legal formality such as protest or notice being necessary, and waives all privileges or rights which it may have (other

than payment), including any right to require Buyer to claim payment or to exhaust remedies against any other person or entity.

(c) Notwithstanding any other provision of this Agreement, any outstanding balance of any of the Advance shall become immediately due and repayable to Buyer on demand in the event that: (i) Seller is unable to meet its material obligations to third parties other than Buyer as they mature and after the expiration of any cure periods related to any defaults and after giving effect to any applicable waivers, (ii) if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, and, in the event of any involuntary proceeding, such proceeding shall remain undismissed, unstayed or unbonded for 60 days, (iii) a receiver for Seller is appointed or applied for, (iv) an assignment for the benefit of creditors is made by Seller, or (v) Buyer reasonably determines based upon objective, demonstrated evidence that the prospect of Seller's repayment of the Advance is impaired; provided, however, that (A) the condition(s) on which Buyer bases its determination remains uncured for thirty (30) days after written notice detailing such condition(s) is delivered to the Seller, and (B) Buyer's right to repayment on demand under this sub-Section 9(c)(v) shall not apply in any instance in which Buyer's failure to meet its payment obligations under Section 2(a) or a Force Majeure Event (as defined below) has adversely affected Seller's manufacturing capabilities of the Components at the Production Facility.

(d) Time is of the essence hereof. Notwithstanding any other provision of this Agreement, any outstanding balance of any of the Advance shall become immediately due and shall be repayable on demand in the event Seller is: (i) in material breach or default of its obligations under this Agreement and fails to remedy such breach of default within thirty (30) days after receipt of written notice from Buyer to cure such default and Buyer terminates the Agreement based on such breach; (ii) in material breach or default under any of the Orders placed under this Agreement and fails to cure such default within the time periods set forth in such Orders and Buyer terminates the Agreement based on such breach; or (iii) Buyer otherwise terminates this Agreement in accordance with its terms. Seller hereby waives presentment, demand for payment, notice of non-payment, protest, notice of protest, notice of dishonor and all other notices in connection herewith, as well as filing of suit (if permitted by law) and diligence in collecting any amount of the Advance and agrees to pay (if permitted by law) all expenses incurred by Buyer in collection of the Advance, including Buyer's reasonable attorneys' fees. Section 9(c) shall take precedence over Section 9(d) in the event of any conflict or overlap between such sections.

(e) GE shall be entitled to set-off any amount owing at any time from Seller to Buyer, its subsidiaries or affiliates, under this Agreement or any other agreement or order, including the obligations of Seller hereunder, against any amount payable at any time by Buyer to Seller.

(f) Seller shall be responsible for any sovereign, state, local, sales, use, value added any other taxes, fees or assessments arising out of or related to the Advance provided by Buyer to Seller. Buyer shall have no obligation to fund or provide Seller with any additional advance monies in excess of or in addition to the Advance. Prepayments or credits granted by Seller to Buyer in payment of Seller's obligations under this Section 9 shall be made net of any taxes or deductions, it being Seller's obligation to make such additional payments or granting such additional credits to Buyer so that Buyer receives the same amounts it would have received in the absence of any such tax or deduction.

(g) Seller shall maintain customary records concerning the Advance (the "Advance Payments File") until repayment in full of all of the Advance. Subject to reasonable notice from Buyer, Seller shall permit Buyer's representatives to review such Advance Payments File each January

during the term of this Agreement or until the repayment in full of the Advance. The Advance Payments File shall include at a minimum: (i) validation of all Advance payments repaid to Buyer; (ii) the total amount of any outstanding Advance not repaid to Buyer; and (iii) utilization of the Advance by Seller. In addition, at Buyer's sole discretion, Buyer may require a yearly written certification signed by Buyer and Seller personnel confirming the outstanding balance of the Advance.

(h) As security for Seller's payment of the Advance as set forth herein, Seller is required to provide Buyer with a limited guaranty (the "Guaranty") from its parent company, LCSI Holding, Inc. ("LCSI"), guaranteeing Seller's obligation to repay the Advance as set forth in this Agreement, which Guaranty will be secured by LCSI's pledge of its membership interest in Seller as set forth in the Membership Interest Pledge Agreement attached as Exhibit 13 and provide that the sole remedy under the Guaranty is for Buyer to exercise its rights and remedies against the Collateral (as defined under the Membership Interest Pledge Agreement). The Guaranty is attached to this Agreement as Exhibit 12.

(i) Until repayment in full of all of the Advance, Seller covenants that it will not sell, transfer or create any lien or encumbrance on, or take any action that materially impairs the value of, any of its material assets related to the production of the Components, including but not limited to, any capital equipment, inventory, work in progress, the Production and Storage Facilities or the land rights pertaining to the Production and Storage Facilities (the "Assets"), except with respect to (i) any inventory sold or otherwise transferred in the normal course of Seller's business, (ii) the sale, transfer or disposal of obsolete equipment, (iii) any purchase money security interest associated with capital equipment located at the Production Facility or the Storage Facility, and (iv) up to approximately [...***...] in debt financing from a senior lender (the "Debt Financing"). In addition, (a) Seller agrees that Buyer shall have a first priority lien on and security interest in the Collateral (as defined in the Membership Interest Pledge Agreement), and (b) Seller agrees to use its best efforts to facilitate a good faith negotiation between Buyer and such lender to reach a mutually acceptable inter-creditor agreement related to the lender's and Buyer's respective rights and interests in the Assets and the Collateral.

(j) In the event that Seller does not timely repay the Advance as set forth herein and Buyer is entitled to exercise its rights under the Membership Interest Pledge Agreement attached as Exhibit 13, Seller will fully cooperate with any due diligence Buyer undertakes with regard to the Assets prior to exercising its rights under such Membership Interest Pledge Agreement, including providing Buyer with full access to and information about such Assets.

(k) From the date of the first payment by the Buyer to the Seller of the Advance until the Advance has been fully repaid to Buyer (the "Draw Down Period"), Seller will provide to Buyer within fifteen (15) days after the end of each calendar quarter a report of the Seller's cash flow in a format consistent with Appendix 14 ("Seller Asset Statement") as of the end of such calendar quarter.

(l) During the Draw Down Period, Seller shall not exceed the Total Asset Gap identified on the Appendix 14 of this Agreement by [...***...] at the end of each quarter. After January 1, 2009, the Total Asset Gap [...***...].

(m) During the Draw Down Period, if at the end of any calendar quarter Seller fails to comply with Section 9(1), then Buyer may (i) terminate the Agreement for Seller's material breach subject to the provisions of Section 3(c) or (ii) may suspend any Advance not yet paid in accordance with Section 9(a) until Seller is in compliance with Section 9(1), at which time Buyer

promptly shall pay to Seller any installments of the Advance due pursuant to Section 9(a) and not received by Seller during such suspension period.

10. CONSTRUCTION OF PRODUCTION AND STORAGE FACILITIES

(a) Seller will design, construct, pay for and own both the Production Facility and the Storage Facility. The land rights for the Production Facility and Storage Facility will be purchased and owned by Seller [...***...]. Notwithstanding the foregoing, after repayment in full of all of the Advance, Seller may sell and lease back the Production Facility, the Storage Facility and the land rights for the Production Facility and Storage Facility. The specifications of the Production Facility and the Storage Facility are set forth in Appendix 7 and Appendix 8, respectively. Each of the Production Facility and the Storage Facility will be the exclusive property of Seller and, provided that Seller complies with Section 1(e) and 10(b), may be used by Seller for the manufacture and storage of other goods. If the capacity of the Storage Facility becomes inadequate, Seller will have no obligation to increase such capacity beyond the Storage Facility specifications detailed in Appendix 8 attached hereto.

(b) Seller may expand the Production Facility and the Storage Facility to add products that do not service the wind energy segment without the consent of Buyer and to add products that service the wind energy segment only with Buyer's prior written consent, in each case provided that the manufacturing and storage capacity originally allocated to Buyer as of the Effective Date remains unchanged and, in the case of products that service the wind energy segment, that the manufacturing area allocated to Buyer's Orders is physically partitioned via a wall, a separate building or other similar means. Further, in each case, (i) Seller's overhead cost savings from any such expansion will be shared equally with Buyer through reduced Component pricing starting when such overhead cost savings are actually realized by Seller; and (ii) Buyer and Seller will negotiate in good faith on a case-by-case basis an equitable acceleration of the payment obligations under the Advance in a manner that recognizes the contribution of the expansion to Seller's business.

(c) After Seller occupies the Production Facility, Seller and Buyer will work together cooperatively to install, activate and test at the Production Facility's [...***...] (the "Ramp-Up Period"). The Ramp-Up Period is expected to be up to six (6) months per line with at times more than one line simultaneously in a Ramp-Up Period. At the end of all Ramp-Up Periods, Seller will notify Buyer in writing that the Full Commercial Operation Date has occurred. The parties understand that Buyer will have only a minimal ability to produce Components during any Ramp-Up Period. Seller agrees to activate the Production Facility and commence the manufacturing Components on at least one (1) production line by no later than January 15, 2008.

(d) This Agreement constitutes a material inducement for Seller to secure financing and construct the Production Facility and the Storage Facility.

11. STORAGE

Seller will deliver the finished Components to the Storage Facility in, if appropriate, shipping cradles provided by Buyer that are capable of appropriately transporting the Components from the Production Facility to the Storage Facility. If required, shipping cradles will be delivered by Buyer to the Production Facility or Storage Facility at the instruction of Seller and stored at either the Production Facility or the Storage Facility at Seller's discretion. If required, storage cradles will be provided and maintained by Seller. Seller will be responsible for the proper care

and regular maintenance of the shipping and storage cradles and, subject to payment as discussed herein, for all loading and unloading of trailers at the Storage Facility. Buyer will be responsible for obtaining all export and import licenses, permits and approvals as may be required for transport from the People's Republic of China to the country of destination. All damages or losses at the Storage Facility will be born by Seller, and Seller will be responsible for insuring against the risk of loss or damage at the Storage Facility. Buyer will be responsible for the delivery of the Components to the wind farm sites of its customers. Seller shall be responsible for the loading of Components into trailers for transport to the wind farm sites of Buyer's customers.

12. NEW COMPONENT SPECIFICATIONS

(a) If Buyer proposes a new blade model, Seller will notify Buyer of any new product specific tools and modifications to the Production Facility and/or the Storage Facility that will be required for the production of the new model. It will be the responsibility of Buyer to provide and deliver such product specific tools to Seller at Buyer's sole cost. Seller will quote a price for such new blade model and establish an initial Bill of Materials and Baseline Price Schedule for such model. [...***...].

(b) Notwithstanding the foregoing, if the Production Facility or Storage Facility must be expanded or retooled due to the introduction of new blade models, then the parties [...***...].

13. LIQUIDATED DAMAGES

(a) With respect to Components ordered after the Full Commercial Operation Date and [...***...] after the Seller's confirmed delivery date (it being understood that such [...***...], Seller agrees to pay to Buyer as liquidated damages an amount as set forth below for the period of time that delivery of the Component is late:

Number of Days Late:	Amount of Liquidated Damages:
[...***...] or less:	[...***...]
[...***...]	[...***...]
[...***...] or more days late:	[...***...]

; provided, however, that such liquidated damages will not exceed the sum [...***...].

(b) In addition to the liquidated damages set-forth above, Seller agrees to pay to Buyer the costs actually incurred by Buyer in transportation over and above normal transportation costs, up to a maximum of [...***...], during the period of time starting
[...***...] after the Seller's confirmed delivery date (it being understood that such

[...***...] period shall be treated as a grace period) through the earlier of the actual delivery date of a Component or the termination or expiration of this Agreement.

(c) In the event that Seller and Buyer mutually agree in writing that Components installed on wind turbines that are operational may fail due to potential material or workmanship problems and provided that any such Component is then covered by the Seller's warranty, then Seller agrees to inspect such Components for such potential problems on a schedule determined by Seller (such scheduled shutdown herein referred to as a "Planned Shutdown Event"). In the event of a Planned Shutdown Event, as liquidated damages for such wind turbine downtime, Seller shall pay to Buyer [...***...] while the wind turbine is shut down up to a maximum of [...***...]. In addition to such liquidated damages and in the event of a Catastrophic Shutdown Event, Seller will be responsible for [...***...] with cranes that are required to repair or replace any Component due to defects in materials or workmanship then under the Seller's warranty.

Seller will provide Buyer with written notice of any Change of Control (a "Change of Control Notice") within seven (7) days of such Change of Control, but in no event later than the closing related to such Change in Control.

(b) Buyer, without liability other than Buyer's obligations under Section 3(d), may terminate this Agreement (together with all outstanding Orders hereunder) upon giving written notice as stated below:

(ii) within thirty (30) days from its receipt of a Change of Control Notice from Seller if such Change of Control involves an Acquirer who is a Competitor of Buyer; [...***...]; or

GEE PURCHASE TERMS

STANDARD TERMS OF PURCHASE

1. ACCEPTANCE OF TERMS.

Seller agrees to be bound by and to comply with all terms set forth herein and in the purchase order, to which these terms are attached and are expressly incorporated by reference (collectively, the "Order"), including any amendments, supplements, specifications and other documents referred to in this Order. Acknowledgement of this Order, including without limitation, by beginning performance of the work called for by this Order, shall be deemed acceptance of this Order. The terms set forth in this Order take precedence over any alternative terms in any other document connected with this transaction unless such alternative terms are: i) part of a written supply agreement ("Supply Agreement"), which has been negotiated between the parties and which the parties have expressly agreed may override these terms in the event of a conflict and/or ii) set forth on the face of the Order to which these terms are attached. In the event these terms are part of a written Supply Agreement between the parties, the term "Order" used herein shall mean any purchase order issued under the Supply Agreement. This Order does not constitute an acceptance by Buyer of any offer to sell, any quotation, or any proposal. Reference in this Order to any such offer to sell, quotation or proposal shall in no way constitute a modification of any of the terms of this Order. **ANY ATTEMPTED ACKNOWLEDGMENT OF THIS ORDER CONTAINING TERMS INCONSISTENT WITH OR IN ADDITION TO THE TERMS OF THIS ORDER IS NOT BINDING UNLESS SPECIFICALLY ACCEPTED BY BUYER IN WRITING.**

2. PRICES AND PAYMENTS.

Subject to the provisions of the Supply Agreement, all prices are firm and shall not be subject to change. Seller's price includes all payroll and/or occupational taxes, any value added tax that is not recoverable by Buyer and any other taxes, fees and/or duties applicable to the goods and/or services purchased under this Order; provided, however, that any state and local sales, use, excise and/or privilege taxes, if applicable, will not be included in Seller's price but will be separately identified on Seller's invoice. If Seller is obligated by law to charge any value added and/or similar tax to Buyer, Seller shall ensure that if such value-added and/or similar tax is applicable, that it is invoiced to Buyer in accordance with applicable rules so as to allow Buyer to reclaim such value-added and/or similar tax from the appropriate government authority. Neither party is responsible for taxes on the other party's income or the income of the other party's personnel or subcontractors. If Buyer is required by government regulation to withhold taxes for which Seller is responsible, Buyer will deduct such withholding tax from payment to Seller and provide to Seller a valid tax receipt in Seller's name. If Seller is exempt from such withholding taxes as a result of a tax treaty or other regime, Seller shall provide to Buyer a valid tax treaty residency certificate or other tax exemption certificate at a minimum of thirty (30) days prior to payment being due. Payment terms are net due [...***...] from the Payment Start Date. The received date of the goods and/or services in Buyer's receiving system will occur: a) in the case of goods/materials shipped directly to a customer of Buyer ("Material Shipped Direct" or "MSD"), including balance of plant and goods sent to a non-Buyer/non-customer facility in accordance with this Order to be incorporated into MSD, within 48 hours of Buyer being presented with a valid bill of lading confirming that the goods have been shipped from Seller's facility or in the case of services performed directly for a customer of Buyer, within 48

hours of Buyer's receipt of written certification of completion of the services; b) in the case where goods are shipped or services are provided directly to or at a non-Buyer/non-customer facility in accordance with this Order, within 48 hours of Buyer receiving notice from such third party that it has received the goods or services; or c) in the case where the goods are shipped directly to Buyer or services are performed directly for Buyer, within 48 hours of Buyer's receipt of such goods or services. Seller's invoice shall in all cases bear Buyer's Order number. Buyer shall be entitled to reject Seller's invoice if it fails to include Buyer's Order number or is otherwise inaccurate, and any resulting delay in payment shall be Seller's responsibility. Seller warrants that it is authorized to receive payment in the currency stated in this Order. No extra charges of any kind will be allowed unless specifically agreed in writing by Buyer. Buyer shall be entitled at any time to set-off any and all amounts owing from Seller to Buyer or a Buyer Affiliate (defined below) on this or any other order. "Affiliate" shall for the purposes of this Order mean, with respect to either party, any entity, including without limitation, any individual, corporation, company, partnership, limited liability company or group, that directly, or indirectly through one or more intermediaries, controls, is controlled by or is under common control with such party. Seller warrants the pricing for any goods or services shall not exceed the pricing for the same or comparable goods or services manufactured at the Production Facility and offered by Seller to third parties. Seller shall promptly inform Buyer of any lower pricing levels for same or comparable goods or services and the parties shall promptly make the appropriate price adjustments.

3. DELIVERY AND PASSAGE OF TITLE.

3.1 Time is of the essence of this Order. If Seller fails to deliver the goods or complete the services as scheduled, Buyer may assess such amounts as may be set in the Supply Agreement as liquidated damages for the agreed delay period. The parties agree that such amounts, if assessed, are an exclusive remedy for the agreed delay period, except as expressly provided in Sections 3(c) and 13(b) of the Supply Agreement; are a reasonable pre-estimate of the damages Buyer will suffer as a result of delay based on circumstances existing at the time the Order was issued; and are to be assessed as liquidated damages and not as a penalty. In the absence of agreed to liquidated damages, Buyer shall be entitled to recover damages that it incurs as a result of Seller's failure to perform as scheduled. Unless expressly stated to the contrary, Buyer's remedies are cumulative and Buyer shall be entitled to pursue any and all remedies available at law or equity. Further to the foregoing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Buyer's delivery schedule. Should Seller enter into such commitments or engage in such production, any resulting exposure shall be for Seller's account.

and ii) port of import if shipped to Buyer's facility; and e) goods shipped from outside the U.S. for delivery within the U.S. shall be delivered FCA named point with title passing at: i) the port of export after customs clearance for goods shipped directly to a non-Buyer's facility; and ii) Buyer's dock if shipped to Buyer's facility. All delivery designations are INCOTERMS 2000. Goods delivered to Buyer in advance of schedule may be returned to Seller at Seller's expense. Goods ordered by GE Global Sourcing, LLC and shipped to the U.S. from outside the U.S. via ocean transport shall have title pass to GE Global Sourcing, LLC immediately prior such goods entering the territorial land, sea or overlying airspace of the U.S. For this purpose, Buyer and Seller acknowledge that the territorial seas of the U.S. extend to twelve (12) nautical miles from the baseline of the country determined in accordance with the 1982 United Nations Convention of the Law of the Sea. Buyer may specify contract of carriage and named place of delivery in all cases. Failure of Seller to comply with any such Buyer specification shall cause all resulting transportation charges to be for the account of Seller and give rise to any other remedies available at law or equity. NOTE: In all cases, Seller must provide to Buyer, via the packing list and the customs invoice (as applicable), the country of origin and the appropriate export classification codes including, if applicable, the Export Control Classification Number (ECCN) and the Harmonized Tariff Codes of each and every one of the goods supplied pursuant to this Order, including in sufficient detail to satisfy applicable trade preferential or customs agreements, if any.

3.3 If goods will be delivered as MSD or for use as balance of plant by Buyer, each shipment shall include a detailed, complete bill of material/parts list that lists each component of the goods purchased by Buyer. Seller shall also include, in each item shipment, the complete bill of materials/parts list for such item and indicate which components of the bill of materials/parts list are included in the shipment as well as those bill of material/parts list components which are not included in the item shipment. This bill of material/parts list shall be included with the packing list for each shipment. When requested by Buyer, Seller must provide a packing list with values for each item.

3.4 If goods will cross an international border, Seller shall provide a commercial invoice as required for customs clearance. The invoice shall be in English, or destination country specific language, and shall include: contact names and phone numbers of persons at Buyer and Seller who have knowledge of the transaction; Buyer's order number; Buyer's order line item; release number (in the case of a blanket order); part number and detailed description of the merchandise; unit purchase price in currency of the transaction; quantity; INCOTERM and named location; and country of origin of the goods. In addition, all goods or services provided by Buyer to Seller for the production of goods not included in the purchase price shall be separately identified on the invoice (i.e., consigned material, tooling, etc.). Each invoice shall also include the applicable Order number or other reference information for any consigned goods and shall identify any discounts or rebates from the base price used in determining the invoice value.

3.5 If goods will be delivered to a destination country having a trade preferential or customs union agreement ("Trade Agreement") with Seller's country, Seller shall cooperate with Buyer to review the eligibility of the goods for any special program for Buyer's benefit and provide Buyer with any required documentation (e.g., NAFTA Certificate, EUR1 Certificate, GSP Declaration, FAD or other Certificate of Origin) to support the applicable special customs program (e.g., NAFTA, EEA, Lome Convention, GSP, EU-Mexico FT A, EU/Mediterranean partnerships, etc.) to allow duty free or reduced duty for entry of goods into the destination country. Similarly, should any Trade Agreement or special customs program applicable to the scope of this Order exist at any time during the execution of the same and be of benefit to Buyer in Buyer's judgment, Seller shall cooperate with Buyer's efforts to realize any such available credits, including counter-trade or offset credit value which may result from this Order and acknowledges that such credits and benefits shall inure solely to Buyer's benefit. Seller shall indemnify Buyer for any costs, fines, penalties or charges arising from Seller's inaccurate documentation or untimely cooperation. Seller shall immediately notify Buyer of any known documentation errors.

4. BUYER'S PROPERTY.

Unless otherwise agreed in writing, all tangible and intangible property, including, but not limited to, information or data of any description, tools, materials, drawings, computer software, know-how, documents, trademarks, copyrights, equipment or material furnished to Seller by Buyer or specially paid for by Buyer, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain Buyer's personal property. Such property and, whenever practical, each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as Buyer's property and shall be safely stored separate and apart from Seller's property. Seller further agrees to comply with any handling and storage requirements provided by Buyer for such property. Seller shall use Buyer's property only to meet Buyer's orders, and shall not use it, disclose it to others or reproduce it for any other purpose. Such property, while in Seller's custody or control, shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Buyer and shall be subject to removal at Buyer's written request, in which event Seller shall prepare such property for shipment and redeliver to Buyer in the same condition as originally received by Seller, reasonable wear and tear excepted, all at Buyer's expense, except for non-Tools, which shall be at Seller's expense, and in the case of a termination of the Supply Agreement by Buyer for material breach, which also shall be at Seller's expense. As noted in Section 3.4 above, any consigned material, tooling or technology used in production of the goods shall be identified on the commercial or proforma invoice used for international shipments. Buyer hereby grants a license to Seller to use any information, drawings, specifications, computer software, know-how and other data furnished or paid for by Buyer hereunder for the sole purpose of performing this Order for Buyer. This license is non-assignable and is terminable with or without cause by Buyer at any time. Subject to the provisions set forth herein, Buyer shall own exclusively all rights in ideas, inventions, works of authorship, strategies, plans and data created in or resulting from Seller's performance under this Order, including all patent rights, copyrights, moral rights, rights in proprietary information, database rights, trademark rights and other intellectual property rights. All such intellectual property that is protectable by copyright will be considered work(s) made for hire for Buyer (as the phrase "work(s) made for hire" is defined in the United States Copyright Act (17 U.S.C. § 101)) or Seller will give Buyer "first owner" status related to the work(s) under local copyright law where the work(s) was created. If by operation of law any such intellectual property is not owned in its entirety by Buyer automatically upon creation, then Seller agrees to transfer and assign to Buyer, and hereby transfers and assigns to Buyer, the entire right, title and interest throughout the world to such intellectual property. Seller further

agrees to enter into and execute any documents that may be required to transfer or assign ownership in and to any such intellectual property to Buyer. Notwithstanding the foregoing, Seller's and its Affiliates' (i) existing intellectual property (including without limitation TPI Composites, Inc.'s proprietary SCRIMP ® technology) and (ii) any intellectual property created or discovered by Seller or its Affiliates outside the scope of this Agreement (including without limitation any improvements to TPI Composites, Inc.'s proprietary SCRIMP ® technology developed outside the scope of the Supply Agreement or any Order) shall remain the sole and exclusive property of Seller irrespective of the use of any such intellectual property in Seller's performance under the Supply Agreement or any Order. In particular, Buyer acknowledges and agrees that (i) during the term of the Supply Agreement and contemporaneous with Seller's performance under any Order, Seller may develop intellectual property outside the scope of the Supply Agreement or any Order and that Seller is under no obligation, whether pursuant to the Supply Agreement, any Order or otherwise, to use such intellectual property in performing its obligations under any Order, and (ii) Seller may elect to develop outside the scope of the Supply Agreement or any Order any intellectual property contemplated by any Order. For the avoidance of doubt, the above does not apply to any intellectual property created from the use of GE technical information. Should Buyer or Seller desire to use any such intellectual property developed by Seller outside the scope of the Supply Agreement or any Order in performing under the Supply Agreement or any Order, then Seller and Buyer in good faith will use commercially reasonable efforts to negotiate a license from Seller to Buyer for such intellectual property on commercially reasonable terms. If Seller for any reason anticipates difficulty in complying with the required delivery date, or in meeting any of the other requirements of this Order, Seller shall promptly notify Buyer in writing. If Seller does not comply with Buyer's delivery schedule, Buyer, to the extent permitted under the Supply Agreement, may require delivery by fastest method and charges resulting from the premium transportation must be fully prepaid by Seller. Upon completion or termination of this Order, the Receiving Party shall promptly return to the Disclosing Party all Confidential Information, any copies thereof, any materials incorporating any such Confidential Information and any copies thereof. Neither party shall make any announcement, take or release any photographs (except for its internal operation purposes for manufacture and assembly of goods) or release any information concerning this Order or with respect to its business relationship with the other party, to any third party, member of the public, press, business entity or any official body except as required by applicable law, rule, regulation, injunction or administrative order, without the other party's prior written consent. Notwithstanding the foregoing, the Seller shall be permitted to disclose the Supply Agreement and/or any Appendices thereto and related agreements and Orders to current and potential investors, stockholders and lenders that have agreed in writing to maintain the confidentiality of such documents and that have entered into at least a non-binding agreement with Seller or any if its Affiliates to provide financing to Seller or any of its Affiliates or to acquire all or any portion of the Seller's or any of its Affiliates' capital stock, assets or business; provided, however, that Seller shall provide written notice to Buyer of such disclosure within fourteen (14) days of entering into such a non-binding agreement and shall use commercially reasonable efforts to provide for GE as a third party beneficiary of the written agreement by the potential investors, stockholders and lenders to maintain the confidentiality of such documents.

17. INTELLECTUAL PROPERTY INDEMNIFICATION.

Seller shall defend, indemnify and hold harmless Buyer from all costs and expenses related to any suit, claim or proceeding brought against Buyer or its customers to the extent based on a claim that any Seller manufacturing process used to manufacture goods hereunder (other than

those specifically required by Buyer) constitutes (i) an infringement of any patent, copyright or trademark of any third party in any Covered Jurisdiction (as defined below), or (ii) a misappropriation of the subject matter of any trade secret or other intellectual property right of any third party in any Covered Jurisdiction . Buyer shall defend, indemnify and hold Seller harmless from all cost and expenses related to any suit, claim or proceeding brought against Seller or its customers to the extent based on a claim that any design or specification provided by Buyer to Seller hereunder constitutes (i) an infringement of any patent, copyright or trademark of any third party in any Covered Jurisdiction, or (ii) a misappropriation of the subject matter of any trade secret or other intellectual property right of any third party in any Covered Jurisdiction. For purposes of this Section 17, "Covered Jurisdiction" means the [...***...]. The indemnified party shall notify the indemnifying party promptly and give authority, information, and assistance (at the indemnifying party's expense) for the defense of same, and the indemnifying party shall pay all damages and costs awarded therein. If use of the goods is enjoined as a result of an infringement for which Seller is responsible hereunder, Seller shall, at its own expense and option, either (i) procure for Buyer the right to continue using the goods, or (ii) modify the goods so that they become non-infringing, or (iii) replace the goods with non-infringing goods. [...***...].

18. SUPPLIER SECURITY AND CRISIS MANAGEMENT POLICY AND C-TPAT REQUIREMENTS.

18.1 *Security and Crisis Management Policy* . Seller shall have and comply with a company security and crisis management policy, which shall be revised and maintained proactively and as may be requested by Buyer in anticipation of security and crisis risks relevant to the Seller's business ("Security and Crisis Management Policy"). The Security and Crisis Management policy shall identify and require Seller's management and employees to take appropriate measures necessary to do the following:

(a) provide for the physical security of the people working on Seller's premises and others working for or on behalf of Seller;

(b) provide for the physical security of Seller's facilities and physical assets related to the performance of the work, including, in particular, the protection of Seller's mission critical equipment and assets;

(c) protect software related to the performance of work from loss, misappropriation, corruption and/or other damage;

(d) protect Buyer's and Seller's drawings, technical data and other proprietary information related to the performance of work from loss, misappropriation, corruption and/or other damage;

(e) provide for the prompt recovery, including through preparation, adoption and maintenance of a disaster recovery plan, of facilities, physical assets, software, drawings, technical data, other intellectual property and/or the Seller's business operations in the event of a security breach, incident, crisis or other disruption in Seller's ability to use the necessary facilities, physical assets, software, drawings, technical data or other intellectual property and/or to continue its operations; and

(f) ensure the physical integrity and security of all shipments against the unauthorized introduction of harmful or dangerous materials.

Buyer reserves the right to inspect Seller's Security and Crisis Management Policy and to conduct on-site audits of Seller's facility and practices to determine whether such policy and Seller's implementation of such policy are reasonably sufficient to protect Buyer's interests. If Buyer reasonably determines that Seller's Security and Crisis Management Policy and/or such policy implementation is/are insufficient to protect Buyer's property and interests, Buyer may give Seller notice of such determination. Upon receiving such notice, Seller shall have forty-five (45) days thereafter to make such policy changes and take the implementation actions reasonably requested by Buyer. Seller's failure to take such actions shall give Buyer the right to terminate this Order immediately without further compensation to Seller.

18.2 *C-TPAT Compliance* . The Customs-Trade Partnership Against Terrorism ("C-TPAT") program of the United States Customs and Border Protection is designed to improve the security of shipments to the United States. This section applies only to Sellers with non-U.S. locations that are involved in the manufacture, warehousing or shipment of goods to Buyer or to a customer or supplier of Buyer located in the United States. Seller agrees that it will review the C-TPAT requirements for foreign manufacturers and that it will maintain a written plan for security procedures in accordance with the recommendations of U.S. Customs and Border Protection as outlined at http://www.customs.gov/xp/cgov/import/commercial_enforcement/ctpat/criteria_importers/ctp at_importer_criteria.xml ("Security Plan"). The Security Plan shall address security criteria such as: container security and inspection, physical access controls, personnel security, procedural security, security training and threat awareness and information technology security. Note: The C-TPAT recommendations are similar to the Security and Crisis Management Policy requirements in Section 18.1 above, and Seller's Security and Crisis Management Policy may meet the recommendations of C-TPAT. Upon request of Buyer, Seller shall:

(a) certify to Buyer in writing that it has read the C-TPAT security criteria, maintains a written Security Plan consistent with the C-TPAT security criteria and has implemented appropriate procedures pursuant to such plan;

(b) identify an individual contact responsible for Seller's facility, personnel and shipment security measures and provide such individual's name, title, address, email address and telephone and fax numbers; and

(c) inform Buyer of its C-TPAT membership status.

Where Seller does not exercise control of manufacturing or transportation of goods destined for delivery to Buyer or its customers in the U.S., Seller agrees to communicate the C-TPAT recommendations to its suppliers and transportation providers and to use commercially reasonable efforts to ensure that such suppliers and transportation providers implement such recommendations. Further, upon advance notice by Buyer to Seller and during Seller's normal business hours, Seller shall make its facility available for inspection by Buyer's representative for the purpose of reviewing Seller's compliance with the C-TPAT security recommendations and with Seller's Security Plan. Each party shall bear its own costs in relation to such inspection and review. All other reasonable and necessary costs associated with development and implementation of Seller's Security Plan and C-TPAT compliance shall be borne by the Seller.

19. PACKING, PRESERVATION AND MARKING.

Packing, preservation and marking will be in accordance with the specification drawing or as specified on the Order, or if not specified, the best commercially accepted practice will be used, and at a minimum consistent with applicable law. In addition, Seller shall include the following information on each shipment under this Order: Buyer's Order number, case number, routing center number (if provided by Buyer's routing center), country of manufacture, destination shipping address, commodity description, gross/net weight in kilograms and pounds, dimensions in centimeters and inches, center of gravity for items greater than one (1) ton and precautionary marks (e.g., fragile, glass, air ride only, do not stack, etc.), loading hook/lifting points and chain/securing locations where applicable to avoid damage and improper handling. Seller shall place all markings in a conspicuous location as legibly, indelibly and permanently as the nature of the article or container will permit. All goods shall be packed in an appropriate manner, giving due consideration to the nature of the goods, with packaging suitable to protect the goods during transport from damage and otherwise to guarantee the integrity of the goods to destination. Goods that cannot be packed due to size or weight shall be loaded into suitable containers, pallets or crossbars thick enough to allow safe lifting and unloading. Vehicles that reach their destination and present unloading difficulties will be sent back to their point of departure.

20. GOVERNING LAW.

This Order shall in all respects be governed by and interpreted in accordance with the substantive law of the State of New York, U.S.A., excluding its conflicts of law provisions. The parties exclude application of the United Nations Convention on Contracts for the International Sale of Goods.

21. DISPUTE RESOLUTION.

21.1 If Seller is a permanent resident of the U.S., or a corporation or partnership existing under the laws of the U.S., Buyer and Seller shall attempt amicably to resolve any controversy, dispute or difference arising out of this Order, failing which either party may initiate litigation. Litigation may be brought only in the U.S. District Court for the Southern District of New York or, if such court lacks subject matter jurisdiction, in the Supreme Court of the State of New York in and for New York County. The parties submit to the jurisdiction of said courts and waive any defense of *forum non conveniens* .

21.2 If Seller is a permanent resident of a country other than the U.S., or is a corporation or partnership existing under the laws of any country other than the U.S., the parties agree to attempt to submit any controversy, dispute or difference arising out of this Order to settlement proceedings under the Alternative Dispute Resolution Rules (the "ADR Rules") of the International Chamber of Commerce ("ICC"). If the dispute has not been settled pursuant to the ADR Rules within forty-five (45) days following the filing of a request for ADR or within such other period as the parties may agree in writing, such dispute shall be finally settled under the Rules of Arbitration of the ICC (the "ICC Rules") by one or more arbitrators appointed in accordance with such ICC Rules. The place for arbitration shall be New York City, New York, U.S.A. and proceedings shall be conducted in the English language, unless otherwise stated in this Order. The award shall be final and binding on both Buyer and Seller, and the parties hereby waive the right of appeal to any court for amendment or modification of the arbitrators' award.

22. COMPLIANCE WITH DATE PROCESSING REQUIREMENTS

22.1 Seller represents and warrants that all goods and/or services and any enhancements, upgrades, customizations, modifications, maintenance and the like (the "goods/services") shall at delivery and all times thereafter, and in all subsequent updates or revisions of any kind, accurately process, provide and/or receive date data, including without limitation, calculating, comparing, sequencing and performance of leap year calculations. In particular, Seller represents and warrants that: a) no value for current date will cause any error, interruption or decreased functionality or performance of such goods/services; and b) all manipulations of date-related data by or through such goods/services (including calculating, comparing, sequencing, processing and outputting) will produce correct results, without human intervention, for all valid dates, including when goods/services are used in combination with other products. As used in this paragraph, the words "date" and "dates" shall be deemed to include "time".

22.2 If at any time the goods and/or services are found by Buyer or its customers to fail the foregoing warranty, then, in addition to any other available remedies, Seller shall at Buyer's option repair or replace any non-conforming goods/services, including, without limitation, installation of corrective changes or repairs, all at no cost to Buyer. Seller shall not require Buyer to make any changes to the goods/services (except for installation of corrective changes provided), shall not require or cause to be made any changes to Buyer's data, unless Buyer in its sole discretion approves such changes and shall not require or cause to be made any changes to any other good, product or service used by Buyer.

23. WAIVER.

No claim or right arising out of a breach of this Order can be discharged in whole or in part by a waiver or renunciation unless supported by consideration and made in writing signed by the aggrieved party. Either party's failure to enforce any provisions hereof shall not be construed a waiver of a party's right thereafter to enforce each and every such provision.

24. ELECTRONIC COMMERCE.

Seller agrees to participate in all of Buyer's current and future electronic commerce applications and initiatives upon Buyer's request, provided that Seller will not be obligated to spend more than [...***...] per year on such initiatives. For contract formation, administration, changes and all other purposes, each electronic message sent between the parties within such applications or initiatives will be deemed: a) "written" and a "writing"; b) "signed" (in the manner below); and c) an original business record when printed from electronic files or records established and maintained in the normal course of business. The parties expressly waive any right to object to the validity, effectiveness or enforceability of any such electronic message on the ground that a "statute of frauds" or any other law requires written, signed agreements. Between the parties, any such electronic documents may be introduced as evidence in any proceedings as business records originated and maintained in paper form. Neither party shall object to the admission of any such electronic document under either the best evidence rule or the business records exception to the hearsay rule. By placing a name or other identifier on any such electronic message, the party doing so intends to sign the message with his/her signature attributed to the message content. The effect of each such message will be determined by the electronic message content and by New York law, excluding any such law requiring signed agreements or otherwise in conflict with this paragraph.

25. PERSONAL DATA PROTECTION.

25.1 "Personal Data" includes any information relating to an identified or identifiable natural . person; "Buyer Personal Data" includes any Personal Data obtained by Seller from Buyer; and

"Processing" includes any operation or set of operations performed upon Personal Data, such as collection, recording, organization, storage, adaptation or alteration, retrieval, accessing, consultation, use, disclosure by transmission, dissemination or otherwise making available, alignment or combination, blocking, erasure or destruction.

25.2 Seller, including its officers, directors, employees and/or agents, shall view and Process Buyer Personal Data only on a need-to-know basis and only to the extent necessary to perform this Order or to carry out Buyer's further written instructions.

25.3 Seller shall use reasonable technical and organizational measures to ensure the security and confidentiality of Buyer Personal Data in order to prevent, among other things, accidental, unauthorized or unlawful destruction, modification, disclosure, access or loss. Seller shall immediately inform Buyer of any Security Breach involving Buyer Personal Data, where "Security Breach" means any event involving an actual, potential or threatened compromise of the security, confidentiality or integrity of the data, including but not limited to any unauthorized access or use. Seller shall also provide Buyer with a detailed description of the Security Breach, the type of data that was the subject of the Security Breach, the identity of each affected person and any other information Buyer may request concerning such affected persons and the details of the breach, as soon as such information can be collected or otherwise becomes available. Seller agrees to take action immediately, at its own expense, to investigate the Security Breach and to identify, prevent and mitigate the effects of any such Security Breach and to carry out any recovery necessary to remedy the impact. Buyer must first approve the content of any filings, communications, notices, press releases or reports related to any Security Breach ("Notices") prior to any publication or communication thereof to any third party. Seller also agrees to bear any cost or loss Buyer may incur as a result of the Security Breach, including without limitation, the cost of Notices.

25.4 Upon termination of this Order, for whatever reason, Seller shall stop the Processing of Buyer Personal Data, unless instructed otherwise by Buyer, and these undertakings shall remain in force until such time as Seller no longer possesses Buyer Personal Data.

25.5 Seller understands and agrees that Buyer may require Seller to provide certain Personal Data ("Seller Personal Data") such as the name, address, telephone number and e-mail address of Seller's representatives in transactions and that Buyer and its Affiliates and its or their contractors may store such data in databases located and accessible globally by their personnel and use it for purposes reasonably related to the performance of this Order, including but not limited to supplier and payment administration. Seller agrees that it will comply with all legal requirements associated with transferring any Seller Personal Data to Buyer. Buyer will be the Controller of this data for legal purposes and agrees not to share Seller Personal Data beyond Buyer, its Affiliates and its or their contractors, and to use reasonable technical and organizational measures to ensure that Seller Personal Data is processed in conformity with applicable data protection laws. "Controller" shall mean the legal entity which alone or jointly with others determines the purposes and means of the processing of Personal Data. By written notice to Buyer, Seller may obtain a copy of the Seller Personal Data and submit updates and corrections to it.

26. ENTIRE AGREEMENT.

This Order, with documents as are expressly incorporated by reference, is intended as a complete, exclusive and final expression of the parties' agreement with respect to the subject matter herein and supersedes any prior or contemporaneous agreements, whether written or oral, between the parties. This Order may be executed in one or more counterparts, each of which

shall for all purposes be deemed an original and all of which shall constitute the same instrument. Facsimile signatures on such counterparts are deemed originals. No course of prior dealings and no usage of the trade shall be relevant to determine the meaning of this Order even though the accepting or acquiescing party has knowledge of the performance and opportunity for objection. The term “including” shall mean and be construed as “including, but not limited to”, unless expressly stated to the contrary. The invalidity, in whole or in part, of any of the foregoing articles or paragraphs of this Order shall not affect the remainder of such article or paragraphs or any other article or paragraphs of this Order, which shall continue in full force and effect. All provisions or obligations contained in this Order, which by their nature or effect are required or intended to be observed, kept or performed after termination or expiration of an Order will survive and remain binding upon and for the benefit of the parties, their successors (including without limitation successors by merger) and permitted assigns including, without limitation, Sections 4, 5, 8, 9, 12, 15, 16, 17, 22 and 25.

APPENDIX 6

GE ENERGY INTEGRITY GUIDE FOR SUPPLIERS, CONTRACTORS AND CONSULTANTS

A Message from GE Energy

General Electric Company and its GE Energy business ("GE") are committed to unyielding Integrity and high standards of business conduct in everything we do, especially in our dealings with GE suppliers, contractors and consultants (collectively "suppliers"). For well over a century, GE people have created an asset of incalculable value - the company's worldwide reputation for integrity and high standards of business conduct. That reputation, built by so many people over so many years, rides on each business transaction we make.

GE bases supplier relationships on lawful, efficient and fair practices, and expects its suppliers to adhere to applicable legal requirements in their business relationships, including those with their employees, their local environments, and GE. The quality of our supplier relationships often has a direct bearing on the quality of our customer relationships. Likewise, the quality of our suppliers' products and services affects the quality of our own products and services.

To help GE suppliers understand the GE commitment to unyielding Integrity and the standards of business conduct that all GE suppliers must meet, GE has prepared this GE Energy Integrity Guide for Suppliers, Contractors and Consultants. The Guide is divided into four sections:

- GE Code of Conduct
- GE Compliance Obligations
- Responsibilities of GE Suppliers
- How to Raise an Integrity Concern

Suppliers should carefully review this Guide, including but not limited to the section, Responsibilities of GE Suppliers. Suppliers are responsible for ensuring that they and their employees, representatives and sub-suppliers comply with the standards of conduct required of GE suppliers. Please contact the GE manager you work with or any GE Compliance Resource if you have any questions about this Guide or the standards of business conduct that all GE suppliers must meet.

John G. Rice, President & CEO, GE Energy Stephen B. Bransfield, Vice President, Global Supply Chain Management

Sam Aquillano, General Manager, Global Sourcing

GE Code of Conduct

GE's commitment to total, unyielding Integrity is set forth in the Company's Compliance Handbook, Integrity: The Spirit and The Letter of Our Commitment ("Spirit & Letter"). The policies set forth in the Spirit & Letter govern the conduct of all GE employees and are supplemented by compliance procedures and guidelines adopted by GE components. All GE employees must not only comply with the "letter" of the Company's compliance policies, but also with their "spirit."

The "spirit" of GE's Integrity commitment is set forth in the GE Code of Conduct, which each GE employee has made a personal commitment to follow:

- Obey the applicable laws and regulations governing our business conduct worldwide.
- Be honest, fair and trustworthy in all of your GE activities and relationships.
- Avoid all conflicts of interest between work and personal affairs.
- Foster an atmosphere in which fair employment practices extend to every member of the diverse GE community.
- Strive to create a safe workplace and to protect the environment.
- Through leadership at all levels, sustain a culture where ethical conduct is recognized, valued and exemplified by all employees.

No matter how high the stakes, no matter how great the "stretch", GE will do business only by lawful and ethical means. When working with customers and suppliers in every aspect of our business, we will not compromise our commitment to integrity.

GE Compliance Obligations

All GE employees are obligated to comply with the requirements — the "letter"— of the Company's compliance policies set forth in the Spirit & Letter. These policies implement the GE Code of Conduct and are supplemented by compliance procedures and guidelines adopted by GE components. A summary of some of the key compliance obligations of GE employees follows:

IMPROPER PAYMENTS

bribes, kickbacks, illegal political contributions or other improper payments to any customer, government official or third party. Follow the laws of the United States and other countries relating to these matters.

- Employ only reputable people and firms as GE representatives and understand and obey any requirements governing the use of third party representatives.

INTERNATIONAL TRADE CONTROLS

- Understand and follow applicable international trade control and customs laws and regulations, including those relating to licensing, shipping and import documentation and reporting and record retention requirements.
- Never participate in boycotts or other restrictive trade practices prohibited or penalized under United States or applicable local laws.
- Make sure all transactions are screened in accordance with applicable export/import requirements; and that any apparent conflict between U.S. and applicable local law requirements, such as the laws blocking certain U.S. restrictions adopted by Canada, Mexico and the members of the European Union, is disclosed to GE counsel.

MONEY LAUNDERING PREVENTION

- Follow all applicable laws that prohibit money laundering and that require the reporting of cash or other suspicious transactions.
- Learn to identify warning signs that may indicate money laundering or other illegal activities or violations of GE policies. Raise any concerns to GE counsel and GE management.

PRIVACY

- Never acquire, use or disclose individual consumer information in ways that are inconsistent with GE privacy policies or with applicable privacy and data protection laws, regulations and treaties.
- Maintain secure business records of individual consumer information, including computer-based information.

SUPPLIER RELATIONSHIPS

- Only do business with suppliers who comply with local and other applicable legal requirements and any additional GE standards relating to labor, environment, health and safety, intellectual property rights and improper payments.

WORKING WITH GOVERNMENTS

- Follow applicable laws and regulations associated with government contracts and transactions.
- Require any supplier providing goods or services for GE on a government project or contract to agree to comply with the intent of GE's Working with Governments policy.
- Be truthful and accurate when dealing with government officials and agencies.

COMPLYING WITH COMPETITION LAWS

- Never propose or enter into any agreement with a GE competitor to fix prices, terms and conditions of sale, costs, profit margins, or other aspects of the competition for sales to third parties.
- Do not propose or enter into any agreements or understandings with GE customers restricting resale prices.
- Never propose or enter into any agreements or understandings with suppliers which restrict the price or other terms at which GE may resell or lease any product or service to a third party.

ENVIRONMENT, HEALTH & SAFETY

- Learn how to conduct your activities in compliance with all relevant environmental and worker health and safety laws and regulations and conduct your activities accordingly.
- Ensure that all new product designs or changes or services offerings are reviewed for compliance with GE guidelines.
- Use care in handling hazardous materials or operating processes or equipment that use hazardous materials to prevent unplanned releases into the workplace or the environment.
- Report to GE management all spills of hazardous materials; any concern that GE products are unsafe; and any potential violation of environmental, health or safety laws, regulations or company practices or requests to violate established EHS procedures.

FAIR EMPLOYMENT PRACTICES

- Extend equal opportunity, fair treatment and a harassment-free work environment to all employees, coworkers, consultants and other business associates without regard to their race, color, religion, national origin, sex (including pregnancy), sexual orientation, age, disability, veteran status or other characteristic protected by law.

CONFLICTS OF INTEREST

- Financial, business, or other non-work related activities must be lawful and free of conflicts with one's responsibilities to GE.
- Report all personal or family relationships, including those of significant others, with current or prospective suppliers you select, manage or evaluate.

- Do not use GE equipment, information or other property (including office equipment, e-mail and computer applications) to conduct personal or non-GE business without prior permission from the appropriate GE manager.

CONTROLLERSHIP

- Keep and report all GE records, including any time records, in an accurate, timely, complete, and confidential manner. Only release GE records to third parties when authorized by GE.
- Follow GE's General Accounting Procedures (GAP), as well as all generally accepted accounting principles, standards, laws and regulations for accounting and financial reporting of transactions, estimates and forecasts.
- Financial statements and reports prepared for or on behalf of GE (including any component) must fairly present the financial position, results of operations, and/or other financial data for the periods and/or the dates specified.

INSIDER TRADING OR DEALING & STOCK TIPPING

- Never buy, sell or suggest to someone else that they should buy or sell stock or other securities of any company (including GE) while you are aware of significant or material non-public information (inside information) about that company. Information is significant or material when it is likely that an ordinary investor would consider the information important in making an investment decision.
- Do not pass on or disclose inside information unless necessary for the conduct of GE business — and never pass on or disclose such information if you suspect that the information will be used for an improper trading purpose.

INTELLECTUAL PROPERTY

- Identify and protect commercially significant GE intellectual property in ways consistent with the law.
- Consult with GE counsel in advance of soliciting, accepting or using proprietary information of outsiders, disclosing GE proprietary information to outsiders or permitting third parties to use GE intellectual property.
- Respect valid patents, copyrighted materials and other protected intellectual property of others; and consult with GE counsel for licenses or approvals to use such intellectual property.

Responsibilities of GE Suppliers

GE will only do business with suppliers that comply with applicable legal requirements. Suppliers that transact business with GE are expected to not only comply with their contractual obligations under any purchase order or agreement with GE, but also adhere to standards of business conduct consistent with those described in this section of the Guide. A supplier commitment to full compliance with these standards is the foundation of a mutually beneficial business relationship with GE.

GE requires and expects that each GE supplier shall comply with all applicable legal requirements. Unacceptable practices by a GE supplier include:

- Minimum Age. Employing workers younger than the required minimum age.
- Forced Labor. Using forced, prison or indentured labor, or workers subject to any form of compulsion or coercion.
- Environmental Compliance. Lack of commitment to observing applicable environmental laws and regulations. Actions that GE will consider evidence of a lack of commitment to observing applicable environmental laws and regulations include:
- Failing to maintain and enforce written and comprehensive environmental management programs which are subject to periodic audit.
- Failing to maintain and comply with all required environmental permits.
- Permitting any discharge to the environment in violation of law, issued/required permits, or that would otherwise have an adverse impact on the environment.
- Health & Safety. Failure to provide workers a workplace that meets applicable health and safety standards.
- Code of Conduct. Failure to maintain and enforce company policies requiring adherence to lawful business practices, including a prohibition against bribery of government officials.
- Business Practices and Dealings with GE. Offering or providing, directly or indirectly, anything of value, including cash, bribes or kickbacks, to any GE employee, representative or customer or government official in connection with any GE procurement, transaction or business dealing. Such prohibition includes the offering or providing of any consulting, employment or similar position by a supplier to any GE employee (or their family member or significant other) involved with a GE procurement. GE also requires that a GE supplier not offer or provide GE employees and representatives with any gifts, other than gifts of nominal value to commemorate or recognize a particular GE-supplier business transaction or activity. In particular, a GE supplier shall not offer, invite or permit GE employees and representatives to participate in any supplier or supplier-sponsored contest, game or promotion.
- Business Entertainment of GE Employees and Representatives. Failing to respect and comply with the business entertainment (including travel and living) policies established by GE and governing GE employees

and representatives. A GE supplier is expected to understand the business entertainment policies of the applicable GE component or operation before offering or providing any GE employee or representative any business entertainment. Business entertainment should never be offered to a GE employee and representative by a supplier under circumstances that create the appearance of an impropriety.

- Collusive Conduct and GE Procurements. Sharing or exchanging any price, cost or other competitive information or the undertaking of any other collusive conduct with any other third party supplier or bidder to GE with respect to any proposed, pending or current GE procurement.
- Intellectual & Other Property Rights. Failing to respect the intellectual and other property rights of others, especially GE. In that regard, a GE supplier shall:
- Only use GE information and property (including tools, drawings and specifications) for the purpose for which they are provided to the supplier and for no other purposes.
- Take appropriate steps to safeguard and maintain the confidentiality of GE proprietary information, including maintaining it in confidence and in secure work areas and not disclosing it to third parties (including other customers, subcontractors, etc.) without the prior written permission of GE.
- Only transmit GE information over the Internet on an encrypted basis.
- Observe and respect all GE patents, trademarks and copyrights and comply with such restrictions or prohibitions on their use as GE may from time to time establish.
- Export Controls & Customs Matters. The transfer of GE technical information to any third party without the express, written permission of GE. Failing to comply with all applicable export controls laws and regulations in the export or re-export of GE technical information, including any restrictions on access and use applicable to non-U. S. nationals, and failing to ensure that all invoices and any customs or similar documentation submitted to GE or governmental authorities in connection with transactions involving GE accurately describe the goods and services provided or delivered and the price thereof.
- Use Sub-Suppliers or Third Parties to Evade Requirements. The use of sub-suppliers or other third parties to evade legal requirements applicable to the supplier and any of the standards set forth in this Section of the Guide.

The foregoing standards are subject to modification in the discretion of GE. Please contact the GE manager you work with or any GE Compliance Resource if you have any questions about these standards and/or their application to particular circumstances. Each GE supplier is responsible for ensuring that the supplier and its employees and representatives understand and comply with these standards. GE will only do business with those suppliers that comply with applicable legal requirements and reserves the right, based on its assessment of information then available to GE, to terminate, without liability to GE, any pending purchase order or contract with any supplier that does not comply with the standards set forth in this section of the Guide.

How to Raise an Integrity Concern

Each GE supplier is expected to promptly inform GE of any Integrity concern involving or affecting GE, whether or not the concern involves the supplier, as soon as the supplier has knowledge of such Integrity concern. A GE supplier shall also take such steps as GE may reasonably request to assist GE in the investigation of any Integrity concern involving GE and the supplier. An Integrity concern may be raised by a GE supplier with cognizant GE management, Company or GE Energy Helplines, or any GE Compliance Resource (i.e., Company legal counsel or auditor).

(herein called "GE"). (GE and Guarantor are individually referred to herein as a "Party" and collectively as the "Parties.")

WHEREAS , under Section 9 of the Agreement, Subsidiary is obligated to provide GE with this Guaranty; and

WHEREAS , to induce GE to enter into the Agreement with Subsidiary, Guarantor has agreed to provide GE with this Guaranty.

NOW, THEREFORE , in consideration of the premises and mutual covenants set forth herein, the Parties hereto agree as follows:

a. Notice of (i) acceptance hereof; (ii) the creation, existence or acquisition of all or any part of the Obligations, or (iii) consent to any modifications thereof;

Guarantor further waives any defense arising by reason of any disability or other defense of Subsidiary or by reason of cessation of any cause whatsoever of the liability of Subsidiary other than through payment or performance of the Obligations.

4. Guarantor hereby consents and agrees that, without notice to or subsequent consent by Guarantor and without affecting or impairing the obligations of Guarantor as herein set forth, GE may, by action or inaction, compromise, settle, waive, extend, refuse to enforce, release (in whole or in part), or otherwise grant indulgences to Subsidiary in respect to any or all of the Obligations and may amend, modify or extend in any manner the Agreement or any other documents or agreements relating to the Obligations other than this Guaranty.

Moreover, Guarantor covenants to pay all expenses (including court costs and reasonable attorney's fees) incurred by GE in connection with defending and enforcing its rights under this Guaranty.

6. This Guaranty is an absolute, unconditional, irrevocable guaranty and, to the extent permitted by applicable law, shall remain in full force and effect without regard to future changes in conditions, including change of law, or any invalidity or irregularity with respect to the execution and delivery of any agreement by GE with respect to the Obligations.

7. As security for its obligations under this Guaranty, Guarantor shall pledge to GE and shall grant GE a continuing security interest in Guarantor's equity interest in Subsidiary in accordance with the terms and conditions of the Membership Interest Pledge

Agreement, dated the date hereof, in the form set forth in Exhibit A to this Guaranty (herein, the "Pledge Agreement").

8. No assignment or transfer of the Agreement or this Guaranty shall operate to extinguish or diminish the liability of Guarantor hereunder.

9. The terms and provisions of this Guaranty shall be binding upon and inure to the benefit of the respective heirs, successors and assigns of the Parties.

10. Guarantor represents and warrants that it is a corporation duly organized under the laws of Delaware; that it has full power to enter into this Guaranty; that its execution and delivery hereof has been duly authorized; and that this Guaranty constitutes a legal, valid, and binding obligation of the Guarantor enforceable against Guarantor in accordance with its terms.

11. This Guaranty shall be governed by and construed in accordance with the laws of the State of New York, U.S.A., excluding only those provisions regarding conflict of laws.

12. In the event of any breach, differences or disputes of whatsoever nature arising out of or relating to this Guaranty, the Parties irrevocably agree that any suit, action, or proceedings may be brought in the Courts of the State of New York, and the Parties irrevocably submit to the exclusive jurisdiction of such Courts.

13. Notwithstanding anything herein or in any other agreement, document or instrument to the contrary, (a) GE's sole remedy under this Guaranty is to exercise its rights and remedies against the Collateral in accordance with the terms of, and as defined in, the Pledge Agreement, (b) Guarantor's liability under this Guaranty is hereby limited accordingly and Guarantor shall not be liable for any money damages or any deficiency, and (c) this Guaranty shall be nonrecourse to Pledgor.

The Parties irrevocably agree that any final judgment (after appeal or expiration of time for appeal) entered by such Court shall be conclusive and binding upon the Parties and may be enforced in the courts of any other jurisdiction to the fullest extent permitted by law.

Guarantor irrevocably designates as its agent for service of process to receive on its behalf service of process in the State of New York in respect of any claims under this Guaranty as follows:

This Agreement creates a legal and valid security interest in the Collateral, which has been perfected as a first and prior Lien on the Collateral. No "control" as defined in Article 8 of the UCC has been given to any Person other than GE and holders of Permitted Liens.

(b) LLC Interests . The Pledgor owns 100% of the equity interest in TPI and has provided to GE a true, correct and complete copy of the LLC Agreement as in effect on the date hereof.

(e) Other . (i) The pledge together with (a) delivery of the Collateral pursuant to this Agreement or (b) the filing of appropriate UCC financing statements, will create a valid perfected security interest in the Collateral in favor of GE; and (ii) all LLC Interests are duly authorized, validly issued and fully paid.

5. Covenants .

(a) The Pledgor will not sell, assign, exchange, pledge or otherwise transfer, encumber or grant any option, warrant or other right to purchase the Collateral (except in favor of GE hereunder and except for Permitted Liens). The Pledgor will warrant and defend the rights granted herein to GE in and to the Collateral (and all right, title and interest represented by the Collateral) against the claims and demands of all other Persons, other than those holding Permitted Liens. The Pledgor agrees that at any time, and from time to time, at the expense of the Pledgor, the Pledgor will promptly execute and deliver all further instruments, and take all further action, that may be necessary, or that GE may reasonably request, in order to perfect and protect any security interest granted or purported to be granted hereby or to enable GE to exercise and enforce its rights and remedies hereunder with respect to any Collateral. Agreement and any amendment or supplement to, or modification or waiver of, any term or provision of any LLC Agreement, provided that the Pledgor will not enter into any such amendment, supplement or modification, or execute any such waiver, which would adversely affect compliance by the Pledgor with its obligations hereunder or under the Guaranty; (v) upon the occurrence and during the continuance of any Default, promptly upon request of GE transfer any LLC Interest constituting Collateral into the name of any nominee or sub-agent designated by GE; and (vi) upon learning of the occurrence of any event which could reasonably be expected to cause termination and/or dissolution of TPI, notify GE in writing thereof.

5. Holding in Name of GE, etc . GE may from time to time after the occurrence and during the continuance of a Default, without notice to the Pledgor, take all or any of the following actions: (a) transfer all or any part of the Collateral into the name of GE or any nominee or sub-agent for GE, with or without disclosing that such Collateral is subject to the lien and security interest hereunder, (b) appoint one or more sub-agents or nominees for the purpose of retaining physical possession of the Collateral, (c) notify the parties obligated on any of the Collateral to make payment to GE of any amounts due or to become due thereunder, (d) endorse any checks, drafts or other writings in the name of the Pledgor to allow collection of the Collateral, (e) enforce collection of any of the Collateral by suit or otherwise, and surrender, release or exchange all or any part thereof, or compromise or renew for any period (whether or not longer than the original period) any obligations of any nature of any party with respect thereto, and (f) take control of any proceeds of the Collateral.

6. Voting Rights, Dividends, etc . (a) Notwithstanding certain provisions of Section 5 hereof, so long as GE has not given the notice referred to in paragraph (b) below:

A. The Pledgor shall be entitled to exercise any and all voting or consensual rights and powers with respect to TPI or other Pledged Property of the Pledgor or any part thereof for any purpose.

B. The Pledgor shall be entitled to receive and retain any and all dividends or other distributions payable in respect of the Collateral, whether paid in cash, property or otherwise by TPI.

C. GE shall execute and deliver, or cause to be executed and delivered, to the Pledgor, all such proxies, powers of attorney, dividend orders and other instruments as the Pledgor may request for the purpose of enabling the Pledgor to exercise the rights and powers which it is entitled to exercise pursuant to clause (A) above and to receive the dividends and distributions which it is authorized to retain pursuant to clause (B) above.

(b) Upon notice from GE during the existence of a Default, and so long as the same shall be continuing, all rights and powers which the Pledgor is entitled to exercise pursuant to Section 6(a)(A) hereof, and all rights of the Pledgor to receive and retain dividends and distributions pursuant to Section 6(a)(B) hereof, shall forthwith cease, and

all such rights and powers shall thereupon become vested in GE which shall have, during the continuance of such Default, the sole and exclusive authority to exercise such rights and powers and to receive such dividends and distributions. Any and all money and other property paid over to or received by GE pursuant to this paragraph (b) shall be applied in accordance with the provisions hereof.

7. Additional LLC Interests . The Pledgor shall not (a) permit the issuance of (i) any additional limited liability company interests or any class of limited liability company interests of TPI, (ii) any securities convertible into, or exchangeable for, any such limited liability company interests, or (iii) any warrants, options, contracts or other commitments entitling any Person to purchase or otherwise acquire any such limited liability company interests or (b) enter into any agreement creating, or otherwise permit to exist, any restriction or condition upon the transfer, voting or control of any LLC Interest, except for any agreement evidencing or governing Permitted Liens.

8. Remedies . Whenever a Default exists, GE may exercise from time to time any rights and remedies available to it under the UCC or otherwise available to it. Without limiting the foregoing, whenever a Default exists, GE (a) may, to the fullest extent permitted by applicable law, upon at least 10 Business Days prior written notice to the Pledgor, (i) sell any or all of the Collateral, free of all rights and claims of the Pledgor therein and thereto, at any public or private sale or brokers' board and (ii) bid for and purchase any or all of the Collateral at any such public sale and (b) shall have the right, for and in the name, place and stead of the Pledgor, to execute endorsements, assignments, stock powers and other instruments of conveyance or transfer with respect to all or any of the Collateral. Other than notices required to be given pursuant to the foregoing sentence, the Pledgor hereby expressly waives, to the fullest extent permitted by applicable law, any and all other notices, advertisements, hearings or process of law in connection with the exercise by GE of any of its rights and remedies during the continuance of a Default. Any notification of intended disposition of any of the Collateral shall be deemed reasonably and properly given if given at least 10 Business Days before such disposition. Any proceeds of any of the Collateral shall be applied by GE to the payment of Costs and Expenses, and any balance of such proceeds shall be applied by GE toward the payment of such of the Liabilities, and in such order of application, as GE may from time to time elect (and, after payment in full of all Liabilities, any excess shall be delivered to the Pledgor or as a court of competent jurisdiction shall direct).

GE is hereby authorized to comply with any limitation or restriction in connection with any sale of Collateral as it may be advised by counsel is necessary in order to (a) avoid any violation of applicable law (including, without limitation, compliance with such procedures as may restrict the number of prospective bidders and purchasers and/or further restrict such prospective bidders or purchasers to persons or entities who will represent and agree that they are purchasing for their own account for investment and not with a view to the distribution or resale of such Collateral) or (b) obtain any required approval of the sale or of the purchase by any governmental regulatory authority or official, and the Pledgor agrees that such compliance shall not result in such sale being considered or deemed not to have been made in a commercially reasonable manner and

that GE shall not be liable or accountable to the Pledgor for any discount allowed by reason of the fact that such Collateral is sold in compliance with any such limitation or restriction.

9. Acknowledgment of Control . By its signature below, the Pledgor (i) grants "control" (as defined in UCC) to GE to the extent necessary to perfect GE's security interest in the Collateral, (ii) acknowledges that it has not previously granted "control" over the Collateral to any other Person, except for those Persons holding Permitted Liens and (iii) agrees that it will not grant any Person other than GE "control" over any Collateral, except for those Persons holding Permitted Liens.

10. General . GE shall be deemed to have exercised reasonable care in the custody and preservation of the Collateral if it takes such action for that purpose as the applicable Pledgor shall request in writing, but failure of GE to comply with any such request shall not of itself be deemed a failure to exercise reasonable care.

No delay on the part of GE in exercising any right, power or remedy shall operate as a waiver thereof, and no single or partial exercise of any such right, power or remedy shall preclude any other or further exercise thereof, or the exercise of any other right, power or remedy. No amendment, modification or waiver of, or consent with respect to, any provision of this Agreement shall be effective unless the same shall be in writing and signed and delivered by GE and the Pledgor (in the case of amendments and modifications), and then such amendment, modification, waiver or consent shall be effective only in the specific instance and for the specific purpose for which given.

All obligations of the Pledgor and all rights, powers and remedies of GE expressed herein are in addition to all other rights, powers and remedies possessed by GE, including, without limitation, those provided by applicable law or in any other written instrument or agreement relating to any of the Liabilities or any security therefor.

This Agreement shall be construed in accordance with and governed by the internal laws of the State of New York. Wherever possible each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement shall be prohibited by or invalid under such law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

WHEREAS , pursuant to the Supply Agreement Section 2 (b) (v), if Buyer failed to meet its minimum purchase quantity set forth in Section 1 (b) (i) then the price schedule of all Components delivered in 2013 pursuant to the October Orders would be increased so as to assure Seller [...***...] of Planned Capacity or, if no October Orders were placed, Buyer was required to pay to Seller on a quarterly basis in 2013, by the end of each quarter in such calendar year, a sum equal to [...***...] of Planned Capacity assuming that the Components that would have been manufactured in such year would be the same Components that were manufactured in the immediately preceding year; and

WHEREAS , Buyer did not place October Orders in 2012 for any Components in 2013, but instead informed Seller of its intention to terminate the Supply Agreement for convenience after January 1, 2013; and

NOW, THEREFORE , in consideration of the premises and mutual covenants set forth herein, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

AGREEMENT

Section 1. Defined Terms

(a) Capitalized terms used in this First Amendment shall have the meanings given to them in the Supply Agreement, unless otherwise specifically defined herein.

(b) In recognition of a corporate name change that occurred on August 8, 2008, all references to "LCSI Holding, Inc." in the Supply Agreement shall refer to TPI Composites, Inc., except as the context otherwise requires.

outstanding Advance. The payment of the termination fee shall be Buyer's sole obligation and Seller's sole remedy with regard to such termination fees or any costs associated therewith and Buyer shall have no further liability to the Seller for such termination. AGREEMENT

Section 1. Defined Terms

(a) Capitalized terms used in this Second Amendment shall have the same meanings given to them in the Supply Agreement and in the First Amendment to the Supply Agreement, unless otherwise specifically defined herein.

Section 2. Amendments to Supply Agreement and First Amendment.

(a) Section 1 (d) of the Supply Agreement, as previously amended is further amended by deleting the last two paragraphs added by the First Amendment in their entirety and replacing them with the following:

> "Subject to Seller's continuing ability to meet the agreed to delivery, quality, and technical requirements and notwithstanding any conflicting provision of this Agreement or the GEII Purchase Terms, in calendar year 2013 only, Buyer shall purchase from Seller, and Seller shall be obligated to sell to Buyer, fifty (50) sets of Components (or one hundred fifty (150) wind turbine blades) specified in Buyer's [...***...] **Component Orders** ") through one or more firm, non-cancellable POs placed with Seller on or before January 10, 2013. At Buyer's option, it may place additional orders for up to another seventy-five (75) sets of Components (or two hundred twenty-five (225) wind turbine blades) specified in Buyer's drawing number [...***...] **Option** ") as long as firm, non-cancellable POs for such Components are received by Seller by no later than [...***...] provided, however, that not more than 40 sets of Components (or one hundred twenty (120) wind turbine blades) of such 2013 [...***...] Option may be purchased by firm, non-cancellable POs that are received by Seller after [...***...]. Once placed by Buyer and accepted by Seller, all POs for 2013 [...***...] Component Orders, as well as the 2013 [...***...] Option, shall be firm and non-cancellable.
>
> For the avoidance of doubt, the parties agree and hereby acknowledge that the required purchase commitments set forth in Sections 1(b) through 1(d), insofar as they relate to Buyer's obligation to place October Orders, to provide a Volume Guarantee Period, or to purchase a minimum number of Components equal to at least 50% of Planned Capacity, shall no longer be in effect for Components produced after production year 2012 and that the terms for 2013 [...***...] Component Orders and, if applicable, the 2013 [...***...] Option as set forth above shall govern any such Orders placed for Components produced in 2013."

(b) Section 1(e) of the Supply Agreement, as previously amended, is further amended by deleting the current text in its entirety and replacing it with the following:

"(e) [...***...] Meter Components . Subject to Seller's continuing ability to meet agreed to delivery, quality and technical requirements and notwithstanding any conflicting provision of this Agreement or the GEII Purchase Terms, Buyer shall be obligated to purchase from Seller, and subject to the terms herein, Seller shall be obligated to sell to Buyer the following minimum number of Component sets specified in [...***...] **Components** "):

Year	Minimum Volume
2013	30 sets (including three (3) sets of Components for first piece qualification (FPQ) and pilot lot qualification (PLQ)), plus one (1) cut-up Component and one (1) fatigue test Component, through firm, non-cancellable POs placed with Seller.
2014	60 sets through firm, non-cancellable POs placed with Seller by no later than October 31, 2013.
2015	60 sets through firm, non-cancellable POs placed with Seller by no later than October 31, 2014.

At Buyer's option, it may also place additional orders for [...***...] Components in years [...***...], and subject to the terms herein and as long as firm, non-cancellable POs for such [...***...] Components are received by Seller as outlined below, Seller shall be obligated to sell to Buyer:

1) Up to an additional [...***...] sets of [...***...] Components ([...***...] total sets) in 2014 or 2015 if placed by December 31 of the prior year;

2) Up to an additional [...***...] sets of [...***...] Components ([...***...] total sets) in 2014 and 2015 if placed by March 31 of the current year; and

3) Up to an additional [...***...] sets of [...***...] Components ([...***...] total sets) in 2014 and 2015 if placed by June 30 of the current year.

The parties agree to consider additional orders outside the above framework on a case by case basis. Seller agrees to maintain the following capacity for Buyer in years 2014 and 2015: 1) subject to the production capabilities of the Buyer Provided Tooling used [...***...] in the Production Facility, up to and including [...***...] sets for [...***...] Components in year [...***...]; and 2) up to and including [...***...] sets for [...***...] Components in year 2015.

With regard to liquidated damages (LD) for any late deliveries of [...***...] Components produced in years 2013 through 2015, the following table shall apply, subject to the grace periods and other provisions set forth in this Agreement:

Seller LD Obligation

	2013	2014	2015
[...***...]	[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]	[...***...]
[...***...]	[...***...]	[...***...]	[...***...]

The projected timeline for delivery [...***...] Components to Seller in 2013 is as set forth in Appendix 5 A. It is understood and hereby agreed that any delay attributable to either the late delivery of Buyer Provided Tooling to Seller for the [...***...] Components or any performance inadequacies of such Buyer Provided Tooling shall result in an equal, ratable period of delay for the delivery of the first [...***...] Components to Buyer in 2013 provided, however, that Seller shall use commercially reasonable efforts to overcome any such delays.

Seller shall use its reasonable best efforts to become qualified to produce the volume of [...***...] Components set forth above pursuant to Buyer's current qualification program plan ("QPP"), including with regard to any fatigue test (including static and edge fatigue) on the [...***...] fatigue test Component built in 2013 ("Fatigue Testing"). Notwithstanding any conflicting provision of this Agreement or the GEII Purchase Terms, when Seller successfully completes "FPQ" [First Piece Qualification] Buyer authorizes Seller to begin normal production of the [...***...] Components and Buyer takes delivery of such Components while Seller is completing such qualification, and Seller agrees to begin such production and sell and deliver such Components, in each case, pursuant to the terms set forth below and in the event that, prior to Seller's qualification for [...***...] Components under the QPP, any [...***...] Component sold and delivered by Seller with Buyer's express written authorization is found to be defective and/or otherwise not in conformity with the warranties set forth in Section 9 of Appendix 3 as a result of conditions revealed by a failure in the Fatigue Testing, Seller's sole responsibility under Section 9 of Appendix 3 for repairing the specific defect revealed by the Fatigue Testing failure shall be for

the costs of inspecting, repairing and/or replacing such defective [...***...] Components that would be incurred if such [...***...] Components were located at Seller's Production Facility and/or Storage Facility. For the avoidance of doubt, the warranties set forth in Section 9 of Appendix 3 apply to any and all other defects or non-conformities in materials and workmanship except as specifically provided in this paragraph.

The pricing for all serial production [...***...] Components produced in 2013, 2014 and 2015 shall be as set forth in Appendix 2A. The pricing for qualification Components shall be as set forth in Appendix 5C. Seller's performance obligations with respect to the [...***...] Components described above shall only commence upon its receipt of POs from Buyer for such Components, which for 2013 shall occur [...***...] of the signing of this Agreement. Once placed by Buyer and accepted by Seller, all POs for [...***...] Components shall be firm and non-cancellable. Commensurate with its placement of [...***...] Component Orders, Buyer agrees to place a firm, non-cancellable PO for non-recurring engineering costs as set forth in Appendix 5C.

For the avoidance of doubt, the parties agree and hereby acknowledge that the required purchase commitments set forth in Sections 1(b) through 1(d), insofar as they relate to Buyer's obligation to place October Orders, to provide a Volume Guarantee Period, or to purchase a minimum number of Components equal to at least 50% of Planned Capacity, shall no longer be in effect for Components produced after production year 2012, including the [...***...] Components described above. Rather, all such Orders for Components placed after 2012 shall be governed by the provisions set forth in Section 1(d) and this Section 1(e). All other obligations of Seller and Buyer with respect to minimum purchase commitments, Volume Guarantee Periods, to purchase a minimum number of Components equal to at least 50% of Planned Capacity and/or volume/capacity are hereby superseded and no longer in effect

(c) Section 1(f) of the Supply Agreement is amended by adding the following language to the beginning of the paragraph:

"Except as provided in Section 10(b) below, during the Term of this Agreement Seller shall not enter into any contracts that materially interfere with or disrupt the 2013 [...***...] Component Orders or, if applicable, the [...***...] Option as set forth above, nor the [...***...] qualified lines of capacity used for providing [...***...] Components to Buyer in years 2013 through 2015."

(d) Section 2(a) of the Supply Agreement is amended by deleting the first sentence and replacing it with the following:

"Pricing shall be as stated in Appendix 2 and Appendix 2A, Price Schedules, and shall remain firm for the term of such Price Schedules."

(e) Section 2(a) of the Supply Agreement is amended by deleting the fourth and fifth sentences in their entirety and replacing them with the following:

"The Payment Start Date is the later of the [...***...]. However, the Payment Start Date shall be automatically triggered [...***...] have passed from the date Buyer receives a valid invoice from Seller, regardless of whether the goods or services have been received in Buyer's receiving system. In the case of Components ordered by Buyer's Indian Affiliate, it is understood and hereby agreed by the parties that such Components shall be produced according to a mutually agreed, weekly build schedule as set forth in a PO for such Orders. The timing of invoicing for such Components shall coincide with the Components produced in conformance with the aforementioned build schedule that have met all GE specification requirements and are ready for shipment, at which point the Payment Start Date shall be automatically [...***...] after Buyer receives a valid invoice from Seller."

(f) Section 3(a) of the Supply Agreement, as previously amended, is further amended by deleting the following text added by the First Amendment:

"January 1, 2014 (the Term), at which time Buyer shall pay to Seller in one lump sum a termination fee of [...***...]. The payment of the termination fee shall be Buyer's sole obligation and Seller's sole remedy with regard to such termination fees or any costs associated therewith and Buyer shall have no further liability to the Seller for such termination. Buyer and Seller recognize and acknowledge that the parties may engage in other business opportunities beyond January 1, 2014. In such circumstances, Buyer and Seller agree to evaluate and, if necessary, renegotiate the aforementioned termination fee, as well as the timing for Seller's repayment of the Advance."

and replacing it with the following:

"December 31, 2015."

(g) Section 5(a) of the Supply Agreement is amended by deleting the first sentence of the last paragraph and replacing it with the following:

"In addition, Buyer may provide to Seller tooling, tools or capital equipment, including any Buyer furnished molds from [...***...], or other

suppliers, that have been determined by Buyer and Seller to be suitable for use in the Production Facility and Storage Facility (" **Buyer Provided Tooling** ")."

(h) Section 5(a) of the Supply Agreement is further amended by adding a new Section 5(a)(i) after the last paragraph that reads as follows:

"(i) With regard to Tooling required to produce [...***...] Components sourced from [...***...], Buyer shall provide all such Buyer Provided Tooling necessary to commence production, including POs for any required Seller Provided Tooling in accordance with, but not to exceed the pricing quoted in Appendix 5B within [...***...] of signing this Agreement, , it being understood by Buyer that Seller's performance obligations to produce such [...***...] Components are contingent upon its timely receipt of such Buyer Provided Tooling and, if necessary, Seller Provided Tooling orders. Buyer hereby authorizes Seller to effect any repairs necessary to the Buyer Provided Tooling sourced from [...***...], including any necessary repairs to the skin mold control system, at Seller's sole cost . Buyer also agrees to deliver any and all Buyer Provided Tooling sourced from [...***...] to Seller by no later than [...***...]. Buyer hereby agrees that all warranties to Buyer from third-party vendors for Buyer Provided Tooling shall inure to the benefit of Seller. Any delays in the delivery of the Buyer Provided Tooling required for [...***...] Component production, or in the placement of POs for Seller Provided Tooling that is required in connection therewith, shall result in an equal, ratable delay in the production and delivery timeline of [...***...] Components to Seller in 2013 and 2014 as set forth in Appendix 5A, provided that Seller shall use commercially reasonable efforts to overcome any such delays.

With regard to any Buyer Provided Tooling , Seller and Buyer agree that in the event that the first 30 sets of [...***...] Components made from such Buyer Provided Tooling evidence any challenges or issues with the condition of such Buyer Provided Tooling, including any out of tolerance conditions, requiring Seller modifications or repairs at the Production Facility, Seller will quote such modifications or repairs and Buyer must review and agree in writing to the scope and direction of such modifications or repairs under a PO provided by Buyer prior to Seller beginning any such work. Seller will only warrant workmanship and materials associated with mutually agreed upon written modifications or repairs. If, however, the parties elect not to repair such Buyer Provided Tooling, the parties hereby agree that Seller shall have no further obligation to produce, and Buyer shall have no further obligation to purchase, [...***...] Components beyond the minimum volumes set forth in this Agreement for such [...***...] Components and that Seller, at its sole discretion, may choose to use the production space that would have been occupied by such Buyer Provided Tooling for its other customers.

(i) Section 5(e) of the Supply Agreement is amended by replacing the word “Molds” with the words “Seller Provided Molds” respectively.

(j) Section 5(h) of the Supply Agreement is amended by replacing the word “Molds” with the words “Seller Provided Molds” respectively.

(k) Section 10(b) of the Supply Agreement, as previously amended, is further amended by deleting the entire last paragraph that was added by the First Amendment and replacing it with the following:

> “Beginning in year 2013, Buyer hereby agrees and consents to Seller adding one or more new customers in the wind energy segment to the Production Facility and Seller shall be permitted to use freely some of the manufacturing and storage capacity originally allocated to Buyer as of the Effective Date of the First Amendment for such new customers provided that the manufacturing and storage capacity allocated to Buyer in fulfillment of 2013 [...***...] Component Orders and, if applicable, the 2013 [...***...] Option, remains unchanged and adding any such new customers does not otherwise interfere with Seller’s performance of its obligations hereunder for the Term of this Agreement with regard to the [...***...] Orders. For the avoidance of doubt, it is understood and hereby acknowledged by Buyer that Seller shall only be obligated to provide storage for up to [...***...] sets of Components to Buyer at Seller’s Storage Facility beginning in year 2014.”

(l) Section 13(b) of the Supply Agreement is amended by adding the following new paragraph after the last sentence:

Buyer and Seller are referred to herein individually as a "Party" and collectively as the "Parties".

RECITALS

WHEREAS, on or about January 1,2007, Buyer and Seller entered into a supply agreement, as amended by that First Amendment to the Supply Agreement dated effective January 10,2013 and that Second Amendment to Supply Agreement dated effective May 13, 2013 (as amended, the "Supply Agreement") for the purchase and sale of certain wind turbine blades, as more specifically set forth in the Supply Agreement; and

WHEREAS, Buyer and Seller desire to enter into this Third Amendment to further amend the Supply Agreement as set forth herein.

NOW, THEREFORE, in consideration of the premises and mutual covenants set forth herein, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

AGREEMENT

Section 1 Defined Terms

Capitalized terms used in this Third Amendment, shall have the meanings given to them in the Supply Agreement, unless otherwise specifically defined herein.

Section 2. Amendments to Supply Agreement.

(A) Section 1 (a) of the Supply Agreement is hereby amended by deleting it in its entirety and replacing it with the following:

"(a) (i) Buyer or any of its "Affiliates" (defined below) may purchase any or all of the wind turbine blades ("Components") listed in Appendix 2 from Seller or its subsidiary, TPI Composites (Taicang) Company Limited (the "Seller Subsidiary"), during the Term of this Agreement at the prices agreed to in this Agreement; provided, however, that any purchases of Components for export outside of China shall be made directly with Seller and any purchases of Components by a Buyer Affiliate located within China shall be made directly with the Seller Subsidiary who shall be the selling entity in such event. Accordingly, the terms and conditions of this Agreement (and any documents incorporated by reference herein) are to be applied if any of Buyer or Buyer's Affiliates purchases Components from Seller or the Seller Subsidiary, as the case may be. Seller represents and warrants that it has the authority to bind its Seller Subsidiary and it shall be jointly and severally liable for any Orders accepted by the Seller Subsidiary. To the extent that a Buyer Affiliate places Orders with the Seller Subsidiary, Seller's obligations hereunder shall be binding on the Seller Subsidiary and the Seller Subsidiary shall deemed to be a "Seller" under this Agreement. Notwithstanding anything herein or in the GEE Purchase Terms to the contrary, any dispute arising under an Order between Seller Subsidiary and Buyer's China Affiliate shall be finally settled by arbitration in Beijing by the China International Economic and Trade Arbitration commission with its arbitration rules and the Order shall be governed by the laws and regulations of the People's Republic of China.

(ii) The obligations hereunder related to Buyer's Annual Purchase Commitment shall only apply and be binding upon Buyer and not any Buyer Affiliate(s) placing Orders; except that (1) any Components actually purchased by Buyer's Affiliates shall be counted toward Buyer's Annual Purchase Commitment and (2) any events which, pursuant to the terms of this Agreement, would cause a reduction in Buyer's Annual Purchase Commitment if experienced by Buyer shall reduce Buyer's Annual Purchase Commitment if experienced by an Affiliate. In enforcing its rights against any such Buyer Affiliate under this Agreement and any Order issued hereunder, Seller and the Seller Subsidiary shall look solely to the purchasing entity, either Buyer or the applicable Buyer Affiliate, as the case may be; provided, however, that Buyer shall use commercially reasonable efforts to help Seller receive payment by Buyer's Affiliate to the extent that such Buyer's Affiliate fails to pay Seller according to the terms of this Agreement. For avoidance of doubt and subject to the terms herein, Buyer has entered into this Agreement on behalf of itself and on behalf of its Affiliates to an extent that an Affiliate places an Order hereunder. Any Buyer Affiliate placing an Order shall be entitled to all of Buyer's rights and remedies under this Agreement; provided, however, Buyer not Buyer's Affiliate shall be the only party that can terminate this Agreement pursuant to Section 3 or assign this Agreement pursuant to Section 7. Except to the extent there is a conflict between this Agreement and an Order placed by a Buyer Affiliate whereby this Agreement shall govern pursuant to subsection (iii) below, nothing precludes a Buyer

Affiliate or the Seller Subsidiary from exercising all of its rights and remedies under an Order to which it is a party.

(iii) "Affiliate" with respect to either Buyer or Seller means any entity, including without limitation, any individual, corporation, company, partnership, limited liability company or group, that directly, or indirectly through one or more intermediaries, controls, is controlled by or is under common control with either Buyer or Seller, as applicable; provided, however, that a fifty percent (50%) or less owned entity shall not be deemed an Affiliate of Seller. All purchases under this Agreement are subject to issuance of firm purchase orders ("POs" or "Orders") by Buyer or Buyer's Affiliate pursuant to GEE's Standard Terms of Purchase (the "GEE Purchase Terms"), incorporated by reference as Appendix 3, and any agreed updates, changes and modifications to the same. All POs, acceptances and other writings or electronic communications between the parties shall be governed by this Agreement. In case of conflict, the following order of precedence will prevail: a) this Supply Agreement; b) Supply Agreement Attachments; c) individual POs; and d) drawings, specifications and related documents specifically incorporated herein by reference. The individual POs shall be concluded directly between Buyer or the relevant Affiliate of Buyer, on the one hand, and Seller or the Seller Subsidiary, on the other hand. In respect of a specific PO, references therein or in this Agreement to Buyer and Seller, respectively, shall to the extent applicable be deemed references to the specific contracting Affiliates of the parties."

(B) Section 1 (d) of the Supply Agreement, as previously amended is hereby further amended by deleting it in its entirety and replacing it with the following:

"(d) Subject to any reductions in Buyer's purchase commitment as provided in this Section 1, Buyer agrees to purchase during each calendar year the minimum number of Component sets for each Component specified in Appendix 2 for such calendar year (the "Annual Purchase Commitment"). In the event that (i) Buyer and Seller do not agree to extend the Term of this Agreement and (ii) Buyer intends to purchase only 63 sets of […***…] Components in calendar year […***…] it shall provide Seller notice of such event by […***…] (the "[…***…] Volume Reduction Notice"). The Annual Purchase Commitment for the […***…] Components and the […***…] Components specified in Appendix 2 are each referred to herein as the "[…***…] Annual Purchase Commitment" and the "[…***…] Annual Purchase Commitment", respectively. For the avoidance of doubt, the parties agree and hereby acknowledge that the required purchase commitments set forth in Section 1 (b), insofar as they relate to Buyer's obligation to provide a Volume Guarantee Period or to purchase at least […***…] of the Planned Capacity are no longer in effect. Commencing in calendar year […***…] and for each calendar year thereafter Buyer shall issue a PO or POs to Seller on or before […***…] for its entire forecasted purchase for the following calendar year of (i) […***…] Components ("[…***…] Orders') and (ii) […***…] Components ("[…***…] Orders"). Subject to the terms of this Section 1(d), Buyer shall have the right to increase

In such event, Buyer shall have the right to increase its […***…] Orders up to […***…] of Seller's Planned Capacity when added to the […***…] Minimum Orders or if the aggregate […***…] Orders and the […***…] Orders are equal to or greater than 160 […***…] Components place additional […***…] Orders up to […***…] of Seller's Planned Capacity for the […***…] Components. In the event Buyer's […***…] Orders are equal to or greater than the […***…] Minimum Orders but Buyer's […***…] and […***…] December Orders are in the aggregate less than 160 […***…] Components, Buyer may place additional […***…] Orders up to 160 […***…] Components for such calendar year. Commencing in calendar year […***…] and provided that Buyer has not issued a […***…] Volume Reduction Notice, Buyer shall have the right to increase the number of […***…] Components ordered by submitting additional PO's by […***…] Orders") up to […***…] of Seller's Planned Capacity; provided, that, the […***…] are equal to or greater than the […***…] Annual Purchase Commitment for calendar year […***…] (the "[…***…] Minimum Orders"), or if the aggregate […***…] Orders and the […***…] Orders are equal to or greater than 110 […***…] Components place additional Orders by […***…] in calendar year […***…] ("[…***…] Orders:') up to […***…] of Seller's Planned Capacity for the […***…] Components. In the event Buyer's […***…] Orders are equal to or greater than the […***…] Minimum Orders but Buyer's […***…] Orders and […***…] Orders are in the aggregate less than 110 Components, Buyer may place additional […***…] Orders up to 110 Components for calendar year […***…]. In the event the […***…] Orders are less than the […***…] Minimum Orders, Buyer shall not have the right to place […***…] Orders or […***…] Orders for such Component for calendar year […***…].

(C) Section 1(e) of the Supply Agreement, as previously amended, is hereby further amended by deleting it in its entirety and replacing it with the following:

"(e) Seller covenants and agrees to possess and maintain the necessary machinery, personnel and resources to sell to Buyer the volume of Components as set forth in this Section 1(e). Seller shall be obligated to sell to Buyer the number of Components sets that equal Buyer's […***…] Annual Purchase Commitment and Buyer's […***…] Annual Purchase Commitment in calendar year […***…]. Beginning in calendar year […***…] and during each calendar year thereafter, Seller shall be obligated to sell to Buyer the number of Component sets for each Component specified on Appendix 2 that equate to […***…] of Seller's Planned Capacity for such Components; provided, however, that in the event that Buyer provides the […***…] Volume Reduction Notice pursuant to Section 1(d) above, Seller

shall be obligated to sell to Buyer only 63 sets of […***…] Components and the parties agree that Seller may use such unused capacity for its other customers in accordance with this Agreement. Notwithstanding the foregoing, Buyer shall have no obligation to purchase in any calendar year the number of Components that equates to […***…] of Seller's Planned Capacity for such Components to the extent that it exceeds Buyer's Annual Purchase Commitment unless specifically ordered by Buyer hereunder."

The dollar amount of the Adjustment PO shall be calculated by […***…]. Payment by Buyer to Seller under the Adjustment PO shall satisfy all of Buyer's obligations under this Agreement with respect to its commitment to purchase the applicable Annual Purchase Commitment during the applicable calendar year for which the Adjustment PO was issued."

All purchases under this Agreement are subject to issuance of firm purchase orders (" **POs** " or " **Orders** ") by Buyer pursuant to the **GE POWER AND WATER STANDARD TERMS REV A** (the " **GEPW Purchase Terms** "), which are attached to this Agreement as Appendix 2 and incorporated herein by reference, and any agreed updates, changes and modifications to the same which have been executed by written amendment signed by the parties. All POs, acceptances and other writings or electronic communications between the parties shall be governed by this Agreement. In case of conflict, the following order of precedence shall prevail: a) this Agreement; b) the Attachments to this Agreement; c) individual POs; and d) drawings, specifications and related documents specifically incorporated herein by reference.

(b) (i) Subject to Seller being able to meet the established quality, technical and qualification requirements for Components, and the possible reductions in this Section 1 and Section 9 below, Buyer agrees to purchase the minimum number of Components specified in Appendix 1 (the "Minimum Volume Obligation") during the time periods specified in Appendix 1 (each a "Purchase Time Period"). In the event that Buyer fails to purchase its Minimum Volume Obligation in a particular Purchase Time Period, Buyer's sole and exclusive liability with respect to its Minimum Volume Obligation for such Purchase Time Period shall be calculated as provided in Subsection (b)(iv).

(ii) Commencing in calendar year 2014 for Purchase Time Period 2015 and in each Purchase Time Period thereafter, Buyer shall provide a monthly non-binding forecast to Seller for the anticipated volume in the following Purchase Time Period by no later than September 1 to coincide with the Seller's global procurement activities. Commencing in calendar year 2014 for Purchase Time Period 2015 and in each Purchase Time Period thereafter, Seller shall provide Buyer by October 1st (i) a forecast list of parts for each Component model, identifying all direct materials and the proper country(ies) of origin for each, all indirect materials (other than consumables related to employee protection or consumed in the Production Facility (as defined herein), on a periodic basis), subassemblies, parts required in the manufacture of such Component, the costs associated with each item and an aggregate cost for all items (a "Bill of Materials"). Seller's Bill of Materials shall reflect Seller's actual costs and usage.

(iii) Commencing calendar year 2013 for Purchase Time Period 2013-2014 and for each Purchase Time Period thereafter, Buyer shall issue a PO or POs to Seller on or before October 31st for its entire forecasted purchase of Components for the following Purchase Time Period (the "October Orders"). In such event, Buyer shall have the right to increase its December Orders up to Seller’s Guaranteed Capacity when added to the October Minimum Orders or if the aggregate October Orders and the December Orders are equal to or greater than 125 Components place additional March Orders up to Seller’s Guaranteed Capacity. In the event Buyer’s October Orders are equal to or greater than the October Minimum Orders but Buyer’s October Orders and December Orders are in the aggregate less than 125 Components Buyer may place additional March Orders up to 125 Components for such Purchase Time Period. […***…]. Nothing in this Subsection 1 (b)(iii) shall prevent Buyer’s October Orders from equaling Seller’s Guaranteed Capacity.

(iv) In the event that the aggregate number of Components to be purchased in the October Orders, December Orders and March Orders is less than the applicable Minimum Volume Obligation for applicable Purchase Time Period, then Buyer shall issue a PO (the “Adjustment PO”) to Seller no later than April 30th of such Purchase Time Period. The dollar amount of the Adjustment PO shall be calculated by multiplying […***…]. Payment by Buyer to Seller under the Adjustment PO shall satisfy all of Buyer’s obligations under this Agreement with respect to its commitment to purchase Minimum Volume Obligation during the applicable Purchase Time Period for which the Adjustment PO was issued. Buyer agrees that to the extent practicable and using its commercially reasonable efforts, it shall place Orders with Seller that create a ratable delivery schedule and level loaded production schedule over the course of the year.

(v) By written notice received by Seller no later than June 30, 2015, Buyer may at its option elect to reduce the Minimum Volume Obligation for Purchase Time Period 2016 from one hundred and five (105) Components to seventy (70) Components (the “2016 Volume Reduction Option”). […***…] 1) to […***…] (plus […***…] 2016. If Buyer fails to exercise the 2016 Volume Reduction Option, Buyer’s Minimum Volume Obligation shall remain in effect for Purchase Time Period 2016.

(d) During each applicable Purchase Time Period, Seller shall be obligated to sell to Buyer, in accordance with the terms of this Agreement, the number of Components set forth on the chart in Appendix 1 under Guaranteed Capacity as more fully defined in Appendix 1. Notwithstanding the foregoing, Buyer shall have no obligation to purchase in any Purchase Time Period Seller’s Guaranteed Capacity to the extent that it exceeds Buyer’s Minimum Volume Obligation as may be adjusted hereunder.

During the Term, Seller shall not enter into any contracts that would prevent Seller from complying with its obligations to maintain the Guaranteed Capacity for

each applicable Purchase Time Period provided, however, Seller may manufacture and store products similar to the Components for other customers of Seller provided that such activities do not violate any term of this Agreement.

(f) Buyer shall not have any obligations or responsibility to make any purchases or payments, as the case may be, pursuant to this Agreement in the event and to the extent Seller is unable, unwilling or incapable of accepting, performing or completing any PO that includes reasonable, mutually agreed upon delivery schedules from Buyer to Seller for Components, including, without limitation, due to an excused or unexcused performance by Seller under any PO issued pursuant to this Agreement, default or other non-compliance by Seller of its obligations under this Agreement. The Minimum Volume Obligation for each applicable Purchase Time Period shall be reduced in an amount equal to the number of Components that Seller is unable, unwilling, or incapable of accepting, performing or completing and in the case of a Force Majeure Event (as defined herein) reduced after the time period set forth in Section 9.

(g) Except for Buyer's obligations pursuant to this Section 1, this Agreement does not create any commitment by or obligation upon Buyer to place any minimum percentage or volume of its requirements for Components with Seller. In such event, Buyer shall no longer have any liability to purchase the Minimum Volume Obligation and may exercise its rights in accordance with the terms of this Agreement.

(h) Seller shall use commercially reasonable efforts to become a qualified supplier of Components pursuant to Buyer's current qualification program plan ("QPP"). The QPP includes without limitation static and edge fatigue testing (Fatigue Testing") of a Component. Notwithstanding any conflicting provision in this Agreement, when Seller manufactures a Component that successfully meets the first piece qualification standard under the QPP, Buyer hereby authorizes and Seller hereby agrees to begin normal production of Components ("First Produced Blades") prior to the completion of the QPP and Fatigue Testing. […***…]. Such costs shall include, without limitation, inspection and repair, but shall not include any removal, replacement, installation or transportation costs. […***…].

(b) Either party may terminate this Agreement if the other party commits a material breach of this Agreement that remains uncured thirty (30) days after written notice is delivered to such breaching party. In the event Buyer terminates this Agreement due to Seller's material breach, Buyer may terminate this Agreement, in whole or in part, including any or all POs issued hereunder, without liability consistent with the rights set forth in Section 11.2 of the GEPW Purchase Terms or as otherwise provided in this Agreement. Seller shall ensure that, while in its possession, it shall not cause or allow the Tooling to be subject to any claims, liens or encumbrances except to the extent that any claim alleges that the design of the Tooling to the extent that the design is provided by Buyer to Seller, infringes the rights of a third party, as that portion of any claim shall not be Seller's responsibility under this Section 5. Upon any of the Tooling reaching the end of its useful life, and where such Tooling is still necessary for the ongoing manufacture of Components pursuant to this Agreement, Buyer shall repair or replace such Tooling at its sole cost and expense except to the extent that such replacement was necessitated by Seller's misuse, abuse, or failure to properly maintain such Tooling in which case the cost of such replacement Tooling shall be borne by both Buyer and Seller in an amount to be negotiated and agreed upon by the parties. (g) The Tooling, while in Seller's care, custody and/or control, shall be: (i) held at Seller's risk and (ii) kept insured by Seller with loss payable to Buyer in an amount equal to the replacement cost and against loss or damage by fire, flood and other common perils by an insurance company acceptable to Buyer. Seller shall deliver proof of such insurance to Buyer within fifteen (15) days of the signing of this Agreement.

(h) The Tooling shall be subject to removal at Buyer's written request, in which event Seller shall prepare the Tooling for shipment and shall redeliver such Tooling to Buyer in the same condition as originally received, excluding normal wear and tear consistent with the Tooling's intended use during its projected useful life (which for molds, excluding any associated plugs, is 333 Component sets), otherwise Seller shall bear all costs associated with repair or replacement of the Tooling. Buyer shall bear all usual and reasonable costs of the removal and return of the Tooling.

(i) In addition to any other representations or warranties made with respect to the Tooling, Seller represents and warrants that the Tooling at the time of purchase shall be: (i) free of any claims of any nature and Seller will cause any lien or encumbrance asserted to be discharged, at its sole cost and expense, within […***…] of its assertion (provided such liens do not arise out of Buyer's failure to pay amounts not in dispute under this Agreement or an act or omission of Buyer); (ii) new and of merchantable quality, not used, rebuilt or made of refurbished material unless approved in writing by Buyer; (iii) free from all defects in workmanship and material; (iv) provided in strict accordance with all specifications, samples, drawings, designs, descriptions or other requirements approved or adopted by Buyer; and (v) fit and sufficient for its intended use.

(a) Buyer may assign this Agreement to any of its Affiliates. Because performance of this Agreement is specific to Seller, Seller may assign this Agreement subject to all of Buyers qualification requirements, only upon Buyer's prior written consent, which consent shall not be unreasonably withheld, delayed or conditioned. Notwithstanding the foregoing, except with respect to Competitors (as defined herein) of Buyer, Seller may assign this Agreement without the written consent of Buyer to a corporation or other business entity in a Change of Control (as defined herein). All parts of this Agreement relating to liability and its limitations, warranties, indemnities and confidentiality shall survive expiration and termination of this Agreement.

9. FORCE MAJEURE

Neither party shall be liable for any failure or delay in performance caused by or due to acts of God, war, riot, terrorism, sabotage, accident or casualty, or other causes beyond the reasonable control of the party that are without the fault or negligence of such party (a "Force Majeure Event"), provided that the delayed party: (i) gives the other party written notice of such cause promptly, and in any event within seventy-two (72) hours of discovery thereof, and (ii) uses its reasonable efforts to correct such failure or delay in its performance. Notwithstanding the foregoing, (i) if Seller is unable to perform for more than […***…] due to any such circumstances, Buyer's purchase commitment (Buyer's Minimum Volume Obligation) set forth in Section 1 shall be reduced in an amount equal to the number of Components that Seller is not able to deliver due to the Force Majeure Event ("Undelivered Blades"), and Buyer may procure the Undelivered Blades from other suppliers without penalty or further liability to Seller, and/or (ii) if Seller is unable to perform for more than […***…] due to any such circumstances, Buyer may terminate this Agreement and/or any outstanding PO without penalty or further liability to Seller. (b) The parties agree that a change by Buyer of either (i) the length of the […***…] blade Component to a […***…] blade Component or (ii) change in composition of the […***…] Component to a […***…] based version of this Component shall not be treated as a "new blade model" under this Agreement, but rather as a PO change subject to the provisions of Section 6 of the GEPW Purchase Terms, provided that, in the case of (i) the blade extension occurs at the […***…] mark. Buyer and Seller agree that the prices set forth on Appendices 1c, le, lf and Ig are estimates based on Seller's projected use of certain amounts of materials necessary for Seller's production of these new blade models set forth on Appendices lc and le and may be subject to change based on the final design requirements, specifications, bill of materials and costs as of the date of any such change. Notwithstanding the foregoing, in the event that Seller increases or decreases the price or usage from the prices set forth in Appendices lc and le Seller shall provide Buyer with such documentation validating the increase or decrease in its cost and usage.

GE POWER & WATER INTEGRITY GUIDE FOR SUPPLIERS, CONTRACTORS AND CONSULTANTS

A Message from GE Power & Water

The General Electric Company and its GE Power & Water business ("GE") are committed to unyielding Integrity and high standards of business conduct in everything we do, especially in our dealings with GE suppliers, contractors and consultants (collectively "Suppliers"). For well over a century, GE people have created an asset of incalculable value: the company's worldwide reputation for integrity and high standards of business conduct. That reputation, built by so many people over so many years, depends on upholding it in each business transaction we make.

GE bases its Supplier relationships on lawful, efficient and fair practices, and expects its Suppliers to adhere to applicable legal and regulatory requirements in their business relationships, including those with their employees, their local environments, and GE. The quality of our Supplier relationships often has a direct bearing on the quality of our customer relationships. Likewise, the quality of our Suppliers' products and services affects the quality of our own products and services.

To help GE Suppliers understand both: (1) the GE commitment to unyielding Integrity and (2) and the standards of business conduct that all GE Suppliers must meet, GE has prepared this GE Power & Water Integrity Guide for Suppliers, Contractors and Consultants. Suppliers are expected to collaborate with GE's employees so that those employees can continue to consistently meet these GE integrity commitments.

The Guide is divided into four sections:

- GE Code of Conduct
- GE Compliance Obligations
- Responsibilities of GE Suppliers
- How to Raise an Integrity Concern

Suppliers should carefully review this Guide, including but not limited to the section entitled "Responsibilities of GE Suppliers." Suppliers are responsible for ensuring that they and their employees, workers, representatives and subcontractors comply with the standards of conduct required of GE Suppliers. Please contact the GE manager you work with or any GE Compliance Resource if you have any questions about this Guide or the standards of business conduct that all GE Suppliers must meet.

Suppliers that transact business with GE are also expected to comply with their contractual obligations under any purchase order or agreement with GE and to adhere to the standards of business conduct consistent with GE s obligations set forth in the "GE Compliance Obligations" section of this Guide and to the standards described in this section of the Guide. A Supplier's commitment to full compliance with these standards and all applicable laws and regulations is the foundation of a mutually beneficial business relationship with GE.

GE expects its Suppliers, and any Supplier's subcontractors, that support GE's work with government customers to be truthful and accurate when dealing with government officials and agencies, and adhere strictly to all compliance obligations relating to government contracts that are required to flow down to GE's suppliers.

As stated above, GE requires and expects each GE Supplier to comply with all applicable laws and regulations. Unacceptable practices by a GE Supplier include:

- Minimum Age. Employing workers younger than sixteen (16) years of age or the applicable required minimum age, whichever is higher.
- Forced Labor. Using forced, prison or indentured labor or workers subject to any form of compulsion or coercion or trafficking in persons in violation of the U.S. Government's zero tolerance policy or other applicable laws or regulations.
- Environmental Compliance. Lack of commitment to observing applicable environmental laws and regulations. Actions that GE will consider evidence of a lack of commitment to observing applicable environmental laws and regulations include:

— Failure to maintain and enforce written and comprehensive environmental management programs, which are subject to periodic audit.

— Failure to maintain and comply with all required environmental permits.

— Permitting any discharge to the environment in violation of law or issued/required permits or that would otherwise have an adverse impact on the environment.

Health & Safety. Failure to provide workers a workplace that meets applicable health, safety and security standards.

- Human Rights.

— Failure to respect human rights of Supplier's employees.

— Failure to observe applicable laws and regulations governing wage and hours.

— Failure to allow workers to freely choose whether or not to organize or join associations for the purpose of collective bargaining as provided by local law or regulation.

— Failure to prohibit discrimination, harassment and retaliation.

- Code of Conduct. Failure to maintain and enforce GE policies requiring adherence to lawful business practices, including a prohibition against bribery of government officials.
- Business Practices and Dealings with GE. Offering or providing, directly or indirectly, anything of value, including cash, bribes, gifts, entertainment or kickbacks, to any GE employee, representative or customer or to any government official in connection with any GE procurement, transaction or business dealing. Such prohibition includes the offering or providing of any consulting, employment or similar position by a Supplier to any GE employee (or their family member or significant other) involved with a GE procurement. GE also prohibits a GE Supplier from offering or providing GE employees, representatives or customers or any government officials with any gifts or entertainment, other than those of nominal value to commemorate or recognize a particular GE Supplier business transaction or activity. In particular, a GE Supplier shall not offer, invite or permit GE employees and representatives to participate in any Supplier or Supplier-sponsored contest, game or promotion.
- Business Entertainment of GE Employees and Representatives. Failure to respect and comply with the business entertainment (including travel and living) policies established by GE and governing GE employees and representatives. A GE Supplier is expected to understand the business entertainment policies of the applicable GE business component or affiliate before offering or providing any GE employee or representative any business entertainment. Business entertainment should never be offered to a GE employee or representative by a Supplier under circumstances that create the appearance of an impropriety.
- Collusive Conduct and GE Procurements. Sharing or exchanging any price, cost or other competitive information or the undertaking of any other collusive conduct with any other third party to GE with respect to any proposed, pending or current GE procurement.
- Intellectual Property and Other Data and Security Requirements. Failure to respect the intellectual and other property rights of others, especially GE. In that regard, a GE Supplier shall:

— Only use GE information and property (including tools, drawings and specifications) for the purpose for which they are provided to the Supplier and for no other purposes.

— Take appropriate steps to safeguard and maintain the confidentiality of GE proprietary information, including maintaining it in confidence and in secure work areas and not disclosing it to third parties (including other customers, subcontractors, etc.) without the prior written permission of GE.

— If requested by GE, only transmit information over the Internet on an encrypted basis.

— Observe and respect all GE patents, trademarks and copyrights and comply with such restrictions or prohibitions on their use as GE may from time to time establish.

— Comply with all applicable rules concerning cross-border data transfers.

— Maintain all personal and sensitive data, whether of GE employees or its customers in a secure and confidential manner, taking into account both local requirements and the relevant GE policies provided to the Supplier.

- Trade Controls & Customs Matters. The transfer of any GE technical information to any third party without the express, written permission of GE. Failure to comply with all applicable trade control laws and regulations in the import, export, re-export or transfer of goods, services, software, technology or technical data including any restrictions on access or use by unauthorized persons or entities, and failure to ensure that all invoices and any customs or similar documentation submitted to GE or governmental authorities in connection with transactions involving GE accurately describe the goods and services provided or delivered and the price thereof.
- Use Of Subcontractors or Third Parties to Evade Requirements. The use of subcontractors or other third parties to evade legal requirements applicable to the Supplier and any of the standards set forth in this Guide.

The foregoing standards are subject to modification at the discretion of GE. Please contact the GE manager you work with or any GE Compliance Resource if you have any questions about these standards and/or their application to particular circumstances. Each GE Supplier is responsible for ensuring that its employees and representatives understand and comply with these standards. GE will only do business with

those Suppliers that comply with applicable legal and regulatory requirements and reserves the right, based on its assessment of information available to GE, to terminate, without liability to GE, any pending purchase order or contract with any Supplier that does not comply with the standards set forth in this section of the Guide.

How to Raise an Integrity Concern

Subject to local laws and any legal restrictions applicable to such reporting, each GE Supplier is expected to promptly inform GE of any Integrity concern involving or affecting GE, whether or not the concern involves the Supplier, as soon as the Supplier has knowledge of such Integrity concern. A GE Supplier shall also take such steps as GE may reasonably request to assist GE in the investigation of any Integrity concern involving GE and the Supplier.

I. Define your concern: Who or what is the concern? When did it arise? What are the relevant facts?

II. Prompt reporting is crucial — an Integrity concern may be raised by a GE Supplier as follows:

- By discussing it with a cognizant GE Power & Water Manager;
- By calling the GE Power & Water Integrity Helpline at +[…***…] or the GE Corporate Integrity Helpline at +[…***…];
- By emailing […***…] or
- By contacting any Compliance Resource (e.g., GE legal counsel or auditor). A GE Compliance Resource will promptly review and investigate the concern.

III. GE Policy forbids retaliation against any person reporting an Integrity concern.

This ADVANCED PAYMENT AGREEMENT (this " **Agreement** ") is entered into as of December 22, 2015 (the " **Effective Date** "), by and between GENERAL ELECTRIC INTERNATIONAL, INC., a Delaware corporation, through its GE RENWABLE ENERGY BUSINESS, having a principal place of business at 1 River Road, Schenectady, New York 12345 (" **GEPW** " or " **Buyer** ") and TPI MEXICO, LLC, a Delaware limited liability company, having its principal place of business at 8501 North Scottsdale Road, Suite 280, Scottsdale, AZ 85253 (" **Seller** ").

WHEREAS, Buyer is, among other things, a manufacturer of gas and wind turbine equipment and requires component parts and materials to manufacture, assemble and sell such equipment; and

WHEREAS, Seller is, among other things, in the business of manufacturing and supplying [...***...] blade sets (each set containing three (3) individual blades) for wind turbine equipment (each such set being a " **Component** " and such sets being, collectively, " **Components** "); and

WHEREAS, on or about the date of this Agreement, Buyer and Seller have entered into a letter agreement (the " Letter Agreement") setting forth the terms of an amendment to the Supply Agreement between the parties dated October 31, 2013 (" First Amendment"). The parties anticipate that the First Amendment shall be entered into on or before [...***...] (the "Amendment Date"). In the event that the parties fail to enter the First Amendment by the Amendment Date, the Letter Agreement shall amend the Supply Agreement. As used herein Supply Agreement shall mean the Supply Agreement between the parties dated October 31, 2013 as amended by the First Amendment or Letter Agreement, as the case maybe. Pursuant to the terms of the Letter Agreement, Buyer has agreed to advance certain amounts to Seller to enable it to manufacture and sell the Components to Buyer, and such amounts will be completely repaid in full to Buyer as set forth in this Agreement;

NOW, THEREFORE, for and in consideration of the premises and the mutual covenants and agreements contained herein and for other good and valuable consideration, the receipt, sufficiency and adequacy of which are hereby acknowledged, the Parties agree as follows:

1. ADVANCE PAYMENT

(a) Buyer shall make an advance payment to Seller in the amount of TWO MILLION AND 00/100 UNITED STATES DOLLARS ($2,000,000.00) (the " **Advance Payment** ") to enable Seller to purchase goods, materials and/or services, and to expand its manufacturing facility required for Seller's manufacture of the Components. Upon execution of this Agreement by both Parties, Seller shall provide Buyer with an invoice for the Advance Payment. Provided that Seller is in compliance with all terms of this Agreement, Buyer shall pay such Advance Payment to Seller within [...***...] of receipt of Seller's invoice for the Advance Payment.

(b) The parties agree that the Advance Payment shall be deemed a part of the purchase price Buyer shall pay Seller in consideration for the Components purchased under the Supply Agreement.

(c) Seller shall use the Advance Payment exclusively for the purchase of goods, materials and/or services, and to expand its manufacturing facility directly and exclusively related to the production of the [...***...] Components required by Buyer.

(d) Seller shall repay the Advance Payment to Buyer in full without interest by providing Buyer with a credit of [...***...] on the purchase price of the first [...***...] Components sets supplied by Seller to Buyer after: (i) Components manufactured for blade cut up, static, and fatigue tests; (ii) Component sets manufactured for First Piece Qualification (FPQ) and Pilot Lot Qualification (PLQ), and; (iii) the [...***...] Component sets supplied to Buyer after (i) and (ii). If Seller fails to supply [...***...] of the [...***...] Serial Production sets by December 31, 2016, the outstanding balance of the Advance Payment shall be due and payable on December 31, 2016. In all cases where Seller is repaying the Advance Payment through a credit on Components ordered under the Supply Agreement, Seller shall provide Buyer with an invoice for [...***...] of the purchase price of the Components ordered and will then show a credit to Buyer for the amount of the purchase price attributable to the repayment of the Advance Payment. Buyer shall offset the total amount due to Seller for the Components by an amount [...***...] the applicable portion of the Advance Payment provided to Seller related to such Components.

(e) Buyer shall verify all purchase orders issued under the Supply Agreement (“ **POs** ”) and invoices against receipts by Buyer to ensure that the Advance Payment is accounted for accurately and completely repaid to Buyer.

(f) In consideration of and as security for the Advance Payment made by Buyer to Seller and due and owing by Seller to Buyer and as a condition precedent for any disbursements or other obligations incumbent upon Buyer hereunder or under the Supply Agreement, TPI Composites, Inc. shall execute a parent guaranty to guaranty to Buyer the Advance Payment (the “Guaranty”). The Guaranty is attached to this Agreement as Appendix A and is incorporated herein by reference.

(g) The obligation of Seller to fully repay the Advance Payment as set forth herein shall not be reduced or discharged by any alteration in the relationship between Seller and Buyer, or by any forbearance or indulgence by Buyer towards Seller, whether as to payment, time, performance or otherwise. Seller agrees to make any payment due hereunder or that becomes payable for the Advance Payment without set-off or counterclaim and without any legal formality, such as protest or notice, being necessary and waives all privileges or rights which it may have, other than payment, including any right to require GE to claim payment or to exhaust remedies against any other person or entity.

(h) Seller may pay in advance any or all of the outstanding balance of the Advance Payment at any time without penalty. Buyer shall recover any remaining balance of the Advance Payment in accordance with the applicable repayment provisions set forth in Section 1(d) above.

(i) Notwithstanding any other provision of this Agreement, the repayment of the Advance Payment shall become immediately due and repayable to Buyer on demand in the event that: (i) Seller fails to meet its payment and debt obligations as they mature or ceases to exist as a going concern; (ii) if any

proceeding under the bankruptcy or insolvency laws is brought by or against Seller; (iii) a receiver for Seller is appointed or applied for; or (iv) an assignment for the benefit of creditors is made by Seller.

(j) Time is of the essence hereof. Notwithstanding any other provision of this Agreement, any outstanding balance of the Advance Payment not repaid by Seller shall become immediately due and shall be repayable on demand in the event that: (i) Seller is in breach or default (the " **Default** ") of its obligations under this Agreement and fails to cure such Default within thirty (30) days after receipt of written notice from Buyer to cure such Default; (ii) Seller is in Default of its obligations under the Supply Agreement and fails to cure such Default within the applicable time period for such cure set forth in the Supply Agreement; (iii) Seller or Parent: (1) enters into any transaction involving a merger, consolidation or amalgamation, (2) conveys, sells or leases, in one or a series of transactions, all or substantially all of its assets, or (3) sells, transfers or otherwise disposes of, or a third party that is not currently a shareholder of Parent, acquires more than [...***...] of the capital stock or equity interests of Parent or Seller; or (iv) Buyer otherwise terminates the Supply Agreement in accordance with the terms and conditions of the Supply Agreement. Seller shall repay the outstanding balance of the Advance Payment within thirty (30) days following the Seller's Initial Public stock Offering (the "IPO").

(k) Section 1(i) shall take precedence over Section 1(j) in the event of any conflict or overlap between such sections.

(n) Seller shall be responsible for any sovereign, state, local, sales, use, value added or any other taxes, fees or assessments arising out of or related to the Advance Payment provided by Buyer to Seller. Buyer shall have no obligation to fund or provide Seller with any additional advance monies in excess of or in addition to the Advance Payment. Prepayments or credits granted by Seller to Buyer in payment of Seller's obligations hereunder, including by means of delivery of Components, shall be made net of any taxes or deductions; it being Seller's obligation to make such additional payments or granting such additional credits to Buyer so that Buyer receives the same amounts it would have received in the absence of any such tax or deduction.

(p) Seller hereby waives presentment, demand for payment, notice of nonpayment, protest, notice of protest, notice of dishonor and all other notices in connection herewith, as well as filing of suit, if permitted by law, and diligence in collecting any amount of the Advance Payment and agrees to pay, if permitted by law, all expenses incurred by Buyer in collection of the Advance Payment, including Buyer's attorneys' fees.

2. ADVANCE PAYMENTS RECORD FILE

Seller shall maintain an auditable Advance Payment record file (the " **Advance Payment File** ") for the duration of this Agreement or until repayment in full of all of the Advance Payment, whichever is longer. Seller shall permit Buyer's representatives to review such Advance Payment File each calendar quarter during the term of the Supply Agreement or until the repayment in full of the Advance Payment. The Advance Payment File shall include at a minimum: (ii) the total outstanding Advance Payment not repaid to Buyer; and (iii) utilization of the Advance Payment by Seller. In addition, at

Buyer's sole discretion, Buyer may require a yearly record of signatures by appropriate Buyer and Seller personnel validating the status of the repayment of the Advance Payment to Buyer.

3. CHOICE OF LAW AND DISPUTE RESOLUTION

(a) The governing law of this Agreement will be as set forth in the Supply Agreement.

(b) Any dispute arising under this Agreement shall be resolved in accordance with the Dispute Resolution provision in the Supply Agreement.

4. ASSIGNMENT, WAIVER, SURVIVAL, ENTIRE AGREEMENT AND EXECUTION IN COUNTERPARTS

(a) Buyer may assign this Agreement to any of its Affiliates (as defined in Section 1 of the Supply Agreement). Because performance of this Agreement is specific to Seller, Seller may assign this Agreement only upon Buyer's prior written consent.

(b) No claim or right arising out of a breach of this Agreement shall be discharged in whole or part by waiver or renunciation, unless such waiver or renunciation is supported by consideration and is in writing signed by the aggrieved party. No failure by either party to enforce any rights hereunder shall be construed a waiver.

(c) All provisions or obligations contained in this Agreement, which by their nature or effect are required or intended to be observed, kept or performed after termination or expiration this Agreement will survive and remain binding upon and for the benefit of the parties, their successors, including without limitation successors by merger, and permitted assigns.

(d) This Agreement, with such documents as are expressly attached and/or incorporated herein by reference, is intended as a complete, exclusive and final expression of the parties' agreement with respect to such terms as are included, is intended also as a complete and exclusive statement of the terms of their agreement and supersedes any prior or contemporaneous agreements, whether written or oral, between the parties. There are no representations, understandings or agreements, written or oral that is not included herein. No course of prior dealings between the parties and no usage of the trade shall be relevant to determine the meaning of this Agreement even though the accepting or acquiescing party has knowledge of the performance and opportunity for objection. The invalidity, in whole or in part, of any of the foregoing sections or paragraphs of this Agreement shall not affect the remainder of such article or paragraphs or any other sections or paragraphs of this Agreement.

(e) This Agreement may be executed in one or more counterparts in facsimile or other written form, each of which shall be considered an original instrument, but all of which shall be considered one and the same agreement, and shall become binding when the one or more counterparts have been signed by each of the parties hereto and delivered to the other party.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by this respective authorized representatives as of the date first set forth above.

Parent Guaranty

THIS AGREEMENT OF GUARANTY (this "Guaranty") is made this 22nd day of December, 2015, by TPI Composites, Inc., a Delaware corporation with a principal place of business at 8501 North Scottsdale Road, Suite 280, Scottsdale, AZ 85253 (the "Guarantor"), for the benefit General Electric International, Inc., a Delaware corporation, through its GE Renewable Energy business ("GE").

RECITALS:

WHEREAS , GE and TPI Mexico, LLC, a Delaware limited liability company, having a principal place of business at 8501 North Scottsdale Road, Suite 280, Scottsdale, AZ 85253, USA ("TPI Mexico") entered into an Advanced Payment Agreement (the "Advanced Payment Agreement") of even date; and

WHEREAS , pursuant to the terms of the Advanced Payment Agreement, GE is advancing to TPI Mexico TWO MILLION AND 00/100 UNITED STATES DOLLARS ($2,000,000.00) (the "Advance Payment"); and

WHEREAS, Guarantor has agreed to unconditionally guarantee the payment and performance of the obligations as set forth in Advance Payment Agreement.

NOW, THEREFORE , in consideration of the foregoing recitals and in order to induce GE to make the Advance Payment to TPI Mexico, the Guarantor hereby covenants and agrees as follows:

1. Until such time as GE has been paid in full the Advanced Payment and other charges, fees and expenses due to GE under the Advanced Payment Agreement (collectively, the "Obligations"), Guarantor hereby irrevocably, unconditionally and absolutely guarantees to GE, its successors and assigns to pay to GE, within [...***...] after Guarantor's receipt of a demand from GE notifying Guarantor of TPI Mexico's failure to repay the Advanced Payment in accordance with the terms and conditions of the Advanced Payment Agreement, (i) a sum sufficient to discharge in full the Obligations; and (ii) all reasonable fees and expenses incurred as a result of enforcing any of the rights of GE against the Guarantor under this Guaranty whether or not any legal proceedings are commenced.

2. Notwithstanding the exercise by GE of any of its rights or remedies under the Advanced Payment Agreement, the liability of the Guarantor under this Guaranty shall continue in full force and effect until the payment, performance and satisfaction of all of the Obligations.

3. This Guaranty is a guaranty of payment and performance and not of collection; liability under this Guaranty shall be direct and primary; and in the enforcement of its rights, GE shall be entitled to look to the Guarantor for the payment and performance of the Obligations without first commencing any action or proceeding against the TPI Mexico. GE's election to pursue enforcement of its rights against TPI Mexico under the Advanced Payment Agreement shall not be construed as a

waiver of GE's rights under this Guaranty or impair GE's right to enforce this Guaranty, it being acknowledged that any such action by GE shall never operate as a release of the liability of the Guarantor under this Guaranty. Without limiting any of GE's rights hereunder, GE shall have the right to set off any amounts that Guarantor is obligated to pay under Section 1 of this Guaranty, against any amounts due from GE to Guarantor or its affiliates.

4. The validity of this Guaranty and the Obligations of the Guarantor hereunder shall not be terminated, affected or impaired by reason of (a) the granting by GE of any indulgence to TPI Mexico; (b) any extension, modification, amendment or other alteration of the Advanced Payment Agreement, this Guaranty, or any of the Obligations; or (c) the relief, modification, impairment, change or limitation of the liability of TPI Mexico from any of TPI Mexico obligations under the Advanced Payment Agreement by operation of law or otherwise (including, without limitation, in connection with proceedings under any bankruptcy laws now or hereafter enacted), and the Guarantor hereby waives all suretyship defenses and defenses in the nature thereof.

5. Until such time as GE has been paid in full the Obligations, the Guarantor irrevocably waives, for itself and its successor and permitted assigns, any and all rights which the Guarantor may have to claims against TPI Mexico based on subrogation or otherwise with respect to payments made hereunder. The foregoing does not preclude Guarantor's realization on any property of TPI Mexico assets provided that such realization is in the ordinary course of business and TPI Mexico is not in default of its obligations to GE under the Advanced Payment Agreement or any other agreement.

6. The Guarantor waives (a) notice of acceptance of this Guaranty and of any action by GE in reliance thereon, and (b) presentment, demand of payment, notice of dishonor or nonpayment, protest and notice of protest with respect to any of the Obligations, and the giving of any notice of default or other notice to, or making any demand on anyone (including, without limitation, TPI Mexico and the Guarantor) liable in any manner for the payment of the Obligations, but nothing herein contained shall be deemed to be a waiver of any notice required to be given to TPI Mexico pursuant to the Advanced Payment Agreement.

7. The liability of the Guarantor under this Guaranty shall be irrevocable, unconditional, and absolute, and shall continue in full force and effect according to its terms until all of the Obligations hereby guaranteed to GE have been fully satisfied. NET LEASE AGREEMENT

THIS NET LEASE AGREEMENT (" **Lease** "), made this 13th day of November, 2007, by and between Opus Northwest, L.L.C., a Delaware limited liability company (" **Landlord** "), and TPI Iowa, LLC, a Delaware limited liability company (" **Tenant** ").

WITNESSETH:

ARTICLE I
DEMISE AND TERM OF LEASE

Section 1.1 Demise.

Landlord, for and in consideration of the rents, covenants and agreements hereinafter reserved, mentioned and contained on the part of Tenant, its successors and assigns, to be paid, kept, observed and performed, has leased, rented, let and demised, and by these presents does lease, rent, let and demise unto Tenant, and Tenant does hereby take and hire, upon and subject to the conditions and limitations hereinafter expressed, all that parcel of land consisting of approximately 33.7 acres, situated in the City of Newton (the " **City** "), County of Jasper (the " **County** ") and State of Iowa, described in Exhibit "A" attached hereto and made a part hereof, together with any appurtenant easements described in said Exhibit "A" (the " **Land** "), together with all improvements located on and to be constructed thereon, including without limitation, an approximately 316,810 square foot industrial building (the " **Building** ") and the other Initial Improvements (as hereinafter defined), and all equipment, machinery, building fixtures, and other items of property (whether realty, personalty or mixed), including all components thereof, now or hereafter located in, on or used in connection with, and permanently affixed to or incorporated into the Improvements (as hereinafter defined), including, without limitation, roofs and roof membranes, furnaces, boilers, heaters, electrical equipment, fire and theft protection equipment, and all sanitary, sprinkler, utility, sewage, drainage, power, plumbing, cleaning, fire prevention, heating, refrigeration, ventilating, and air cooling systems, apparatus and equipment and any and all renewals and replacements of any thereto, whether presently installed or installed after the date of this Lease, all of which, to the greatest extent permitted by law, are hereby deemed by the parties hereto to constitute realty, together with all replacements, modifications, alterations and additions thereto (collectively, the " **Building Equipment** "). All improvements, including the Building and other Initial Improvements, Building Equipment and other property (except Tenant's Removable Property as hereinafter defined) installed or located on the Land, together with all additions, alterations and replacements thereof, are hereinafter referred to collectively as the " **Improvements** ." The Land and the Improvements are hereinafter referred to as the " **Demised Premises** ." The Demised Premises are subject to the easements, restrictions, reservations and all other encumbrances now or hereafter recorded against the Land.

Section 1.2 Representations of Landlord.

Landlord hereby represents and warrants to Tenant that:

(a) To the best of Landlord's knowledge, there is no eminent domain or similar proceeding pending or contemplated with respect to or affecting the Demised Premises;

(b) Landlord has obtained, or shall in due course obtain, all permits, approvals and governmental consents required for the construction of the Initial Improvements substantially in accordance with the Final Plans and Specifications (as hereinafter defined), and shall deliver true, correct and complete copies thereof to Tenant. Landlord knows of no reason why any permits or approvals needed for the construction of the Initial Improvements contemplated herein should not be issued in the normal course;

(c) The Initial Improvements, when constructed, shall comply in all material respects with applicable laws, regulations or other legal or record requirements (including, without limitation, zoning, building code, and recorded restrictions affecting the Land); and

(d) If the acquisition contingency set forth in Section 20.28 is satisfied, then Landlord shall acquire fee simple title to the Demised Premises, subject, to the best of Landlord's knowledge, only to the Permitted Encumbrances (as hereinafter defined). From and after the date hereof through the expiration of the Term of this Lease, Landlord shall not enter into any easements, covenants or restrictions affecting the Demised Premises without Tenant's consent, which consent, with respect to any such easement, covenant or restriction shall not be unreasonably withheld, delayed or conditioned, provided such easements do not materially and adversely affect Tenant's ability to use the Premises for the Primary Intended Use (as hereinafter defined), and shall be deemed given if Tenant fails to give Landlord written notice of Tenant's granting or denial of Tenant's consent thereto within five (5) days after Tenant's receipt of Landlord's request for such consent, accompanied by a copy of any such easement, covenant or restriction; provided, however, Tenant's consent shall not be required with respect to any easement, covenant or restriction which may be required by any applicable governmental or quasi-governmental authority or by a provider of necessary utility services, or with respect to any matter required for Landlord to perform its obligations under this Lease and which does not adversely affect Tenant's ability to use the Demised Premises for the Primary Intended Use, and in any case, Tenant shall consent and subordinate its leasehold interest to the same.

For purposes of this Lease, the phrase "to the best of Landlord's knowledge", "knowledge", "knows" or words of similar import shall mean the actual knowledge of Thomas G. Shaver, as Vice President — Real Estate Development, of Opus Northwest, L.L.C., and Jeff Smith, as Director – Project Management, of Opus Northwest, L.L.C., each without independent inquiry or investigation. Landlord represents and warrants that the foregoing individuals are the representatives of Landlord most familiar with the Demised Premises.

Section 1.3 Term of Lease.

The initial term of this Lease shall commence on the date (the " **Commencement Date** ") the Initial Improvements are Substantially Completed (as hereinafter defined), and shall end on the last day of the one hundred twentieth (120 th) full calendar month thereafter. The initial term of the Lease, as set forth above, is sometimes hereinafter referred to as the " **Initial Term** ." Any reference to the "term" of this Lease or similar reference shall be a reference to the Initial Term together with any Extension Terms (as herein defined), if any, of this Lease or any extensions to or modifications of the Initial Term.

Section 1.4 Extension Terms.

Tenant shall have the right, subject to the subject to the provisions hereinafter provided, to extend the Initial Term for all of the Demised Premises for two (2) periods of five (5) years each (the first such 5-year period is sometimes hereinafter referred to as the " **First Extension Term** "; the second such 5-year period is sometimes hereinafter referred to as the " **Second Extension Term** ;" the First Extension Term and the Second Extension Term are sometimes hereinafter collectively referred to as the " **Extension Terms** " and individually as an " **Extension Term** ") on the terms and provisions of this Article provided:

(a) That this Lease is in full force and effect and Tenant is not in default in the performance of any of the terms, covenants and conditions herein contained beyond all applicable notice and cure periods at the time of exercise of the right of extension and at the time set for commencement of the Extension Term, but Landlord shall have the right at its sole discretion to waive this condition.

(b) That such Extension Term shall be upon the same terms, covenants and conditions as provided in this Lease; provided, however, the annual Basic Rent for such Extension Term shall be equal to the ninety-five percent (95%) of the "market rate basic rent" (as hereinafter defined) as in effect twelve (12) months prior to commencement of each such Extension Term, determined in accordance with Paragraph (e) below. Upon determination of the Basic Rent rate for each exercised Extension Term, the parties shall execute an amendment to this Lease to establish and evidence such Basic Rent rate.

(c) That Tenant shall exercise its right to the Extension Term provided herein, if at all, by notifying Landlord in writing of its election to exercise the right to extend the term at least twelve (12) months prior to the then-scheduled expiration of the term.

(d) That failure by Tenant to exercise the First Extension Term shall constitute a waiver by Tenant of the Second Extension Term.

(e) "Market rate basic rent" shall mean the Basic Rent rate at which the Demised Premises would be expected to be leased for a five (5) year extension term commencing on the first day of such Extension Term, in its then-existing condition, in an arm's-length transaction between a willing lessor and lessee in the industrial space submarket within a fifty (50) mile radius of the Demised Premises, as existing at the time such rate is established, and considering tenant inducements for comparable space in comparable existing buildings, the expense stops and other escalation bench marks which affect rent, and the size, location, area and nature of the improvements. If Tenant properly exercises its option to a Extension Term, Landlord and Tenant shall attempt to agree as to the market rate basic rent within sixty (60) days after Tenant exercises such option. If Landlord and Tenant do not agree in writing as to the market rate basic rent by such date, then Tenant may elect to (x) rescind its exercise of the option or (y) to determine the market rate basic rent by binding "baseball" arbitration, in accordance with the following provisions. If Tenant fails to notify Landlord of its election within such 60-day period, then Tenant shall be deemed to have elected to determine the market rate basic rent by arbitration and Tenant's "appraiser" in the arbitration procedure shall be determined as provided in the following provisions.

If Tenant elects to proceed with arbitration as provided above, Tenant's notice setting forth such election shall include the name, address and professional qualifications of the person designated to act as appraiser on Tenant's behalf. Within ten (10) days after service of such notice (or deemed notice), Landlord shall give written notice to Tenant specifying the name, address and professional qualifications of the person designated to act as appraiser on Landlord's behalf. The two (2) appraisers shall, within ten (10) days after selection of the second appraiser, select an arbitrator. All appraisers and the arbitrator appointed hereunder shall be MAI members of the Appraisal Institute with not less than ten (10) years of experience in the appraisal of improved industrial real estate in the greater Des Moines, Iowa metropolitan area, and be devoting substantially all of their time to professional appraisal work at the time of appointment, and be in all respects impartial and disinterested. The market rate basic rent determined by each appraiser shall be given within a period of thirty (30) days after the appointment of the arbitrator. Each party shall pay the fees and expenses of the appraiser appointed by or on behalf of such party and the fees and expenses of the arbitrator shall be borne equally by both parties. If a party fails to appoint its appraiser within the time above specified, or if the two (2) appraisers so selected cannot agree on the selection of the arbitrator within the time above specified, then either party, on behalf of both parties, may request such appointment of such second appraiser or the arbitrator, as the case may be, by application to any Judge of the District Court of the County, upon ten (10) days' prior written notice to the other party of such intent. If the appraisers do not agree as to the market rate basic rent, then the arbitrator shall determine market rate basic rent by selecting the market rate basic rent proposed by one of the two appraisers. Any determination by the arbitrator shall be made no later than thirty (30) days following delivery of each appraisal and shall be final, binding and conclusive upon the parties.

ARTICLE II
CONSTRUCTION OF IMPROVEMENTS

Section 2.1 Plans and Specifications.

Promptly after approval of the Final Plans and Specifications by Landlord and Tenant as provided below and Landlord's receipt of a building permit for the Initial Improvements, Landlord shall commence and exercise all reasonable efforts to cause to be completed the improvements shown on the Final Plans and Specifications, including all labor, materials, tools, equipment, machinery, utilities, facilities and services necessary to construct such improvements (the " **Initial Improvements** "). Landlord and Tenant have agreed to the Outline Plans and Specifications which are listed in Exhibit "B" attached hereto and made a part hereof (" **Outline Plans and Specifications** "). Landlord agrees to cause final plans and specifications (" **Final Plans and Specifications** ") to be prepared in accordance with the Outline Plans and Specifications and to submit the same to Tenant for its approval. Tenant agrees that it will not withhold its approval except for just and reasonable cause and will not act in an arbitrary or capricious manner with respect to the approval of the Final Plans and Specifications, provided such Final Plans and Specifications are consistent with the Outline Plans and Specifications. Tenant shall approve or disapprove the Final Plans and Specifications within five (5) business days after receipt of same, and if Tenant fails to approve or disapprove same within such five (5) business day period, such failure shall constitute a Tenant Delay.

Tenant's review or approval of the Outline Plans and Specifications and the Final Plans and Specifications or any other documents relating to the Initial Improvements shall create no responsibility or liability on the part of Tenant for their completeness, design, sufficiency, or compliance with any laws, rules, orders, ordinances, directions, regulations or requirements of any federal, state, county or municipal authorities. The Final Plans and Specifications shall be approved by Landlord and Tenant by affixing thereon the signature or initials of an authorized officer or employee of each of the respective parties hereto and a complete description thereof shall be attached to each party's copy of this Lease and made a part hereof as Exhibit "C". Such Exhibit "C" shall be in lieu of and shall replace Exhibit "B" except as to nonconstruction matters contained in Exhibit "B", such as allowances and exclusions not expressly and specifically superseded by Exhibit "C". The signature of an authorized officer or employee shall be deemed conclusive evidence of the approval indicated by such signature. Landlord agrees to appoint competent personnel to work with Tenant in the preparation of the Final Plans and Specifications and Tenant agrees to appoint an officer or employee of Tenant to work with Landlord in the preparation of the Final Plans and Specifications. When Landlord requests Tenant to specify details or layouts, Tenant shall specify same, subject to the provisions of the Outline Plans and Specifications, so as not to delay completion of the Improvements.

Section 2.2 Permit Dates; Tenant Change Orders.

Promptly following approval by Tenant of the Final Plans and Specifications, Landlord's architect shall review and seal the Final Plans and Specifications and submit the Final Plans and Specifications for permits and construction bids. Tenant and Landlord acknowledge that it is anticipated that all necessary governmental approvals and permits shall be issued by the appropriate governmental authorities within ten (10) days after Tenant's approval of the Final Plans and Specifications, and if, despite Landlord's diligent efforts, such approvals and permits are not issued to and received by Landlord within such 10-day period, the Target Commencement Date (as hereinafter defined) shall be automatically extended for delays arising from or attributable to delays in the issuance of such approvals and permits after the expiration of such 10-day period. If Tenant desires to make revisions to the Final Plans and Specifications once they have been approved by both parties, Tenant shall request that Landlord's architect prepare, and submit to Landlord for approval, proposed plans and specifications containing all such desired revisions (a " **Tenant Change Order** "). Upon approval by Landlord of any Tenant Change Order, Landlord shall obtain promptly from the Contractor the amount of any adjustment in the costs of constructing the Improvements resulting from such Tenant Change Order and the length of any Tenant Delay (as hereinafter defined) that would result from constructing such Tenant Change Order, and Landlord shall submit the amount thereof and the contemplated Tenant Delay caused thereby to Tenant for Tenant's approval. Tenant shall approve or disapprove the amount of such adjustment and the Tenant Delay caused thereby within two (2) business days after submission thereof to Tenant by Landlord, and if Tenant fails to notify Landlord of its disapproval within such two business day period, Tenant shall be deemed to have given Tenant's approval thereto. If Tenant disapproves either the amount of such adjustment or the Tenant Delay resulting therefrom, then such Tenant Change Order shall be deemed withdrawn by Tenant and Landlord shall have no obligation to cause the construction of such Tenant Change Order; provided Tenant shall remain liable for all costs incurred in preparing plans and specifications with such proposed Tenant Change Order. Once any adjustment and the resulting Tenant Delay have been approved, Tenant shall be deemed to have given full authorization to Landlord to proceed with the work of constructing the Improvements in accordance with the Final Plans and Specifications, as revised with respect to the Tenant Change Order, and the Target Commencement Date shall be extended for delays arising from or attributable to the Tenant Delay. The costs of the revised work shall be included in the Total Project Costs used to determine the rate of Basic Rent as provided in Section 3.1, subject to the limitation in the last sentence of such Section 3.1. If Tenant requests a Tenant Change Order that is not approved by Landlord or that is disapproved by Tenant, then any delay in Substantial Completion of the Initial Improvements arising from or attributable to consideration of such proposed Tenant Change Order shall constitute a Tenant Delay.

Section 2.3 Bidding Process.

(a) Landlord and Tenant agree that Opus Northwest Construction, L.L.C. (the " **Contractor** ") shall act as the general contractor and construction manager for the Initial Improvements. Attached hereto as Exhibit "D-3" is a preliminary budget of the Total Project Costs (as hereinafter defined) (the " **Budget** "). Tenant acknowledges that the Budget is not a guarantee of the applicable costs and Landlord shall have no liability if the Budget is incorrect. Except to the extent not practicable due to specialization of the work and limitations on the number of contractors in the field performing such specialized work, and except with respect to the pre-cast, steel, site work grading subcontracts, with respect to all major sub-trades (defined as subcontracts in excess of

$50,000.00), Contractor shall solicit bids for performance of the Initial Improvements from at least three (3) licensed subcontractors. When bids are solicited, upon the receipt of bids from each of the subcontractors, Landlord or the Contractor shall prepare a bid format which compares each bid, and shall deliver such bid format, together with copies of the bids themselves to Tenant (together with Contractor's designation of the bid Contractor intends to accept). All documentation prepared by Landlord or others on its behalf and/or submitted by contractors, subcontractors, vendors, suppliers or others for the Initial Improvements shall be provided to Tenant's Representative (as hereinafter defined) promptly after receipt of same by Landlord, including, without limitation, bid proposals, bid packages, architectural, design, engineering, earthwork, geotechnical and surveys, as applicable. Tenant shall have the right to review (but not approve) all bid packages and Landlord shall solicit the advice of, receive recommendations from, and consult with, Tenant in connection with the selection of the accepted bids, provided Landlord or Contractor shall have the right to make all final decisions regarding the selection of the subcontractors as Landlord determines in its reasonable good faith discretion to be in the best interest of completing the Initial Improvements in accordance with the requirements herein, with price, delivery and performance being among the determining factors; provided, however, if Contractor is prepared to accept a subcontractor bid for a subcontract amount in excess of the line item for such subcontract in the Budget by more than $50,000.00, then Tenant shall have the right, within one (1) business day following the date Contractor is prepared to accept such bid, to submit revisions to the Final Plans and Specifications for review and approval by Landlord. Upon Landlord's approval of Tenant's revisions, Landlord shall cause Contractor to seek and obtain revised bids to be reviewed and selected in accordance with the procedures and the time frames set forth in this Section 2.3(a), provided any delay attributable to such revisions and re-bidding shall constitute a Tenant Delay. Landlord and Tenant shall in good faith review and approve (or disapprove), process and perform any obligation in this Lease concerning approval of the Final Plans and Specifications, Tenant Change Orders, selection of bidders, value engineering and inspections, with the objective of facilitating the construction of the Initial Improvements as quickly as reasonably possible. Notwithstanding anything in this Lease to the contrary, once a subcontractor bid for any portion of the Initial Improvements is accepted by Landlord, the contract for such subcontractor's work shall be governed by a fixed price or "cost plus" with a guaranteed maximum price contract between Contractor and such subcontractor and any and all costs to perform the work governed by such contract in excess of the fixed price or guaranteed maximum price, as applicable, in such contract shall not be included in Total Project Costs except to the extent such excess costs are the result of or arise from (i) a Tenant Change Order, (ii) refinements in the Final Plans and Specifications in furtherance of, or consistent with, the intended scope of the work, (iii) unknown, concealed or different field conditions encountered by the applicable contractor, or (iv) a change in the scope of the work reasonably authorized by Contractor and Landlord in order to conform the Initial Improvements to the Final Plans and Specifications.

(b) Landlord agrees to cause the Contractor (or each bidding subcontractor) to identify "long lead" items or materials which will delay Substantial Completion of the Initial Improvements, and shall notify Tenant of the same promptly after such identification can be made. Landlord and Tenant shall cooperate in good faith to avoid such "long lead" items or materials.

Section 2.4 Construction of the Initial Improvements.

The Initial Improvements shall be constructed (1) in a good and workmanlike manner substantially in accordance with the Final Plans and Specifications, (2) in compliance in all material respects with all laws, codes, ordinances, rules and regulations of governmental authorities having jurisdiction over the Demised Premises, (3) in compliance in all material respects with all covenants, conditions and restrictions encumbering the Demised Premises, and (4) with all buildings, structures and improvements, including without limitation driveways, fences, septic systems and leaching fields, if any, constituting the Initial Improvements and all other means of access for the Demised Premises located completely within the boundary lines of the Demised Premises as shown on the (Corrected) Plat of Survey dated November 2, 2007, and prepared by Lee Engineers and Surveyors as its Project Number 07074 and no such building, structure or improvement shall encroach upon or under the property of any other person or entity. Furthermore, the Initial Improvements will include making available at the Demised Premises water, sewer, electricity, natural gas and telephone service and stormwater and roadway improvements of size and capacities as prescribed in the Final Plans and Specifications. Landlord shall use reasonable efforts to Substantially Complete the Initial Improvements on or before August 31, 2008 (the " **Target Commencement Date** "). The Target Commencement Date shall be subject to extension for Force Majeure Delays (as hereinafter defined) and Tenant Delays. Landlord shall give Tenant written notice of the date which Landlord anticipates achieving Substantial Completion of the Initial Improvements at least three (3) months prior thereto, and shall update or confirm such

estimated date monthly until the date that is thirty (30) days prior to the date which Landlord then anticipates Substantially Completion of the Initial Improvements, and shall update or confirm such estimated date weekly thereafter. If Landlord fails to achieve Substantial Completion of the Initial Improvements within ten (10) days after the Target Commencement Date, as such date may be extended for Force Majeure Delays or Tenant Delay, for each day after the expiration of such 10-day period through November 29, 2008 (as such date may be extended for Force Majeure Delays and Tenant Delay) that Landlord has not achieved the Substantial Completion of the Initial Improvements, Tenant shall have the right to a credit against the Basic Rent first due under this Lease equal to $5,000 for each day until Substantial Completion of the Initial Improvements has been achieved. Without limiting the foregoing, if Landlord fails to achieve Substantial Completion of the Initial Improvements by November 30, 2008 (as such date may be extended for Force Majeure Delays and Tenant Delays), then Tenant shall have the right to terminate this Lease by written notice to Landlord delivered prior to the time that Landlord actually achieves Substantial Completion of the Initial Improvements and the Lease shall terminate and be of no further force or effect as of the date that is thirty (30) days after such notice from Tenant, unless Landlord shall have achieved Substantial Completion of the Initial Improvements within such 30-day period. The foregoing abatement and termination remedies shall be Tenant's sole and exclusive remedies for any delay in Substantial Completion of the Improvements.

Promptly following delivery of Landlord's notice of Substantial Completion of the Initial Improvements, duly authorized representatives of Landlord and Tenant shall jointly inspect the Initial Improvements and prepare a punchlist (the " **Punchlist** ") of incomplete, incorrect and damaged items (the " **Punchlist Items** "). In the event that the parties shall disagree on whether any item is properly included as part of the Punchlist Items, and the parties are unable to reach agreement thereon within five (5) days after such joint inspection, either party may submit such disagreement to the project architect that prepared the Final Plans and Specifications (the " **Project Architect** ") for final determination, which determination of the Project Architect shall be final, binding and conclusive upon Landlord and Tenant. The failure to include an item on the Punchlist does not alter the responsibility of Landlord to complete all the Initial Improvements substantially in accordance with the Final Plans and Specifications. Landlord shall use good faith and commercially reasonable efforts to cause completion of the Punchlist Items on or before the date that is thirty (30) days after achieving Substantial Completion of the Initial Improvements; provided, however, that Landlord shall have such additional time as may reasonably be required with diligent efforts to cause to be completed Punchlist Items of a seasonal nature which cannot or should not be performed until a later date or which are delayed due to a shortage of labor or materials, and otherwise subject to Force Majeure Delays and Tenant Delays.

Landlord shall (or shall cause Contractor to) maintain at the site one record copy of the drawings, specifications, addenda, change orders, change directives and other modifications, in good order and marked currently to record field changes and selections made during construction (the " **As-Built Documents** "). The As-Built Documents shall be provided to the Tenant at the conclusion of the Initial Improvements in paper and electronic format; provided, however, that Tenant may use the As-Built Documents only for the repair, maintenance or restoration of the Improvements and only during the term of this Lease, and Tenant hereby agrees to indemnify, defend and hold harmless Landlord from and against any unauthorized use of the As-Built Documents. Landlord reserves the right to use the As-Built Documents for any purpose.

Landlord shall use best efforts to cause Contractor, and Contractor shall use best efforts to cause all subcontractors, to properly complete and to execute all forms required for Tenant to seek refunds of sales, service or use taxes paid to the State of Iowa, or any city, town or municipality in the State of Iowa, in connection with the construction of the Initial Improvements. Likewise, Landlord shall use best efforts to properly complete and shall execute all forms required for Tenant to seek tax credit for sales taxes paid by Landlord to the State of Iowa, or any city, town or municipality in the State of Iowa, for utility services, goods, wares, merchandise and services in connection with construction of the Initial Improvements. Landlord shall deliver all such forms to Tenant promptly after completion of the Initial Improvements, provided the failure of Tenant to obtain any such refund or credit shall not constitute a breach or default by Landlord or entitle Tenant to any credit against Total Project Costs.

Section 2.5 Tenant Delay and Force Majeure Delays.

"Tenant Delay(s)" shall mean any actual delay in Substantial Completion of the Initial Improvements to the extent attributable to (i) the actions, omissions or interference of Tenant or Tenant's agents or contractors, (ii) any delay by

Tenant in the review and approval of the Final Plans and Specifications submitted to it for review and/or approval, (iii) any delay occasioned by Tenant's request for or the implementation of a Tenant Change Order, whether or not such Change Order is approved by Landlord and Tenant, provided that with respect to Tenant Change Order accepted by Tenant, Tenant is notified by Landlord prior to acceptance of such Tenant Change Order of the estimated amount of Tenant Delay to result from such Tenant Change Order, (iv) revisions to the Final Plans and Specifications and/or rebidding in accordance with Section 2.3(a) and (v) Tenant's possession of the Demised Premises prior to the Commencement Date pursuant to Section 2.10. In calculating the duration of any Tenant Delay, such duration shall be based upon the actual number of days of delay in Substantial Completion of the Initial Improvements attributable to the causes described above. Landlord shall notify Tenant of any delays occasioned by a Tenant Delay within five (5) business days after Landlord becomes aware that it intends to claim an extension of the date for Substantial Completion of the Initial Improvements on account of such Tenant Delay; provided, however, Landlord agrees to exercise commercially reasonable efforts to immediately notify Tenant of any act, omission or interference of Tenant, its agents, employees or contractors in the performance of the Initial Improvements which Landlord intends to claim as a Tenant Delay so as to permit Tenant a reasonable opportunity to promptly mitigate and/or eliminate such act, omission or interference. Tenant Delays shall not include the normal and ordinary process of communication between Landlord and Tenant during the design and construction process or the exercise by Tenant of its rights under this Article II to inspect the work and/or to dispute the achievement of Substantial Completion of the Initial Improvements, provided delays caused by the consideration of Tenant Change Orders do constitute Tenant Delays if Landlord stops, postpones or delays the progress of construction of the Initial Improvements during such consideration. Any increased costs or damages to complete the Initial Improvements which are incurred by Landlord and attributable to Tenant Delays shall be included in Total Project Costs, and to the extent that such delays caused by Tenant result in the Commencement Date being delayed beyond the Target Commencement Date, the parties acknowledge and agree that the Commencement Date shall be deemed to occur on the date on which the Commencement Date would have occurred but for such Tenant Delay, but subject to Landlord's obligation to complete the Initial Improvements. " **Force Majeure Delay(s)** " shall mean delay in Substantial Completion of the Initial Improvements occasioned by strikes or labor disputes, fire, unusually severe weather conditions, the inability (despite diligent efforts having been exercised) to procure necessary permits and approvals, shortages of fuel, labor or materials, casualties, acts of God or the public enemy, governmental embargo restrictions, action or non-action of public utilities or of local, state or federal governments, and any other reason beyond the reasonable control of Landlord. Furthermore, the failure of the conditions described in Section 20.28 by the Acquisition Contingency Date (as hereinafter defined) shall also constitute a Force Majeure Delay. Landlord shall use reasonable efforts to avoid and/or shorten the length of any Force Majeure Delay. Landlord shall notify Tenant of any Force Majeure Delay within ten (10) business days after Landlord becomes aware that it intends to claim an extension of the date for Substantial Completion of the Initial Improvements on account of such Force Majeure Delay.

Section 2.6 Substantial Completion of the Initial Improvements.

" **Substantial Completion of the Initial Improvements** " or " **Substantially Completed** " with respect to the Initial Improvements shall be achieved when (a) the Initial Improvements are sufficiently complete in accordance with the Final Plans and Specifications so that Tenant can commence beneficial use and occupancy of the Demised Premises as intended, (b) all base building systems included in the Initial Improvements are operational as designed and specified (except for Punchlist Items), (c) all governmental inspections required for the Initial Improvements have been successfully completed, and certificates of occupancy (or the equivalent) and other municipal permits or approvals for the Initial Improvements have been obtained, in each case if and to the extent required to occupy and use the Demised Premises for the Primary Intended Use (and except to the extent issuance of such certificates, permits or approvals is dependent upon any improvements or other actions that are Tenant's responsibility), (d) all final finishes required by the Final Plans and Specifications are in place (except for the Punchlist Items), provided, however, that Landlord shall have such additional time as may reasonably be required with diligent efforts to complete such finishes of a seasonal nature which cannot or should not be performed until a later date, and otherwise subject to Force Majeure Delays and Tenant Delays, (e) all remaining Initial Improvements are reasonably estimated to be completed within thirty (30) consecutive calendar days (or as otherwise agreed to by Tenant) following the date of Substantial Completion of the Initial Improvements, subject to items of a seasonal nature which cannot or should not be performed until a later date and items delayed due to a Force Majeure Delay. Landlord shall cause Contractor to deliver to Tenant binders containing complete sets of all manufacturer's catalogs, instructions and other similar data (including the necessary graphic cuts, diagrams, value charts, and the like)

covering all mechanical and manually operated devices furnished and/or installed as part of the Initial Improvements within thirty (30) days after Substantial Completion of the Initial Improvements.

Section 2.7 Construction Guaranty.

Landlord guarantees the Initial Improvements against defective design, workmanship and/or materials for a period of one (1) year from the date of Substantial Completion of the Initial Improvements or, with respect to Punchlist Items, such later date as the applicable Punchlist Item is completed by or on behalf of Landlord (the " **Warranty Period** ") and Landlord shall promptly correct defective or nonconforming design or work after written request from the Tenant delivered to Landlord during such Warranty Period. Except to the extent caused by the gross negligence or wilful misconduct of Landlord, performance of such one-year guaranty shall be Landlord's sole and exclusive obligation to correct defective design, workmanship and/or materials, and Tenant's right to enforce such one-year guaranty shall be Tenant's sole and exclusive remedy against Landlord or Contractor with respect to such correction obligation in limitation of any contract, warranty or other rights, whether express or implied, that Tenant may otherwise have under applicable law with respect to correction obligations for defective design, workmanship and/or materials, but without limitation of any other rights of Tenant at law or in equity with respect to Landlord's obligations other than to specifically correct defective or nonconforming work or design. From and after the expiration of the one-year Warranty Period, Landlord agrees to cooperate with Tenant in the enforcement by Tenant, at Tenant's sole cost and expense, of any express warranties or guaranties of workmanship or materials given by subcontractors or materialmen that guarantee or warrant against defective workmanship or materials for a period of time in excess of the one-year Warranty Period described above and to cooperate with Tenant in the enforcement by Tenant, at Tenant's sole cost and expense, of any service contracts that provide service, repair or maintenance to any item incorporated in the Building for a period of time in excess of such one-year Warranty Period. Following the expiration of the Warranty Period, Landlord shall assign to Tenant, on a non-exclusive basis, any claims, correction obligations and extended warranties provided by any subcontractors or any other party with respect to the components and equipment included as part of the Initial Improvements, excluding claims, correction obligations and extended warranties relating to the items Landlord is required to repair pursuant to Section 8.7 and Section 9.1.

Section 2.8 Landlord's Indemnity.

Landlord shall indemnify and hold harmless Tenant from and against all claims, damages, losses and expenses, including reasonable attorneys' fees, arising out of or resulting from the performance of the Initial Improvements, to the extent caused by any negligent act or omission of Landlord or Contractor, any subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, and which involves bodily injury, sickness, disease or death, or injury to or destruction of property (other than the Initial Improvements and contents therein), including the loss of use resulting therefrom. In any and all claims against Tenant, its agents or employees, by any employee of Landlord or Contractor, any subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, the indemnification obligation under this Section 2.8 shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for Landlord or Contractor or any subcontractor under workers' compensation acts, disability benefit acts or other employee benefit acts. Tenant shall notify Landlord of any claim under this indemnity in such time as to avoid prejudice to Landlord and Landlord shall have the right to defend with counsel reasonably acceptable to Tenant.

Section 2.9 Insurance During Construction.

Landlord shall carry and maintain with respect to the Demised Premises at all times during the design and construction of the Initial Improvements, and shall require the Contractor and all subcontractors (unless Contractor's insurance coverage covers acts and work of the subcontractors) to maintain at all times during the design and construction of the Initial Improvements, written by insurers rated by A.M. Best & Co., with a minimum rating of (or equivalent to) A-IX and qualified to do business in the State of Iowa, the types of insurance and minimum coverage amounts hereinafter set forth: (1) property insurance written on a builder's risk "all-risk" or equivalent policy form in the total value for the Initial Improvements at the site on a full 100% replacement cost basis (excluding excavation and grading) and with deductibles not in excess of commercially reasonable amounts; (2) workers' compensation insurance in statutory amounts and employer's liability insurance in the amount of $1,000,000 for bodily injury or disease; (3) commercial automobile vehicle insurance covering owned, non-owned

and hired vehicles for personal injury in the amount of $1,000,000 combined single limit for bodily injury and for property damage; and (4) commercial general liability coverage for bodily injury, personal injury and property damage in the amount of $1,000,000 per occurrence and $2,000,000 aggregate limit and umbrella coverage in the amount of $10,000,000.00. Such insurance carried by Landlord or Contractor may be part of a blanket policy. The Project Architect shall maintain professional liability insurance coverage at least equal to $1,000,000.00. The cost of such insurance coverages allocable to the Initial Improvements shall be a part of the Total Project Costs.

Section 2.10 Possession of Demised Premises.

(a) Tenant shall not be liable to Landlord for the payment of Basic Rent or the payment of any other obligation to be paid by Tenant under this Lease nor shall Tenant, except as otherwise provided in this Section 2.5, have any right to possession or use of the Demised Premises until the Commencement Date. If the Initial Improvements are not Substantially Completed but are partially ready for occupancy, then subject to Subsection (b) below, Tenant may, but need not, occupy the portion of same that is ready for occupancy. If Tenant occupies any portion of the Demised Premises prior to Substantial Completion of the Improvements, the terms of this Lease shall apply to such occupancy or use of the Demised Premises by Tenant and a pro rata portion of the Basic Rent and the pro rata portion of all other obligations to be paid by Tenant shall be payable commencing with such date of partial occupancy, and shall be equitably adjusted from time to time based upon the area and value of the portion of the Improvements Substantially Completed and ready for Tenant's occupancy, provided, however that entry by Tenant for the purpose of installing equipment, furniture, fixtures, wiring, cabling and other property of Tenant and testing of equipment (provided such testing will not adversely affect Landlord's ability to perform its construction and related obligations under this Lease, and does not otherwise affect or delay issuance of a certificate of occupancy for the Initial Improvements) shall not be considered occupancy for purposes of this Lease and shall not trigger Tenant's obligation to pay Basic Rent under this Lease. The failure of Tenant to take possession of or to occupy the Demised Premises or any portion thereof on or after the Commencement Date shall not serve to relieve Tenant of said obligations or delay payments by Tenant to Landlord.

(b) Landlord shall cooperate with Tenant to facilitate Tenant's installation of crane equipment in the Demised Premises on or about June 2, 2008, subject to the conditions set forth below. Furthermore, Tenant and Tenant's agents, representatives, employees and contractors shall be permitted to access the Demised Premises not less than ninety (90) days prior to the Commencement Date in order to install Tenant's machinery, equipment, fixtures and other personal property on the Demised Premises and telecommunications cabling and wiring, subject to the conditions set forth below and approval of the local building officials/fire marshall, if required under applicable laws. It shall be conditions of Tenant's right to enter the Demised Premises as provided herein: (i) that such entry shall not unreasonably interfere with, construction of the Initial Improvements and shall not cause a labor dispute, (ii) any such entry shall be subject to such rules and regulations as Landlord may reasonably promulgate and Tenant shall fully cooperate with Landlord to facilitate construction and installation of the Initial Improvements, including, without limitation, relocating its equipment, machinery, and inventory to locations designated by Landlord and taking such other actions as Landlord may require to accommodate Landlord's critical path construction schedule; without limiting the generality of the foregoing, Tenant shall ensure that any architect, engineer, designer, contractor and workman employed by Tenant observes such rules, and prior to commencement of any work in the Premises, makes appropriate arrangements with Landlord, particularly with respect to: material handling and hoisting facilities; material and equipment storage; time and place of deliveries; hours of work and coordination of work; power, heating and washroom facilities; scheduling; security; and clean-up, (iii) all the terms, covenants and conditions of this Lease shall apply in full force and effect to such entry (other than Tenant's covenant to pay rental amounts hereunder), (iv) Tenant shall defend, indemnify and hold harmless Landlord, its agents, employees and contractors from and against any and all loss, cost, damage, expense (including reasonable attorneys' fees and court costs) arising from or related to such entry, (v) any such entry shall be at Tenant's risk and Landlord shall have no liability for any loss, damage or injury to Tenant's personal property, equipment, employees or agents which may be on or about the Demised Premises during the period of such entry and Tenant hereby releases Landlord from any claim with respect thereto from whatever cause, (vi) Tenant shall furnish Landlord with certificates of insurance evidencing insurance against claims under workmen's compensation acts and employer's liability acts, with statutorily prescribed limits for worker's compensation coverage and with limits of not less than $500,000 per occurrence for employer's liability, and (vii) to the extent any such entry delays completion of the Initial Improvements, such delay shall constitute a Tenant Delay and Tenant shall be responsible for Landlord's costs, including lost rent, resulting therefrom.

(c) All articles of personal property and all business and trade fixtures, machinery, workstations, equipment, furniture and other property and equipment owned or installed by Tenant in the Demised Premises, including, without limitation, any supplemental heating and cooling units, central vacuum pumps, heaters and blowers, uninterrupted power source (UPS), custom systems and other equipment and installations (whether affixed or unaffixed to the Improvements), purchased, installed and used by Tenant for the Primary Intended Use or any other use permitted under this Lease, including all equipment and materials purchased and installed by Landlord or Tenant and the cost of which is not included in the Total Project Costs (the " **Tenant's Removable Property** ") shall remain the property of Tenant and may be removed by Tenant at any time prior to the expiration of this Lease, provided Tenant restores any damage caused by such removal (and, as provided in Section 20.18, Tenant shall remove those items of Tenant's Removable Property designated by Landlord at the expiration of the term of this Lease).

Section 2.11 Tenant's Representative.

Tenant designates Coburn Pharr as Tenant's representative (" **Tenant's Representative** ") to approve and/or to notify Landlord of any revisions to the plans and specifications described in this Article II and to provide any notices or directions to Landlord regarding the Improvements. Tenant may change Tenant's Representative at any time upon written notice to Landlord.

ARTICLE III
BASIC RENT

Section 3.1 Amount of Basic Rent.

The initial annual amount of Basic Rent shall equal 9% of the " **Total Project Costs** " described on Exhibit "D" attached hereto and made a part hereof; provided, however, the Total Project Costs shall be reduced by the full amount of the " **Developer Grants** " received by Landlord pursuant to the Agreement for Private Redevelopment dated November 13, 2007, between Landlord, County, City and Jasper County Economic Development Corporation (the " **Development Agreement** "). On each anniversary of the Commencement Date (an " **Anniversary Date** "), the annual amount of Basic Rent shall be equal to the product obtained by multiplying the amount of annual Basic Rent payable on the date immediately preceding such Anniversary Date by 1.015. The Total Project Costs shall be determined by Landlord before the Commencement Date and Landlord shall notify Tenant of such amount, and promptly thereafter, Landlord shall notify Tenant of the initial annual amount of Basic Rent and the annual amount of Basic Rent payable as of each Anniversary Date. If any costs that would properly constitute Total Project Costs are not yet determined with certainty as of the Commencement Date, reasonable estimates of such items by Landlord shall be included in the calculation of Total Project Costs to determine the initial annual Basic Rent. Upon Landlord's determination of the actual Total Project Costs, Landlord shall submit a statement of the actual Total Project Costs to Tenant and if such amount differs from Landlord's estimate, the amounts of Basic Rent for each year of the term shall be adjusted to reflect the actual Total Project Costs and any overpayments by Tenant shall be promptly refunded by Landlord. Notwithstanding the foregoing, if the Total Project Costs (after deduction of the Developer Grants) exceed $13,500,000.00, then the Basic Rent shall be determined as provided above as if the Total Project Costs were $13,500,000.00 and Tenant shall pay to Landlord, within thirty (30) days after Landlord's demand therefor, an amount equal to the difference between the actual Total Project Costs and $13,500,000.00, provided that Tenant may include up to $600,000 of such excess, in the aggregate, in Total Project Costs for purposes of determining Basic Rent to the extent such excess amount is attributable to the construction of the Initial Improvements as shown on the Final Plans and Specifications (prior to incorporation of any Tenant Change Order) or attributable to Tenant Change Orders that are consistent with the Final Plans and Specifications before incorporation of such respective Tenant Change Orders.

Section 3.2 Records.

Landlord shall keep and maintain, and shall cause Contractor and Contractor's subcontractors to keep and maintain, proper and complete records documenting all costs and expenses incurred in connection with the construction of the Initial Improvements, and, will make available, if requested by Tenant prior to the date (the " **Audit Date** ") which is sixty (60) days after substantial completion of the Initial Improvements, copies of any contracts, invoices, receipts and other information relating to such construction which Tenant may reasonably request. Tenant and its designees

may upon request, but prior to the Audit Date, inspect and audit any of Landlord's, Contractor's or Contractor's subcontractors' books and records relating to the construction of the Improvements. If any such audit results in an increase or a decrease in the Total Project Costs, then Basic Rent shall be adjusted as provided above. Failure by Tenant to exercise Tenant's right to audit pursuant to this Section 3.2 on or before the Audit Date shall constitute a waiver of such right.

Section 3.3 Additional Rent.

The Basic Rent shall be absolutely net to Landlord, except as expressly provided in Section 8.7 and Section 9.1. so that this Lease shall yield, net to Landlord, the Basic Rent specified in Section 3.1 in each year of the term of this Lease and that all impositions, insurance premiums, utility charges, maintenance, repair and replacement expenses, payments or charges under covenants, conditions and restrictions now or hereafter of record, all expenses relating to compliance with laws, and all other costs, fees, charges, expenses, reimbursements and obligations of every kind and nature whatsoever relating to the Demised Premises (excepting only Landlord's obligations expressly set forth in this Lease) which may arise or become due during the term or by reason of events occurring during the term of this Lease shall be paid or discharged by Tenant, at Tenant's sole cost and expense. In the event Tenant fails to pay or discharge any imposition, insurance premium, utility charge, maintenance repair or replacement expense which it is obligated to pay or discharge, and such failure continues beyond all applicable notice and cure periods, Landlord may, but shall not be obligated to, pay the same, and in that event Tenant shall immediately reimburse Landlord therefor and pay the same as additional rent (all charges payable by Tenant other than Basic Rent, however denoted, are hereinafter collectively referred to as " **Additional Rent** "), and Tenant hereby agrees to indemnify, defend and save Landlord harmless from and against such impositions, insurance premiums, utility charges, maintenance, repair and replacement expenses, all expenses relating to compliance with laws (except as provided herein with respect to compliance of the Initial Improvements with laws in effect as of the Commencement Date), and all other costs, fees, charges, expenses, reimbursements and obligations referred to above. Basic Rent and Additional Rent are sometimes hereinafter collectively referred to as " **Rent** ."

Section 3.4 Method of Payment.

Tenant will pay Basic Rent in equal monthly installments to Landlord, based upon one-twelfth (1/12th) of the annual Basic Rent determined in accordance with Section 3.1, in advance, without offset or deduction, commencing on the Commencement Date and continuing on the first day of each and every calendar month after the Commencement Date during the term. Tenant will make all Basic Rent payments to Landlord in care of Opus Northwest Management, L.L.C., 10350 Bren Road West, Minnetonka, Minnesota 55343, Attn: Accounting Manager, or at such other place or in such other manner as Landlord may from time to time designate in writing. Tenant will make all Basic Rent payments without Landlord's previous demand, invoice or notice for payment. Landlord and Tenant will prorate, on a per diem basis, Basic Rent and Additional Rent for any partial month within the term.

Section 3.5 Delinquent Payments.

Except as otherwise expressly set forth herein, all payments of Basic Rent and Additional Rent shall be payable without previous demand therefor and without any right of setoff or deduction whatsoever, and in case of nonpayment of any item of Additional Rent by Tenant when the same is due, Landlord shall have, in addition to all its other rights and remedies, all of the rights and remedies available to Landlord under the provisions of this Lease or by law in the case of nonpayment of Basic Rent. The performance and observance by Tenant of all the terms, covenants, conditions and agreements to be performed or observed by Tenant hereunder shall be performed and observed by Tenant at Tenant's sole cost and expense. Any installment of Basic Rent or Additional Rent or any other charges payable by Tenant under the provisions hereof which shall not be paid when due or within ten (10) days thereafter shall bear interest at an annual rate equal to five percentage points per annum in excess of the published "prime rate" or "base rate" of interest charged by U.S. Bank National Association (or similar institution if said Bank shall cease to exist or to publish such a prime rate) from the date when the same is due hereunder until the same shall be paid, but in no event in excess of the maximum lawful rate permitted to be charged by Landlord against Tenant. Said rate of interest is sometimes hereinafter referred to as the " **Maximum Rate of Interest** ."

In addition, any installment of Basic Rent or Additional Rent or any other charges payable by Tenant under the provisions hereof which shall not be paid when due and which remain unpaid ten (10) days thereafter shall be subject to a late payment fee of three percent (3%) of the unpaid amount. Tenant acknowledges that Tenant's failure to pay Basic Rent or Additional Rent when due may cause Landlord to incur unanticipated costs. The exact amount of such costs are impractical or extremely difficult to ascertain. The parties agree that the late charge specified above represents a fair and reasonable estimate of the costs Landlord will incur by reason of such late payment and acceptance of such late charge does not constitute a waiver of Tenant's default or limit any other remedy of Landlord. The late charge shall be deemed to be Additional Rent and the right to require it shall be in addition to all of Landlord's rights and remedies hereunder or at law.

Section 3.6 Independent Obligations.

Any term or provision of this Lease to the contrary notwithstanding, the covenants and obligations of Tenant to pay Basic Rent and Additional Rent hereunder shall be independent from any obligations, warranties or representations, express or implied, if any, of Landlord herein contained.

Section 3.7 Guaranty.

Tenant's obligations and liabilities under this Lease are guaranteed by LCSI Holding, Inc. (" **Guarantor** ") pursuant to a Guaranty of Lease of even date hereof in the form of Exhibit "H" attached hereto and made a part hereof.

ARTICLE IV
USE OF DEMISED PREMISES

Section 4.1 Permitted Use.

The Demised Premises shall be used for manufacturing, assembling, storing and distributing composite wind blades and other structural composite components of similar construction and all legal uses incidental thereto (the " **Primary Intended Use** "), general manufacturing and warehousing purposes, and any other lawful use not in violation of the Development Agreement, the Employer Incentives Agreement entered into between Tenant, City and County (the " **Employer Agreement** ") or any Permitted Encumbrances. Tenant shall not use or occupy the same, or permit them to be used or occupied, contrary to any statute, rule, order, ordinance, requirement or regulation applicable thereto, or in any manner which would violate any certificate of occupancy affecting the same, or which would make void or voidable any insurance then in force with respect thereto or which would make it impossible to obtain fire or other insurance thereon required to be furnished hereunder by Tenant, or which would cause structural injury to the improvements or cause the value or usefulness of the Demised Premises, or any portion thereof, substantially to diminish (reasonable wear and tear excepted), or which would constitute a public or private nuisance or waste or would violate any Hazardous Materials Laws (as defined in Section 9.5), and Tenant agrees that it will promptly, upon discovery of any such use, take all necessary steps to compel the discontinuance of such use.

Tenant will open and occupy the Demised Premises for business as required under the Employer Agreement and Tenant agrees to promptly perform any fixturing or other installations that are not Landlord's responsibility herein and take any other action that is not Landlord's responsibility herein, including being prepared to open for business, to the extent such work is required to be completed or such action is required to be taken in order for Landlord to receive a certificate of occupancy for the Initial Improvements and obtain disbursement of any available incentives under the Development Agreement. Furthermore, Tenant must operate its business at the Demised Premises such that it does not violate or breach the Employer Agreement. If Tenant is allowed to cease business operations at the Demised Premises under the Employer Agreement and desires to do so, Tenant may do so, provided that in any event, Tenant shall always continue to be responsible for the keeping, performing and observing all of the other terms, covenants, conditions, agreements, indemnities and other promises to be kept, performed and observed by Tenant with respect to the Demised Premises, including, without limitation, payment of all Rent reserved hereunder.

Section 4.2 Preservation of Demised Premises.

Tenant shall not use, suffer, or permit the Demised Premises, or any portion thereof, to be used by Tenant, any third party or the public in such manner as might reasonably make possible a claim or claims of adverse usage or adverse possession by the public, as such, or third persons, or of implied dedication of the Demised Premises, or any portion thereof. Nothing in this Lease contained and no action or inaction by Landlord shall be deemed or construed to mean that Landlord has granted to Tenant any right, power or permission to do any act or make any agreement that may create, or give rise to or be the foundation for any such right, title, interest, lien, charge or other encumbrance upon the estate of Landlord in the Demised Premises.

Section 4.3 Acceptance of Demised Premises.

Except as otherwise expressly set forth herein, Tenant acknowledges that neither Landlord nor any agent of Landlord has made any representation or warranty or covenant of any kind whatsoever, either express or implied, with respect to the Demised Premises, the Building, the Improvements or any matter related thereto including the condition thereof or with respect to the suitability or fitness of any of the foregoing for the conduct of Tenant's business or for any other purpose and, subject to Landlord's obligations set forth in Article II and Sections 8.7 and 9.1 hereof, Tenant accepts the Demised Premises in an "as is" condition. Tenant shall comply with any recorded covenants, conditions and restrictions affecting the Demised Premises and the Building as of the commencement of the Lease or which are recorded during the term of this Lease.

ARTICLE V
PAYMENT OF TAXES, ASSESSMENTS, ETC.

Section 5.1 Payment of Impositions.

Tenant covenants and agrees to pay, directly to the applicable tax authorities, during the term of this Lease, as Additional Rent, before any fine, penalty, interest or cost may be added thereto for the nonpayment thereof, all real estate taxes, special assessments, water rates and charges, sewer rates and charges, including any sum or sums payable for present or future sewer or water capacity, charges for public utilities, street lighting, excise levies, licenses, permits, inspection fees, other governmental charges, payments or charges under covenants, conditions and restrictions now or hereafter of record, and all other charges or burdens of whatsoever kind and nature (including costs, fees, and expenses of complying with any restrictive covenants or similar agreements to which the Demised Premises are subject) incurred in the use, occupancy, ownership, operation, leasing or possession of the Demised Premises, without particularizing by any known name or by whatever name hereafter called, and whether any of the foregoing be general or special, ordinary or extraordinary, foreseen or unforeseen (all of which are sometimes herein referred to as " **Impositions** "), which at any time during the term may have been or may be assessed, levied, confirmed, imposed upon, or become a lien on the Demised Premises, or any portion thereof, or any appurtenance thereto, rents or income therefrom, and such easements or rights as may now or hereafter be appurtenant or appertain to the use of the Demised Premises. Tenant shall pay all special (or similar) assessments for public improvements or benefits which, during the term of this Lease shall be laid, assessed, levied or imposed upon or become payable or become a lien upon the Demised Premises, or any portion thereof; provided, however, that if any such Imposition may at the option of the taxpayer lawfully be paid in installments (whether or not interest shall accrue on the unpaid balance of such Imposition), Tenant may pay the same, together with any accrued interest on the unpaid balance of such Imposition, in installments as the same respectively become payable and before any fine, penalty, interest or cost may be added thereto for the nonpayment of any such installment and the interest thereon. Tenant shall pay all Impositions (or installments thereof), whether heretofore or hereafter laid, assessed, levied or imposed upon the Demised Premises, or any portion thereof, which are due and payable during the term of this Lease. Landlord shall pay all Impositions (or installments thereof) which are payable prior to the commencement and after the termination date of the term of this Lease. Notwithstanding the foregoing, Landlord shall pay that portion of the Impositions (or installments thereof) due and payable in respect to the Demised Premises during the year the term commences and the year in which the term ends which the number of days in said year not within the term of this Lease bears to three hundred sixty-five (365), and Tenant shall pay the balance of said Impositions during said years. Landlord shall give notice to Tenant of all Impositions payable by Tenant hereunder of which Landlord at any time has knowledge within thirty (30) days after receipt thereof. Landlord agrees to reasonably cooperate with Tenant, at no cost, expense or liability to Landlord, to execute any documents required to be executed by the owner of the Demised Premises for Tenant to obtain tax rebates or credits pursuant to the Employer Agreement.

Pursuant to Section 4.5 of the Development Agreement, Landlord is entitled to apply for and obtain a 100% abatement of certain Impositions on the Initial Improvements for the first three (3) years of the Term of this Lease. Landlord and Tenant shall, on or before the applicable deadline for applying for such abatement, take all necessary actions to apply for and obtain the tax abatement for the Initial Improvements described in Section 4.5 of the Development Agreement. Tenant remain liable to pay all Impositions as provided herein if for any reason such tax abatement is not obtained; provided, however, if such tax abatement is not obtained solely because of Landlord's failure to apply for such tax abatement as provided above, then Landlord shall be responsible for the payment of the Impositions that would have been abated absent Landlord's failure to so apply.

Section 5.2 Tenant's Right to Contest Impositions.

Tenant shall have the right, at its own expense, to contest the amount or validity, in whole or in part, of any Imposition by appropriate proceedings diligently conducted in good faith, but only after payment of such Imposition, unless such payment, or a payment thereof under protest, would operate as a bar to such contest or interfere materially with the prosecution thereof, in which event, notwithstanding the provisions of Section 5.1 hereof, Tenant may postpone or defer payment of such Imposition if (a) neither the Demised Premises nor any portion thereof would, by reason of such postponement or deferment, be in danger of being forfeited or lost, and (b) Tenant shall have deposited with Landlord cash, a letter of credit or a certificate of deposit payable to Landlord issued by a national bank in the amount of the Imposition so contested and unpaid, together with all interest and penalties which may accrue, in Landlord's reasonable judgment, in connection therewith. If, during the continuance of such proceedings, Landlord shall, from time to time, reasonably deem the amount deposited, as aforesaid, insufficient, Tenant shall, upon demand of Landlord, make additional deposits of such additional sums of money or such additional certificates of deposit as Landlord may reasonably request. Upon failure of Tenant to make such additional deposits, the amount theretofore deposited may be applied by Landlord to the payment, removal and discharge of such Imposition, and the interest, fines and penalties in connection therewith, and any costs, fees (including attorneys' fees) and other liability (including costs incurred by Landlord) accruing in any such proceedings. Upon the termination of any such proceedings, Tenant shall pay the amount of such Imposition or part thereof, if any, as finally determined in such proceedings, the payment of which may have been deferred during the prosecution of such proceedings, together with any costs, fees, including attorneys' fees, interest, penalties, fines and other liability in connection therewith, and upon such payment Landlord shall return all amounts or certificates deposited with it with respect to the contest of such Imposition, as aforesaid, or, at the written direction of Tenant, Landlord shall make such payment out of the funds on deposit with Landlord and the balance, if any, shall be returned to Tenant. Tenant shall be entitled to the refund of any Imposition, penalty, fine and interest thereon received by Landlord which have been paid by Tenant or which have been paid by Landlord but for which Landlord has been previously reimbursed in full by Tenant. Landlord shall not be required to join in any proceedings referred to in this Section 5.2 unless the provisions of any law, rule or regulation at the time in effect shall require that such proceedings be brought by or in the name of Landlord, in which event Landlord shall join in such proceedings or permit the same to be brought in Landlord's name upon compliance with such conditions as Landlord may reasonably require. Landlord shall not ultimately be subject to any liability for the payment of any fees, including attorneys' fees, costs and expenses in connection with such proceedings. Tenant agrees to pay all such fees (including reasonable attorneys' fees), costs and expenses or, on demand, to make reimbursement to Landlord for such payment. During the time when any such certificate of deposit is on deposit with Landlord, and prior to the time when the same is returned to Tenant or applied against the payment, removal or discharge of Impositions, as above provided, Tenant shall be entitled to receive all interest paid thereon, if any. Cash deposits shall not bear interest.

Section 5.3 Levies and Other Taxes.

Nothing in this Lease contained shall require Tenant to pay any municipal, state or federal net income or excess profits taxes assessed against Landlord, or any municipal, state or federal capital levy, estate, capital gain, succession, inheritance or transfer taxes of Landlord, or corporation franchise taxes imposed upon Landlord or any owner of the fee of the Demised Premises, provided, however, if, at any time during the term of this Lease, there shall be levied, assessed or imposed on Landlord, or on the Basic Rent or Additional Rent, or on the Demised Premises or on the value of the Demised Premises, or any portion thereof, a capital levy, sales or use tax, gross receipts tax, transaction privilege tax, rent tax or other tax on the rents received therefrom, or a franchise tax, or an assessment, levy or charge measured by or based in whole or in part upon such rents or value, in lieu of or

substitution for, or in addition to, the Impositions then payable by Tenant under this Lease, Tenant covenants to pay and discharge the same, it being the intention of the parties hereto that the Rent to be paid hereunder shall be paid to Landlord absolutely net without deduction or charge of any nature whatsoever foreseeable or unforeseeable, ordinary or extraordinary, or of any nature, kind or description, except as in this Lease otherwise expressly; provided, however, if the amount or rate of any such levy tax, assessment or charge so levied upon rents or value, shall be increased by reason of any other income, receipts or property owned by Landlord other than the Demised Premises, then and in that event, Tenant shall not be obligated to pay the portion of such increased amount attributable to such other property, but only such levy, tax, assessment or charge as Landlord would be obligated to pay in the event it derived no income from any source other than the Demised Premises.

Section 5.4 Evidence of Payment.

Tenant covenants to furnish Landlord, within thirty (30) days after the date upon which any Imposition or other tax, assessment, levy or charge is payable by Tenant, official receipts of the appropriate taxing authority, or other appropriate proof satisfactory to Landlord, evidencing the payment of the same. The certificate, advice or bill of the appropriate official designated by law to make or issue the same or to receive payment of any Imposition or other tax, assessment, levy or charge may be relied upon by Landlord as sufficient evidence that such Imposition or other tax, assessment, levy or charge is due and unpaid at the time of the making or issuance of such certificate, advice or bill.

Section 5.5 Landlord's Right to Contest Impositions.

In addition to the right of Tenant under Section 5.2 to contest the amount or validity of Impositions, Landlord shall also have the right, but not the obligation, to contest the amount or validity, in whole or in part, of any Impositions not contested by Tenant, by appropriate proceedings conducted in the name of Landlord or in the name of Landlord and Tenant. If Landlord elects to contest the amount or validity, in whole or in part, of any Impositions, such contests by Landlord shall be at Landlord's expense, provided, however, that if the amounts payable by Tenant for Impositions are reduced (or if a proposed increase in such amounts is avoided or reduced) by reason of Landlord's contest of Impositions, Tenant shall reimburse Landlord for costs incurred by Landlord in contesting Impositions, but such reimbursements shall not be in excess of the amount saved by Tenant by reason of Landlord's actions in contesting such Impositions.

ARTICLE VI
INSURANCE

Section 6.1 Tenant's Casualty Insurance Obligations.

Tenant, at its sole cost and expense, shall obtain and continuously maintain in full force and effect during the term of this Lease, commencing with the date that rental (full or partial) commences, policies of insurance covering the Improvements constructed, installed or located on the Demised Premises naming the Landlord, as an additional insured, against (a) loss or damage by fire; (b) loss or damage from such other risks or hazards now or hereafter embraced by an "Extended Coverage Endorsement", including, but not limited to, windstorm, hail, explosion, vandalism, riot and civil commotion, damage from vehicles, smoke damage, water damage and debris removal; (c) loss for flood if the Demised Premises are in a designated flood or flood insurance area; (d) loss for damage by earthquake if the Demised Premises are located in an earthquake-prone area; (e) loss from so-called explosion, collapse and underground hazards; and (f) loss or damage from such other risks or hazards of a similar or dissimilar nature which are now or may hereafter be customarily insured against with respect to improvements similar in construction, design, general location, use and occupancy to the Improvements. At all times, such insurance coverage shall be in an amount equal to one hundred percent (100%) of the then "Full Replacement Cost" of the Improvements. "Full Replacement Cost" shall be interpreted to mean the cost of replacing the improvements without deduction for depreciation or wear and tear, and it shall include a reasonable sum for architectural, engineering, legal, administrative and supervisory fees connected with the restoration or replacement of the Improvements in the event of damage thereto or destruction thereof. If a sprinkler system shall be located in the Improvements, sprinkler leakage insurance shall be procured and continuously maintained by Tenant at Tenant's sole cost and expense. For the period prior to the date the Initial Improvements are Substantially Complete,

Landlord, at its sole cost and expense, shall maintain in full force and effect, on a completed value basis, insurance coverage on the Building on Builder's Risk or other comparable coverage pursuant to Section 2.9 of this Lease.

Section 6.2 Tenant's Liability and Other Insurance Coverage.

During the term of this Lease, Tenant, at its sole cost and expense, shall obtain and continuously maintain in full force and effect the following insurance coverage:

(a) Commercial general liability insurance against any loss, liability or damage on, about or relating to the Demised Premises, or any portion thereof, with limits of not less than Five Million and 00/100 Dollars ($5,000,000.00) combined single limit, per occurrence and aggregate, coverage on an occurrence basis. Any such insurance obtained and maintained by Tenant shall name Landlord as an additional insured therein, as its interest may appear, and shall be obtained and maintained from and with a reputable and financially sound insurance company authorized to issue such insurance in the state in which the Demised Premises are located. Such insurance shall specifically insure (by contractual liability endorsement) Tenant's insurable indemnification obligations provided in this Lease, including, without limitation, those under Section 20.3 and shall expressly state that Tenant's insurance will be provided on a primary and non-contributory basis.

(b) Property insurance upon all of Tenant's Removable Property in an amount equal to the Full Replacement Cost thereof, including any increase in value resulting from increased costs, with coverage against such perils and casualties as are commonly included in "all risk" insurance policies (including sprinkler leakage).

(c) Boiler and pressure vessel (including, but not limited to, pressure pipes, steam pipes and condensation return pipes) insurance, provided the Building contains a boiler or other pressure vessel or pressure pipes. Landlord shall be named as an additional insured in such policy or policies of insurance.

(d) Such other insurance and in such amounts as may from time to time be reasonably required by Landlord, against other insurable hazards which at the time are commonly insured against in the case of similar premises and/or buildings or improvements.

The insurance set forth in this Section 6.2 shall be maintained by Tenant at not less than the limits set forth herein until reasonably required to be changed from time to time by Landlord, in writing, whereupon Tenant covenants to obtain and maintain thereafter such protection in the amount or amounts so required by Landlord.

Section 6.3 Insurance Provisions.

All policies of property insurance required by Section 6.1 shall provide that the proceeds thereof (exclusive of proceeds attributable to Tenant's Removable Property and other property of Tenant) shall be payable to Landlord and Tenant and, if Landlord so requests, shall also be jointly payable to the holder of any mortgages now or hereafter becoming a lien on the fee of the Demised Premises, or any portion thereof, as the interest of such holder appears pursuant to a standard mortgagee clause (provided such holder expressly agrees to disburse the proceeds for the restoration of the Improvements in accordance with the requirements of this Lease). Tenant shall not, on Tenant's own initiative or pursuant to request or requirement of any third party, take out separate insurance concurrent in form or contributing in the event of loss with that required in Section 6.1 hereof, unless Landlord is named therein as an additional insured with loss payable as in this Section 6.3 provided. Tenant shall immediately notify Landlord whenever any such separate insurance is taken out and shall deliver to Landlord original certificates evidencing the same.

Each policy required under this Article VI shall have attached thereto (a) an endorsement that such policy shall not be cancelled or materially changed without at least thirty (30) days prior written notice to Landlord, and (b) an endorsement to the effect that the insurance shall not be invalidated by any act or neglect of Landlord or Tenant. All policies of insurance shall be written in companies reasonably satisfactory to Landlord and licensed in the state in which the Demised Premises are located. Such certificates of insurance shall be in a form reasonably acceptable to Landlord, and shall be delivered to Landlord (i) upon commencement of the Initial Term and (ii) at least twenty (20) days prior to expiration of such policy.

Section 6.4 Waiver of Subrogation.

The parties hereto shall each procure an appropriate clause in, or endorsement on, any property insurance policy on the Demised Premises or any personal property, fixtures or equipment located thereon or therein, pursuant to which the insurer waives subrogation or consents to a waiver of right of recovery in favor of either party, its respective agents or employees. Having obtained such clauses and/or endorsements, each party hereby agrees that it will not make any claim against or seek to recover from the other or its agents or employees for any loss or. damage to its property or the property of others or on account of loss of business resulting from fire or other perils covered or coverable by the insurance coverages required to be carried under this Lease by such waiving party regardless of the cause or origin of such loss or damage, including, but not limited to, the negligence of such other party or its agents or employees.

Section 6.5 Tenant's Additional Insurance Coverage.

Tenant shall maintain insurance coverage (including loss of use and business interruption coverage) upon Tenant's business and upon all personal property of Tenant or the personal property of others kept, stored or maintained on the Demised Premises against loss or damage by fire, windstorm or other casualties or causes for such amount as Tenant may desire, and Tenant agrees that such policies shall contain a waiver of subrogation clause.

Section 6.6 Unearned Premiums.

Upon expiration of the term of this Lease, the unearned premiums upon any insurance policies or certificates thereof lodged with Landlord by Tenant shall, subject to the provisions of Article XIII hereof, be payable to Tenant, provided that Tenant shall not then be in default in keeping, observing or performing the terms and conditions of this Lease.

Section 6.7 Blanket Insurance Coverage.

Nothing in this Article shall prevent Tenant from taking out insurance of the kind and in the amount provided for under the preceding paragraphs of this Article under a blanket insurance policy or policies (certificates thereof reasonably satisfactory to Landlord shall be delivered to Landlord) which may cover other properties owned or operated by Tenant as well as the Demised Premises; provided, however, that any such policy of blanket insurance of the kind provided for shall (a) specify therein the amounts thereof exclusively allocated to the Demised Premises or Tenant shall furnish Landlord and the holder of any fee mortgage with a written statement from the insurers under such policies specifying the amounts of the total insurance exclusively allocated to the Demised Premises, and (b) not contain any clause which would result in the insured thereunder being required to carry any insurance with respect to the property covered thereby in an amount not less than any specific percentage of the Full Replacement Cost of such property in order to prevent the insured therein named from becoming a co-insurer of any loss with the insurer under such policy; and further provided, however, that such policies of blanket insurance shall, as respects the Demised Premises, contain the various provisions required of such an insurance policy by the foregoing provisions of this Article VI.

ARTICLE VII
UTILITIES

Section 7.1 Payment of Utilities.

During the term of this Lease, Tenant will pay, when due, all charges of every nature, kind or description for utilities furnished to the Demised Premises or chargeable against the Demised Premises, including all charges for water, sewage, heat, gas, light, garbage, electricity, telephone, steam, power or other public or private utility services. All charges for utilities or services at the Demised Premises prior to the Commencement Date shall be part of Total Project Costs.

Section 7.2 Additional Charges.

In the event that any charge or fee is required after the Commencement Date by the state in which the Demised Premises are located, or by any agency, subdivision or instrumentality thereof, or by any utility company furnishing services or utilities to the Demised Premises, as a condition precedent to continuing to furnish utilities or services to the Demised Premises, such charge or fee shall be deemed to be a utility charge payable by Tenant. The provisions of this Section 7.2 shall include, but not be limited to, any charges or fees for present or future water or sewer capacity to serve the Demised Premises, any charges for the underground installation of gas or other utilities or services, and other charges relating to the extension of or change in the facilities necessary to provide the Demised Premises with adequate utility services. In the event that Landlord has paid any such charge or fee which accrues after the Commencement Date and was not included in Total Project Costs, Tenant shall reimburse Landlord for such utility charge.

ARTICLE VIII
REPAIRS

Section 8.1 Tenant's Repairs.

Save and except for (i) the one-year guaranty against defective materials and workmanship provided in Section 2.7 hereof, (ii) the completion of the Punchlist Items provided in Section 2.6 hereof and (iii) the obligations of Landlord specifically set forth in Section 8.7 and Section 9.1 hereof, Tenant, at its sole cost and expense, throughout the term of this Lease, shall take good care of the Demised Premises (including any improvements hereafter erected or installed on the Land), and shall keep the same in good order, condition and repair, and subject to Section 8.7 and Section 9.1, shall make and perform all routine maintenance thereof and all necessary repairs thereto, interior and exterior, structural and nonstructural, ordinary and extraordinary, foreseen and unforeseen, of every nature, kind and description. When used in this Article VIII, "repairs" shall include all necessary replacements, renewals, alterations, additions and betterments. All repairs made by Tenant shall be at least equal in quality and cost to the original work and shall be made by Tenant in accordance with all laws, ordinances and regulations whether heretofore or hereafter enacted. The necessity for or adequacy of maintenance and repairs shall be measured by the standards which are appropriate for improvements of similar construction, age and class, provided that Tenant shall in any event make all repairs necessary to avoid any structural damage or other damage or injury to the Improvements.

Section 8.2 Maintenance.

Tenant, at its sole cost and expense, shall take good care of, repair and maintain all driveways, pathways, roadways, sidewalks, curbs, spur tracks, parking areas, loading areas, landscaped areas, entrances and passageways on the Demised Premises in good order and repair and shall promptly remove all accumulated snow and debris (including reasonable treatment of ice) from any and all driveways, pathways, roadways, sidewalks, curbs, parking areas, loading areas, entrances and passageways on the Demised Premises, and keep all portions of the Demised Premises, including areas appurtenant thereto, in a clean and orderly condition, reasonably free of snow, ice, dirt, rubbish, debris and unlawful obstructions.

Section 8.3 Tenant's Waiver of Claims Against Landlord.

Except for Landlord's obligations set forth in Article II and Sections 8.7 and 9.1 of this Lease, Landlord shall not be required to furnish any services or facilities or to make any repairs or alterations in, about or to the Demised Premises or any improvements hereafter erected thereon and Tenant hereby assumes the full and sole responsibility for the condition, operation, repair, replacement, maintenance and management of the Demised Premises and all improvements hereafter erected thereon.

Section 8.4 Prohibition Against Waste.

Tenant shall not do or suffer any waste or damage, disfigurement or injury to the Demised Premises, or any improvements hereafter erected thereon, or to the fixtures or equipment therein, or permit or suffer any overloading

of the floors or other use of the Improvements that would place an undue stress on the same or any portion thereof beyond that for which the same was designed.

Section 8.5 Landlord's Right to Effect Repairs.

If Tenant should fail to perform any of its obligations under this Article VIII, then Landlord may, if it so elects, in addition to any other remedies provided herein, effect such repairs and maintenance. Any sums expended by Landlord in effecting such repairs and maintenance shall be due and payable, on demand, together with interest thereon at the Maximum Rate of Interest from the date of each such expenditure by Landlord to the date of repayment by Tenant.

Section 8.6 Misuse or Neglect.

Tenant shall be responsible for all repairs to the Building which are made necessary by any misuse or neglect by: (i) Tenant or any of its officers, agents, employees, contractors, licensees or subtenants; or (ii) any visitors, patrons, guests or invitees of Tenant or its subtenant while in or upon the Demised Premises.

Section 8.7 Landlord's Repair Obligations.

Notwithstanding anything contained in this Article VIII to the contrary (except for repairs made necessary by damage caused by Tenant), during the term of this Lease, Landlord, at its sole cost and expense (but subject to recovery from Tenant as hereinafter provided), and in a similar manner to similar buildings located in the greater Des Moines, Iowa metropolitan area, shall make any necessary repairs to the foundation of the Building and replacements of all or any portion of the roof of the Building, including the roof membrane. The costs of such repairs or replacements, as applicable, required to be performed by Landlord pursuant to this Section 8.7 shall be amortized over the useful life of the applicable improvement in accordance with generally accepted accounting principles, consistently applied, and Tenant shall pay to Landlord, as Additional Rent, 1/12 th of the annual amortization of such costs each month (such amortization to include the cost thereof plus interest thereon at 2% in excess of the prime rate announced by U.S. Bank National Association in effect at the date of the expenditure) during the remainder of the term of this Lease, as the same may be extended. During the term of this Lease, Tenant shall not allow to be overloaded the roof of the Building and no materials or equipment shall be placed upon the roof of the Building without the prior written consent of Landlord. At any time that any person (other than authorized service personnel in connection with Tenant's service and maintenance contract for the roof) goes upon the roof of the Building or any materials or equipment are placed upon such roof, Tenant shall reasonably notify and allow Landlord or its agent to inspect and approve the roof operation or procedure and shall not take any action affecting the roof without Landlord's approval. After Tenant receives Landlord's written approval of the service company and the service contract maintained by Tenant on the roof, the foregoing shall not prohibit or require notice to Landlord for employees of such service company to access the roof and perform maintenance obligations under such service contract. Notwithstanding anything in this Lease to the contrary, in the event that (i) Tenant at any time subjects the floors of the Building or any part thereof to any load exceeding the live load capacity of such floors or fails to use all reasonable and prudent storage techniques, including, without limitation, even distribution of weight loads, (ii) Tenant acts or fails to act in such a manner as to invalidate, void, nullify, or impair any warranty obtained by Landlord for any component of the Building which is subject to Landlord's repair obligations under this Section 8.7, (iii) Tenant, its agents, employees, contractors, customers or invitees, causes any uninsured structural damage in breach of Tenant's covenants under this Lease, or (iv) Tenant breaches or defaults under any provision of this Lease and as a result thereof, repairs to the Building for which Landlord is responsible under this Lease are made necessary, then the reasonable cost of any resulting repairs shall be immediately due and payable by Tenant as Additional Rent.

ARTICLE IX
COMPLIANCE WITH LAWS AND ORDINANCES

Section 9.1 Compliance with Laws and Ordinances.

Tenant shall throughout the term of this Lease, at Tenant's sole cost and expense, promptly comply or cause compliance with or remove or cure any violation of any and all present and future laws, ordinances, orders, rules, regulations and requirements of all federal, state, municipal and other governmental bodies having jurisdiction over the Demised Premises, including, without limitation, those pertaining to indoor air quality, and the appropriate departments, commissions, boards and officers thereof, and the orders, rules and regulations of the Board of Fire Underwriters where the Demised Premises are situated, or any other body now or hereafter constituted exercising lawful or valid authority over the Demised Premises, or any portion thereof, or the sidewalks, curbs, roadways, alleys, entrances or railroad track facilities adjacent or appurtenant thereto, or exercising authority with respect to the use or manner of use of the Demised Premises, or such adjacent or appurtenant facilities, and whether the compliance, curing or removal of any such violation and the costs and expenses necessitated thereby shall have been foreseen or unforeseen, ordinary or extraordinary, and whether or not the same shall be presently within the contemplation of Landlord or Tenant or shall involve any change of governmental policy, or require structural or extraordinary repairs, alterations or additions by Tenant and irrespective of the costs thereof. Landlord shall deliver the Demised Premises to Tenant with the Initial Improvements in compliance in all material respects with applicable laws and without the need for any grandfathering status, variance or special permit. If any repairs, alterations, replacements or other improvements to the Demised Premises are required to be performed to render the Demised Premises in compliance with applicable laws first enacted or first effective after the Commencement Date (including with regard to the Americans with Disabilities Act) and (i) the cost of such repairs, alterations, replacements or improvements will exceed $125,000.00, (ii) the enactment of such laws was on or after the third anniversary of the Commencement Date and (ii) such laws apply to distribution and light manufacturing facilities generally, and not because of Tenant's specific use of the Demised Premises or Improvements or alterations constructed by Tenant, then such required repairs, alterations, replacements or improvements shall be performed by Landlord, and the costs incurred by Landlord therefor shall be amortized over the useful life of the applicable improvement in accordance with generally accepted accounting principles, consistently applied, and Tenant shall pay to Landlord, as Additional Rent, 1/12th of the annual amortization of such excess costs each month (such amortization to include the cost thereof plus interest thereon at 2% in excess of the prime rate announced by U.S. Bank National Association in effect at the date of the expenditure) during the remainder of the scheduled term of this Lease at such time. Notwithstanding the foregoing, and anything in this Lease to the contrary notwithstanding, if roadway or circulation improvements of the type contemplated by Section 12.11 of the Employer Agreement are required or deemed necessary by any applicable laws, ordinances, orders, rules, regulations or requirements of any applicable governmental authority having jurisdiction over the Demised Premises or otherwise, then Tenant (and not Landlord) shall be responsible for any and all costs and expenses of any nature whatsoever arising from, related thereto or in connection therewith, without any amortization as contemplated by the preceding provisions of this Section 9.1. Tenant shall remain responsible for all other costs of compliance with laws not expressly set forth herein as Landlord's responsibility.

Section 9.2 Compliance with Permitted Encumbrances.

Tenant, at its sole cost and expense, shall comply with all agreements, contracts, easements, restrictions, reservations or covenants of record as of the date of this Lease, or hereafter created by Tenant or consented to, in writing, by Tenant or requested, in writing, by Tenant. Tenant shall also comply with, observe and perform all provisions and requirements of all policies of insurance at any time in force with respect to the Demised Premises and required to be obtained and maintained under the terms of Article VI hereof and shall comply with all development permits issued by governmental authorities issued in connection with development of the Demised Premises.

Section 9.3 Tenant's Obligations.

Notwithstanding that it may be usual and customary for Landlord to assume responsibility and performance of any or all of the obligations set forth in this Article IX, and notwithstanding any order, rule or regulation directed to Landlord to perform, Tenant hereby assumes such obligations because, by nature of this Lease, the rents and income

derived from this Lease by Landlord are net rentals not to be diminished by any expense incident to the ownership, occupancy, use, leasing or possession of the Demised Premises or any portion thereof, except as otherwise expressly set forth in this Lease.

Section 9.4 Tenant's Right to Contest Laws and Ordinances.

After prior written notice to Landlord, Tenant, at its sole cost and expense and without cost or expense to Landlord, shall have the right to contest the validity or application of any law or ordinance referred to in this Article IX in the name of Tenant or Landlord, or both, by appropriate legal proceedings diligently conducted but only if compliance with the terms of any such law or ordinance pending the prosecution of any such proceeding may legally be delayed without the incurrence of any lien, charge or liability of any kind against the Demised Premises, or any portion thereof, and without subjecting Landlord or Tenant to any liability, civil or criminal, for failure so to comply therewith until the final determination of such proceeding; provided, however, if any lien, charge or civil liability would be incurred by reason of any such delay, Tenant nevertheless, on the prior written consent of Landlord, may contest as aforesaid and delay as aforesaid, provided that such delay would not subject Tenant or Landlord to criminal liability and Tenant (a) furnishes Landlord security, reasonably satisfactory to Landlord, against any loss or injury by reason of any such contest or delay, (b) prosecutes the contest with due diligence and in good faith, and (c) agrees to indemnify, defend and hold harmless Landlord and the Demised Premises from any charge, liability or expense whatsoever. The security furnished to Landlord by Tenant shall be in the form of a cash deposit or a certificate of deposit issued by a national bank or federal savings and loan association payable to Landlord. Said deposit shall be held, administered and distributed in accordance with the provisions of Section 5.2 hereof relating to the contest of the amount or validity of any Imposition.

If necessary or proper to permit Tenant so to contest the validity or application of any such law or ordinance, Landlord shall, at Tenant's sole cost and expense, including reasonable attorneys' fees incurred by Landlord, execute and deliver any appropriate papers or other documents; provided, however, Landlord shall not be required to execute any document or consent to any proceeding which would result in the imposition of any cost, charge, expense or penalty on Landlord or the Demised Premises.

Section 9.5 Compliance with Hazardous Materials Laws.

Tenant shall at all times and in all respects comply with all federal, state and local laws, ordinances and regulations relating to the industrial hygiene, environmental protection or the use, analysis, generation, manufacture, storage, presence, disposal or transportation of any oil, petroleum products, flammable explosives, asbestos, urea formaldehyde, polychlorinated biphenyls, radioactive materials or waste, or other hazardous, toxic, contaminated or polluting materials, substances or wastes (" **Hazardous Materials Laws** "), including without limitation any "hazardous substances", "hazardous wastes", "hazardous materials" or "toxic substances" as so defined under any such Hazardous Materials Laws (collectively, " **Hazardous Materials** ").

Tenant shall at its own expense procure, maintain in effect and comply with all conditions of any and all permits, licenses and other governmental and regulatory approvals required for Tenant's use of the Demised Premises, including, without limitation, discharge of (appropriately treated) materials or waste into or through any sanitary sewer system serving the Demised Premises. Except as discharged into the sanitary sewer in strict accordance and conformity with all applicable Hazardous Materials Laws, Tenant shall cause any and all Hazardous Materials used, stored or generated by Tenant to be removed from the Demised Premises and transported solely by duly licensed haulers to duly licensed facilities for final disposal of such Hazardous Materials and wastes. Tenant shall in all respects, handle, treat, deal with and manage any and all Hazardous Materials in, on, under or about the Demised Premises in complete conformity with all applicable Hazardous Materials Laws and prudent industry practices regarding the management of such Hazardous Materials. All reporting obligations to the extent imposed upon Tenant by Hazardous Materials Laws are solely the responsibility of Tenant. Upon expiration or earlier termination of this Lease, Tenant shall cause all Hazardous Materials, but only if and to the extent such Hazardous Materials were generated, stored, released or disposed of on the Demised Premises during the term of this Lease by Tenant or any of Tenant's agents, employees, contractors, subtenants, assignees or invitees, to be removed from the Demised Premises and transported for use, storage or disposal in accordance and in compliance with all applicable Hazardous Materials Laws. Unless expressly required by applicable laws, including Hazardous Materials Laws, Tenant shall not take any remedial action in response to the presence of any Hazardous Materials in, on, about or

under the Demised Premises or in any Improvements situated on the Land, nor enter into any settlement agreement, consent, decree or other compromise in respect to any claims relating to any way connected with the Demised Premises or the Improvements on the Land without first notifying Landlord of Tenant's intention to do so and affording Landlord ample opportunity to appear, intervene or otherwise appropriately assert and protect Landlord's interest with respect thereto. In addition, at Landlord's request, at the expiration of the term of this Lease, Tenant shall remove all tanks or fixtures which were placed on the Demised Premises during the term of this Lease by Tenant and which contain, have contained or are contaminated with, Hazardous Materials.

Tenant shall promptly notify Landlord in writing of (a) any enforcement, clean-up, removal or other governmental or regulatory action instituted, completed or threatened pursuant to any Hazardous Materials Laws; (b) any claim made or threatened by any person against Tenant, or the Demised Premises, relating to damage, contribution, cost recovery, compensation, loss or injury resulting from or claimed to result from any Hazardous Materials; and (c) any reports made to any environmental agency arising out of or in connection with any Hazardous Materials in, on or about the Demised Premises or with respect to any Hazardous Materials removed from the Demised Premises, including, any complaints, notices, warnings, reports or asserted violations in connection therewith. Tenant shall also provide to Landlord, as promptly as possible, and in any event within five (5) business days after Tenant first receives or sends the same, copies of all claims, reports, complaints, notices, warnings or asserted violations relating in any way to the Demised Premises or Tenant's use thereof. Upon written request of Landlord (to enable Landlord to defend itself from any claim or charge related to any Hazardous Materials Law), Tenant shall promptly deliver to Landlord notices of hazardous waste manifests reflecting the legal and proper disposal of all such Hazardous Materials removed or to be removed from the Demised Premises. All such manifests shall list the Tenant or its agent as a responsible party and in no way shall attribute responsibility for any such Hazardous Materials to Landlord. Landlord shall promptly notify Tenant in writing of (i) any enforcement, cleanup, removal or other governmental or regulatory action instituted, completed or threatened pursuant to any Hazardous Materials Laws with respect to the Demised Premises; (ii) any claim made or threatened by any person against Landlord, or the Demised Premises, relating to damage, contribution, cost recovery, compensation, loss or injury resulting from or claimed to result from any Hazardous Materials with respect to the Demised Premises; and (iii) any reports made to any environmental agency arising out of or in connection with any Hazardous Materials in, on or about the Demised Premises or with respect to any Hazardous Materials removed from the Demised Premises, including, any complaints, notices, warnings, reports or asserted violations in connection therewith. Landlord shall also provide to Tenant, as promptly as possible, and in any event within five (5) business days after Landlord first receives or sends the same, copies of all claims, reports, complaints, notices, warnings or asserted violations relating in any way to the Demised Premises or Landlord's ownership thereof.

Section 9.6 Hazardous Materials Representation and Indemnification by Landlord.

To Landlord's knowledge, Landlord is not aware of any Hazardous Materials which exist or are located on or in the Demised Premises, except as may be disclosed in that certain Phase I Environmental Site Assessment prepared by Terracon Consultants, Inc., as its Project No. 08077748 and dated October 23, 2007. Further, Landlord represents to Tenant that, to the best of its knowledge, Landlord has not caused the generation, storage or release of Hazardous Materials upon the Demised Premises, except in accordance with Hazardous Materials Laws. Landlord agrees to indemnify, defend and hold harmless Tenant from and against all claims, liabilities, damages (excluding special, consequential, punitive, incidental and similar type damages except to the extent claimed by any third party), costs, losses and expenses (including, but not limited to, reasonable attorneys' fees and engineering fees) to the extent caused by (i) the existence of any Hazardous Materials at the Demised Premises in violation of applicable Hazardous Materials Laws as a result of Landlord's construction of the Initial Improvements, and (ii) any breach by Landlord of any of its representations in this Section 9.6; provided, however, in case any claim, action, suit or proceeding shall be brought against Tenant and such matter is subject to Landlord's indemnification as provided above, Tenant shall promptly notify Landlord of the same in sufficient time to avoid any prejudice to Landlord and Tenant shall tender defense of any such claim to Landlord, who shall have the right to assume and control the defense thereof with counsel of its own selection, and Landlord shall have the right to control any resulting remediation. If Landlord is required to take any action with respect to Hazardous Materials in accordance with the foregoing provisions of this Section 9.6, then Landlord's obligations shall include, without limitation, and whether foreseeable or unforeseeable, all costs of any required or necessary repairs, clean-up or detoxification or decontamination of the Demised Premises or the Initial Improvements, and the presence and implementation of any closure, remedial action or other required plans in connection therewith, in each case if, as and to the extent required

by applicable Hazardous Materials Laws, and such obligations shall survive the expiration or earlier termination of the term of this Lease. For purposes of the indemnity provided herein, any acts or omissions of Landlord, or its employees, agents, contractors or sub-contractors (whether or not they are negligent, intentional, willful or unlawful) shall be strictly attributable to Landlord, but not any contamination caused by trespassers or other migratory contamination.

Section 9.7 Cost of Compliance with Hazardous Materials Laws.

Provisions of Sections 9.5 and 9.6 notwithstanding, Tenant shall be responsible only for that part of the cost of compliance with Hazardous Materials Laws which relates to a breach by Tenant of the covenants contained in this Lease to be kept and performed by Tenant, including but not limited to the covenants contained in Section 9.5. Landlord shall be responsible only for that part of the cost of compliance with Hazardous Materials Laws which relates to a breach by Landlord of the covenants contained in this Lease, including but not limited to the covenants contained in Section 9.6.

Section 9.8 Discovery of Hazardous Materials.

In the event (a) Hazardous Materials are discovered upon the Demised Premises, (b) Landlord has been given written notice of the discovery of such Hazardous Materials, and (c) pursuant to the provisions of Section 9.7, neither Landlord nor Tenant is obligated to pay the cost of compliance with Hazardous Materials Laws, then and in that event Landlord may voluntarily but shall not be obligated to agree with Tenant to take all action necessary to bring the Demised Premises into compliance with Hazardous Materials Laws at Landlord's sole cost. In the event Landlord fails to notify Tenant in writing within thirty (30) days of the notice to Landlord of the discovery of such Hazardous Materials that Landlord intends to voluntarily take such action as is necessary to bring the Demised Premises into compliance with Hazardous Materials Laws, then Tenant as its sole and exclusive right and remedy therefor may (i) bring the Demised Premises into compliance with Hazardous Materials Laws at Tenant's sole cost or (ii) provided such Hazardous Materials endanger persons or property in, on or about the Demised Premises or materially interfere with Tenant's use of the Demised Premises, terminate this Lease on a date not less than ninety (90) days following written notice of such intent to terminate.

Section 9.9 Indemnification.

Tenant agrees to indemnify, defend (with counsel reasonably acceptable to Landlord), protect and hold harmless Landlord and each of Landlord's officers, directors, partners, employees, agents, attorneys, successors and assigns from and against any and all claims, liabilities, damages, costs, penalties, forfeitures, losses or expenses (including attorneys' fees) for death or injury to any person or damage to any property whatsoever (including water tables and atmosphere) arising or resulting in whole or in part, directly or indirectly, from the presence or discharge of Hazardous Materials, in, on, under, upon or from the Demised Premises or the Improvements located thereon or from the transportation or disposal of Hazardous Materials to or from the Demised Premises in each case to the extent caused by Tenant or its employees, agents, customers, sublessees, assignees, contractors or subcontractors, whether knowingly or unknowingly, the standard herein being one of strict liability with respect to contamination caused by Tenant or its employees, agents, customers, sublessees, assignees, contractors or subcontractors and not with respect to contamination caused by trespassers or other migratory contamination. Tenant's obligations hereunder shall include, without limitation, and whether foreseeable or unforeseeable, all costs of any required or necessary repairs, clean-up or detoxification or decontamination of the Demised Premises or the Improvements, and the presence and implementation of any closure, remedial action or other required plans in connection therewith, in each case if, as and to the extent required by applicable Hazardous Materials Laws, and shall survive the expiration of or early termination of the term of this Lease. For purposes of the indemnity provided herein, any acts or omissions of Tenant, or any employees, agents, customers, sublessees, assignees, contractors or subcontractors of Tenant (whether or not they are negligent, intentional, willful or unlawful) shall be strictly attributable to Tenant.

Section 9.10 Environmental Audits.

Upon request by Landlord not earlier than three hundred sixty (360) days prior to the expiration of this Lease, prior to vacating the Demised Premises, Tenant shall undertake and submit to Landlord an environmental site assessment (commonly referred to as a " **Phase I** ") from an environmental company reasonably acceptable to Landlord, which

assessment shall evidence Tenant's compliance with this Article IX. If such assessment recommends further investigation or testing (commonly referred to as a " **Phase II** "), Tenant shall undertake and submit to Landlord such further investigation or testing from an environmental company reasonably acceptable to Landlord and, if such investigation or testing reveals that Tenant has violated the foregoing provisions of this Article IX, Tenant shall cause the applicable Hazardous Materials to be removed from the Demised Premises as provided above and shall remediate any Hazardous Materials in accordance with applicable Hazardous Materials Laws.

Section 9.11 Acts or Omissions Regarding Hazardous Materials.

For purposes of the covenants and agreements contained in Sections 9.5 through 9.10, inclusive, any acts or omissions of Tenant, its employees, agents, customers, sublessees, assignees, contractors or sub-contractors (except Contractor, Landlord and its sub-contractors providing the Improvements) shall be strictly attributable to Tenant; any acts or omissions of Landlord, its employees, agents, customers, assignees, contractors or sub-contractors shall be strictly attributable to Landlord.

Section 9.12 Survival.

The respective rights and obligations of Landlord and Tenant under this Article IX shall survive the expiration or earlier termination of this Lease.

ARTICLE X
MECHANIC'S LIENS AND OTHER LIENS

Section 10.1 Freedom from Liens.

Except with respect to liens for which Landlord is responsible under this Lease, Tenant shall not suffer or permit any mechanic's lien or other lien to be filed against the Demised Premises, or any portion thereof, by reason of work, labor, skill, services, equipment or materials supplied or claimed to have been supplied to the Demised Premises at the request of Tenant, or anyone holding the Demised Premises, or any portion thereof, through or under Tenant. If any such mechanic's lien or other lien shall at any time be filed against the Demised Premises, or any portion thereof, Tenant shall cause the same to be discharged of record within thirty (30) days after the date of filing the same. If Tenant shall fail to discharge such mechanic's lien or liens or other lien within such period, then, in addition to any other right or remedy of Landlord, after five (5) days prior written notice to Tenant, Landlord may, but shall not be obligated to, discharge the same by paying to the claimant the amount claimed to be due or by procuring the discharge of such lien as to the Demised Premises by deposit in the court having jurisdiction of such lien, the foreclosure thereof or other proceedings with respect thereto, of a cash sum sufficient to secure the discharge of the same, or by the deposit of a bond or other security with such court sufficient in form, content and amount to procure the discharge of such lien, or in such other manner as is now or may in the future be provided by present or future law for the discharge of such lien as a lien against the Demised Premises. Any amount paid by Landlord, or the value of any deposit so made by Landlord, together with all costs, fees and expenses in connection therewith (including reasonable attorneys' fees of Landlord), together with interest thereon at the Maximum Rate of Interest set forth in Section 3.5 hereof, shall be repaid by Tenant to Landlord on demand by Landlord and if unpaid may be treated as Additional Rent. Tenant shall indemnify, defend and hold harmless Landlord and the Demised Premises, and any portion thereof, from all losses, costs, damages, expenses, liabilities, suits, penalties, claims, demands and obligations, including, without limitation, reasonable attorneys' fees resulting from the assertion, filing, foreclosure or other legal proceedings with respect to any such mechanic's lien or other lien.

Section 10.2 Landlord's Indemnification.

The provisions of Section 10.1 above shall not apply to any mechanic's lien or other lien for labor, services, materials, supplies, machinery, fixtures or equipment furnished to the Demised Premises in the performance of Landlord's obligations to construct the Improvements required by the provisions of Article II hereof, and Landlord does hereby agree to indemnify, defend and hold harmless Tenant and the Demised Premises, and any portion thereof, from all losses, costs, damages, expenses, liabilities and obligations, including, without limitation,

reasonable attorneys' fees resulting from the assertion, filing, foreclosure or other legal proceedings with respect to any such mechanic's lien or other lien.

Section 10.3 Removal of Liens.

Except as otherwise provided for in this Article X, Tenant shall not create, permit or suffer, and shall promptly discharge and satisfy of record, any other lien, encumbrance, charge, security interest or other right or interest which shall be or become a lien, encumbrance, charge or security interest upon the Demised Premises, or any portion thereof, or the income therefrom, or on the interest of Landlord or Tenant in the Demised Premises, or any portion thereof, save and except for those liens, encumbrances, charges, security interests or other rights or interests consented to, in writing, by Landlord, or those mortgages, assignments of rents, assignments of leases and other mortgage documentation placed thereon by Landlord in financing or refinancing the Demised Premises.

ARTICLE XI
INTENT OF PARTIES

Section 11.1 Net Lease.

Landlord and Tenant do each state and represent that it is the intention of each of them that this Lease be interpreted and construed as a net lease and, except as otherwise expressly set forth in this Lease and except for Landlord's express obligations under this Lease, all Basic Rent and Additional Rent shall be paid by Tenant to Landlord without abatement, deduction, diminution, deferment, suspension, reduction or setoff, and the obligations of Tenant shall not be affected by reason of damage to or destruction of the Demised Premises from whatever cause (except as expressly provided in this Lease); nor shall the obligations of Tenant be affected by reason of any condemnation, eminent domain or like proceedings (except as expressly provided in this Lease); nor shall the obligations of Tenant be affected by reason of any other cause whether similar or dissimilar to the foregoing or by any laws or customs to the contrary. It is the further express intent of Landlord and Tenant that the obligations of Landlord and Tenant hereunder shall be separate and independent covenants and agreements and that the Basic Rent and Additional Rent, and all other charges and sums payable by Tenant hereunder, shall commence at the times provided herein and shall continue to be payable in all events unless the obligations to pay the same shall be terminated pursuant to an express provision in this Lease.

Section 11.2 Entry by Landlord.

If Tenant shall at any time fail to pay any Imposition in accordance with the provisions of Article V, or to take out, pay for, maintain and deliver any of the insurance policies or certificates of insurance provided for in Article VI, or shall fail to make any other payment or perform any other act on its part to be made or performed, then Landlord, after prior written notice to Tenant as provided in Section 12.1 (or without notice in case of emergency), and without waiving or releasing Tenant from any obligation of Tenant contained in this Lease, may, but shall be under no obligation to do so, (a) pay any Imposition payable by Tenant pursuant to the provisions of Article V; (b) take out, pay for and maintain any of the insurance policies provided for in this Lease; or (c) make any other payment or perform any other act on Tenant's part to be paid or performed as in this Lease provided, and Landlord may enter upon the Demised Premises for any such purpose and take all such action therein or thereon as may be necessary therefor. Nothing herein contained shall be deemed as a waiver or release of Tenant from any obligation of Tenant contained in this Lease.

Section 11.3 Interest on Unpaid Amounts.

If Tenant shall fail to perform any act required of it, Landlord may perform the same, but shall not be required to do so, in such manner and to such extent as Landlord may deem necessary or desirable, and in exercising any such right to employ counsel and to pay necessary and incidental costs and expenses, including reasonable attorneys' fees. All sums so paid by Landlord and all necessary and incidental costs and expenses, including reasonable attorneys' fees, in connection with the performance of any such act by Landlord, together with interest thereon at the Maximum Rate of Interest provided in Section 3.5 hereof from the date of making such expenditure by Landlord, shall be deemed Additional Rent hereunder and, except as is otherwise expressly provided herein, shall be payable

to Landlord on demand or, at the option of Landlord, may be added to any monthly rental then due or thereafter becoming due under this Lease, and Tenant covenants to pay any such sum or sums, with interest as aforesaid, and Landlord shall have, in addition to any other right or remedy of Landlord, the same rights and remedies in the event of nonpayment thereof by Tenant as in the case of default by Tenant in the payment of monthly Basic Rent.

ARTICLE XII
DEFAULTS; REMEDIES

Section 12.1 Events of Default.

The occurrence of any of the following shall constitute a default and breach of this Lease by Tenant (hereafter an " **Event of Default** "):

12.1.1. Vacation; Abandonment. If Tenant abandons or vacates the Demised Premises in violation of the terms of the Employer Agreement.

12.1.2. Failure to Pay. If Tenant fails to pay Rent or any other charge as and when due where such failure continues for ten (10) days after written notice thereof by Landlord to Tenant;

12.1.3. Failure to Perform. If Tenant fails to perform any of Tenant's nonmonetary obligations under this Lease for a period of thirty (30) days after written notice from Landlord; provided that if more time is required to complete such performance, Tenant shall not be in default if Tenant commences such performance within the thirty (30)-day period and thereafter diligently and continuously pursues its completion.

12.1.4. Other Defaults. (i) If Tenant makes a general assignment or general arrangement for the benefit of creditors; (ii) a petition for adjudication of bankruptcy or for reorganization or rearrangement is filed by or against Tenant and is not dismissed within thirty (30) days; (iii) if a trustee or receiver is appointed to take possession of substantially all of Tenant's assets located at the Demised Premises or of Tenant's interest in this Lease and possession is not restored to Tenant within thirty (30) days; or (iv) if substantially all of Tenant's assets located at the Demised Premises or of Tenant's interest in this Lease is subjected to attachment, execution or other judicial seizure which is not discharged within thirty (30) days.

The notices required by this Section are intended to satisfy any and all notice requirements imposed by law on Landlord and are not in addition to any such requirement.

Section 12.2 Remedies.

On the occurrence of any Event of Default by Tenant, Landlord may, at any time thereafter, with or without notice or demand and without limiting Landlord in the exercise of any right or remedy which Landlord may have:

(a) Terminate this Lease, or terminate Tenant's right to possession of the Demised Premises without terminating this Lease, and in either event Tenant shall immediately surrender the Demised Premises to Landlord, and if Tenant fails to do so, Landlord may, without prejudice to any other remedy which it may have for possession or arrearage in rental, enter upon and take possession of the Demised Premises and expel or remove Tenant and any other person who may be occupying the Demised Premises or any part thereof, by any lawful means, without being liable for prosecution or any claim of damages therefor.

(b) Pay any amount required to be paid by Tenant, or perform any obligation to be performed by Tenant, and to do so, enter upon the Demised Premises, by force if necessary, without being liable for prosecution or any claim for damages therefor, and Tenant shall reimburse Landlord on demand for any expenses which Landlord may incur in so paying or performing Tenant's obligations under this Lease, together with interest on such expenses at the Maximum Rate of Interest until Tenant makes full payment of all amounts owing to Landlord at the time of said payment.

(c) If this Lease is terminated by reason of an Event of Default, Tenant shall be liable for and shall pay to Landlord the sum of all rental and other indebtedness accrued to date of such termination, plus, as damages, an amount equal to the present value of the excess, if any, of (1) the total rental (Basic Rent and Additional Rent for the remaining portion of the term (had the term not been terminated prior to the date of expiration stated in Article I)), over (2) the fair market rental value of the Demised Premises for the remaining portion of the term, discounted at a rate of 6% per annum. It is agreed by the parties that the actual damages which might be sustained by Landlord by reason of Tenant's default hereunder are uncertain and difficult to ascertain, and that the foregoing measure of damages is fair and reasonable.

(d) If Tenant's right to possession of the Demised Premises is terminated, without termination of the Lease, Tenant shall be liable for and shall pay to Landlord all rental and other required payments accrued to the date of termination of possession, plus all rental and other required payments for and during the remainder of the term, as such rental and other payments become due, diminished by any net sums thereafter received by Landlord through reletting the Demised Premises during said period (after deducting expenses incurred by Landlord as described in Section 12.1.5(e)). In no event shall Tenant be entitled to any excess of any rental obtained by reletting over and above the rental herein reserved. Actions to collect amounts due by Tenant to Landlord may be brought from time to time, on one or more occasions, without the necessity of Landlord's waiting until expiration of the term. Notwithstanding any such reletting without termination, Landlord may at any time thereafter terminate this Lease for any prior breach or default.

(e) In case of any Event of Default, Tenant shall also be liable for and shall pay to Landlord, in addition to amounts provided to be paid above, all expenses in connection with reletting the Demised Premises, including, without limitation, all repossession costs, brokerage commissions, reasonable alteration costs and expenses of preparation for an actual reletting for a similar use, including reasonable attorneys' fees.

(f) In the event of termination of this Lease or repossession of the Demised Premises, Landlord may relet the whole or any portion of the Demised Premises for any period, to any tenant, and for any use and purpose. Anything herein to the contrary notwithstanding, Landlord shall have no duty to mitigate its damages except to the extent required by Iowa state statutes.

(g) Landlord's exercise of any right or remedy shall not prevent it from exercising any other right or remedy.

Section 12.3 Legal Costs.

Tenant shall reimburse Landlord, upon demand, for any reasonable costs or expenses incurred by Landlord in connection with any breach or default of Tenant under this Lease, whether or not suit is commenced or judgment entered. Such costs shall include reasonable legal fees and costs incurred for the negotiation of a settlement, enforcement of rights or otherwise. Tenant shall also indemnify, protect, defend and hold harmless Landlord from ail costs, expenses, demands and liability (including, without limitation, attorneys' fees and costs, including attorneys' fees as a result of the enforcement of this indemnity) incurred by Landlord if Landlord becomes or is made a party to any claim or action (a) instituted by any third party against Tenant, or by or against any person holding any interest under or using the Demised Premises by license of or agreement with Tenant; (b) for foreclosure of any lien for labor or material furnished to or for Tenant or such other person; (c) other wise arising out of or resulting from any act or transaction of Tenant or such other person; or (d) necessary to protect Landlord's interest under this Lease in a bankruptcy proceeding, or other proceeding under Title 11 of the United States Code, as amended. Tenant shall defend Landlord against any such claim or action at Tenant's expense with counsel reasonably acceptable to Landlord. For all purposes of this Lease, the counsel selected by Tenant's insurance carrier is deemed acceptable to Landlord.

Section 12.4 Landlord's Default.

Subject to the conditions and limitations of Section 16.2 hereof, if Landlord breaches any of its obligations hereunder and such breach remains uncured for a period of thirty (30) days after written notice from Tenant

(provided such thirty-day period shall be extended so long as Landlord commences the cure of such breach within such thirty-day period and thereafter diligently and continuously pursues completion of the cure), then Landlord shall be in default hereunder and Tenant shall have the right to pursue any and all of Tenant's rights and remedies under this Lease, at law or in equity. Landlord shall reimburse Tenant, upon demand, for any reasonable costs or expenses incurred by Tenant in connection with any default of Landlord under this Lease, whether or not suit is commenced or judgment entered. Such costs shall include legal fees and costs incurred for the negotiation of a settlement, enforcement of rights or otherwise. In addition to Tenant's other rights on account of a Landlord default under this Lease, if Landlord shall fail to perform repairs or replacements for which Landlord is responsible pursuant to Section 8.7 or Section 9.1 of this Lease within thirty (30) days following Tenant's notice of such failure or, in the case of an emergency, such shorter period as is reasonable under the circumstances, or if more time is required to complete such performance, Landlord shall have failed to commence performance of such services or repairs within thirty (30) days following Tenant's notice or thereafter fail to diligently prosecute the same to completion, and the repairs or replacements are of such a nature that the nonperformance thereof by the expiration of such time period shall materially and adversely affect Tenant's ability to occupy and operate its business in the Premises, then Tenant may, after five (5) additional business days' prior written notice given to Landlord (and any mortgagee of which Tenant has been notified of the name and address) (except in the case of an emergency as aforesaid, in which event only notice practical under the circumstances shall be required) make such reasonable repairs or perform such replacements, and Landlord shall reimburse Tenant for the cost thereof within thirty (30) days following Landlord's receipt of invoices or other evidence reasonably substantiating Tenant's payment of such costs (provided Tenant shall remain obligated to pay such amounts, as amortized, as provided in Section 8.7 or Section 9.1, as applicable). In the event Landlord fails to reimburse Tenant as provided above within thirty (30) days after written demand therefor by Tenant to Landlord (and any mortgagee of which Tenant has been notified of the name and address), and provided Tenant has afforded Landlord and Landlord's mortgagee (of which Tenant has been notified of the name and address) all notices and cure periods set forth herein prior to such action, and in the event such failure to reimburse continues more than five (5) business days after a second notice to Landlord and such mortgagee, then Tenant may deduct such sums from the next installment(s) of Basic Rent under this Lease (not to exceed ten percent (10%) of the Basic Rent due in any month). If Tenant elects to exercise its right to make such repairs or perform such replacements as provided in this Section 12.3, such remedy shall be Tenant's sole remedy with respect to Landlord's failure to perform such repair or replacement.

Section 12.5 No Waiver.

No failure by Landlord or by Tenant to insist upon the performance of any of the terms of this Lease or to exercise any right or remedy upon a breach thereof, and no acceptance by Landlord of full or partial rent from Tenant or any third party during the continuance of any such breach, shall constitute a waiver of any such breach or of any of the terms of this Lease. None of the terms of this Lease to be kept, observed or performed by Landlord or by Tenant, and no breach thereof, shall be waived, altered or modified except by a written instrument executed by Landlord and/or by Tenant, as the case may be. No waiver of any breach shall affect or alter this Lease, but each of the terms of this Lease shall continue in full force and effect with respect to any other then existing or subsequent breach of this Lease. No waiver of any default of Tenant herein shall be implied from any omission by Landlord to take any action on account of such default, if such default persists or is repeated and no express waiver shall affect any default other than the default specified in the express waiver and that only for the time and to the extent therein stated. One or more waivers by Landlord shall not be construed as a waiver of a subsequent breach of the same covenant, term or condition. No statement on a payment check from Tenant or in a letter accompanying a payment check shall be binding on Landlord. Landlord may, with or without notice to Tenant, negotiate such check without being bound to the conditions of such statement.

Section 12.6 Waiver by Tenant.

Tenant hereby waives all claims by Landlord's re-entering and taking possession of the Demised Premises and removing and storing the property of Tenant as permitted under this Lease and will save Landlord harmless from all losses, costs or damages occasioned Landlord thereby. No such reentry shall be considered or construed to be a forcible entry by Landlord.

ARTICLE XIII
DESTRUCTION AND RESTORATION

Section 13.1 Destruction and Restoration.

Tenant covenants and agrees that in case of damage to or destruction of the Improvements after the Commencement Date of the term of this Lease, by fire or otherwise, Tenant, at its sole cost and expense, shall promptly restore, repair, replace and rebuild the same as nearly as possible to the condition that the same were in immediately prior to such damage or destruction with such changes or alterations (made in conformity with Article XIX hereof) as may be reasonably acceptable to Landlord or required by law. Tenant shall forthwith give Landlord written notice of such damage or destruction upon the occurrence thereof and specify in such notice, in reasonable detail, the extent thereof. Such restoration, repairs, replacements, rebuilding, changes and alterations, including the cost of temporary repairs for the protection of the Demised Premises, or any portion thereof, pending completion thereof are sometimes hereinafter referred to as the " **Restoration** ". The Restoration shall be carried on and completed in accordance with the provisions and conditions of Section 13.2 and Article XIX hereof. If the net amount of the insurance proceeds (after deduction of all costs, expenses and fees related to recovery of the insurance proceeds) recovered and held by Landlord and Tenant as co-trustees is reasonably deemed insufficient by Landlord to complete the Restoration of such improvements (exclusive of Tenant's personal property and trade fixtures which shall be restored, repaired or rebuilt out of Tenant's separate funds), Tenant shall, upon request of Landlord, deposit with Landlord and Tenant, as co-trustees, a cash deposit equal to the reasonable estimate of the amount necessary to complete the Restoration of such improvements less the amount of such insurance proceeds available. Tenant's Restoration obligation shall be limited to Restoration of the Initial Improvements. If the Demised Premises shall be damaged or destroyed by fire or other casualty during the final year of the Term and Restoration is expected to require more than six (6) months to perform, then Tenant may terminate the Term of this Lease by written notice to Landlord within thirty (30) days after such fire or other casualty, time being of the essence. In the event of any termination of the Term of this Lease pursuant to the provisions of this Section 13.1, the termination shall become effective on the day of such damage or destruction, provided (x) Tenant shall remain obligated to pay all Basic Rent and Impositions that would have accrued under this Lease for the balance of the scheduled Term absent such termination and (y) Tenant shall comply with all laws, rules regulation and ordinances with respect to the Demised Premises and shall promptly raze to grade any buildings or other Improvements that have been damaged or destroyed, remove all debris and screen from view all damaged structures, and return the Demised Premises to a neat and orderly condition.

Section 13.2 Application of Insurance Proceeds.

All insurance monies recovered and held by Landlord and Tenant as co-trustees on account of such damage or destruction, less the costs, if any, to Landlord of such recovery, shall be applied to the payment of the costs of the Restoration and shall be paid out from time to time as the Restoration progresses within thirty (30) days following the written request of Tenant, accompanied by a certificate of the architect or a qualified professional engineer in charge of the Restoration stating that as of the date of such certificate (a) the sum requested is justly due to the contractors, subcontractors, materialmen, laborers, engineers, architects or persons, firms or corporations furnishing or supplying work, labor, services or materials for such Restoration, or is justly required to reimburse Tenant for any expenditures made by Tenant in connection with such Restoration, and when added to all sums previously paid out by Landlord does not exceed the value of the Restoration performed to the date of such certificate by all of said parties; (b) except for the amount, if any, stated in such certificate to be due for work, labor, services or materials, there is no outstanding indebtedness known to the person signing such certificate, after due inquiry, which is then due for work, labor, services or materials in connection with such Restoration, which, if unpaid, might become the basis of a mechanic's lien or similar lien with respect to the Restoration or a lien upon the Demised Premises, or any portion thereof; and (c) the costs, as estimated by the person signing such certificate, of the completion of the Restoration required to be done subsequent to the date of such certificate in order to complete the Restoration do not exceed the sum of the remaining insurance monies, plus the amount deposited by Tenant, if any, remaining in the hands of Landlord after payment of the sum requested in such certificate. In the event of termination of the Term of this Lease pursuant to Section 13.1 above, and provided Tenant complies with the requirements of said Section 13.1, Tenant shall be entitled to the insurance proceeds attributable to Tenant's personalty and inventory, Tenant's Removable Property, the unamortized value of the Improvements not paid for by Landlord and the reasonable amounts, if any, incurred by Tenant in the demolition and removal of the Improvements as provided in Section 13.1

(in each case, subject to independent verification by Landlord), and (b) Landlord shall be entitled to the balance of any insurance proceeds payable in connection with damage to or destruction of the Improvements, Tenant hereby agreeing to assign any such insurance proceeds to Landlord. Tenant shall retain the proceeds of all insurance maintained by Tenant and allocable to Tenant's Removable Property, without claim by Landlord.

Tenant shall furnish Landlord, at the time of any such payment, evidence reasonably satisfactory to Landlord that there are no unpaid bills in respect to any work, labor, services or materials performed, furnished or supplied in connection with such Restoration. Landlord and Tenant as co-trustees shall not be required to pay out any insurance monies where Tenant fails to supply satisfactory evidence of the payment of work, labor, services or materials performed, furnished or supplied, as aforesaid. If the insurance monies in the hands of Landlord and Tenant as co-trustees, and such other sums, if any, deposited with Landlord and Tenant as co-trustees pursuant to Section 13.1 hereof, shall be insufficient to pay the entire costs of the Restoration, Tenant agrees to pay any deficiency promptly upon demand. Upon completion of the Restoration and payment in full thereof by Tenant, Landlord shall, within a reasonable period of time thereafter, turn over to Tenant all insurance monies or other monies then remaining upon submission of proof reasonably satisfactory to Landlord that the Restoration has been paid for in full and the damaged or destroyed Building and other improvements repaired, restored or rebuilt as nearly as possible to the condition they were in immediately prior to such damage or destruction, or with such changes or alterations as may be made in conformity with Section 13.1 and Article XIX hereof.

Section 13.3 Continuance of Tenant's Obligations.

Except as otherwise expressly provided in Section 13.1 above, no destruction of or damage to the Demised Premises, or any portion thereof, by fire, casualty or otherwise shall permit Tenant to surrender this Lease or shall relieve Tenant from its liability to pay to Landlord the Basic Rent and additional Rent payable under this Lease or from any of its other obligations under this Lease, and Tenant waives any rights now or hereafter conferred upon Tenant by present or future law or otherwise to quit or surrender this Lease or the Demised Premises, or any portion thereof, to Landlord or to any suspension, diminution, abatement or reduction of rent on account of any such damage or destruction.

Section 13.4 Completion of Restoration.

The foregoing provisions of this Article XIII apply only to damage or destruction of the Improvements by fire, casualty or other cause occurring after the Commencement Date. Any such damage or destruction occurring prior to such time shall be restored, repaired, replaced and rebuilt by Landlord and during such period of construction Landlord shall obtain and maintain the builder's risk insurance coverage referred to in Section 2.9 hereof. All monies received by Landlord under its builder's risk insurance coverage shall be applied by Landlord to complete the Restoration of such damage or destruction and, if such insurance proceeds are insufficient, Landlord shall provide all additional funds necessary to complete the Restoration of the Improvements.

ARTICLE XIV
CONDEMNATION

Section 14.1 Condemnation of Entire Demised Premises.

If, during the term of this Lease, the entire Demised Premises shall be taken as the result of the exercise of the power of eminent domain (hereinafter referred to as the " **Proceedings** "), this Lease and all right, title and interest of Tenant hereunder shall cease and come to an end on the date of vesting of title pursuant to such Proceedings.

Section 14.2 Partial Condemnation/Termination of Lease.

If, during the term of this Lease, or any extension or renewal thereof, less than the entire Demised Premises, but such portion thereof such that the business of Tenant conducted in the Demised Premises cannot reasonably be carried on in the remaining portion of the Demised Premises with substantially the same utility and efficiency, shall

be taken in any such Proceedings, this Lease shall, upon vesting of title in the Proceedings, terminate as to the portion of the Demised Premises so taken, and Tenant may, at its option, terminate this Lease as to the remainder of the Demised Premises. Such termination as to the remainder of the Demised Premises shall be effected by notice in writing given not more than sixty (60) days after the date of vesting of title in such Proceedings, and shall specify a date not more than sixty (60) days after the giving of such notice as the date for such termination. Upon the date specified in such notice, the term of this Lease, and all right, title and interest of Tenant hereunder, shall cease and come to an end. In the event that Tenant elects not to terminate this Lease as to the remainder of the Demised Premises, the rights and obligations of Landlord and Tenant shall be governed by the provisions of Section 15.3 hereof.

Section 14.3 Partial Condemnation/Continuation of Lease.

If, during the term of this Lease or any extension or renewal thereof, less than the entire Demised Premises shall be taken in any such Proceedings and the remaining portion of the Demised Premises is sufficient to reasonably permit Tenant to conduct Tenant's business therein with substantially the same utility and efficiency, then this Lease shall continue with respect to the portion of the Demised Premises not so taken. Under said circumstances, the net amount of the award (after deduction of all costs and expenses, including attorneys' fees), shall be held by Landlord and Tenant as co-trustees and applied as hereinafter provided. Tenant, in such case, covenants and agrees, at Tenant's sole cost and expense (subject to reimbursement to the extent hereinafter provided), promptly to restore that portion of the Improvements on the Demised Premises not so taken to a complete architectural and mechanical unit for the use and occupancy of Tenant as in this Lease provided. In the event that the net amount of the award (after deduction of all costs and expenses, including attorneys' fees) that may be received and held by Landlord and Tenant as co-trustees in any such Proceedings for physical damage to the Improvements as a result of such taking is insufficient to pay all costs of such restoration work, Tenant shall deposit with Landlord and Tenant as co-trustees such additional sum as may be required upon the written request of Landlord. Tenant's obligations hereunder shall be limited to restoration of the Initial Improvements in compliance with all applicable laws. The provisions and conditions in Article XIX applicable to changes and alterations shall apply to Tenant's obligations to restore that portion of the Improvements to a complete architectural and mechanical unit. Landlord and Tenant as co-trustees agree in connection with such restoration work to apply so much of the net amount of any award (after deduction of all costs and expenses, including attorneys' fees) that may be received by Landlord and held by Landlord and Tenant as co-trustees in any such Proceedings for physical damage to the Improvements as a result of such taking to the costs of such restoration work thereof and the said net award for physical damage to the Improvements as a result of such taking shall be paid out from time to time to Tenant, or on behalf of Tenant, as such restoration work progresses upon the written request of Tenant, which shall be accompanied by a certificate of the architect or the registered professional engineer in charge of the restoration work stating that (a) the sum requested is justly due to the contractors, subcontractors, materialmen, laborers, engineers, architects or other persons, firms or corporations furnishing or supplying work, labor, services or materials for such restoration work or as is justly required to reimburse Tenant for expenditures made by Tenant in connection with such restoration work, and when added to all sums previously paid out by Landlord and Tenant as co-trustees does not exceed the value of the restoration work performed to the date of such certificate; and (b) the net amount of any such award for physical damage to the Improvements as a result of such taking remaining in the hands of Landlord, together with the sums, if any, deposited by Tenant with Landlord and Tenant as co-trustees pursuant to the provisions hereof, will be sufficient upon the completion of such restoration work to pay for the same in full. Tenant shall also furnish Landlord and Tenant as co-trustees with each certificate hereinabove referred to, together with evidence reasonably satisfactory to Landlord that there are no unpaid bills in respect to any work, labor, services or materials performed, furnished or supplied, or claimed to have been performed, furnished or supplied, in connection with such restoration work, and that no liens have been filed against the Demised Premises, or any portion thereof. Landlord and Tenant as co-trustees shall not be required to pay out any funds when there are unpaid bills for work, labor, services or materials performed, furnished or supplied in connection with such restoration work, or where a lien for work, labor, services or materials performed, furnished or supplied has been placed against the Demised Premises, or any portion thereof. Upon completion of the restoration work and payment in full therefor by Tenant, and upon submission of proof reasonably satisfactory to Landlord that the restoration work has been paid for in full and that the Improvements have been restored or rebuilt to a complete architectural and mechanical unit for the use and occupancy of Tenant as provided in this Lease, Landlord and Tenant as co-trustees shall pay over to Tenant any portion of the cash deposit furnished by Tenant then remaining. From and after the date of delivery of possession to the condemning authority

pursuant to the Proceedings, a just and proportionate part of the Basic Rent, according to the extent and nature of such taking, shall abate for the remainder of the term of this Lease.

Section 14.4 Continuance of Obligations.

In the event of any termination of this Lease, or any part thereof, as a result of any such Proceedings, Tenant shall pay to Landlord all Basic Rent and all Additional Rent and other charges payable hereunder with respect to that portion of the Demised Premises so taken in such Proceedings with respect to which this Lease shall have terminated justly apportioned to the date of such termination. From and after the date of vesting of title in such Proceedings where this Lease continues as to the remaining portion of the Premises, Tenant shall continue to pay the Basic Rent and Additional Rent and other charges payable hereunder, as in this Lease provided, to be paid by Tenant, subject to an abatement of a just and proportionate part of the Basic Rent according to the extent and nature of such taking in the proportion that the floor area of the Building taken bears to the total floor area of the Building.

Section 14.5 Tenant's Participation.

Subject to Section 14.3 and the other provisions of this Section 14.5, Landlord is entitled to receive and keep all damages, awards or payments resulting from or paid on account of any Proceedings, Tenant hereby assigning any interest in such award, damages, consequential damages and compensation to Landlord and Tenant hereby waiving any right Tenant has not or may have under present or future law to receive any separate award of damages for its interest in the Demised Premises, or any portion thereof, or its interest in this Lease. Notwithstanding the foregoing, Tenant shall be entitled to any award for loss of or damage to Tenant's Removable Property, for relocation expenses and for the unamortized value of any alterations or other Improvements (exclusive of the Initial Improvements) to the Demised Premises performed by Tenant at Tenant's expense (such amortization for any alteration or Improvement to be over the period commencing on the date Tenant completes such alteration or Improvement and expiring on the scheduled expiration of the Term without any interest factor); provided, however, that Tenant shall have no right to receive any award for its interest in this Lease or for loss of leasehold or to receive any award that would reduce any award available to Landlord.

ARTICLE XV
ASSIGNMENT, SUBLETTING, ETC.

Section 15.1 Restriction on Transfer.

Except as otherwise expressly permitted under this Article XV, Tenant shall not sublet the Demised Premises, or any portion thereof, nor assign, mortgage, pledge, transfer or otherwise encumber or dispose of this Lease, or any interest therein, or in any manner assign, mortgage, pledge, transfer or otherwise encumber or dispose of its interest or estate in the Demised Premises, or any portion thereof, without obtaining Landlord's prior written consent in each and every instance, which consent, with respect to any assignment or sublease, shall not be unreasonably withheld or delayed (it being understood that with respect to any mortgage, pledge, or other transfer, encumbrance or disposition of this Lease or any interest therein, Landlord may withhold or delay its consent in its sole and absolute discretion), provided the following conditions are complied with:

(a) Any assignment of this Lease shall transfer to the assignee all of Tenant's right, title and interest in this Lease and all of Tenant's estate or interest in the Demised Premises.

(b) At the time of any assignment or subletting, and at the time when Tenant requests Landlord's written consent thereto, this Lease must be in full force and effect, without any breach or default thereunder on the part of Tenant.

(c) Any such assignee shall assume, by written, recordable instrument, in form and content satisfactory to Landlord, the due performance of all of Tenant's obligations under this Lease, including any accrued obligations at the time of the effective date of the assignment, and such assumption agreement shall state that the same is made by the assignee for the express benefit of Landlord as a third party beneficiary thereof. A copy of the assignment and assumption agreement, both in form and content satisfactory to Landlord, fully executed and

acknowledged by assignee, together with a certified copy of a properly executed corporate resolution (if the assignee be a corporation) authorizing the execution and delivery of such assumption agreement, shall be sent to Landlord ten days prior to the effective date of such assignment.

(d) In the case of a subletting, a copy of any sublease fully executed and acknowledged by Tenant and the sublessee shall be mailed to Landlord ten days prior to the effective date of such subletting, which sublease shall be in form and content acceptable to Landlord.

(e) Such assignment or subletting shall be subject to all the provisions, terms, covenants and conditions of this Lease, and Tenant-assignor (and Guarantor) and the assignee or assignees shall continue to be and remain liable under this Lease, as it may be amended from time to time without notice to any assignor of Tenant's interest or to Guarantor.

(f) No such assignment or subletting shall create a default or breach under the Development Agreement, the Employer Agreement or any other agreement providing incentives with respect to the development of the Demised Premises.

(g) Each sublease permitted under this Section 15.1 shall contain provisions to the effect that (i) such sublease is only for actual use and occupancy by the sublessee; (ii) such sublease is subject and subordinate to all of the terms, covenants and conditions of this Lease and to all of the rights of Landlord thereunder; and (iii) in the event this Lease shall terminate before the expiration of such sublease, the sublessee thereunder will, at Landlord's option, attorn to Landlord and waive any rights the sublessee may have to terminate the sublease or to surrender possession thereunder, as a result of the termination of this Lease.

(h) Tenant agrees to pay on behalf of Landlord any and all costs of Landlord, including reasonable attorneys' fees paid or payable to outside counsel, occasioned by such assignment or subletting.

Section 15.2 Permitted Transfers and Occupants.

Notwithstanding anything herein to the contrary, Tenant may assign this Lease or permit occupancy by or sublet all or any portion of the Demised Premises, without Landlord's consent but upon fifteen (15) days advance notice to Landlord, to (i) any entity which controls, is controlled by or is under common control with Tenant or Tenant's parent company, (ii) any entity which merges or consolidates with Tenant or Tenant's parent company or which results from a merger, consolidation or other business reorganization of Tenant or Tenant's parent company, (iii) any entity which purchases all or a substantial part of Tenant or Tenant's parent company's stock, membership interests or assets (each a " **Permitted Transfer** "), provided that (a) such transaction is for a legitimate business purpose and not for the purpose of circumventing the restrictions on assignment and subleasing set forth in this Lease, (b) Tenant delivers to Landlord, at the time of Tenant's notice, current financial statements of Tenant and the proposed transferee that are reasonably acceptable to Landlord, and (c) the transferee assumes and agrees in a writing delivered to and reasonably acceptable to Landlord to perform Tenant's obligations under this Lease and to observe all terms and conditions of this Lease applicable to the portion of the Demised Premises transferred.

Section 15.3 Restriction From Further Assignment.

Notwithstanding anything contained in this Lease to the contrary and notwithstanding any consent by Landlord to any sublease of the Demised Premises, or any portion thereof, or to any assignment of this Lease or of Tenant's interest or estate in the Demised Premises, no sublessee shall assign its sublease nor further sublease the Demised Premises, or any portion thereof, and no assignee shall further assign its interest in this Lease or its interest or estate in the Demised Premises, or any portion thereof, nor sublease the Demised Premises, or any portion thereof, without Landlord's prior written consent in each and every instance which consent shall not be unreasonably withheld or unduly delayed. No assignment or subleasing shall relieve Tenant from any of Tenant's obligations in this Lease contained.

Section 15.4 Landlord's Termination Rights.

Notwithstanding anything contained in this Lease to the contrary, and except with respect to a Permitted Transfer, should Tenant desire to assign this Lease, or its interest or estate in the Demised Premises, or sublet the entire Demised Premises, it shall give written notice of its intention to do so to Landlord sixty (60) days or more before the effective date of such proposed assignment or subletting and Landlord may, at any time with thirty (30) days after the receipt of such notice from Tenant, cancel this Lease by giving Tenant written notice of its intention to do so, in which event such cancellation shall become effective upon the date specified by Landlord, but not less than thirty (30) days nor more than ninety (90) days after its receipt by Tenant, with the same force and effect as if said cancellation date were the date originally set forth as the expiration date of the Initial Term of this Lease, or any extension or renewal thereof. Landlord may enter into a direct lease with the proposed sublessee of assignee or with any other persons as Landlord may desire without obligation or liability to Tenant or its assignees or sublessees or their respective successors, assigns, agents or brokers.

Section 15.5 Tenant's Failure to Comply.

Tenant's failure to comply with all of the foregoing provisions and conditions of this Article XV shall (whether or not Landlord's consent is required under this Article), at Landlord's option, render any purported assignment or subletting null and void and of no force and effect.

Section 15.6 Tenant's Financing.

Tenant shall not mortgage, pledge or otherwise encumber its interest in this Lease or in the Demised Premises except as hereinafter provided. Tenant may, upon written notice to Landlord, mortgage, enter into a deed of trust, or otherwise, encumber, pledge or assign as security its right, title and interest in and to the leasehold estate created under this Lease (a " **Leasehold Mortgage** ") and/or Tenant's Removable Property and other tangible and intangible property of Tenant (an "Encumbrance"). Such notice shall contain the name and address of the lender (hereinafter referred to as a " **Mortgage Lender** " with respect to a Leasehold Mortgage and a "Holder" with respect to a lender with an Encumbrance on Tenant's Removable Property and other tangible and intangible property) to which the leasehold estate created hereby or other property of Tenant has been mortgaged, encumbered, pledged or assigned as security. Landlord agrees to execute such commercially reasonable agreements in confirmation of the foregoing as Tenant's lenders may reasonably request in connection with any such financing, provided such agreement is not inconsistent with the terms of this Lease, does not impose obligations or liabilities upon Landlord beyond those set forth in this Lease, and otherwise contains terms reasonably acceptable to Landlord.

If Tenant shall grant a Leasehold Mortgage pursuant to the provisions hereof, and if the Mortgage Lender shall send to Landlord a true copy thereof, together with written notice specifying the name and address of the Mortgage Lender and any pertinent recording data with respect to such mortgage, Landlord agrees that so long as any such Leasehold Mortgage shall remain unsatisfied, the following provisions shall apply:

(a) Landlord shall, upon serving Tenant with any notice of default, promptly serve a copy of such notice upon the Mortgage Lender. The Mortgage Lender shall thereupon have the same period as is allowed to Tenant to remedy or cause to be remedied the defaults complained of, and Landlord shall accept such performance by or at the instigation of the Mortgage Lender in response to any such notice of default as if the same has been performed by Tenant;

(b) If Landlord shall elect to terminate this Lease by reason of default of Tenant, the Mortgage Lender shall have the right (i) to acquire by foreclosure or otherwise the leasehold estate created under this Lease and, upon such acquisition, automatically assume all of the obligations of Tenant under this Lease, and/or (ii) upon reasonable prior written notice to Landlord of its intent to remove the Collateral (as hereinafter defined) or any portion thereof accompanied by a written statement listing the Collateral then located at the Demised Premises, and subject to Landlord's reasonable rules and regulations for the Building, to enter the Demised Premises and remove all or any portion of the Collateral therefrom upon any default by Tenant under any security agreement granted to Mortgage Lender; provided, however that any removal by Mortgage Lender and restoration of any damage caused by such removal shall be completed within a reasonable period of time (not to exceed thirty (30) days) after Mortgage Lender's receipt of such notice. As a condition of its exercise of its rights under this Section 15.6(b), a Mortgage

Lender must (i) cure or cause to be cured any then-existing monetary defaults and meanwhile pay the rent and all other charges and comply with and perform all of the other terms, conditions and provisions of this Lease on Tenant's part to be complied with and performed, had this Lease not been terminated, (ii) agree to indemnify, defend and hold harmless Landlord from and against all claims, damages and losses suffered or incurred by Landlord under this Lease from and after the date the Mortgage Lender has actual possession of the Demised Premises, and (iii) execute such commercially reasonable agreements in confirmation of the foregoing as Landlord shall reasonably request;

(c) Landlord agrees that in the event of termination of this Lease by reason of any bankruptcy or insolvency proceedings commenced by or against Tenant, Landlord will enter into a new lease of the Demised Premises with a Mortgage Lender with a first priority Leasehold Mortgage for the remainder of the term effective as of the date of such termination, at the Rent and upon the terms, provisions, covenants and agreements as contained herein, provided:

(i) said Mortgage Lender shall make written request upon Landlord for such new lease within thirty (30) days after the date of such termination and such written request shall be accompanied by payment to Landlord of all sums due to Landlord under this Lease;

(ii) said Mortgage Lender shall pay to Landlord at the time of the execution and delivery of such new lease, any and all sums which would at the time of the execution and delivery thereof be due pursuant to this Lease but for such termination, and in addition thereto, any expenses, including reasonable attorney's fees, which Landlord shall have incurred by reason of such default;

(iii) said Mortgage Lender shall perform and observe all covenants herein contained on Tenant's part to be performed and shall further remedy any other condition which Tenant was obligated to perform under the terms of this Lease, provided that such Mortgage Lender shall not be required to cure any defaults of Tenant which are uncurable by a third party (although said Mortgage Lender shall pay to Landlord all damages incurred by Landlord as a result of such uncurable default) and indemnify, defend and hold harmless Landlord from and against all claims, damages and losses suffered or incurred by Landlord as a result of such uncurable default;

(iv) Landlord shall not warrant possession of the Demised Premises to the tenant under the new lease, except that Landlord shall reasonably cooperate with the Mortgage Lender at the Mortgage Lender's expense to lawfully obtain possession of the Demised Premises;

(v) such new lease shall be expressly made subject to the rights, if any, of Tenant under the terminated lease;

(vi) the tenant under such new lease shall have the right, title and interest in and to the Premises as Tenant had under the terminated lease; and

(vii) Landlord shall not be required to construct any new improvement for such leasehold mortgagee or grant any other concession, including, without limitation, granting any free rent period.

(d) Nothing herein contained shall require the Mortgage Lender to cure any default of Tenant under this Lease unless such Mortgage Lender shall choose to do so under subparagraph (a) above or shall choose to extend occupancy of the Demised Premises pursuant to subparagraph (b) above, or shall elect that Landlord enter into a new lease for the Premises pursuant to the provisions of subparagraph (c) above; and

(e) With respect to a Holder with a security interest in Tenant's Removable Property or other property or assets of Tenant at the Demised Premises (the "Collateral"), such Holder shall have the right, upon reasonable prior written notice to Landlord of its intent to remove the Collateral or any portion thereof accompanied by a written statement listing the Collateral then located at the Demised Premises, and subject to Landlord's reasonable rules and regulations for the Building and in accordance with a written agreement between Landlord and said Holder in the form attached hereto as Exhibit "K," to enter the Demised Premises and remove all or any portion of the

Collateral therefrom upon any default by Tenant under any security agreement granted to such Holder; provided, however that any removal by Holder and restoration of any damage caused by such removal shall be completed within a reasonable period of time (not to exceed thirty (30) days) after Holder's receipt of the notice described below. Landlord shall, upon serving Tenant with any notice of default, promptly serve a copy of such notice upon any Holder of which Landlord has been notified of and supplied with such Holder's notice address.

(f) Landlord shall, upon request, execute, acknowledge and deliver to the Mortgage Lender or Holder, an agreement prepared at the sole cost and expense of Tenant, in form reasonably satisfactory to such Mortgage Lender and/or Holder and Landlord, between Landlord, Tenant and the Mortgage Lender and/or Holder, as applicable, agreeing to all of the provisions of this Section 15.6. The term "mortgage," whenever used in this Section 15.6, shall include whatever security instruments are used in the locale of the Demised Premises, such as, without limitation, mortgages, deeds of trust, security deeds and conditional deeds, as well as financing statements, security agreements and other documentation required pursuant to the Uniform Commercial Code, and shall also include any instruments required in connection with a sale-leaseback (or an assignment of lease and sublease) transaction. Landlord agrees to execute an agreement substantially in the form attached hereto as Exhibit "K" with Tenant's current Holder.

ARTICLE XVI
SUBORDINATION, NONDISTURBANCE, NOTICE TO MORTGAGEE AND ATTORNMENT

Section 16.1 Subordination by Tenant.

Landlord represents to Tenant that as of the date of this Lease, there is no Mortgage (as hereinafter defined) granted by Landlord encumbering the Demised Premises. This Lease and all rights of Tenant therein, and all interest or estate of Tenant in the Demised Premises, or any portion thereof, shall be subject and subordinate to the lien of any future mortgage, deed of trust, security instrument or other document of like nature (" **Mortgage** "), which at any time may be placed upon the Demised Premises, or any portion thereof, by Landlord, and to any replacements, renewals, amendments, modifications, extensions or refinancing thereof, and to each and every advance made under any Mortgage, provided that as a condition of any such subordination, Tenant shall have received from the holder of such Mortgage a fully executed subordination, non-disturbance, and attornment agreement substantially in the form attached hereto as Exhibit "I", including a requirement that the holder of such Mortgage expressly agrees that proceeds of insurance and condemnation awards will be made available to perform Tenant's restoration obligations under Articles XIII and XIV. Subject to the foregoing, Tenant agrees at any time hereafter, and from time to time on demand of Landlord, to execute and deliver to Landlord an executed subordination, non-disturbance and attornment agreement in such form attached hereto. The lien of any such Mortgage shall not cover Tenant's Removable Property or other property of Tenant located in or on the Demised Premises.

Section 16.2 Landlord's Default.

In the event of any act or omission of Landlord constituting a default by Landlord, Tenant shall not exercise any remedy until Tenant has given Landlord prior written notice of such act or omission and until a 30-day period of time to allow Landlord or the mortgagee to remedy such act or omission shall have elapsed following the giving of such notice; provided, however, if such act or omission cannot, with due diligence and in good faith, be remedied within such 30-day period, the Landlord and/or mortgagee shall be allowed such further period of time as may be reasonably necessary provided that Landlord or such mortgagee shall have commenced remedying the same with due diligence and in good faith within said 30-day period and Tenant's ability to use and occupy the Demised Premises for the conduct of Tenant's business is not adversely affected. In the event Landlord's act or omission which constitutes a Landlord's default hereunder results in an immediate threat of bodily harm to Tenant's employees, agents or invitees, or damage to Tenant's property Tenant may proceed to cure the default without prior notice to Landlord provided, however, in that event Tenant shall give written notice to Landlord as soon as possible after commencement of such cure. Nothing herein contained shall be construed or interpreted as requiring any mortgagee to remedy such act or omission.

Section 16.3 Attornment.

If any mortgagee shall succeed to the rights of Landlord under this Lease or to ownership of the Demised Premises, whether through possession or foreclosure or the delivery of a deed to the Demised Premises, then, upon the written request of such mortgagee so succeeding to Landlord's rights hereunder, Tenant shall attorn to and recognize such mortgagee as Tenant's landlord under this Lease, and shall promptly execute and deliver any instrument that such mortgagee may reasonably request to evidence such attornment (whether before or after making of the mortgage). In the event of any other transfer of Landlord's interest hereunder, upon the written request of the transferee and Landlord, Tenant shall attorn to and recognize such transferee as Tenant's landlord under this Lease and shall promptly execute and deliver any instrument that such transferee and Landlord may reasonably request to evidence such attornment.

ARTICLE XVII
SIGNS

Section 17.1 Tenant's Signs.

Tenant may erect signs on the exterior or interior of the Building or on the landscaped area adjacent thereto, provided that such sign or signs (a) do not cause any structural damage or other damage to the Building; (b) do not violate applicable governmental laws, ordinances, rules or regulations; and (c) do not violate any existing covenants, conditions or restrictions affecting the Demised Premises.

ARTICLE XVIII
REPORTS BY TENANT

Section 18.1 Annual Statements.

Upon request by Landlord but in no event more than twice per calendar year, and provided Landlord and any party which will have access to such financial statements first executes a confidentiality agreement in form reasonably acceptable to Tenant, Tenant shall deliver to Landlord the financial statements of Tenant and of Guarantor, audited, if available, for the most recent fiscal year for which such statements were prepared.

ARTICLE XIX
CHANGES AND ALTERATIONS

Section 19.1 Tenant's Changes and Alterations.

Tenant shall have the right at any time, and from time to time during the term of this Lease, to make such changes and alterations, structural or otherwise, to the Building, improvements and fixtures hereafter erected on the Demised Premises as Tenant shall deem necessary or desirable in connection with the requirements of its business, which such changes and alterations (other than changes or alterations of Tenant's Removable Property) shall be made in all cases subject to the following conditions, which Tenant covenants to observe and perform:

(a) **Permits.** No change or alteration shall be undertaken until Tenant shall have procured and paid for, so far as the same may be required from time to time, all municipal, state and federal permits and authorizations of the various governmental bodies and departments having jurisdiction thereof, and Landlord agrees to join in the application for such permits or authorizations whenever such action is necessary, all at Tenant's sole cost and expense, provided such applications do not cause Landlord to become liable for any cost, fees or expenses.

(b) **Compliance with Plans and Specifications.** Before commencement of any change, alteration, restoration or construction (hereinafter sometimes referred to as " **Work** ") involving in the aggregate an estimated cost of more than One Hundred Thousand and 00/100 Dollars ($100,000.00) or which in Landlord's reasonable judgment would materially alter the mechanical, structural, electrical, plumbing, or fire/life safety systems of the Improvements, Tenant shall (i) furnish Landlord with detailed plans and specifications of the proposed change or alteration; (ii) obtain Landlord's prior written consent, which consent shall not be unreasonably withheld (but such

consent may be withheld if the change or alteration would, in the reasonable judgment of Landlord unreasonably impair the value or usefulness of the Land or Improvements, or any substantial part thereof to Landlord); (iii) obtain Landlord's prior written approval of a licensed architect or licensed professional engineer selected and paid for by Tenant, who shall supervise any such work (hereinafter referred to as " **Alterations Architect or Engineer** "); (iv) obtain Landlord's prior written approval of detailed plans and specifications prepared and approved in writing by said Alterations Architect or Engineer, and of each amendment and change thereto; and (v) if the cost of such alteration is expected to exceed $250,000 or such alteration affects the structural components or electrical or mechanical systems of the Demised Premises, furnish to Landlord a surety company performance bond issued by a surety company licensed to do business in the state in which the Demised Premises are located or a letter of credit, and in either case reasonably acceptable to Landlord in an amount equal to the estimated cost of such work guaranteeing the completion thereof within a reasonable time thereafter (1) free and clear of all mechanic's liens or other liens, encumbrances, security interests and charges, and (2) in accordance with the plans and specifications approved by Landlord.

(c) **Compliance with Laws.** All Work done in connection with any change or alteration shall be done promptly and in a good and workmanlike manner and in compliance with all building and zoning laws of the place in which the Demised Premises are situated, and with all laws, ordinances, orders, rules, regulations and requirements of all federal, state and municipal governments and appropriate departments, commissions, boards and officers thereof, and in accordance with the orders, rules and regulations of the Board of Fire Underwriters where the Demised Premises are located, or any other body exercising similar functions. The Work shall be prosecuted with reasonable dispatch, delays due to strikes, lockouts, acts of God, inability to obtain labor or materials, governmental restrictions or similar causes beyond the control of Tenant excepted. Tenant shall obtain and maintain, at its sole cost and expense, during the performance of the Work, workers' compensation insurance covering all persons employed in connection with the Work and with respect to which death or injury claims could be asserted against Landlord or Tenant or against the Demised Premises or any interest therein, together with comprehensive general liability insurance for the mutual benefit of Landlord and Tenant with limits of not less than One Million and 00/100 Dollars ($1,000,000.00) in the event of injury to one person, Three Million Dollars ($3,000,000.00) in respect to any one accident or occurrence, and Five Hundred Thousand and 00/100 Dollars ($500,000.00) for property damage, and the fire insurance with "extended coverage" endorsement required by Section 6.1 hereof shall be supplemented with "builder's risk" insurance on a completed value form or other comparable coverage on the Work. All such insurance shall be in a company or companies authorized to do business in the state in which the Demised Premises are located and reasonably satisfactory to Landlord, and all such policies of insurance or certificates of insurance shall be delivered to Landlord endorsed "Premium Paid" by the company or agency issuing the same, or with other evidence of payment of the premium satisfactory to Landlord.

(d) **Property of Landlord.** All improvements and alterations (other than Tenant's Removable Property) made or installed by Tenant shall immediately, upon completion or installation thereof, become the property of Landlord without payment therefor by Landlord, and shall be surrendered to Landlord on the expiration of the term of this Lease; provided, however, Tenant may remove and retain the items that Landlord and Tenant mutually agree, at the time of preparing the Punchlist, may be retained by Tenant and a list of those items shall be attached to each party's copy of this Lease and made a part hereof as Exhibit "J."

(e) **Location of Improvements.** No change, alteration, restoration or new construction shall be in or connect the Improvements with any property, building or other improvement located outside the boundaries of the parcel of land described in Exhibit "A", nor shall the same obstruct or interfere with any existing easement.

(f) **Removal of Improvements.** As a condition to granting approval for any changes or alterations, Landlord may require Tenant to agree that Landlord, by written notice to Tenant, given at or prior to the time of granting such approval, may require Tenant to remove any improvements, additions or installations installed by Tenant in the Demised Premises at Tenant's sole cost and expense, and repair and restore any damage caused by the installation and removal of such improvements, additions, or installations; provided, however, the only improvements, additions or installations which Tenant shall remove shall be those specified in such notice. Tenant shall also remove improvements, additions or installations, installed without Landlord's consent (whether or not Landlord's consent was required), if so required pursuant to a written notice from Landlord prior to the end of the term. Tenant may, at the time Tenant submits a request for Landlord's approval for any alterations, additions or improvements request in a separate written notice delivered to Landlord that Landlord specify whether Tenant will

be required to remove such alterations, additions or improvements at the end of the term and Landlord agrees to notify Tenant within ten (10) business days after receipt of such request if Landlord will require Tenant to remove such alterations, additions or improvements at the end of the term. Notwithstanding anything herein to the contrary, Landlord expressly agrees that Tenant shall not be required to remove any of the Initial Improvements or any replacements or substitutions for the Initial Improvements, any generators or other roof equipment installed by Tenant or any wiring or cabling installed by Tenant.

(g) **Written Notification Required.** Tenant shall notify Landlord in writing 30 days prior to commencing any alterations, additions or improvements to the Demised Premises which have been approved by Landlord so that Landlord shall have the right to record and post notices of non-responsibility on the Demised Premises.

ARTICLE XX
MISCELLANEOUS PROVISIONS

Section 20.1 Entry by Landlord.

Tenant agrees to permit Landlord and authorized representatives of Landlord to enter upon the Demised Premises at all reasonable times during ordinary business hours of Tenant and upon not less than one (1) business day's prior notice (excluding emergencies, when such notice shall not be required) for the purpose of inspecting the same and making any necessary repairs to comply with any laws, ordinances, rules, regulations or requirements of any public body, or the Board of Fire Underwriters, or any similar body, provided that Landlord shall use reasonable efforts to minimize any unreasonable interference with Tenant's business operations and shall be accompanied by a designated representative of Tenant if Tenant shall have made such representative available. Landlord may, during the progress of any work, keep and store upon the Demised Premises all necessary materials, tools and equipment. Landlord shall not in any event be liable for inconvenience, annoyance, disturbance, loss of business or other damage to Tenant by reason of making repairs or the performance of any work in or about the Demised Premises, or on account of bringing material, supplies and equipment into, upon or through the Demised Premises during the course thereof, and the obligations of Tenant under this Lease shall not be thereby affected in any manner whatsoever, provided Landlord shall use reasonable efforts to minimize any unreasonable interference with Tenant's business operations

Section 20.2 Exhibition of Demised Premises.

Landlord is hereby given the right during usual business hours of Tenant and upon not less than two (2) days prior notice to enter upon the Demised Premises and to exhibit the same for the purpose of mortgaging or selling the same and provided that Tenant may require that such persons accessing the Premises be accompanied by a designated representative of Tenant. During the final year of the term, Landlord shall be entitled to display on the Demised Premises, in such manner as to not unreasonably interfere with Tenant's business, a sign indicating that the Demised Premises are for rent or sale and suitably identifying Landlord or its agent. Tenant agrees that such sign may remain unmolested upon the Demised Premises and that Landlord may exhibit said premises to prospective tenants during said period.

Section 20.3 Indemnification by Tenant.

To the fullest extent allowed by law, Tenant shall at all times indemnify, defend and hold harmless Landlord and Landlord's shareholders, employees and managing agent against and from any and all claims, costs, liabilities, actions and damages (including, without limitation, attorneys' fees and costs) by or on behalf of any person or persons, firm or firms, corporation or corporations, arising from the conduct or management, or from any work or things whatsoever done in or about the Demised Premises, and will further indemnify, defend and hold harmless Landlord against and from any and all claims arising during the term of this Lease, or arising from any breach or default on the part of Tenant in the performance of any covenant or agreement on the part of Tenant to be performed, pursuant to the terms of this Lease, or arising from any act or negligence of Tenant, its agents, servants, employees or licensees, or arising from any accident, injury or damage whatsoever caused to any person, firm or corporation occurring during the term of this Lease, in or on the Demised Premises, and from and against all costs, attorneys' fees, expenses and liabilities incurred in or about any such claim or action or proceeding brought thereon; and in case any action or proceeding be brought against Landlord by reason of any such claim, Tenant, upon notice

from Landlord, covenants to defend such action or proceeding by counsel reasonably satisfactory to Landlord. Tenant's obligations under this Section 20.3 shall be insured by contractual liability endorsement on Tenant's policies of insurance required under the provisions of this Lease.

Section 20.4 Notices.

All notices, demands and requests which may be or are required to be given, demanded or requested by either party to the other shall be in writing. All notices, demands and requests shall be sent by United States registered or certified mail, postage prepaid or by an independent overnight courier service, addressed as follows:

or at such other place as Landlord may from time to time designate by written notice to Tenant. All such notices shall be effective three (3) business days after the date of deposit in the United States Mail or on the next Business Day following deposit with a nationally recognized courier service.

Section 20.5 Quiet Enjoyment.

Landlord covenants and agrees that Tenant, upon paying the Basic Rent and Additional Rent, and upon observing and keeping the covenants, agreements and conditions of this Lease on its part to be kept, observed and performed, shall lawfully, peaceably and quietly hold, occupy and enjoy the Demised Premises (subject to the provisions of this Lease) during the term of this Lease without hindrance or molestation by Landlord or by any person or persons claiming under Landlord.

Section 20.6 Landlord's Continuing Obligations.

In the event of the transfer and assignment by Landlord of its interest in this Lease other than for collateral purposes, the transferee shall be deemed to have assumed all of Landlord's obligations under this Lease and Landlord shall thereby be released from any further obligations hereunder, and Tenant agrees to look solely to such successor in interest of Landlord for performance of such obligations. Any security given by Tenant to secure performance of Tenant's obligations hereunder shall be assigned and transferred by Landlord to such successor in interest, and Landlord shall thereby be discharged of any further obligation relating thereto. All obligations of

Landlord hereunder will be construed as covenants and not conditions; and all such obligations will be binding upon Landlord only during the period of its ownership of the Demised Premises and not thereafter. The term " **Landlord** " shall mean only the owner from time to time of the Demised Premises, and in the event of the transfer by such owner of its interest in the Demised Premises, such owner shall thereupon be released and discharged from all covenants and obligations of Landlord hereunder as provided above and the transferee owner shall be deemed to have assumed all of such covenants and obligations as provided above. Notwithstanding the foregoing, Opus Northwest, L.L.C. shall remain liable for all of Landlord's initial design and construction obligations with respect to the Initial Improvements pursuant to the terms of this Lease, including the construction guaranty set forth in Section
2.7, even if Opus Northwest, L.L.C. transfers its interest in the Demised Premises.

Section 20.7 Confidentiality.

In connection with the performance of each party's duties and obligations under this Lease, such party will obtain data, reports, documents, agreements and records provided by the other party that are not available to the general public (collectively, "Confidential Information"). Without limiting the foregoing, " **Confidential Information** " means any information, whether or not reduced to writing, data, and other materials, including, without limitation, any such information heretofore or hereafter developed by either party, but "Confidential Information" of a party shall not mean any information, data or other material that: (a) is or becomes generally available to the public other than as a result of communication or disclosure by the other party; (b) is disclosed to the other party on a non- confidential basis by a third party that is not prohibited from disclosing such information by any contractual, legal or fiduciary obligation; (c) at the time of disclosure was available on a non-confidential basis from a source other than the first party, provided that source is not and was not bound by a confidentiality agreement with the first party; or (d) was known by the other party, without violating any of its obligations under this Section 20.7, prior to receiving the Confidential Information, provided, however, that the financial statements of Tenant and/or Guarantor, as applicable, shall be considered Confidential Information unless Tenant and/or Guarantor, as applicable, is an entity whose financial statements are required by applicable governmental regulations to be disclose by public filings. Each party shall at all times hold in strict confidence the Confidential Information of the other party, safeguard any Confidential information of the other party from falling into the hands of any unauthorized person, and preserve the confidentiality of the Confidential Information of the other party. Confidential Information of a party may be communicated or disclosed only to that limited number of the other party's employees, agents, consultants, brokers, prospective or actual purchasers, partners or lenders, accountants and attorneys and like parties who reasonably need to know such information. In the event that a party is required by applicable law to disclose any of the Confidential Information of the other party, such first party shall notify the other party promptly in writing of such requirement so that the other party, at its own expense, may seek a protective order or other applicable remedy. In the event that no such protective order or other remedy is obtained, or the other party waives compliance with the terms of this Section 20.7, the first party will furnish that portion of the Confidential Information which is legally required. Notwithstanding anything in this Section 20.17 to the contrary, a party may, upon written notice to the other party, disclose the Confidential Information if, in the written opinion of the first party's legal counsel, such disclosure is required by law, or in connection with any dispute between Landlord and Tenant.

Section 20.8 Estoppel.

Landlord and Tenant shall, each without charge at any time and from time to time, within ten (10) days after written request by the other party, certify by written instrument, duly executed, acknowledged and delivered to any mortgagee, assignee of a mortgagee, proposed mortgagee, or to any purchaser or proposed purchaser, or to any other person dealing with Landlord, Tenant or the Demised Premises:

(a) That this Lease (and all guaranties, if any) is unmodified and in full force and effect (or, if there have been modifications, that the same is in full force and effect, as modified, and stating the modifications);

(b) The dates to which the Basic Rent or Additional Rent have been paid in advance;

(c) Whether or not there are then existing any breaches or defaults by such party or the other party known by such party under any of the covenants, conditions, provisions, terms or agreements of this Lease, and specifying such breach or default, if any, or any setoffs or defenses against the enforcement of any covenant, condition, provision, term or agreement of this Lease (or of any guaranties) upon the part of Landlord or Tenant (or

any guarantor), as the case may be, to be performed or complied with (and, if so, specifying the same and the steps being taken to remedy the same); and

(d) Such other statements or certificates as Landlord, Tenant or any mortgagee may reasonably request.

It is the intention of the parties hereto that any statement delivered pursuant to this Section 20.7 may be relied upon by any of such parties dealing with Landlord, Tenant or the Demised Premises. If Tenant does not deliver such statement to Landlord within such 10-day period, Landlord, and any prospective purchaser or encumbrancer of the Demised Premises or the Building, may conclusively presume and rely upon the following facts: (i) that the terms and provisions of this Lease have not been changed except as otherwise represented by Landlord; (ii) that this Lease has not been cancelled or terminated and is in full force and effect, except as otherwise represented by Landlord; (iii) that the current amounts of the Basic Rent are as represented by Landlord; (iv) that there have been no subleases or assignments of the Lease; (v) that not more than one month's Basic Rent or other charges have been paid in advance; and (vi) that Landlord is not in default under the Lease. In such event, Tenant shall be estopped from denying the truth of such facts. Without limiting the generality of the foregoing, (1) in connection with the financing of the Demised Premises, Tenant agrees to execute and deliver an estoppel certificate in substantially the form of Exhibit "E" attached hereto and made a part hereof; and (2) in connection with any sale of the Demised Premises, Tenant agrees to execute and deliver an estoppel certificate in substantially the form of Exhibit "F" attached hereto and made a part hereof.

Section 20.9 Authority.

Each of Landlord and Tenant hereby represents and warrants that this Lease has been duly authorized, executed and delivered by and on its behalf and constitutes such party's valid and binding agreement in accordance with the terms hereof (subject to applicable bankruptcy, insolvency, reorganization, arrangement, moratorium, fraudulent transfer and conveyance, and similar laws affecting creditors' rights generally and to general principles of equity).

Section 20.10 Severability.

If any covenant, condition, provision, term or agreement of this Lease shall, to any extent, be held invalid or unenforceable, the remaining covenants, conditions, provisions, terms and agreements of this Lease shall not be affected thereby, but each covenant, condition, provision, term or agreement of this Lease shall be valid and in force to the fullest extent permitted by law.

Section 20.11 Successors and Assigns.

The covenants and agreements herein contained shall bind and inure to the benefit of Landlord and its successors and assigns and Tenant and its permitted successors and assigns.

Section 20.12 Captions.

The caption of each article of this Lease is for convenience and reference only, and in no way defines, limits or describes the scope or intent of such article or of this Lease.

Section 20.13 Relationship of Parties.

This Lease does not create the relationship of principal and agent, or of partnership, joint venture, or of any association or relationship between Landlord and Tenant, the sole relationship between Landlord and Tenant being that of landlord and tenant.

Section 20.14 Entire Agreement.

All preliminary and contemporaneous negotiations are merged into and incorporated in this Lease. This Lease, together with the Exhibits attached hereto, contains the entire agreement between the parties and shall not be modified or amended in any manner except by an instrument in writing executed by the parties hereto.

Section 20.15 No Merger.

There shall be no merger of this Lease or the leasehold estate created by this Lease with any other estate or interest in the Demised Premises by reason of the fact that the same person, firm, corporation or other entity may acquire, hold or own directly or indirectly, (a) this Lease or the leasehold interest created by this Lease or any interest therein, and (b) any such other estate or interest in the Demised Premises, or any portion thereof. No such merger shall occur unless and until all persons, firms, corporations or other entities having an interest (including a security interest) in (1) this Lease or the leasehold estate created thereby, and (2) any such other estate or interest in the Demised Premises, or any portion thereof, shall join in a written instrument expressly effecting such merger and shall duly record the same.

Section 20.16 Possession and Use.

Tenant acknowledges that the Demised Premises are the property of Landlord and that Tenant has only the right to possession and use thereof upon the covenants, conditions, provisions, terms and agreements set forth in this Lease.

Section 20.17 No Surrender During Lease Term.

No surrender to Landlord of this Lease or of the Demised Premises, or any portion thereof, or any interest therein, prior to the expiration of the term of this Lease shall be valid or effective unless agreed to and accepted in writing by Landlord and consented to in writing by all contract vendors and mortgagees, and no act or omission by Landlord or any representative or agent of Landlord, other than such a written acceptance by Landlord consented to by all contract vendors and the mortgagees, as aforesaid, shall constitute an acceptance of any such surrender.

Section 20.18 Surrender of Demised Premises.

At the expiration of the term of this Lease, Tenant shall surrender the Demised Premises in the same condition as the same were in upon the Commencement Date of the term of this Lease, reasonable wear and tear, damage or loss due to casualty or condemnation, and repairs for which Landlord is obligated to perform under this Lease excepted, and shall surrender all keys to the Demised Premises to Landlord at the place then fixed for the payment of Basic Rent and shall inform Landlord of all combinations on locks, safes and vaults, if any. Tenant shall at such time remove all of its property therefrom, including, without limitation, Tenant's Removable Property, and all alterations and improvements placed thereon by Tenant if so required by Landlord. Tenant shall repair any damage to the Demised Premises caused by such removal, and any and all such property not so removed shall, at Landlord's option, become the exclusive property of Landlord or be disposed of by Landlord, at Tenant's cost and expense, without further notice to or demand upon Tenant. If the Demised Premises be not surrendered as above set forth, Tenant shall indemnify, defend and hold harmless Landlord against loss or liability resulting from the delay by Tenant in so surrendering the Demised Premises, including, without limitation any claim made by any succeeding occupant founded on such delay. Tenant's obligation to observe or perform this covenant shall survive the expiration or other termination of this Lease.

All property of Tenant not removed within thirty (30) days after the last day of the term of this Lease shall be deemed abandoned. Subject to the terms of any written agreement between Landlord and a Mortgage Lender, Tenant hereby appoints Landlord its agent to remove all property of Tenant from the Demised Premises upon termination of this Lease and to cause its transportation and storage for Tenant's benefit, all at the sole cost and risk of Tenant and Landlord shall not be liable for damage, theft, misappropriation or loss thereof and Landlord shall not be liable in any manner in respect thereto. Tenant shall pay all costs and expenses of such removal, transportation and storage. Tenant shall reimburse Landlord upon demand for any expenses incurred by Landlord with respect to

removal or storage of abandoned property and with respect to restoring said Demised Premises to good order, condition and repair.

Section 20.19 Holding Over.

In the event Tenant remains in possession of the Demised Premises after expiration of this Lease, and without the execution of a new lease, it shall be deemed to be occupying the Demised Premises as a tenant from month to month, subject to all the provisions, conditions and obligations of this Lease insofar as the same can be applicable to a month-to-month tenancy, except that the Basic Rent shall be escalated to one hundred fifty percent (150%) of the then current Basic Rent for the Demised Premises.

Section 20.20 Landlord Approvals.

Any approval by Landlord or Landlord's architects and/or engineers of any of Tenant's drawings, plans and specifications which are prepared in connection with any construction of improvements respecting the Demised Premises shall not in any way be construed or operate to bind Landlord or to constitute a representation or warranty of Landlord as to the adequacy or sufficiency of such drawings, plans and specifications, or the improvements to which they relate, for any reason, purpose or condition, but such approval shall merely be the consent of Landlord, as may be required hereunder, in connection with Tenant's construction of improvements relating to the Demised Premises in accordance with such drawings, plans and specifications.

Section 20.21 Survival.

All obligations (together with interest or money obligations at the Maximum Rate of Interest) accruing prior to expiration of the term of this Lease shall survive the expiration or other termination of this Lease.

Section 20.22 Attorneys' Fees.

If either party shall bring suit against the other to enforce the terms of this Lease, the losing party shall pay to the substantially prevailing party that percentage of the substantially prevailing party's costs and expenses, including reasonable attorneys' fees, equal to the percentage that the value of the judgment or award received by the substantially prevailing party bears to the total value of the judgment or award claimed by such party.

Section 20.23 Limited Liability.

Tenant agrees to look solely to Landlord's interest in the Demised Premises for recovery of any judgment from Landlord, it being agreed that Landlord (and if Landlord is a partnership, its partners, whether general or limited, if Landlord is a limited liability company, its members or managers, and if Landlord is a corporation, its directors, officers or shareholders) shall never be personally liable for any personal judgment or deficiency decree or judgment against it. Likewise, Tenant's and Guarantor's members, managers, directors, officers or shareholders shall never be personally liable for any personal judgment or deficiency decree or judgment against Tenant. In no event shall either party be liable to the other for any loss of business or any other indirect or consequential damages suffered by such party from whatever cause, except to the extent claimed by a third party.

Section 20.24 Broker.

Tenant represents that it has dealt directly with and only with CB Richard Ellis, Inc. (the " **Broker** ") in connection with this Lease and that no other broker has negotiated or participated in negotiations of this Lease or is entitled to any commission in connection therewith. Tenant shall indemnify and hold harmless Landlord from and against any and all commissions, fees and expenses and all claims therefor by any broker, salesman or other party in connection with or arising out of Tenant's action in entering into this Lease, except for the commissions of the Broker, which commissions Landlord shall be obligated to pay pursuant to a separate written agreement. Landlord represents that it has dealt directly with and only with the Broker in connection with this Lease and that no other broker has negotiated or participated in negotiations of this Lease or is entitled to any commission in connection therewith. Landlord shall indemnify and hold harmless Tenant from and against any and all commissions, fees and expenses

and all claims therefor by any broker, salesman or other party in connection with or arising out of Landlord's action in entering into this Lease.

Section 20.25 Governing Law.

This Lease shall be governed by the laws of the state in which the Demised Premises are located. All covenants, conditions and agreements of Tenant arising hereunder shall be performable in the County. Any suit arising from or relating to this Lease shall be brought in the county wherein the Demised Premises are located, and the parties hereto waive the right to be sued elsewhere.

Section 20.26 Joint and Several Liability.

All parties signing this Lease as Tenant shall be jointly and severally liable for all obligations of Tenant.

Section 20.27 Time is of the Essence.

Time is of the essence with respect to the performance of every provision of this Lease in which time of performance is a factor.

Section 20.28 Acquisition Contingency.

Tenant acknowledges that this Lease is contingent on Landlord acquiring the fee simple title to substantially all the land depicted on Exhibit "A," which land is necessary to construct the Demised Premises. Furthermore, Landlord agrees that it shall not acquire such land prior to receiving a written notice from Tenant that Tenant has elected to proceed with this Lease (" **Tenant's Notice to Proceed** "). If Tenant has not delivered Tenant's Notice to Proceed or Landlord has not acquired such land on or before November 15, 2007 (the " **Acquisition Contingency Date** "), which date shall not be subject to force majeure, then either Landlord or Tenant may terminate this Lease by providing written notice of such termination to the other party at any time prior to Tenant's delivery of Tenant's Notice to Proceed and Landlord's acquisition of such land, and upon such termination, neither Landlord nor Tenant shall have any rights or obligations hereunder.

Section 20.29 Memorandum of Lease.

Concurrently with execution and delivery of this Lease, the parties hereto agree to execute and deliver to each other a Memorandum of Lease, in the form attached hereto as Exhibit "L", setting forth the date of this Lease, the parties to this Lease, the term of this Lease, the legal description of the Demised Premises, and such other matters reasonably requested by Landlord or Tenant to be stated therein.

EXHIBIT "D"

Total Project Costs

The term " **Total Project Costs** " shall mean all costs and expenses paid or incurred (or committed to being paid or incurred) by Landlord attributable to the acquisition, design, development, and construction of the Demised Premises, including, without limitation:

1. All out-of-pocket costs and expenses paid or incurred by Landlord associated with Landlord's acquisition of the Land including, without limitation, the purchase price, title insurance premiums, real property transfer taxes, brokers' commissions, closing and escrow costs and expenses, and attorneys' fees and expenses related to the transaction contemplated by this Lease, including out-of-pocket fees and expenses incurred in drafting and negotiating development agreements, construction contracts, architectural contracts, this Lease and any documents pertaining thereto;

2. The total cost of work of the Initial Improvements, as more particularly described on Exhibit "D-1" attached hereto (the " **Cost of Work** "), including, without limitation, a general contractor's fee of 6% of the Cost of Work, provided, however, no amounts in excess of the fixed price or guaranteed maximum price, as applicable, for subcontracts entered into by Landlord or Contractor for the Initial Improvements shall be included in the Cost of the Work or Total Project Costs except to the extent such excess costs are the result of or arise from (i) a Tenant Change Order, (ii) refinements in the Final Plans and Specifications in furtherance of, or consistent with, the intended scope of the work, (iii) unknown, concealed or different field conditions encountered by the applicable contractor, or (iv) a change in the scope of the work reasonably authorized by Contractor and Landlord in order to conform the Initial Improvements to the Final Plans and Specifications;

3. All out-of pocket costs and expenses paid or incurred by Landlord for site inspections, as-built plans and surveys, traffic studies, soil testing, site plans and engineering or environmental assessments of the Demised Premises;

4. Any and all hard and soft costs and expenses paid or incurred by Landlord with respect to off-site or infrastructure improvements or contributions to public improvements, facilities or operations located on or in any way connected with Landlord's development of the Demised Premises including any impact or like development fee, utility connection or use charge, park or dedication fee or other charge;

5. All reasonable, out-of pocket costs paid or incurred by Landlord for legal fees and commissions in connection with the transactions contemplated by this Lease, including, without limitation, acquisition of the Land, securing entitlements such as, without limitation, the Development Agreement, and financing of the Initial Improvements;

6. All financing costs (including, without limitation, interest and fees) for Land and construction loans related to the Demised Premises;

7. The amount of all expenses paid or incurred by Landlord attributable to Landlord's ownership, operation, construction and management of the Demised Premises (including but not limited to real estate taxes and special assessments, insurance premiums (equitably allocated in the case of blanket policies), utility service, operating and maintenance costs in connection with the Demised Premises);

All out-of-pocket costs and expenses paid or incurred by Landlord in connection with the engineering, design, permitting or construction of the Initial Improvements including, without limitation: a development fee of two and one-quarter percent (2.25%)of the sum of Items 1-7 above; a design fee (" **Design Fee** ") of two and one-half percent (2-1/2%) of the sum of Items 1-7 above; and a construction management fee of two percent (2%) of the Cost of Work.

Tenant acknowledges that the Design Fee does not include the following work:

(i) Design work normally done by design-build subcontractors (e.g., the mechanical and electrical systems final design and working drawings shall be provided by those respective subcontractors, and the cost of this design shall be included in their respective contract amounts);

(ii) Work for furnishings, interior signage, tenant improvements or interior design or finish selections for the office area; or

(iii) Reimbursables.

Notwithstanding anything to the contrary, the Total Project Costs shall not include:

(a) Costs resulting from the gross negligence, willful misconduct or breach of this Lease by Landlord or its design and/or construction professionals;

(b) Costs of correcting defective or nonconforming work, disposal and replacement of materials and equipment incorrectly ordered or supplied, and correcting damage to property not forming part of the work;

(c) Costs paid to contractors or subcontractors in excess of the fixed price or guaranteed maximum price contract entered into by such contractor or subcontractor, as applicable, and Landlord except to the extent such excess costs are the result of or arise from (i) a Tenant Change Order, (ii) refinements in the Final Plans and Specifications in furtherance of, or consistent with, the intended scope of the work, (iii) unknown, concealed or different field conditions encountered by the applicable contractor, or (iv) a change in the scope of the work reasonably authorized by Contractor and Landlord in order to conform the Initial Improvements to the Final Plans and Specifications and not the result of any negligence on the part of the subcontractor;

(d) Lost deposits not caused by a Tenant Change Order;

(e) Overhead and general expenses of Landlord, other than as set forth in Item 1 of Exhibit "D-1";

(f) Costs of bonding over or securing a lien or defending a claim filed by direct or lower tier contractors or subcontractors arising from nonpayment, but only if and to the extent any such contractor or subcontractor obtains a final, unappealable judgment with respect to such lien or claim in favor of such contractor or subcontractor;

THIS GUARANTY OF LEASE (" **Guaranty** ") is dated as of November 13, 2007 and is made and entered into by LCSI Holding, Inc., a Delaware corporation (" **Guarantor** ") to be effective as of the Effective Date set forth in the Lease.

RECITALS

A. This Guaranty is being executed and delivered by Guarantor as an essential inducement to that certain Net Lease Agreement (Build-to-Suit) dated as of November 13, 2007, (the " **Lease** "), between Opus Northwest, L.L.C., a Delaware limited liability company as Landlord, and TPI Iowa, LLC, a Delaware limited liability company as Tenant, covering the Premises described in the Lease.

B. Unless otherwise defined in this Guaranty, all capitalized terms used in the Guaranty have the same definitions as are set forth in the Lease.

AGREEMENT

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Guarantor agrees, covenants, represents and warrants as set forth below.

1. Guaranty. Guarantor hereby unconditionally guarantees the timely payment and performance of all rent, charges, and obligations of Tenant under the Lease and all other documents evidencing or securing the obligations under the Lease, including, without limitation, Tenant's obligations to pay all Basic Rent and Additional Rent and to perform all maintenance and indemnity obligations under the Lease (collectively, the " **Guaranteed Obligations** "). This Guaranty is an absolute guaranty of payment and performance and not of collection. This Guaranty will survive the termination of the Lease and will continue in full force and effect with respect to any of Tenant's obligations under the Lease which are not fully performed upon the termination of the Lease.

2. Rights of Landlord. Guarantor authorizes Landlord to, at any time and from time to time, in Landlord's discretion, (a) release Tenant or any other person from its liability for all or any part of the Guaranteed Obligations; (b) participate in any settlement offered by Tenant or any guarantor, whether in liquidation, reorganization, receivership, bankruptcy or otherwise; (c) release, substitute or add any one or more guarantors or endorsers; (d) assign this Guaranty and/or the Guarantied Obligations in whole or in part; or (e) modify, extend and/or amend the Guarantied Obligations. Landlord may take any of the foregoing actions upon any terms and conditions as Landlord may elect, without giving notice to Guarantor or obtaining the consent of Guarantor and without affecting the liability of Guarantor to Landlord.

3. Independent Obligations. Guarantor's obligations under this Guaranty are independent of those of Tenant or of any other guarantor. Landlord may bring a separate action against Guarantor without proceeding (either before, after or concurrently) against Tenant or any other guarantor or person or any security held by Landlord and without pursuing any other remedy. Landlord's rights under this Guaranty shall not be exhausted by any action of Landlord until all of the Guarantied Obligations have been fully performed.

4. Waiver of Defenses. Guarantor waives all of the following, whether created or imposed by or under statute, common law, or otherwise:

4.1 Any right to require Landlord to proceed against Tenant or any other person or any security now or hereafter held by Landlord or to pursue any other remedy whatsoever.

4.2 Any defense based upon any legal disability of Tenant or any guarantor, or any discharge or limitation of the liability of Tenant or any guarantor to Landlord, or any restraint or stay applicable to actions against Tenant or any other guarantor, whether such disability, discharge, limitation, restraint or stay is consensual, or by order of a court or other governmental authority, or arising by operation of law or

any liquidation, reorganization, receivership, bankruptcy, insolvency or debtor-relief proceeding, or from any other cause.

4.3 All setoffs, counterclaims, presentment, demand, protest or notice of any kind, except for any notice which may be expressly required by the provisions of this Guaranty.

4.4 Any defense based upon the modification, renewal, extension or other alteration of the Guarantied Obligations, or of the documents executed in connection therewith.

4.5 Any defense based upon the negligence of Landlord, including, without limitation, the failure to file a claim in any bankruptcy of the Tenant or any guarantor.

4.6 Any defense based upon Landlord's delay in enforcing this Guaranty.

4.7 All rights of subrogation, reimbursement, indemnity, all rights to enforce any remedy that Landlord may have against Tenant, and all rights to participate in any security held by Landlord for the Guarantied Obligations until the Guarantied Obligations have been paid and performed in full.

4.8 Any defense based upon or arising out of any defense that the Tenant or any other person may have to the performance of any part of the Guarantied Obligations other than Landlord's breach or resulting from a termination of the Lease permitted under the Lease (other than a termination by Landlord following a default by Tenant).

4.9 Any defense based upon the death, incapacity, lack of authority or termination of existence or revocation hereof by any person or entity or persons or entities, or the substitution of any party hereto.

4.10 Any defense based upon or related to Guarantor's lack of knowledge as to Tenant's financial condition.

4.11 Any and all rights to revoke this Guaranty in whole or in part.

4.12 Any defense based upon any action taken or omitted by Landlord in any bankruptcy or other insolvency proceeding involving Tenant, including any election to have Landlord's claim allowed as secured, partially secured or unsecured, any action taken by the Landlord in connection with a motion to assume, assign or reject the Lease, any extension of credit by the Landlord to the Tenant in any such proceeding, and the taking and holding by the Landlord of any security for any such extension of credit.

4.13 All rights and defenses arising out of an election of remedies by Landlord, even though that election of remedies impairs or destroys Guarantor's right of subrogation and/or reimbursement against Tenant.

5. Bankruptcy. Until all of the Guarantied Obligations have been paid and performed in full or in the event the Lease is terminated in accordance with the terms of the Lease (other than a termination by Landlord following a default by Tenant), Guarantor shall not, without the prior written consent of Landlord, commence, or join with any other person in commencing, any bankruptcy, reorganization, or insolvency proceeding against Tenant. The obligations of Guarantor under this Guaranty shall not be altered, limited, or affected by any proceeding, voluntary or involuntary, involving the bankruptcy, insolvency, receivership, reorganization, liquidation, or arrangement of Tenant, or by any defense Tenant may have by reason of any order, decree, or decision of any court or administrative body resulting from any such proceeding. No limitation upon or stay of the enforcement of any obligation of Tenant by virtue of any such proceeding shall limit or stay Landlord's enforcement of Guarantor's payment or performance of such obligation under this Guaranty. In furtherance of the foregoing, Guarantor agrees that if acceleration of the time for payment of any amount payable by Tenant under the Lease or in respect of the other Guarantied Obligations is stayed for any reason, all such amounts which would be subject to

acceleration shall nonetheless be deemed to be accelerated for purposes of this Guaranty and the full amount thereof shall be payable by Guarantor hereunder forthwith upon demand.

6. Costs and Expenses. Guarantor agrees to pay, upon Landlord's demand, Landlord's reasonable out-of-pocket costs and expenses, including but not limited to attorneys' fees, costs and disbursements, incurred in any effort to collect or enforce any of the Guarantied Obligations or this Guaranty, regardless whether any lawsuit is filed, and in the representation of Landlord in any insolvency, bankruptcy, reorganization or similar proceeding relating to Tenant or Guarantor. Until paid to Landlord, such sums will bear interest from the date such costs and expenses are incurred at the rate set forth in the Lease for past due obligations. The obligations of the Guarantor under this Section shall include payment of all such costs and expenses incurred by Landlord in enforcing any judgments.

7. Reinstatement. The liability of Guarantor hereunder shall be reinstated and revived, and the rights of Landlord will continue, with respect to any amount at any time paid on account of the Guarantied Obligations which Landlord is thereafter required to restore or return or which is avoided in connection with the bankruptcy, insolvency or reorganization of Tenant or otherwise, all as though such amount had not been paid. The determination as to whether any such payment or performance must be restored or returned will be made by the bankruptcy court having jurisdiction over Tenant. Further, upon demand from Landlord, Guarantor will restore or return such payment or performance directly on Landlord's behalf in furtherance of Guarantor's obligations hereunder. Landlord shall return or deliver this Guaranty to Guarantor upon the payment of the Guarantied Obligations. If this Guaranty is returned to Guarantor or is otherwise released, then the provisions of this Guaranty shall survive such return or release if the liability of Guarantor is reinstated or revived in connection with this Section 7 notwithstanding such return or release until the Guarantied Obligations are satisfied in full without any requirement of Landlord to restore or return any portion thereof that has been received by Landlord.

8. Subordination. Any indebtedness of Tenant to Guarantor now or hereafter existing shall be, and such indebtedness hereby is, deferred, postponed and subordinated to payment and performance of the Guarantied Obligations. Any payment made to Guarantor by Tenant or any third party with respect to the indebtedness subordinated hereunder at any time when an Event of Default exists under the Lease or while any Guarantied Obligations are otherwise then payable or performable shall be held in trust by Guarantor for the benefit of Landlord and shall be turned over to Landlord immediately upon receipt thereof for application by Landlord against the Guarantied Obligations. Any lien, charge or claim which Guarantor now has or hereafter may have on or to any real or personal property of Tenant (including without limitation any real property subject of the Lease, the personal property located thereon, any rights therein and related thereto, and the revenue and/or income realized therefrom) and any security for any loans, advances or other indebtedness of Tenant to Guarantor, shall be, and hereby is, subordinated to the payment and performance of the Guarantied Obligations.

9. Representations and Warranties. Guarantor makes the following representations and warranties, which, unless otherwise expressly specified herein, are deemed to be continuing representations and warranties until payment and performance in full of the Guarantied Obligations.

9.1 Guarantor has all the requisite power and authority to execute, deliver and be legally bound by this Guaranty on the terms and conditions herein stated.

9.2 Guarantor has all the requisite power and authority to transact any other business with Landlord as necessary to fulfill the terms of this Guaranty.

9.3 This Guaranty constitutes the legal, valid and binding obligations of Guarantor enforceable against Guarantor in accordance with its terms.

9.4 Neither the execution and delivery of this Guaranty nor the consummation of the transaction contemplated hereby will, with or without notice and/or lapse of time, (a) constitute a breach of any of the terms and provisions of any note, contract, document, agreement or undertaking, whether written or oral, to which Guarantor is a party or to which Guarantor's property is subject; (b) accelerate or constitute any event entitling the holder of any indebtedness of Guarantor to accelerate the maturity of any

such indebtedness; or (c) conflict with or result in a breach of any writ, order, injunction or decree against Guarantor of any court or governmental agency or instrumentality.

9.5 No consent of any other person not heretofore obtained and no consent, approval or authorization of any person or entity is required in connection with the valid execution, delivery or performance by Guarantor of this Guaranty.

9.6 Guarantor will receive a material benefit from the leasing of the Premises to Tenant and the consideration received by Guarantor for this Guaranty is sufficient in all respects.

9.7 Neither this Guaranty nor any other statement furnished by Guarantor to Landlord in connection with the transactions contemplated hereby (including, without limitation, any financial statements or other business information) contains any untrue statement of material fact or omits to state a material fact necessary in order to make the statements contained herein or therein true and not misleading.

Furthermore, Guarantor represents and warrants that, as of the date of this Guaranty and not as a continuing representation or warranty, and to Guarantor's actual knowledge without investigation, neither the execution and delivery of this Guaranty nor the consummation of the transaction contemplated hereby will conflict with or be prohibited by any federal, state, local or other governmental law, statute, rule or regulation applicable to Guarantor. For purposes hereof, the phrase "to Guarantors actual knowledge" shall mean the actual knowledge of Wayne Monie and Kevin Woodward.

10. Joint and Several Liability. The obligations, waivers, promises, representations and warranties set forth herein are the joint and several undertakings of each Guarantor executing this Guaranty as a Guarantor and of any other guarantors or other persons or entities obligated from time to time with respect to the Guarantied Obligations. Landlord may proceed hereunder against any one or more of said Guarantors without waiving its rights to proceed against any of the others.

11. Inducement; No Assignment. Guarantor acknowledges that the undertakings given in this Guaranty are given in consideration of Landlord's entering into the Lease and that Landlord would not enter into the Lease but for the execution and delivery of this Guaranty. Guarantor's obligations hereunder are personal to Guarantor and Guarantor may not assign or delegate any of its obligations under this Guaranty without Landlord's prior written consent, which consent may be withheld in Landlord's sole and absolute discretion.

12. Guarantor Information. Upon request by Landlord but in no event more than twice per calendar year, and provided Landlord and any party which will have access to such financial statements first executes a confidentiality agreement in form reasonably acceptable to Guarantor, Guarantor shall deliver to Landlord the financial statements of Guarantor, as reasonably requested by Landlord, audited if available, for the most recent fiscal year for which Guarantor has such statements prepared.

13. Tenant's Financial Condition. Guarantor is relying upon its own knowledge and has made such investigation as Guarantor has deemed necessary with respect to Tenant's financial condition. Guarantor assumes full responsibility for keeping fully informed of the financial condition of Tenant and all other circumstances affecting Tenant's ability to pay and perform its obligations under the Lease, and agrees that Landlord will have no duty to report to Guarantor any information which Landlord receives about Tenant's financial condition or any circumstances bearing on Tenant's ability to perform. Guarantor agrees that Landlord has made no representations or assurances regarding Tenant's financial condition or Tenant's ability to pay and perform Tenant's obligations under the Lease.

14. Default. The occurrence of any one or more of the following events shall, at the election of Landlord, be deemed an event of default under this Guaranty: (a) Guarantor fails to pay any monetary Guarantied Obligation that has accrued and is past due within five days after written demand from Landlord; (b) Guarantor fails to perform any non-monetary Guarantied Obligation that has accrued within 15 days after written demand therefor from Landlord (or, if Guarantor is not able through the use of commercially reasonable efforts to perform such Guarantied Obligation within a 15 day period, if Guarantor does not commence to perform such obligation within such 15 day period and diligently pursue such performance to completion within an additional 60 days after the

expiration of the initial 15 day period); (c) Guarantor fails or neglects to perform, keep or observe any other term, provision, agreement or covenant contained in this Guaranty; (d) the commencement of any liquidation, reorganization, receivership, bankruptcy, assignment for the benefit of creditors or other similar proceeding by or against Guarantor; (e) if any representation or warranty made in this Guaranty shall be or become false in any material respect; or (f) the dissolution or termination of the Guarantor. Upon the occurrence of an event of default under this Guaranty, Landlord may, in its sole discretion, in addition to any other right or remedy provided by law or at equity, all of which are cumulative and non-exclusive, proceed to suit against the Guarantor.

15. Transfer by Landlord. Landlord may sell, assign, or otherwise transfer its interest in the Premises, the Lease or this Guaranty at any time. If Landlord transfers (other than for collateral security purposes) the ownership of Landlord's interest in the Lease, this Guaranty shall, unless Landlord elects otherwise in writing, automatically apply in favor of the transferee with respect to all Guarantied Obligations arising or accruing from and after the date of the transfer. In addition, this Guaranty shall remain in full force and effect in favor of the transferor with respect to all Guarantied Obligations arising or accruing under the Lease prior to the date of the transfer including, without limitation, all Guarantied Obligations relating to Tenant's indemnity and insurance obligations (and similar obligations) under the Lease with respect to matters arising or accruing during the transferor's period of ownership.

16. Severability. If any one or more of the covenants, provisions or terms of this Guaranty is, in any respect, held to be invalid, illegal or unenforceable for any reason, the remaining portion thereof and all other covenants, conditions, provisions, and terms of this Guaranty will not be affected by such holding, but will remain valid and in force to the fullest extent permitted by law.

17. Notices. All notices, demands and other communications with, to, from or upon the Guarantor and the Landlord required or permitted hereunder shall be in writing, addressed to the parties at their respective addresses as follows: (a) with respect to Landlord, to the notice addresses for Landlord under the Lease; and (b) with respect to Guarantor, unless a separate notice address is specified on the signature page of this Guaranty, to Guarantor in care of Tenant at the notice address for Tenant under the Lease; or (c) as to either, at such other address as shall be designated in a written notice to the other complying with the terms of this Section. All such communications shall be deemed effective upon the earliest of (i) actual delivery if delivered by personal delivery with a receipt for delivery; (ii) four (4) business days following deposit, first class postage prepaid, with the United States mail; (iii) if sent by certified postage prepaid mail, upon the earliest to occur of (A) four (4) business days following deposit thereof in the United States mail, or (B) receipt (or refusal to accept delivery); or (iv) on the next Business Day after deposit with an overnight air courier with request for next business day delivery.

18. Estoppel. At any time that Tenant is required to furnish a certificate pursuant to the Lease, Guarantor, by guarantying the terms and conditions of the Lease, agrees that Guarantor, upon twenty (20) days prior written request to Tenant or Guarantor, shall certify (by written instrument, duly executed, acknowledged and delivered to Landlord and to any third person designated by Landlord in such request) that Guarantor concurs with the statements set forth in said certificate by Tenant and that this Guarantee remains in full force and effect. Failure to deliver such certificate to Landlord (and any such designated third party) within such twenty (20) day period shall constitute automatic approval of the requested certificate as though such certificate had been fully executed and delivered by Guarantor to Landlord and such designated third party.

19. Miscellaneous. No provision of this Guaranty or Landlord's rights hereunder may be waived or modified nor can Guarantor be released from its obligations hereunder except by a writing executed by Landlord. No such waiver shall be applicable except in the specific instance for which given. No delay or failure by Landlord to exercise any right or remedy against Tenant or Guarantor will be construed as a waiver of that right or remedy. All remedies of Landlord against Tenant and Guarantor are cumulative. This Guaranty shall be governed by and construed under the laws of the State in which the Premises is located. The provisions of this Guaranty will bind and benefit the heirs, executors, administrators, legal representatives, successors and assigns of Guarantor and Landlord. The term " **Tenant** " will mean not only the Tenant named herein but also any other person or entity at any time occupying all or any portion of the Premises or assuming or otherwise becoming liable (other than as a guarantor) for all or any part of the Guarantied Obligations. This Guaranty constitutes the entire agreement between Guarantor and Landlord with respect to its subject matter, and supersedes all prior or contemporaneous agreements,

representations and understandings. All headings in this Guaranty are for convenience only and shall be disregarded in construing the substantive provisions of this Guaranty.

IN WITNESS WHEREOF, this Guaranty has been duly executed on behalf of Guarantor and delivered to Landlord as of the date set forth above, to be effective as of the Effective Date set forth in the Lease.

Recitals:

A. Lessor and Lessee have entered into that certain Net Lease Agreement dated as of , 2007 (the " **Lease** "), concerning certain premises (the " **Premises** "), to be constructed on that certain real property in Newton, Iowa, which is legally described on the attached Exhibit A (the " **Land** ").

B. As security for a loan from Lender to Lessor in the original principal amount of (the " **Loan** "), Lessor is mortgaging the Land to Lender under a [Combination Mortgage, Security Agreement and Fixture Financing Statement dated , 200], recorded in the office of the County Recorder of Jasper County, Iowa, as document number (as now or hereafter increased, amended, modified, supplemented, consolidated, replaced, substituted, extended and/or renewed, the " **Mortgage** ").

C. Lender has required the execution of this Agreement as a condition to making any disbursements of Loan proceeds to finance the costs of the improvements to the Premises and Lessee has required the execution of this Agreement as a condition to subordinating Lessee's Lease to the Mortgage.

D. Lender, Lessor and Lessee have agreed to the following with respect to their mutual rights and obligations pursuant to and under the Lease and the Mortgage.

NOW, THEREFORE, the parties hereby agree as follows:

1. **Subordination** . Subject to the terms of this Agreement, including without limitation Section 2 of this Agreement, all of Lessee's right, title and interest in and to the Premises, the Lease and all rights of Lessee under the Lease are and shall remain unconditionally subject and subordinate to the Mortgage in all respects.

2. **Non-Disturbance** . Provided that the Lease is then in full force and effect and Lessee is not then in default under the Lease beyond any applicable grace or cure periods provided in the Lease, Lessee's rights under the Lease, including the right to use and occupy the Premises shall not be disturbed for any reason, except as provided in the Lease, and the Lease shall not be extinguished or terminated by an action or proceeding to foreclose or otherwise enforce the Mortgage or by a conveyance in lieu of foreclosure, but rather, the Lease shall continue in full force and effect and the owner of the Premises following a foreclosure sale or conveyance in lieu of foreclosure (" **New Owner** ") shall recognize and accept Lessee as the tenant under the Lease.

3. **Attornment** . Upon Lessee's receipt of notice that Lender or any other party has become the New Owner and subject to the terms of Section 2 above of this Agreement, Lessee will attorn to and recognize such New Owner as its substitute lessor under the Lease. Lessee's attornment to and recognition of New Owner pursuant to this Agreement will be effective and self-operative immediately upon Lessee's receipt of such notice without the execution or delivery of any further instrument. Upon New Owner's or Lessee's request, Lessee and New Owner will execute and deliver an instrument acknowledging the validity of the Lease and New Owner's obligations as the Landlord thereunder and Lessee's attornment to and recognition of New Owner.

4. **New Owner** . New Owner will be bound, as the lessor, to Lessee under all covenants and conditions of the Lease for the remainder of the term of the Lease and any renewal or extension thereof pursuant to the terms of the Lease, which (provided the Lease is then in full force and effect and Lessee is not then in default under the Lease beyond any applicable grace or cure periods provided in the Lease) New Owner shall be deemed to have agreed to assume and perform by acquiring title to and possession of the Land, and Lessee shall, from and after

the date New Owner succeeds to the interest of the "landlord" under the Lease, have the same remedies against New Owner for the breach of any covenant contained in the Lease that Lessee might have had under the Lease against Lessor if New Owner had not succeeded to the interest of the "landlord", except that New Owner:

a. will not be bound by any amendment, supplement or other modification of the Lease which was not consented to in writing by Lender;

b. will not be liable for any act, omission, or breach by any lessor under the Lease which occurs prior to the date (" **Acquisition Date** ") New Owner acquires title to and possession of the Land, nor subject to any right of set-off or defense which Lessee may have against any prior lessor, provided that New Owner will be: (1) subject to any right of set-off from rent which the Lease expressly affords to Lessee, to the extent Lessee has, in accordance with the notice provisions of the Lease and this Agreement, timely delivered written notice to Lender of the default giving rise to such right of set-off and has afforded the time period specified in the Lease for Lessor to cure such default; and (2) obligated to cure any continuing default under the Lease to the extent such default remains uncured after the Acquisition Date, provided that the term "continuing default" shall not include any failure by a prior Lessor to pay any money owed to Lessee with respect to any period prior to the Acquisition Date (except as provided in subsection (1) of this paragraph); provided, further, that Lessee has, in accordance with the notice provisions of the Lease and this_ Agreement, timely delivered written notice to Lender of said default and has afforded the time period specified in the Lease for Lessor to cure such default prior to the Acquisition Date;

c. will not be personally liable in any respect under the Lease.

5. **Miscellaneous** .

a. **Notices** . All notices under this Agreement must be in writing and must be sent by personal delivery, by United States registered or certified mail (postage prepaid), by facsimile (with a copy sent the same day by one of the other prescribed methods of delivery) or by an independent overnight courier service, addressed to the addresses specified below or at such other place as a party may designate to the other parties by written notice given in accordance with this section. Notices given by mail are deemed effective three business days after the party sending the notice deposits the notice with the United States Post Office. Notices given by facsimile are deemed effective on the day transmitted. Notices delivered by courier are deemed effective on the next business day after the day the party delivering the notice timely deposits the notice with the courier for overnight (next day) delivery.

b. **Notice of Default** . Lessee will provide to Lender each notice of default by Lessor, as and when it provides such notice to Lessor, and Lender will have the right, but not the obligation, to cure any such default within the time provided in the Lease to Lessor to cure such default. Lessee agrees not to exercise any of its remedies in connection with any default notice to Lessor until the expiration of the cure period provided to Lessor under the Lease, and Lessee agrees to accept any cure from Lender as if made by Lessor. Notwithstanding the foregoing, unless Lender otherwise agrees in writing to assume any obligations of Lessor under the Lease or Lender becomes the New Owner, Lessor shall remain solely liable to perform Lessor's obligations under the Lease, both before and after Lender's exercise of any cure right under this Agreement.

Until Lessee receives such request from Lender, Lessee will pay all of said rent to Lessor in accordance with the provisions of the Lease. Upon Lessee's receipt of such request, Lessee will not be required to determine whether Lessor is in default under the Loan or the Mortgage. Lessor acknowledges that Lessee's payment to Lender of rent due under the Lease in accordance with Lender's directions, without inquiry on the part of Lessee, shall constitute payment as required by the Lease for all purposes notwithstanding any countervailing instruction from Lessor at the time of Lender's request.

f. **No Modification or Termination** . Lessor will not cancel or terminate the Lease or amend, modify, supplement, or in any manner alter any of its terms without the prior written consent of Lender, except pursuant to its terms.

g. **Successors and Assigns** . This Agreement will be binding upon and will inure to the benefit of the parties hereto and their respective heirs, executors, administrators, personal representatives, successors and assigns, including any New Owner.

h. **Governing Law** . This Agreement and the Lease will be governed by and construed and interpreted in accordance with the internal laws of the State of Iowa.

i. **Counterparts** . This Agreement may be signed in counterparts and each counterpart shall be effective as an original when counterparts have been signed by all parties.

k. **Lessee's Fixtures** . Neither the Mortgage nor any other security interest executed in connection with the Mortgage shall cover or be construed as subjecting in any manner to the lien of the Mortgage, any trade fixtures, signs or other personal property at any time furnished or installed by or for Lessee or its subtenants or licensees on the Premises regardless of the manner or mode of attachment, including any of Tenant's Removable Property (as such term is defined in the Lease).

Landlord Consent

Landlord Consent

Dated as of , 20

Reference is hereby made to the Lease dated , (as amended, the "Lease"), by and between , as landlord (the "Landlord"), and , as tenant (the "Tenant"), regarding the real estate leased by Tenant and located at (the "Premises")

The Tenant has informed the Landlord that the Tenant has requested Sovereign Bank (the "Lender") to extend certain loans to the Tenant (the "Loan") and that if the Lender makes the Loan to the Tenant, it will do so in material reliance on the representations and undertakings set forth in this Consent. The Landlord understands that the Loan will be secured by, among other things, all of the Tenant's tangible and intangible personal property (collectively, the "Collateral"), now owned or hereafter acquired. The Collateral shall not include, without limitation, any security deposit required of Tenant under the Lease and any property owned by Landlord as described in the Lease, including, without limitation, fixtures or equipment which constitutes a part of the Premises such as heating, ventilation, air- conditioning, plumbing, mechanical, electrical, or other equipment that is so affixed or related to the Premises that it constitutes real property.

The Landlord hereby certifies and confirms to and agrees with the Lender as follows:

1. The Landlord hereby consents to the Tenant's grant to the Lender of a security interest in the Collateral and subordinates to the Lender any and all liens and all rights which the Landlord now has or may hereafter acquire in the Collateral, whether by contract or otherwise, and agrees that the Collateral is and shall remain personal property of the Tenant at all times while the Loan remains outstanding.

2. Subject to the rights of Tenant, the Landlord, at all times during the time period set forth in the following sentence, consents to the entry by Lender and its agents and representatives onto the Premises to inspect, remove or dispose of the Collateral, including for purposes of conducting a sale of the Collateral on the Premises. In the event the Lease shall be terminated, as a result of the Tenant's default or otherwise, Landlord shall, either before or after such termination, give the Lender notice of such termination, and the Lender or its representatives shall have the right to enter onto the Premises for the purposes provided in the first sentence of this paragraph 2 for a period not exceeding thirty (30) days after such notice, provided that prior to entry for any purpose, including any sale, the Lender and its agents and representatives provide liability insurance coverages, naming the Landlord as an additional insured, consistent with limits and types to the liability insurance required of Tenant under the Lease, and provided that for the period that the Lender occupies the Premises, the Lender shall pay rent at the per diem rate based on the monthly rent set forth in the Lease and shall otherwise be bound by the terms of the Lease. The Lender hereby agrees that in the event that any of the Collateral remains in the Premises after the expiration of the 30-day period for Lender to enter the Premises as aforesaid, then, at the Landlord's option, the Collateral may thereafter be removed and retained or disposed of by the Landlord without regard to Lender's security interest and without being liable therefor.

3. If Lender elects to enter the Premises subject to and in accordance with the conditions and limitations set forth herein, it shall promptly remove all Collateral from the Premises, and in no event shall Lender be permitted to operate the business of Tenant at the Premises. Further, Lender agrees to (i)

assume rent liability when Lender enters the Premises to protect or remove the Collateral, which liability shall be a sum equal to the daily per diem of the monthly rental figure (including additional charges) stipulated in the Lease, plus the per diem cost to heat and secure the Premises; (ii) observe Landlord's reasonable rules and regulations for the Premises and exercise diligent efforts to avoid any breach of the peace in exercising any of Lender's rights hereunder; (iii) repair any damage to the Premises which occurs in connection with the exercise of any of Lender's rights hereunder; and (iv) defend, indemnify and hold harmless Landlord and its agents from and against all losses, costs, damages, liabilities, claims, disputes and expenses, (including, without limitation, attorneys' fees and costs), suffered or incurred by Landlord arising from Lender's exercise of any of its rights hereunder, including, without limitation, a sale of the Collateral. Landlord shall have the right, but not the obligation, to have its representatives observe Lender's entry into the Premises, removal of any Collateral therefrom and the repair of damage, but in any case Lender's actions shall be taken at the sole risk of Lender.

4. Tenant consents to the foregoing.

5. The Landlord has not so assigned, transferred or hypothecated its interest under the Lease such that Landlord does not have the full right, power and authority to execute and deliver this Consent.

6. This Consent shall be governed and controlled by and interpreted under the laws of the State of Iowa and shall inure to the benefit of and be binding upon the successors and assigns of the Landlord, the Tenant and the Lender. The parties waive any right to trial by jury in any action or proceedings based on or pertaining to this Consent.

7. Whenever, by the terms of this Consent, notices are to be given to any party, such notices shall be in writing and shall be sent by registered or certified mail, postage pre-paid, return receipt requested, or by a recognized overnight delivery service such as Federal Express, to the parties at their addresses listed on the signature page hereto. All notices shall be deemed given three (3) business days following deposit in the United States mail with respect to certified or registered letters, one (1) business day following deposit if delivered to an overnight courier guaranteeing next day delivery and on the same day if sent by personal delivery or telecopy (with proof of transmission). Attorneys for each party shall be authorized to give notices for each such party. Any party may change its address for the service of notice by giving written notice of such change to the other party, in any manner above specified.

8. Nothing contained herein shall modify, amend or release any of the obligations of the Tenant under the Lease, and the Tenant shall remain fully and completely liable and obligated with respect thereto.

9. Lender shall pay all costs and expenses, including reasonable attorneys' fees, incurred by Landlord as a result of any violation by Lender of any of the provisions of this Consent.

10. This Consent may be executed in any number of counterparts, each of which shall constitute an original for all purposes.

[*Signature Page Follows*]

IN WITNESS WHEREOF, the parties hereto have caused this Consent to be executed, under seal, by their duly authorized representatives as of the date first above written.
